This Ordinance is enacted by the City Council of _____, Texas, pursuant to Sec. 773.051 of the Texas Health and Safety Code, which provides that municipalities may establish standards for ambulances, and to Sec. 791.001 of the Texas Government Code which provides that combinations of local governmental units may contract for the provision of governmental services.

SEC. 2 GENERAL PURPOSES AND INTENT OF ORDINANCE.

It is the purpose of this Ordinance:

A. To establish a regulated ambulance service system which can provide state-of-the-art clinical quality of care, with reasonable, reliable response time standards, and with the goal of furnishing the best possible chance of survival, without disability or preventable complication, to each ambulance patient.

B. To establish a sole-provider ambulance system, because it is unreasonable to have unnecessarily high rates and/or public subsidy to make needed improvements to ambulance service in the Service Area, when a more efficiently designed system can achieve the same results at a lower cost. The most efficient design to achieve the goals of high-quality service, at the lowest cost, consistent with the quality of care required, is the implementation of the system described herein.

C. To provide more effective system performance through the provision of services by a competitively selected qualified private operator, rather than direct governmental operation of ambulance services.

D. To provide more effective medical control by establishing a multi-jurisdictional Emergency Physicians Advisory Board (EPAB) and by empowering that Board to oversee and regulate all clinical aspects of the emergency medical system which affect patient care.

SEC. 3 DEFINITIONS.

For purposes of this chapter, the following words and phrases shall have the meanings respectively ascribed to them by this section:

A. Advanced Life Support Ambulance. Any vehicle which is equipped to provide treatment of life-threatening emergencies through the use of advanced airway management, intravenous therapy, and other advanced pre-hospital care procedures, and which is equipped to transport sick or injured persons to or from health care facilities.

B. **Aeromedical Transportation Unit**. Any rotary or fixed wing aircraft providing basic or advanced life support services and patient transportation that originates within the Service Area.

C. **Ambulance Service**. The transportation of patients (as defined herein) by ambulance.

D. **Approved Rate Schedule**. Those fees for ambulance services rendered which have been established for the Jurisdiction by the Ambulance Authority from the Uniform Schedules of Price/Subsidy Options.

E. **Area Metropolitan Ambulance Authority ("Ambulance Authority")**. That public administrative agency established to oversee the operation of the ambulance system established by this Ordinance.

F. **Base Station Physician**. A physician licensed to practice medicine in the State of Texas, knowledgeable in the pre-hospital emergency medical protocols, EMS radio procedure and the general operating policies of the ambulance system, and a person from whom ambulance personnel may take medical direction by radio or other remote communications device.

G. **Contractor**. That person selected by the Ambulance Authority, pursuant to the Request for Proposal process, which is awarded the right to provide all ambulance services in this Jurisdiction, except those specifically exempted by Section 6F of this Ordinance.

H. **Emergency Medical Technician (EMT)**. A person certified as an "emergency medical technician" as defined by Sec. 773.047, Texas Health and Safety Code.

I. **EMS Communications Center**. The single facility designated by the Ambulance Authority as the central communications center from which all ambulances operating in the Service Area shall be dispatched and controlled.

J. **Emergency Physicians Advisory Board ("EPAB")**. The medical board created by this Ordinance and empowered to promulgate the various standards, rules and regulations related to clinical aspects of ambulance service and first responder and other services within the Service Area, and to perform medical audits and otherwise monitor system performance.

K. **First Responder**. Any person, fire department vehicle, police vehicle, or other vehicle not normally used for purposes of patient transport, but which vehicle and onboard personnel are capable of providing first responder services in medical emergencies.

L. **Medical Audit**. An official inquiry into the circumstances involving an ambulance run or request for ambulance service, conducted by the Medical Director or a licensed physician designated by the Medical Director

M. **Medical Control**. Direction given ambulance personnel by a base station physician through direct voice contact, with or without vital sign telemetry, as required by applicable medical protocols promulgated by the EPAB, and by Sec. 773.003(18), Texas Health and Safety Code.

N. **Medical Director**. The licensed physician appointed by the EPAB serving as administrative officer in carrying out the duties and powers of the EPAB.

O. **Medical Protocol**. Any diagnosis-specific or problem-oriented written statement of standard procedure, or algorithm, promulgated by the EPAB as the normal standard of pre-hospital care for a given clinical condition.

P. **Mutual Aid Agreement**. A written agreement between the Ambulance Authority and one or more entities whereby the signing parties agree to provide backup ambulance service to one another under conditions and pursuant to terms specified in the agreement as approved by the Ambulance Authority.

Q. **Paramedic**. A person qualified as a certified or licensed "paramedic" as defined by Sections 773.049 and 773.0495, Texas Health and Safety Code.

R. **Patient**. An individual who is ill, sick, injured, wounded, or otherwise incapacitated and is in need of or is at risk of needing medical care during transport to or from a health care facility.

S. **Person**. Any individual, firm, association, partnership, corporation, governmental entity, or other group or combination acting as a unit.

T. **Response Time**. The actual elapsed time between receipt of notification at the EMS Communication Center that an ambulance is needed at a location within the Service Area and the actual arrival of an ambulance at that location.

U. **Restated Interlocal Cooperative Agreement ("Agreement")**. That contract adopted by this jurisdiction concurrently with the passage of this Ordinance, which contract is entered into by this Jurisdiction pursuant to Chapter. 791 of the Texas Government Code more commonly known as the "Interlocal Cooperation Act."

V. **Senior Paramedic in Charge**. That person among the certified personnel assigned to an ambulance, not the driver, who is a certified paramedic designated as the individual in command of the ambulance.

W. **Service Area**. That geographical area which is contained within the boundaries of all the jurisdictions which adopt this Uniform EMS Ordinance, and which adopt and execute the Restated Interlocal Cooperation Agreement implementing the Ordinance, thereby becoming members of the Ambulance Authority.

X. **Special Event**. Any public event located within the Service Area, for which standby ambulance service is arranged in advance, and for which an ambulance (or ambulances) are hired by the sponsor of the event or other interested party.

Y. **Specialized Mobile Intensive Care Unit**. A vehicle which is specially constructed, equipped, staffed, and employed in the interfacility transport of patients whose requirements for en route medical support are likely to exceed the clinical capabilities of an advanced life support ambulance.

SEC. 4 EMERGENCY PHYSICIANS ADVISORY BOARD (EPAB).

There is hereby created an Emergency Physicians Advisory Board which shall oversee and regulate on behalf of this city all medical aspects of the ambulance system which affect patient care.

A. The EPAB shall consist of a board whose membership shall be composed of licensed physicians as follows:

(1) The medical director, or his designee, of each hospital emergency department which is located within the Service Area and which maintains an emergency medical services department staffed twenty four (24) hours per day, seven (7) days per week by in-house physicians; all EPAB members shall be currently or formerly licensed physicians.

(2) Five (5) additional licensed physicians with currently or formerly active specialties or sub-specialties of benefit in developing standards for emergency pre-hospital care, and who are appointed by and serve at the pleasure of the Tarrant County Medical Society.

(3) The EPAB may, at its option, elect from among its members an Executive Board consisting of not less than seven nor more than nine physicians, which Executive Board shall exercise such powers and duties of EPAB as are set forth in written by-laws approved by a two-thirds majority vote of the entire EPAB membership.

B. The EPAB shall appoint a Medical Director who shall be responsible for the day-today affairs of the EPAB in carrying out its duties under this Ordinance. The Medical Director shall be a licensed physician who is board-certified in emergency medicine. The Medical Director shall serve at the pleasure of EPAB.

C. The EPAB shall have the following powers and duties:

(1) To recommend to the Ambulance Authority medically appropriate response time standards for this Jurisdiction;

(2) To establish standards for patient care, including standards for ambulance and first responder vehicles and on-board equipment;

(3) To develop medical protocols for ambulance and first responder services and periodically revise same;

(4) To develop Communication Center protocols and periodically revise same;

(5) To conduct medical audits and develop standards and procedures for the conduct of such audits;

(6) To develop and periodically revise and administer both written and practical tests for the certification and licensing of emergency medical services personnel, including ambulance personnel, first responders, and EMS Communication Center personnel;

(7) To develop and periodically revise and administer educational material, programs and/or tests to insure that base station physicians are knowledgeable concerning the local ambulance system, its medical protocols, radio procedures, and transport protocols, and to certify qualified physicians as base station physicians;

(8) To conduct inspections of vehicles, equipment and supplies on both an announced and unannounced basis;

(9) To monitor response time performance, in this regard, the Ambulance Authority shall furnish such statistical information regarding response time performance as may be requested by EPAB;

(10) To develop standards and procedures for the resolution of disputes regarding the application of exemptions from late run penalties assessed against the ambulance service contractor for failure to meet response time standards;

(11) To periodically conduct intensive reviews of the system's performance relative to specific clinical types and to revise medical protocols and such other standards of the system as may be appropriate in light of the findings;

(12) To conduct medical audits of individual cases as requested by the Ambulance Authority, by any elected official of a member jurisdiction, by any licensed physician regarding a patient of such physician, or by any paramedic involved in the case which is the subject of the audit request;

(13) To annually present a written and oral report to the Ambulance Authority concerning the state of clinical performance of the ambulance system; each member jurisdiction shall be informed of the time and place of such oral report at least 30 days in advance of that meeting and shall be invited to send representatives, and shall be furnished a copy of the written report;

(14) To establish such committees as may be necessary to aid in the performance of its powers and duties;

(15) To approve standards governing the operation of specialized mobile intensive care units, including standards limiting the types of patients which may be transported thereby, and to issue, suspend, revoke, and renew permits for the operation of such units as required by this Ordinance; all such permits when issued by EPAB shall be valid for a period of two (2) years and then shall be subject to provisions governing renewal as established by EPAB;

(16) To approve standards governing the operation of Aeromedical Transportation Unit, including standards defining the circumstances under which such units may be deployed to emergency scenes, and to issue, suspend, revoke, and renew permits for the operation of such units as required by this Ordinance; all such permits when issued by EPAB shall be valid for a period of two (2) years and then shall be subject to provisions governing renewal as established by EPAB;

(17) To approve standards governing the operation of wheelchair transport services for patients, stretcher van transport service for patients and other types of patient transportation services, including standards limiting the types of patients which may be transported thereby, and to issue, suspend, revoke, and renew permits for the delivery of such services as required by this Ordinance; all such permits when issued by EPAB shall be valid for a period of two (2) years and then shall be subject to provisions governing renewal as established by EPAB; and,

(18) To issue, suspend, revoke, and renew permits for the delivery of first responder services.

53

D. For each patient transported by ambulance by the Ambulance Authority or its contractor, and for each patient transported by any other provider issued permits pursuant to this Ordinance, the transporting provider shall pay to EPAB a fee of five dollars and 10 cents ($5.10), which sum shall be used to defray the costs of medical regulation of the EMS system. Such payments shall be made monthly by the fifteenth (15th) day of each month for services rendered during the previous calendar month. Such funds shall be maintained in a separate account administered by the Ambulance Authority on EPAB's behalf, and shall be expended solely for the purposes set forth in this Sec. 4 as approved by EPAB or its Executive Board. This per-transport fee may be periodically increased at the discretion of EPAB, but not more often than annually, and no single increase may exceed five percent (5%).

E. This Jurisdiction shall indemnify and hold harmless EPAB, its members, its Medical Director, and EPAB staff members from liability for actual damage, including costs and attorney's fees, arising from any claim, lawsuit, or judgment resulting from an act or omission of said EPAB member, the Medical Director, or EPAB staff member while acting in the scope and course of his office, provided that such liability arises out of or in connection with the provision of ambulance services or first responder services originating within the corporate limits of this Jurisdiction.

SEC. 5 AREA METROPOLITAN AMBULANCE AUTHORITY.

By adopting this Ordinance, and concurrently therewith executing and approving the Restated Interlocal Cooperative Agreement, this jurisdiction has joined the Area Metropolitan Ambulance Authority, which is herein called the "Ambulance Authority," and in regard to that Ambulance Authority the following shall apply:

A. The Ambulance Authority is hereby designated as the sole provider of all ambulance services within this Jurisdiction, pursuant to the terms, conditions and provisions of the Restated Interlocal Cooperative Agreement, except for those services exempted by Sec. 6(K) herein.

B. The Ambulance Authority shall comply with all terms of the Restated Interlocal Cooperative Agreement, and have all of the duties, powers and responsibilities enumerated therein.

C. The Ambulance Authority is required to provide this Jurisdiction with advanced life support ambulance service. Such service shall comply with all applicable state laws and rules, as well as all rules, regulations, standards and response times as the Ambulance Authority or EPAB may from time to time promulgate.

SEC. 6 VIOLATIONS.

It shall be unlawful:

A. To perform duties as an emergency ambulance vehicle operator, attendant (EMT or paramedic), or EMS dispatcher without a current certification issued by EPAB;

B. To permit a person to work as an ambulance operator or attendant or EMS dispatcher without a current license issued by the EPAB;

C. To use, or cause to be used any ambulance service other than that of the contractor authorized to operate in this Jurisdiction by virtue of its contract with the Ambulance Authority, except those services described in Paragraph K of this Section 6.

D. To provide ambulance service within this jurisdiction (other than the contractor which contracts with the Ambulance Authority).

E. To provide wheelchair transport services for patients, stretcher van transport services for patients or other patient transport services in this jurisdiction in violation of EPAB regulations governing the delivery of such services or without a permit issued by EPAB pursuant to Sec. 4(C)(17) herein.

F. To provide aeromedical transportation unit services in this jurisdiction in violation of EPAB regulations governing the delivery of such services or without a permit issued by EPAB pursuant to Sec. 4(C)(16) herein.

G. To provide specialized mobile intensive care unit services in this jurisdiction in violation of EPAB regulations governing the delivery of such services or without a permit issued by EPAB pursuant to Sec. 4(C)(15) herein.

H. To provide first responder services without a permit issued by EPAB pursuant to Sec. 4(C)(18) herein.

I. To use an ambulance for the transportation of persons other than patients.

J. To knowingly give false information to induce the dispatch of an ambulance or Aeromedical Transportation Unit.

K. It shall be a defense to any alleged violation of this Section 6 that the vehicle is being used solely in any of the following manners:

(1) A privately owned vehicle not ordinarily used in the business of transporting persons who are sick, injured, wounded, incapacitated or helpless.

(2) A vehicle rendering such service as an ambulance in the event of a major catastrophe or extreme system overload when such condition is declared by the Medical Director, the Executive Director of the Ambulance Authority, or by an authorized representative of the Ambulance Authority's contracted ambulance service provider, and such assistance has been requested by the Communication Center.

(3) Any ambulance owned or operated by the federal or state government

(4) Any transport to a location within the Service Area, which transport originated from a point outside the Service Area.

(5) Mutual aid calls when rendered pursuant to a mutual aid agreement approved by the Ambulance Authority

(6) Special events coverage, so long as such service is provided without any charge by an emergency medical services volunteer provider, as defined in Chpt. 773.003(13), Texas Civil Statues

(7) Wheelchair transport services for persons other than patients.

(8) Aeromedical transports where such transports originate outside the Service Area.

SEC. 7 PENALTIES.

The following provisions for application of penalties for violation of this Ordinance shall apply:

A. Any person convicted of violating the provisions of this Ordinance shall be fined no more than five hundred dollars ($500.00). This does not serve to limit any other remedies available to this Jurisdiction in law or equity.

B. Each violation of this ordinance that is committed shall constitute a separate offense.

SEC. 8 TRAFFIC LAWS; EXEMPTION.

When the ambulance vehicle operator of an ambulance has reasonable grounds to believe that an emergency exists, as determined by the EMS Communication Center, the ambulance vehicle operator of the ambulance may:

A. Park or stand, irrespective of the otherwise applicable provisions of law, ordinance or regulations,

B. Proceed past a red or stop signal or stop sign, but only after slowing down as may be necessary for safe operation,

C. Exceed the maximum speed limits permitted by law, ordinance or regulation, provided, however, that life and property are not endangered thereby,

D. Disregard laws, ordinances and regulations governing directions or movements or turning in specified directions

E. Provided, however, that any exemption herein granted shall apply only when such ambulance is operating with siren and emergency lights in operation, and when such audible and visual signals meet the requirements of law, ordinance or regulation, and provided further, that the foregoing provisions shall not operate to relieve the ambulance vehicle operator of any ambulance from the duty to drive with due regard for the safety of all persons, nor shall such provisions protect the ambulance vehicle operator from the consequences of his reckless disregard for the safety of others.

Note: Only this portion of SB-8 is included in CC members' 07/20/15 mtg. packet since it's the only portion of the bill that is relevant to "exclusivity"

(5) the status of any coordination efforts of the department and the Texas Medical Board related to those sections.

(c) Subchapter C, Chapter 773, Health and Safety Code, is amended by adding Section 773.0573 to read as follows:

Sec. 773.0573. LETTER OF APPROVAL FROM LOCAL GOVERNMENTAL ENTITY. (a) An emergency medical services provider applicant must obtain a letter of approval from:

(1) the governing body of the municipality in which the applicant is located and is applying to provide emergency medical services; or

(2) if the applicant is not located in a municipality, the commissioners court of the county in which the applicant is located and is applying to provide emergency medical services.

(b) A governing body of a municipality or a commissioners court of a county may issue a letter of approval to an emergency medical services provider applicant who is applying to provide emergency medical services in the municipality or county only if the governing body or commissioners court determines that:

(1) the addition of another licensed emergency medical services provider will not interfere with or adversely affect the provision of emergency medical services by the licensed emergency medical services providers operating in the municipality or county;

(2) the addition of another licensed emergency medical services provider will remedy an existing provider shortage that cannot be resolved through the use of the licensed emergency medical services providers operating in the municipality or county; and

(3) the addition of another licensed emergency medical services provider will not cause an oversupply of licensed emergency medical services providers in the municipality or county.

(c) An emergency medical services provider is prohibited from expanding operations to or stationing any emergency medical services vehicles in a municipality or county other than the municipality or county from which the provider obtained the letter of approval under this section until after the second anniversary of the date the provider's initial license was issued, unless the expansion or stationing occurs in connection with:

(1) a contract awarded by another municipality or county for the provision of emergency medical services;

(2) an emergency response made in connection with an existing mutual aid agreement; or

(3) an activation of a statewide emergency or disaster response by the department.

(d) This section does not apply to:

(1) renewal of an emergency medical services provider license; or

(2) a municipality, county, emergency services district, hospital, or emergency medical services volunteer provider organization in this state that applies for an emergency medical services provider license.

(d) Subchapter C, Chapter 773, Health and Safety Code, is amended by adding Section 773.06141 to read as follows:

Sec. 773.06141. SUSPENSION, REVOCATION, OR DENIAL OF EMERGENCY MEDICAL SERVICES PROVIDER LICENSE. (a) The

CONTRACT FOR AMBULANCE SERVICES BETWEEN THE COUNTY OF ROCKWALL EMERGENCY SERVICES CORPORATION AND MEDIC RESCUE, INCORPORATED

This Agreement for Ambulance Services (this "Agreement") is entered into October 1, 2007 by and between the County of Rockwall Emergency Services Corporation ("Rockwall ESC" or "Corporation") and Medic Rescue, Incorporated, d/b/a Rockwall County EMS ("Medic Rescue"/ "Contractor").

WITNESSETH:

WHEREAS, Rockwall ESC desires to enter into an ambulance service agreement with Medic Rescue; and

WHEREAS, Medic Rescue will provide the ambulance service outlined in this Agreement to the Cities of Rockwall, Heath, Royse City, Fate, McLendon-Chisholm, Mobile City, all unincorporated areas within the County of Rockwall, and respond to emergencies when mutual aid is requested to the portions of Rockwall County located within the incorporated portions of Dallas, Rowlett and Wylie.

NOW, THEREFORE, it is hereby mutually agreed between Rockwall ESC and Medic Rescue as follows:

SECTION I. TERMINATION OF PRIOR CONTRACTS:

Both parties agree that this Agreement expressly supersedes and revokes all prior contracts and agreements between Rockwall ESC and Medic Rescue, and that, effective immediately, the prior Contract for Ambulance Services between Rockwall ESC and Medic Rescue, is hereby terminated.

SECTION II. DEFINITIONS:

The following definitions shall apply to terms as used throughout this Agreement and in the Attachments hereto:

Advanced Life Support (ALS) means emergency paramedic pre-hospital care that uses invasive medical acts, as such term may be subsequently defined in the Texas Health & Safety Code.

Arrival at Incident Location means the moment an ambulance crew notifies the Communications Center that the ambulance has arrived at its parking position at the scene of an incident (e.g., the entrance to a specific apartment building, not merely the entrance to the apartment complex in general; or an actual accident scene -- not merely an approach location within sight of the accident scene).

Base Service Work means all emergency and routine patient transports performed by the Contractor that originate within the Primary Service Area.

Basic Life Support (BLS) means emergency pre-hospital care that uses noninvasive medical acts; as such term may be subsequently defined in the Texas Health & Safety Code.

CAD System means the computer aided dispatch system provided by Medic Rescue which system shall meet or exceed the functional specifications set forth in Section VIII B.

Communications Center means the EMS communications center designated by Medic Rescue as the central communications center from which all ambulances operating in the Primary Service Area are dispatched and controlled.

Communications System means all mobile and portable radios; communications center telephone hardware, software and line services; communications system infrastructure including antennae, pagers, consoles, and console equipment.

Contract Year means each 12-month period during the term of this Agreement (and any extension thereof) beginning on October 1 12:01 a.m. and ending on September 30 12:00 p.m.

Dedicated Special Events Coverage means the posting of personnel and/or equipment at the location of a scheduled special event within the Primary Service Area. Personnel so assigned shall not depart the scene of the event for any reason except to transport a patient in need of immediate transport from the event location to a medical facility, in which case another unit shall be immediately dispatched to resume dedicated coverage of the special event. Contractor may temporarily substitute another response unit (Supervisor vehicle) until another transport-capable unit is available.

EMS System means that network of individuals, organizations, facilities and equipment, including but not limited to Medic Rescue, whose participation is required to generate a clinically-appropriate, pre-planned system-wide response to each request for pre-hospital care and/or interfaculty transport, so as to provide each patient the best possible chance of survival without disability, given available financial resources and then-current state of-the-art EMS technology.

First Responder means any person, fire department vehicle, police vehicle, or other vehicle not normally used for purposes of patient transport, but which vehicle and

onboard personnel are capable of providing first responder services (Basic Life Support or above) in medical emergencies.

Major Default shall mean the occurrence of an event or the existence of a condition as defined in Section XII. B. hereof.

Medical Director shall mean a licensed physician selected by Medic Rescue and approved by Rockwall ESC Board of Directors to serve as the contractor's chief medical officer. Medical Director is provided by Contractor.

Member Jurisdictions means the Cities of Rockwall, Heath, Royse City, Fate, Mobile City, McLendon-Chisholm, and all unincorporated areas within the County of Rockwall.

Mobile Intensive Care means treatment that meets the requirements of an Advanced Life Support emergency medical services provider; and has personnel and sufficient equipment and supplies to provide cardiac monitoring, defibrillation, cardioversion, drug therapy, and two-way radio communication.

Mutual Aid Import means an emergency response resulting in a patient transport originating within the Primary Service Area which is performed by an EMS provider other than the Contractor at the Contractor's request.

Mutual Aid Service Area means a response to emergencies when mutual aid is requested to the portions of Rockwall County which are located within portions of Rockwall County within the incorporated portions of Dallas, Rowlett and Wylie.

Overload Status means anytime current call volume (demand) exceeds scheduled and/or available ambulances to respond, facilitating the need for the additional and immediate staffing of additional personnel.

Patient Record Form means the written or electronically recorded patient records, in such reasonable form as is approved by Rockwall ESC, providing for documentation by field personnel on the approved form of all required medical information, billing information and other information related to a single Patient Contact.

Patient Contact means direct physical contact with, or on-site observation by the Contractor's personnel of, that person or persons for whom an ambulance was requested and dispatched.

Primary Service Area means the geographical area contained within the corporate city limits of each Member Jurisdiction City and all unincorporated areas within the County of Rockwall.

Priority One (Call for Service) means a 9-1-1 emergency call for EMS service. Requires an emergency response.

Priority Two (Call for Service) means a 9-1-1 call for EMS service that is designated as non-life threatening, using Medical Director approved call prioritization. Requires a normal, non-emergency response.

Response shall mean the dispatch by the Medic Rescue Communications Center of an ambulance, or EMS Supervisor vehicle to an incident.

Response Time Exception means anytime an ambulance transmits the "unit arrived on scene" status after the allotted contractual time has elapsed, the response will be considered a response time exception, also known as a "late response".

Response Time Exemption means a Response Time Exception that has occurred as a result of unusual factors beyond the Contractor's reasonable control, and has been approved as an exemption on a call-by-call basis by Rockwall ESC. These unusual factors are usually limited to unusually severe weather conditions, declared disasters or incorrect caller information as noted in this agreement. Equipment failure, traffic congestion, ambulance failure, EMS dispatch error, or other causes shall not be grounds for granting an exemption and no other causes of late response shall serve to justify exemption from response time requirements unless specifically authorized.

Rural (Area) means all areas within the County of Rockwall, including Fate, McLendon-Chisholm, and Mobile City, exclusive of the areas within the city limits of Rockwall, Heath, and Royse City, designation can be changed by mutual agreement.

Supervisor Vehicle An emergency vehicle staffed with an ALS provider, complete with all ALS equipment and supplies.

System Standard of Care means (i) the compilation of all Medical Priority Dispatch Protocols, medical protocols (i.e., for First Responders and ambulance crews), response time standards, standards for certification of pre-hospital care personnel (i.e. EMS dispatchers, First Responders, ambulance personnel, and base station physicians), and standards governing requirements for on-board medical equipment and supplies, all as set forth in this, and all state laws, rules and regulations governing ambulance services and/or EMS control center operations. The System Standard of Care simultaneously serves as both a contractual standard and, where applicable, a regulatory standard.

Transport (or Patient Transport) means the one-way transport by ambulance of a single patient. Furthermore, two patients transported in the same ambulance shall be considered two patient transports.

Urban (Area) means the corporate city limits of the cities of Rockwall, Heath, and Royse City, designation can be changed by mutual agreement.

SECTION III. TERM OF AGREEMENT AND END-TERM PROVISIONS

A. **Term of Agreement.** The base term of this Agreement shall commence at 12:00 a.m., October 1, 2007 and will be for a period of five (5) years, ending at 11:59 p.m., September 30, 2012. The Contractor may earn up to five (5) extensions of one (1) year each according to the following terms. To earn each extension, the Contractor must substantially exceed the minimum requirements of the contract during the previous one year term. Extensions must be applied for prior to 60 days before the end of each base contract year, and approved annually beginning with the first year of the contract. If granted, the first renewal (or sixth year) of the contract will be granted by the Rockwall ESC and will commence at the end of the existing base contract. This process will repeat for subsequent years of the base contract.

Any year the Contractor's performance has not substantially exceeded the minimum requirements of the contract and the Rockwall ESC does not grant an extension, or any year the Contractor does not apply for an extension will be removed from consideration; shortening the potential length of the contract.

B. **End-Term Provisions.** In the event the Contractor does not succeed itself at the end of the term of this Agreement (or any Rockwall ESC approved extension); the following end-term provisions shall apply:

1. Rockwall ESC or Designee shall hold a final inspection of any equipment and facilities that may have been provided for the Contractor's use by Rockwall ESC or City prior to midnight on the last day of this Agreement. All equipment furnished by Emergency Services Corporation or other City, shall be returned before final payment.

2. Rockwall ESC may withhold the Contractor's final payment for the last month of service rendered under this Agreement for a period not to exceed 30 days after receipt of the final invoice. During such time, the Contractor shall provide Rockwall ESC, or Designee access to all CAD System records for the purpose of reviewing the final invoice.

3. Except as expressly set forth in this Agreement, the Contractor shall have no further duties under this Agreement after the last day of this Agreement or any Rockwall ESC approved extension.

C. **Lame Duck Provisions.** Should the Contractor not succeed itself at the end of the term of this Agreement or any Rockwall ESC approved extension, Rockwall ESC shall depend upon the Contractor to continue provision of all services required under this Agreement until the successor contractor assumes service responsibilities. Under these circumstances, the Contractor will, for the remaining term of this Agreement, serve as a "lame duck" contractor. To ensure

continued performance fully consistent with the requirements of this Agreement throughout any such lame duck period, the following provisions shall apply:

1. The Contractor shall make no changes in methods of operation, which could reasonably be considered to be aimed at cutting the Contractor's service below that required by this Agreement in order to maximize profits during such lame duck period.

2. The Contractor shall continue all operations and support services at the same level of performance that were in effect prior to the award of the subsequent agreement to the successor contractor, including, but not limited to, compliance with the provisions related to the qualifications of key personnel.

3. Rockwall ESC recognizes that, if a competing bidder is awarded the contract in a subsequent bid cycle, the Contractor may reasonably begin to prepare for transition of service to the new contractor during the lame duck period, and Contractor shall not unreasonably withhold its approval of the new Contractor's requests to begin an orderly transition process, so long as such transition activities do not impair the Contractor's performance during the lame duck period or negatively impact the quality of patient care.

D. **Conditions for Extensions**. To earn each extension, the contractor must substantially exceed the minimum requirements of the contract during the previous one year term, according to the terms of this agreement. The following conditions apply:

1. **Exercise/Pricing of Option**. Extensions must be applied for prior to 60 days before the end of each base contract year and approved annually by the Rockwall ESC board, beginning with the first year of the contract. Subsidy requests, if any, for any earned extension year must be negotiated between the parties and agreed upon by the Rockwall ESC board prior to twenty-four (24) months of the commencement of said extension year.

2. **Evaluation of Contractor's Performance/Conditions for Extension**. Upon receipt, by Rockwall ESC, of the Contractor's request for an extension in accordance with Paragraph 1 above, the Rockwall ESC, or Designee shall conduct an evaluation and assessment of the Contractor's performance during the previous Contract Year. The following criteria are representative of the expectations of the Rockwall ESC regarding performance of the contractor and shall be minimum standards to be met by the Contractor during the previous Contract Year. The following criteria are representative of the expectations of the Corporation regarding performance:

(a) The Contractor has consistently achieved response time compliance during the previous Contract Year of Responses of 90% or greater for each measurable category outlined in Section IV, D, 3 Response Time Standards in this agreement. The Contractor shall be deemed to have failed this standard if the Contractor's response time performance falls below 90% compliance for two consecutive months during any Contract Year, regardless of whether such consecutive noncompliance relates to the same or a different priority Response.

(b) The Contractor consistently and timely delivers to Rockwall ESC, or Designee, during the previous Contract Year the monthly reports and documentation required by this Agreement with a minimum of inaccurate, deficient or missing documentation.

(c) The Contractor consistently demonstrates clinical performance during the previous Contract Year satisfying the requirements of the current System Standard of Care through regular reporting to the Corporation.

(d) The Contractor consistently maintains and projects to the general public during the previous Contract Year a professional image to the satisfaction of Rockwall ESC.

(e) The Contractor has met the terms of this agreement.

(f) The election to extend this agreement is solely a decision of the Corporation.

(g) Rockwall ESC may deny the Contractor's request for extension with or without cause.

3. **Expiration of Term.** If the Contractor fails to exercise its option to request an extension of this Agreement in accordance with the above sections or fails to obtain an extension in accordance with the above sections, the term of this Agreement shall automatically terminate (as applicable) at the expiration of the original term or any previously approved extension years.

E. **Medical Director Responsibilities**. The Medical Director is employed by Medic Rescue and is expected to provide medical direction and liaison responsibilities to the Corporation. The Medical Director is expected to oversee and regulate all clinical aspects of ambulance service which affect patient care. The Medical Director selected by Medic Rescue must be approved by the Corporation, or

Designee. The Medical Director, among other duties, shall provide input or direction to:

1. Establish standards for patient care, including standards for ambulance and first responder vehicles and on-board equipment;

2. Develop and revise Medical Protocols for ambulance service and First Responder Organizations;

3. Develop and revise Communications Center protocols;

4. Conduct medical audits and develop standards and procedures for the conduct of such audits;

5. Develop, revise and administer both written and practical tests for the certification and licensing of emergency medical services personnel, including ambulance personnel, First Responders, and EMS Communications Center personnel;

6. Develop, revise and administer educational material, programs and tests to ensure that base station physicians are knowledgeable concerning the EMS System, its medical protocols, radio procedures and transport protocols, and certify qualified physicians as base station physicians;

7. Conduct inspections of vehicles, equipment and supplies on both an announced and unannounced basis;

8. Monitor response time performance of the Contractor;

9. Conduct, on a periodic basis, intensive review of the EMS System's performance relative to specific clinical types and revise medical protocols and such other standards of the EMS System as may be appropriate;

10. Participate in the implementation and review of the Quality Improvement program implemented by the Contractor.

F. **Contractor's Functional Responsibilities.** During the term of this Agreement, the Contractor shall provide and manage delivery of ground ambulance services meeting or exceeding requirements of the System Standard of Care, and provide other ancillary services (e.g., medical standby services, public education and information services, etc.). The Contractor's clinical and Response Time performance must meet or exceed standards set forth in this Agreement and the System Standard of Care. The Contractor is the authorized and exclusive Contractor of emergency ambulance services. Medical control, protocols and standards of patient care are the responsibility of the Medical Director -- not the Contractor.

The listing below of Contractor responsibilities should be considered illustrative only and not complete. Along with other duties and responsibilities as defined within the scope of this agreement, the Contractor shall:

1. Employ, supervise and manage ambulance personnel and Communications Center personnel;

2. Provide or purchase all in-service training required of ambulance and Communications Center personnel;

3. Provide all equipment necessary to provide the services required of the Contractor under this Agreement;

4. Furnish all maintenance, insurance, and repairs for equipment utilized in the performance of this Agreement;

5. Furnish supply inventory and replacement supplies used by ambulance crews and maintain a system of inventory control;

6. Operate the Communications Center and ambulance system to meet all applicable staffing, clinical, and response time standards in compliance with state laws and regulations, the System Standard of Care, this Agreement and approved medical protocols;

7. Maintain good working relationships with First Responders to ensure continued first responder support; participate in on-scene equipment exchange program (when available); replace on a one-for-one basis supplies used by First Responders in rendering patient care (to the extent replacement supplies are stocked on the Contractor's ambulance); provide paramedic-assist training to First Responders without additional charge; and, make available by advance notice, at no additional charge, the Contractor's own in-service training programs to First Response personnel operating within the Primary Service Area;

8. Submit to the Corporation, or Designee, on a timely basis, as required by this Agreement, accurate and complete reporting on clinical, billing, and response time related data in a report format satisfactory to Rockwall ESC, see Attachment #1;

9. Secure at the Contractor's own expense such ambulance housing locations as the Contractor deems necessary;

10. Maintain good working relationships with law enforcement agencies in the Primary Service Area;

11. Ensure courteous, professional, and safe conduct of all ambulance personnel, Communications Center personnel, and other staff at all times;

12. Maintain neat, clean, and professional appearance of all personnel, equipment, and facilities;

13. Promote and maintain Contractor's good reputation through superior service and courteous and professional conduct, prompt response and follow-up to inquiries and complaints, leadership in community CPR programs, leadership in such community activities as health fairs, school demonstrations and civic affairs, and participation in local radio and television media events, business and social group meetings, etc.;

14. Maintain a current and extensive knowledge of developments in equipment, procedures, and research throughout the EMS industry.

15. Maintain state and/or local personnel certifications.

16. Inform Rockwall ESC, or Designee in a timely matter of activities, issues, and policy/procedure modifications (internal and external) that fall within the areas of the Contractor's responsibility and which come to the attention of the Contractor's management or which would reasonably be expected to be known to the management of a well-managed firm, and which may reasonably be expected to affect Rockwall ESC (positively or negatively);

17. Participate and cooperate with the Medical Director in its medical audits and investigations. The Contractor shall cooperate in scheduling personnel for audits and in securing related information, and the Contractor's training officer or his designee shall attend every medical audit session to ensure that medical audit findings are routinely translated into system-wide improvements by way of pre-service training, in-service training, protocol changes, or other appropriate methods;

18. Participate actively in public information and public education programs.

19. Participate with emergency preparedness/disaster response by sending at least one representative to any and all emergency-management related training classes as requested by Rockwall ESC or any Member Jurisdiction. Such training may include, but is not limited to tabletop exercises, functional exercises, full-scale exercises, mass casualty training, etc.

20. Provide pre-hospital care and transportation of prisoners in custody of prisoners in custody of the County whose medical condition requires transportation by ambulance, to pre-designated hospital(s) within Rockwall

County or to a Dallas County hospital if the patient's condition requires a higher level of care. Fees for this service are included in the cost of this Agreement.

21. Provide Contractor representation at Rockwall ESC monthly meetings.

SECTION IV. OPERATIONS MANAGEMENT PROVISIONS

A. **Scope of Service.** The Contractor shall furnish all emergency and ground ambulance service for the entire population of the Primary Service Area. Aero medical helicopter rescue services will be provided by other agencies and will not be the responsibility of the Contractor.

All ambulances shall be staffed and equipped to render ALS care at the MICU level. Each ambulance will be staffed with at least two crewmembers, both of whom shall be certified emergency medical technician-paramedic.

In the event an overload situation occurs, where an unexpected event or events results in system demand outstripping Contractor's scheduled resources, the Contractor will make every attempt to staff additional ambulances, placed in service at the required two (2) certified emergency medical technician – paramedic level. In the rare occurrence that an emergency call is holding and the only available crew is comprised of a certified emergency medical technician (EMT) and an certified emergency medical technician – paramedic, that crew may respond to a system request until additional paramedic personnel are available. Any such instance must be reported to the Rockwall EMS Board during the next scheduled meeting. The Contractor is exempt from this requirement during a declared mass casualty (MCI) or disaster situation.

Additionally, the Contractor shall furnish stand-by special events coverage, mutual aid services, and medical dispatch services, as specified in this Agreement. Rockwall ESC expects the Contractor to cooperate and assist in identifying and reducing the number of ambulance transports that are not medically necessary.

B. **Contractor Collections.** Contractor will be responsible for billing all ambulance calls and will use all available recourses, including the services of a collection agency if necessary, to maximize the collection rate of all fee-for-service accounts, to minimize reliance on tax-based subsidy.

Rate Approval. Rockwall ESC must approve Contractor billing rates (Attachment #2).

C. **Response Time Performance.** System response times are a key unit of measurement to which today's high performance ambulance services are held.

This measurement is the determining factor that drives the placement and redeployment of the system's resources throughout the entire system. All response times in the Contractor's system are to be measured in seconds, not whole minutes.

The Contractor shall use its best efforts to minimize variations or fluctuations in response time performance. Superior response time performance by the Contractor during one part of a month shall not justify inferior response time performance during the remainder of the month.

The Contractor shall not be held accountable for emergency or non-emergency response time compliance for any request for service originating outside the Primary Service Area, nor will these calls be counted in the number of total calls used to determine response time compliance under this Agreement. For presumptively designated emergency calls, the Contractor will cause the notification of the appropriate First Responder agencies in accordance with then current standards as mutually agreed upon by all agencies involved.

D. **Response Times.** Response times in the Primary Service Area shall be determined as follows:

1. **Response Time Measurement.** Priority 1 and Priority 2 response times shall be measured via the CAD System from the moment of receipt at the Contractor's Communications Center of a valid address, type of call and callback number, until the Contractor's Communications Center is notified of the first arriving MICU ambulance approved for transport, or Supervisor Vehicle staffed with a certified emergency medical technician-paramedic's arrival at the incident/location. Each incident will be counted as a single Response regardless of the number of units that respond.

   The parties understand and agree that to avoid delaying actual patient contact; "arrival" notification shall normally be given immediately prior to parking the ambulance -- not after the ambulance has been parked. In cases of response to incidents where there is reason to believe the scene is unsafe, either by approved protocol or incident-specific factors, the Contractor's response time clock shall be stopped the moment its ambulance arrives at a safe or designated staging area proximate to the scene. In responses to locations lacking access by way of a street or road maintained for public or private use, response time shall be measured as the interval between time-call-received and the moment the responding crew advises the Communications Center that they are leaving the paved street or road to access the patient.

2. **Upgrades, Downgrades and Reassignments.** From time to time special circumstances may cause changes in call priority classification. Response time calculations for determination of compliance will be as follows:

(a) **Upgrades.** If a Response is upgraded prior to Arrival at Incident Location (e.g., from Priority 2 to Priority 1), the Contractor's compliance will be calculated based on the time elapsed from the time of upgrade to Arrival at Incident Location.

(b) **Downgrades.** If a Response is downgraded prior to Arrival at Incident Location (e.g., from Priority 1 to Priority 2), the Contractor's compliance will be calculated based on the time of receipt of the downgrade as follows:

(1) If the Priority 1 Response is downgraded after the response time standard has elapsed, the Response will be recorded as a late Priority 1 response, or

(2) If the Priority 1 Response is downgraded before the response time standard has elapsed, the time required to drive non-emergency to the scene is expected from the contractor.

All downgrades will be subject to protocols developed by the Medical Director.

(c) Reassignment enroute. If an ambulance is reassigned enroute, prior to Arrival at Incident/Location (e.g., to respond to a higher priority request), the Contractor's compliance will be calculated based on the response time standard applicable to the assigned priority of the initial Response. The response time clock will not stop until the Arrival at Incident/Location on the scene from which the ambulance was diverted.

3. **Response Time Standards.** The Contractor must comply with the agreement by meeting the specified response times. The priority designation of an assignment is accomplished by presumptive prioritization in accordance with then current Medical Protocols. The Contractor will be deemed to be in compliance if 90% or more of all Patient Contacts, measured monthly, meet the following specified response time criteria:

Priority	Maximum Urban Response Time	Maximum Rural Response Time
1 *Emergency Response*	7:59 min	11:59 min
2 *Emergent Response*	11:59 min	14:59 min

Failure to comply with the response time standards could lead to Contractor default and/or failure by the Contractor to obtain Rockwall ESC approval for future extension requests as described in Sections XII and III, D., respectively.

(a) The Contractor's Supervisor Vehicle, staffed with a licensed emergency medical technician-paramedic may "stop the clock" on Arrival at Location/Incident. This apparatus may be used to compliment, not supplement a Mobile Intensive Care Unit's response. Should the Contractor choose to dispatch an appropriately staffed Supervisor Vehicle, the MICU must arrive within 14:59 minutes after initial receipt of the call at the Contractor's Communications Center. Each incident will result in an activity report to the Corporation, detailing the Supervisor Vehicle's response time, and the responding MICU' response time so any delay in the arrival of a transport capable ambulance can be identified.

(b) For every Response (resulting in Patient Contact) in every presumptively defined category exceeding the response time standards set forth above, the Contractor shall submit a written report, at least monthly, documenting the cause of the late response time and the Contractor's efforts to eliminate recurrence.

(c) Services provided by any party other than the Contractor under a mutual aid agreement shall not relieve the Contractor of its response time responsibilities for those Responses. If the response occurred in the Primary Service Area it will be subject to the same standards and criteria, required of the Contractor under this Agreement.

4. **Response Time Exceptions and Exemptions.** The Contractor shall maintain mechanisms for reserve production capacity to increase production should temporary Overload Status persist. However, it is understood that from time to time, unusual factors beyond the Contractor's reasonable control affect the achievement of the specified response time standards. For purposes of determining the Contractor's compliance with

the response time standards set forth herein, every request for ambulance service originating within the Primary Service Area shall be counted, except as follows:

The following shall not, for purposes of reporting response times, be counted as a Response or as a Response Time Exception:

(a) Responses not resulting in Patient Contact, unless the call was cancelled by the caller after expiration of the applicable response time standard; and/or

(b) Responses occurring:

(1) during a period of severe weather conditions, such that response time compliance is either impossible or could be achieved only at a greater risk to EMS personnel or the public than would result from delayed response; and

(2) requests during a disaster, locally or in a neighboring jurisdiction (in accordance with a Rockwall ESC approved mutual aid agreement), in which the Contractor is rendering.

The following (c & d) shall be counted as a Response and shall not be counted as a late response,

(c) Responses in which the Contractor can fully document that the response time was excessive as a direct result of incorrect location provided either by the individual caller or by another agency.

(d) Responses in which the Contractor can fully document that the response time was achieved within the appropriate criteria which may appear as late runs due to miscellaneous circumstances.

No other causes of late response (e.g. equipment failures, traffic congestion, vehicular accident regardless of origin, ambulance failures, dispatch errors, or inability to staff units) shall serve to justify exemption from response time requirements.

In all cases, if the Contractor believes that any Response or group of Responses should be exempted from the calculation of the response time standards due to reasons listed in (a) – (d), above, the Contractor must provide detailed documentation to Rockwall ESC, or designee and request that these runs be excluded from the response time calculations. Any such request must be in writing and received by the Corporation or designee within fifteen (15) business days after the end of each month.

Rockwall ESC or designee will review the request and issue a determination. Rockwall ESC's ruling shall be final and binding.

5. **Response Time Audit Trail.** The Contractor shall develop and maintain a system to assure a complete audit trail for all response times, which shall be incorporated into the software program operating the CAD System.

SECTION V. SCOPE AND QUALITY OF WORK

In consideration of the compensation provided for herein, the Contractor shall perform as follows:

A. **General Service Requirements.** The Contractor shall, throughout the term of this Agreement, cause every request for ambulance service from within the Primary Service Area to be answered and managed by a certified Emergency Medical Technician (EMT) with Emergency Medical Dispatch (EMD) training; dispatch an MICU ambulance to every such request; transport every patient requiring transport to a medical facility by an MICU ambulance.

The Contractor shall report to Rockwall ESC any specific individuals who are chronic abusers of the transport requirements of the EMS System. Subject to the System Standard of Care established by the Medical Director for such identified abusers, the Contractor may decline to transport such individuals.

B. **Performance Standards.**

1. **Clinical Requirements.** The clinical requirements under this Agreement are established by Rockwall ESC in accordance with the System Standard of Care. The applicable medical protocols shall be the most recent protocols approved by the system Medical Director and approved by the Corporation. The Contractor is required to fully comply with the System Standard of Care with respect to its clinical performance, and in so doing, the Contractor's clinical performance satisfies the scope of this specification. The Contractor's failure to do so may constitute a Major Default as provided in Section XII hereof.

2. **Contractor Communications Center Requirements.** Rockwall ESC expects that emergency lines will be answered on the first ring, and the Contractor shall take such steps as are reasonably necessary to staff and operate the Communications Center in order to meet this standard. All medical communications personnel, at a minimum, shall be certified as Emergency Medical Technicians, and shall have and maintain Emergency Medical Dispatch training.

Failure of the Contractor to respond to a call or failure to transport or to render emergency medical patient assessment and treatment, as appropriate, or to otherwise refuse or fail to provide ambulance services originating within the Primary Service Area because of the patient's perceived, demonstrated or stated inability to pay for such services, or because of the unavailability or location of any ambulance unit at the time of the request for ambulance service, may constitute a Major Default.

3. **Professional Appearance, Conduct, and Courtesy Requirements.** County of Rockwall Emergency Services Corporation expects professional and courteous conduct at all times from all Contractor personnel. The Contractor is encouraged to consider this requirement in conducting personnel selection. Also, any occasional transgressions regarding professional and courteous behavior must be immediately addressed and corrected by the Contractor. Failure of the Contractor to achieve this standard may constitute a Major Default under this Agreement.

4. **Dress/Appearance Code.** Contractor shall require a mutually approved standard dress/appearance code to be implemented to include, but not limited to, a standard uniform to be worn by all crewmembers. Each employee uniform shirt shall have the employee's name and level of Texas Department of State Health Services EMS certification.

5. **Quality Improvement Program.** It is the Corporation's desire that the Contractor develops and implements a comprehensive Quality Improvement (QI) program for the EMS System. To this end, the Contractor shall implement and maintain an organized, budgeted, scheduled, and effective Quality Improvement program.

6. **Community Service and Education Requirements.** The Corporation desires that the Contractor participate in community education programs emphasizing preventative health care. These programs are to be made available to schools and community groups located or operating within the Primary Service Area. It is Rockwall ESC's expectation that the Contractor will plan such programs working collaboratively with other public safety and EMS-related groups, such as the American Heart Association, the American Red Cross, and local fire departments.

7. **Stand-by and Special Events Coverage.** Upon request by law enforcement and fire department dispatchers, the Contractor shall, without additional compensation, furnish standby coverage at emergency incidents within the Primary Service Area involving a potential danger to the personnel of the requesting agency or to the general public.

   (a) Other entities and organizations may request Dedicated Special Events Coverage from Contractor. The Contractor shall provide

such Dedicated Special Events Coverage if reasonably possible, only in such a way as to not interfere with the performance requirements of this agreement.

8. **Location of System Resources.** The Contractor will use its system resources located in Rockwall County in order meet the requirements of this agreement. The Contractor will not attempt to operate the provisions of this agreement from neighboring counties or locations using shared resources.

9. **Equipment and Supply Replenishment.** The Contractor shall develop mechanisms to exchange reusable orthopedic appliances and restock disposable and BLS and ALS medical supplies used by First Responders when treatment has been provided by First Responder personnel and patient care is assumed by the Contractor's personnel. Equipment and supplies stocked on the Contractor's ambulances shall be exchanged on a one-for-one basis. Whenever possible, this exchange should be accomplished at the scene. If patient care or circumstances at the scene prevent an on-scene exchange, the Contractor shall arrange to accomplish the exchange as soon as reasonably possible.

10. **Return to Station.** In any situation in which First Responder personnel assist the Contractor during transport, the Contractor shall provide or arrange return transportation for such personnel to their station or post as soon as reasonably possible.

C. **Disaster Assistance.** The Contractor shall actively participate with Rockwall ESC and Member Jurisdictions in planning for and responding to any declared disaster in any of the Primary Response Area. Mass casualty incident plans and emergency disaster plans following Incident Command System (ICS), Incident Management System (IMS) or other uniform command system guidelines have been developed and provided to the Contractor. The Contractor shall commit such resources as are necessary and appropriate, given the nature of the disaster, and shall assist in accordance with disaster plans and protocols established by each Member Jurisdiction.

The disaster-related provisions of this Agreement are:

1. During such periods, the Contractor shall be released from response time performance requirements for all Responses, until notified by Rockwall ESC, or designee that disaster assistance may be terminated, and for a reasonable period thereafter to allow orderly restoration of coverage. At the scene of such disasters, the Contractor's personnel shall perform in accordance with local disaster plans.

2. When disaster assistance has been terminated, the Contractor shall resume normal operations as rapidly as is practical considering exhaustion of personnel, need for restocking, and other relevant considerations.

3. During the course of the disaster, the Contractor shall use its best efforts to maintain emergency service throughout the Primary Service Area, and is encouraged to suspend or ration non-emergency transport work as necessary, informing persons requesting such non-emergency service of the reason for the temporary suspension.

4. At the conclusion of such disaster assistance, the Contractor shall determine its direct marginal costs incurred in the course of rendering disaster assistance (i.e., production costs incurred by the Contractor that would not have been incurred if disaster assistance had not been rendered) that are not recoverable from third parties, and shall present such cost statement to the Corporation, or designee for review, acceptance, and reimbursement. The cost statement associated with rendering aid under disaster conditions shall be based solely upon the direct marginal costs incurred by the Contractor in the course of rendering such disaster assistance, and shall not include costs of maintaining production capacity that would have been borne by the Contractor to meet normal service requirements if the disaster had not occurred. Reimbursement shall be made only in regard to actual, reasonable and verifiable direct marginal costs incurred.

D. **Mutual Aid**. The Contractor shall enter into or maintain mutual aid agreements with other providers which will utilize the other Contractor's units and personnel to occasionally respond to calls within the Primary Service Area, provided that such mutual aid agreements are first approved in writing by the Corporation. The Contractor will only enter into mutual aid agreements that support emergency medical service in the Primary Service Area.

All services provided by any party other than the Contractor under a mutual aid agreement shall be subject to the same standards and criteria, including response times, as required of the Contractor under this Agreement. Any mutual aid utilized by the Contractor may only supplement, and not replace, the services required of the Contractor under this Agreement.

SECTION VI. FINANCIAL PROVISIONS

In addition to provisions herein allowing the Contractor's use of facilities and/or equipment provided by Rockwall ESC or any Member Jurisdiction, the following provisions for monetary compensation are agreed to by the parties:

A. **Payment for Services.** Rockwall ESC shall pay the Contractor the monthly amount of (see fee schedule below) for service rendered under this agreement, said payment to be made within five (5) business days after the end of the month. The monthly amount for this five (5) year contract will be based on the following fee schedule.

Budget Year	07-08	08-09	09-10	10-11	11-12
Subsidy per Year	$444,359	$452,089	$458,326	$464,537	$470,756
Subsidy per Month	$37,030	$37,674	$38,194	$38,711	$39,230

B. **Adjustment for Increased Standards of Production.** The Contractor shall be entitled to apply for a negotiated adjustment to the Contractor's monthly payment (subsidy) and/or billing rates in the event of (i) externally-imposed changes in the requirements of this Agreement, including changes in the System Standard of Care, or (ii) changes in applicable federal, state, or local laws, rules or regulations, when such changes require adjustments to the Contractor's operations which may reasonably be expected to increase the Contractor's cost of producing the services which are the subject of this Agreement. For purposes of this provision, "externally-imposed" means a change which is mandatory, unavoidable and not optional to the Contractor, regardless of whether enactment of such change was initiated or supported by the Contractor, or a change which, in the exercise of the Contractor's judgment and experience, could not have been reasonably anticipated by the Contractor, including changes in external market forces. In determining the amount of any such compensation adjustment, the following stipulations shall apply:

1. The burden of proving the fact and amount of such actual and reasonable financial impact upon the Contractor's production costs shall rest entirely with the Contractor.

2. This provision shall not apply to changes in production standards, which were known to the Contractor, or which should have been known to a well-managed ambulance company at the time this Agreement was signed.

3. The standard in question must actually constitute an increase in requirements—not merely a clarification of a previously existing standard or an application of the "rule of reason" to interpret an existing standard.

4. In applying for such actual-cost increases in compensation, the Contractor must clearly demonstrate to the Corporation's satisfaction that the stated costs are actual, unavoidable, and in addition to costs which would have been incurred by the Contractor if the new standard had not been imposed.

5. Training-related costs shall be considered only to the extent such training is in excess of in-service and other training requirements of this Agreement, the proposal and/or the System Standard of Care, and in the

opinion of the Medical Director and the Corporation, could not reasonably have been incorporated within regularly-scheduled training sessions.

6. In the event applicable federal, state, or local laws, rules or regulations, are relaxed so as to permit changes in the Contractor's operations which may reasonably be expected to decrease the Contractor's cost of producing the services which are the subject of this Agreement, the base service monthly payment shall be subject to reduction using the same methods of adjustment which are applicable to an increase in standards.

7. Any adjustment to the Contractor's base service monthly payment attributable to a change in applicable laws, rules or regulations shall be made as of the effective date of the new or amended law, rule or regulation.

C. **Adjustment in Monthly Billing Rate (Subsidy).** For the term of this agreement there will be no anticipated or scheduled adjustment to the subsidy payments, except as provided in part B., above. Adjustments (increases or decreases) to the payment for services may be requested and negotiated as part of the requested extensions.

D. **Exclusive Service Agreement.** Participating jurisdictions agree to utilize the Contractor solely within their jurisdictions. Exclusive service agreement shall include all requests for emergency and non-emergency transports and requests, including requests originating from nursing homes, hospice, and other long-term medical health care facilities. Member Jurisdictions are encouraged, through contacts with the Corporation, to exclusively use the Contractor's EMS services and to that end develop and employ "City Ordinances" whenever possible.

E. **Adjustments For Withdrawal of Member Jurisdiction.** In the event a Member Jurisdiction withdraws from the Rockwall ESC or withdraws from participation in EMS Special Services, either the Corporation or the Contractor may negotiate rate adjustments. A request of this nature must be made to the other party within 30 days after a member jurisdiction has officially withdrawn from the Corporation.

SECTION VII. GENERAL PROVISIONS

A. **All-ALS, Full-Service System.** All ambulances rendering services pursuant to this Agreement, whether engaged in response to a 911 medical request, other request for emergency, or Dedicated Special Events Coverage, shall be staffed and equipped to render MICU paramedic-level care, unless otherwise approved by the Corporation.

B. **Nature of Commitment.** The nature of contractual commitment by the Contractor shall be performance, not "level-of-effort." Clinical and response time

performance shall be reliable, with equipment failure and human error held to an absolute minimum through constant attention to performance, protocol, performance auditing, failure analysis, and prompt and definitive corrective action. This Agreement requires the highest levels of performance and reliability, and the mere demonstration of effort, even diligent and well-intentioned effort, shall not substitute for required performance results. The Contractor is specifically being retained for its expertise in effectively managing the efficient delivery of paramedic ambulance services.

C. **Profit and Loss.** As this Agreement is a "fixed-price performance contract for requirements," and not a "cost-reimbursable, level-of-effort contract," any discrepancy between the Contractor's actual cost of providing the contracted services at the System Standard of Care and the Contractor's total net revenues from the delivery of those same services, whether profit or loss, shall not constitute grounds for compensation adjustment or relief from contractual performance commitments.

D. **Use Own Expertise and Judgment.** The Contractor is specifically advised to use its own best expert and professional judgment in deciding upon the methods to be employed to achieve and maintain the levels of performance required hereunder. Such methods include compensation programs, shift schedules, personnel policies, supervisory structures, vehicle deployment techniques, and other internal matters which, taken together, comprise the Contractor's own strategies and tactics for achieving the performance standards required by this Agreement.

E. **Business Volumes Not Guaranteed.** Rockwall ESC declines to put forth any representations, estimates or predictions regarding the frequency of 911 medical requests, which may originate within the Primary Service Area during the term of this Agreement, or the percentage of such Patient Contacts which may result in patient transports which the Contractor may receive.

F. **Compliance With Laws.** All services furnished by the Contractor under this Agreement shall be rendered in full compliance with applicable federal, state and local laws, ordinances, rules and regulations. It shall be the Contractor's sole responsibility to determine which laws, rules, and regulations apply to the services rendered under this Agreement, and to maintain compliance with those applicable standards at all times. The Contractor also shall comply with the provisions of all regulations and written guidelines established by the Medical Director.

G. **Outside Work.** Except as otherwise provided, should the Contractor desire to use any Rockwall ESC provided equipment or services to clients other than those within the Primary Response Area, the Contractor shall submit to the Corporation, or designee a written request for approval of such use, and provided

the following conditions are met, such approval shall not be unreasonably withheld.

(1) **Added Personnel, Vehicles, and Equipment.** The Contractor shall expand its production resources at its own expense, as necessary to conduct the additional business without decreasing service to the Primary Service Area.

(2). **Trade Name for Outside Work.** All such outside work shall be performed under the Contractor's own trade name and, if applicable, license – not those of "County of Rockwall Emergency Services Corporation".

H. **Permits & Licenses.** The Contractor shall be responsible for obtaining all necessary licenses, permits, and certifications required for initiation and completion of its work under this Agreement. The Contractor shall make all necessary payments for licenses and permits to conduct its business and duties under this Agreement. The Contractor shall take such steps as are necessary to renew all licenses and permits on a timely basis. The Contractor shall ensure that all of its employees hold valid and current state and local certifications as are required to meet the Contractor's responsibilities under this Agreement.

I. **Inspections and Audits.** Rockwall ESC, or it's designee, and the Medical Director may, at any time, and without notification, directly observe the Contractor's operation of the Communications Center, maintenance facility, and any ambulance post location, and may ride as a "third person" observer on any ambulance unit at any time. Provided, however, that in exercising this right to inspection and observation, such representatives shall conduct themselves in a professional and courteous manner, shall not interfere in any way with the Contractor's employees in the performance of their duties, shall at all times be respectful of the Contractor's employer/employee relationships, and shall be subject to such reasonable risk-management requirements as may be specified by the Contractor, including but not limited to compliance with applicable OSHA requirements and execution of a waiver of liability.

Rockwall ESC, or it's designee, and the Medical Director shall have the right, upon at least 48 hours advance notice to the Contractor (provided, however, no advance notice shall be required if the Corporation has a reasonable basis to suspect fraud or willful falsification of data), to audit all reports, data, and financial information that the Contractor is required to provide and/or maintain under this Agreement. All audits may be conducted only during normal business hours and in such manner as to cause as little interference with the Contractor's normal operations as reasonably possible.

J. **Vehicle Markings & Advertising Restrictions.** Rockwall ESC shall have the right of prior approval of the form and content of all public information and advertising, direct or indirect, utilized by the Contractor in conjunction with

services and operations related to this Agreement. In general, all vehicle markings, local advertising, employees' uniforms and uniform markings, public information material and programs, and "Yellow Pages" advertising shall utilize Contractor's – not the "County of Rockwall Emergency Services Corporation" name and trademark.

K. **Emergency Driving Privilege.** All applicable state rules and regulations governing emergency and non-emergency vehicle driving privileges shall be observed during the term of this Agreement. The Contractor shall require all of its vehicles to be operated in a safe, courteous, and professional manner at all times.

L. **No On-Scene Collections.** Except as approved by the Corporation, or designee the Contractor's personnel shall not request or accept payment, on scene or at the time of service, for ambulance services rendered.

M. **Annual Review and Evaluation of EMS System.** Rockwall ESC and the Contractor acknowledge that continual review and evaluation of the entire EMS System will be beneficial to both the providers and users of emergency and non-emergency ambulance services. To this end and to enhance the Contractor's ability to serve this Agreement on an on-going basis, the Contractor, and the Medical Director shall jointly conduct an annual review and evaluation of the entire EMS System, including the performance and delivery of services by the Contractor under this Agreement. Such review and evaluation process may result in improvements in the delivery of ambulance services, further cost efficiencies, and possible changes to the System Standard of Care. It is anticipated that such review and evaluation shall be conducted during July of each year during the term of this Agreement. The parties agree to cooperate with each other and to provide such information as is reasonably requested by any party participating in this review and evaluation process. The parties recognize that such information may involve trade secrets and commercial and financial information that could be of value to the Contractor's competitors and that such information is extremely proprietary in nature, containing information for which a significant amount of money has been expended by the Contractor in developing and which could not be properly acquired or duplicated by the Contractor's competitors without a great deal of difficulty. Therefore, Rockwall ESC agrees that should it receive any Open Records Request for such information under applicable law, it will promptly notify the Contractor, provide the Contractor with a copy of the request, and will not release such information to the requesting party (unless otherwise advised by the Corporation's legal counsel) before allowing the Contractor a reasonable period of time (not to exceed any deadline imposed by applicable law) to object to the disclosure of such information by the Corporation. Any such objection shall be in writing and shall specify the exceptions under applicable law which would permit Rockwall ESC not to release such information.

N. **Force Majeure.** Notwithstanding anything else contained in this Agreement, the Contractor shall not be responsible to the Corporation for any loss or damage resulting from any delay or failure in performing services or complying with any other provision of this Agreement if the delay or failure results directly from (a) compliance with any mandatory law, ruling, order, regulation, requirement or instructions of the government of the United States of America, or of any state, agency, political subdivision or local government thereof, or any civil or military authority, but only to the extent compliance therewith prevents or substantially limits the Contractor's ability to fully and timely perform its duties hereunder; (b) acts of God occurring within the Primary Service Area, including earthquakes, fires, hurricanes, tornadoes, storms and floods; (c) riots, insurrections, civil disturbances, explosions, nuclear accidents, or wars; (d) intentional acts of Rockwall ESC that substantially and materially interfere with or prevent the Contractor's performance under this Agreement; or (e) any strike, slowdown, mass resignation, mass absenteeism, or any type of concerted work stoppage by employees of emergency medical services providers occurring on a national or regional basis but expressly excluding any such labor difficulties experienced only by the Contractor or its affiliates. Any delay resulting from any such causes shall extend performance accordingly, or excuse performance in whole or in part, but only to the extent and only for such period of time as the Contractor diligently and expeditiously attempts to remedy the delay in performance caused by such event of Force Majeure. In the event any event of Force Majeure results in the delay or failure of the performance of services by the Contractor hereunder for more than three (3) consecutive days, the parties agree to immediately meet and use their best efforts to resolve the problems caused by such event of Force Majeure. Nothing in this section shall in any way limit, impede or delay the Corporation's right and ability to draw on, or recover against, the performance security pursuant to section "Major Default & Takeover Provisions" hereof, and in connection therewith, any assertion by the Contractor of an event of Force Majeure shall be subject to the provisions of section "Major Default & Takeover Provisions".

O. **Ambulances.** The Contractor shall acquire at no cost to the Corporation, all ambulances and other vehicles necessary to perform the requirements of this agreement. All ambulances will be Type I or Type III M.I.C.U.'s fully compliant with all applicable local, state and federal laws. These units must be licensed through Texas Department of State Health Services (Texas DSHS) and must be appropriately stocked with equipment and supplies, and must be capable of being staffed to accommodate Overload Status demands.

The Contractor will maintain its M.I.C.U.'s in good working order and meet Texas DSHS's inspections or will replace the unit at no cost to the Corporation. All units used in the provision of services in this Agreement will be maintained through the company's fleet maintenance program and will not exceed 250,000 miles.

SECTION VIII. DATA COLLECTION & REPORTING SYSTEM

A. **Data Collection and Reporting.** All records and data maintained and collected by the Contractor in the delivery of services under this Agreement shall be made available to the Corporation, or it's designee, upon request. The Contractor shall meet all requirements of Section VIII within six months after the commencement of this contract. The Contractor is encouraged to meet the requirements of Section VIII in as short of time as possible.

B. **Computer Aided Dispatch (CAD) System.** The Contractor shall provide, maintain, and operate, a computer aided dispatch system to record dispatch information for all ambulance requests. The CAD time recording system shall include the date, hour, minutes and seconds. All telephone communications, including pre-arrival instructions and time track, and radio communications shall be recorded on tape and made available for Rockwall ESC's review for a minimum of 90 days after the date of recording. The CAD System shall be capable of the following minimum requirements:

1. electronic data entry of every Response on a real-time basis;

2. prioritization of deployment planning, displaying calls received for runs pending, runs in progress, and status of ambulance resources available for service;

3. continuous display of unit time in each response status. Automatic display of units exceeding pre-determined "time in status" criteria for deployment and crew safety;

4. immediate recall on any current, previous, or pre-scheduled run for inquiry by date, incident number, location or patient name, available for immediate recall for the contract period. Data older than 180 days must be made available to the Corporation within five (5) business day after the Contractor's receipt of such request;

5. on-line, real time visual display showing a deployment plan and prioritization of Primary Service Area coverage for that time of day and day of week. Visual displays of deployment plans must be available for both actual and hypothetical ambulance availability levels;

6. security features preventing unauthorized access or retrospective adjustment and full audit trail documentation.

C. **Communication Center Data Capabilities.** The CAD System must be capable of producing the following reports to be utilized, among other purposes, in measuring response time compliance:

1. emergency life threatening and non-life threatening response times by Member Jurisdiction and by user definition, including CAD notes for late calls;

2. out-of-chute response times by crew members;

3. on-scene times;

4. hospital drop times by crew members;

5. emergency and non-emergency responses by hour and day;

6. dispatch personnel response times reports;

7. cancelled run reports;

8. response districts (jurisdictions).

If the CAD system is at any time inoperable or malfunctioning, the Contractor shall fully complete a manual "dispatch card" (in such form as approved by the Corporation, or it's designee) for each dispatch of an ambulance while the CAD system is inoperable. Immediately following the normal operation of the CAD system, the Contractor shall enter the manual dispatch cards into the CAD system.

SECTION IX. EQUIPMENT & FACILITIES

Equipment and facilities furnished by Rockwall ESC for the Contractor's use in rendering the services under this Agreement are furnished by the Corporation and accepted by the Contractor subject to the following:

A. <u>Equipment and Facilities Furnished by Rockwall ESC.</u>

1. **Communications System.** The Corporation represents that the Communications System equipment provided for Contractor shall be in good working order and condition as of the effective date of this Agreement..

2. **Facilities.** The Corporation or Member Jurisdictions may provide EMS housing facilities to Contractor.

B. <u>Maintenance of Equipment Furnished by Rockwall ESC.</u>

1. **Communications System.** The Communications System shall be maintained and repaired by the City of Rockwall during the term of this

Agreement, except for losses and repairs due to loss, theft, abuse or neglect for which the Contractor shall be liable. The Contractor shall be responsible for coordinating the installation of all mobile communications equipment. The Corporation shall be responsible for providing and maintaining emergency communication interfaces [which now exist or may be required in the future as part of the Communications System.] The Contractor shall be responsible for the costs of reinstalling mobile communications equipment in replacement vehicles upon retirement of vehicles from the initial fleet.

C. **Facilities and Equipment Furnished by Contractor**

1. **Ambulances and Other Vehicles.** Contractor shall provide such number and type of ambulances and other vehicles as are necessary to allow the Contractor to perform all of its obligations under, and to meet or exceed all performance criteria required of the Contractor by this Agreement. All costs of maintenance and repairs for the ambulances and other vehicles provided by Contractor, including parts, supplies, spare parts and inventory, labor, subcontracted services, and costs of extended maintenance contracts and extended warranties, and vehicle licenses, shall be the Contractor's sole responsibility and expense. The Contractor shall be responsible for the washing of all ambulances and support vehicles, interior and exterior. The Contractor shall be responsible for the cost of all licenses and permits for the ambulances.

2. **Supplies for Basic and Advanced Life Support Services.** The Contractor at its expense shall provide all supplies necessary and required to perform basic and advanced life support services under this Agreement.

3. **Other Equipment Provided by Contractor.** The Contractor shall provide such other equipment and facilities as are necessary to perform all of its obligations under, and to meet or exceed all performance criteria required of this Agreement. All costs of maintenance and repairs of such other equipment shall be the Contractor's sole responsibility and expense.

   (a) Stretchers. Contractor shall provide one (1) stretcher for every ambulance.

SECTION X. PERSONNEL PROVISIONS

A. **Character and Competence of Personnel.** All persons employed by the Contractor in the performance of work under this Agreement shall be competent and holders of appropriate licenses and permits in their respective trades or professions. The Contractor shall discharge or reassign outside the Primary

Service Area any employee who repeatedly engages in acts of misconduct or is chronically incompetent or negligent in the due and proper performance of such employee's duties.

B. **Reasonable Work Schedules/Working Conditions/Compensation**. While this Agreement is a "performance contract," and while the Contractor is not only allowed but required to employ its own methods and techniques for producing the required performance reliably and efficiently, the Contractor is expressly required to utilize reasonable work schedules, shift assignments, working conditions, shift-length, specific workload management standards and real-time workload management practices. The primary issues are patient care and employee safety, and the Contractor shall employ policies which ensure that field personnel working extended shifts and overtime are not without rest to an extent that might impair judgment or motor skills.

The Contractor shall not utilize sub-standard compensation levels with its employees in order to deliver the economic efficiencies necessary to profitably manage this Agreement. While the Corporation in no way intends to limit the ingenuity of the Contractor in proposing compensation programs for its employees, Rockwall ESC expects the Contractor, throughout the term of this Agreement, to provide such levels of reasonable compensation and benefits as are necessary to attract and retain qualified personnel.

C. **Professional Conduct/Courteous Service**. Rockwall ESC expects and requires professional and courteous conduct at all times from the Contractor's ambulance personnel, Communications Center personnel, middle managers and top executives. The Contractor shall address and correct any occasional departure from this standard of conduct promptly upon becoming aware of same.

D. **Non-Discrimination**. The Contractor shall comply with all applicable provisions of federal, state and local laws and regulations that prohibit discrimination. Specifically, the Contractor shall:

1. not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex or national origin. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship.

2. comply with Executive Order 11246, as amended, if applicable, and the rules, regulations and orders of the U.S. Secretary of Labor; and

3. be responsible for determining the applicability of and compliance with any federal or state regulations enacted pursuant to Executive Orders, federal legislation or amendments to legislation, and state legislation or amendments to legislation.

E. **Licensing of Personnel.** It shall be the responsibility of the Contractor to ensure that all of its personnel's licenses are maintained and kept up to date as described herein. It is understood by the Contractor that none of its employees shall be allowed to operate or function in the Primary Service Area unless all necessary licenses are in full force. The Contractor shall take measures or employ personnel to monitor all licensed personnel to ensure no non-licensed person is operating inappropriately.

F. **OSHA and Other Regulatory Requirements.** It is anticipated that during the term of this Agreement, certain regulatory requirements for occupational safety and health, including but not limited to infection control and blood borne pathogens, may be increased. The Contractor shall adopt procedures that meet or exceed all requirements for dealing with such current and future regulatory requirements. The Contractor shall be solely responsible for all costs relating to compliance with any new OSHA requirements imposed during this Agreement.

G. **Drug Free Workplace.** In order to ensure a drug free workplace, Contractor shall make every effort to combat the actual use and potential use of employees using illegal drugs. Contractor shall test employees both "For Cause" and "Randomly." Contractor shall randomly and for cause test for drugs based on a written drug testing policy to be approved by the Corporation.

1. **For Cause.** A test is required when a reasonable suspicion exists, based upon observable facts, that an employee may be impaired

2. **Random Drug Testing.** Twice annually and randomly, employees will be tested.

3. **New Employment Testing.** All new employees whether full-time or part-time will be required to be drug tested before employment becomes official.

SECTION XI. INSURANCE AND INDEMNIFICATION

A. **Insurance.** At all times during the term of this Agreement, and throughout any extension periods, the Contractor shall obtain, maintain and pay all premiums for and furnish one or more certificates of insurance to the Corporation for insurance as specified below which provides coverage for the periods covered by this Agreement. All such policies shall name "County of Rockwall Emergency

Services Corporation", each Member Jurisdiction, and the Medical Director as "Additional Named Insured's."

Each such policy shall provide that the carrier thereunder shall give Rockwall ESC sixty (60) days advanced written notice of any cancellation, change (other than the addition of property to the coverage or deletion of insured property no longer used in the performance of this Agreement), termination, failure to renew, or any change in coverage of any such policy. Ten (10) days written advance notice shall be acceptable in the event of non-payment of insurance premiums.

All insurance shall be maintained with companies: (i) holding a "General Policyholder's Rating" of A:IX or better, as set forth in the most current issue of Best's Insurance Guide, or the successor rating to A:IX or comparable rating from a reputable rating organization, and (ii) financially responsible and licensed to do business in the State of Texas by the Texas Department of Insurance. The insurance certificate or certificates delivered to the Corporation shall list all coverage's, limits, deductibles, exclusions, expiration dates and terms of policies, all carriers issuing said policies, and all endorsements whether or not required by the Corporation. The Contractor shall furnish, at the Corporation's request, a certified copy of each policy, including endorsements. The insurance requirements shall remain in effect throughout the term of this Agreement.

B. **Insurance Requirements.** Insurance coverage provided by the Contractor shall meet the following minimum requirements: All of the following coverage must be obtained prior to the signing of this agreement and must begin immediately upon the effective date of this Agreement.

1. **Workers' Compensation.** Coverage meeting the statutory limits prescribed by the laws of the State of Texas subject to the following minimums: employer's liability - $1,000,000 each accident and $1,000,000 disease each person with a $1,000,000 disease policy limit. This policy shall be endorsed to include a waiver of subrogation, or waiver of rights of recovery, in favor of all additional insured.

2. **Comprehensive General Liability.** General liability insurance with the following coverage: $2,000,000 each occurrence; $2,000,000 aggregate limit.

3. **Professional Liability Insurance.** Professional liability insurance with minimum coverage of no less than $2,000,000 per each claim. If this insurance is purchased on a claims-made basis, the Contractor shall maintain such insurance coverage continuously during the term of this Agreement and for a period of not less than five (5) years after termination of this Agreement.

4. **Vehicle Insurance**. The Contractor shall obtain, maintain and pay all premiums for commercial vehicle liability insurance on the ambulances and other vehicles hereunder with no less coverage than $2,000,000 each accident.

C. **Special Insurance Provisions**. No insurance policies required under this section above shall contain any exclusion for hazards commensurate with the services and operations provided by the Contractor under this Agreement. Deductibles or self-insurance limits shall not exceed $250,000 per occurrence for any line of coverage, unless prior written approval is granted by the Corporation. The Contractor agrees that it will maintain adequate reserves for such deductible limits at all times during the term of this Agreement. Any form of alternative coverage or risk financing measures, such as risk treatment through insurance pools, risk retention groups, or self-insurance, shall be subject to prior approval and appropriate monitoring by the Corporation. In the event any local, state, federal or other regulatory laws or requirements mandate insurance coverage's for ambulance service providers in excess of the requirements specified herein, such higher requirements shall prevail over the requirements specified herein.

D. **Indemnification by Contractor**. The Contractor agrees to indemnify, defend and hold harmless Rockwall ESC, the Medical Director, and each Member Jurisdiction, and their respective directors, officers, representatives and employees (collectively, the "Indemnified Parties") from and against all losses, liabilities, damages, lawsuits, deficiencies, claims, demands, costs or expenses, including court costs, attorneys' fees and costs of investigation ("Losses"), based upon, incurred in connection with, arising out of or otherwise in respect of (i) any injuries to or death of any person or damage to or loss of any property caused or alleged to be caused, in whole or in part, by any act, omission or neglect of the Contractor or its partners, directors, officers, employees, agents or any parties contracting with the Contractor relating to the performance of its obligations under this Agreement, (ii) any material inaccuracy in or any breach of any representation or warranty of the Contractor contained in this Agreement, or (iii) any material breach of any covenant or agreement of the Contractor contained in this Agreement. The Contractor's obligations under this indemnity shall not be limited to the limits or coverage of insurance maintained or required to be maintained by the Contractor under this Agreement.

If any lawsuit, action or proceeding (a "Third-Party Action") is filed against an Indemnified Party entitled to the benefit of the indemnity herein, written notice thereof (the "Third-Party Action Notice") shall be given by such Indemnified Party to the Contractor as promptly as practicable; provided, however, the failure of any Indemnified Party to give notice timely hereunder shall not affect its right to indemnification hereunder, except to the extent that the Contractor demonstrates actual damage caused by such failure. After such notice, the Contractor shall be entitled, if it so elects, (i) to take control of the defense and investigation of such Third-Party Action, (ii) to employ attorneys reasonably satisfactory to the

Indemnified Parties to handle and defend the same, at the Contractor's sole expense, and (iii) to compromise or settle such Third-Party Action, which compromise or settlement shall be made only with the written consent of the Indemnified Parties, such consent not to be unreasonably withheld. If the Contractor fails to assume the defense of such Third-Party Action within ten (10) days after receipt of the Third-Party Action Notice, the Indemnified Parties (upon delivery of notice to such effect to the Contractor) will have the right to undertake, at the Contractor's sole expense, the defense, compromise or settlement of such Third-Party Action on behalf of and for the account and risk of the Contractor. The Contractor shall be liable for any settlement of any Third-Party Action affected pursuant to this paragraph and for any judgment and the Contractor agrees to indemnify and hold harmless the Indemnified Parties from and against any Loss by reason of such settlement or judgment.

E. **Employment of Member Jurisdiction Employees.** Any employee of a Member Jurisdiction who is also an employee of the Contractor shall be considered exclusively an employee of the Contractor for purposes of any worker's compensation, accidental injury/death, and/or retirement or disability benefits in the event of an injury to or death of such employee while engaged in the scope of the employee's employment with the Contractor.

SECTION XII. MAJOR DEFAULT & TAKEOVER PROVISIONS

A. **Performance Security.** Due to the importance of EMS to the communities served, the Corporation must do everything possible to eliminate the potential for a system failure. This agreement incorporates a variety of performance security measures to minimize the potential for failure and to sustain uninterrupted service in the event of the failure of the Contractor. The Corporation will utilize the following methods:

1. The Corporation will pre-qualify Contractors to ensure the ability of the Contractor to fulfill the obligations of this Agreement.

2. The Contractor will agree to execute a standby lease agreement upon contract execution, which will assure the Corporation immediate access to any and all equipment and supplies and other assets that the Corporation determine are necessary for the continued operations of the system.

3. The Contractor will deposit with the Corporation an annually renewable performance letter of credit, cash escrow account, performance bond or access to the Contractor's accounts receivables in a form acceptable to the Corporation. The amount of the performance letter of credit, cash escrow account, performance bond or accounts receivables pledge shall be three

hundred thousand dollars ($300,000.00). The parties will agree that this is a reasonable amount for total liquidated damages in the event of Contractor's failure to perform, termination, or breach of contract.

B. **Major Default Defined.** Conditions and circumstances which shall constitute a Major Default by the Contractor, unless waived by Rockwall ESC in writing, shall include, but not be limited to, the following:

1. Supplying to Rockwall ESC during or after the negotiation process false or intentionally misleading material information (which the Contractor knew to be false or misleading at the time such information was delivered to the Corporation), or information so incomplete as to effectively mislead;

2. Willful falsification of material data or information supplied to County the Corporation or the Medical Director during the course of operations, including by way of example but not by way of exclusion, dispatch data, patient report data, response time data, financial data, or willful downgrading of presumptive run code designations to enhance the Contractor's apparent performance, or creating Patient Transports in order to artificially inflate run volumes, or falsification or deliberate omission of any other data or information required under this Agreement, including submission of intentionally misleading information, or information so incomplete as to effectively mislead;

3. Failure of the Contractor to operate the ambulance service system in a manner which enables the Contractor to remain in substantial compliance with the requirements of applicable federal, state, and local laws, rules and regulations;

4. Deliberate and unauthorized scaling down of operations during a lame duck period to an extent that the Contractor materially fails to comply with the terms of this Agreement;

5. Chronic failure to maintain equipment and facilities in accordance with manufacturer recommended maintenance procedures (or reasonably equivalent maintenance procedures adopted by the Contractor) and with the enhanced maintenance practices appropriate to the emergency service responsibilities of a primary Contractor of emergency medical services;

6. Except as otherwise permitted by applicable law, willful attempts by the Contractor to intimidate or otherwise punish non-management employees who desire to interview with or to sign contingent employment agreements with competing bidders during a future competitive procurement cycle;

7. Chronic failure by the Contractor to correct employees who fail to conduct themselves in a professional and courteous manner, or to present a professional appearance;

8. Failure by the Contractor to reasonably cooperate with and assist the Corporation in its takeover of the Contractor's operations after a Major Default has been declared by Rockwall ESC, as provided for herein, even if it is later determined that such default never occurred or that the cause of such default was beyond the Contractor's reasonable control;

9. Failure (to the extent described in Sections IV(D)(3) and (4)) to meet or exceed the response time standards required hereunder;

10. Failure on the part of the Contractor to substantially fulfill the End-Term provisions of this Agreement as set forth herein, including but not limited to the requirement that the Contractor shall satisfy in all material respects its remaining financial obligations to its employees and suppliers upon the termination of this Agreement;

11. Chronic failure by the Contractor to timely and properly submit reports, data generated in the course of operations, and such other material information required by the terms of this Agreement;

12. Acceptance by the Contractor of, or the knowing failure by the Contractor to correct any of its employees who have accepted any bribe, illegal kickback or consideration of any kind in exchange for any consideration whatsoever, when such consideration or action on the part of the Contractor or its employees could be reasonably construed to violate federal, state or local law;

13. Payment by the Contractor of, or the knowing failure by the Contractor to correct or prevent (if possible) any of its employees who have paid, any bribe, illegal kickback or consideration of any kind to any federal, state or local public official or consultant in exchange for any consideration whatsoever, when such consideration or action on the part of the Contractor or its employees could be reasonably construed to violate federal, state or local law;

14. Failure to purchase and maintain in force insurance meeting the material requirements set forth in this Agreement;

15. Material failure by the Contractor to comply with the performance standards;

16. The assignment or attempted assignment of this Agreement by the Contractor except as permitted;

17. Failure on the part of the Contractor to ensure that all payments are made in full and on time to any and all vendors and other parties;

18. The Contractor (i) applying for or consenting to the appointment of a receiver, custodian, trustee, intervener or liquidator of itself or of all or a substantial part of its assets, (ii) voluntarily becoming the subject of a bankruptcy, reorganization or insolvency proceeding or be insolvent or admit in writing that it is unable to pay its debts as they become due, (iii) making a general assignment for the benefit of its creditors (iv) filing a petition or answer seeking reorganization or an arrangement with creditors or to take advantage of any bankruptcy or insolvency laws, (v) filing an answer admitting the material allegations of, or consent to, or default in answering, a petition filed against it in any bankruptcy, reorganization or insolvency proceeding, (vi) becoming the subject of an order for relief under any bankruptcy, reorganization or insolvency proceeding, or (vii) failing to pay any material money judgment against it before the expiration of thirty (30) days after such judgment becomes final and no longer subject to appeal;

19 Failure to maintain a performance letter of credit, cash escrow account, or access to the Contractor's accounts receivables in a form acceptable to the Corporation.

20 Any other material failure of performance or failure to comply with the material terms of this Agreement, clinical or otherwise, which is determined by Rockwall ESC to constitute a significant endangerment to public health and safety.

C. **Default Dangerous to Public Health and Safety**. In the event the Corporation determines that a Major Default has occurred, and if the nature of the default is, in the opinion of the Corporation, such that public health and safety are or will be imminently endangered, the Contractor shall cooperate completely and immediately with the Corporation to effect a prompt and orderly transfer of all responsibilities to the Corporation or its designated contractor. Such transfer of responsibilities shall be effective within 72 hours after such finding that a Major Default endangers public health and safety.

Further, the contractor expressly agrees that, in the event of Major Default by the contractor, the contractor will work with the Corporation to assure continuous delivery of services regardless of the underlying cause of the default. The contractor agrees that there is a public health and safety obligation to assure that the Corporation is able to provide uninterrupted service delivery in the event of default even if the contractor disagrees with the determination of default.

D. **Default Not Dangerous To Public Health and Safety.** If Rockwall ESC declares the Contractor to be in Major Default on grounds other than performance deficiencies dangerous to public health and safety, the Corporation shall give the Contractor written notice describing with reasonable specificity the nature of the Major Default. Within five (5) days of its receipt of such notice, the Contractor shall deliver to the Corporation a written plan to cure such Major Default. The Contractor shall deliver to the Corporation a written update of its efforts to cure the Major Default every five (5) calendar days until such default is completely cured. If the Contractor fails to cure such noticed default within thirty (30) calendar days (or any longer period of time approved in writing by Rockwall ESC) after its receipt of notice of default (such failure to be determined in the reasonable discretion of Rockwall ESC), or if the Contractor fails to timely deliver its plan to cure such default or fails to timely update such plan, the Corporation may immediately terminate this Agreement and draw on the performance security as provided in Section XII hereof. If this Agreement is so terminated by the Corporation, the Contractor shall cooperate completely and immediately with the Corporation to effect a prompt and orderly transfer of all responsibilities to the Corporation or its designated contractor.

E. **Dispute After Transfer of Service Responsibilities.** The Contractor shall not be prohibited from disputing any finding of Major Default pursuant to Section XII; provided, however, no action or proceeding initiated by the Contractor shall have the effect of delaying, in any way, the immediate transfer of service responsibilities to the Corporation or its designated contractor. Such dispute by the Contractor shall not delay the Corporation's access to the Contractor's performance security, essential equipment, and inventory of supplies as provided in Section IX. Any action or proceeding initiated by the Contractor challenging any actions taken by the Corporation may not be initiated until after the transfer of service responsibilities has been completed, and shall not, under any circumstances, delay the Corporation's access to the performance security funds. The Contractor's cooperation with, and full support of, such transfer of the Contractor's responsibilities to the Corporation, as well as the release of performance security funds to the Corporation, shall not constitute or be construed as acceptance by the Contractor of the finding of a Major Default, and shall not in any way jeopardize the Contractor's right to recovery should a proceeding later determine that the declaration of Major Default was made in error.

F. **Incorporation of End-Term Provisions.** In the event of a Major Default by the Contractor and the termination of this Agreement by Rockwall ESC, the end-term provisions set forth in Section III shall apply.

G. **Waiver.** No failure to exercise, and no delay in exercising, on the part of the Corporation, of any right or remedy granted to it hereunder shall operate as a waiver thereof, nor shall any single or partial exercise thereof preclude any other or further exercise thereof or the exercise of any other right or remedy.

SECTION XIII. REPORTS

A. **Monthly Operations Reports.** On or before the fifteenth (15th) business day of each month, the Contractor shall furnish to the Corporation written operations reports in a format satisfactory to the Rockwall ESC, which shall summarize activities for the preceding month in the following categories:

1. First Responder Support, Training, and Continuing Education.

2. Response Time Compliance Report. The Contractor shall provide to the Corporation, or designee an accounting of response time performance relative to every request for ambulance service resulting in Patient Contact and originating within the Primary Service Area, and any requests for which the Corporation, or designee must grant a response time exemption, as provided for herein. A separate Response Time Compliance Report shall be provided for each municipality in the Primary Service Area, for information purposes only.

3. Billing and Accounts Receivables Report

B. **State Reports.** The Contractor shall retain full responsibility for capturing and accurately reporting to the Corporation, or Designee all information within its areas of responsibility necessary to comply with State of Texas reporting requirements.

C. **Annual Audit.** The Rockwall ESC may conduct an annual financial audit of any previous fiscal year, prepared by a certified public accountant of the Rockwall ESC's choosing. The Rockwall ESC will select the auditor and be responsible for the fee for said audit. The Contractor will cooperate fully in the completion of this audit and the audit shall reflect the financial information applicable to the performance of this Agreement as separate and apart from any other financial information.

D. **Miscellaneous Reports.** The Contractor shall assist the Corporation, or its designee, in preparing any miscellaneous reports requested by the Medical Director, any Member Jurisdiction, or city, county, state or federal agencies, or as reasonably requested by the Corporation, or designee.

SECTION XIV. REPRESENTATIONS AND WARRANTIES

To induce Rockwall ESC to enter into this Agreement, the Contractor represents and warrants to Rockwall ESC that:

A. **Organization and Good Standing.** The Contractor is a corporation duly organized and validly existing in good standing under the laws of the State of Texas, is duly authorized to transact business as a corporation in Texas and is in good standing in Texas, and has the power and authority to own its properties and assets and to transact the business in which it is engaged.

B. **Authorization and Power.** The Contractor has the power and requisite authority to execute, deliver and perform this Agreement; the Contractor is duly authorized to, and has taken all action necessary to authorize the Contractor to execute, deliver and perform this Agreement and is and will continue to be duly authorized to perform this Agreement.

C. **No Conflicts or Consents.** Neither the execution and delivery of this Agreement, nor the consummation of any of the transactions herein contemplated, nor compliance with the terms and provisions hereof, will contravene or materially conflict with any provisions of law, statute or regulation to which the Contractor is subject or any judgment, license, order or permit applicable to the Contractor, or any indenture, loan agreement, mortgage, deed of trust, or other agreement or instrument to which the Contractor is a party or by which the Contractor may be bound, or to which the Contractor may be subject, or violate any provision of the Charter or Bylaws of the Corporation. No consent, approval, authorization or order of any court or governmental authority or third party is required in connection with the execution and delivery by the Contractor of this Agreement or to consummate the transactions contemplated hereby.

D. **Enforceable Obligations.** This Agreement is the legal, valid and binding obligation of the Contractor, enforceable in accordance with its terms, except as limited by bankruptcy, insolvency or other laws of general application relating to the enforcement of creditors' rights.

E. **Full Disclosure.** There is no material information or fact that the Contractor has not disclosed to Rockwall ESC which could have a material adverse affect on the Contractor's ability to perform its obligations and duties under this Agreement. Neither the proposal nor any written statement delivered by the Contractor to the Corporation in connection with the negotiations of this Agreement contains any untrue statement of a material fact or omits to state any material fact necessary to keep the statements contained therein from being misleading.

F. **Location of Records.** The Contractor shall maintain all operating records and books relating to the performance of its obligations under this Agreement at the following location: 809 South Goliad Street, Rockwall, Texas 75087 (or at any other address provided prior notice of such has been given to the Corporation. After a minimum of a seventy-two (72) hour notice, the Corporation may inspect Contractor operating records and books relating existing agreement. Inspection may only commence during normal business hours.

G. **Compliance with Law.** The Contractor is in compliance with all laws, rules, regulations, orders and decrees, which are applicable to the Contractor and its operations under this Agreement.

SECTION XV. ADMINISTRATIVE PROVISIONS

A. **Non-Transferable Agreement.** This Agreement may not be assigned or transferred by the Contractor without the prior written consent of Rockwall ESC; provided, however, Rockwall ESC's consent shall not be required for any assignment to an entity wholly owned by the Contractor so long as such permitted assignee assumes in writing all of the Contractor's duties, obligations and liabilities under this Agreement. Any such permitted assignment shall not release the Contractor from any liability then existing or thereafter arising under this Agreement, including, without limitation, the Contractor's indemnification obligations hereunder. Any change in ownership of the Contractor that significantly affects control of the organization shall be considered a form of assignment of this Agreement, and must be approved by the Corporation. Provided, however, that the Corporation shall not unreasonably withhold its approval of such requested change in ownership so long as the new owners are of known financial and business integrity. Any assignment, as defined hereunder, without the Corporation's prior consent (other than an assignment permitted by the first sentence of this Paragraph A), shall be a Major Default under the terms of this Agreement and shall not convey any rights to the assignee. This Agreement may not be assigned by Rockwall ESC without the Contractor's prior written consent, such consent not to be unreasonably withheld.

B. **Rights and Remedies Not Waived.** The Contractor agrees that the work herein specified shall be completed without further compensation than that provided for in this Agreement; and that the acceptance of work hereunder and the payment therefore shall not be held to prevent maintenance of an action for failure to perform such work in accordance with this Agreement. In no event shall any payment by the Corporation hereunder constitute or be construed to be a waiver by or estoppel of the Corporation of any default or covenant or any default which may then exist on the part of the Contractor, and the making of such payment while any such default exists, shall in no way impair or prejudice any right or remedy available to estoppels with respect to such default.

C. **Severability.** In the event any provision hereof shall be declared invalid, such provision shall be deemed severable from the remaining provisions of this Agreement, which shall remain in full force and effect.

D. **Titles.** The titles to the paragraphs of this Agreement are solely for the convenience of the parties and are not an aid in the interpretation of this instrument.

E. **Consent to Jurisdiction.** Subject to the dispute resolution provisions of Section XII, the Contractor consents to the exclusive jurisdiction of the courts of the State of Texas, Rockwall County, or a federal court in Texas in any and all actions and proceedings between the parties hereto arising out of or relating to this Agreement and irrevocably agrees to service of process by any means authorized under Texas law.

F. **Costs of Enforcement.** If either estoppels or the Contractor institutes any proceeding against the other to enforce its rights pursuant to this Agreement, the actual and reasonable costs incurred by the prevailing party, including, but not limited to, reasonable and actual attorneys' fees, expenses, consultant and expert fees, or other costs incurred shall be paid by the non-prevailing party to the prevailing party, within ninety (90) days after receiving notice that such costs have been incurred and an itemized invoice with appropriate expense documentation.

G. **Integration.** This Agreement (including any the Attachments hereto) constitutes the entire agreement between the parties with respect to the subject matter hereof, and supersedes all prior understandings with respect thereto. There are no agreements, understandings, warranties, or representations between the parties with respect to the subject matter hereof except as provided herein. This Agreement may not be modified, changed or supplemented, nor may any obligations hereunder be waived, except by written instrument signed by authorized representatives of both parties.

H. **Omnibus Provision.** Until the expiration of four (4) years after the furnishing of any services pursuant to this Agreement, the parties shall make available, upon written request by the Secretary of the United States Department of Health and Human Services (or successor Agency), or upon written request by the United States Comptroller General, or any of their fully authorized representatives, this Agreement, and such books, documents, and records as are necessary to certify the nature and extent of the services rendered hereunder, and the reasonableness of the costs thereof, as paid by Rockwall ESC pursuant hereto.

I. **No Third Party Beneficiaries.** This Agreement is between the parties hereto and no others. Neither this Agreement nor any rights hereunder shall inure to the benefit of any third person or entity. No person or entity other than the parties hereto shall be entitled to enforce the provisions of, or recover damages for the breach of, this Agreement, including, without limitation, breaches related to response time requirements.

J. **Reimbursement for Expenses.** In the event the Contractor fails to perform an essential duty required under this Agreement, after notice by the Corporation and reasonable opportunity to correct such deficiency, the Corporation may perform such essential duty on the Contractor's behalf, in which case the Contractor shall reimburse the Corporation for any and all reasonable and necessary expenses,

interest, penalties, consulting fees, or other costs incurred by the Corporation in performing any essential duty of the Contractor required under this Contact within thirty (30) days after receipt of notice from the Corporation. The Corporation may not seek reimbursement of its expenses under this Paragraph J if the Corporation has drawn on the performance security under Section XII.

K. **Dispute Resolution.** Rockwall ESC and the Contractor agree that any and all claims, penalties, disputes and controversies arising out of or relating to the interpretation or enforcement of this Agreement or the operation of its terms (a "Dispute"), shall be subjected to mediation, as described herein. If the mediation proceeding is unsuccessful, either party may file a lawsuit subject to the provisions of this Paragraph K.

1. **Venue.** The parties bind themselves to mediate, and if the parties agree to arbitration, to arbitrate any Dispute in Rockwall, Rockwall County, Texas. Venue for any court action or proceeding relating to a Dispute shall be in the state or federal courts located in Rockwall County, Texas.

2. **Independent Nature of Mediator.** The mediator shall be independent of the parties and under no circumstance shall any mediator or arbitrator have any connection to or relationship with any of the parties, or their respective principals or employees.

3. **Mediation Proceeding.**

   (1) If either party desires to mediate any Dispute, such party (the "Movant") shall notify the other party (the "Respondent") of the Dispute desired to be mediated, including a brief statement of the matter in controversy. If the parties are not able to resolve the Dispute within ten (10) days after the Movant notifies the Respondent of its desire to mediate ("Mediation Notice"), then, within five (5) days immediately after the expiration of the aforesaid ten (10) - day period, the parties shall agree upon an independent mediator. The parties agree that each party shall pay one-half (1/2) of the mediator's services.

   (2) Within ten (10) days after selection of the mediator, the mediator shall call for and set a meeting among the parties and the mediator for the purpose of mediating the Dispute. If the parties are unable to resolve the Dispute within thirty (30) days after the Mediation Notice (the "Mediation Period"), the Dispute shall be decided by litigation.

4. **Jurisdiction.** The parties hereby submit to the in personam jurisdiction of the state and federal courts located in Rockwall County, Texas for the purpose of any litigation relating to a Dispute, and agree that any such

court may enter all such orders as may be necessary or appropriate to enforce the provisions hereof and/or to confirm any pre-arbitration ruling or decision or any award rendered by the arbitration panel. Any court of law of Texas or the United States of America shall enforce the decision of the panel of arbitrators (or single arbitrator, as applicable) in its entirety and only in its entirety.

L. **Conflicts of Interest**. Each party shall certify to the other that it is not violating and will not violate, either directly or indirectly, any applicable statute or ordinance prohibiting conflicts of interest. To avoid potential conflicts of interests, no member of the Corporation's Board shall receive any compensation or remuneration, directly or indirectly, from the Contractor without prior written approval from the Corporation.

M. **Relationship of the Parties**. Nothing in this Agreement shall be construed to create a relationship of employer and employee or principal and agent, partnership, joint venture, or any relationship other than that of independent parties contracting with each other solely for the purpose of carrying out the provisions of this Agreement.

N. **Notice of Litigation**. Each party shall notify the other within five (5) business days of either party first becoming aware of the filing of any litigation by or against such party or of any threatened or pending litigation, claim or other material adversarial action involving such party, which in any way, directly or indirectly, arises under or relates to this Agreement or the performance of either party's obligations hereunder. The Contractor shall also promptly notify the Corporation of any litigation, proceeding, or claim which could have a material adverse effect on the Contractor or its ability to perform its obligations under this Agreement.

O. **Governing Law**. This agreement shall be governed by and construed in accordance with the laws of the State of Texas.

P. **Time of Essence**. Time is of the essence in connection with the performance of this Agreement.

Q. **Entirety and Amendments**. This Agreement, the Attachments hereto, and the proposal (to the extent incorporated into this Agreement as provided in paragraph Q above) constitute the entire Agreement between the parties and supersede all prior agreements and understandings, including the Existing Agreement, relating to the subject matter of this Agreement. This Agreement may be amended or supplemented only by an instrument in writing executed by each party hereto.

R. **Voluntary Termination of Agreement**. Notwithstanding any other provision of this Agreement, the Contractor may provide the Corporation with ninety (90) days

written notice to terminate this agreement for any reason, subject to approval of the Corporation. If the Corporation has not selected a suitable contractor replacement at the end of the ninety (90) day period, the Contractor must continue to provide service on a "per diem" basis beginning on the ninety-first (91st) day of the period until such time as a suitable replacement emergency medical services contractor is selected.

IN WITNESS WHEREOF, the parties hereto, acting by and through their duly authorized representatives, have executed this Agreement for Ambulance Services to be effective as of the (date) (the "Effective Date").

SECTION XVI. ATTACHMENTS

Attachment #1

The Contractor will provide monthly reporting to the Board in this required reporting format (example included):

1. First Responder Support, Training and Continuing Education
2. State Reporting
3. Internal Clinical Report
4. Billing Report
5. EMS Response Time Report – Last 12 months Summary
    a. Urban Priority 1 Response Time
    b. Urban Priority 2 Response Time
    c. Rural Priority 1 Response Time
    d. Rural Priority 2 Response Time
6. Response Time Compliance Report – Fractile
    a. Priority 1 Urban
    b. Priority 2 Urban
    c. Priority 1 Rural
    d. Priority 2 Rural
    e. Late reporting explanation
7. Priority 1 Response Times by Individual Area – Information Only
    a. Rockwall
    b. Heath
    c. Royse City
    d. Rockwall County
    e. Fate
    f. McLendon-Chisolm
8. Variance Report – Use of Non paramedic personnel during Overload Status
9. Informational Report – Use of Supervisory Vehicle to stop response time clock

ATTACHMENT 2
AMBULANCE FEE SCHEDULE

Description	*Charge*
AlS-1 Emergency	$575.00
ALS-1 Non Emergency	$575.00
ALS-2	$690.00
SCT	$862.50
Mileage/Per Mile Loaded	$ 14.00
ALS Routine Disposable Supply	$ 32.08

I. Advanced Life Support, Level 1 (ALS1) – Advanced life support, level1, (ALS1) means transportation by ground ambulance, medically necessary supplies and services and an ALS assessment by ALS personnel or the provision of at least one ALS intervention.

Advanced life support assessment is an assessment performed by an ALS crew as part of an emergency response that was necessary because the patient's reported condition at the time of dispatch was such that only an ALS crew was qualified to perform the assessment. An ALS assessment does not necessarily result in a determination that the patient requires as ALS level of service.

Advanced life support intervention means a procedure that is, in accordance with State and local laws, beyond the scope of authority of an emergency medical technician-basic (EMT-Basic).

Advanced life support personnel means an individual trained to the level of the emergency medical technician-intermediate (EMT-Intermediate) or paramedic. The EMT-Intermediate is defined as an individual who is qualified, in accordance with State and local laws, as an EMT-Basic and who is also qualified in accordance with State and local laws to perform essential advanced techniques and to administer a limited number of medications. The EMT-Paramedic is defined as possessing the qualifications of the EMT-Intermediate and also, in accordance with State and local laws, as having enhanced skills that include being able to administer additional interventions and medications.

II. Advanced Life Support, Level 1 (ALS1) – Emergency – The Advanced Life Support, Level 1 – Emergency Response category is defined as the provision of ALS1 services as specified above, in the context of an emergency response.

111

Emergency response means responding immediately at the BLS or ALS1 level of service to a 911 call or the equivalent in areas without a 911 system. An immediate response is one in which the ambulance supplier begins as quickly as possible to take the steps necessary to respond to the call.

III. Advanced Life Support, Level 2 (ALS2) – The Advanced Life Support, Level 2 category is:

A. Three or more different administrations of medications by intravenous push/bolus or by continuous infusion excluding crystalloid, hypotonic, isotonic, and hypertonic solutions (Dextrose, Normal Saline, Ringer's Lactate), or transportation. Medically necessary supplies and service, and

B. The provision of at least one of the following ALS procedures:

1. Manual defibrillation/cardioversion
2. Endotracheal intubation
3. Central venous line
4. Cardiac pacing
5. Chest decompression
6. Surgical airway
7. Intraosseous line

IV. Specialty Care Transport (SCT) – When medically necessary, for a critically injured or ill beneficiary, a level of inter-facility service provided by a ground ambulance vehicle, including medically necessary supplies, that is at a level of service beyond the scope of the EMT-paramedic, SCT is necessary when a beneficiary's condition requires ongoing care that must be provided by one or more health professionals in an appropriate specialty area (for example, nursing, emergency medicine, respiratory care, cardiovascular care, or a paramedic with additional training).

112

AMENDMENT 1
TO CONTRACT FOR AMBULANCE SERVICES BETWEEN
THE COUNTY OF ROCKWALL EMERGENCY SERVICES CORPORATION AND
MEDIC RESCUE, INCORPORATED

The following section of the Ambulance Services Agreement was modified by the County of Rockwall Emergency Services Corporation Board through action taken at its regular meeting on September 22, 2010. The section was changed to read as follows:

> **Section III. (D.)(1.) Exercise/Pricing of Option**
>
> **Subsidy requests, if any, for any earned extension year must be negotiated between the parties and agreed upon by the Rockwall ESC board prior to eiqhteen (18) months of the commencement of said extension year, pending agreement with Medic Rescue. Inc.**

The above noted change was made subject to Medic Rescue's agreement to said change. Expression of agreement to the change on the part of Medic Rescue is attached as "Exhibit A" to this amendment.

113

Amendment 1, Exhibit A

ROCKWALL COUNTY
EMERGENCY MEDICAL SERVICES

809 South Goliad, Rockwall, Texas 75087, 972.772.4148

September 29, 2010

County of Rockwall Emergency Services Corporation
C/O Commissioner Lorie Grinnan, President
Rockwall Historic Courthouse
101 East Rusk
Rockwall, TX 75087

Commissioner Grinnan:

At the County of Rockwall Emergency Services Corporation meeting held on October 22, 2010, under a motion and a second, it was passed that the language in Section III.(D.)(1.), entitled Exercise/Pricing of Option, of the Contract for Ambulance Services Between the County of Rockwall Emergency Services Corporation and Medic Rescue, Incorporated, entered into on October 1, 2007 (the "Contract"), be changed as follows:

> "...Subsidy requests, if any, for any earned extension year must be negotiated between the parties and agreed upon by the Rockwall ESC board prior to eighteen (18) months of the commencement of said extension year, pending agreement with Medic Rescue, Inc."

The purpose of this letter is to inform you that Medic Rescue, Inc. is in agreement with the changes to Section III.(D.)(1.) of the Contract as set forth above. Further, in accordance with the revised language of Section III.(D.)(1.), Medic Rescue, Inc. will submit a subsidy request, to begin negotiations, no later than January 31, 2011.

We look forward to working with you and the Technical Sub-committee as we all strive to further improve Emergency Medical Services in Rockwall County. Thank you.

Sincerely,

Mitch Ownby, Vice President
Medic Rescue, Inc.

COUNTY OF ROCKWALL
EMERGENCY SERVICES CORPORATION

RESOLUTION NO. 14-03

A RESOLUTION OF THE COUNTY OF ROCKWALL EMERGENCY SERVICES CORPORATION, ADOPTING AND APPROVING THE FY 2014-2015 AMBULANCE SERVICES BUDGET FOR THE COUNTY OF ROCKWALL EMERGENCY SERVICES CORPORATION; PROVIDING AN EFFECTIVE DATE.

WHEREAS, the proposed Ambulance Services Budget for the County of Rockwall Emergency Services Corporation ("the ES Corporation") has been previously distributed to each of the member entities for review and consideration by their respective governing bodies; and

WHEREAS, having received no indication of opposition from any member entity regarding said budget proposal;

NOW, THEREFORE, BE IT RESOLVED BY THE COUNTY OF ROCKWALL EMERGENCY SERVICES CORPORATION:

Section 1. That the Ambulance Services Budget for the County of Rockwall Emergency Services Corporation for October 1, 2014 through September 30, 2015 is attached hereto as **Exhibit "A"** and made a part hereof for all purposes.

Section 2. That said Ambulance Services Budget for October 1, 2014, through September 30, 2015, for the County of Rockwall Emergency Services Corporation be, and the same is approved and adopted by the Board of Directors, as the official Ambulance Services Budget for the County of Rockwall Emergency Services Corporation for the fiscal year aforesaid.

Section 3. That expenditures during the fiscal year shall be made in accordance with the budget approved by this resolution unless otherwise amended by the County of Rockwall Emergency Services Corporation.

Section 4. This resolution shall take effect immediately upon its passage and approval, and it is so resolved.

PASSED AND APPROVED BY THE COUNTY OF ROCKWALL EMERGENCY SERVICES CORPORATION, this 24th day of September, 2014.

CERTIFICATE OF INCORPORATION
OF

County of Rockwall Emergency Services Corporation
Filing Number: 800214646

The undersigned, as Secretary of State of Texas, hereby certifies that Articles of Incorporation for the above named corporation have been received in this office and have been found to conform to law.

Accordingly, the undersigned, as Secretary of State, and by virtue of the authority vested in the Secretary by law, hereby issues this Certificate of Incorporation.

Issuance of this Certificate of Incorporation does not authorize the use of a name in this state in violation of the rights of another under the federal Trademark Act of 1946, the Texas trademark law, the Assumed Business or Professional Name Act, or the common law.

ARTICLES OF INCORPORATION
OF
COUNTY OF ROCKWALL
EMERGENCY SERVICES CORPORATION

We, the undersigned natural persons, each of whom is at least 18 years of age, a citizen of the State of Texas and a resident of the City of Fate, the City of Heath, the City of McLendon-Chisholm, the City of Mobile City, the City of Rockwall, the City of Rowlett, the City of Royse City and Rockwall County, Texas (collectively, the "Sponsoring Local Governments"), acting as incorporators of a public, nonprofit local government corporation under Subchapter D of Chapter 431, Texas Transportation Code, as amended, and Chapter 394, Texas Local Government Code, as amended (collectively, the "Act"), do hereby adopt the following Articles of Incorporation for such corporation:

ARTICLE ONE

The name of the Corporation is County of Rockwall Emergency Services Corporation (the "Corporation").

ARTICLE TWO

The Corporation is a public, nonprofit local government corporation governed by the Act.

ARTICLE THREE

The period of duration of the Corporation is perpetual.

ARTICLE FOUR

The Corporation is organized solely to carry out the purposes of the Act by aiding and acting on behalf of the Sponsoring Local Governments to accomplish certain governmental purposes of the Sponsoring Local Governments, to wit: provide emergency and public safety services, including without limitation ambulance service and dispatch and communication services.

The Corporation is formed pursuant to the provisions of the Act as it now or may hereafter be amended, which authorizes the Corporation to assist and act on behalf of the Sponsoring Local Governments to accomplish any governmental purpose of the Sponsoring Local Governments and to engage in activities in the furtherance of the purposes for its creation.

The Corporation shall have and possess the broadest possible powers granted it by the Act as it may be amended from time to time (including without limitation all powers of a corporation authorized for creation by the Texas Transportation Commission under Chapter 431, Texas Transportation Code, as amended, and all powers of a nonprofit corporation under the Texas Non-Profit Corporation Act (Article 1396-1.01 et. seq., Vernon's Texas Civil Statutes, as amended) to accomplish the purposes for which it is created and as may be determined from time to time by the Sponsoring Local Governments, whether or not so expressly stated in these Articles of Incorporation. The Corporation is a duly constituted authority and a public instrumentality within the meaning of the regulations of the United States Treasury Department

and the rulings of the Internal Revenue Service prescribed and promulgated pursuant to Section 103 of the Internal Revenue Code of 1986 (26 U.S.C. §103), as amended, and the Corporation is authorized, and has as an additional specific purpose for its organization and operation, to act on behalf of the Sponsoring Local Governments as provided in these Articles of Incorporation. However, no agreements, bonds, debts or obligations of the Corporation are or shall ever be deemed to be the agreements, bonds, debts or obligations, or the lending of credit, or a grant of public money or thing of value, of or by any of the Sponsoring Local Governments, or any other political corporation, subdivision or agency of the State of Texas, or a pledge of the faith and credit of any of them.

The Corporation is created as a local government corporation pursuant to the Act and shall be a governmental unit as that term is used in Chapter 101, Texas Civil Practice and Remedies Code. The operations of the Corporation are governmental and not proprietary functions.

No part of the Corporation's activities shall be carrying on propaganda, or otherwise attempting to influence legislation, and it shall not participate in, or intervene in (including the publishing or distribution of statements), any political campaign on behalf of or in opposition to any candidate for public office.

ARTICLE FIVE

The Corporation shall have no members and is a nonstock corporation.

ARTICLE SIX

The street address of the initial registered office of the Corporation is 1101 Ridge Road, Rockwall, Texas 75087, and the name of its initial registered agent at such address is Paulette Burks, County Clerk.

ARTICLE SEVEN

All powers of the Corporation shall be vested in a Board of Directors consisting of any number of directors, but not less than 10, as may be fixed by the bylaws of the Corporation. The Board of Directors shall be composed in its entirety of persons appointed by the governing bodies of the Sponsoring Local Governments. Appointment, removal, number and term of office for directors shall be as specified in the bylaws of the Corporation. The directors shall serve as such without compensation except that they shall be reimbursed for their actual expenses incurred in the performance of their duties as directors.

All other matters pertaining to the internal affairs of the Corporation shall be governed by the bylaws of the Corporation, so long as such bylaws are not inconsistent with these Articles of Incorporation, the Act, or any other applicable law of the State of Texas.

The Corporation and the directors shall be subject to both the Texas Open Meetings Act and the Texas Public Information Act (Chapters 551 and 552, Texas Government Code, as amended, respectively).

ARTICLE EIGHT

The number of directors constituting the initial board of directors shall be ten (10). The names and street addresses of the persons who are to serve as the initial directors and the date of

expiration of their initial terms as directors (which terms shall commence on the date these Articles of Incorporation are filed with the Secretary of State's office) are as follows:

Sponsoring Local Government	Name	Address	Expiration Date of Initial Term
City of Fate	Gerry Boren	401 E. Fate Main Place Fate, Texas 75132	April 30, 2005
City of Heath	Chris Cuny	200 Laurence Drive Heath, Texas 75032	April 30, 2005
City of McLendon-Chisholm	Steve Hatfield	1248 SH-205 South Rockwall, Texas 75032	April 30, 2005
City of Mobile City	Wanda Cooper	824 Lilac Lane Rockwall, Texas 75087	April 30, 2005
City of Rockwall	Ken Jones	385 S. Goliad Rockwall, Texas 75087	April 30, 2005
City of Rockwall	Bill Cecil	385 S. Goliad Rockwall, Texas 75087	April 30, 2005
City of Rowlett	C. Shane Johnson	P. O. Box 99 Rowlett, Texas 75030-0099	April 30, 2005
City of Royse City	George McCain	100 W. Main Royse City, Texas 75189	April 30, 2005
County of Rockwall	Bruce Beaty	1101 Ridge Road Rockwall, Texas 75087	April 30, 2005
County of Rockwall	Scott Self	1101 Ridge Road Rockwall, Texas 75087	April 30, 2005

Each of the initial directors resides within his or her respective Sponsoring Local Government.

ARTICLE NINE

The name and street address of the 24 incorporators, three of whom reside in each of the Sponsoring Local Governments, are as follows:

Sponsoring Local Government	Name	Address
City of Fate	Gerry Boren	105 E. Fate Main Place P. O. Box 31 Fate, Texas 75132
City of Fate	Rob McCoy	105 E. Fate Main Place P. O. Box 31 Fate, Texas 75132
City of Fate	Curtis Maroney	105 E. Fate Main Place P. O. Box 31 Fate, Texas 75132

Sponsoring Local Government	Name	Address
City of Heath	Chris Cuny	200 Laurence Drive Heath, Texas 75032
City of Heath	John Ratcliffe	200 Laurence Drive Heath, Texas 75032
City of Heath	Julianna Zurek	200 Laurence Drive Heath, Texas 75032
City of McLendon-Chisholm	Beverly Stibbens	1248 SH205 South McLendon-Chisholm, Texas 75032
City of McLendon-Chisholm	Mike Donegan	1248 SH205 South McLendon-Chisholm, Texas 75032
City of McLendon-Chisholm	Steve Hatfield	1248 SH205 South McLendon-Chisholm, Texas 75032
City of Mobile City	Wanda Cooper	824 Lilac Lane Mobile City, Texas 75087
City of Mobile City	Lee House	824 Lilac Lane Mobile City, Texas 75087
City of Mobile City	Sonja Bolin	824 Lilac Lane Mobile City, Texas 75087
City of Rockwall	Ken Jones	385 S. Goliad Rockwall, Texas 75087
City of Rockwall	Bill Cecil	385 S. Goliad Rockwall, Texas 75087
City of Rockwall	John King	385 S. Goliad Rockwall, Texas 75087
City of Rowlett	C. Shane Johnson	P. O. Box 99 Rowlett, Texas 75030-0099
City of Rowlett	Rick Sheffield	P. O. Box 99 Rowlett, Texas 75030-0099
City of Rowlett	Bruce Mannken	P. O. Box 99 Rowlett, Texas 75030-0099
City of Royse City	Janet Nichol	100 W. Main Royse City, Texas 75189
City of Royse City	Gary Gregory	100 W. Main Royse City, Texas 75189
City of Royse City	Ken Brown	100 W. Main Royse City, Texas 75189
County of Rockwall	Bill Bell	1101 Ridge Road Rockwall, Texas 75087
County of Rockwall	Bruce Beaty	1101 Ridge Road Rockwall, Texas 75087
County of Rockwall	Scott Self	1101 Ridge Road Rockwall, Texas 75087

ARTICLE TEN

The Sponsoring Local Governments which have caused the Corporation to be created to act in accordance with the Act are the City of Fate, the City of Heath, the City of McLendon-Chisholm, the City of Mobile City, the City of Rockwall, the City of Rowlett, the City of Royse City and Rockwall County, Texas.

ARTICLE ELEVEN

These Articles of Incorporation at any time and from time to time may be amended by either of the following methods: (1) the Board of Directors of the Corporation may file a written application with each governing body of the Sponsoring Local Governments requesting permission to amend the articles of incorporation, specifying in such application the amendment proposed to be made, and if each governing body of the Sponsoring Local Governments by appropriate resolution determines that it is wise, expedient, necessary or advisable that the proposed amendment be made and shall approve the form of the same and authorize it to be made, then the Board of Directors of the Corporation may amend the articles of incorporation by adopting such amendment at a meeting of the Board of Directors and delivering the articles of amendment to the Secretary of State, or (2) the governing bodies of the Sponsoring Local Governments may, in their sole discretion, and at any time, by appropriate resolution adopted by the governing body of each of the Sponsoring Local Governments alter or change the structure, organization, programs, or activities of the Corporation (including the power to terminate the Corporation), subject to any limitation on the impairment of contracts entered into by the Corporation, by adopting an amendment to these Articles of Incorporation and delivering articles of amendment to the Secretary of State.

ARTICLE TWELVE

No dividends shall ever be paid by the Corporation and no part of its net earnings (beyond that necessary for retirement of the indebtedness of the Corporation or to implement the public purposes of the Sponsoring Local Governments for which the Corporation has been created) shall be distributed to or inure to the benefit of its directors or officers or any person, firm, corporation or association except in reasonable amounts for services rendered or for reimbursement of actual expenses incurred in connection with the business affairs of the Corporation, except that in the event the board of directors shall determine that sufficient provision has been made for the full payment of the expenses, bonds and other obligations of the Corporation, then any net earnings of the Corporation thereafter accruing shall be paid to the Sponsoring Local Governments.

If the Corporation is a private foundation within the meaning of Section 509(a) of the Code, the Corporation (a) shall distribute its income for each taxable year at such time and in such manner as not to become subject to the tax on undistributed income imposed by Section 4942 of the Code; (b) shall not engage in any article self-dealing as defined in Section 4941 (d) of the Code; (c) shall not retain any excess business holdings as defined in Section 4943(c) of the Code; (d) shall not make any investments in such manner as to subject a to tax under Section 4944 of the Code; and (e) shall not make any taxable expenditures as defined in Section 4945(d) of the Code.

ARTICLE THIRTEEN

If the Corporation ever should be dissolved when it has, or is entitled to, any interest in any funds or property of any kind, real, personal or mixed, such funds or property or rights thereto shall not be transferred to private ownership, but shall be transferred and delivered to the Sponsoring Local Governments after satisfaction or provision for satisfaction of debts and claims.

ARTICLE FOURTEEN

Resolutions approving these Articles of Incorporation and authorizing the creation of the Corporation to act on their behalf to further the public purposes set forth in said resolution and these Articles of Incorporation have been duly adopted by the governing bodies of the Sponsoring Local Governments. The dates of the adoption of such resolutions are 04-07-03 for the City of Rockwall, Texas; 02-06-03 for the City of Heath; Texas, 04-7-03, for the City of Fate, Texas; 04-08-03 for the City of Royse City, Texas; 03-10-03 for the City of McLendon-Chisholm, Texas; 04-15-03 for the City of Rowlett, Texas; 04-25-03 for the City of Mobile City, Texas; and 04-14-03 Rockwall County, Texas.

EXECUTED this 7th day of April, 2003.

ARTICLES OF AMENDMENT

TO THE

ARTICLES OF INCORPORATION
OF
COUNTY OF ROCKWALL EMERGENCY SERVICES CORPORATION

The name of the Corporation is County of Rockwall Emergency Services Corporation (the "Corporation").

Article Four of the articles of incorporation of the Corporation is hereby amended to read as follows:

"ARTICLE FOUR

The Corporation is organized solely to carry out the purposes of the Act by aiding and acting on behalf of the Sponsoring Local Governments to accomplish certain governmental purposes of the Sponsoring Local Governments, to wit: provide emergency and public safety services, including without limitation ambulance service and dispatch and communication services.

The Corporation is formed pursuant to the provisions of the Act as it now or may hereafter be amended, which authorizes the Corporation to assist and act on behalf of the Sponsoring Local Governments to accomplish any governmental purpose of the Sponsoring Local Governments and to engage in activities in the furtherance of the purposes for its creation.

The Corporation shall have and possess the broadest possible powers granted it by the Act as it may be amended from time to time (including without limitation all powers of a corporation authorized for creation by the Texas Transportation Commission under Chapter 431, Texas Transportation Code, as amended, and all powers of a nonprofit corporation under the Texas Non-Profit Corporation Act (Article 1396-1.01 et. seq., Vernon's Texas Civil Statutes, as amended)) to accomplish the purposes for which it is created and as may be determined from time to time by the Sponsoring Local Governments, whether or not so expressly stated in these Articles of Incorporation. The Corporation is a duly constituted authority and a public instrumentality within the meaning of the regulations of the United States Treasury Department and the rulings of the Internal Revenue Service prescribed and promulgated pursuant to Section 103 of the Internal Revenue Code of 1986 (26 U.S.C. §103), as amended, and the Corporation is authorized, and has as an additional specific purpose for its organization and operation, to act on behalf of the Sponsoring Local Governments as provided in these Articles of Incorporation. However, no agreements, bonds, debts or obligations of the Corporation are or shall ever be deemed to be the agreements, bonds, debts or obligations, or the lending of credit, or a grant of public money or thing of value, of or by any of the Sponsoring Local Governments, or any other political corporation, subdivision or agency of the State of Texas, or a pledge of the faith and credit of any of them, except as otherwise may be agreed to in writing by any of the foregoing entities.

The Corporation is created as a local government corporation pursuant to the Act and shall be a governmental unit as that term is used in Chapter 101, Texas Civil Practice and Remedies Code. The operations of the Corporation are governmental and not proprietary functions.

No part of the Corporation's activities shall be carrying on propaganda, or otherwise attempting to influence legislation, and it shall not participate in, or intervene in (including the publishing or distribution of statements), any political campaign on behalf of or in opposition to any candidate for public office."

Resolutions approving this Amendment to the Articles of Incorporation have been duly adopted by a majority vote of the governing bodies of the Corporation and the Sponsoring Local Governments. The dates of the adoption of such resolutions are August 7, 2006 for the City of Rockwall, Texas, September 21, 2006, for the City of Heath, Texas, August 21, 2006 for the City of Fate, Texas, August 8, 2006, for the City of Royse City, Texas, August 14, 2006 for the City of McLendon-Chisholm, Texas, September 19, 2006, for the City of Rowlett, Texas, August 1, 2006, for the City of Mobile City, Texas, September 11, 2006, for the County of Rockwall and September 24, 2006, for the County of Rockwall Emergency Services Corporation.

BYLAWS
OF
COUNTY OF ROCKWALL EMERGENCY SERVICES CORPORATION

ARTICLE I

POWERS AND DUTIES

Section 1.01. Powers. The Corporation shall have all powers granted it by Subchapter D of Chapter 431, Texas Transportation Code, as amended (the "Act"), including all powers incorporated therein by reference, whether or not so expressly stated in these Bylaws, to provide emergency services and public safety services, including without limitation ambulance service and dispatch and communication services, on behalf of and as may be determined from time to time by the City of Fate, the City of Heath, the City of McLendon Chisholm, the City of Mobile City, the City of Rockwall, the City of Rowlett, the City of Royse City and Rockwall County, Texas (collectively, the "Sponsoring Local Governments") in a timely and efficient manner.

Section 1.02. General Services Plan. (a) The Board of Directors of the Corporation shall adopt a general services plan (the "General Services Plan") which shall set forth:

(i) the services to be provided or caused to be provided by the Corporation, and the means of providing such services, that shall be provided for the benefit of all of the Sponsoring Local Governments;

(ii) fees to be charged for any of its services;

(iii) the formula or other criteria for allocating the annual amount to be paid by each Sponsoring Local Government for the costs associated with the General Services Plan and the administrative and overhead costs of the Corporation allocable to the General Services Plan;

(iv) the service area of the General Services Plan;

(v) operating guidelines for the General Services Plan;

(vi) the location of all facilities, offices, equipment and apparatus to be used in connection with the General Services Plan; and

(vii) such other information deemed appropriate by the Board of Directors or requested in writing by a Sponsoring Local Government.

150

(b) The Board of Directors shall, at least annually, review the General Services Plan and shall revise the General Services Plan as the Board of Directors deems necessary or appropriate.

(c) The initial General Services Plan and any revisions thereof shall be submitted to the governing body of each Sponsoring Local Government for approval.

(d) A Sponsoring Local Government may request, in writing to the Board of Directors with a copy thereof sent to each of the other Sponsoring Local Governments, a change in the General Services Plan.

(e) The Sponsoring Local Governments may, at their sole discretion, revise the General Services Plan by resolution adopted by each of the governing bodies thereof.

Section 1.03. Special Purpose Services Plans. (a) Any one or more of the Sponsoring Local Governments may request, in writing to the Board of Directors with a copy thereof sent to each of the other Sponsoring Local Governments, that the Corporation provide a service or function that is not included in the General Services Plan. Each Sponsoring Local Governments shall notify the Board of Directors in writing within sixty days of the date such request is submitted to each Sponsoring Local Government whether such Sponsoring Local Government approves of such service or function. If all of the Local Sponsoring Governments approve of such service or function, the Board of Directors shall incorporate the requested service or function into the General Services Plan. If less than all of the Local Sponsoring Governments approve of such service or function, but such service or function is approved by two or more of the Sponsoring Local Governments, the Board of Directors shall appoint a committee (a "Special Purpose Service Committee") that shall consist of the members of the Board of Directors that are appointed by the Sponsoring Local Governments that approved the requested service or function.

(b) A Special Purpose Service Committee shall adopt a service plan for the service or function (a "Special Service") for which the Special Purpose Service Committee was formed (a "Special Purpose Service Plan"). The Special Purpose Service Plan shall contain, as applicable for the Special Service, the information set forth in Section 1.02(a). The Special Purpose Service Committee shall submit such Special Purpose Service Plan to the Board of Directors. If the Board of Directors approves the Special Purpose Service Plan, the Board of Directors shall submit such Special Purpose Service Plan to the governing body of each of the Sponsoring Local Governments. If two or more of the Sponsoring Local Governments approve of such Special Purpose Services Plan within sixty days of the date such Special Purpose Service Plan is submitted to each of such Sponsoring Local Governments, the Special Purpose Services Plan shall be implemented by the Board of Directors to provide the Special Service on behalf of the Sponsoring Local Governments that approved of such Special Service.

(c) Except as may otherwise be provided in a Special Service Plan, a Sponsoring Local Government that is not participating in a Special Service may opt to participate in a Special Service by providing notice to the Board of Directors. Upon such notice, the applicable Special Purpose Service committee shall revise the Special Purpose Service Plan to incorporate the provision of such

Special Service to the Sponsoring Local Government that has chosen to participate in the Special Service. The Special Purpose Service Committee shall submit the revised Special Purpose Service Plan to the Board of Directors. If the Board of Directors approves the revised Special Purpose Service Plan, the Board of Directors shall submit such Special Purpose Service Plan to the governing body of each of the Sponsoring Local Governments. If two or more of the Sponsoring Local Governments approve of such revised Special Purpose Services Plan within sixty days of the date such revised Special Purpose Service Plan is submitted to each of such Sponsoring Local Governments, the revised Special Purpose Services Plan shall be implemented by the Board of Directors to provide the Special Service on behalf of the Sponsoring Local Governments that approved of such Special Service.

(d) Except as may otherwise be provided in a Special Service Plan, a Sponsoring Local Government that is participating in a Special Service may choose to not participate in a Special Service by providing written notice to the Board of Directors setting forth the Special Service to be discontinued on behalf of such Sponsoring Local Government and the date of termination of such service. Upon such notice, the applicable Special Purpose Service Committee shall revise the Special Purpose Service Plan to discontinue the provision of such Special Service to the Sponsoring Local Government that has chosen to not participate in the Special Service and submit the revised Special Purpose Service Plan to the Board of Directors for approval.

(e) Each Special Purpose Service Committee shall, at least annually, review its Special Purpose Service Plan and shall revise such Special Purpose Service Plan as the Special Purpose Service Committee deems necessary or appropriate.

(f) A Sponsoring Local Government participating in a Special Purpose Service Plan may request, in writing to the Special Purpose Service Committee, with a copy thereof sent to each of the Sponsoring Local Governments participating in the Special Purpose Service Plan, a change in the Special Purpose Service Plan.

(g) A revision of a Special Purpose Service Plan under Subsection (e) of this Section or a requested revision of a Special Purpose Service Plan under Subsection (f) of this Section shall follow the procedures set forth in Subsection (c) of this Section with respect to approval by the Board of Directors and Sponsoring Local Governments and implementation of the revised Special Purpose Services Plan.

(h) Upon a change in the Sponsoring Local Governments that participate in a Special Services Plan, the Board of Directors shall reappoint the Special Services Committee to include only the members of the Board of Directors that were appointed by the Sponsoring Local Governments that are participating in the Special Purpose Service Plan.

Section 1.04. Funding. (a) It is recognized and acknowledged by the Board of Directors and each of the Sponsoring Local Governments that the principal source of funding for the Corporation and its operations will be fees for services and contract payments made to the Corporation by each of the Sponsoring Local Governments.

(b) At least 60 days prior to the beginning of each fiscal year of the Corporation, the Board of Directors shall adopt a proposed budget for each fiscal year, which shall include a separate budget for each Special Purpose Service Plan prepared by the applicable Special Purpose Service Committee, and submit the budget for approval to each Sponsoring Local Government.

(c) The proposed budget shall include the annual amounts to be paid by each Sponsoring Local Government to the Corporation to enable the Corporation to provide services on behalf of such Sponsoring Local Government in accordance with the General Services Plan and each Special Purpose Services Plan. Each Sponsoring Local Government shall annually enter into a contract with the Corporation, either joint or several, pursuant to which such Sponsoring Local Government will agree to pay its annual amount to the Corporation in substantially equal monthly installments; provided that each such contract shall provide that a Sponsoring Local Government may prepay all or a portion of its annual amount.

(d) Each Sponsoring Local Government shall, within ten days of the adoption of its annual budget, notify the Corporation of the amount budgeted and appropriated for the payment of the Sponsoring Local Government's annual payment. In the event any Sponsoring Local Government does not budget and appropriate sufficient funds to pay its annual amount, or defaults in the payment of any amounts due the Corporation, the Corporation shall cease to provide services on behalf of such Sponsoring Local Government, such termination of services to be effective as of the last date for which such Sponsoring Local Government made payment of its amount for services, and shall notify the other Sponsoring Local Governments of such event in writing. Except as may otherwise be provided in a Special Service Plan, any funds or other property paid or contributed to the Corporation shall remain the property of the Corporation.

(e) The Corporation shall cause its books, records, accounts and financial statements for each fiscal year to be audited by an independent certified public accountant. Such audit shall include a written management letter which details suggested management controls and operating efficiencies. Each audit shall be prepared and submitted annually to each Sponsoring Local Government within 120 days of the end of the Corporation's fiscal year. Any such audit shall be performed at the expense of the Corporation.

(f) The Corporation shall not issue or incur any bonds, notes or other obligations for borrowed money without the approval of the governing bodies of each of the Sponsoring Local Governments.

(g) A Sponsoring Local Government shall not be liable or obligated for the undertakings or obligations, including any amounts to be paid under contracts or other agreements, of any other Sponsoring Local Government.

ARTICLE II

DIRECTORS

Section 2.01. Board of Directors. The number of directors constituting the initial board of directors of the Corporation (the "Board of Directors") shall be as set forth in the Articles of Incorporation. Upon the expiration of the terms of office of the initial members of the Board of Directors, the membership of the Board of Directors shall consist of the number of directors determined in accordance with Section 2.02(a).

Section 2.02. Appointment of Directors. (a) Directors shall be appointed by the governing bodies of the Sponsoring Local Governments, as follows:

(i) Each Sponsoring Local Government with a population of 10,000 or more residing in Rockwall County shall appoint two members of the Board of Directors; and

(ii) Each Sponsoring Local Government with a population of less than10,000 residing in Rockwall County shall appoint one member of the Board of Directors.

(b) Prior to the expiration of the terms of the initial Board of Directors and prior to the expiration of the two year terms of office for Directors as provided in Section 2.03(a), the Board of Directors shall determine the population of each of the Sponsoring Local Governments in accordance with Section 7.07, and notify each of the Sponsoring Local Governments of the number of Directors to be appointed by such Sponsoring Local Government for the next ensuing two term of office.

(c) Each Sponsoring Local Government shall notify the Corporation, in writing, of its appointed director(s) and give written notice of any changes made thereto.

(d) To be eligible for appointment to the Board of Directors, a person must be at least 18 years of age and a resident of the Sponsoring Local Government that appoints such person to the Board of Directors.

Section 2.03. Term of Office; Removal; Resignations; Vacancies.

(a) Upon the expiration of the terms of the initial Board of Directors, each director appointed to serve thereafter shall hold office for a term of two years and until the director's successor has been appointed and qualified; and further provided that if any director at any time shall also be a member of the governing body, an officer or employee of a Sponsoring Local Government, then the term of such director shall never exceed the period for which such director is a member of the governing body, an officer or employee of such Sponsoring Local Government.

(b) Any director may be removed from office by the governing body that appointed such director, for cause or at will.

(c) Any director may resign at any time. Such resignations shall be made in writing and shall take effect at the time specified therein, or, if no time be specified, at the time of its receipt by the presiding officer of the governing body that appointed such director. The acceptance of a resignation shall not be necessary to make it effective, unless expressly so provided in the resignation.

(d) Vacancies in the Board of Directors shall be filled for the unexpired term by the governing body responsible for appointing that position to the Board; provided that if a position on the Board remains vacant for more than 90 days, the remaining member or members of the Board, regardless of whether the remaining member or members of the Board are sufficient in number to constitute a quorum, shall by majority vote appoint a qualified person to serve in each such position until the governing body responsible for appointing a director to such position has appointed a qualified person to such position.

Section 2.04. Powers of Corporation to be Exercised by Board. The property and business of the Corporation shall be managed by the Board which may exercise all powers of the Corporation and do all lawful acts.

Section 2.05. Place of Board Meetings. Meetings of the Board may be held at such place or places in the State of Texas as the Board from time to time may determine.

Section 2.06. Regular Board Meetings. Regular meetings of the Board may be held on such dates and at such time and places as shall from time to time be determined by the Board, without necessity of notice except as provided in Section 3.01 of these Bylaws.

Section 2.07. Special Board Meetings. Special meetings of the Board may be called by the President or Secretary on three days' notice to each director, and upon public notice as provided in Section 3.01 herein below, and shall be called by the President or Secretary also on three days' notice to each director, and upon public notice as provided in Section 3.01 herein below, on the written request of two directors. Emergency meetings may be called by the President or Secretary on two hours notice, but only upon compliance with the public notice requirements as provided in Section 3.01 herein below. Notice of each special meeting may be given in person, by telephone, electronic transmission (e.g., facsimile transmission or electronic mail) or mail. Notice by mail shall be deemed to be given at the time when the same shall be thus mailed. Notice by electronic transmission shall be deemed to be given at the time the sending party receives confirmation that the transmission has been transmitted.

Section 2.08. Quorum. At all meetings of the Board the presence of a majority of the directors shall be necessary and sufficient to constitute a quorum for the transaction of business and the act of a majority of the directors present at any meeting at which there is a quorum shall be the act of the Board, except as may be otherwise specifically provided by these Bylaws.

Section 2.09. Conduct of Business. The Board of Directors shall adopt guidelines and procedures for the conduct of its business as it deems necessary and appropriate. At meetings of the Board of Directors, matters pertaining to the purposes of the Corporation shall be considered in such order as the Board of Directors may determine from time to time. The President shall preside at all meetings of the Board of Directors; provided that in the absence of the President, the Vice President shall preside. The Secretary of the Corporation shall act as Secretary of all meetings of the Board of Directors. In the absence of the Secretary, the presiding officer may appoint any person to act as Secretary of the meeting.

Section 2.10. No Compensation Paid to Directors. Directors, as such, shall receive no compensation for services rendered as directors, but shall be reimbursed for all reasonable expenses incurred in performing their duties as directors.

Section 2.11. Committees. (a) In addition to Special Purpose Service Committees, the Board may by resolution or resolutions adopted by the Board, establish one or more committees, each committee to consist of two or more of the directors of the Corporation. Such committee or committees shall have such name or names, and such powers, as may be determined from time to time by resolution adopted by the Board.

(b) A majority of the directors appointed to a committee shall be necessary and sufficient to constitute a quorum for the transaction of business by the committee and the act of a majority of the directors present at any meeting at which there is a quorum shall be the act of the committee, except as may be otherwise specifically provided by these Bylaws.

(c) Each committee shall appoint a chairperson to preside at meetings of the committee, and such other officers as the committee shall determine.

(d) Each committee shall keep regular minutes of its proceedings and report the same to the Board when required.

ARTICLE III

NOTICES

Section 3.01. Open Meetings Act. The Board, all actions of the Board, all meetings of the Board, whether regular, special, or emergency, and all meetings of committees of the Board shall be subject to the public notice requirements of the Texas Open Meetings Act, Chapter 551, Texas Government Code.

Section 3.02. Notice to Directors. Whenever under the provisions of any statute or these Bylaws notice is required to be given to any director (other than notice of a special meeting as provided in Section 2.07), it shall not be construed to mean personal notice, but such notice may be given in writing, by mail, addressed to such director at such address as appears on the books of the Corporation, and such notice shall be deemed to be given at the time when the same shall be thus mailed.

Section 3.03. Waiver of Notice by Directors. Attendance of a director at a meeting shall constitute a waiver of notice of such meeting, except when a director attends a meeting for the express purpose of objecting to the transaction of any business on the grounds that the meeting is not lawfully called or convened. A waiver of notice in writing, signed by the person or persons entitled to said notice, whether before or after the time state therein, shall be deemed equivalent to the giving of such notice.

ARTICLE IV

OFFICERS

Section 4.01. Titles and Term of Office.

The officers of the Corporation shall be a President, a Vice President, a Secretary, a Treasurer, and such other officers as the Board of Directors from time to time may elect or appoint. The President and Vice President shall be members of the Board of Directors, however the Secretary, Treasurer and any other officers may or may not be members of the Board of Directors. One person may hold more than one office, except that the President shall not hold the office of Secretary. Terms of office shall be one year, or until the successor of such offices is elected or appointed by the Board of Directors. A person appointed as an officer of the Corporation who is not a member of the Board of Directors is not entitled to vote on a matter coming before the Board.

Section 4.02. Removal; Resignations; Vacancies.

(a) All officers shall be subject to removal from office, with or without cause, at any time by a vote of a majority of the Directors in office.

(b) Any officer may resign at any time. Such resignation shall be made in writing and shall take effect at the time specified therein, or, if no time be specified, at the time of its receipt by the President or Secretary. The acceptance of a resignation shall not be necessary to make it effective, unless expressly so provided in the resignation.

(c) A vacancy in the office of any officer shall be filled by a vote of a majority of the Directors in office.

Section 4.03. President.

The President shall be the chief executive officer of the Corporation and, subject to the Board of Directors, shall be in general charge of the properties and affairs of the Corporation; the President shall preside at all meetings of the Board of Directors; in furtherance of the purposes of the Corporation, he or she may sign and execute all contracts, conveyances, franchises, bonds, deeds, assignments, mortgages, notes and other instruments in the name of the Corporation, except where required or permitted by law to be otherwise signed and executed and except where the signing and execution thereof shall be expressly delegated by the Board to some other officer or agent of the Corporation.

Section 4.04. Vice President.

The Vice President shall have such powers and duties as may be assigned by the Board of Directors and shall exercise the powers of the President during that officer's absence or inability to act. Any action taken by the Vice President in the performance of the duties of the President shall be conclusive evidence of the absence or inability to act of the President at the time such action was taken.

Section 4.05. Secretary.

(a) The Secretary shall keep the minutes of all meetings of the Board of Directors in books provided for that purpose; he or she shall attend to the giving and serving of all notices; in furtherance of the purposes of this Corporation, he or she may sign with the President in the name of the Corporation; and/or attest the signature thereto, all contracts, conveyances, franchises, bonds, deeds, assignments, mortgages, notes and other instruments of the Corporation, except where required or permitted by law to be otherwise signed and executed and except where the signing and execution thereof shall be delegated by the Board to some other officer or agent of the Corporation; he or she shall have charge of the corporate books, records and securities of which the Treasurer shall have custody and charge, and such other books and papers as the Board of Directors may direct, all of which shall at all reasonable times be open to inspection upon application at the office of Corporation during business hours, and he or she shall in general perform all duties incident to the office of Secretary subject to the control of the Board of Directors.

(b) The Board of Directors may appoint one or more persons to serve as an Assistant Secretary, which person may, but need not be, a Director. The Assistant Secretary may perform any duty required of or granted to the Secretary in these Bylaws and/or in any resolution or order approved by the Board.

Section 4.06. Treasurer.

(a) To the extent not otherwise provided by the Board, by rules or regulations, in resolutions relating to the issuance of bonds, or in any financing documents relating to such issuance, the Treasurer shall have custody of all the funds and securities of the Corporation which come into his hands. When necessary or proper, he or she may endorse, on behalf of the Corporation, for collection, checks, notes and other obligations and shall deposit the same to the credit of the Corporation in such bank or banks or depositories as shall be designated in the manner prescribed by the Board of Directors; he or she may sign all receipts and vouchers for payment made to the Corporation, either alone or jointly with such other officer as is designated by the Board of Directors; whenever required by the Board of Directors, he or she shall render a statement of all transactions performed as Treasurer of the financial condition of the Corporation; he or she shall enter or cause to be entered regularly in the books of the Corporation to be kept by him for that purpose full and accurate accounts of all monies received and paid out on account of the Corporation; he or she shall perform all acts incident to the position of Treasurer subject to the control of the Board of Directors; he or she shall, if required by the Board of Directors, give such bond for the faithful discharge of his duties in such form as the Board of Directors may require.

(b) The Board of Directors may appoint one or more persons to serve as an Assistant Treasurer, which person may, but need not be, a director. The Assistant Treasurer may perform any duty granted to the Treasurer in these Bylaws and/or in any resolution or order approved by the Board.

Section 4.07. Compensation.

Officers as such shall not receive any salary or compensation for their services, except that they shall be reimbursed for their actual expenses incurred in the performance of their duties hereunder.

Section 4.08. Facsimile Signatures.

The provisions of the Texas Uniform Facsimile Signature of Public Officials Act shall be applicable to the Corporation, which is a duly constituted instrumentality of the District, a political subdivision of the State of Texas.

Section 4.11. Surety Bonds. The Board may require the President, Vice President, the Secretary, any Assistant Secretary, the Treasurer, any Assistant Treasurer and any other officer of the Corporation to give the Corporation bonds in such sums and with such surety or sureties as shall be satisfactory to the Board for the faithful performance of the duties of their office and for the restoration to the Corporation, in case of such person's death, resignation, retirement or removal from office, of all books, papers, vouchers, money and other property of whatever kind in such person's possession or under such person's control belonging to the Corporation.

ARTICLE V

FISCAL PROVISIONS

Section 5.01. Restrictions on Payment of Funds. No dividends shall ever be paid by the Corporation and no part of its net earnings remaining after payment of its expenses shall be distributed to or inure to the benefit of its directors or officers or any individual, firm, corporation, or association, except that in the event the Board of Directors shall determine that sufficient provision has been made for the full payment of the expenses, bonds, and other obligations of the Corporation, then any net earnings of the Corporation thereafter accruing shall be paid to the Sponsoring Local Governments. No part of the Corporation's activities shall be carrying on propaganda, or otherwise attempting to influence legislation, and it shall not participate in, or intervene in (including the publishing or distributing of statements), any political campaign on behalf of or in opposition to any candidate for public office.

Section 5.02. Execution of Financial Instruments. All checks, demands for money, withdrawals of money, notes, time and demand deposits and certificates of deposit shall be signed by the Treasurer or his designee or such other person or persons as the Board of Directors from time to time may designate by resolution or other action of the Board of Directors or as may be designated in any financing documents relating to the issuance of bonds or other obligations of the Corporation, provided that in the case of checks at least one of the authorized signatories shall be an officer of the Corporation.

Section 5.03. Fiscal Year. The fiscal year of the Corporation shall be as determined by the Board of Directors.

Section 5.04. Books and Records. The Corporation shall keep correct and complete books and records of account and shall also keep minutes of the proceedings of the Board and committees having any of the authority of the Board. All books and records of the Corporation shall be kept at the principal office of the Corporation where they shall be available to the public in accordance with the applicable provisions of the Texas Public Information Act (Chapter 552, Tex. Government Code, as amended).

Section 5.05. Staff Functions. Staff functions for the Corporation may be performed by the one or more of the Sponsoring Local Governments as directed by the Board of Directors and agreed to by such Sponsoring Local Government. The Corporation shall pay, to the extent funds of the Corporation are legally available, the amount of costs for such services from fees collected by it, as from time to time shall be billed to the Corporation by the Sponsoring Local Government.

ARTICLE VI

SEAL

The seal of the Corporation shall be as determined by the Board of Directors.

ARTICLE VII

GENERAL PROVISIONS

Section 7.01. Amendment of Bylaws. These Bylaws may be amended at any time and from time to time, provided that the Board of Directors shall first file with each governing body of the Sponsoring Local Governments a written application requesting that the governing bodies of the Sponsoring Local Governments approve such amendment to these Bylaws, specifying in such application the amendment or amendments proposed to be made. If each of the governing bodies of the Sponsoring Local Governments by appropriate resolution finds and determines that it is advisable that the proposed amendment be made, authorizes the same to be made and approves the form of the proposed amendment, the Board of Directors shall proceed to amend these Bylaws. These Bylaws may also be amended at any time and from time to time by the governing bodies of the Sponsoring Local Governments, at their sole discretion, by adopting an amendment to these Bylaws by resolution of the governing body of each of the Sponsoring Local Governments and delivering a copy of such amendment to the President or Secretary of the Board of Directors.

Section 7.02. Interpretation of Bylaws. These Bylaws and all the terms and provisions hereof shall be liberally construed to effectuate the purposes set forth herein. If any word, phrase, clause, sentence, paragraph, section or other part of these Bylaws, or the application thereof to any person or circumstance, shall ever be held to be invalid or unconstitutional by any court of competent jurisdiction, the remainder of these Bylaws and the application of such word, phrase, clause, sentence, paragraph, section or other part of these Bylaws to any other person or circumstance shall not be affected thereby.

Section 7.03. Effective Date.

These Bylaws and any amendment thereto shall become effective only upon the occurrence of the following events:

(a) the approval thereof by each the governing bodies of the Sponsoring Local Governments; and

(b) the adoption thereof by the Board of Directors.

Section 7.04. Approval or Advice and Consent of the Governing Bodies of the Sponsoring Local Governments.

To the extent that these Bylaws refer to any approval by the governing bodies of the Sponsoring Local Governments or refer to advice and consent by the governing bodies of the Sponsoring Local Governments, such advice and consent may be evidenced by a certified copy of a resolution, ordinance, order or motion duly adopted by any such governing body.

Section 7.05. Indemnification of Directors, Officers and Employees

(a) The Corporation may, upon finding of its Board of Directors that it is in the best interest of the Corporation, indemnify any person who was, is or is threatened to be made a named defendant or respondent in the proceeding, whether civil, criminal, administrative, arbitrative or investigative, including all appeals, because that person is or was a director, officer, employee or agent of the Corporation. Indemnification shall be against all expenses, including, without limitation, attorney's fees, court costs, expert witness fees, judgments, decrees, fines, penalties and reasonable expenses actually incurred by the person in connection with the proceeding, except that if the person is found liable to the Corporation or is found liable on the basis that he or she improperly received personal benefit, indemnification shall be limited to reasonable expenses actually incurred by the person in connection with the proceeding, and shall not be made in respect of any proceeding in which the person shall have been found liable for negligence or misconduct in the performance of his or her duty by the Corporation. The indemnification incurred in these By-laws shall also extend to good faith expenditures incurred in anticipation of, or preparation for, threatened or proposed litigation. The Board of Directors may, in proper cases, extend the indemnification to cover the good faith settlement of any such action, suit, or proceeding, whether formally instituted or not.

(b) The Corporation may purchase and maintain insurance, at its expense, for the Corporation against any expense, liability or loss, and on behalf of any person who is or was a director, officer, employee or agent of the Corporation or who is or was serving at the request of the Corporation as a director, officer, employee, agent or similar position, against any liability asserted against him or her or incurred by him or her in such capacity or arising out of his or her status as such, whether or not the Corporation would have the power to indemnify him or her against that liability under the Business Corporation Act Article 2.02-1. If such insurance is obtained, the insurance may be procured, maintained or established with an insurer deemed appropriate by the

Board of Directors. In the absence of fraud, the judgment of the Board of Directors as to the terms and conditions of the insurance shall be conclusive.

Section 7.06. Dissolution of the Corporation.

(a) The Corporation may be dissolved by resolution adopted by the Board of Directors and approved by each of the Sponsoring Local Governments, or the governing bodies of the Sponsoring Local Governments may at any time direct the Board of Directors to proceed with the dissolution of the Corporation, at which time the Board of Directors shall proceed with the dissolution of the Corporation in accordance with applicable Texas law and the provisions of these Articles of Incorporation; provided that all debts and claims of the Corporation have been satisfied or provided for.

(b) Upon dissolution of the Corporation, title to or other interests in any real or personal property owned by the Corporation, including any funds held by or on behalf of the Corporation, at such time shall vest in the Sponsoring Local Governments and shall be distributed to the Sponsoring Local Governments, with respect to property or funds attributable to the General Services Plan and each Special Purpose Services Plan, in proportion to the amount paid by each Sponsoring Local Government in accordance with the most recently adopted General Services Plan and each Special Purpose Services Plan.

Section 7.07 Determination of Population. The population of a Sponsoring Local Government shall be determined by annual population estimates provided by the North Texas Council of Governments.

CONSULTING AGREEMENT

THIS AGREEMENT is made by and between County of Rockwall Emergency Services Corporation ("Client") and Health Care Visions ("Consultant").

WHEREAS, it is the desire of Client to engage Consultant to perform certain consulting services in the field of emergency medical services and related areas on Client's behalf; and,

WHEREAS, it is the desire of the Consultant to undertake for Client such services on the terms and conditions as set forth herein.

NOW THEREFORE, in consideration of the mutual promises contained in this agreement and for other good and valuable consideration the receipt and sufficiency of which is acknowledged, the parties agree as follows:

1. Services. Consultant will provide for Client, EMS Consulting services as outlined in the Health Care Visions' proposal attached as Attachment 1.

2. Term. The respective duties and obligations of the parties to this agreement shall be for a period of 3 years beginning January 23, 2013 and terminating January 22, 2016. By mutual agreement this contract may be extended for two (2) additional years under the stated terms.

3. Compensation. For the services to be rendered under this agreement the Client shall pay to Consultant a monthly fee of $1,102.50 payable on the first of each month beginning on February 1, 2013. Beginning February 1, 2014 and each subsequent year on the same date, compensation will increase 3%. Compensation is inclusive of all expenses related to this project, unless specifically agreed upon by both parties. Additional work will be priced by written mutual agreement according to the rate schedule provided as Attachment 2 of the proposal.

4. Nondisclosure. Consultant will not disclose any confidential information or trade secrets of Client, regardless of whether the confidential information or trade secrets have been conceived or developed, in whole or in part, by the efforts or investment of Client or by others.

   The terms "confidential information" and "trade secrets" as used in this Agreement shall include, without limitation, the whole or any portion of confidential methods and specialized techniques of the business operations of Client and any other information concerning the business or affairs of Client, which is of a confidential character and which has not been published or otherwise become a matter of general public knowledge. All information and data received by Consultant from Client in any form or format is conclusively deemed to be confidential information unless expressly excluded from confidential information by the specific terms of this Agreement. Consultant will not breach this covenant by making any disclosure that is

required by law, so long as Consultant gives adequate notice to Client to allow Client a reasonable time to file objections with the party requesting the disclosure.

5. Intellectual Property. The Client shall be entitled to the fair use of any intellectual property rights associated with the rendition of the services but Consultant retains all other rights and privileges with respect to all intellectual property created in connection with or arising out of this Agreement and the services to be rendered hereunder.

6. Mediation. If any dispute arises between the parties out of or connected with this Agreement or the rights and duties of the parties as set forth herein on contemplated hereby, then the parties agree any such dispute, shall be submitted for nonbinding mediation before a mutually agreeable mediator prior to commencement of litigation.

7. Independent Contractor. Consultant shall be deemed an independent contractor of Client and nothing in this Agreement shall be construed to create an employment, partnership, or joint venture relationship between the parties.

8. Assignment. Neither party shall have the right to assign any of his rights or obligations under this Agreement, in whole or in part, without the written consent of the other party.

9. Limitation on Damages. Client agrees that Consultant will not be liable for Client's lost profits or other consequential damages of any kind in the event of a breach of this Agreement or other liability arising out of the services to be performed hereunder.

10. Amendment, Waiver, Entire Agreement. No amendment hereof shall be deemed valid unless set forth in writing signed by both parties. Waiver of any provision of this Agreement will not have any effect on any part of the remainder of the Agreement nor will it be construed as a waiver of that or any other provision in the future nor will it be deemed a waiver of any subsequent breach of a provision of the Agreement.

    This Agreement constitutes the entire agreement of the parties and supersedes and cancels all prior oral or written understandings or agreements. Time is of the essence in this Agreement. All amounts due under this Agreement and remaining unpaid for 20 days shall bear interest at the lesser of eighteen percent per annum or the maximum rate permitted by applicable law.

11. Notices. Any notices from one party to the other party shall be deemed valid and effective, if and only if it is in writing and is delivered by way of certified mail return receipt requested, registered mail, or nationally recognized delivery service providing proof of delivery, and, furthermore, is delivered to the party receiving the notice at the address of the party set forth below, whether or not the notice is accepted.

12. Addresses of Client/Consultant.

County of Rockwall Emergency Services Corporation 101 E. Rusk Street Rockwall, TX 75087	Health Care Visions 201 Morning Dove CT Argyle, TX 76226

13. Liaison. Client agrees to name an individual who will be the Client liaison with Consultant with the authority to act on behalf of Client. Until another individual is designated, the Client liaison is Lorie Grinnan.

14. Severability. Each provision of this Agreement is intended to be severable from the others only to the extent that if any provision or term hereof is determined to be illegal or invalid for any reason whatsoever (and cannot be modified or interpreted by a court or arbitrator to be enforceable), such illegality or invalidity shall not affect the validity of the other provisions and terms hereof:

15. Enforceability. This Agreement and any amendments hereto shall be governed by and construed in accordance with the laws of the State of Texas (except for its choice of law provisions).

16. HIPAA Compliance Health Care Visions shall carry out its obligations under this Agreement in compliance with the privacy regulations pursuant to Public Law 104-191 of August 21, 1996, known as the Health Insurance Portability and Accountability Act of 1996, Subtitle F – Administrative Simplification, Sections 261, *et seq.*, as amended ("HIPAA"), to protect the privacy of any personally identifiable protected health information ("PHI") that is collected, processed or learned as a result of the services provided to County of Rockwall Emergency Services Corporation or Rockwall County EMS by Health Care Visions.

Note: Adopted by motion of the ESC Board on 02/24/2010

Note: This Draft is designed to start the discussion on how the Board would like to see inquires handled. I tried to make it simple; avoiding a multi-step, lengthy process to what is often a simple inquiry, while still providing some level of accountability and follow trhough.

Policy: **Customer/Patient Inquires and Complaint Resolution**

Date: **February 24, 2010**

Overview:

The County of Rockwall Emergency Services Corporation contracts with Medic Rescue, Inc., for the provision of ambulance services within Rockwall County. It is the Corporation's desire and responsibility to ensure those services are provided with the highest level of customer care and service. This policy will outline the procedures the Corporation will utilize when confronted with a customer/patient inquiry or complaint.

Contacts Made Directly to the Corporation

If the Corporation receives an inquiry or complaint directly, either through the mail or in person, the Board President will direct the method of investigation/resolution, by;

- directly asking the Contractor to investigate and resolve the issue, or
- asking the Board Consultant to independently investigate/resolve the issue

Regardless of the method, a report to the Board will be made following the investigation and resolution.

Contacts made to Individual Board Members

Customer/patient inquiries may come through direct contact with any Board Member and to avoid complex procedures and delays, the Board Member may either contact the Board President or Medic Rescue directly asking for an investigation/resolution.

Regardless of the method of contact it will be Medic Rescue's responsibility to document the situation and include the inquiry and resolution as part of the Board packet the following month.

If any Board member feels the resolution to the inquiry is not satisfactory they can ask for a Consultant independent review.

DRAFT

Known EMS Related Complaints (to the County of Rockwall ES Corp. Board)
2003 - present (July, 2015)

Complaint Date	Brief Description of Complaint	Resolution Date	Description of Resolution	Additional Notes
March, 2011	unconscious patient at health club; complainant felt EMS responders did not display enough urgency	unsure	was investigated by EMS consultant to the board, Steve Athey, including review of video footage from the health club of the EMS crew responding…consultant advised that paramedics are trained to NOT outwardly display what could be construed by others as "panic" or overly heightened sense of urgency and concluded that paramedics performed just fine (including saving patient's life)	
January, 2015	possible collusion and diversion between parties (diverting to a hospital that is not the closest, distance wise, or to one that the patient does not wish to go to); Medicare billing issues related to possible fraud and abuse compliance practices (claim of over billing)	March, 2015	According to the ESC's board consultant (Healthcare Visions, Steve Athey), the complainants claims "differ wildly" from those of the ambulance crew; recommendation for a different hospital was made due to the patient asking for the crew's recommendation and the crew indicating that one of the hospitals had a higher level of trauma certification and had a certain specialty lab which could have been key to the patient's survival - EMS consultant advised this was an appropriate decision; EMS consultant concluded the billing issue did involve an error by the EMS company, but it was corrected after one phone call; he advised he did not find evidence of "collusion," "diversion," or "fraud" on the part of the EMS provider	EMS provider's investigation report indicated that in the year 2014, the number of patients transported to each of these two hospitals was as follows: Lake Pointe Medical Center: 1,461 Presby Rockwall: 2,020
May, 2007	patient alleged that initial ambulance crew on scene refused to transport him to the hospital following a motor vehicle accident, and that a second ambulance crew showed up on scene and did finally transport him; he sent a demand letter asking for compensation associated with "inconvenience and aggravation" in the initial amount of $2,500 and later at a demand amount of $7,500	June, 2007	EMS company retained an attorney who wrote the complainant back, alleging that no wrong doing took place, and indicating that the demand for financial compensation would not be met	President of the ESC at the time, County Commissioner Bruce Beaty, spoke with complainant (June, 2007) who alleged he was discriminated against, due to his race, and he proposed to settle his complaint for the sum of $5,000
February, 2013	complainant alleged that patient care of an adult male and his two year old son, who were involved in a major motor vehicle accident that consisted of their SUV rolling over, was inadequate and he questioned its appropriateness given the seriousness of the accident and the circumstances surrounding the adult's condition. In lieu of ground transport, the complainant (a trained firefighter and EMT) suggested the adult patient should have been air lifted rather than driven by ambulance. Also, the 2 year old should have been placed on a back board and had his spine mobilized, and he also should have been transported to the hospital to be evaluated. EMS initially was not planning to transport the child or have him checked out. They only agreed to transport after the father instructed them to do so.	April, 2013	EMS company reported to the ESC board president the details of the call timing, including initial call, response time and time on scene. Explanation was given as to scene assessment upon arrival. Report explained that 2 year old had been initially found restrained in car seat in the second row of the vehicle near the vehicle's center of gravity but was being held on scene by a bystander about 25 feet away from the vehicle when EMS arrived. Child was assessed by paramedics and found to be void of injury. Child was subsequently assessed by paramedic supervisor and was found to have had no physical injuries. Child and adult parent were both transported by ground to Dallas.	

169

Complaint Date	Brief Description of Complaint	Resolution Date	Description of Resolution	Additional Notes
February, 2013	City of Rockwall dispatch complained to the ESC board that the EMS company's dispatch did not immediately answer a 911 call being transferred to them; after 14 rings, a subsequent attempt to transfer the call took place with the EMS dispatcher finally answering. Complainant also expressed concern about the ambulance not being equipped with a RPD radio, as the responding Police Officer wanted to communicate with the ambulance driver but could not do so. There was confusion over who was responsible for procuring a radio for installing in the (somewhat) new ambulance (was the city responsible for its purchase, or was Medic Rescue?)	March, 2013	EMS contractor indicated the dispatcher claimed to have not heard the line ringing. The dispatcher was given a letter of reprimand. Contractor indicated that the phone line "bells" would be moved to a designated rest area, the audible decibel level would be increased, and a visible alert would be added. Additionally, contractor indicated they were interviewing for an office staff person who would be hired to help alleviate some phone duties during the week in order to free up dispatcher(s).	
February, 2013	City of Rockwall dispatch complained that EMS dispatch had been difficult to contact regarding a 911 EMS call and that then there was difficulty associated with the EMS crew locating a certain address in Heath	March, 2013	EMS company reported that the correct physical address was provided for the caller's location, who was at a Shell gas station; however, the incorrect 'cross streets' were relayed by PD dispatch, and there was also a Shell gas station located at that (incorrect) intersection. Contractor indicated that the phone line "bells" would be moved to a designated rest area, the audible decibel level would be increased, and a visible alert would be added. The contractor had reported this "late call" to the ESC board during its January 2013 monthly report	

170

Complaint Date	Brief Description of Complaint	Resolution Date	Description of Resolution	Additional Notes
January, 2007	Complainant alleges that she and her husband called 911 due to a severe nose bleed. Paramedics arrived and they were completely satisfied; however, the next night they had to call 911 again for the same issue, and approximately 20 mins. passed with no ambulance showing up. This caused them to leave their home, on their own, and drive themselves to the hospital where it was determined the patient had lost a lot of blood, and he remained in ICU for 2 days and a regular room for 1 additional day.	Jan.2007	EMS supervisor investigated and found that there were two ambulance units on duty that night. One of the units had to be dispatched to what ended up resulting in a transport to Dallas. In triaging the calls, based on the information received by the EMS dispatcher, it was determined that this particular call was 'low priority,' so the remaining ambulance was kept "free" in case it was needed for a life threatening, critical call that may have come in until which time as the other ambulance could return from Dallas. EMS supervisor indicated that perhaps this was not the best choice, in hindsight, that their staff had discussed procedures to ensure it doesn't happen again, and he apologized to the patient. Complainant forwarded complaint and company's reply to City of Rockwall mayor and city manager at the time, and the ESC's board consultant, Steve Athey, subsequently investigated the complaint. EMS consultant to the ESC board found that an initial 'hang up call' came into PD dispatch. PD dispatch returned the hang up call, and caller advised he was trying to get his nose to stop bleeding, so PD dispatch hung up with caller, indicating help would be on its way, and then called EMS dispatch. PD dispatcher then called EMS dispatch to relay call information (call was never transferred and EMS dispatch never spoke directly to the caller). PD dispatcher relayed to EMS dispatcher that caller was conscious and alert and that no medical interrogation or further questioning occurred. EMS dispatch's recording mechanism was not working in the dispatch center, so no recordings of the call were made. Also, the EMS dispatcher did not initiate an "electronic dispatch card" at the time of the call. A card was not initiated until 41 minutes after the time of the call, which is not standard protocol. Dispatcher relayed in an incident report that the patient had "minor bleeding of stitches, post surgery, of the nose," but had never actually spoken to the patient or caller directly before making this acertation. EMS Consultant, Steve Athey, made a series of 6 recommendations regarding policy changes that should be implemented in order to avoid a repeat of this type of scenario occurring (i.e. consider becoming a secondary PSAP to handle call transfers; require an electronic dispatch card to be imitated at the time of call, and ensure dispatchers follow this policy; audio record every call; have medical director hold a mandatory in-service training with all dispatchers w/in 60 days regarding call prioritization; as part of the company's "Quality Improvement" process, have an 911 call that is prioritized as 'lower priority' be subsequently reviewed by the medical director to ensure proper call handling and triage

MINUTES
ROCKWALL CITY COUNCIL
Monday, July 06, 2015
4:00 p.m. Regular City Council Meeting
City Hall - 385 S. Goliad, Rockwall, Texas 75087

I. CALL PUBLIC MEETING TO ORDER

Mayor Pruitt called the meeting to order at 4:00 p.m. Present were Mayor Jim Pruitt, Mayor Pro Tem Dennis Lewis, and Council Members David White, Mike Townsend, Scott Milder and Kevin Fowler. Also present were Assistant City Managers Mary Smith and Brad Griggs and City Attorney Frank Garza. City Manager Rick Crowley was absent from the meeting.

II. WORK SESSION

1. Hold Work Session to discuss the Public Outreach Action Plan for reconstruction of South Lakeshore Drive/Summit Ridge Drive from SH 66 to FM 740, and take any action necessary.

City Engineer Tim Tumulty provided a brief presentation to the city council concerning the reconstruction of this stretch of roadway. Mayor Pruitt generally expressed a desire to have sidewalks or some sort of separation between the vehicular traffic and individuals walking between the street and the houses along the stretch of Summit Ridge Dr. Mr. Tumulty expressed that some portion of people's front yards, including some trees and the need for retaining walls all make the idea of sidewalks a little challenging. Mayor Pruitt encouraged getting the residents' input concerning their preference for sidewalks versus no sidewalks. Mayor Pruitt expressed concern about when traffic accidents occur on IH-30 and drivers come through this area in order to cut over to SH-66, indicating that there is typically a long line of traffic that results. The city's consultant, Brad Tribble with Kimley Horne, came forth and explained various ways that the roadway might be designed in order to create various "friction" techniques to dissuade drivers from wanting to use this roadway as a cut-across if and when accidents on IH-30 occur.

Mr. Tumulty indicated that as part of this Public Outreach Action Plan, he plans to ask residents to answer survey questions electronically. Mayor Pro Tem Lewis encouraged the use of paper surveys in addition to electronic ones for some residents who may not be inclined to answer a survey electronically. Councilmember Milder shared that he is in support of conducting a resident survey. He also supports sidewalks and anything that might slow down drivers. Councilmember White stressed that he is most interested in gleaning feedback from the residents that actually live along this roadway in this neighborhood.

Mr. Tumulty indicated that he believes the city may be faced with updating the water/sewer lines in this area before a new street and/or sidewalks are (re)built, and he feels confident that citizen feedback will echo this need.

Councilmember White and Mayor Pruitt summarized that council would like to see staff conduct a survey(s) as well as hold a public town hall meeting to glean resident input on

this project. Mr. Tumulty indicated that he would like to start with asking for feedback from homeowner/property owners whose property directly abuts the roadway and then widen the survey further thereafter to glean additional input. The council generally agreed with this plan. Councilmember White stressed that he does not believe Mr. Tumulty could ask for and obtain too much resident feedback, as he feels this is very important. After the discussion, no formal action was taken concerning this agenda item.

2. Hold Work Session to discuss potential regulations regarding the use and operation of golf carts, and take any action necessary.

Councilmember Fowler asked if the city has to have an ordinance in place in order for residents to operate golf carts within residential neighborhoods. City Attorney Frank Garza indicated that, no, no ordinance is needed for individuals to operate golf carts. Councilmember Hohenshelt generally indicated that he does not really see the need to pass an ordinance, especially since there doesn't appear to be an overabundance of complaints or much of a problem. Mayor Pruitt asked if there is a state law calling for a certain age limit before a person can operate a golf cart. Mr. Garza indicated that, no, currently there is no state prescribed minimum age limit. Councilmember Fowler asked if the city would assume any liability if no ordinance is passed. Mr. Garza indicated that, no, the city assumes no liability either way, pointing out that a local government has 'governmental immunity' anyway.

Discussion ensued regarding operating golf carts in master planned communities. Mr. Garza indicated that any local ordinance that might pass would not apply to master planned communities in the city because state law allows their operation in master planned communities whether they're gated or not gated. Mayor Pruitt asked if a golf cart driver could cross a state roadway to get from one master planned community over to another. Mr. Garza indicated that a driver could do this as long as doing so is within a 2 mile radius of a golf course.

To clarify, Councilmember Townsend summarized that this ordinance would only apply to those residents not located in a master planned community, not living in a PD, and not located within 2 miles of a golf course. Mr. Garza concurred. Garza went on to indicate that a health and safety restriction probably could be applied, but he would have to check on this. However, such ordinance regulations would still not apply in a master planned community. Several city council members generally expressed that perhaps an ordinance is not needed at this time, as complaints about this issue are not prevalent and are very few. No action was taken concerning this item.

At 4:38 p.m., Mayor Pruitt read the below listed items (1-8) into the public record before recessing the meeting into Executive Session.

III. EXECUTIVE SESSION.

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding Economic Development prospects pursuant to Section 551.087 (Economic Development)
2. Discussion regarding Agreement for Municipal Court Judge pursuant to Section 551.074 (Personnel Matters) and Section 551.071 (Consultation with Attorney)
3. Discussion regarding purchase or lease of real property / land acquisition in the north part of the city for municipal purposes pursuant to Section § 551.072 (Real Property).
4. Discussion regarding possible development-related legal claim in the vicinity of Bourne Street pursuant to Section 551.071 (Consultation with Attorney)
5. Discussion regarding the city's concession agreement with Suntex Marina / Suntex RHCL Marina, LLC pursuant to Section § 551.071 Consultation with Attorney)
6. Discussion regarding possible legal claim related to Oncor pursuant to Section 551.071 (Consultation with Attorney)
7. Discussion regarding status of Rockwall Harbor Landing, Inc. vs. City of Rockwall pursuant to Section 551.071 (Consultation with Attorney).
8. Discussion regarding (re)appointments to city regulatory boards, commissions, and committees including the Building and Standards Commission and Board of Adjustments pursuant to Section 551.074 (personnel matters)

IV. ADJOURN EXECUTIVE SESSION

Executive Session was adjourned at 5:20 p.m.

V. RECONVENE PUBLIC MEETING

The public meeting reconvened at 6:00 p.m.

VI. TAKE ANY ACTION AS A RESULT OF EXECUTIVE SESSION

Mayor Pro Tem Lewis made a motion to reappoint Kathy Mason Penn to serve as Municipal Court Judge. Councilmember White seconded the motion, which passed unanimously (7 ayes to 0 nays).

Mayor Pro Tem Lewis made a motion to appoint David Mallard to serve as Associate Municipal Court Judge. Councilmember Milder seconded the motion, which passed unanimously (7 ayes to 0 nays).

Mayor Pro Tem Lewis made a motion to approve a settlement of a legal claim with Dewayne Cain in the amount of $11,664.01. Councilmember White seconded the motion, which passed unanimously (7 ayes to 0 nays).

VII. INVOCATION AND PLEDGE OF ALLEGIANCE – COUNCILMEMBER HOHENSHELT

Councilmember Hohenshelt delivered the invocation and led the Pledge of Allegiance.

VIII. OPEN FORUM

Charles Miller
821 Zion Hills Circle

Rockwall, TX

Regarding the potholes on FM-549 and IH-30, Mr. Miller expressed thanks to the city's pothole repair staff person in the Streets Department, expressing that it seems like something may be happening to address pothole concerns in this area. He went on to state that the weeds coming into town on SH-66 and along IH-30, as well as along other roadways within the city, are out of control and need to be addressed. He also has had recent problems with bulk pick up by the city's trash provider.

Martin Ramirez
Rockwall County EMS
809 S. Goliad
Rockwall, TX

Mr. Ramirez came forth indicating that he would like to speak to the council about the possible rescinding of the city ordinance related to exclusivity of EMS service provision. He pointed out that rescinding this ordinance would open up the flood gates to allow any provider to come in and service any of the twelve medical facilities in Rockwall, including Presby, Baylor, nursing homes and assisted living centers. He went on to explain that because of the exclusivity ordinance being in place, Rockwall County EMS has been able to cut subsidy costs by about 20% or just under $100,000 for the most recent year. He generally expressed that revocation of this ordinance would likely result in more subsidy money being requested on an annual basis.

Richard Langley
2401 Sandstone Court
Rockwall, TX

Mr. Langley indicated that he previously spoke before Council expressing concern about drainage associated with the project the council is considering approving along John King Boulevard. He thanked the staff, including Mr. LaCroix, for assuring him that the drainage will be safe. Regarding the issue of raising chickens, he encouraged the council to consider shortening the time that residents have to speak on matters like this because doing so would allow the Council an ability to address their concerns in a more timely fashion.

Mrs. Smith
609 Amherst
Rockwall, TX

Regarding the draft golf cart ordinance that is being considered on Action Items this evening, she thanked the council and staff for the work that's gone into this ordinance draft. She went on point out a few, scrivener's errors that were in need of correction. In addition, she pointed out that ATVs have to have an orange, reflective flag attached on a 6-8' pole, and she encouraged the council to consider adding a similar provision for placement on golf carts. She also suggested that the council consider adding break lights as a requirement for golf carts 24 hours/day. She is glad that the council's draft ordinance includes a provision that a driver be a licensed driver or that they successfully complete a required driver's safety course. She wanted drivers to be required to carry proof of either / both with them when driving a golf cart.

IX. CONSENT AGENDA

1. Consider approval of the minutes from the June 15, 2015 regular city council meeting, and take any action necessary.

2. **Z2015-018** - Consider approval of an **ordinance** for a request by Herman Douglas Utley for a zoning change from a Single Family Estate 2.0 (SFE-2.0) District to a Single Family Estate 1.5 (SFE-1.5) District for a 4.502-acre tract of land identified as Tract 1 of the S. R. Barnes Survey, Abstract No. 13, City of Rockwall, Rockwall County, Texas, zoned Single Family Estate 2.0 (SFE-2.0) District, situated within the SH-205 By-Pass (SH-205 BY OV) District, addressed as 1815 E. Old Quail Run Road, and take any action necessary. **(2nd Reading)**

3. **Z2015-017** - Consider approval of an **ordinance** for a request by Jonathan Hake of Cross Engineering Consultants, Inc. on behalf of the owner Kenneth R. Smith of K. R. Smith Holdings, LLC for a Specific Use Permit for Commercial Amusement/Recreation (Outside) to allow a baseball training facility to be constructed on a six (6) acre tract of land identified as Tract 4-07 of the N. Butler Survey, Abstract No. 20, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the SH-205 By-Pass Corridor Overlay (SH-205 BY-OV) District, located on the north side of Airport Road west of the intersection of Airport Road and John King Boulevard, and take any action necessary. **(2nd Reading)**

4. **P2015-019** - Consider approval of a request by Harold Fetty of H. D. Fetty Land Surveyor, LLC on behalf of the owner Doug Utley for the approval of a final plat for Lots 1 & 2, Block A, Utley Addition 4.49-acre parcel of land currently identified as Tract 1 of the S. R. Barnes Survey, Abstract No. 13, City of Rockwall, Rockwall County, Texas, zoned Single Family Estate 2.0 (SFE-2.0) District, situated within the SH-205 By-Pass Overlay (SH 205 BY-OV) District, addressed as 1751 & 1815 E. Old Quail Run Road, and take any action necessary.

5. **P2015-020** - Consider approval of a request by Caprice Michelle of Rockwall Rustic Ranch, LLC for the approval of a replat for Lot 1, Block A, Rockwall Rustic Ranch Addition being a 0.53-acre parcel of land currently identified as Lot B, Block 123, B. F. Boydston Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential Office (RO) District uses, situated within the North Goliad Corridor Overlay (NGC OV) District, addressed as 406 N. Goliad Street, and take any action necessary.

6. **P2015-027** - Consider approval of a request by Jimmy Strohmeyer of Strohmeyer Architects, Inc. on behalf of Dr. Umar Burney of the North Dallas Rockwall Land Investors, LLC for the approval of a replat for Lot 3, Block A, Ridge/Summer Lee Addition being a replat of 1.6121-acre tract of land identified as Lot 2, Block A, Ridge/Summer Lee Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 9 (PD-9) for General Retail (GR) District land uses, located at the southwest corner of the intersection of Oak Drive and Summer Lee Drive, and take any action necessary.

7. **P2015-028** - Consider approval of a request by David Greer of Bannister Engineering on behalf of Ben McMillian of Ben McMillian Properties, LLC for the approval of a replat for Lot 1, Block A, Hazel and Olive Addition being a 0.421-acre tract of land composed of two (2) parcels of land identified as Block 19A & 19B, Amick Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses, addressed as 503 N. Goliad Street [SH-205], and take any action necessary.

8. Consider authorizing the expenditure of funds from insurance claim proceeds in the amount of $195,955.00 to make needed repairs at the Harbor boat docks and a contingency fund of $10,000 from insurance claim proceeds, and take any action necessary.

9. Consider authorizing the city manager to enter into an agreement for the purchase of upgrades to the recreation facility and reservation system software in the amount of $18,764.62 to be funded by Recreational Development Funds, and take any action necessary.

10. Consider authorizing the city manager to execute a contract with Binkley & Barfield, Inc. to perform the engineering design services for the Greencrest Drive Water Line Replacement Project in the amount of $49,070 to be funded out of the 2008 water and sewer revenue bonds, and take any action necessary.

Councilmember Lewis pulled item #8 for further discussion. Councilmember Milder then made a motion to approve the remaining Consent Agenda items (#1, 2, 3, 4, 5, 6, 7, 9 and 10). Mayor Pro Tem Lewis seconded the motion. The ordinances were read as follows:

CITY OF ROCKWALL
ORDINANCE NO. 15-19

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED SO AS TO FURTHER AMEND THE ZONING MAP TO ADOPT A CHANGE IN ZONING FROM A SINGLE-FAMILY ESTATE 2.0 (SFE-2.0) DISTRICT TO A SINGLE-FAMILY ESTATE 1.5 (SFE-1.5) DISTRICT FOR A 4.502-ACRE TRACT OF LAND IDENTIFIED AS TRACT 1 OF THE S. R. BARNES SURVEY, ABSTRACT NO. 13, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE SPECIFICALLY DESCRIBED IN *EXHIBIT 'A'* OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

CITY OF ROCKWALL
ORDINANCE NO. 15-18
SPECIFIC USE PERMIT NO. S-138

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) ALLOWING FOR A COMMERCIAL AMUSEMENT/RECREATION FACILITY (OUTDOOR) AND MORE SPECIFICALLY A BASEBALL TRAINING FACILITY, WITHIN A COMMERCIAL (C) DISTRICT, BEING A SIX (6) ACRE TRACT OF LAND IDENTIFIED AS TRACT 4-07 OF THE N. BUTLER SURVEY, ABSTRACT NO. 20, AND GENERALLY LOCATED ON THE NORTHWEST QUADRANT OF AIRPORT ROAD AND JOHN KING BOULEVARD, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS, AND MORE SPECIFICALLY DESCRIBED IN EXHIBIT 'A' AND

AS DEPICTED IN EXHIBIT 'B'; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion passed unanimously of council (7 ayes to 0 nays).

Regarding Consent Agenda Item #8, Mayor Pro Tem Lewis asked why the repairs associated with this project/expenditure were not placed out for bid. Assistant City Manager Brad Griggs indicated that the damage at the boat docks presents a need for immediate, emergency repairs because delaying the repairs may impede public safety. So, since the need is an emergency need, and since the boat docks were a custom-made product by a certain vendor, bids were not requested. Mayor Pro Tem Lewis then made a motion to approve Consent Agenda item #8. Councilmember White seconded the motion, which passed unanimously of council present (7 ayes to 0 nays).

X. APPOINTMENTS

1. Appointment with the Planning and Zoning Chairman to discuss and answer any questions regarding cases on the agenda and related issues and take any action necessary.

Chairman of the Planning & Zoning Commission, Craig Renfro, came forth and briefed the city council on recommendations of the Commission relative to the Public Hearing item on tonight's council meeting agenda. He indicated that Commissioner Conley and Commissioner Logan were not in attendance when this item was recently heard at the Planning & Zoning Commission Meeting. He stated that the P&Z Commission agreed by a vote of 3 in favor, 2 against to table this item at the request of the applicant. He explained that this is for a request to change zoning to allow for about 560 residential lots just west of the Rockwall Technology Park. He indicated that the applicant had previously explained, during a work session, that a baseball complex of some sort would be included with this development along with a location for the Boys & Girls Club and a generous donation of land to the city. However, when the zoning case came forward, the baseball complex had been removed from the proposal, as well as the Boys & Girls Club aspect, and the donation of land was discovered to be relatively unusable land located in a flood plain. He explained that these changes were not well received by some of the P&Z Commissioners. They also do not like front yard setbacks of 15' (instead of 20') that are being proposed, and they have concerns about traffic flow. They are also not comfortable with the proposed trail system access, and the fire department access being proposed was not sufficient either. So, the applicant requested that this item be tabled to allow them some time to make some revisions to be brought back for consideration. Therefore, the P&Z tabled this item.

Following Mr. Renfro's comments, the Council took no action related to this appointment item.

XI. PUBLIC HEARING ITEMS

1. **Z2015-016** - Hold a public hearing to discuss and consider approval of an **ordinance** for a request by Stacey McVey of Double Eagle Properties on behalf of the owner 308 ON 276 LP for a zoning change from an Light Industrial (LI) District to a Planned Development District for Single Family

10 (SF-10) and General Retail (GR) District land uses, on a 316.315-acre tract of land identified as Tract 1 of the M. E. Hawkins Survey, Abstract No. 100, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, located at the northeast corner of the intersection of Rochelle Road and SH-276, and take any action necessary. **(1st Reading)** ***(postponed due to P&Z Commission tabling)***

Mayor Pruitt announced and acknowledged that this case has been postponed. Therefore, no action was taken by council concerning this agenda item at this time.

XII. ACTION ITEMS

1. **Z2015-014** - Discuss and consider approval of an **ordinance** for a request by Cole Franklin of the Skorburg Company on behalf of the owner of the Lonnie Gideon Estate for a zoning change from an Agricultural (AG) District to a Planned Development District for Single Family 10 (SF-10) District land uses, on a 29.192-acre tract of land identified as a portion of Tract 1-01 of the S. R. Barnes Survey, Abstract No. 13, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the 205 By-Pass Corridor Overlay (205 BY-OV) District, located at the northeast corner of the intersection of E. Quail Run Road and John King Boulevard, and take any action necessary. **(2nd Reading)**

Regarding this item, Councilmember White made a motion to approve Z2015-014. Councilmember Hohenshelt seconded the motion. The ordinance was read as follows:

CITY OF ROCKWALL
ORDINANCE NO. 15-20

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO CHANGE THE ZONING FROM AN AGRICULTURAL (AG) DISTRICT TO PLANNED DEVELOPMENT DISTRICT 77 (PD-77) FOR SINGLE FAMILY 10 (SF-10) DISTRICT LAND USES ON THE SUBJECT PROPERTY, BEING A 29.192-ACRE TRACT OF LAND IDENTIFIED AS A PORTION OF TRACT 1-01 OF THE S. R. BARNES SURVEY, ABSTRACT NO. 13, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED HEREIN BY *EXHIBIT 'A'*; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion passed by a vote of 6 in favor with 1 against (Townsend).

2. Discuss and consider approval of an **ordinance** adding Sections 26-290 to 260-296 "Operation of Golf Carts" to Chapter 26. Motor Vehicles and Traffic, Article IV. Bicycles, Golf Carts and Play Vehicles, Division 5 of the Municipal Code of Ordinances to authorize the operation of golf carts within the city limits, and take any action necessary. **(1st reading)**

City Attorney Frank Garza provided brief comments, indicating that, per council's direction at the last meeting, some changes were made to the previously proposed golf cart ordinance related to operation of golf carts on city streets. He pointed out that, by state law, the city may not regulate golf carts within a master planned community or if the golf carts being operated are located within two miles of a golf course.

Councilmember Milder pointed out that, during the work session that took place earlier this afternoon, it was discussed that passing an ordinance like this would not affect very many neighborhoods in the city because a lot of the neighborhoods are located within master planned communities.

After brief comments by Milder, no motion was presented, so no action was taken concerning this agenda item.

3. Discuss and consider the provisions of Chapter 12. Businesses & Sales, Article XII. Ambulance Service of the Code of Ordinances, and take any action necessary.

Mayor Pro Tem Lewis asked for clarification regarding if he needs to recuse himself from this discussion item because his wife is a nurse at Presbyterian Hospital. Mr. Garza indicated that, unless his wife has direct input regarding the selection and use of an ambulance service provider, there is not a need for him to recuse himself. Lewis indicated that his wife does not have any input regarding the provision of ambulance service, so he stayed for the discussion.

Mayor Pruitt then provided detailed background information related to this agenda item, explaining the city's existing 'exclusivity ordinance' and how it impacts the local hospitals and the countywide ambulance service provider, both with regards to keeping the ordinance in place and regarding revoking it.

Mayor Pro Tem Lewis, who serves on the countywide Emergency Services Corporation Board (ESC) with Mayor Pruitt, provided brief comments as well, indicating that he understands that revoking our city ordinance may in fact result in Medic Rescue (service provider in the county) having to ask for an increased subsidy from the ESC in future years. He explained that Royse City was considering instituting an exclusivity ordinance; however, their city attorney advised against it because he believed it would create a monopoly. He pointed out that various cities around Ft. Worth who contract with MedStar maintain similar exclusivity ordinances; however, he is personally in favor of our city revoking its exclusivity ordinance.

City Attorney Frank Garza spoke briefly about how some of the other cities he represents do have exclusivity provisions in place regarding emergency transports, but that they generally do not have exclusivity provisions in place regarding non-emergency transports.

Councilmember Fowler pointed out that he does not believe it is a 'monopoly' any more than the city contracting exclusively with a trash service provider is a monopoly. The only difference is that a citizen does not commit a criminal offense if they use a different provider to pick up their trash. Fowler indicated that he would like to see a lot more information, have more extensive discussion and more time to consider this issue before voting to repeal the current ordinance.

Councilmember Townsend asked the city attorney for clarification regarding if the city could possibly amend the ordinance to still keep the exclusivity provision in place, yet not make it a criminal offense to violate its provisions. He expressed that he does have some level of concern with opening up the door to ambulance service providers with

whom our city is not familiar and does not have knowledge of regarding their level of service and care.

Councilmember White indicated that he also does not feel he has enough information to take action on this agenda item this evening. He has never heard or personally received any complaints from the hospitals or any citizens or members of the public concerning Medic Rescue's service. He would like to see staff, Pruitt and Lewis assimilate additional information on past history that has transpired related to this issue. He would also like to see Mary Smith prepare some information on the potential financial impact. Pruitt indicated that Smith won't be able to do so because she does not have access to Medic Rescue's business financials. Pruitt indicated that the only thing the Council has been given in regards to the potential financial impact is Medic Rescue's email today stating that if they cannot keep Presby's business, they will lose $600,000 per year.

Councilmember Fowler indicated that he would like additional information on this issue, and he would like to have some conversations with Mitch and Tim, representatives of the current EMS service provider (Medic Rescue), before moving forward with any potential ordinance change.

Councilmember Milder indicated that he too would like to receive some additional information before making any decision. He has some concerns that the city's ultimate cost (annual payment to the ES Corp. for ambulance service subsidy) may increase.

Mayor Pruitt requested that a work session be scheduled for the Monday, July 20th city council meeting to further discuss this topic. White requested that Presby Hospital, Baylor, the EMS company representatives, etcetera be allowed to come forth to plead their case and express their concerns. Hohenshelt requested that such information submitted by the various stakeholders (Presby hospital and Medic Rescue) please be submitted to the city council for review and consideration in advance of the scheduled work session to allow ample time for thorough review of said information in advance.

4. Discuss and consider animal surrender policies at the Rockwall Animal Adoption Center, and take any action necessary.

Mayor Pruitt provided background information on this agenda item, generally explaining that, more and more, animals are showing up in our city shelter that are suspected to have come from places and individuals living outside of our city limits. This is causing our space to be 'maxed out,' and it is beginning to cause problems with maintaining our 90% live outcome. Molly Petterson who runs the shelter via contract has met with Pruitt to express that this is problematic, and she would like to see the city institute an ordinance that has some 'teeth' to it that would make it an offense, including an associated fine, to surrender animals to our shelter if they truly did not originate from within our city limits. Councilmember White suggested that perhaps the council could consider placing a limit on the number of animals that a citizen can surrender to our city shelter each year.

Council directed the city attorney to draft an ordinance for the council to discuss and consider at its next meeting on July 20th.

5. Discuss and consider approval of a policy for the construction of structures, including a dock deck, fixed pier or boathouse within Lake Ray

Hubbard for properties eligible to lease the Lake Ray Hubbard Takeline adjacent to the property, and take any action necessary.

Planning Director Robert LaCroix provided background information related to this agenda item. Mr. LaCroix explained that the ability for a property owner to construct one of these structures in the lake depends on their eligibility to lease the 'take line' area adjacent to their property. All eligible properties were initially surveyed and identified along the perimeter of the lake prior to establishing the 'Take Line Overlay District,' creating the requirements and standards for the take line area. The setback requirements for structures in the leased 'take line' area are measured from the extension of the side property lines as indicated on the survey. However, the forty (40') feet of area into the lake, beyond the leased 'take line', that is allowed to be used for boathouses and docks was not clearly determined in measuring setback requirements. Generally staff has extended those imagery survey lines from each survey into the unleased lake area to determine the location of boathouses for construction. However, this practice has presented problems with certain properties that are allowed to lease but, due to the extension of the survey lines into the lake, has narrowed their building area to the point of having to reduce the size of their boathouse or completely eliminate the ability to build a boathouse. The intent of the 'Take Line Overlay District' was to establish consistency for all structures on the lake with similar materials and appearance and to allow property owners to enjoy and invest in their lake property and, in so doing, provide the needed erosion control that preserves the shoreline. He explained that staff is seeking some policy direction from the Council to have the flexibility to establish the imagery survey lines into lake that will allow all property owners the ability to build structures i.e. boathouses and docks.

Following Mr. LaCroix's explanation, Councilmember Hohenshelt made a motion to instruct staff to draft and bring back a policy for the council to consider at the next city council meeting. Councilmember Milder seconded the motion, which passed unanimously of council (7 ayes to 0 nays).

6. Discuss and consider citywide roadway / thoroughfare planning, and take any action necessary.

City Engineer Tim Tumulty provided background information related to this agenda item. He indicated that the Rockwall County Master Thoroughfare Plan was previously brought forth to Council for review. Subsequently, Rockwall's requested changes were turned over to the County's consultant, who will review and make those changes accordingly. Eventually, the plan will be brought back to the city council for review/approval, and aspects of the County's master thoroughfare plan will be incorporated into the city's master thoroughfare plan. Mr. Tumulty explained that the city's thoroughfare plan would go through a process of going before the P&Z Commission for review and public hearing, and then it would come forth before Council for a public hearing and review. Following his presentation, council expressed general consensus on moving forward with this process. However, no formal action was taken by council concerning this agenda item.

Mayor Pruitt pointed out that this is the last city council meeting that Police Chief Mark Moeller will be attending prior to his upcoming retirement. He thanked the chief for his years of service to the city. Chief Moeller then thanked the council and expressed that

he has enjoyed his years of service here in Rockwall and is looking forward to his retirement.

Pruitt shared that City Manager Rick Crowley's mother passed away, and his mother's funeral is scheduled in Hamlin, TX tomorrow.

XIII. CITY MANAGER'S REPORT TO DISCUSS CURRENT CITY ACTIVITIES, UPCOMING MEETINGS, FUTURE LEGISLATIVE ACTIVITIES, AND OTHER RELATED MATTERS.

1. Departmental Reports
Building Inspections Monthly Report - May 2015
Police Department Monthly Report - May 2015
Fire Dept. Monthly Reports - May 2015
Harbor PD Monthly Report - May 2015
Internal Operations Department Monthly Report - May 2015
Recreation Monthly Report - May 2015
Rockwall Animal Adoption Center Monthly Report - May 2015

2. City Manager's Report

Mrs. Smith, Assistant City Manager, reminded the City Council of various, upcoming receptions scheduled to honor several staff members who are retiring. She thanked the Parks & Rec staff for all the recent work on the 4th of July fireworks event. Mayor Pruitt indicated that it was the best fireworks he's seen in Rockwall, and he thanked staff for their efforts.

The Council did not reconvene in Executive Session following the conclusion of the public meeting agenda.

XIV. EXECUTIVE SESSION

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding Economic Development prospects pursuant to Section 551.087 (Economic Development)

2. Discussion regarding Agreement for Municipal Court Judge pursuant to Section 551.074 (Personnel Matters) and Section 551.071 (Consultation with Attorney)

3. Discussion regarding purchase or lease of real property / land acquisition in the north part of the city for municipal purposes pursuant to Section § 551.072 (Real Property).

4. Discussion regarding possible development-related legal claim in the vicinity of Bourne Street pursuant to Section 551.071 (Consultation with Attorney)

5. Discussion regarding the city's concession agreement with Suntex Marina / Suntex RHCL Marina, LLC pursuant to Section § 551.071 (Consultation with Attorney)

6. Discussion regarding possible legal claim related to Oncor pursuant to Section 551.071 (Consultation with Attorney)

7. Discussion regarding status of Rockwall Harbor Landing, Inc. vs. City of Rockwall pursuant to Section 551.071 (Consultation with Attorney).

8. Discussion regarding (re)appointments to city regulatory boards, commissions, and committees including the Building and Standards Commission and Board of Adjustments pursuant to Section 551.074 (personnel matters)

XV. RECONVENE PUBLIC MEETING & TAKE ANY ACTION AS RESULT OF EXECUTIVE SESSION

The Council did not reconvene in Executive Session following the conclusion of the public meeting agenda.

XVI. ADJOURNMENT

The meeting was adjourned at 7:27 p.m.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS,

THIS 20th DAY OF JULY, 2015.

INTERLOCAL AGREEMENT

This Interlocal Agreement (“Agreement”) is made and entered into this __ day of _____, 2015, by and between the CITY OF MIDLOTHIAN, Texas (hereinafter called "CITY OF MIDLOTHIAN"), and the CITY OF ROCKWALL, Texas (hereinafter called "ROCKWALL"), each acting by and through its duly authorized officials:

WHEREAS, CITY OF MIDLOTHIAN and ROCKWALL are both governmental entities engaged in the purchase of goods and services, which is a recognized governmental function;

WHEREAS, CITY OF MIDLOTHIAN and ROCKWALL wish to enter into this Agreement pursuant to Chapter 791 of the Texas Government Code (hereinafter "Interlocal Cooperation Act") to set forth the terms and conditions upon which CITY OF MIDLOTHIAN and ROCKWALL may purchase various goods and services commonly utilized by each party;

WHEREAS, participation in an interlocal agreement will be highly beneficial to the taxpayers of CITY OF MIDLOTHIAN and ROCKWALL through the anticipated savings to be realized and is of mutual concern to the contracting parties;

WHEREAS, CITY OF MIDLOTHIAN and ROCKWALL have current funds available to satisfy any fees owed pursuant to this Agreement.

NOW, THEREFORE, in consideration of the foregoing and the mutual promises, covenants and obligations as set forth herein; CITY OF MIDLOTHIAN and ROCKWALL agree as follows:

1. CITY OF MIDLOTHIAN and ROCKWALL may cooperate in the purchase of various goods and services commonly utilized by the participants, where available and applicable, and may purchase goods and services from vendors under present and future contracts.

2. CITY OF MIDLOTHIAN and ROCKWALL shall each be individually responsible for payments directly to the vendor and for the vendor's compliance with all conditions of delivery and quality of purchased items under such contracts. CITY OF MIDLOTHIAN and ROCKWALL shall each make their respective payments from current revenues available to the paying party.

3. Notwithstanding anything herein to the contrary, participation in this Agreement may be terminated by any party upon thirty (30) days written notice to the other participating party(ies).

4. The undersigned officer and/or agents of the party(ies) hereto are duly authorized officials and possess the requisite authority to execute this Agreement on behalf of the parties hereto.

5. This Agreement may be executed separately by the participating entities, each of which shall be deemed an original and all of which together shall constitute one and the same instrument.

6. This Agreement shall become effective on the day and year first written above (the "Effective Date"). The primary term of this Agreement shall be for one (1) year, commencing on the Effective Date and terminating on July 1, 2016, and shall thereafter automatically renew for successive one-year terms, unless terminated according to the terms set forth in Paragraph 3.

7. To the extent allowed by law, each party agrees to release, defend, indemnify, and hold harmless the other (and its officers, agents, and employees) from and against all claims or causes of action for injuries (including death), property damages (including loss of use), and any other losses, demands, suits, judgments and costs, including reasonable attorneys' fees and expenses, in any way arising out of, related to, or resulting from its performance under this agreement, or caused by its negligent acts or omissions (or those of its respective officers, agents, employees, or any other third parties for whom it is legally responsible) in connection with performing this agreement.

8 The laws of the State of Texas shall govern the interpretation, validity, performance and enforcement of this Agreement.

9. The provisions of this Agreement are severable. If any paragraph, section, subdivision, sentence, clause, or phrase of this Agreement is for any reason held by a court of competent jurisdiction to be contrary to law or contrary to any rule or regulation having the force and effect of the law, the remaining portions of the Agreement shall be enforced as if the invalid provision had never been included.

10. This Agreement embodies the entire agreement between the parties and may only be modified in writing executed by both parties.

11. This Agreement shall be binding upon the parties hereto, their successors, heirs, personal representatives and assigns. Neither party will assign or transfer an interest in this Agreement without the written consent of the other party.

12. It is expressly understood and agreed that, in the execution of this Agreement, neither party waives, nor shall be deemed hereby to have waived any immunity or defense that would otherwise be available to it against claims arising in the exercise of governmental powers and functions. By entering into this Agreement, the parties do not create any obligations, express or implied other that those set forth herein, and this Agreement shall not create any rights in parties not signatories hereto.

13. The declarations, determinations and findings declared, made and found in the preamble to this Agreement are hereby adopted, restated and made part of the operative provisions hereof.

EXECUTED hereto on the day and year first above written.

CITY OF ROCKWALL, TEXAS

RESOLUTION NO. 15-19

Of

City of Rockwall, Texas
Cooperative Member

WHEREAS, the City of Rockwall, Texas, (hereinafter "Cooperative Member") pursuant to the authority granted by Article 791 et seq. of the Interlocal Cooperation Act, as amended, desires to participate in the statewide purchasing program of the Cooperative;

WHEREAS, the City of Rockwall, Texas, has elected to be a Cooperative Member in the Texas Local Government Purchasing Cooperative (hereinafter "Cooperative"), a program created by local governments in accordance with and pursuant to the Interlocal Cooperation Act ("Act"), Chapter 791, Texas Government Code;

WHEREAS, the Cooperative Member, is of the opinion that participation in the Cooperative's purchasing program will be highly beneficial to the taxpayers of the City of Rockwall (local government) through the efficiencies and potential savings to be realized; and

WHEREAS, the Cooperative Member desires to participate and join with other local governments in a cooperative Interlocal agreement ("Agreement") for the purpose of fulfilling and implementing their respective public and governmental purposes, needs, objectives, programs, functions and services.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THAT:

SECTION 1. the Cooperative Member does request that the Cooperative include its stated needs for all categories, including but not limited to, instructional, maintenance, custodial, and food service goods and services, on the Cooperative's Purchasing Program and award contracts for those items, whereby the Cooperative Members may be allowed to purchase those items from the Cooperative's contracts; and that Cooperative is authorized to sign and deliver all necessary requests and other documents in connection therewith for and on behalf of the Cooperative Members that have elected to participate;

SECTION 2. the City Council of the City of Rockwall does hereby authorize its City Manager to execute the Interlocal Participation Agreement that includes the adoption and approval of the City of Midlothian Interlocal Agreement previously executed and adopted by two or more local governments; and

SECTION 3. the execution of this Resolution shall evidence the election of Cooperative Member and eligible local governments to become members of the Cooperative upon the terms and conditions stated. The City Council has, and at the time of adoption of this Resolution had, full power and lawful authority to adopt the foregoing Resolution and to confer the obligations, powers, and authority to the persons named, who are hereby granted the power to exercise the same.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS and reflected in the official minutes of the regular city council meeting on this the 20TH day of July, 2015.

City of Rockwall
The New Horizon

MEMORANDUM

TO: Rick Crowley, City Manager

FROM: Timothy M. Tumulty, Director of Public Works/City Engineer

DATE: July 17, 2015

SUBJECT: Hot Rocks Bike Ride – City Council Resolution

The Hot Rocks Bike Ride is sponsored by the Rockwall Rotary Club on an annual basis. This year's event is scheduled for Saturday, August 8, 2015 from 6:30 AM to 3:00 PM. A portion of the bike ride course will utilize a few State roadways on the north and south parts of the City. The race will begin and move north on John King Boulevard and turn right on FM 552. They will remain on FM 552 until the reach FM 1138. The bike riders will enter our southern border of the City at FM 549 from FM 3097 to SH 205. At SH 205, they will turn left to the north and travel to John King Boulevard and return to the starting point. The Rockwall Police Department will assist in the partial closure of various lanes of these State roadways as well as furnish traffic control at other intersections along the race route within our City. The Texas Department of Transportation (TxDOT) requires a City Council resolution supporting a request to allow the partial closure of these various State roadways.

Staff request City Council consideration to approve the attached resolution allowing a temporary partial closure of FM 552 (John King Boulevard to the Rockwall East City Limits), FM 549 (FM 3097 to SH 205) and SH 205 (FM 549 to South John King Boulevard) for the Hot Rocks Bike Ride on Saturday, August 8, 2015 from 6:30 AM to 3:00 PM.

CITY OF ROCKWALL, TEXAS
RESOLUTION NO. 15-20

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROCKWALL,TEXAS, FINDING THAT A NECESSITY EXISTS TO TEMPORARILY CLOSE A PORTION OF A CERTAIN STATE ROADWAYS TO FACILITATE THE HOT ROCKS BIKE RIDE; HEREBY REQUESTING THAT THE TEXAS DEPARTMENT OF TRANSPORTATION (TXDOT) GRANT PERMISSION TO THE CITY OF ROCKWALL FOR SAID EVENT AND AUTHORIZE THE CITY OF ROCKWALL TO PARTIALLY CLOSE FM 552 (JOHN KING BOULEVARD TO THE EAST CITY LIMITS), FM 549 (FM 3097 TO SH 205) AND SH 205 (FM 549 TO SOUTH JOHN KING BOULEVARD) BETWEEN THE HOURS OF 6:30 A.M. AND 3:00 P.M. ON SATURDAY, AUGUST 8, 2015 PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Rockwall City Council recognizes the value of physical fitness and the benefits of a healthy community; and

WHEREAS, the Rockwall City Council wants to promote healthy lifestyles in our community by providing fitness opportunities and encouraging cyclist to participate in either the 40 mile or 60 mile ride in the Hot Rocks Bike Ride in Rockwall, Texas; and

WHEREAS, the Rockwall City Council hereby finds that necessity exists to temporarily partially close FM 552 (John King Boulevard to the East City Limits), FM 549 (FM 3097 to SH 205) and SH 205 (FM 549 to South John King Boulevard) for the Hot Rocks Bike Ride sponsored by the Rockwall Rotary Club; and

WHEREAS, the Rockwall City Council supports submission of a temporary partial closure request for State maintained roadways, for FM 552 (John King Boulevard to the East City Limits), FM 549 (FM 3097 to SH 205) and SH 205 (FM 549 to South John King Boulevard) to the Texas Department of Transportation to facilitate the Hot Rocks Bike Ride on Saturday, August 8, 2015 between the hours of 6:30 a.m. and 3:00 p.m.; and

WHEREAS, the Rockwall City Council hereby agrees to support said request by providing traffic control for the event; and

WHEREAS, the temporary partial closing of these sections of FM 552, FM 549 and SH205 will create a safer environment for event participants and spectators;

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That a formal request is hereby made to TXDOT to approve the request of the Rockwall City Council to temporarily partial close the aforementioned sections of FM 552, FM 549 and SH205 at the above stated date and time; and

Section 2. That this resolution shall be in full force and effect from and after its passage and it is accordingly so resolved.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this 20th day of July, 2015.

Hot Rocks Bike Ride

Event name: Hot Rocks Bike Ride (60 Mile and 40 Mile Course)

Event Coordinator: Rockwall Rotary Club
David Watlington
Phone: 214-403-7652
Email: davidwatlington@gmail.com

When: Saturday August 8th, 2015; 6:30 AM to 3:00 PM

Number of participants: approximately 1,500

Location: Event starts and ends at Rockwall ISD Football Stadium at 1201 TL Townsend Drive with a 60 mile and a 40 mile bike ride.

199

60 Mile Route. http://www.trainingpeaks.com/sr/NCRRS76TEFP7XG2VAMOXTIUOQM

TOWNSEND/JUSTIN/INDUSTRIAL/AIRPORT TO KING NORTH

*Recommend not using any cones on John King Northbound between Airport and 552. The cones contributed to at least one very serious accident last year.

JOHN KING NORTH TO 552 EAST (552 surface is much better than before and much better than 66)

552 EAST TO 1138 NORTH

1138 NORTH TO 6 EAST

6 EAST TO FM 1138 NORTH AND TURN LEFT TO GO TO HUBBARD RD (VALERO station)

RIGHT AT VALERO STATION TO GO EAST ON HUBBARD RD TO JOSEPHINE AND RE-JOIN 6 EAST.

*Intersection of Hubbard and Sebastian in Josephine needs to be swept (gravel)

6 EAST TO 1777 SOUTH

1777 SOUTH TO 66 EAST

66 EAST TO FM 2642 SOUTH

2642 SOUTH PAST ROYSE CITY HS

RIGHT ON OLD GREENVILLE ROAD AND MAKE WAY TO 548 SOUTH

*The short connector street between Old Greenville and the 30 service road could use patching.

548 SOUTH TO 276 WEST

*Several large cracks on 548 between 30 and 276.

276 WEST TO 550 SOUTH

*276 shoulder has cracks, drop-offs, and debris.

550 SOUTH/WEST TO 205

CROSS 205 AND CONTINUE 550 TO SOUTH SMITH

LEFT ON SOUTH SMITH AND GO TO CONNIE

*Sweep gravel at intersection of South Smith and 550

RIGHT ON CONNIE

*Sweep gravel at intersection of Connie and South Smith

200

CONNIE TO CORNSTALK

*Sweep gravel at Connie/Cornstalk intersection

RIGHT ON CORNSTALK TO STEVENS

*Several large cracks on Cornstalk.

RIGHT ON STEVENS TO MCDONALD

LEFT ON MCDONALD AND CONTINUE ON TO RABBIT RIDGE AT 550

*Several large cracks on McDonald.

STAY ON RABBIT RIDGE TO 549

*Several cracks on Rabbit Ridge.

RIGHT ON 549 TO 205 NORTH

205 NORTH TO JOHN KING NORTH

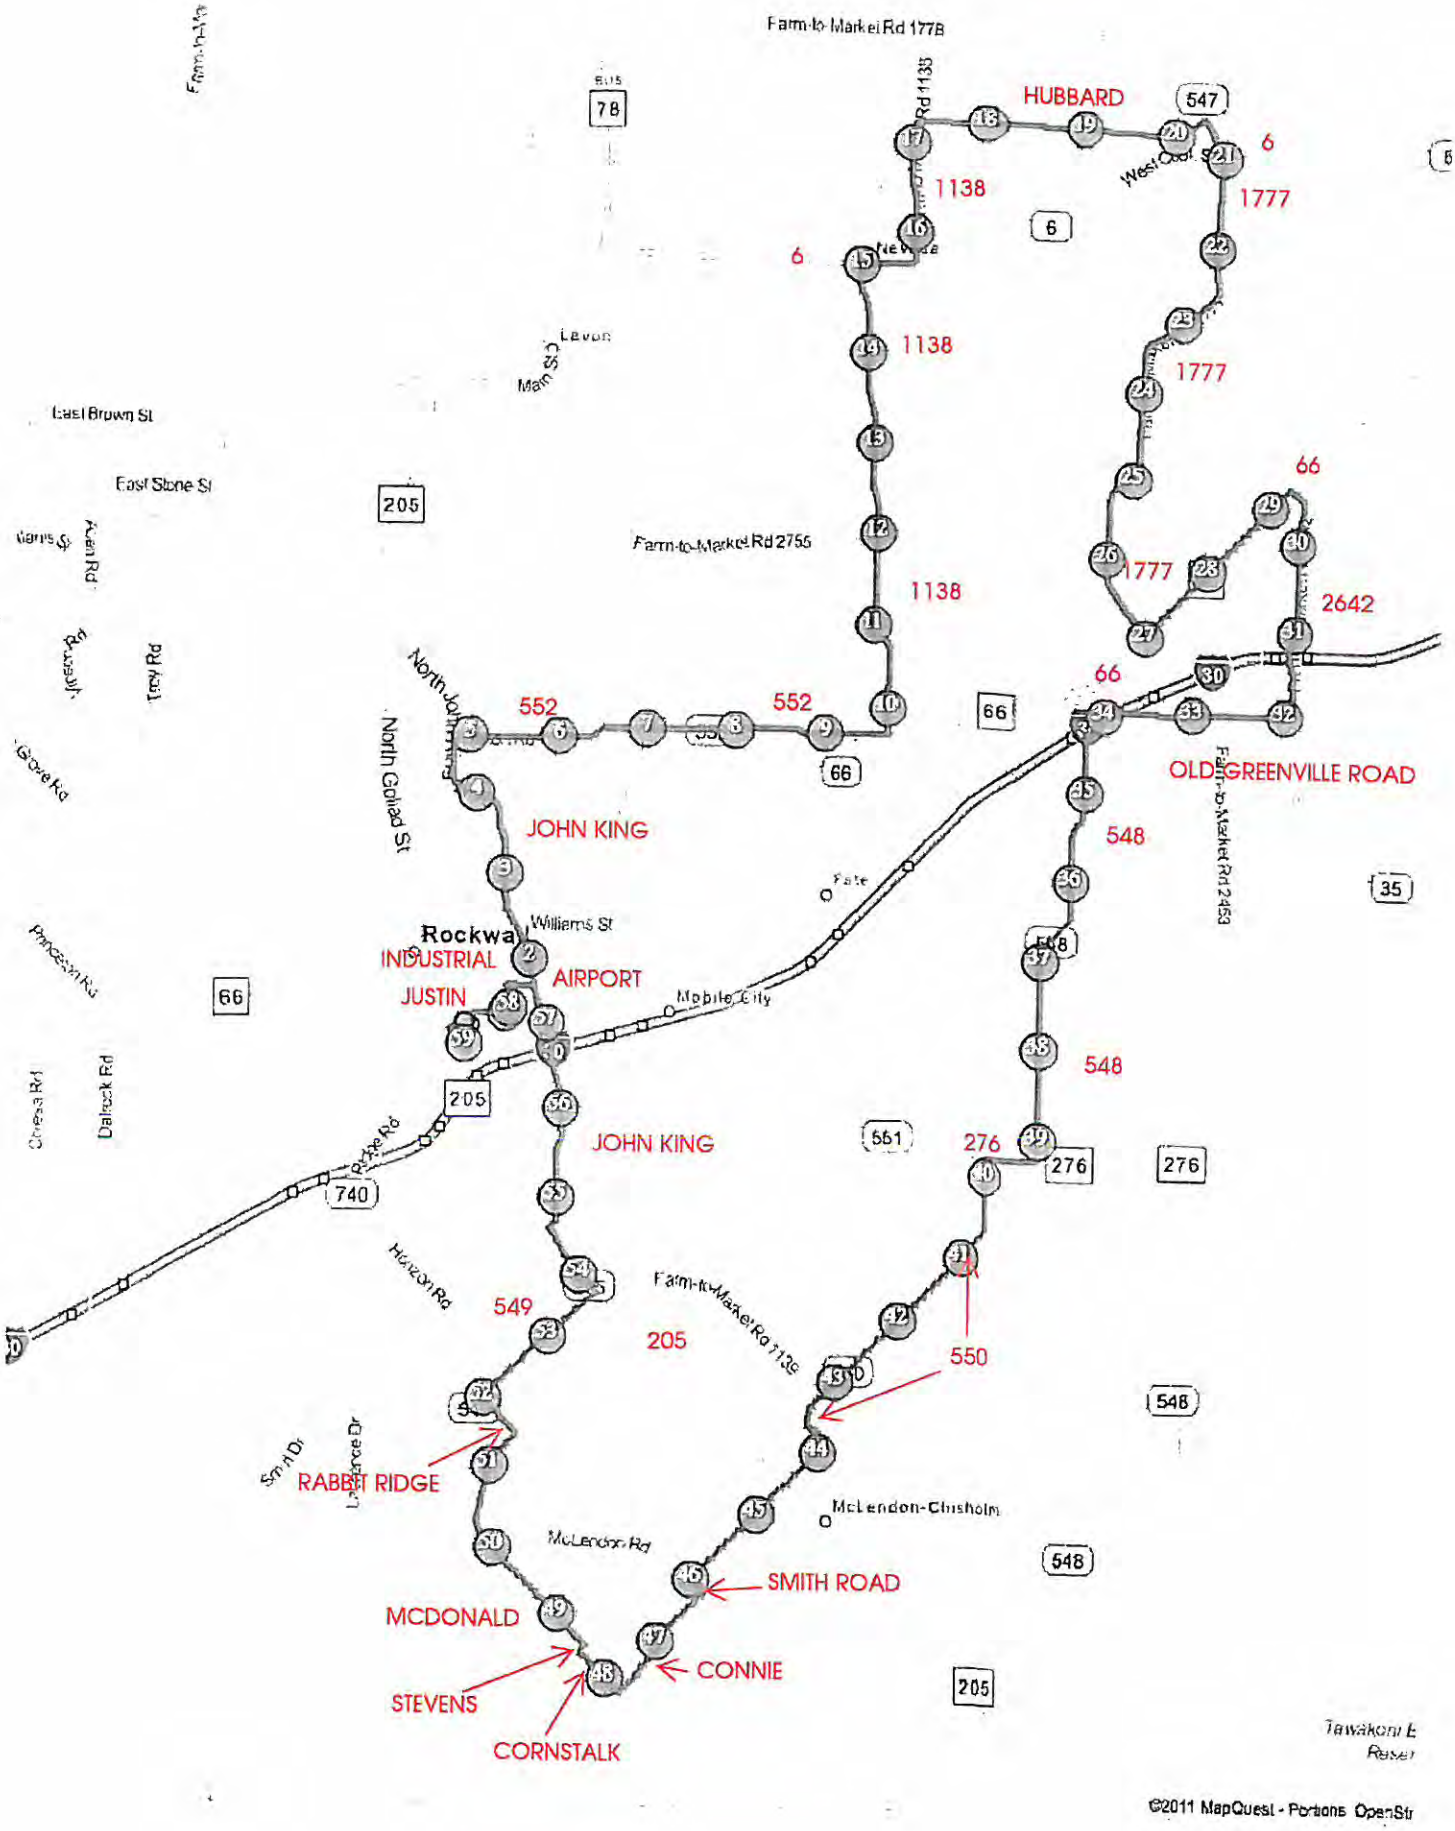
*205 Shoulder needs to be swept of debris

RETURN TO STADIUM VIA AIRPORT/INDUSTRIAL/JUSTIN/TOWNSEND, WITH ADDITIONAL LOOP ON JOHN KING IF NEED MILEAGE.

40 Mile Route. http://www.trainingpeaks.com/sr/JPQJFBKLMBR4DG2VAM0XTIUOQM

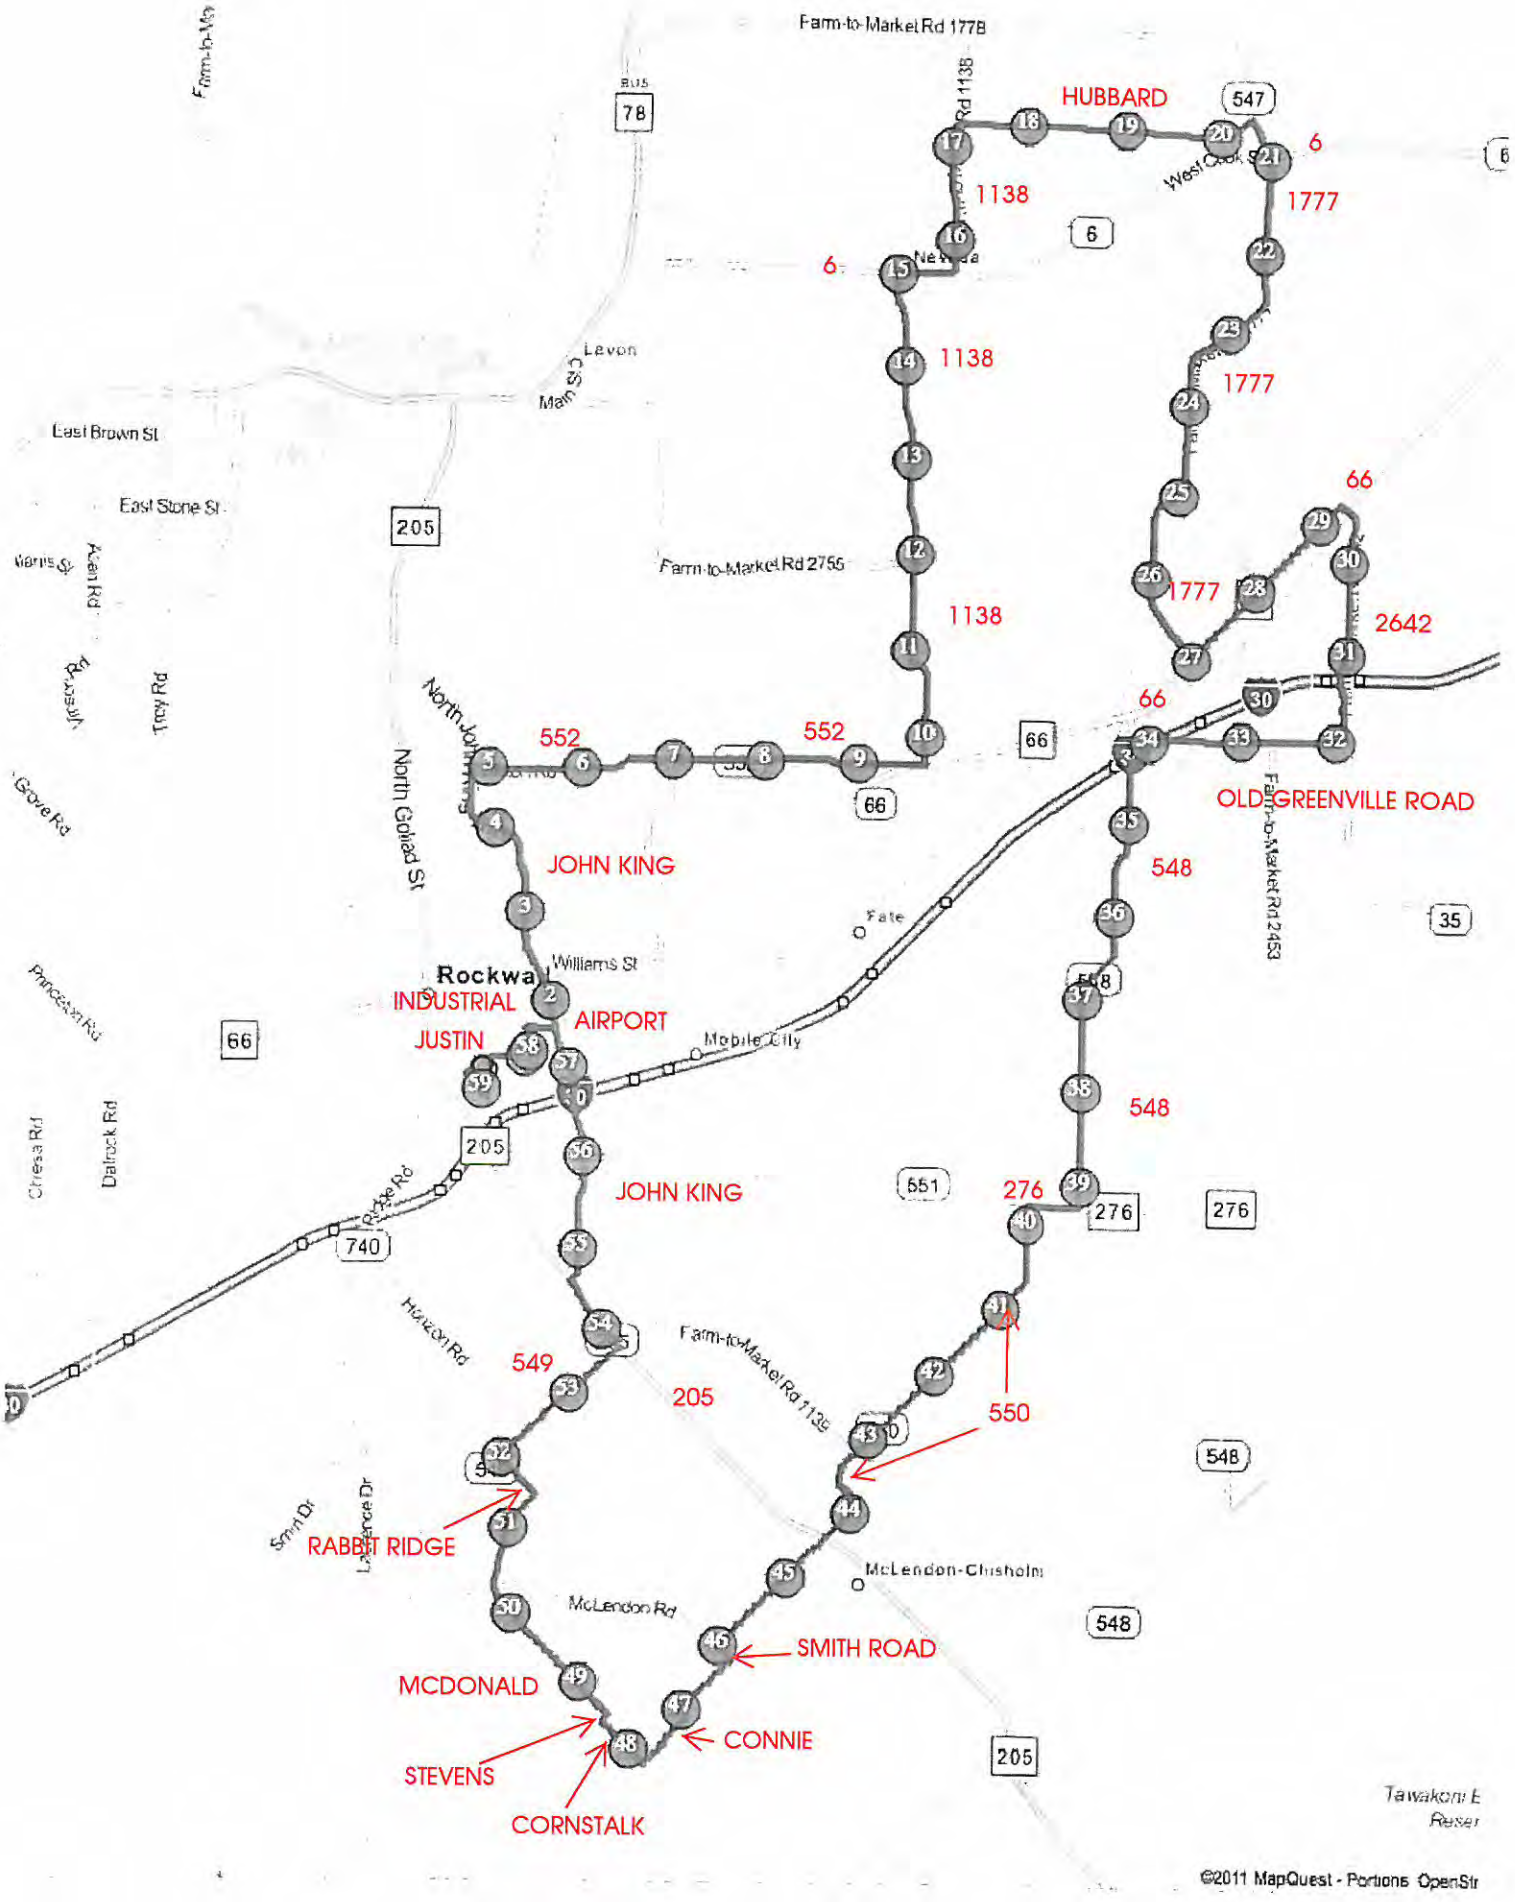
SAME ROUTE AS 60 MILE ROUTE UNTIL INTERSECTION OF 1777 AND 66 WHERE 40 MILERS WILL TURN RIGHT ON 66 INSTEAD OF LEFT.

66 WEST TO 552 WEST



CONTINUE WEST ON 552 AND HEAD TO JOHN KING

LEFT ON JOHN KING SOUTHBOUND AND CONTINUE TO AIRPORT.



*Probably okay to use cones on the southbound stretch of John King for the 10mile and 40mile routes.

RETURN TO STADIUM VIA AIRPORT/INDUSTRIAL/JUSTIN/TOWNSEND.

***Major advantage of this route is that it cuts way down on the number of riders going through Royse City on 548 and completely takes 276 off the route, which is a dangerous road and frustrates cars.

Agreement No._____

STATE OF TEXAS §

COUNTY OF TRAVIS §

AGREEMENT FOR THE TEMPORARY CLOSURE OF STATE RIGHT OF WAY

THIS AGREEMENT is made by and between the State of Texas, acting by and through the Texas Department of Transportation, hereinafter called the "State," and the City of Rockwall, a municipal corporation, acting by and through its duly authorized officers, hereinafter called the "local government."

W I T N E S S E T H

WHEREAS, the State owns and operates a system of highways for public use and benefit, including FM 552, FM 549 and SH 205 in THE City of Rockwall, Rockwall County; and

WHEREAS, the local government has requested the temporary closure of FM 552 from John King Boulevard to the east City limits, FM 549 from FM 3097 to SH 205 and SH 205 from FM 549 to South John King Boulevard for the purpose of Hot Rocks Bike Ride on August 8, 2015, from 6:30 A.M. to 3:00 P.M. as described in the attached "Exhibit A," hereinafter identified as the "Event;" and

WHEREAS, the Event will be located within the local government's incorporated area; and

WHEREAS, the State, in recognition of the public purpose of the Event, wishes to cooperate with the City so long as the safety and convenience of the traveling public is ensured and that the closure of the State's right of way will be performed within the State's requirements; and

WHEREAS, on the 20th day of July, 2015, the Rockwall City Council passed Resolution No. 14-__, attached hereto and identified as "Exhibit B," establishing that the Event serves a public purpose and authorizing the local government to enter into this agreement with the State; and

WHEREAS, 43 TAC, Section 22.12 establishes the rules and procedures for the temporary closure of a segment of the State highway system; and

WHEREAS, this agreement has been developed in accordance with the rules and procedures of 43 TAC, Section 22.12;

NOW, THEREFORE, in consideration of the premises and of the mutual covenants and agreements of the parties hereto, to be by them respectively kept and performed as hereinafter set forth, it is agreed as follows:

A G R E E M E N T

Article 1. CONTRACT PERIOD

This agreement becomes effective upon final execution by the State and shall terminate upon completion of the Event or unless terminated or modified as hereinafter provided.

Article 2. EVENT DESCRIPTION

The physical description of the limits of the Event, including county names and highway numbers, the number of lanes the highway has and the number of lanes to be used, the proposed schedule of start and stop times and dates at each location, a brief description of the proposed activities involved, approximate number of people attending the Event, the number and types of animals and equipment, planned physical modifications of any man-made or natural features in or adjacent to the right of way involved shall be attached hereto along with a location map and identified as “Exhibit C.”

Article 3. OPERATIONS OF THE EVENT

A. The local government shall assume all costs for the operations associated with the Event, to include but not limited to, plan development, materials, labor, public notification, providing protective barriers and barricades, protection of highway traffic and highway facilities, and all traffic control and temporary signing.

B. The local government shall submit to the State for review and approval the construction plans, if construction or modifications to the State’s right of way is required, the traffic control and signing plans, traffic enforcement plans, and all other plans deemed necessary by the State. The State may require that any traffic control plans of sufficient complexity be signed, sealed and dated by a registered professional engineer. The traffic control plan shall be in accordance with the latest edition of the Texas Manual on Uniform Traffic Control Devices. All temporary traffic control devices used on state highway right of way must be included in the State’s Compliant Work Zone Traffic Control Devices List. The State reserves the right to inspect the implementation of the traffic control plan and if it is found to be inadequate, the local government will bring the traffic control into compliance with the originally submitted plan, upon written notice from the State noting the required changes, prior to the event. The State may request changes to the traffic control plan in order to ensure public safety due to changing or unforeseen circumstances regarding the closure.

C. The local government will ensure that the appropriate law enforcement agency has reviewed the traffic control for the closures and that the agency has deemed them to be adequate. If the law enforcement agency is unsure as to the adequacy of the traffic control, it will contact the State for consultation no less than 10 workdays prior to the closure.

D. The local government will complete all revisions to the traffic control plan as requested by the State within the required timeframe or that the agreement will be terminated upon written notice from the State to the local government. The local government hereby agrees that any failure to cooperate with the State may constitute reckless endangerment of the public and that the Texas Department of Public Safety may be notified of the situation as soon as possible for the appropriate action, and failing to follow the traffic control plan or State instructions may result in a denial of future use of the right of way for three years.

E. The local government will not initiate closure prior to 24 hours before the scheduled Event and all barriers and barricades will be removed and the highway reopened to traffic within 24 hours after the completion of the Event.

F. The local government will provide adequate enforcement personnel to prevent vehicles from stopping and parking along the main lanes of highway right of way and otherwise prevent interference with the main lane traffic by both vehicles and pedestrians. The local government will prepare a traffic enforcement plan, to be approved by the State in writing at least 48 hours prior to the scheduled Event. Additionally, the local government shall provide to the State a letter of certification from the law enforcement agency that will be providing traffic control for the Event, certifying that they agree with the enforcement plan and will be able to meet its requirements.

G. The local government hereby assures the State that there will be appropriate passage

allowance for emergency vehicle travel and adequate access for abutting property owners during construction and closure of the highway facility. These allowances and accesses will be included in the local government's traffic control plan.

H. The local government will avoid or minimize damage, and will, at its own expense, restore or repair damage occurring outside the State's right of way and restore or repair the State's right of way, including, but not limited to, roadway and drainage structures, signs, overhead signs, pavement markings, traffic signals, power poles and pavement, etc. to a condition equal to that existing before the closure, and, to the extent practicable, restore the natural and cultural environment in accordance with federal and state law, including landscape and historical features.

Article 4. OWNERSHIP OF DOCUMENTS

Upon completion or termination of this agreement, all documents prepared by the local government will remain the property of the local government. All data prepared under this agreement shall be made available to the State without restriction or limitation on their further use. At the request of the State, the Local Government shall submit any information required by the State in the format directed by the State.

Article 5. TERMINATION

A. This agreement may be terminated by any of the following conditions:

(1) By mutual written agreement and consent of both parties.

(2) By the State upon determination that use of the State's right of way is not feasible or is not in the best interest of the State and the traveling public.

(3) By either party, upon the failure of the other party to fulfill the obligations as set forth herein.

(4) By satisfactory completion of all services and obligations as set forth herein.

B. The termination of this agreement shall extinguish all rights, duties, obligations, and liabilities of the State and local government under this agreement. If the potential termination of this agreement is due to the failure of the local government to fulfill its contractual obligations as set forth herein, the State will notify the local government that possible breach of contract has occurred. The local government must remedy the breach as outlined by the State within ten (10) days from receipt of the State's notification. In the event the local government does not remedy the breach to the satisfaction of the State, the local government shall be liable to the State for the costs of remedying the breach and any additional costs occasioned by the State.

Article 6. DISPUTES

Should disputes arise as to the parties' responsibilities or additional work under this agreement, the State's decision shall be final and binding.

Article 7. RESPONSIBILITIES OF THE PARTIES

The State and the Local Government agree that neither party is an agent, servant, or employee of the other party and each party agrees it is responsible for its individual acts and deeds as well as the acts and deeds of its contractors, employees, representatives, and agents.

Article 8. INSURANCE

A. Prior to beginning any work upon the State's right of way, the local government and/or its contractors shall furnish to the State a completed "Certificate of Insurance" (TxDOT Form 1560, latest edition) and shall maintain the insurance in full force and effect during the period

that the local government and/or its contractors are encroaching upon the State right of way.
B. In the event the local government is a self-insured entity, the local government shall provide the State proof of its self-insurance. The local government agrees to pay any and all claims and damages that may occur during the period of this closing of the highway in accordance with the terms of this agreement.

Article 9. AMENDMENTS
Any changes in the time frame, character, agreement provisions or obligations of the parties hereto shall be enacted by written amendment executed by both the local government and the State.

Article 10. COMPLIANCE WITH LAWS
The local government shall comply with all applicable federal, state and local environmental laws, regulations, ordinances and any conditions or restrictions required by the State to protect the natural environment and cultural resources of the State's right of way.

Article 11. LEGAL CONSTRUCTION
In case one or more of the provisions contained in this agreement shall for any reason be held invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect any other provisions hereof and this agreement shall be construed as if such invalid, illegal or unenforceable provision had never been contained herein.

Article 12. NOTICES
All notices to either party by the other required under this agreement shall be delivered personally or sent by certified U.S. mail, postage prepaid, addressed to such party at the following respective addresses:

Local Government:	**State:**
City of Rockwall 385 S. Goliad Rockwall, Texas 75087 Attn: City Manager	Texas Department of Transportation 4777 U.S. Highway 80 East Mesquite, TX 75150-6643 Attn: Kelly Selman, P.E.

All notices shall be deemed given on the date so delivered or so deposited in the mail, unless otherwise provided herein. Either party hereto may change the above address by sending written notice of such change to the other in the manner provided herein.

Article 13. SOLE AGREEMENT
This agreement constitutes the sole and only agreement between the parties hereto and supersedes any prior understandings or written or oral agreements respecting the within subject matter.

IN TESTIMONY WHEREOF, the parties hereto have caused these presents to be executed in duplicate counterparts.

INTERLOCAL AGREEMENT

This Interlocal Agreement (“Agreement”) is made and entered into this _20th_ day of __July____, 2015, by and between the CITY OF FRISCO, Texas (hereinafter called "CITY OF FRISCO"), and the CITY OF ROCKWALL, Texas (hereinafter called "ROCKWALL"), each acting by and through its duly authorized officials:

WHEREAS, CITY OF FRISCO and ROCKWALL are both governmental entities engaged in the purchase of goods and services, which is a recognized governmental function;

WHEREAS, CITY OF FRISCO and ROCKWALL wish to enter into this Agreement pursuant to Chapter 791 of the Texas Government Code (hereinafter "Interlocal Cooperation Act") to set forth the terms and conditions upon which CITY OF FRISCO and ROCKWALL may purchase various goods and services commonly utilized by each party;

WHEREAS, participation in an interlocal agreement will be highly beneficial to the taxpayers of CITY OF FRISCO and ROCKWALL through the anticipated savings to be realized and is of mutual concern to the contracting parties;

WHEREAS, CITY OF FRISCO and ROCKWALL have current funds available to satisfy any fees owed pursuant to this Agreement.

NOW, THEREFORE, in consideration of the foregoing and the mutual promises, covenants and obligations as set forth herein; CITY OF FRISCO and ROCKWALL agree as follows:

1. CITY OF FRISCO and ROCKWALL may cooperate in the purchase of various goods and services commonly utilized by the participants, where available and applicable, and may purchase goods and services from vendors under present and future contracts.

2. CITY OF FRISCO and ROCKWALL shall each be individually responsible for payments directly to the vendor and for the vendor's compliance with all conditions of delivery and quality of purchased items under such contracts. CITY OF FRISCO and ROCKWALL shall each make their respective payments from current revenues available to the paying party.

3. Notwithstanding anything herein to the contrary, participation in this Agreement may be terminated by any party upon thirty (30) days written notice to the other participating party(ies).

4. The undersigned officer and/or agents of the party(ies) hereto are duly authorized officials and possess the requisite authority to execute this Agreement on behalf of the parties hereto.

5. This Agreement may be executed separately by the participating entities, each of which shall be deemed an original and all of which together shall constitute one and the same instrument.

6. This Agreement shall become effective on the day and year first written above (the "Effective Date"). The primary term of this Agreement shall be for one (1) year, commencing on the Effective Date and terminating on July 1, 2016, and shall thereafter automatically renew for successive one-year terms, unless terminated according to the terms set forth in Paragraph 3.

7. To the extent allowed by law, each party agrees to release, defend, indemnify, and hold harmless the other (and its officers, agents, and employees) from and against all claims or causes of action for injuries (including death), property damages (including loss of use), and any other losses, demands, suits, judgments and costs, including reasonable attorneys' fees and expenses, in any way arising out of, related to, or resulting from its performance under this agreement, or caused by its negligent acts or omissions (or those of its respective officers, agents, employees, or any other third parties for whom it is legally responsible) in connection with performing this agreement.

8 The laws of the State of Texas shall govern the interpretation, validity, performance and enforcement of this Agreement.

9. The provisions of this Agreement are severable. If any paragraph, section, subdivision, sentence, clause, or phrase of this Agreement is for any reason held by a court of competent jurisdiction to be contrary to law or contrary to any rule or regulation having the force and effect of the law, the remaining portions of the Agreement shall be enforced as if the invalid provision had never been included.

10. This Agreement embodies the entire agreement between the parties and may only be modified in writing executed by both parties.

11. This Agreement shall be binding upon the parties hereto, their successors, heirs, personal representatives and assigns. Neither party will assign or transfer an interest in this Agreement without the written consent of the other party.

12. It is expressly understood and agreed that, in the execution of this Agreement, neither party waives, nor shall be deemed hereby to have waived any immunity or defense that would otherwise be available to it against claims arising in the exercise of governmental powers and functions. By entering into this Agreement, the parties do not create any obligations, express or implied other that those set forth herein, and this Agreement shall not create any rights in parties not signatories hereto.

13. The declarations, determinations and findings declared, made and found in the preamble to this Agreement are hereby adopted, restated and made part of the operative provisions hereof.

EXECUTED hereto on the day and year first above written.

RESOLUTION NO. 15-18

Cooperative Member

WHEREAS, the City of Rockwall, Texas, (hereinafter "Cooperative Member") pursuant to the authority granted by Article 791 et seq. of the Interlocal Cooperation Act, as amended, desires to participate in the statewide purchasing program of the Cooperative;

WHEREAS, the City of Rockwall, Texas, has elected to be a Cooperative Member in the Texas Local Government Purchasing Cooperative (hereinafter "Cooperative"), a program created by local governments in accordance with and pursuant to the Interlocal Cooperation Act ("Act"), Chapter 791, Texas Government Code;

WHEREAS, the Cooperative Member, is of the opinion that participation in the Cooperative's purchasing program will be highly beneficial to the taxpayers of the City of Rockwall (local government) through the efficiencies and potential savings to be realized; and

WHEREAS, the Cooperative Member desires to participate and join with other local governments in a cooperative Interlocal agreement ("Agreement") for the purpose of fulfilling and implementing their respective public and governmental purposes, needs, objectives, programs, functions and services.

NOW, THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That the Cooperative Member does request that the Cooperative include its stated needs for all categories, including but not limited to, instructional, maintenance, custodial, and food service goods and services, on the Cooperative's Purchasing Program and award contracts for those items, whereby the Cooperative Members may be allowed to purchase those items from the Cooperative's contracts; and that Cooperative is authorized to sign and deliver all necessary requests and other documents in connection therewith for and on behalf of the Cooperative Members that have elected to participate;

Section 2. That the City Council of the City of Rockwall does hereby authorize its City Manager to execute the Interlocal Participation Agreement that includes the adoption and approval of the City of Frisco Interlocal Agreement previously executed and adopted by two or more local governments.

Section 3. That the execution of this Resolution shall evidence the election of Cooperative Member and eligible local governments to become members of the Cooperative upon the terms and conditions stated. The City Council has, and at the time of adoption of this Resolution had, full power and lawful authority to adopt the foregoing Resolution and to confer the obligations, powers, and authority to the persons named, who are hereby granted the power to exercise the same.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS and reflected in the official minutes of the regular city council meeting on this the 20TH day of July, 2015.

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 07/20/2015

APPLICANT: Chase Finch, *Corwin Engineering, Inc.*

AGENDA ITEM: **P2015-023**; *Breezy Hill, Phase IXA*

SUMMARY:

Discuss and consider a request by Chase Finch of Corwin Engineering, Inc. on behalf of John Arnold of BH 60's Pod, LTD for the approval of a final plat for Phase IXA of the Breezy Hill Subdivision, consisting of 55 single family lots on a 16.805-acre tract of land identified as Tract 7-13 of the T. R. Bailey Survey, Abstract No. 30 and J. Simmons Survey, Abstract No. 190, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 74 (PD-74) for Single Family 10 (SF-10) District land uses, located at the northwest corner of the intersection of FM-552 and Breezy Hill Lane, and take any action necessary.

PLAT INFORMATION:

- ✓ The Breezy Hill Subdivision is a master planned community that will provide approximately 405-acres of residential and commercial development. The residential subdivision will be composed of 742 single-family lots on 371.3-acres of land, and be broken down per the lot mix indicated in Planned Development District 74 (PD-74). The lot mix in this Planned Development District is as follows:

Lot Types	*A*	*B*	*C*	*D*
Typical Lot Frontage *(Feet)*	60	70	80	100
Typical Lot Depth *(Feet)*	120	120	125	200
Minimum Lot Size *(Sq. Ft.)*	7,200	8,400	10,000	20,000
Number of Proposed Units	206	112	326	98
Dwelling Unit %	27.80	15.10	43.90	13.20

- ✓ The purpose of the applicant's submittal is to final plat *Phase IXA* of the *Breezy Hill Subdivision* and layout 55 of the 742 single-family lots. The 55 proposed lots will be constructed to the *Type 'A'* standard (*all standards are displayed in the above table*). This portion of the development is intended to provide a buffer between the residents east of Breezy Hill Road and the planned ~30-acres of land designated for General Retail (GR) District uses located to the west of the subject property.

- ✓ The proposed final plat conforms to the amended concept plan that was approved on July 7, 2014 by the City Council under *Case No. Z2014-017* [*Ordinance No. 14-26*].

- ✓ On July 7, 2015 the Parks Board reviewed the proposed final plat and recommended the following:

  1) The developer pay the pro-rata equipment fees required for District No. 7 in the amount of $11,700.00 [55 Lots @ $214.00 Per Lot].

- ✓ The Surveyor has completed the majority of the technical revisions requested by staff, and this plat, conforming to the requirements for final plats as stated in the *Subdivision*

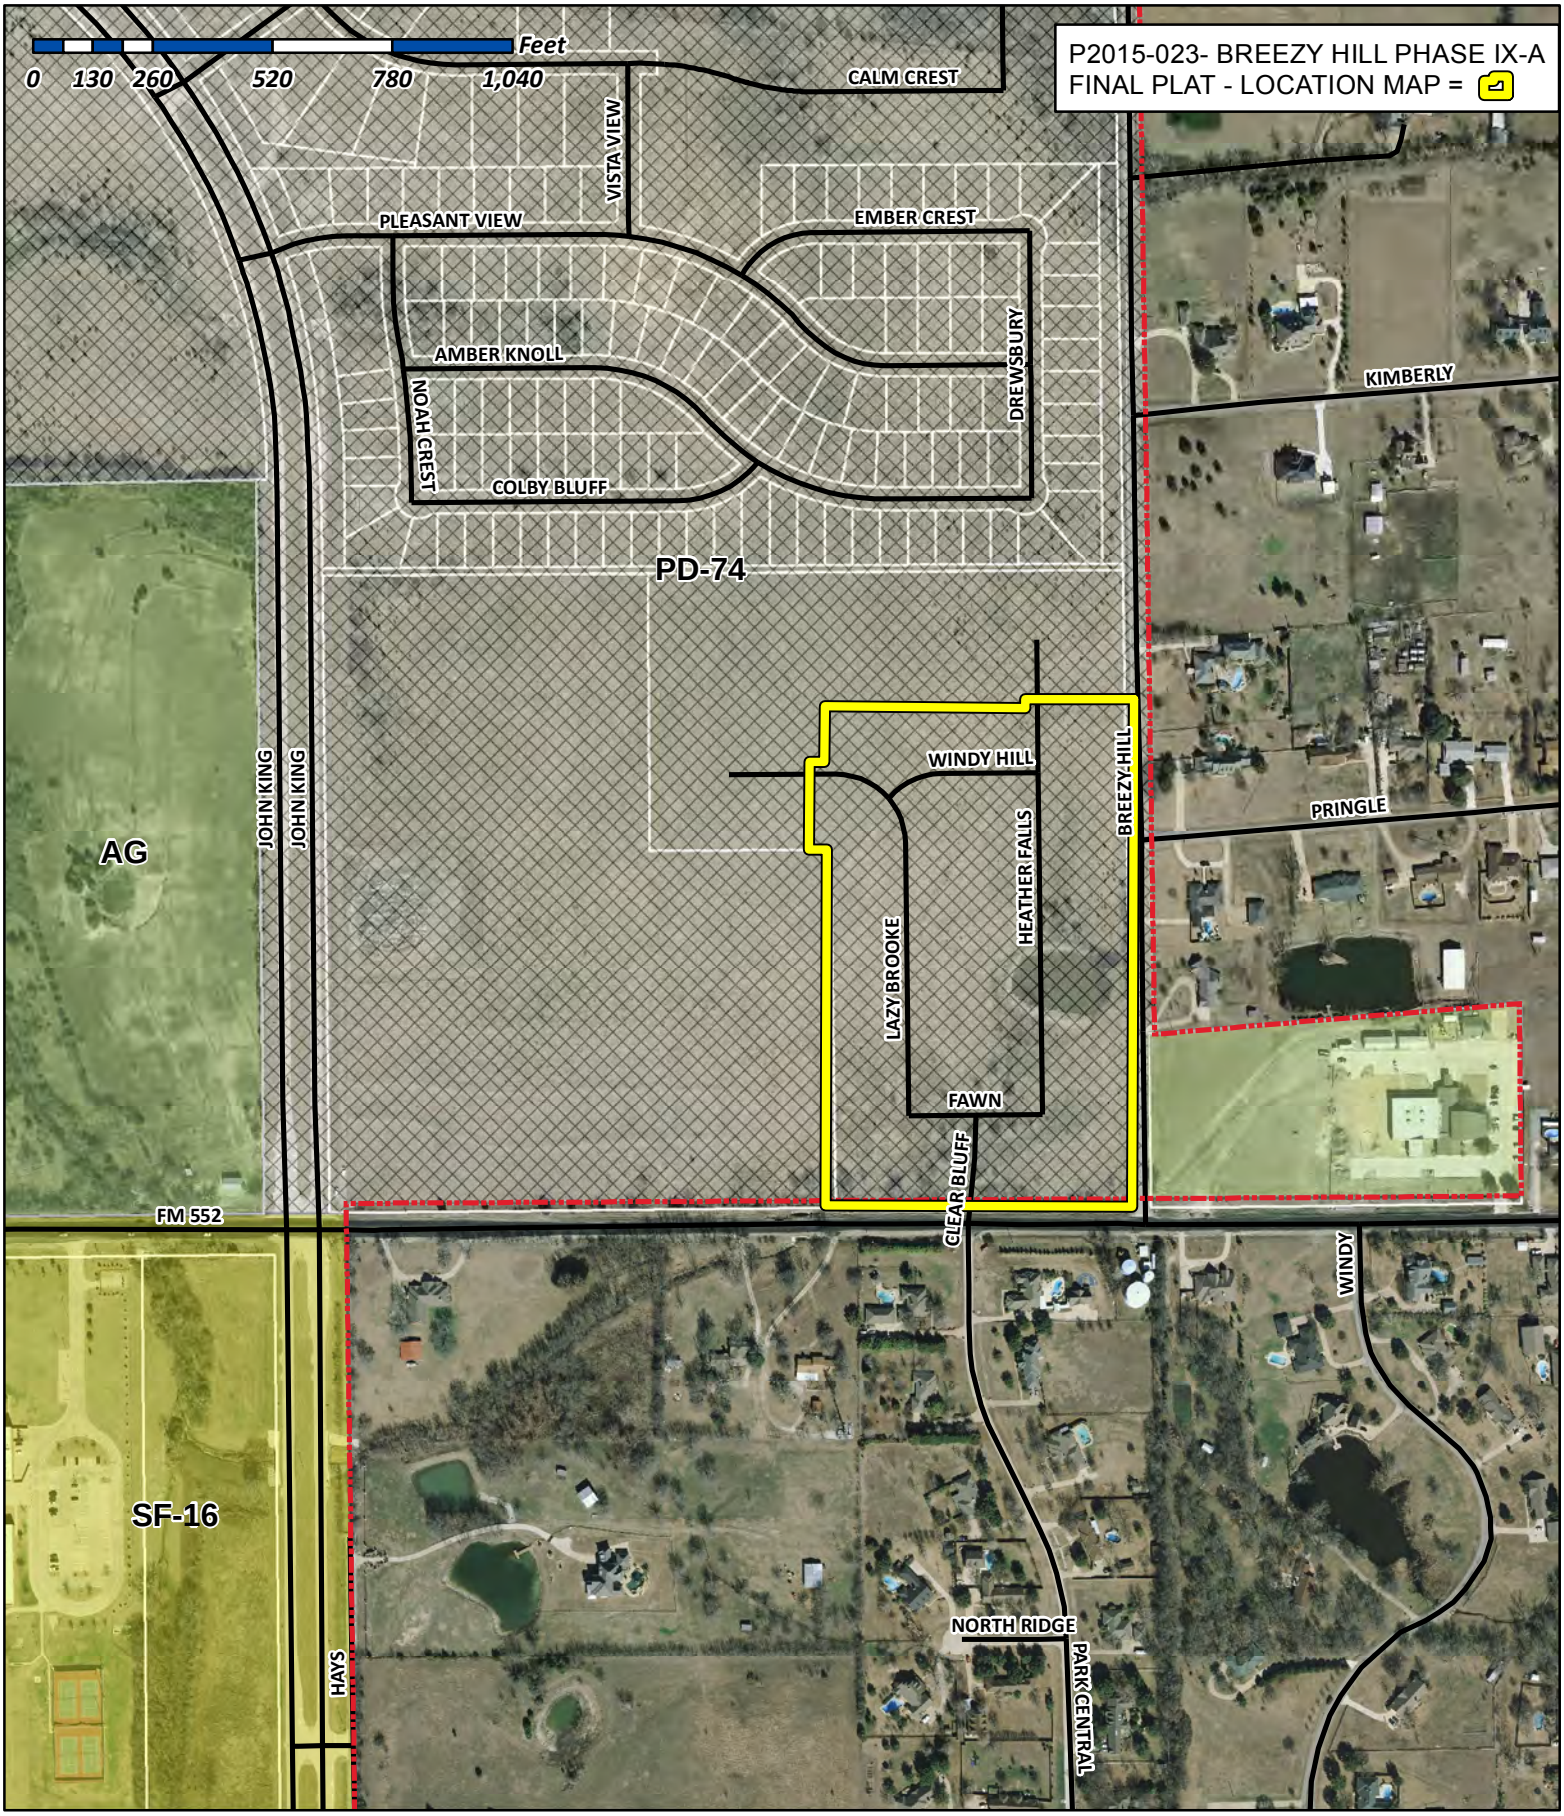
Ordinance contained in the Municipal Code of Ordinances, is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

✓ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Recommendation* section below.

RECOMMENDATIONS:

If the Planning & Zoning Commission and City Council choose to approve the *final plat* for *Phases IXA* of the *Breezy Hill Subdivision* staff would recommend the following conditions of approval:

1) The *final plat* shall conform to all requirements stipulated by the Planning, Engineering and Fire Departments;



2) In conformance with Planned Development District 74 (PD-74) [*Ordinance No. 12-26*] amendments to the *PD Site Plan* approved under *Case No. SP2013-013* shall be submitted and approved administratively prior to the filing of this final plat;

3) The final plat shall conform to the recommendations made by the Parks Board; and,

4) Any construction resulting from the approval of this *final plat* shall conform to the requirements set forth by the Unified Development Code (UDC), the 2009 International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING & ZONING COMMISSION:

On July 14, 2015, the Planning & Zoning Commission approved a motion to recommend approval of the final plat by a vote of 6-0, with Commissioner Lyons absent.

OWNER'S CERTIFICATE

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:
STATE OF TEXAS
COUNTY OF ROCKWALL
I the undersigned owner of the land shown on this plat, and designated herein as the BREEZY HILL PHASE IX-A, subdivision to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. I further certify that all other parties who have a mortgage or lien interest in the BREEZY HILL PHASE IX-A, subdivision have been notified and signed this plat.

I understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. I also understand the following:

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall: or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done: or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City: we, our successors and assigns hereby waive any claim, damage, or cause of action that we may have as a result of the dedication of exactions made herein.

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 07/20/2015

APPLICANT: Chase Finch, *Corwin Engineering, Inc.*

AGENDA ITEM: **P2015-024**; *Rockwall Downes, Phase 2*

SUMMARY:

Discuss and consider a request by Chase Finch of Corwin Engineering, Inc. on behalf of Matt Alexander of the Cambridge Company, Inc. for the approval of a final plat for Phase 2 of the Rockwall Downes Subdivision, consisting of 30 single family lots on a 11.923-acre tract of land identified as a portion of Tract 3 of the J. M. Allen Survey, Abstract No. 2, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 10 (PD-10) for residential land uses, located at the northeast corner of the intersection of John King Boulevard and Discovery Boulevard, and take any action necessary.

PLAT INFORMATION:

- ✓ The purpose of the applicant's request is to final plat 30 single-family, residential lots on a 11.923-acre tract of land for the construction of *Phase 2* of the *Rockwall Downes Subdivision*. The subdivision will be composed of 90 single-family lots that will be broken down into three (3) phases with Phase 1 containing 34 lots, Phase 2 containing 30 lots, and Phase 3 containing 26 lots. Each single-family lot will have a minimum lot size of 55' x 110' (*or 6,050 SF*).

- ✓ The subject property is zoned Planned Development District 10 (PD-10), which designates the subject property for single family detached uses. According to Ordinance No. 04-25 the development standards for the subject property are as follows:

	Ordinance Requirements
Maximum Density (Dwelling Units Per Acre)	5
Minimum SF Per Dwelling Unit	1,500 SF
Minimum Lot Frontage on a Public Street	50'
Minimum Lot Width	55'
Minimum Lot Depth	100'
Minimum Front Yard Setback	20'
Minimum Rear Yard Setback	10'
Minimum Side Yard Setbacks (Internal, Street, Arterial)	5', 15', 20'
Minimum Distance Between Buildings	10'
Maximum Lot Coverage	45%
Maximum Building Height	32'
Minimum Masonry Requirement	90%

- ✓ The proposed final plat conforms to the site plan approved by the Planning and Zoning Commission on September 9, 2014 under *Case No. SP2014-014*.

- ✓ On July 7, 2015 the Parks Board reviewed the proposed final plat and recommended the following:

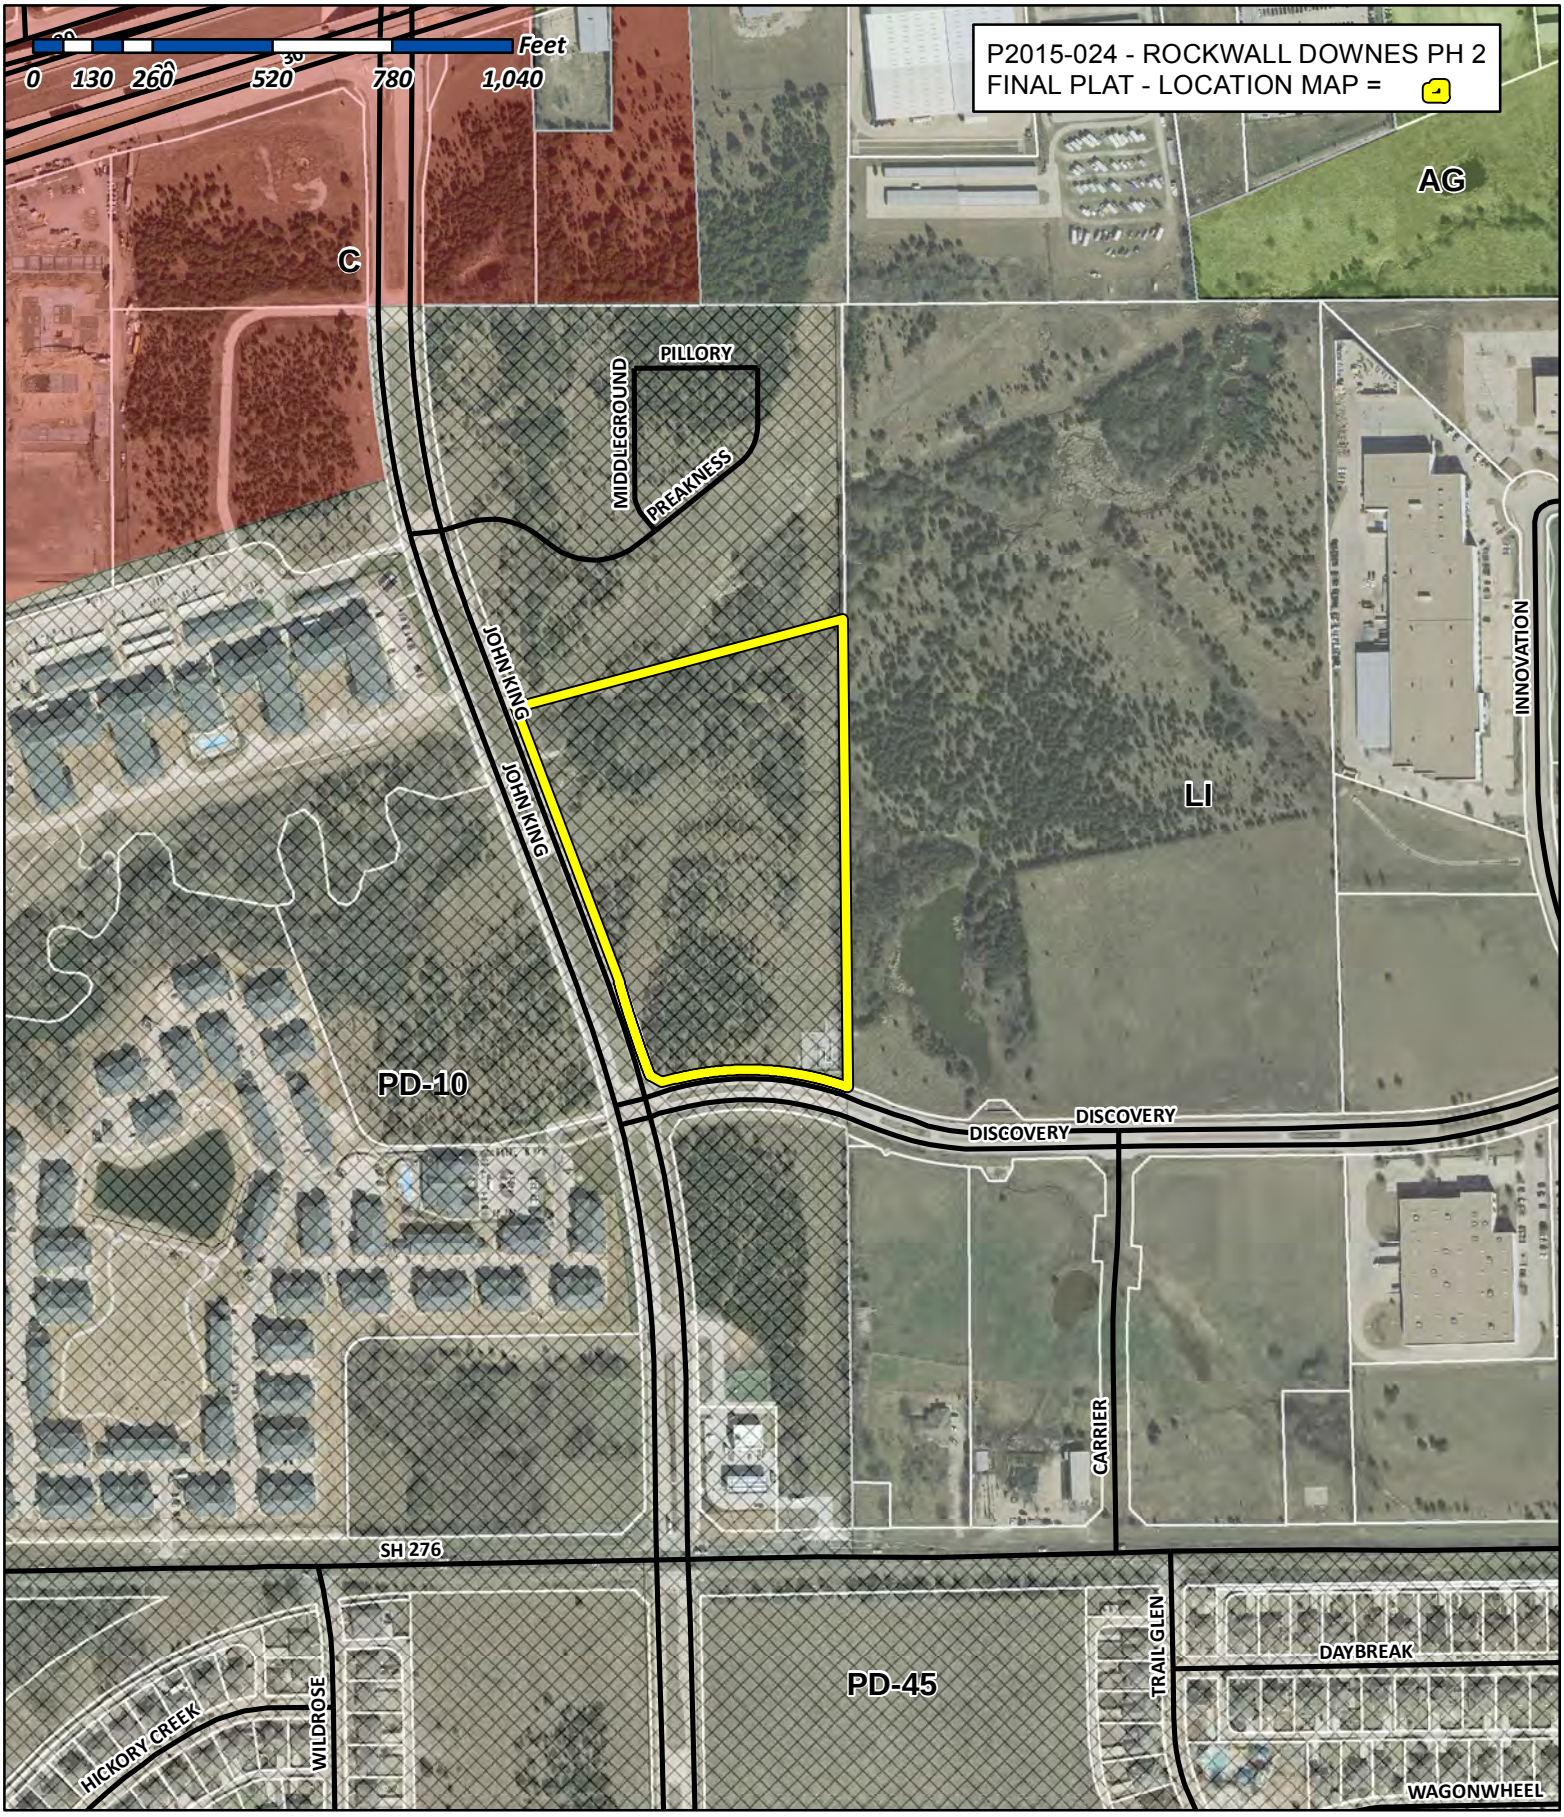
    1) The developer should provide a ten (10') foot walking trail along the east side of John King Boulevard connecting the trail constructed with Rockwall Downes, Phase I to Discovery Boulevard. The trail should be utilized as a public trail, but maintained by the HOA.

- ✓ The Surveyor has completed the majority of the technical revisions requested by staff, and this plat, conforming to the requirements for plats as stated in the *Subdivision Ordinance* in the *Municipal Code of Ordinances*, is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

- ✓ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Recommendation* section below.

RECOMMENDATIONS:

If the Planning & Zoning Commission and City Council choose to approve the *final plat* for *Phase 2* of the *Rockwall Downs Subdivision* staff would recommend the following conditions:



1) The *final plat* shall conform to all requirements stipulated by the Planning, Engineering and Fire Departments;

2) The final plat shall conform to the recommendations made by the Parks Board; and,

3) Any construction resulting from the approval of this *final plat* shall conform to the requirements set forth by the Unified Development Code (UDC), the 2009 International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING & ZONING COMMISSION:

On July 14, 2015, the Planning & Zoning Commission approved a motion to recommend approval of the final plat by a vote of 6-0, with Commissioner Lyons absent.

LEGAL DESCRIPTION

WHEREAS, ROCKWALL DOWNES DEVELOPMENT, LLC., is the owner of a tract of land situated in the J.M. Allen Survey, Abstract No. 2 in the City of Rockwall, Rockwall County, Texas, being part of a tract of land in Deed to The Cambridge Companies, as described in Vol. 99, Pg. 1022 in the Deed Records of Rockwall County, Texas, and being more particularly described as follows:

BEGINNING, at a ½ inch iron rod found at the southeast corner of Rockwall Downes Phase 1, an addition to the City of Rockwall, as described in Vol. Pg. in the Plat Records of Rockwall County, Texas, being in the east line of said Cambridge Companies tract of land.

THENCE, South 00° 35'47" East, along said east line, for distance of 1015.37 feet, to a ½ inch iron rod set with a yellow cap with a yellow cap stamped "Corwin Eng. Inc.", being in the north line of Discovery Drive (85' R.O.W.), being on a curve to the left, having a radius of 642.50 feet, a central angle of 34° 11'09", and a tangent of 197.57 feet;

THENCE, along the north line of said Discovery Drive and with said curve to the left for an arc distance of 383.35 feet (Chord Bearing North 87° 21'25" West - 377.69 feet), to a ½ inch iron rod set with a yellow cap stamped "Corwin Eng. Inc.", at the point of tangency;

THENCE, South 75° 33'00" West, continuing along said north line, for a distance of 26.84 feet, to a ½ inch iron rod set with a yellow cap stamped "Corwin Eng. Inc.";

THENCE North 60° 02'18" West, departing said north line, for a distance of 29.29 feet, to a ½ inch iron rod set with a yellow cap stamped "Corwin Eng. Inc.", in the east line of John King Boulevard (120' R.O.W.), being on a curve to the left, having a radius of 2560.00 feet, a central angle of 04° 47'55" , and a tangent of 107.26 feet;

THENCE, along the east line of said John King Boulevard and with said curve to the left for an arc distance of 214.40 feet (Chord Bearing North 18° 15'34" West - 214.34 feet), to a ½ inch iron rod set with a yellow cap stamped "Corwin Eng. Inc." at the point of tangency;

THENCE, North 20° 39'31" West, continuing along said east line, for a distance of 635.10 feet, to a ½ inch iron rod set with a yellow cap stamped "Corwin Eng. Inc.";

THENCE, North 74° 50'31" East, departing said east line, for a distance of 734.88 feet, to the POINT OF BEGINNING and containing 11.923 acres of land.

OWNER'S CERTIFICATE

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:
STATE OF TEXAS
COUNTY OF ROCKWALL

We the undersigned owners of the land shown on this plat, and designated herein as the ROCKWALL DOWNES PHASE 2, subdivision to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. We further certify that all other parties who have a mortgage or lien interest in the ROCKWALL DOWNES PHASE 2, subdivision have been notified and signed this plat.

We understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. We also understand the following:

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

We further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; we, our successors and assigns hereby waive any claim, damage, or cause of action that we may have as a result of the dedication of exactions made herein.

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 07/20/2015

APPLICANT: Chase Finch, *Corwin Engineering, Inc.*

AGENDA ITEM: **P2015-025**; *Rockwall Downes, Phase 3*

SUMMARY:

Discuss and consider a request by Chase Finch of Corwin Engineering, Inc. on behalf of Matt Alexander of the Cambridge Company, Inc. for the approval of a final plat for Phase 3 of the Rockwall Downes Subdivision, consisting of 26 single family lots on a 8.559-acre tract of land identified as a portion of Tract 3 of the J. M. Allen Survey, Abstract No. 2, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 10 (PD-10) for residential land uses, located at the northwest corner of the intersection of John King Boulevard and Discovery Boulevard, and take any action necessary.

PLAT INFORMATION:

- ✓ The purpose of the applicant's request is to final plat 26 single-family, residential lots on a 8.559-acre tract of land for the construction of *Phase 3* of the *Rockwall Downes Subdivision*. The subdivision will be composed of 90 single-family lots that will be broken down into three (3) phases with Phase 1 containing 34 lots, Phase 2 containing 30 lots, and Phase 3 containing 26 lots. Each single-family lot will have a minimum lot size of 55' x 110' (*or 6,050 SF*).

- ✓ The subject property is zoned Planned Development District 10 (PD-10), which designates the subject property for single family detached uses. According to Ordinance No. 04-25 the development standards for the subject property are as follows:

	Ordinance Requirements
Maximum Density (Dwelling Units Per Acre)	5
Minimum SF Per Dwelling Unit	1,500 SF
Minimum Lot Frontage on a Public Street	50'
Minimum Lot Width	55'
Minimum Lot Depth	100'
Minimum Front Yard Setback	20'
Minimum Rear Yard Setback	10'
Minimum Side Yard Setbacks (Internal, Street, Arterial)	5', 15', 20'
Minimum Distance Between Buildings	10'
Maximum Lot Coverage	45%
Maximum Building Height	32'
Minimum Masonry Requirement	90%

- ✓ The proposed final plat conforms to the site plan approved by the Planning and Zoning Commission on September 9, 2014 under *Case No. SP2014-014*.

- ✓ On July 7, 2015 the Parks Board reviewed the proposed final plat and approved a motion to accept the plat without further recommendation.

- ✓ The Surveyor has completed the majority of the technical revisions requested by staff, and this plat, conforming to the requirements for plats as stated in the *Subdivision Ordinance* in the *Municipal Code of Ordinances*, is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

- ✓ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Recommendation* section below.

RECOMMENDATIONS:

If the Planning & Zoning Commission and City Council choose to approve the *final plat* for *Phase 3* of the *Rockwall Downs Subdivision* staff would recommend the following conditions:

1) The *final plat* shall conform to all requirements stipulated by the Planning, Engineering and Fire Departments;

2) The final plat shall conform to the recommendations made by the Parks Board; and,

3) Any construction resulting from the approval of this *final plat* shall conform to the requirements set forth by the Unified Development Code (UDC), the 2009 International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING & ZONING COMMISSION:

On July 14, 2015, the Planning & Zoning Commission approved a motion to recommend approval of the final plat by a vote of 6-0, with Commissioner Lyons absent.

OWNER'S CERTIFICATE

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:
STATE OF TEXAS
COUNTY OF ROCKWALL
I the undersigned owner of the land shown on this plat, and designated herein as the ROCKWALL DOWNES PHASE 3, subdivision to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. I further certify that all other parties who have a mortgage or lien interest in the ROCKWALL DOWNES PHASE 3, subdivision have been notified and signed this plat.

I understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. I also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equ to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I, our successors and assigns hereby waive any claim, damage, or cause of action that we may have as a result of the dedication of exactions made herein.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Rick Crowley, City Manager**

FROM: **Mary Smith, Assistant City Manager**

DATE: **July 17, 2015**

SUBJECT: **Adjustment of Tax Lien on Property in LRE**

Mr. Jim Lambeth with Linebarger, Goggan, Blair and Sampson will attend Monday's Council meeting to make a presentation regarding a property in Lake Rockwall Estates. The property, located at 464 Evans, was offered at tax sale but did not draw any bids. When this happens, the property is struck off the roll and is generally put under the RISD name. Many years ago, the taxing entities agreed that any property in LRE that is struck off would be placed under the City of Rockwall name. Further taxes are not assessed from that point. The property can remain this way until a potential buyer comes along and makes a bid on the property.

Recently the Rockwall Housing Development Corporation (RHDC) decided to make a bid on the property. The bid is less than the total taxes due to the three taxing entities. Mr. Lamberth is approaching each governing body to determine if each will agree to receive a pro-rata share the bid amount and waive the remaining taxes due at this time.

BID

Property Located in : Rockwall ISD, City of Rockwall, and Rockwall County

I hereby submit my bid for the purchase of Suit No. 3-05-17 Rockwall ISD, Et Al vs Ofelio Guevara, Et Al, being more particularly described as **Lot 1413, Rockwall Lake Properties Development No. 2 Subdivision, a subdivision in Rockwall County, Texas according to the map or plat thereof, recorded in Volume 1, Pages 79 and 80, Plat Records of Rockwall County, Texas (25324)** and have included a cashier's check or money order for the bid amount.

Bid Amount $6,000.00

General Conditions for Bids

Read Carefully

The land and/or improvements described above shall hereinafter be referred to as "the property".

The Deeds to these properties will contain an acknowledgment that the property is subject to the prior owner's right of redemption, if any, and that property is being purchased "as is" and "with all faults" and "The Taxing Entities" have no responsibility for the condition of the property and all sales are made without warranty, expressed or implied.

"The Taxing Entities" assume no responsibility as to the accuracy of any fact relating to the property for sale. The data reflected in the advertisement is for information only. All sales are "as is" to the successful Bidder on a **"Buyer Beware"** basis.

It is understood and agreed that my bid will be returned if my bid is not accepted. "The Taxing Entities" responsibility to return my bid to me shall extend only to depositing same in the U.S. Mail on or before 30 days from the date my bid is rejected.

"The Taxing Entities" reserve the right to reject any and all Bids.

"The Taxing Entities" will not provide title policy.

"The Taxing Entities "make no representations of any nature regarding the property, and this agreement represents the sole responsibility of the Entities regarding this property.

239

If my bid is accepted, "The Taxing Entities" accept no responsibility for any misrepresentations. Failures of disclosure, errors or other neglect or wrongful acts occurring in the context of or pertaining to the closing of this transaction.

"The Taxing Entities", by advertising this property, makes no warranty concerning zoning or as to whether or not the property so advertised can be utilized for any purpose. It will, therefore, be the responsibility of the bidder to examine all applicable building codes and ordinances to determine that the property in question can be used for the purpose desired.

By entering into this agreement, I hereby waive any rights I may have either now or in the future, to undertake any legal action against "The Taxing Entities" for failure of the "The Taxing Entities" to properly advertise or notice the sale of the property or to properly conduct the sale of this property.

I certify that I have no outstanding tax judgments or tax delinquencies in Rockwall County.

CHAPTER 212 TEXAS LOCAL GOVERNMENT CODE
DEVELOPMENT AGREEMENT

This Agreement is entered into pursuant to Section 212.172 Texas Local Government Code by and between the City of Rockwall, Texas [*the 'City'*] and **TERRAVISTA INVESTORS, LLC**, [*'Owner's'*] the property owners of the hereinafter described property [*the 'Property'*] in Rockwall County, Texas, sometimes individually or collectively referred to as *Party* or *Parties*:

> That property described in a deed to **TERRAVISTA INVESTORS, LLC** which is recorded at *Volume 7283 Page 108* of the Deed Records of Rockwall County, Texas, and commonly known as *Tax Parcel No.* **0142-0000-0018-01-0R & 0142-0000-0018-00-0R**, which is attached hereto as *Exhibit 'A'*, consisting of approximately **97.2821** acres of land.

WHEREAS, *Owners* represent that the *Property* is within the *City's* existing extraterritorial jurisdiction and more particularly described on *Exhibit 'A'* and to the extent that a portion of the *Property* lies outside the *City*'s extraterritorial jurisdiction, *Owners* have voluntarily petitioned for inclusion of such land within the *City's* ETJ; and

WHEREAS, *Owners* desire that the *Property* remain in the *City's* extraterritorial jurisdiction (*'ETJ'*) for the term of this Agreement;

WHEREAS, *Owners* and the *City* acknowledge that this Agreement between them is binding upon the *City* and the *Owners* and their respective successors and assigns for the term of the Agreement;

WHEREAS, *Owners* represent that it is their intention to develop the *Property* during the term of this Agreement in accordance with the Development Plan, as set forth and described in *Exhibit 'B'* attached hereto; and

WHEREAS, this Agreement is to be recorded in the Real *Property* Records of Rockwall County;

NOW, THEREFORE, in consideration of the mutual covenants contained herein, the Parties hereto agree as follows:

SECTION 1.

Continuation of ETJ Status. The *City* guarantees the continuation of the extraterritorial status of the Property and agrees not to annex the *Property* for the term of this Agreement, as hereinafter defined, and any subsequent renewals as may be agreed upon by the Parties, subject, however, to the provisions of this Agreement.

SECTION 2.

Development Plan. The *Owners* covenant and agree that use of the *Property* for the term of this Agreement and any extensions agreed to by the Parties shall be limited to those uses described on a development plan prepared by the landowner and approved

DRAFT 07.20.15

by the *City* of Rockwall and herein attached as *Exhibit 'B'*. Such uses and activities constitute the Development Plan for the *Property* in satisfaction of Texas Local Government Code *Section 212.172(b)*. The *City* hereby approves the use and development of the *Property* in accordance with the Development Plan, and, specifically approves the land use as described and identified in the Development Plan. The Development Plan may be amended from time to time by written agreement between the Parties.

SECTION 3.

Governing Regulations

(A) To the extent not inconsistent with the approved Development Plan, the following Rockwall regulations shall apply to any development of the *Property*, as may be amended from time to time, provided that the application of such regulations does not prevent the continuation of a use established prior to the effective date of this Agreement and which remains lawful at the time the Agreement is executed:

(1) The Rockwall Unified Development Code Ordinance [*Ordinance No. 04-38*] as amended; for purposes of evaluating any proposed development of the *Property* under the Unified Development Code.

(2) The Subdivision Regulations, Chapter 24 of the Code of Ordinances and as amended, together with Standards of Design and Construction, City of Rockwall Texas, as supplemented by the North Central Texas Council of Governments Standard Specifications for Public Works Construction, North Central Texas, 3rd Ed. 1998 (NCTCOG Manual).

(3) The Building Codes, [*Ordinance No. 12-02*], adopting:

a. *International Building Code, 2009 Edition with amendments;*

b. *International residential Code, 2009 Edition with amendments;*

c. *The International Fire Code, 2009 Edition with amendments;*

d. *International Plumbing Code, 2009 Edition with amendments;*

e. *International Fuel Gas Code, 2009 Edition with amendments;*

f. *Rockwall Code of Ordinances, Property Maintenance Code, with amendments;*

g. *Uniform Swimming Pool Code, 2009 Edition with amendments; and*

h. *International Energy Conservation Code, 2009 Edition with amendments.*

i. *National Electric Code, 2008 Edition with amendments.*

j. *Rockwall Code of Ordinances, Fences, with amendments;*

k. *Rockwall Code of Ordinances, Dangerous Buildings, with amendments;*

DRAFT 07.20.2015

l. *Rockwall Code of Ordinances, Moving of Buildings, with amendments.*

(4) *The Sign Regulations, Section 15-232 (B)* [*Ordinance 10-07*].

(B) If, pursuant to this Agreement or following termination of the Agreement, portions of the *Property* are annexed to the City, the Parties further covenant and agree that the use and development of such land thereupon shall be subject to the regulations of the lowest intensity single-family residential district and the subdivision regulations then in effect. In the event any portion of the *Property* is developed in compliance with this Agreement, then following annexation the *Property* will be rezoned consistent with the City's approved Comprehensive Plan so that development pursuant to this Agreement does not result in a nonconforming use of the *Property* and the future use and development of such land shall be governed by the regulations of the zoning district to which the land is reclassified and the subdivision regulations in effect at the time of approval of such rezoning.

SECTION 4.

Agreement Deemed Void in Part; Voluntary Annexation.

(A) If an *Owner* files any application for or otherwise commences development of any portion of the *Property* inconsistent with the development plan provided in Section 2, sections 1 and 3 of this Agreement shall become null and void, except as herein expressly provided for.

(B) Thereafter the City may initiate annexation of the *Property* pursuant to Texas Local Government Code Subchapter C-1, or other such other provisions governing voluntary annexation of land as may then exist. *Owners* expressly and irrevocably consent to annexation of the *Property* under such circumstances. The *Owners* further agree that such annexation by the City shall be deemed voluntary, and not subject to the requirements and procedures for an annexation plan, as required by Texas Local Government Code Section 43.052, or successor statute.

(C) Any development application that is submitted to the City for the *Property* during the term of this Agreement or during any extension, that is inconsistent with the development plan and governing regulations, shall be denied based upon such plan and governing regulations, which collectively shall constitute regulations in effect at the time such application is submitted. The *Owners* expressly waive any vested rights that might otherwise arise under Texas Local Government Code Section 43.002 or Chapter 245, or successor statute, from the submittal of such inconsistent development application. The *Owners* further agree that no use commenced or completed on the *Property* that is inconsistent with the Development Plan shall be considered established or in existence prior to the date that the City annexes the *Property* pursuant to this section.

(D) If the City's right to annex, as of the date of this Agreement, is in any way diminished by a subsequent act by the Legislature of the State of Texas during

the one year period or any additional period, that this Agreement is in effect, then such act shall be considered as a voluntary petition to annex.

SECTION 5.

Notice of Sale. If the *Owner* sells or conveys any portion of the *Property*, prior to such sale or conveyance, *Owner* shall give 30 days written notice of this Agreement to the prospective purchaser or grantee and the prospective purchaser or grantee acknowledge the City's rights under the terms of this Agreement. A copy of said notice and acknowledgement shall be forwarded to the City at the following address:

Attn: City Manager
City of Rockwall
City Hall
305 S. Goliad Street
Rockwall, Texas 75087

SECTION 6.

Recording. This Agreement is to run with the *Property* and be recorded in the real property records, Rockwall County, Texas.

SECTION 7.

Severability. Invalidation of any provision of this Agreement by judgment or court order shall not invalidate any of the remaining provisions which shall remain in full force and effect. It is the intent of the parties that, should it be determined that any portion of the *Property* was outside of the City's then existing ETJ at the time this Agreement took effect, the provisions of this Agreement shall apply to the remainder of the *Property* located within the City's extraterritorial jurisdiction.

SECTION 8.

Remedies. This Agreement may be enforced by either *Owners* or the City by any proceeding at law or in equity. Failure to do so shall not be deemed a waiver to enforce the provisions of this Agreement thereafter. Entry into this Agreement by *Owners* waive no rights as to matters not addressed in this Agreement.

SECTION 9.

Change in Law. No subsequent change in the law regarding annexation shall affect the enforceability of this Agreement or the City's ability to annex the properties covered herein pursuant to Section 3.

SECTION 10.

Venue. Venue for this Agreement shall be in Rockwall County, Texas.

SECTION 11.

DRAFT 07.20.2015

Execution in Multiple Copies. This Agreement may be separately executed in individual counterparts and, upon execution, shall constitute one and same instrument.

SECTION 12.

Term and Extension. The initial term of this Agreement shall be for a period of fifteen (15) years from the Effective Date (*the 'Term'*). The Effective Date of the Agreement shall be the date the Agreement is executed by the City. Within 180 days prior to end of the Term of the Agreement, the City shall notify the *Owners* in writing that the Agreement is due to expire. If *Owners* desire to extend the operation of this Agreement beyond its Term, the *Owners*, at least 150 days prior to the end of the Term, shall submit a written request to the City for such an extension (*an 'Extension Request'*). The City, at least 90 days prior to the end of the Term shall notify *Owners* in writing, delivered by certified mail, with respect to its decision whether to extend this Agreement for an additional one (1) year term (*referred to as a 'Subsequent Term'*). In the event such written notice from the City of its decision is not received by the *Owners* at least 90 days prior to the end of that Term such Extension Request is deemed granted and this Agreement continues for another Subsequent Term.

SECTION 13.

Termination. If the *Owners* do not provide an Extension Request pursuant to Section 12, or upon a written decision by the City not to extend the term of this Agreement for a Subsequent Term following the Term, then *Owners* shall be deemed to have filed a petition for voluntary annexation as of the end of the Term of this Agreement. If *Owners* submitted an Extension Request, then a notice pursuant to Section 13 by the City that it has decided not to extend the Term of this Agreement shall also include a notification whether it intends, subject to the procedures required by law, to accept the petition for voluntary annexation. If *Owners* did not submit an Extension request then the City, at least 90 days prior to the end of the Initial Term, shall provide a written notification to *Owners*, by certified mail, whether it intends, subject to the procedures required by law, to accept the petition for voluntary annexation. Any annexation proceedings pursuant to this section shall be commenced within 180 days after the end of the Term.

SECTION 14.

Negotiations. Upon termination of this Agreement and the decision by the City to accept the petition for voluntary annexation by the *Owners*, as provided in Section 12 or Section 13, then *Owners* and the City will enter into good faith negotiations regarding the service plan to be implemented, provided that, unless the parties agree otherwise, the service plan for such land shall conform to, and be implemented in accordance with the City's then existing adopted comprehensive and utility master plans. Upon annexation, the zoning shall initially be a use consistent with development of the *Property* consistent with the Development Plan or if the *Property* has not been developed, the lowest intensity residential district, until an appropriate change in zoning is made pursuant to Chapter 211, Texas Local Government Code or successor statute. In connection with annexation pursuant to this section, the *Owner* hereby waives any and all vested rights and claims that he may have under Section 43.002(a)(2) and Chapter 245 Texas Local Government Code that would otherwise exist by virtue of any

actions *Owners* may take between the termination of this Agreement and the completion of annexation proceedings by the City. Unless the City declines to annex the *Property* on the petition of the property *Owner*, the Development Plan and governing regulations consistent with the Development Plan shall apply to any proposed development application prior to completion of annexation proceedings and the adoption of permanent zoning regulations for the *Property*, and the Development Plan and governing regulations consistent with the Development Plan shall be kept in effect for such purposes.

SECTION 15.

Survival of Covenants. The covenants in Sections 2, 4, 14, and 15 shall survive termination of this Agreement, together with any other provisions, as may be necessary for the implementation of those sections.

Exhibit 'B'
Concept Plan

DRAFT 7.20.15

Development Standards.

1. *Permitted Uses.* Unless specifically provided by this agreement, only those uses permitted within the Single Family 1 (SF-1) District, as stipulated by the *Permissible Use Charts* contained in Article IV, *Permissible Uses*, of the Unified Development Code (UDC), are allowed on the *Subject Property*.

2. *Density and Dimensional Requirements.* The maximum permissible density for the *Subject Property* shall not exceed one (1) dwelling unit per gross acre of land; however, in no case should the proposed development exceed 66 units. All lots shall conform to the standards depicted in *Table 1* below unless specifically provided for in *Table 2* below.

Table 1: Lot Dimensional Requirements

Minimum Lot Width [1]	150'
Minimum Lot Depth	250'
Minimum Lot Area [6]	43,560 SF
Minimum Front Yard Setback [2]	40'
Minimum Side Yard Setback	25'
Minimum Side Yard Setback (Adjacent to a Street)	25'
Minimum Length of Driveway Pavement (Rear and Side Yard Only)	25'
Maximum Height [3]	36'
Minimum Rear Yard Setback [4]	25'
Minimum Area/Dwelling Unit (SF) [5]	2,600 SF
Maximum Lot Coverage	45%
Minimum Number of Paved Off-Street Parking Spaces	2 Spaces
Minimum Distance Between Buildings	10'

General Notes:

1. The minimum lot width shall be measured at the *Front Yard Building Setback*. The Director of Planning or his designee may grant a reduction in the required lot width by up to 10% of the required width if deemed necessary to the design of the lot.
2. The location of the *Front Yard Building Setback* as measured from the front property line.
3. The *Maximum Height* shall be measured to the eave or top plate (whichever is greater) of the single family home.
4. As measured from the rear yard property line.
5. The minimum area/dwelling unit only includes air conditioned square space.
6. The minimum lot area refers to area outside of the floodplain, as defined per the City's regulations.

3. *Building Standards.* All development shall adhere to the following building standards:

   (a) Masonry Requirement. The minimum masonry requirement for the exterior façades of all primary structures (*i.e. dwelling units only*) shall be 80%. For the purposes of this agreement the masonry requirement shall be limited to full width brick, natural stone, cast stone, cementaceous fiberboard horizontal lap-siding (*e.g. HardiBoard or Hardy Plank*), and stucco (*i.e. three [3] part stucco or a comparable -- to be determined by staff*). Cementaceous products (*e.g. HardiBoard, Hardy Plank, Stucco, etcetera)* shall be limited to 50% of the masonry requirement.

   (b) Roof Pitch. A minimum of an *8:12* roof pitch is required on all structures with the exception of porches, which shall have a minimum of a *4:12* roof pitch.

DRAFT 7.20.15

(c) Garage Orientation. Garages shall be accessed from a traditional *'J'-Swing* or *Swing* type driveway arrangement. A second, single garage door facing the street is permitted behind the width of the required double door garage that is accessed from a traditional *'J'-Swing* or *Swing* configuration.

4. *Anti-Monotony Restrictions.* The development shall adhere to the following *Anti-Monotony* restrictions (*for spacing requirements see the illustration below*):

(1) Exterior wall materials must comply with the *Masonry Requirements* listed in *Section 3.(a)*. Additionally, all chimneys are required to utilize masonry materials.
(2) Identical brick blends or paint colors may not occur on adjacent (side-by-side) properties along any block face without at least four (4) intervening homes of differing materials on the same side of the street beginning with the adjacent property and two (2) intervening homes of differing materials on the opposite side of the street.
(3) Front building elevations shall not repeat along any block face without at least four (4) intervening homes of differing appearance on the same side of the street and two (2) intervening homes of differing appearance on the opposite side of the street. The rear elevation of homes backing to open spaces or on FM-548 shall not repeat without at least two (2) intervening homes of differing appearance. Homes are considered to have a differing appearance if any of the following two (2) items deviate:

(a) Number of Stories
(b) Garage Location
(c) Roof Type and Layout
(d) Articulation of the Front Façade

(4) Crown molding will be installed in all living and family rooms, unless vaulted or pop-up ceilings are utilized. No *Formica* countertops may be installed in kitchens and/or bathrooms, and vinyl flooring and blown acoustic ceilings are prohibited.
(5) Each phase of the subdivision will allow for a maximum of four (4) compatible roof colors, and all roof shingles shall be an architectural or dimensional shingle (*3-Tab Roofing Shingles are prohibited*). Alternatively, a tile, metal or other higher quality may be utilized as a roofing material pending it conform to the *Anti-Monotony Restrictions* stated in this section.

See the Illustrations on the following page.

DRAFT 07.20.15

Illustration 1: Properties line up on the opposite side of the street. Where RED are the same.

Illustration 2: Properties do not line up on opposite side of the street. Where RED are the same.

5. *Fencing Standards.* Fences are not mandatory for any lot within this subdivision; however, if a property owner chooses to construct a fence it will need to adhere to the following standards:

   (a) Solid Residential Fencing. All solid residential fencing shall be cedar standard fencing material (minimum ½" thickness) or better (*spruce fencing is not allowed*). All cedar pickets shall be placed on the *public side* facing the street or neighboring property.

   (b) Wrought-Iron/Tubular Steel Fencing. Lots located along perimeter roadways (*i.e. FM-548*) and abutting open spaces, greenbelts and/or a park [*if* any] -- *however, land abutting development land or yard areas of adjacent properties/homes* -- shall be required to install tubular steel or wrought-iron fencing.

   (c) Common Area Fencing. All common areas and perimeter fencing shall be maintained by a Homeowners Association (HOA) as specified by the *Subdivision Regulations* contained in *Chapter 38* of the City's *Municipal Code of Ordinances*. Common area fencing shall be constructed of tubular steel or wrought-iron and not exceed six (6) feet in height.

6. *Landscaping.* At the time of final inspection of the finished home, all single-family lots shall be landscaped with large canopy trees as follows:

   (a) Two (2) minimum three (3) inch caliper trees, as measured six (6) inches above the root ball, shall be planted in the front yard of all interior lots.

DRAFT 07.20.15

(b) Two (2) minimum three (3) inch caliper trees, as measured six (6) inches above the root ball, shall be planted in the front yard of all corner lots and two (2) additional trees shall be planted in the side yard facing the street.

Note. Any existing trees that are in conformance with the tree mitigation requirements stipulated by Article IX, Tree Preservation, of the Unified Development Code, which can be preserved, will be counted as credits towards all required landscaping requirements.

7. *Lighting.* Light poles shall not exceed 20-feet in total height (*i.e. base and lighting standard*). All fixtures shall be directed downward and be positioned to contain all light within the development area.

8. *Streets.* The street cross sections shall be as depicted within *Exhibit 'B'* of this agreement. The property owner (with direct adjacency) shall be responsible for maintaining the area between edge of pavement and their property line (*i.e. the bar ditches/drainage areas*).

9. *On-Site Sewage Facilities. Septic Systems* are permitted on all lots within this subdivision pending conformance to the following standards:

   (a) All *Septic Systems* shall be designed by a licensed *On-Site Sewage Facility (OSSF)* professional (*e.g. licensed engineer, sanitarian, and etcetera*).
   (b) A stamped and signed copy of the *Septic System* plans indicating the full limits of the septic field shall be submitted to the city at the time of building permit on a *lot-by-lot* basis.
   (c) All *Septic Systems* shall be inspected and approved by the City's chosen inspector.

10. *Buried Utilities.* New distribution power-lines required to serve the *Subject Property* shall be placed underground, whether such lines are located internally or along the perimeter of the *Subject Property*, unless otherwise authorized by the City Council. New transmission power-lines, or distribution lines of a size not typically or cost effectively placed underground (*3-phase lines*), or additional lines that are added to existing poles, may be above ground, if located along the perimeter of the *Subject Property*. The *Developer* shall not be required to relocate existing overhead power-lines along the perimeter of the *Subject Property*.

11. *Neighborhood Signage.* Permanent subdivision identification signage shall be permitted at all major entry points for the proposed subdivision. Final design and location of any entry features shall be reviewed and approved with the final plat.

12. *Homeowner's Association (HOA).* A Homeowner's Association shall be created to enforce the restrictions established in accordance with the requirements of *Section 38-15* of the *Subdivision Regulations* contained within the *Municipal Code of Ordinances* of the City of Rockwall. The HOA shall also maintain all neighborhood parks, trails, open space and common areas, irrigation, landscaping, screening fences associated with this development.

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: Mayor and City Council

CC: Rick Crowley, *City Manager*
Robert LaCroix, *Director of Planning and Zoning*

FROM: Ryan Miller, *Planning Manager*

DATE: July 20, 2015

SUBJECT: Z2015-015; *Riggs Property (AG to PD)*

On July 16, 2015, the applicant, Rich Darragh of the Skorburg Co., requested to withdraw *Case No. Z2015-015*. According to Section 5, *Application Withdrawal*, of the Article II, *Authority and Administrative Procedures*, of the Unified Development Code (UDC), any case that has been published in the paper and notifications of a public hearing sent out must be placed on the public hearing agenda and acted upon by the applicable body.

SKORBURG
COMPANY

July 15, 2015

City of Rockwall
Attn: Ryan Miller

Skorburg Company
8214 Westchester, Suite 710
Dallas, TX 75225

Dear Ryan,

Skorburg Company would respectively request to withdraw their submittal, Zoning Case Z2015-015. This case calls for the rezoning of the property located in the A-187 Strickland, J, owned by Williams Audy Riggs Sr. Estate located West of Anna Cade Rd., E of Breezy Hill Ln. and W of the Breezy Hill Subdivision.

Cordially Yours,

John Arnold
Development Partner

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 07/20/2015

APPLICANT: Rich Darragh, *Skorburg Company*

AGENDA ITEM: **Z2015-015**; *Riggs Property (AG to PD)*

SUMMARY:

Hold a public hearing to discuss and consider a request by Rich Darragh of the Skorburg Company on behalf of the owner William Audy Riggs, SR Estate for the approval of a zoning change from an Agricultural (AG) District to a Planned Development District for Single Family 10 (SF-10) District land uses, on a 93.00-acre tract of land identified as Tract 33 of the J. Strickland Survey, Abstract No. 187, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, located on the east side of Breezy Hill Road north of FM-552, and take any action necessary.

PURPOSE:

On May 15, 2015, the applicant submitted an application requesting to rezone a 93.00-acre tract of land from an Agricultural (AG) District to a Planned Development District for a single-family, residential subdivision that will consist of 231 single-family lots, an amenities center and open space areas. The property, which was annexed into the City on February 4, 2008 by *Ordinance No. 08-12*, is located northeast of the Breezy Hill Subdivision and is currently vacant agricultural land.

ADJACENT LAND USES AND ACCESS:

The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property is the City's corporate boundaries followed by a vacant tract of land situated within the City's Extraterritorial Jurisdiction (ETJ).

South: Directly south of the subject property is the City's corporate boundaries followed by several single-family homes situated within the City's Extraterritorial Jurisdiction (ETJ).

East: Directly east of the subject property is the City's corporate boundaries followed by a portion of Anna Cade Road, which is identified as a *Minor Collector* on the City's Master Thoroughfare Plan. Beyond this thoroughfare are several single-family homes situated within the City's Extraterritorial Jurisdiction (ETJ).

West: Directly west of the subject property is a strip of land that connects Breezy Hill Road with the property directly north of the subject property and serves as a private access drive. Beyond this is a vacant 91.011-acre tract of land, zoned Planned Development District 74 (PD-74) for single-family land uses, that is scheduled to be a future phase of the Breezy Hill Subdivision.

CHARACTERISTICS OF THE REQUEST:

Along with the application, the applicant has submitted a concept plan and development standards for the proposed residential subdivision. The concept plan shows that the subdivision will consist of 53, 80' x 125' lots; 62, 70' x 120' lots; and 116, 60' x 120', which equals an average lot size of ~7,288 SF and a gross residential density of 2.48 units/acre. Incorporated within the development will be 22.00-acres of open space and an amenities center that will serve the 231 single-family lots.

It should be pointed out that the proposed PD Ordinance has similar standards as were approved in Planned Development District 74 (PD-74) [*i.e. the Breezy Hill Subdivision*], and according to the applicant will be constructed as future phases of the adjacent subdivision. A summary of the proposed development standards is as follows:

Lot Type ►	***A***	***B***	***C***
Minimum Lot Width/Frontage	60'	70'	80'
Minimum Lot Depth	120'	120'	125'
Minimum Lot Area	7,000 SF	8,400 SF	10,000 SF
Minimum Front Yard Setback	20'	20'	20'
Minimum Side Yard Setback	5'	5'	5'
Minimum Side Yard Setback (Adjacent to a Street)	10'	10'	10'
Minimum Length of Driveway Pavement	20'	20'	20'
Maximum Height	32'	36'	36'
Minimum Rear Yard Setback	10'	10'	15'
Minimum Area/Dwelling Unit (SF) *	2,200 SF	2,400 SF	2,600 SF
Garage Orientation	*J-Swing or Front Entry*	*J-Swing or Front Entry*	*J-Swing or Front Entry*
Minimum Percentage of 3-Car Garages Required	33%	33%	80%
Maximum Lot Coverage	65%	65%	65%

Notes:

*: *A maximum of 20% of the lots may have homes of not less than 2,500 SF.*

Waivers to Code Requirements:

It should be noted that the development standards contained within the PD Ordinance deviate from the requirements of the Engineering Department's *Standards of Design and Construction* Manual in the following ways:

1) According to the Engineering Department's *Standards of Design and Construction* Manual, "(t)he City Council may waive the residential alley requirement upon determination by the Council, if it is in the best interest of the City." Currently, the applicant is requesting to allow *J-Swing* and/or *Front Entry* garages that comply with Article VI, *Parking and Loading*, of the Unified Development Code (UDC) in lieu of alleys. This requirement has been waived for other subdivisions throughout the City when the PD Ordinance conforms to the requirements stipulated by the UDC.

CONFORMANCE WITH THE COMPREHENSIVE PLAN:

In reviewing the proposed concept plan for conformance to the policies and guidelines of the Comprehensive Plan, staff made the following recommendations to the applicant:

1) Single-family lots adjacent to open space should be front loaded for the purpose of maximizing the value of the adjacent single-family homes, preserving view corridors along the streetscapes, and to better optimize the use of open space within the development.

According to the residential policies established by *Resolution 07-03* contained within the Comprehensive Plan, "(t)o ensure that the maximum value accrues to both parks and homes, adjacent homes should directly face the park, whether or not there may be an intervening street …" and that "(t)he subdivision and development process should include consideration of the way in which residential and non-residential lots are laid out – adjacency and accessibility to park and open space areas should be optimized in all types of development." [*1.d.vii & 1.d.x*] The proposed concept plan currently shows the majority of the lots backing to open space, which the applicant has stated is necessary due to several existing ponds situated on the property that limit the ability to lay lots out in a front loaded format with regard to the street layout. Additionally, the applicant has indicated a preference to allow the lots to back to open space as a selling point for the proposed subdivision. The purpose of this requirement in the Comprehensive Plan is to

increase the availability of open space and park amenities while maintaining property values. In this case, the proposed subdivision has direct proximity to the public park provided in the Breezy Hill Subdivision that could satisfy the availability to the open space requirement. As a compensatory measure staff has included a condition of approval that would require the applicant to provide direct connectivity to the park, which could be achieved through a trail system or the extension of *Street K* into the adjacent phase of the Breezy Hills subdivision.

2) *Increased street connectivity for safety and access can be achieved by removing unnecessary cul-de-sacs.*

   According to the *Transportation* section of the Comprehensive Plan, neighborhood streets should be designed to promote, "… safe, low speeds, and to encourage more walking, cycling, and social interaction…" and "(e)nhance walkability with an interconnected pattern of streets and continuous sidewalks, short blocks, and safe pedestrian crossings." (*Pages 50-55*) On the original concept plan submitted by the applicant, cul-de-sacs were utilized on Streets *'D'*, *'H'*, *'I'* & *'J'*. Since staff made this recommendation, the applicant revised the plan to remove these cul-de-sacs for the purpose of increasing street connectivity within the proposed development.

Conformance with the Future Land Use Map

The Future Land Use Map, contained within the Comprehensive Plan, designates the subject property for *Low Density Residential* land uses. According to the Comprehensive Plan, "(l)ow density residential is defined as less than two (2) units per acre; however, a density up to two and one-half (2.5) units per gross acre may be allowed within a residential Planned Development District that includes the dedication and/or development of additional amenities exceeding the minimum standards for residential Planned Developments." Additionally, the Planned Development District standards contained within the Unified Development Code (UDC) require a minimum of 20% of the gross land area be dedicated to open space.

In this case, the concept plan depicts a residential density of 2.48 units/acre, which is less than the 2.5 units/acre permitted by the *Low Density Residential* land use designation. The applicant is also showing 22.0-acres of open space, which exceeds the 20% open space requirement stipulated by the UDC and Comprehensive Plan by 3.4-acres (*18.6-acres open space required*). Additionally, the applicant has indicated that an Amenities Center will be provided. Staff has also placed a condition of approval requiring connectivity between the subject property and the adjacent public park, which should further increase the amenity being offered by the proposed development.

Conformance with the Master Thoroughfare Plan

The Master Thoroughfare Plan contained with the Comprehensive Plan shows two (2) *Minor Collectors* adjacent to the property at Breezy Hill Road and Anna Cade Road. The applicant has stated that they are requesting a waiver to the improvements of these roadways for the following reasons:

1) *Anna Cade Road*. The only portion of Anna Cade Road adjacent to the property is the north/south portion along the eastern property line. The concept plan depicts only emergency access being needed off this roadway. Additionally, the City has no plans to improve the north/south portions of Anna Cade Road since the majority of this roadway is located outside of the City's corporate boundaries in Rockwall County.

2) *Breezy Hill Road*. The concept plan shows that the applicant will not take access off Breezy Hill Road, instead opting to circulate traffic back through the adjacent Breezy Hill Subdivision. The purpose for this roadway alignment is to continue the requirements that were established with the Breezy Hill Subdivision, which limited the applicant's ability to access this roadway.

Currently, staff is in the process of reviewing and revising the Master Thoroughfare Plan, and has recommended to the applicant that they provide an east/west connector that will connect Anna Cade Road to John King Boulevard. *Street A* represents this *Minor Collector* that will carry traffic from Anna Cade Road, through the subject property and the Breezy Hill Subdivision, and down through the adjacent Life Springs Church property to John King Boulevard. It is believed that this roadway is necessary to account for future growth within the City's Extraterritorial Jurisdiction (ETJ) within Collin County.

The proposed zoning case does appear to conform to the majority of the Comprehensive Plan's policies and guidelines with the exception of the proposed front loaded lot requirement stipulated by *Resolution 07-03*. Additionally, the proposed land use does conform to the Future Land Use map. With this being said, the proposed density and conformance with the Master Thoroughfare Plan remain discretionary decisions for the City Council.

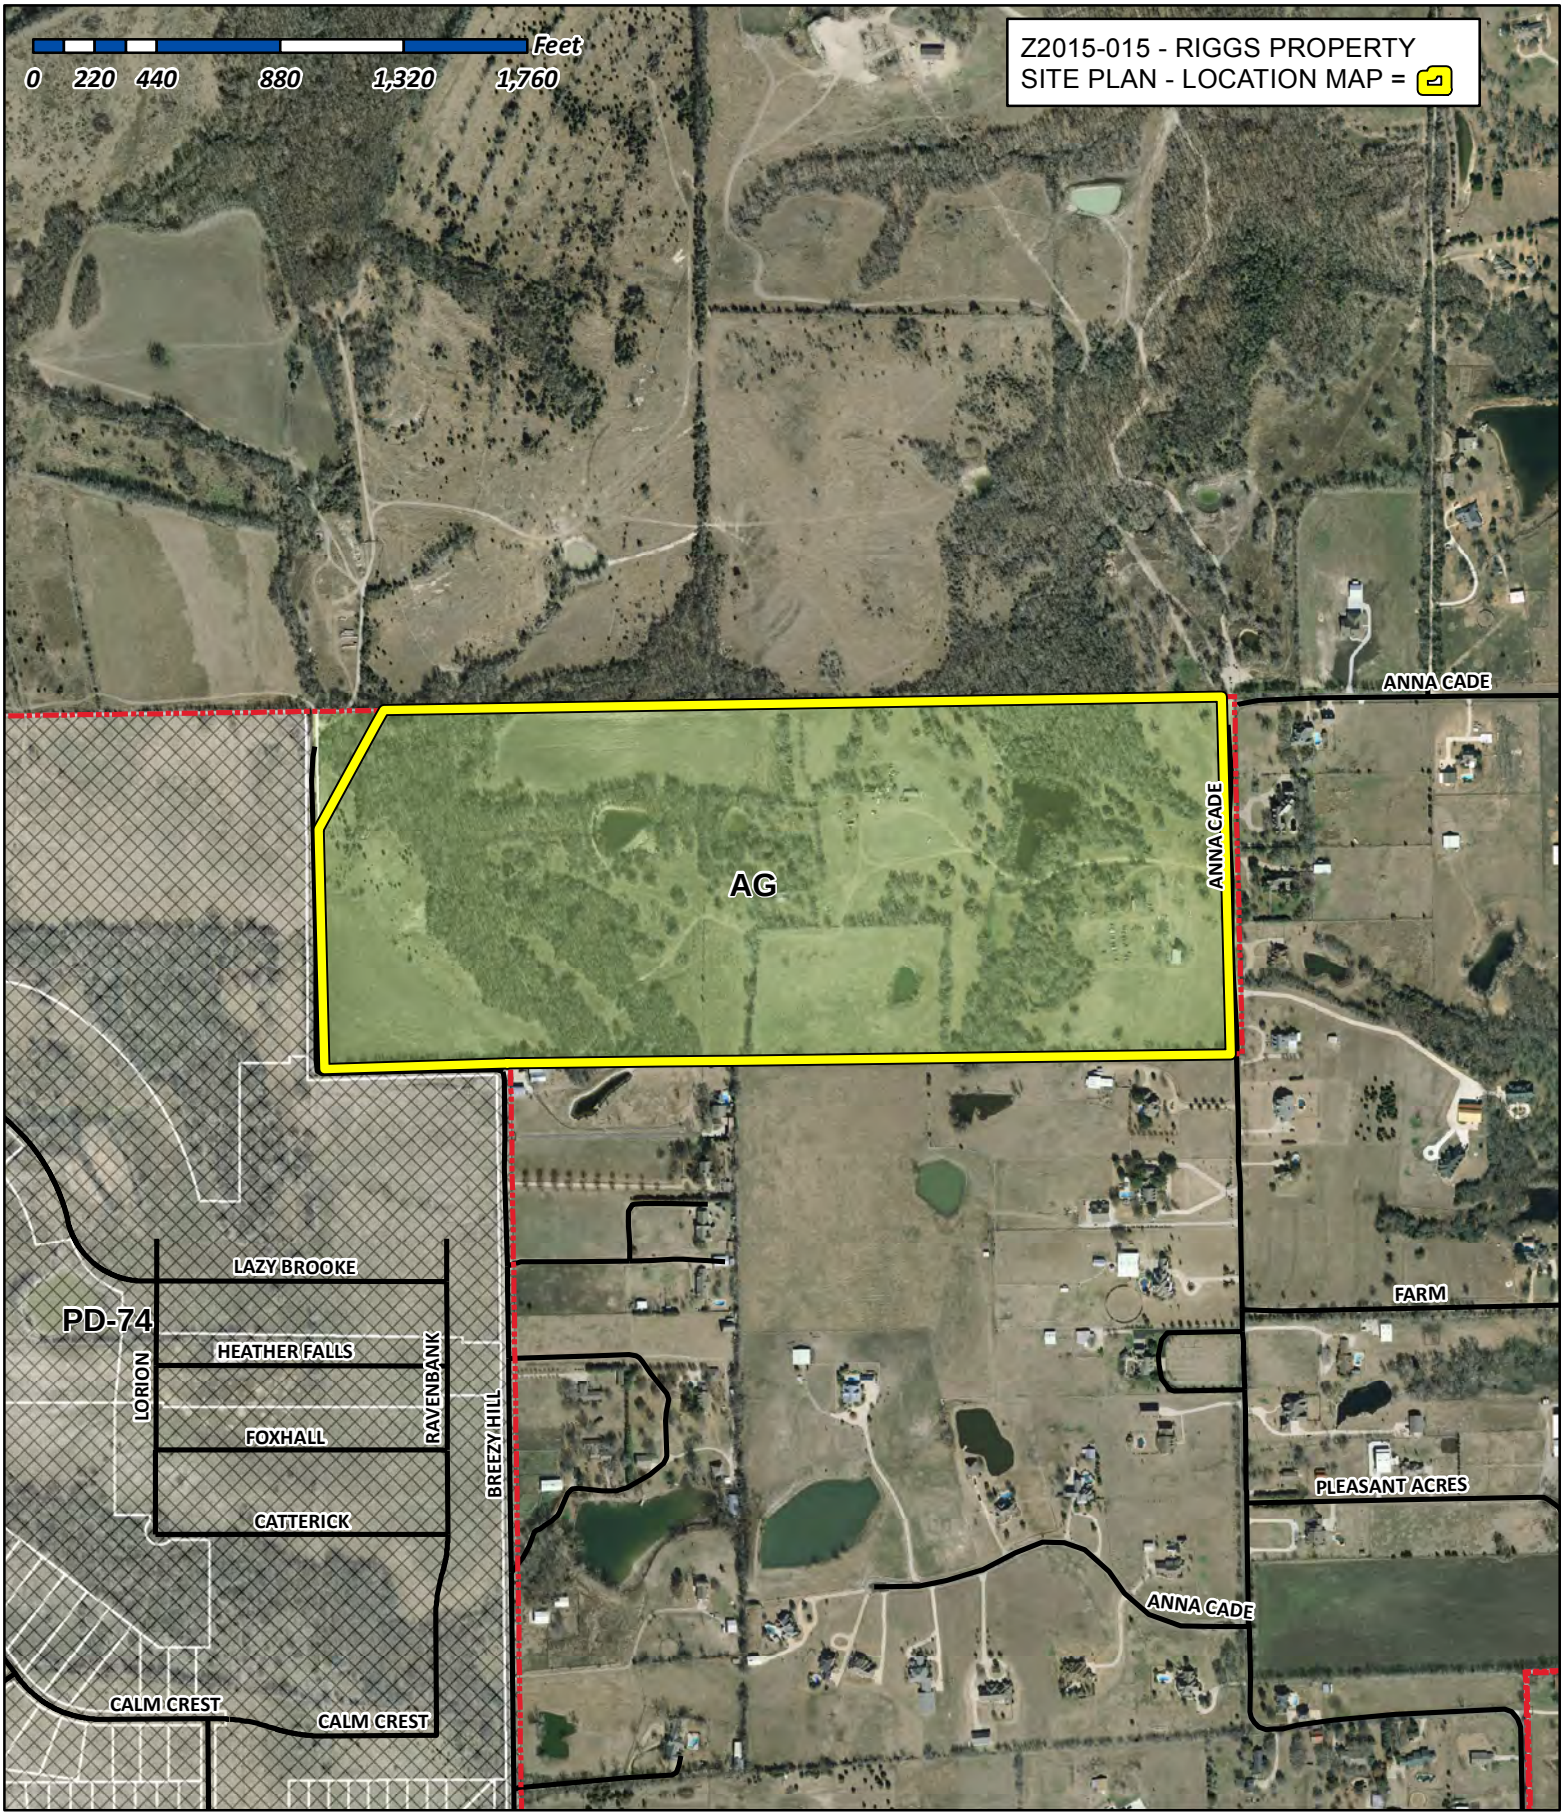
NOTIFICATION:

On June 26, 2015, staff mailed five (5) notices to property owners and residents within 500-feet of the subject property. Additionally, staff posted a sign along Anna Cade Road, and advertised the public hearings in the Rockwall Harold Banner as required by the UDC. At the time this case memo was drafted the only responses received by staff where from property owner's outside of the city limits.

The City does not show any Homeowner's Associations or Neighborhood Organizations registered under the Neighborhood Notification Program within 1,500-feet of the subject property.

RECOMMENDATIONS:

If the Planning and Zoning Commission chooses to recommend approval of the applicant's request to rezone the subject property from an Agricultural (AG) District to a Planned Development District, then staff would propose the following conditions of approval:



1) The applicant shall be responsible for maintaining compliance with the conditions contained within the *Planned Development District* ordinance;

2) The should provide connectivity to the adjacent public park located within the Breezy Hill Subdivision; and

3) Any construction resulting from the approval of this *zoning amendment* shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING & ZONING COMMISSION:

On July 14, 2015, the Planning & Zoning Commission approved a motion recommending denial of the zoning change by a vote of 6-1, with Commissioner Fishman dissenting.

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

Case No. Z2015-015: Riggs Property

Hold a public hearing to discuss and consider a request by Rich Darragh of the Skorburg Company on behalf of the owner William Audy Riggs, SR Estate for the approval of a zoning change from an Agricultural (AG) District to a Planned Development District for Single Family 10 (SF-10) District land uses, on a 93.00-acre tract of land identified as Tract 33 of the J. Strickland Survey, Abstract No. 187, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, located on the east side of Breezy Hill Road north of FM-552, and take any action necessary.

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 7/14/2015 at 6:00 p.m.,** and the City Council will hold a public hearing on **Monday, 7/20/2015 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

Ryan Miller
Rockwall Planning and Zoning Dept.
385 S. Goliad Street
Rockwall, TX 75087

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **7/20/2015** to ensure they are included in the information provided to the City Council.

Sincerely,

Robert LaCroix, AICP
Director of Planning & Zoning

Ryan

I wanted to again thank you for the time that you spent with me yesterday afternoon at your office. Very informative.

You mentioned that you could not accept my concerns unless they were presented into an email. So I will share the same things that I mentioned in the document that I attempted to provide yesterday. I would appreciate it if you would include my comments into the package that is submitted to all concerned city agencies.

Anna Cade road is a very quiet road with 74 homes having direct access to it. Residents ONLY have this road to ride bicycles, walk , run, walk dogs and to get from home to home. Allowing residents from 224 additional homes to have access to the road would require it to be widened and sidewalks installed for the residents protection. Most of us moved here for a "country" type of setting. Increased traffic on Anna Cade will be very dangerous to the current residents who use the road. As you mentioned from your own experience in setting up the sign for the meeting, A truck and a passenger car cannot currently pass on Anna Cade without one of them using the shoulder. Currently using the shoulder is dangerous due to the drop off. I personally know of one vehicle rolling over due to moving over to much..

Subject: Anna Cade Rd rezoning

To Whom It May Concern:
My name is Joan Barnes and I have been an Anna Cade resident for 12 years, now residing around the corner on Camp Creek Rd for the past 3. I work for Rockwall ISD and spend most of my days in and around Rockwall and my neighborhood. I am completely against the proposed zoning change to Anna Cade Rd & its surrounding neighborhood.

First and foremost, I feel the amount and type of homes planned for the 93 acres in question would be excessive and not in congruence with the other homes in the area. I would rather fewer homes on larger lots to match existing homes on Anna Cade Rd/Camp Creek Rd. Adding smaller and far greater number of homes will have a direct negative effect on property values for existing homeowners.

Another concern for established residents will be the amount of traffic that will be added to our small and close knit community. We recognize one another on our street and wave and move carefully to the side for those 154 or so, traveling by car each day. Added homes & traffic will triple that number! It will be an unsafe thoroughfare to a community already brimming with multi-car families.

I feel Rockwall doesn't have the adequate infrastructure to support an additional 224 homes. In the past few years with drought, Rockwall has suffered a lack of water for already existing homes. We continue to place our trust in a volunteer fire department.

I feel rezoning of this area would greatly impact the personality and character of our small Anna Cade community. Please help us to keep the integrity of our neighborhood by NOT rezoning.

Sincerely,
Joan Barnes

Subject: Case No Z2015-015: Riggs Property

Ryan Miller,

I am a resident of Rockwall County and I live at 150 Anna Cade Road. I am writing in regards to case Z2015-015: Riggs Property for single family use. This development plan indicates that 224 homes will be built and use both Anna Cade Rd and Breezy Hill Lane to access the development.

I am concerned that both Anna Cade and Breezy hill are not able to handle this huge increase in traffic. Anna Cade is extremely narrow and has two 90 degree turns that were probably setup for a maximum safe speed of 15 mph. A residence has been built very close to the 2nd turn and is at risk if traffic is increased to handle an additional 224 homes.

Anna Cade is narrow, there are no shoulders and there are steep banks on both sides to handle water drainage. There are no sidewalks to handle pedestrian traffic. There is no traffic control located on 552 or a turn lane to allow drivers to safely turn onto Anna Cade from 552. I recently had to drive into the ditch on 552 to avoid being rear ended by a driver heading east on 552.

If a developer wants to develop the land at the back of Anna Cade and drop the extra traffic onto Anna Cade Rd then there must be major improvements to both Anna Cade and the intersection of Anna Cade and 552 in order to keep the residents safe and to support the current use of Anna Cade by existing residents on this road.

Most evening you will find neighbors riding bikes or jogging on Anna Cade, usually after the bulk of the current residents have returned home from work. If you add 224 house which should add up to an additional 450 to 700 cars based on the number of drivers per household this will create a need for sidewalks and of course the drainage system to handle the water run-off. I am sure that Breezy Hill has these same issues.

My second issue with this plan is the density. The Rockwall development plan calls for “like” development in an area. A quick inspection of both Anna Cade and the older Breezy Hills neighborhoods will show that lots are no smaller than 1.5 acres and some of them are 5 acres or more. Most of the homes are custom homes. The new development is a much higher density and is not following a “like” development of the area. If an average lot size of 3 acres is adopted to follow the “like development of both the Anna Cade and Breezy Hill neighborhoods that this land will join then there should be a maximum of 30 home sites in this area which would reduce the demand on either road or change the look of the existing neighborhoods.

I will be out of town when the PZ takes up this open meeting so I wanted to make sure you were aware of my concerns. I know that many of my neighbors have expressed these same concerns and will be present for this meetings. I will be present at future meetings and in touch with my neighbors during my absence to follow the progress of this case.

Thank you for taking the time to read this email and to consider these issues. My telephone numbers are below if you have any questions.

Sincerely,

Mike McGuire
150 Anna Cade Rd

Subject: Breezy Hill Development Z2015-013

Rockwall Planning & Zoning Committee

In regards to case number **Z2015-015:** Hold a public hearing to discuss and consider a request by Rich Darragh of the Skorburg Company on behalf of the owner William Audy Riggs, SR Estate for the approval of a zoning change from an Agricultural (AG) District to a Planned Development District for Single Family 10 (SF-10) District land uses, on a 93.00-acre tract of land identified as Tract 33 of the J. Strickland Survey, Abstract No. 187, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, located on the east side of Breezy Hill Road north of FM-552, and take any action necessary.

I have several concerns that I think need to be considered.

1. Street "A" connecting to Anna Cade Road; this will greatly increase the traffic load onto Anna Cade. As you know, Anna Cade is an older, narrow blacktop road that is not built for heavy traffic loads. With the quickest route to Hays Elementary & to the new High School, children will use this route. If the development is to proceed, Anna Cade Road should be upgraded to concrete surface, widened, and sidewalks installed for safety.
2. All of the homes to the immediate north, south, and east are built on acreage. To put a subdivision in with SF-10 does not keep with "comprehensive" planned development. The development should be zoned "Single Family Estate District".
3. All existing homes along Anna Cade Road face out to the road. To have the back of the houses in the proposed development facing Anna Cade Road does not make sense. At a minimum, the proposed lots and homes along Anna Cade, should have a road built parallel to Anna Cade with the proposed setbacks and screenings, and the lot sizes should be 3 acres to match existing homes sites.
4. There has also been rumors of using "condemnation" on private property or easements. This is completely wrong as Rockwall City Council recently agreed with on the proposed North Texas Gateway toll road. "Condemnation" cannot be used for the profitability of a private developer.

Any considerations given to our concerns would be greatly appreciated.

Regards,

Scott & Donna Justiss

Ryan Miller
Rockwall Planning and Zoning Dept
385 S Goliad St
Rockwall, Tx 75087

Dear Sir:

We are very much against the proposed housing addition Z2015-015 Riggs. The density of housing in this proposal is exactly opposite of existing homes in the area. To allow entry level houses in an area of larger homes on acreage would defeat the purpose of a department of planning and zoning. The people proposing this addition cite "diversity" as a reason for acceptance. This tells us that they are quite aware their proposal doesn't fit the area. If we wanted diversity, we wouldn't need a planning and zoning board.

The addition of so many families would create problems for the area. People using Anna Cade Road are already concerned about passing oncoming cars between stone mailbox monuments. Added noise and congestion defeats the reason people have built their retirement homes in the area. This proposal should not have been considered from the outset.

Sincerely,

Glenn E. Mysza

Subject: Z2015-15: Opposition to proposed development

Mr. Miller,

I am writing to oppose the proposed development of the Riggs Property submitted as Z2015-15. I live at 1232 Anna Cade Rd., which is the 8.98 acre parcel adjoining the Riggs Property along its southeastern boundary line. We share approx. 1,100 feet of property line. As such, our property and home will be significantly and dramatically impacted by the decisions made by the Planning and Zoning Commission and the City Council.

My email is coming to you from Durban, South Africa. As noted in my prior email requesting a postponement of the public hearings, I am traveling with a group of young people from Lake Pointe Church in Rockwall to Durban to assist our ministry partners with some community and compassion ministries until July 22nd. For this reason, I am unable to attend the public hearings in person; however, my wife and others should be in attendance to oppose the proposal.

We have lived on Anna Cade for the past two years. We previously lived in The Shores neighborhood in Rockwall. Our move was prompted by a long-held desire to move out of the highly-developed neighborhood and to seek out a more open environment to raise our family. We believe we found that perfect place on Anna Cade. The current proposal threatens to impose another highly-developed neighborhood on our boundary and steal from us of the very purpose of our move to this location.

Since our property adjoins the property on which the development is proposed, I am very concerned about the negative effects that will come. I attended the meeting on June 30th to hear the proposal from the Skorburg Company. The developer will tell you fantastic stories of what they intend to do, but they will not highlight any of the unintended consequences that will come with a 224-house development and road across the Riggs Property. I would like to highlight a few of the other consequences for you. These consequences do not change even if the developer reduces the plan to 156 homes.

First, I am concerned with the density of the proposed development. Most of the existing homes on Breezy Hill, Anna Cade, and Camp Creek sit on multiple acre lots. This helps to preserve the open nature of the area. The developer is currently proposing a density for the project that is completely counter to the nature of the existing homes in the area. In other words, the density proposed is not in keeping with any of the adjoining properties to the Riggs Property. With this density will come increased noise and light pollution to an area that is otherwise quiet and peaceful. The serenity we enjoy will be shattered by years of construction and the activity created by 224 or 156 homes and families.

Our density concerns are not just limited to noise and other encroachments on our peaceful life. Visually, this development will not be of the same standard as the existing homes on Anna Cade. It appears that these proposed new houses will be smaller and of noticeably lesser quality than the residences on Anna Cade and even the houses in the new subdivision currently under construction along John King Blvd. One of our most significant concerns in the proposed PD Development Standards is buried in the Building Standards section. The developer's proposed plan calls for the exterior materials to be 90% masonry, yet the plan allows up to 50% of that material to be a cementaceous fiberboard lap siding (HardieBoard/HardiePlank type material or stucco (see Exhibit C, Section A, paragraph 4(a)). In a typical subdivision with similar allowances, you

readily see row upon row of houses with the entire second floors consisting of nothing more than the lap board type materials. While this material may weather fine, the lower standard will be readily apparent. Nearly a dozen of these houses will be pushed up against our adjoining property line and will be staring down into our front and back yards. This would not be in keeping with any of the adjoining properties and will likely have a significant negative impact on our value, as well as our peaceful use and enjoyment of our property.

Second, none of the existing roads (Breezy Hill, Anna Cade, or Camp Creek) are designed or constructed to accommodate the increased and prolonged traffic that will undoubtedly come with this development and new road. The developer will tell you how he plans to direct traffic away from Anna Cade, but the unintended consequence of higher traffic patterns is easy to identify. Anna Cade intersects with FM 552 where Hays Elementary sits. It is not a big leap to conclude that the development will be comprised largely of families with school-aged kids who would attend Hays. The most direct route for school traffic will be down Anna Cade Rd. and families will use the most direct route available. If one has not been conducted, a traffic impact study should be performed before the development is approved to fully grasp the impact on the existing roads and intersections with FM 552. This study should be made available to the public.

In addition to density and traffic concerns, a development of this nature will create environmental changes that will affect adjoining properties. Any person who has seen the construction of a neighborhood of this type knows the developer comes in and strips the land to mold it into the shape and form he desires. During this process, run-off patterns will change and issues will be created for neighboring properties. I am concerned that changes in the run-off patterns will increase the chance of pollutants entering into the eco-system and pond maintained on my property. Run-off is not the only concern. The wildlife will be displaced creating a potential threat to people and animals in the area.

Finally, I understand that a potentially historic stone structure pre-dating the 1892 courthouse exists on the Riggs Property. The development does not consider the preservation or protection of this structure so it will be lost if approval is given. Any development should be required to preserve and protect the potentially historic structure from the earliest days of the Rockwall community.

Thank you for taking the time to consider these concerns. I urge you to deny approval of the proposed development or, at least, postpone the consideration of the same until such time as these issues can be considered, addressed, and resolved without destroying the serenity and peace the Anna Cade neighborhood presently enjoys.

OUTSIDE THE CITY LIMITS

CASE NO. Z2015-015: RIGGS PROPERTY

BYRON AND KELLY CASHION
967 ANNA CADE RD.
ROCKWALL, TX 75087

First and foremost, legally the matter on the agenda scheduled for the 7/14/2015 public hearing cannot be approved, Skorburg has changed the layout (several times) from what is to be voted on. If any subdivision is to have access from Anna Cade the road will need to be widened at Skorburgs expense. This added automobile traffic would discourage walking and cycling. The road is too narrow and if anyone is jogging or walking one car has to stop to let the other car pass or one of the cars will end up in the ditch to avoid hitting the pedestrians. I have lived there 4 years and have had to replace my mailboxes twice. I have seen my neighbor rebuild his stone mail box at least two times as well. The streets are way too narrow and the fall off is way too steep to support this kind of increased traffic. Also, there are numerous sharp turns. If this type of traffic is allowed sidewalks will need to be installed or the roads widened to provide a shoulder and the ability for two cars to pass without stopping or slowing traffic or endangering pedestrians (see photos at the end of this report) The pictures also show the drop off from the road in front of my home. Also, I have included picture of a telephone pole that was struck when a vehicles tire slipped off the road. It is too steep for correcting at the recommended speed limit.

In addition, the proposed development does not match the adjacent community. Rockwall has a Comprehensive Plan, which states in relevant part:

- f. Where residential uses in a Planned Development abut an existing residential development, the PD lots should be at least the same size as the existing lots or be buffered by open space, trails, walkways, natural screening or a roadway.
- h. Existing surrounding conditions such as lot size, house styles and existing development patterns should be considered in conjunction with the current comprehensive plan to determine appropriate zoning.
- i. At a minimum, new residential development shall be equal to or better than existing surrounding residential development.

I must insist that the Comprehensive Plan be followed, not waived. The lots on Anna Cade are an average of three acres in size. The proposed lots in the new development, facing Anna Cade, should be that size. In addition, all of the houses visible from Anna Cade should be on a similar size lot. All of the lots in this proposed subdivision should be of this size, but at the very minimum, should be "estate lots". Also, I should note that, at present, all houses along Anna Cade, Breezy Hill and the surrounding communities face the road. Skorburg should not be allowed to have the rear of houses face Anna Cade.

We want to also make note that we are opposed to any condemnation, especially one done solely to benefit a private developer.

SKORBURG
COMPANY

June 15, 2015

City of Rockwall
Attn: Ryan Miller

Skorburg Company
8214 Westchester, Suite 710
Dallas, TX 75225

Dear Ryan,

Skorburg Company is requesting that our project be taken to the June 30th Planning and Zoning Work Session. This project is the rezoning and development of 93 Acres (see "Exhibit A")of the A-187 J Strickland Survey, Tract 33, owned by William Audy Riggs Sr. Estate located West of Anna Cade Rd., E of Breezy Hill Ln. and West of the Breezy Hill subdivision (see "Exhibit B").

The property is currently zone Agricultural and we propose that the property be zoned Planned Development with Residential use for Two Hundred Twenty Four (224) Residential homes. This community will provide for a greater variety of housing that the market demands and will still reflect the beautiful aesthetic of the surrounding communities and the City of Rockwall as a whole (see "Exhibit C").

We look forward to working with the City on this project.

Cordially Yours,

Rich Darragh
Development Associate

Mr. John Arnold, as we discussed on the telephone, Skorberg Properties and My wife and myself are in discussion about the Riggs property for development. We are currently talking and expect to have a deal within the next 10 days at the latest
We look forward to working with your company. This includes any and all easements needed to access the Riggs property from your adjacent Breezy Hills development.

Best Regards,

Chuck Sinks

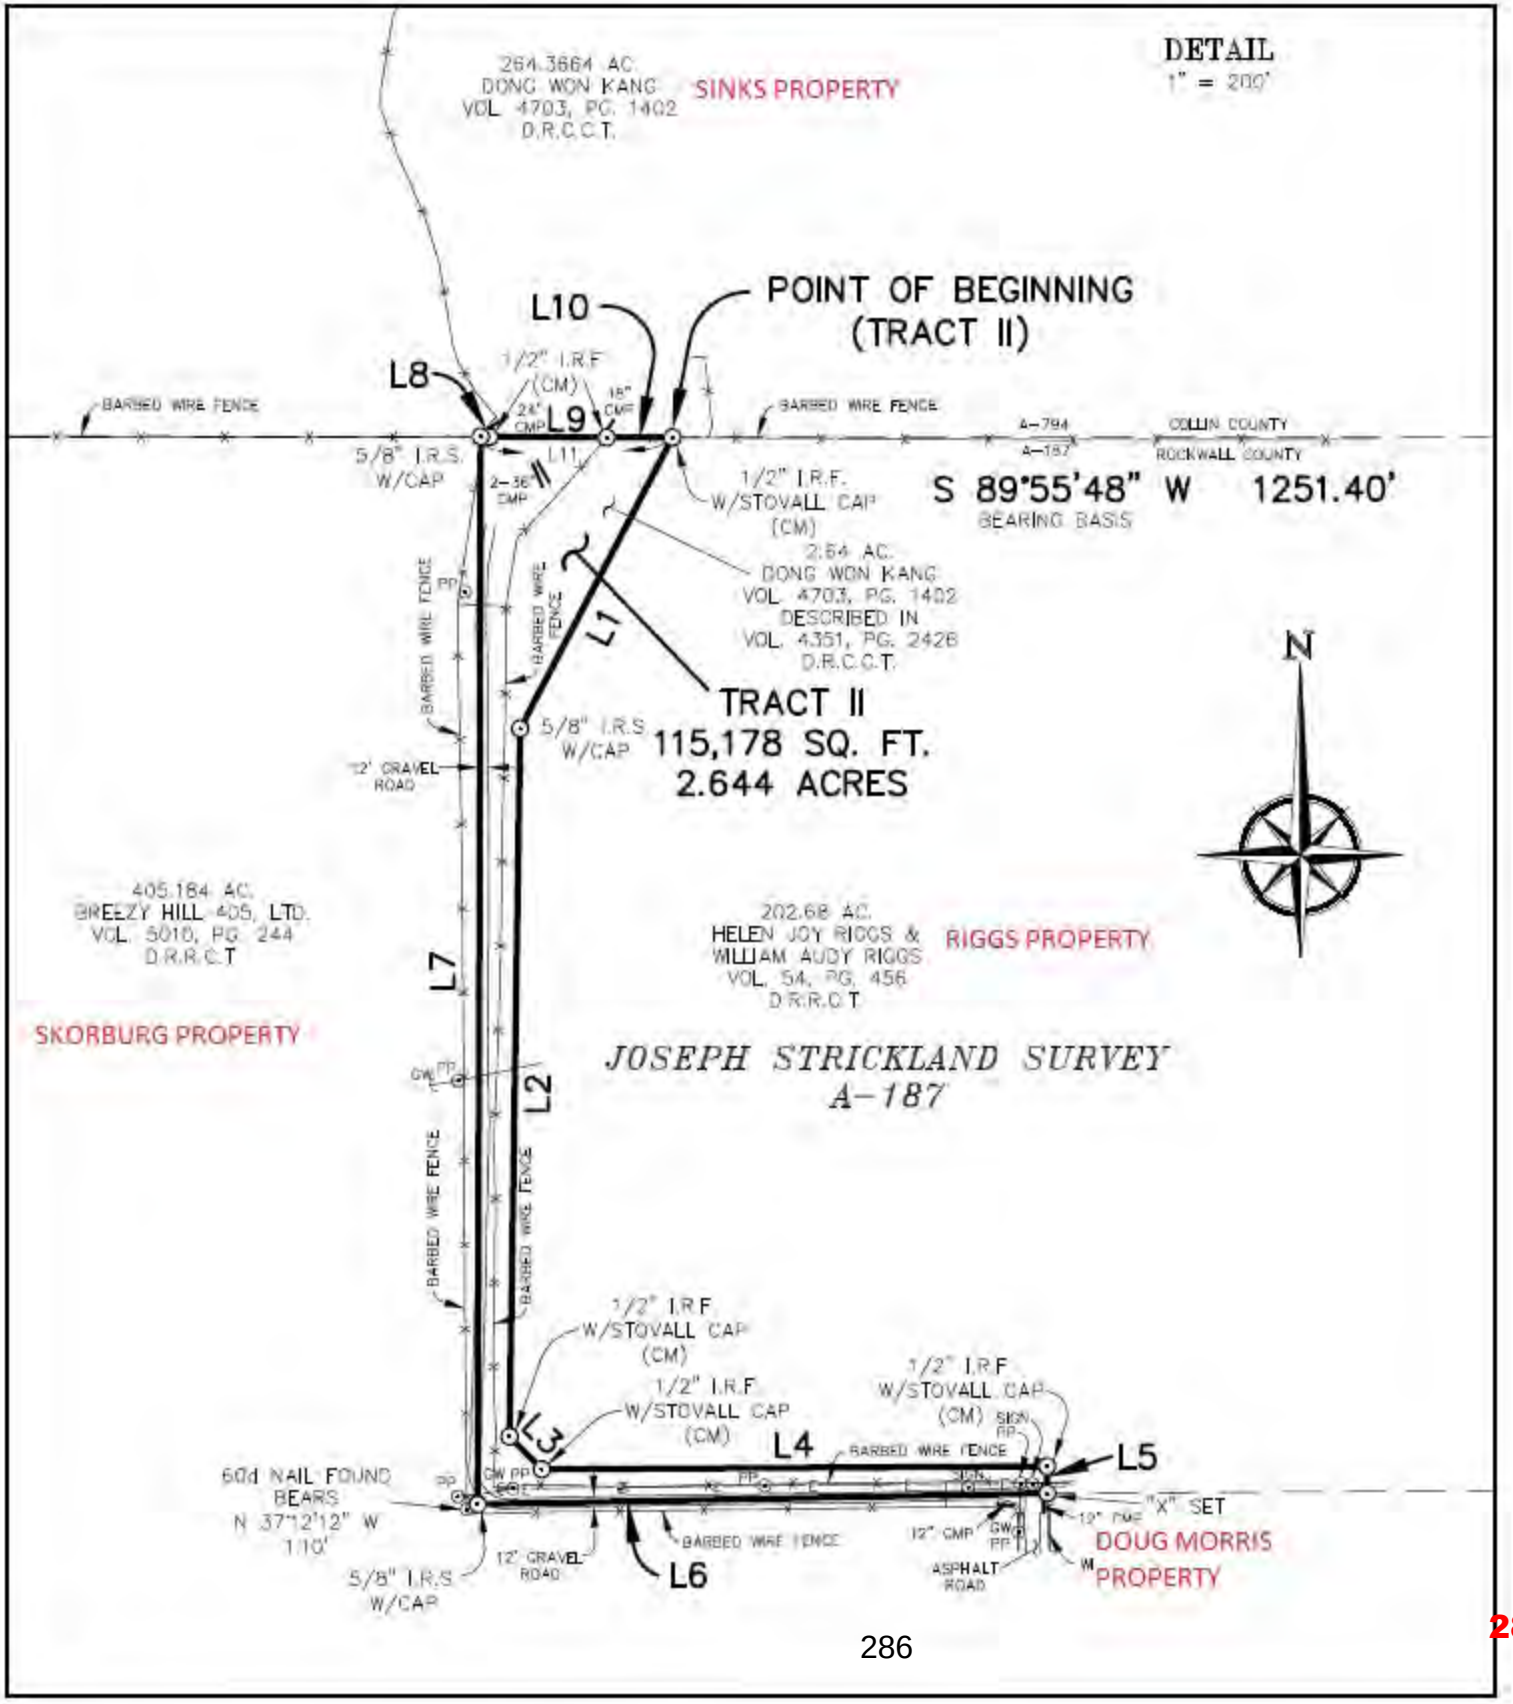
Ryan-



I understand that the Skorburg PD application for the Riggs property may be withdrawn prior to the Council hearing next Monday. If it is withdrawn, please let me know as soon as possible, and I will spread the word to the Anna Cade/Breezy Hill neighborhood group, so that they will not fill council chambers again.

If the application does proceed, please insert the following into the packet. This is not new evidence, but is documentation of matters discussed last night by P&Z in the denial of the application:

The Riggs Property is not contiguous to the Skorburg development known as Breezy Hill Estates, nor is the Riggs Property adjacent to Breezy Hill Road. Between these two parcels is a strip of land shown on the attached survey. This strip is owned by Charles and Sandra Sinks, and this strip is the sole means of access by the Sinks to their property. My wife and I also hold an easement across this strip to Breezy Hill Road, as well as a right of first refusal should all or any part of this strip be sold by the Sinks, a copy of which is attached.

Neither the Sinks nor the Stubblefields have agreed to sell or dedicate any portion of this property or waive any rights pertaining to it. You have made it clear that the City does not intend to utilize eminent domain to take this strip or the rights thereto, and any such action would be met with resistance. If the Skorburg Company wishes to develop the Riggs Property, all road access must be from Anna Cade Road.

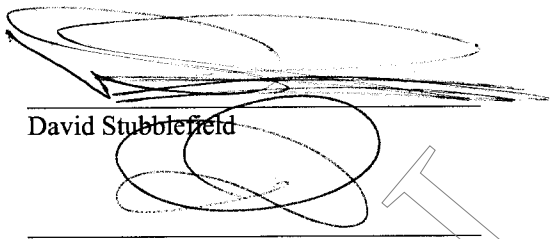
RIGHT OF RIRST REFUSAL AND EASEMENT AGREEMENT

This Agreement is made this date by and between David S. Stubblefield and Sacha L. Stubblefield (the "Stubblefields") and Charles William Sinks II and Sandra Lynn Sinks (the "Sinks"). On this date the Stubblefields purchased the property described in Exhibit "A" (the "Stubblefield Property") and the Sinks purchased the property described in Exhibit "B" (the "Sinks Property"). The parties agree as follows:

1. Right of First Refusal

Stubblefield agrees not to sell all or any part of the Stubblefield Property to any person other than Sinks without first giving to Sinks written notice at least 60 days before such sale will occur (a "Notice"). Sinks agrees not to sell all or any part of the Sinks Property to any person other than Stubblefield without first giving to Stubblefield written notice at least 60 days before such sale will occur (a "Notice"). Any Notice shall be given to a party at the address below, or at such other address as designated by that party, and shall be accompanied by a copy of the proposed contract of sale to a third party (the "Offer"). Within 30 days of receiving a Notice, a party may exercise this Right of First Refusal by responding with written notice that the right is exercised. If the right is exercised, the party exercising the right must complete a closing of a purchase on the same terms and times as in the Offer; however, if the Offer involves consideration other than cash, a reasonable cash equivalent shall be paid. If the right is not exercised, the property may be sold pursuant to the Offer, this Right of First Refusal shall have no future effect as the to part so sold, and the party that declined to execute the right shall sign a document releasing this Right of First Refusal as to the part so sold. If all or any part of the Stubblefield Property or the Sinks Property is transferred by gift, involuntary transfer or other method other than pursuant to this paragraph, this Right of First Refusal shall not be triggered, but shall follow the property and be binding upon any successor. This Right of First Refusal shall expire fifteen years from this date.

2. Easement



Sinks grants to Stubblefield an easement for ingress, egress and utilities across the Sinks Property from the Stubblefield Property to Breezy Hill Road. Sinks shall have the right to require that such access be via any future rock or hard-surfaced road on the Sinks Property. This easement shall be extinguished if the Stubblefield Property in the future has access to Breezy Hill Road via any other rock or hard-surfaced road extending to the Stubblefield Property, other than across the Sinks Property.

3. Miscellaneous.

This Agreement contains the entire agreement of the parties on this subject and may only be modified by a written document signed by all parties. This Agreement shall inure to the benefit of and bind the parties hereto and their respective heirs, representatives, successors and permitted assigns.

TRACT III

BEING a 44.436 acre tract of land situated in the Joseph Strickland Survey, Abstract No. 794, and the Cuadrilla Irr. Co. Survey, Abstract No. 1051, Collin County, Texas and being a part of that certain called 264.3664 acre tract of land described in a deed to Dong Won Kang, recorded in Volume 4703 Page 1402, Deed Records, Collin County (D.R.C.C.T.), Texas, said 44.436 acre tract being more particularly described by metes and bounds as follows:

BEGINNING at a 1/2-inch iron rod found for the southeast corner of said 264.3664 acre tract and the southwest corner of a 147.528 acre tract of land described in deed to David S. Stubblefield and Sacha L. Stubblefield., as recorded in Instrument 20110715000734820, (D.R.C.C.T.), said corner being in the north boundary line of a 202.68 acre tract of land described in deed to Helen Joy Riggs and William Audy Riggs, as recorded in Volume 54, Page 456, Deed Records, Rockwall County, Texas;

THENCE South 89 degrees 55 minute 48 seconds West, with the common boundary line of said 264.3664 acre tract and said 202.68 acre tract, a distance of 1296.65 feet to a 5/8-inch iron rod with yellow cap stamped "RPLS 3963" set for corner;

THENCE North 00 degrees 59 minutes 34 seconds West, a distance of 1402.14 feet to a 5/8-inch iron rod with yellow cap stamped "RPLS 3963" set for corner;

THENCE North 00 degrees 14 minutes 38 seconds East, a distance of 1373.68 feet to a 5/8-inch iron rod with yellow cap stamped "RPLS 3963" set for corner;

THENCE North 00 degrees 04 minutes 12 seconds East, a distance of 842.55 feet to a 5/8-inch iron rod with yellow cap stamped "RPLS 3963" set for corner in the north boundary line of said 264.3664 acre tract;

THENCE North 63 degrees 55 minutes 48 seconds East, with the north boundary line of said 264.3664 acre tract, a distance of 131.51 feet to a 1/2-inch iron rod found for the northeast corner of said 264.3664 acre tract;

THENCE South 00 degrees 07 minutes 34 seconds West, with an east boundary line of said 264.3664 acre tract, a distance of 888.39 feet to a 1/2-inch iron rod found for an exterior ell corner thereof, and also being an angle point in the north line of said 147.528 acre tract;

THENCE with the common boundary lines of said 147.528 acre tract and said 264.3664 acre tract, the following courses:

South 82 degrees 40 minutes 14 seconds West, a distance of 92.96 feet to a 1/2-inch iron rod found for an interior ell corner of said 264.3664 acre tract and the northwest corner of said 147.528 acre tract;

South 00 degrees 14 minutes 38 seconds West, a distance of 1373.41 feet to a 1/2-inch iron rod found at a common corner of last mentioned tracts;

South 88 degrees 43 minutes 50 seconds East, a distance of 1272.48 feet to a 1/2-inch iron rod found at a common corner of last mentioned tracts;

South 00 degrees 59 minute 33 seconds East, a distance of 1272.48 feet to the POINT OF BEGINNING AND CONTAINING 1,935,642 square feet or 44.436 acres of land.

Legal description of the land:

BEING a 44.436 acre tract of land situated in the Joseph Strickland Survey, Abstract No. 794, and the Cuadrilla Irr. Co. Survey, Abstract No. 1051, Collin County, Texas and being a part of that certain called 264.3664 acre tract of land described in a deed to Dong Won Kang, recorded in Volume 4703 Page 1402, Deed Records, Collin County (D.R.C.C.T.), Texas, said 44.436 acre tract being more particularly described by metes and bounds as follows:

BEGINNING at a 1/2-inch iron rod found for the southeast corner of said 264.3664 acre tract and the southwest corner of a 147.528 acre tract of land described in deed to David S. Stubblefield and Sacha L. Stubblefield., as recorded in Instrument 20110715000734820, (D.R.C.C.T.), said corner being in the north boundary line of a 202.68 acre tract of land described in deed to Helen Joy Riggs and William Audy Riggs, as recorded in Volume 54, Page 456, Deed Records, Rockwall County, Texas;

THENCE South 89 degrees 55 minute 48 seconds West, with the common boundary line of said 264.3664 acre tract and said 202.68 acre tract, a distance of 1296.65 feet to a 5/8-inch iron rod with yellow cap stamped "RPLS 3963" set for corner;

THENCE North 00 degrees 59 minutes 34 seconds West, a distance of 1402.14 feet to a 5/8-inch iron rod with yellow cap stamped "RPLS 3963" set for corner;

THENCE North 00 degrees 14 minutes 38 seconds East, a distance of 1373.68 feet to a 5/8-inch iron rod with yellow cap stamped "RPLS 3963" set for corner;

THENCE North 00 degrees 04 minutes 12 seconds East, a distance of 842.55 feet to a 5/8-inch iron rod with yellow cap stamped "RPLS 3963" set for corner in the north boundary line of said 264.3664 acre tract;

THENCE North 63 degrees 55 minutes 48 seconds East, with the north boundary line of said 264.3664 acre tract, a distance of 131.51 feet to a 1/2-inch iron rod found for the northeast corner of said 264.3664 acre tract;

THENCE South 00 degrees 07 minutes 34 seconds West, with an east boundary line of said 264.3664 acre tract, a distance of 888.39 feet to a 1/2-inch iron rod found for an exterior ell corner thereof, and also being an angle point in the north line of said 147.528 acre tract;

THENCE with the common boundary lines of said 147.528 acre tract and said 264.3664 acre tract, the following courses:

South 82 degrees 40 minutes 14 seconds West, a distance of 92.96 feet to a 1/2- inch iron rod found for an interior ell corner of said 264.3664 acre tract and the northwest corner of said 147.528 acre tract;

South 00 degrees 14 minutes 38 seconds West, a distance of 1373.41 feet to a 1/2-inch iron rod found at a common corner of last mentioned tracts;

South 88 degrees 43 minutes 50 seconds East, a distance of 1272.48 feet to a 1/2-inch iron rod found at a common corner of last mentioned tracts;

South 00 degrees 59 minute 33 seconds East, a distance of 1272.48 feet to the POINT OF BEGINNING AND CONTAINING 1,935,642 square feet or 44.436 acres of land.

Ryan

Per your request, our firm has researched the question of whether a dedication of land would trigger an existing right of first refusal on a parcel of land. In short and in general, a dedication of land **would not trigger** a right of first refusal as a "dedication" of land is not considered a "sale" of the property.

A right of first refusal ripens into an option by the voluntary sale. See § 19:292.Exercise of the right of first refusal, 3 Tex. Prac. Guide Real Trans. § 19:292 citing Riley v. Campeau Homes (Texas), Inc., 808 S.W.2d 184, 188 (Tex. App.—Houston [14th Dist.] 1991, writ dism'd by agr.); see also, Williams v. State, 406 S.W.3d 273 (Tex. App.—San Antonio 2013), review denied (Jan 17, 2014) (condemnation action; Williams inherited the adjoining "West Tract" in 2006, subject to rights of first refusal held by her siblings).

The operative term is, "voluntary sale" as opposed to conveyance of the property by gift, condemnation, inheritance or dedication . For example, in the Williams v. State (cited above), the Court noted that a right of first refusal was not triggered by condemnation of property as it was not a voluntary sale of the property. I have been unable to find a Texas case finding that a "dedication" is not "sale," but court's from other jurisdiction have addressed this issue. *See e.g.,* Lakeside Park Asso. v Keithly 110 P2d 1055 (Cal. App. 1941)(conveyance of property to county government for parkland in return for assumption of balance of indebtedness did not constitute a sale). Moreover, as noted in the email string below, Texas courts have interpreted "dedication" of land to be a form of gift conveyance of property.

In an abundance of caution, I suggest your provide a copy of the, " Right of First Refusal and Easement Agreement," referenced in the original email below. This would allow us to verify that the parties did not any particular provisions that would result in a different conclusion. Absent any such surprise provisions, a gift or dedication of the property would not trigger the right of first refusal.

Hope this answers your question.

Frank,

We have a zoning case going forward for public hearing on Tuesday that may have an access issue. See below for specifics, but basically the applicant of the case needs to cross an adjacent property to provide access to the proposed development; however, the owner of the adjacent property has a *right-of-first-refusal* clause under a previous contract with another party. The applicant's lawyer has provided several cases (*attached*) that establish a precedence that the dedication of the required land to the city would supersede the *right-to-first-refusal* clause in the contract. We wanted to collaborate this prior to the meeting in case this is brought out during the public hearing. Let me know if you have any questions. Thanks.

Here is what our research found

From: Williams, Brad
Sent: Monday, July 06, 2015 11:02 AM
To: Anderson, Art
Subject: RE: somewhat of an emergency

Art,

See attached for some helpful cases (I have highlighted the pertinent language in each). The language that routinely presents itself in the cases comes from *City of Brownsville v. West*, 149 S.W.2d 1034 (Tex. Civ. App. – San Antonio, 1941, writ dism'd judm't cor.) and provides: "The rule is that a dedication is in the nature of a donation of one's land to the public for a public use without consideration, and therefore is never presumed but must be manifested either by a declaration or act which evinces the clearest intention on the part of the dedicator to presently set aside and appropriate a certain part of his land for a public use." *See also* Black's Law Dictionary 421 (7th ed. 1999) (defining dedication as "the donation of land or creation of an easement for public use."); *Copeland v. City of Dallas*, 454 S.W.2d 279, 282 (Tex. Civ. App. – Dallas, 1970, writ ref'd n.r.e) ("Dedication is in the nature of a donation of one's land to the public for a public use without consideration."); *Dallas v. Leake*, 300 S.W.2d 135, 141 (Tex. Civ. App. – Dallas, 1957, writ ref'd n.r.e.) (quoting *Brownsville*)); *Town of Flower Mound v. Stafford Estates LP*, 71 S.W.3d 18, 32 (Tex. App. – Fort Worth, 2002 pet. granted), *aff'd* 135 S.W.3d 620 (Tex. 2004) (citing *Copeland*).

I think these cases make clear that a dedication of land for public use is not a transfer of property in the form of a sale, but in the form of a donation or gift without consideration. As a result, I think you are correct below in that the dedication would not trigger the right of first refusal as provided in the agreement because (1) it is not a "sale" (because it is a donation) and (2) it is a gift to the public and is so excepted from the right of first refusal.

Subject: somewhat of an emergency

I just got off the phone with the Skorburg group on the following issue on the new file in Rockwall-Paget has the opening file information.

At issue is a Right of First Refusal and Easement Agreement. The property subject to the first refusal states that one party "agrees not to sell all or any part of the property" without giving the other party the right to purchase. It also contains the following sentence: "If all or any part of the property is transferred by gift, involuntary transfer or other method other than pursuant to this paragraph, this Right of First Refusal shall not be triggered, but shall follow the property and be binding upon any successor."

Our client wants to cross the property with a street. This would require the owner to dedicate the crossing to the city. The question is whether or not a dedication constitutes a “sale”. I need a case on this issue hopefully stating that it does not. Also, it seems to me that the dedication could also fit within the exception in the sentence in the preceding paragraph.

Time is of the essence so if you could research this and send me a brief email analyzing the issue by noon Monday it would be appreciated. Art

CITY OF ROCKWALL

ORDINANCE NO. 15-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO CHANGE THE ZONING FROM AN AGRICULTURAL (AG) DISTRICT TO PLANNED DEVELOPMENT DISTRICT 78 (PD-78) FOR SINGLE FAMILY 10 (SF-10) DISTRICT LAND USES ON THE SUBJECT PROPERTY, BEING A 93.00-ACRE TRACT OF LAND IDENTIFIED AS TRACT 33 OF THE J. STRICKLAND SURVEY, ABSTRACT NO. 187, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED HEREIN BY *EXHIBIT 'A'*; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS (*$2,000.00*) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request by the Rich Darragh of the Skorburg Company on behalf of the owner of the property, the William Audy Riggs Sr. Estate, for the approval of a zoning change from an Agricultural (AG) District to a Planned Development District for Single Family 10 (SF-10) District land uses, on a 93.00-acre tract of land identified as Tract 33 of the J. Strickland Survey, Abstract No. 187, City of Rockwall, Rockwall County, Texas and more fully described in *Exhibit 'A'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That the *Subject Property* shall be used only in the manner and for the purposes authorized by this Planned Development District Ordinance and the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting this zoning change, and as maybe amended in the future;

Section 2. That development of the *Subject Property* shall generally be in accordance with the *Planned Development Concept Plan*, described in *Exhibit 'B'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'B'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

Section 3. That development of the *Subject Property* shall generally be in accordance with the *Development Standards*, described in *Exhibit 'C'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'C'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

DRAFT ORDINANCE 07.14.2015

Section 4. That a master parks and open space plan for the Property, prepared in accordance with this ordinance and consistent with the *Planned Development Concept Plan*, (*Open Space Master Plan*) shall be considered for approval by the City Council following recommendation of the Parks and Recreation Board.

Section 5. That development of the *Subject Property* shall be in conformance with the schedule listed below (*except as set forth below with regard to simultaneous processing and approvals*).

(a) The procedures set forth in the City's subdivision regulations on the date this ordinance is approved by the City, as amended by this ordinance (*including Subsections 5(b) through 5(e) below*), shall be the exclusive procedures applicable to the subdivision and platting of the Property.

(b) The following plans and plats shall be required in the order listed below (*except as set forth below with regard to simultaneous processing and approvals*). The City Council shall act on an application for an *Open Space Master Plan* in accordance with the time period specified in *Section 212.009* of the *Texas Local Government Code*.

(1) Open Space Master Plan
(2) Master Plat
(3) PD Site Plan
(4) Preliminary Plat
(5) Final Plat

(c) *PD Site Plan.* A *PD Site Plan* covering all of the *Subject Property* shall be submitted and shall identify all site/landscape/hardscape plan(s) for all open space, neighborhood parks, trail systems, street buffers and entry features. A *PD Site Plan* application may be processed by the City concurrently with a *Preliminary Plat Application* for the development.

(d) *Preliminary Plat.* A *Preliminary Plat* covering all of the *Subject Property* shall be submitted and shall include a *Treescape Plan*. A *Preliminary Plat Application* may be processed by the City concurrently with a *PD Site Plan Application* for the development.

(e) *Final Plat.* Prior to the issuance of any building permits, a *Final Plat*, conforming to the *Preliminary Plat*, for all of the *Subject Property* shall be submitted for approval.

Section 7. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

Section 8. That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

Section 9. The standards in this ordinance shall control in the event of a conflict between this ordinance and any provision of the Unified Development Code or any provision of the City Code, ordinance, resolution, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this ordinance. References to zoning district regulations or other standards in the Unified Development Code (including references to the *Unified Development*

Code), and references to overlay districts, in this ordinance or any of the Exhibits hereto are those in effect on the date this ordinance was passed and approved by the City Council of the City of Rockwall, Texas;

Section 10. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 6TH DAY OF JULY, 2015.

_____
Jim Pruitt, *Mayor*

ATTEST:

_____
Kristy Ashberry, *City Secretary*

APPROVED AS TO FORM:

DRAFT ORDINANCE 07.14.2015

Exhibit 'A':
Legal Description

All that certain lot, tract or parcel of land situated in the Joseph Strickland Survey, Abstract No. 187, Rockwall County, Texas, and being part of that tract of land described in Deed from W. M. Motley to Helen Joy Riggs, et al, as recorded in Volume 54, Page 456 of the Deed Records of Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a ½ inch iron rod found for corner in Anna Cade Road at the most southerly Southwest corner of the above cited Riggs tract, said point also being the Northeast corner of that tract of land described in a Deed from Ronald H. Jones, et ux, to William Gregory Schucany, et al, as recorded in Volume 1965, Page 138 of the Real Property Records of Rockwall County, Texas;

THENCE South 89 degrees 37 minutes 22 seconds West, with the most westerly South line of said Riggs tract and the North line of said Schucany tract, a distance of 1094.75 feet to a ¥2 inch iron rod found for corner at the Northwest corner of said Schucany tract, said point also being the most northerly Northeast corner of that tract of land described in a Deed from Greg Dean to the David and Carolyn McLemore Trust as recorded in Volume 4943, Page 157 of the Official Public Records of Rockwall County, Texas;

THENCE South 89 degrees 46 minutes 34 seconds West with the most westerly South line of said Riggs tract and the most westerly North line of said McLemore Trust tract, a distance of 696.95 feet to a 3/8 inch iron rod found for corner at the Northwest corner of said McLemore Trust tract, said point also being the Northeast corner of that tract of land described in a Deed from Billy W. Peoples to Douglas D.Morris, et ux, as recorded in Volume 94, Page 318 of the Deed Records of Rockwall County, Texas;

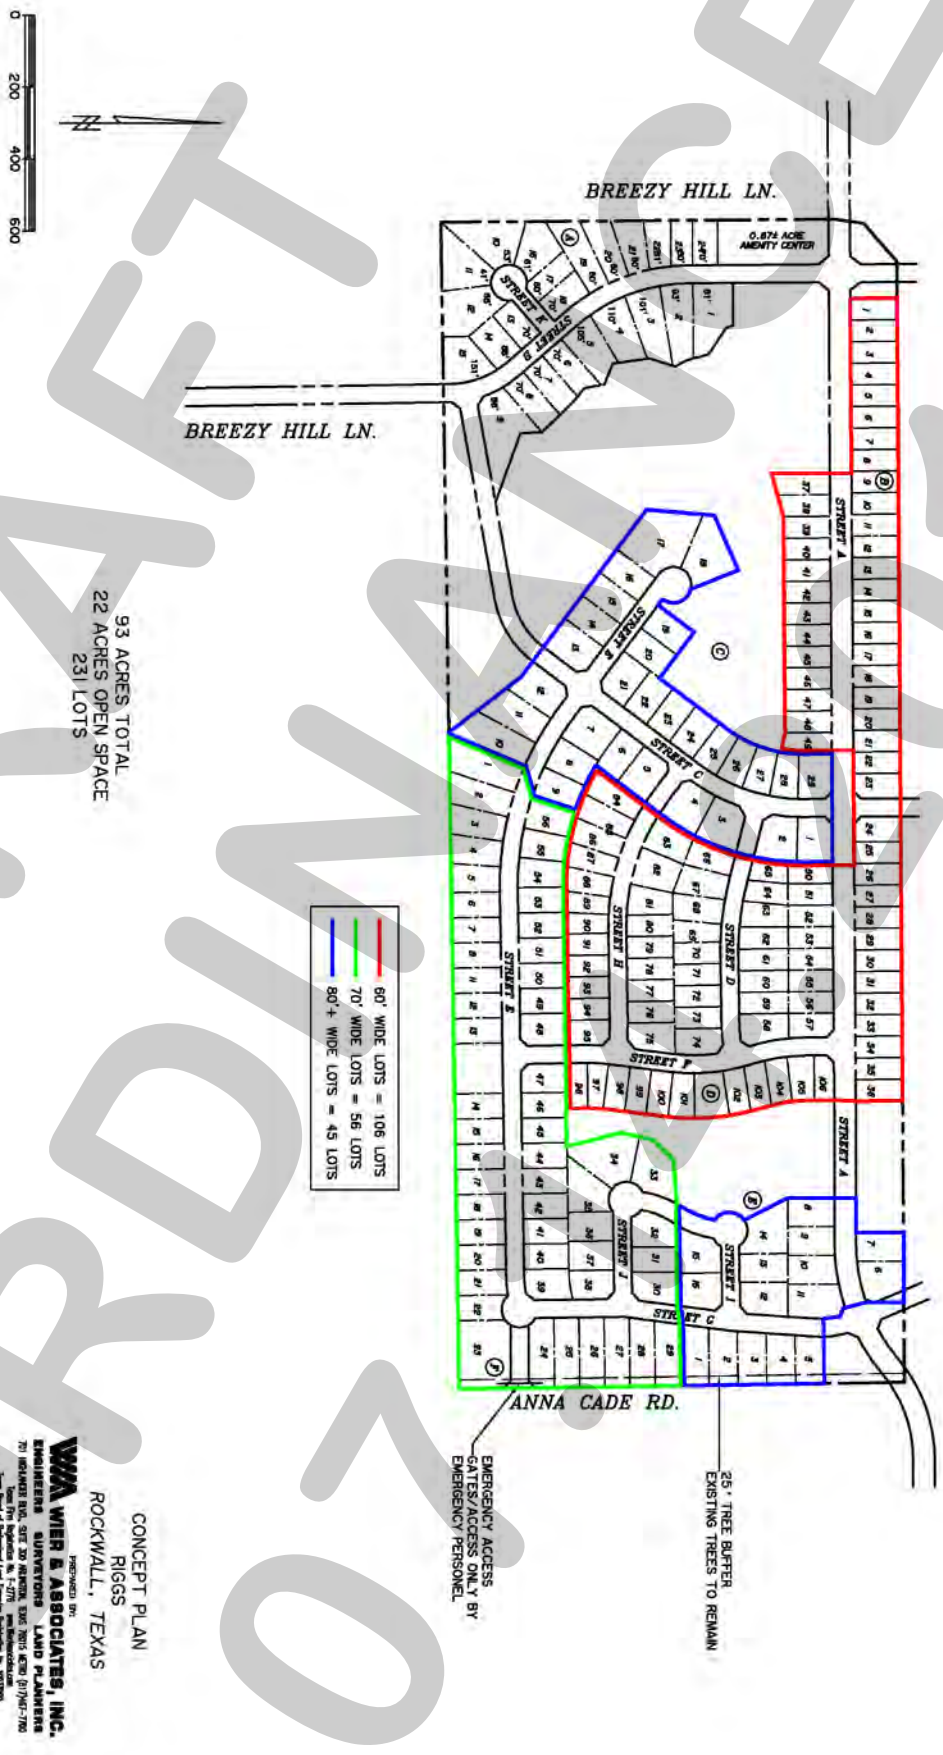
THENCE South 89 degrees 52 minutes 13 seconds West with the most westerly South line of said Riggs tract and with the most easterly North line of said Morris tract, and with the North line of that tract of land described in a Deed from Thomas W. Bohanna n to Douglas D. Morris, et ux, as recorded in Volume 136, Page 110 of the Deed Records of Rockwall County, Texas, a distance of 804.10 feet to a 3/8 inch iron rod found for corner at the fence corner post at the Northwest corner of said Morris tract, said point also being in the most southerly East line of that tract of land described as Tract Two in a Deed from Michael L. Heine, et al, to Dimensions Micro, Inc. as recorded in Volume 1577, Page 270 of the Real Property Records of Rockwall County, Texas;

THENCE North 01 degrees 23 minutes 14 seconds East with an East line of said Dimensions Micro tract a distance of 19.96 feet to a 112 inch iron rod with plastic cap stamped "STOVALL & ASSOC" set (hereinafter called ½" iron rod set) for corner at the most Easterly Northeast corner of said Dimensions Micro tract:

THENCE North 00 degrees 52 minutes 21 seconds East with an East line of said Dimensions Micro tract, a distance of 858.18 feet to a ½ inch iron rod set for corner at an interior corner of said Dimensions Micro tract;

THENCE North 27 degrees 36 minutes 06 seconds East with a Southeast line of said Dimensions Micro tract, a distance of 398.17 feet to a ½ inch iron rod set for corner in the most westerly North line of said Riggs tract, at the most northerly Northeast corner of said Dimensions Micro tract, said point also being in the South line of that tract of land described in a Deed from Dimensions Micro, Inc. to Dong Won Kang as recorded in Volume 4703, Page 1402 of the Land Records of Collin County, Texas;

THENCE North 89 degrees 55 minutes 28 seconds East with the most westerly North line of said Riggs tract and with the Sooth line of said Kang tract, a distance of 2468.36 feet to a 1 inch iron pipe found for corner at the Southeast corner of said Kang tract, said point also being the most southerly Southwest corner of that tract of land described in a Deed from Rockwall Blue Stars, L.P. to Dong Won Kang as recorded in File No. 20080822001023 160 of the Official Public Records of Collin County, Texas;



THENCE North 88 degrees 07 minutes 34 seconds East with the most easterly South line of said Kang tract, a distance of 549.32 feet to a ½ inch iron rod found (smooth) for corner;

THENCE South 79 degrees 54 minutes 40 seconds East with the most easterly South line of said Kang tract, a distance of 21.57 feet to a ½" iron rod found for corner at the projection of the center of Anna Cade Road, said point also being an interior corner of said Riggs tract;

THENCE South 00 degrees 29 minutes 09 seconds East along Anna Cade Road and with the most southerly East line of said Riggs tract, a distance of 1272.76 feet to the POINT OF BEGINNING and containing 93.00 acres of land.

The Company is prohibited from insuring the area or quantity of the land described herein. Therefore, the Company does not represent that the acreage or square footage calculations are correct. References to quantity are for informational purposes only.

Exhibit 'B':
Concept Plan

DRAFT ORDINANCE 07-2015

Exhibit 'C':
PD Development Standards

A. GENERAL REQUIREMENTS

Development Standards.

1. *Permitted Uses.* Unless specifically provided by this Planned Development ordinance, only those uses permitted within the Single Family 10 (SF-10) District, as stipulated by the *Permissible Use Charts* contained in Article IV, *Permissible Uses*, of the Unified Development Code (UDC), are allowed on the *Subject Property*.

2. *Lot Composition and Layout.* The lot layout and composition shall generally conform to the *Concept Plan* depicted in *Exhibit 'B'* and stated in *Table 1*, which is as follows:

Table 1: Lot Composition

Lot Type	*Minimum Lot Size (FT)*	*Minimum Lot Size (SF)*	*Dwelling Units (#)*	*Dwelling Units (%)*
A	60' x 120'	7,000 SF	116	50.22%
B	70' x 120'	8,400 SF	62	26.84%
C	80' x 125'	10,000 SF	53	22.94%
	Average Lot Size:	~8,000 SF		
		Maximum Permitted Units:	*231*	*100.00%*

3. *Density and Dimensional Requirements.* Unless specifically provided by this Planned Development ordinance, the development standards stipulated by the Single Family 10 (SF-10) District, as specified by Article V, *District Development Standards*, of the Unified Development Code are applicable to all development on the *Subject Property.* The maximum permissible density for the *Subject Property* shall not exceed *2.50* dwelling units per gross acre of land; however, in no case should the proposed development exceed *231* units. All lots shall conform to the standards depicted in *Table 2*, which is as follows:

Table 2: Lot Dimensional Requirements

Lot Type (see Concept Plan) ▶	***A***	***B***	***C***
Minimum Lot Width/Frontage [1]	60'	70'	80'
Minimum Lot Depth	120'	120'	125'
Minimum Lot Area	7,000 SF	8,400 SF	10,000 SF
Minimum Front Yard Setback [3]	20'	20'	20'
Minimum Side Yard Setback	5'	5'	5'
Minimum Side Yard Setback (Adjacent to a Street)	10'	10'	10'
Minimum Length of Driveway Pavement	20'	20'	20'
Maximum Height	32'	36'	36'
Minimum Rear Yard Setback	10'	10'	15'
Minimum Area/Dwelling Unit (SF) [2]	2,200 SF	2,400 SF	2,600 SF
Maximum Lot Coverage	65%	65%	65%

General Notes:

[1]: Lots fronting onto curvilinear streets, cul-de-sacs and eyebrows may have the front lot width reduced by 20% as measured at the front property line provided that the lot width will be met at the front building line. Additionally, the lot depth on lots fronting onto curvilinear streets, cul-de-sacs and eyebrows may be reduced by up to 10%, but shall meet the minimum lot size for each lot type as referenced within *Table 1*.

[2]: A maximum of 20% of the lots may have homes not less than 2,500 SF.

[3]: The Director of Planning or his designee may grant a reduction in the required 20-foot front yard building setback of up to five (5) feet for lots situated along cul-de-sacs or curvilinear streets, or where a 20-foot front yard building setback would create an undue hardship on the property.

DRAFT ORDINANCE

4. *Building Standards.* All development shall adhere to the following building standards:

   (a) Masonry Requirement. The minimum masonry requirement for the exterior façades of all buildings shall be 90%. For the purposes of this ordinance, the masonry requirement shall be limited to full width brick, natural stone, and cast stone. Cementaceous fiberboard horizontal lap-siding (*e.g. HardiBoard or Hardy Plank*) and, stucco (*i.e. three [3] part stucco or a comparable -- to be determined by staff*) may be used for up to 50% of the masonry requirement.

   (b) Roof Pitch. A minimum of an *8:12* roof pitch is required on all structures with the exception of sunrooms and porches, which shall have a minimum of a *4:12* roof pitch.

   (c) Garage Orientation. Garages shall be oriented in a *traditional swing* (or *j-swing*) or in a front entry configuration. If a front entry garage configuration is utilized, that garage shall be located a minimum of 20-feet behind the front façade of the primary structure. On *traditional swing* (or *j-swing*) garages a second single garage door facing the street is permitted if it is located behind the width of the double garage door. A minimum number of three (3) car garages shall be provided for each lot type as depicted in *Table 3* below.

Table 3: Three (3) Car Garages

Lot Type	*Minimum Lot Size*	*# of 3-Car Garages [% (#)]*
A	60' x 120'	33% (35)
B	70' x 120'	33% (20)
C	80' x 125'	80% (44)

5. *Anti-Monotony Restrictions.* The development shall adhere to the *Anti-Monotony Matrix* depicted in *Table 4* below (*for spacing requirements see Illustrations 1 & 2 on the next page*).

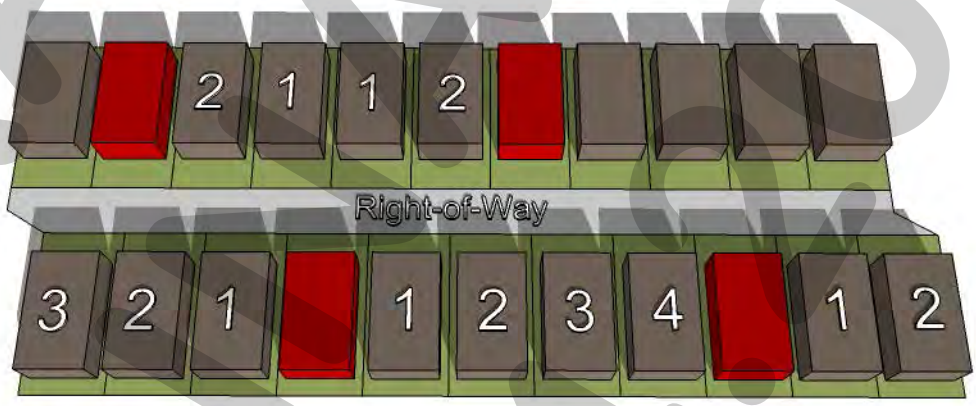
Table 4 : Anti-Monotony Matrix

Lot Type	*Minimum Lot Size*	*Elevation Features*
A	60' x 120'	(1), (2), (3), (4)
B	70' x 120'	(1), (2), (3), (4)
C	80' x 125'	(1), (2), (3), (4)

   (1) Identical brick blends or paint colors may not occur on adjacent (*side-by-side*) properties along any block face without at least four (4) intervening homes of differing materials on the same side of the street beginning with the adjacent property and two (2) intervening homes of differing materials on the opposite side of the street.

   (2) Front building elevations shall not repeat along any block face without at least four (4) intervening homes of differing appearance on the same side of the street and two (2) intervening homes of differing appearance on the opposite side of the street. The rear elevation of homes backing to open spaces or on Anna Cade Road shall not repeat without at least five (5) intervening homes of differing appearance. Homes are considered to have a differing appearance if any of the following two (2) items deviate:

   (a) Number of Stories
   (b) Permitted Encroachment Type and Layout
   (c) Roof Type and Layout
   (d) Articulation of the Front Façade



DRAFT ORDINANCE 04.2015

(3) Each phase of the subdivision will allow for a maximum of four (4) compatible roof colors, and all roof shingles shall be an architectural or dimensional shingle (*3-Tab Roofing Shingles are prohibited*).

Illustration 1: Properties line up on the opposite side of the street. Where RED are the same.

Illustration 2: Properties do not line up on opposite side of the street. Where RED are the same.

6. *Fencing Standards.* All individual residential fencing and walls shall be architecturally compatible with the design, materials and colors of the primary structure on the same lot, and meet the following standards:

(a) Wood Fences. All wood fences shall be constructed of a standard fencing material (*minimum of ½" thickness or better; spruce fencing will not be allowed*), and use fasteners that are hot dipped galvanized or stainless steel. Wood fences facing onto a street shall be painted and/or stained and sealed with all pickets being placed on the *public side* facing the street. All wood fences shall be smooth-finished, free of burs and splinters, and be a maximum of six (6) feet in height.

(b) Wrought Iron/Tubular Steel. Lots located along the perimeter of roadways, abutting open spaces, greenbelts and parks shall be required to install a wrought iron or tubular steel fence. Wrought iron/tubular steel fences can be a maximum of six (6) feet in height.

(c) Corner Lots. Corner lots fences (*i.e. adjacent to the street*) shall provide masonry columns at 45-feet off center spacing that begins at the rear of the property line. A maximum of six (6) foot solid *board-on-board panel* fence constructed utilizing cedar fencing shall be allowed between the masonry columns along the side and/or rear lot adjacent to a street. In addition, the fencing shall be setback from the side property line adjacent to a street a minimum of five (5) feet. The property owner shall be required to maintain both sides of the fence.

DRAFT ORDINANCE 04-07-15

(d) *Solid Fences (including Wood Fences)*. All solid fences shall incorporate a decorative top rail or cap detailing into the design of the fence.

7. *Landscape and Hardscape Standards.*

(1) *Landscape.* Landscaping shall be reviewed and approved with the PD Site Plan. All *Canopy/Shade Trees* planted within this development, unless specifically provided by this PD Ordinance, shall be a minimum of four (4) caliper inches in size and all *Accent/Ornamental/Under-Story Trees* shall be a minimum of four (4) feet in total height. The following tree species are approved for planting within this subdivision:

(a) *Canopy/Shade Trees*. Bald Cyprus, Cedar Elm, Texas Red Oak, Homestead Elm, Lace Bark Elm, Alle Elm, Chinese Pistachio, Shumard Oak, Sycamore, and Burr Oak.

(b) *Accent/Ornamental/Under-Story Trees*. Texas Redbud, Eve's Necklace, Mexican Plum, Downy Hawthorn, Crepe Myrtle, Texas Mountain Laurel, Vitex, and Desert Willow.

(2) *Landscape Buffers.* All landscape buffers and plantings located within the buffers shall be maintained by the Homeowner's Association (HOA).

(a) *Landscape Buffer (Anna Cade Road).* A minimum of a 20-foot landscape buffer shall be provided along the frontage of Anna Cade Road (*outside of and beyond any required right-of-way dedication*), and shall incorporate ground cover, a *built-up* berm and/or shrubbery or a combination thereof along the entire length of the frontage. Berms and/or shrubbery shall have a minimum height of 30-inches and a maximum height of 48-inches. In addition, at least one (1), three (3) inch canopy tree shall be planted per 50-feet of linear frontage.

(3) *Streetscape Landscaping.* Prior to the issuance of a Certificate of Occupancy (CO), all residential, single family lots situated within the proposed subdivision shall be landscaped with canopy trees from the list stipulated by *Section 7(1)* of this ordinance in the following sizes and proportions:

(i) Two (2), three (3) inch trees measured six (6) inches above the root ball shall be planted in the front yard of an interior lot.
(ii) Two (2), three (3) inch trees measured six (6) inches above the root ball shall be planted in the front yard of a corner lot and two (2), three (3) inch caliper trees shall be planted in the side yard facing the street.

Note: For the purposes of this section only [i.e. Section 7(3)], the term "front yard" includes the area within the dedicated right-of-way for a parkway immediately adjoining the front yard of the lot.

(4) *Irrigation Requirements*. Irrigation shall be installed for all required landscaping located within common areas, landscape buffers and/or open space. Irrigation installed in these areas shall be designed by a Texas licensed irrigator or landscape architect and shall be maintained by the Homeowner's Association.

(5) *Hardscape.* Hardscape plans indicating the location of all sidewalks and trails shall be reviewed and approved with the PD Site Plan.

DRAFT ORDINANCE 04.20.15

8. *Street.* All streets (*excluding drives, fire lanes and private parking areas*) shall be built according to City street standards.

9. *Lighting.* Light poles shall not exceed 20-feet in total height (*i.e. base and lighting standard*). All fixtures shall be directed downward and be positioned to contain all light within the development area.

10. *Sidewalks.* At a minimum, all sidewalks located on lay down curb section streets shall begin four (4) feet behind the back of curb and be five (5) feet in overall width.

11. *Buried Utilities.* New distribution power-lines required to serve the *Subject Property* shall be placed underground, whether such lines are located internally or along the perimeter of the *Subject Property*, unless otherwise authorized by the City Council. New transmission power-lines, or distribution lines of a size not typically or cost effectively placed underground (*i.e. 3-phase lines*), or additional lines that are added to existing poles, may be above ground, if located along the perimeter of the *Subject Property*. The *Developer* shall not be required to re-locate existing overhead power-lines along the perimeter of the *Subject Property*. Temporary power-lines constructed across undeveloped portions of the *Subject Property* to facilitate development phasing and looping may be allowed above ground, but shall not be considered *existing lines* at the time the area is developed, and if they are to become permanent facilities, such lines shall be placed underground pursuant to this paragraph. Franchise utilities shall be placed within a ten (10) foot public utility easement behind the sidewalk, between the home and the property line.

12. *Open Space.* The development shall consist of a minimum of 20% open space (*or 18.6-acres; calculation below*), and generally conform to the *Concept Plan* contained in *Exhibit 'B'* of this ordinance. The Homeowner's Association (HOA) shall maintain all open space areas.

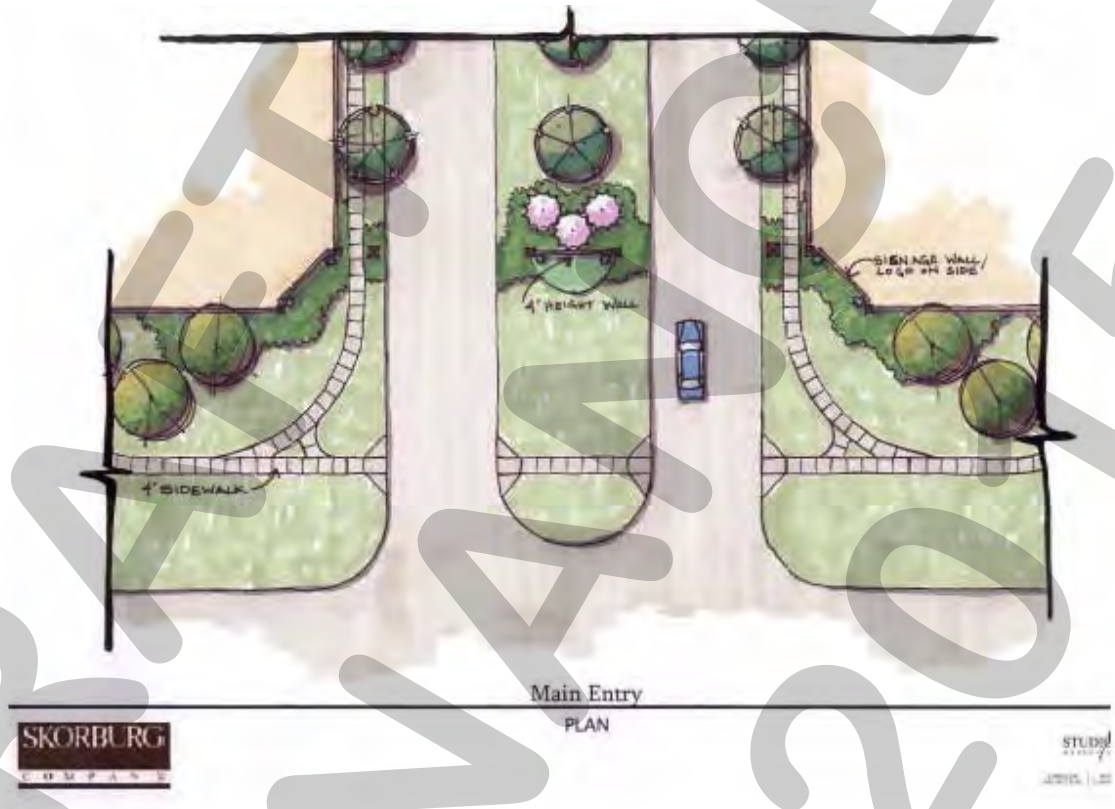
    Net Open Space = Buffer Strips + (Floodplain/2) + Open Space (Outside of Floodplain)

13. *Neighborhood Signage.* Permanent subdivision identification signage shall be permitted at all major entry points for the proposed subdivision and shall generally conform to the signage depicted in *Figures 1 & 2* (*depicted on the next page*). Final design and location of any entry features shall be reviewed and approved with the *PD Site Plan*.

See the Illustrations on the following page.

DRAFT ORDINANCE 07.14.2015

Figure 1: *Example of Subdivision Signage Locations*



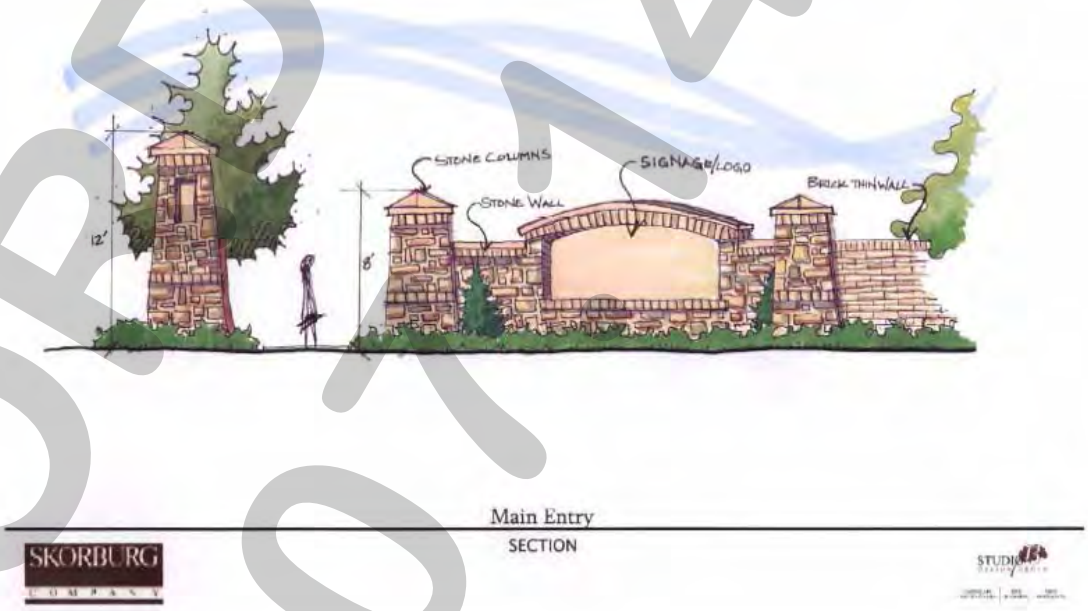


Figure 2: *Example of Subdivision Signage Design Standard*

DRAFT ORDINANCE 04.14.2015

14. *Amenity Center.* A site plan, landscape plan and building elevations for the Amenity Center shall be subject to site plan approval by the Planning and Zoning Commission prior to construction.

15. *Homeowner's Association (HOA)*. A Homeowner's Association shall be created to enforce the restrictions established in accordance with the requirements of *Section 38-15* of the *Subdivision Regulations* contained within the *Municipal Code of Ordinances* of the City of Rockwall. The HOA shall also maintain all neighborhood parks, trails, open space and common areas, irrigation, landscaping, amenity centers, screening fences associated with this development.

16. *Variances*. The variance procedures and standards for approval that are set forth in the Unified Development Code shall apply to any application for variances to this ordinance.

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 07/20/15

APPLICANT: Wayne Mershawn of Mershawn Architects

AGENDA ITEM: **Z2015-020**; Life Springs Church - SUP

Hold a public hearing to discuss and consider a request by Wayne Mershawn of Mershawn Architects on behalf of Rex Walker of Life Springs Church for the approval of a Specific Use Permit (SUP) for a church in an Agricultural (AG) District for a seven (7) acre portion of a larger 28.881-acre tract of land identified as Tract 15-01 of the J. Strickland Survey, Abstract No. 187, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the SH-205 By-Pass Corridor Overlay (SH 205 BY-OV) District, located on the north side of John King Boulevard east of the intersection of John King Boulevard and SH-205, and take any action necessary.

BACKGROUND INFORMATION:

The applicant, Wayne Mershawn of Mershawn Architects, is requesting a Specific Use Permit (SUP) to allow for an institutional and community service use within an Agricultural (AG) District and more specifically a C*hurch* development on an approximately 7-acre portion of a larger 28.881-acre tract of land. The property is situated on the north side of John King Boulevard and is east of the intersection of SH-205 and John King Boulevard. The property is also located within the SH-205 By-Pass Corridor Overlay (SH 205 BY-OV) District. Should the SUP be approved, *Life Spring Church* intends to develop an approximately 25,000 sq. ft. facility and may expand the site in the future.

The surrounding properties to the north, west, and south are unplatted tracts of land and are zoned AG districts. The property east of this location is zoned PD-74 and is a single family residential subdivision known as the Breezy Hill Phase IV Addition. Although a *Church* on its own may be considered an appropriate land use adjacent to the primarily single-family residential uses east of this location, many of the uses permitted in non-residential zoning districts (i.e. General Retail or Commercial) may not be considered appropriate; therefore, the property should maintain its AG zoning classification supported by the SUP to allow for a C*hurch* use. This will assure consistency with the Future Land Use Plan which has the area designated for Low Density Residential (LDR) land uses.

Included in your packet is a legal description of the property and a conceptual site plan for your review. The request for the SUP does have merit based on the surrounding properties zoning classifications compatibility with a C*hurch* use; however, a request for an SUP is a discretionary act upon the Planning and Zoning Commission and City Council.

NOTIFICATION:

Staff mailed six (6) notices to property owners within 500 feet of the subject property; however, there are no HOA/Neighborhood Organization within 1500 feet participating in the notification program. Additionally, staff posted a sign on the property as required by the Unified Development Code (UDC). At the time this report was drafted, staff has received one (1) notice "opposed to" the zoning change request.

RECOMMENDATIONS:

Should the Specific Use Permit be approved, staff would offer the following conditions of approval:

1) That adherence to Engineering and Fire Department standards shall be required.

2) That the proposed conceptual site plan should be used only for the purpose of establishing a boundary that will incorporate a 7.0-acre tract of land as depicted for church purposes.

3) That future site plan submittal and approval shall be required, including Architectural Review and adherence to all standards specified in the 205 By-Pass Corridor Overlay district and other applicable sections of the Unified Development Code.

4) That submittal and approval of engineering plans, and final plat shall be required prior to issuance of a Certificate of Occupancy.

Planning and Zoning Commission Recommendation:

On July 14, 2015, the Planning and Zoning Commission recommended approval of the SUP request with staff conditions by a vote of 7 to 0.

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

Case No. Z2015-020: Life Spring Church

Hold a public hearing to discuss and consider a request by Wayne Mershawn of Mershawn Architects on behalf of Rex Walker of Life Springs Church for the approval of a Specific Use Permit (SUP) for a church in an Agricultural (AG) District for a seven (7) acre portion of a larger 28.881-acre tract of land identified as Tract 15-01 of the J. Strickland Survey, Abstract No. 187, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the SH-205 By-Pass Corridor Overlay (SH 205 BY-OV) District, located on the north side of John King Boulevard east of the intersection of John King Boulevard and SH-205, and take any action necessary.

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 7/14/2015 at 6:00 p.m.,** and the City Council will hold a public hearing on **Monday, 7/20/2015 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

David Gonzales
Rockwall Planning and Zoning Dept.
385 S. Goliad Street
Rockwall, TX 75087

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **7/20/2015** to ensure they are included in the information provided to the City Council.

Sincerely,

Robert LaCroix, AICP
Director of Planning & Zoning

CITY OF ROCKWALL

ORDINANCE NO. 15-___

SUP NO. _____

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT TO ALLOW FOR A "CHURCH" WITHIN AN AGRICULTURAL (AG) DISTRICT, BEING A 7.00-ACRE PORTION OF A LARGER 28.881-ACRE TRACT OF LAND IDENTIFIED AS TRACT 15-01 OF THE J. STRICKLAND SURVEY, ABSTRACT NO. 187, AND GENERALLY LOCATED ON THE NORTH SIDE OF JOHN KING BOULEVARD EAST OF THE INTERSECTION OF JOHN KING BOULEVARD AND SH-205, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS, AND MORE SPECIFICALLY DESCRIBED IN EXHIBIT "A" ATTACHED HERETO; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, a request has been made by Wayne Mershawn of Mershawn Architects on behalf of Rex Walker of Life Springs Church for the approval of a Specific Use Permit (SUP) allowing for a "*Church*" within an Agricultural (AG) District, being a 7.00-acre portion of a larger 28.881-acre tract of land identified as Tract 15-01 of the J. Strickland Survey, Abstract 187, and generally located on the north side of John King Boulevard and SH-205, City of Rockwall, Rockwall County, Texas, and more specifically described in Exhibit "A" of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code of the City of Rockwall should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That the Unified Development Code of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit for a "*Church*" within the Agricultural (AG) District for the *Subject Property*; and

Section 2. That the Specific Use Permit shall be subject to the requirements as set forth in ***Article V, Section 2.1, Agricultural (AG) District*** of the City of Rockwall Unified Development Code (Ord. No. 04-38) as heretofore amended, as amended herein by granting of this zoning change, and as may be amended in the future, and shall be subject to the additional following conditions:

2.1 Operational Conditions

The following conditions pertain to the operation of a *Church* on the *Subject Property* and conformance to these stipulations is required for continued operations:

1) That adherence to Engineering and Fire Department standards shall be required, and

2) That the proposed conceptual site plan should be used only for the purpose of establishing a boundary that will incorporate a 7.0-acre tract of land as depicted in Exhibit 'B' of this ordinance, and

3) That future site plan submittal and approval shall be required, including Architectural Review and adherence to all standards specified in the 205 By-Pass Corridor Overlay district and other applicable sections of the Unified Development Code, and

4) That submittal and approval of engineering plans, and final plat shall be required prior to issuance of a Certificate of Occupancy, and

Section 3. That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

Section 4. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

Section 5. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of TWO THOUSAND DOLLARS ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

Section 6. If any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code No. 04-38 of the City of Rockwall, Texas, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable.

Section 7. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this ___ day of _____, 2015.

Exhibit 'A' - Legal Description

DESCRIPTION OF 6.9946 ACRES

BEING a tract of land situated in the JOSEPH STRICKLAND SURVEY, ABSTRACT NO. 187, Rockwall, Rockwall County, Texas, and being part of that certain 31.012 acre tract of land conveyed from Bruce A. Clark and Rose R. Clark to Life Spring Church, a Texas nonprofit corporation, by Warranty Deed With Vendor's Lien ("LSWD") recorded in Volume 6934, Page 206 of the Official Public Records of Rockwall County, Texas ("OPRRCT"), and being more particularly described as follows:

Basis of bearings is Grid North of the Texas Coordinate System of 1983 (North Central Zone 4202, NAD83);

BEGINNING at 5/8" iron rod with yellow plastic cap set ("5/8" YCIRS") for corner in the northeasterly right-of-way line of John King Boulevard (120' R.O.W.) as described in Warranty Deed to the City of Rockwall, Texas, recorded in Volume 5364, Page 123 of the OPRRCT, and also being in a curve to the left and concave to the southwest, said curve having a central angle of 14°38'17", a radius of 1,660.00', and a chord which bears N 42°34'31" W a distance of 422.95';

THENCE northwesterly with said curve to the left and northeasterly right-of-way line an arc distance of 424.10 feet to a 5/8" YCIRS for corner;

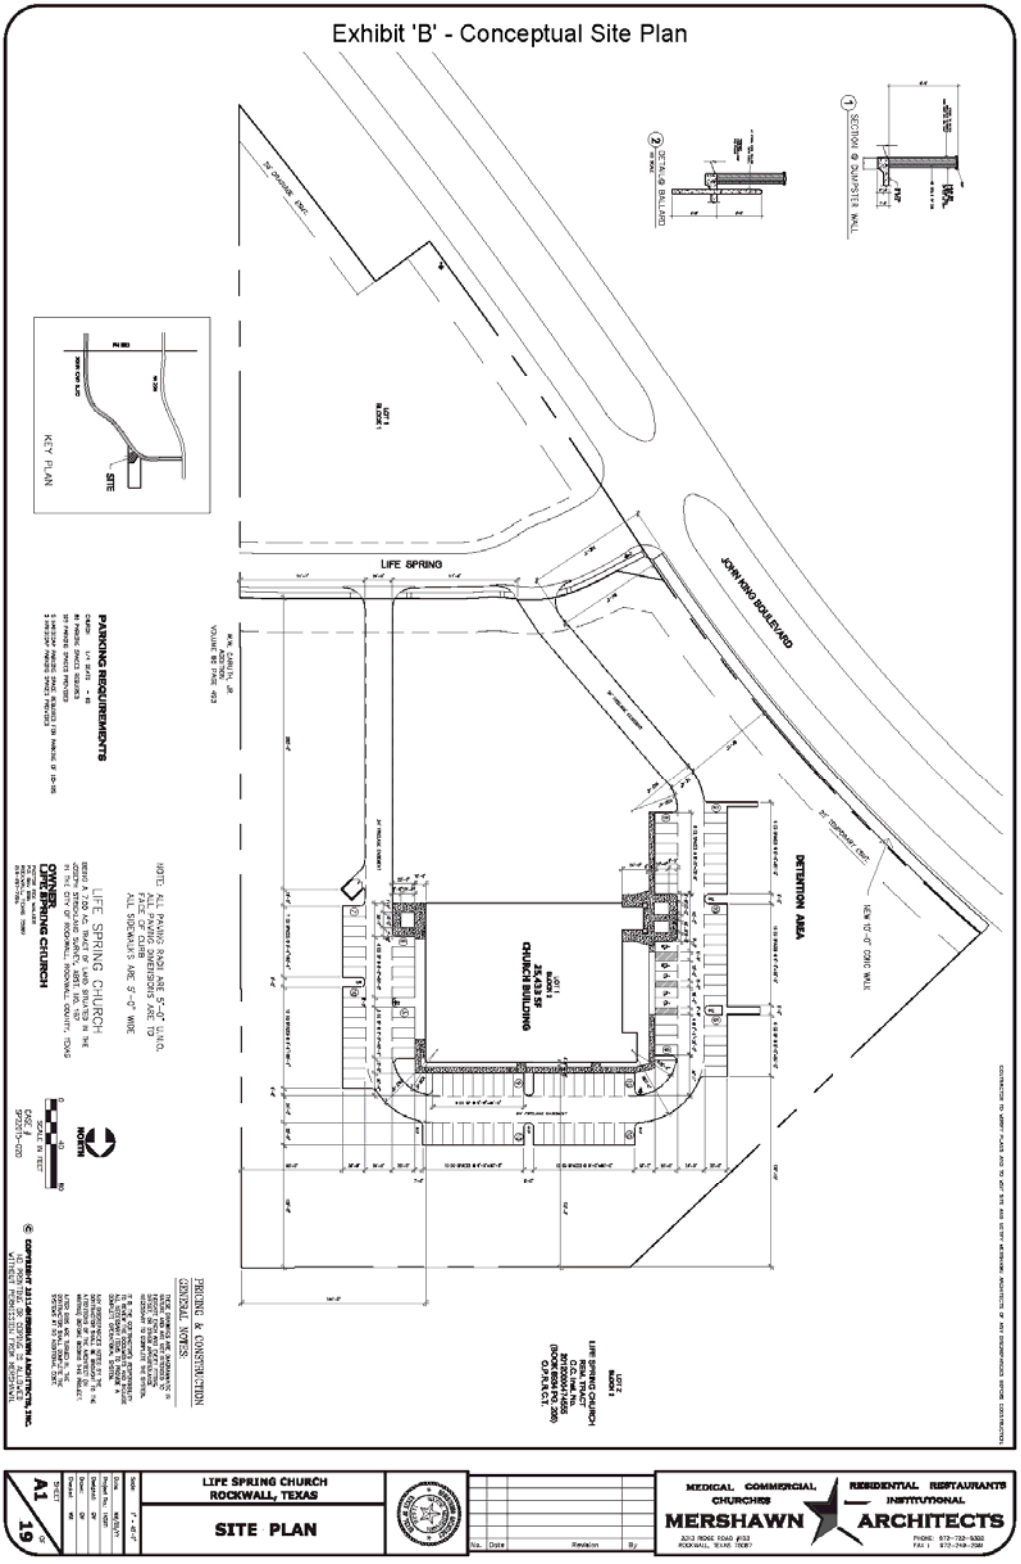
THENCE North 45 deg. 36 min. 28 sec. West a distance of 431.07 feet to a 5/8" YCIRS for corner;

THENCE North 89 deg. 11 min. 22 sec. East a distance of 346.65 feet to a 5/8" YCIRS for corner in the east line of said 31.012 acre tract and west line of Tract 1 as described in Special Warranty Deed With Vendor's Lien to BH Balance III LLC, a Texas limited liability company, recorded in County Clerk Instrument No. 20130000498889 of the OPRRCT, and also being in the west line of Block D of Breezy Hill Phase IV, an addition to the City of Rockwall, Texas as recorded in County Clerk Instrument No. 20150000003964;

THENCE South 00 deg. 52 min. 30 sec. East with said east line of said 31.012 acre tract and west line of said Tract 1 and Block D, a distance of 597.62 feet to a 5/8" YCIRS for corner in the north right-of-way line of Life Spring Drive (variable R.O.W.) as described in Right-Of-Way Plat of Life Spring Drive, recorded in County Clerk Instrument No. 20140000004816 of the OPRRCT, said rod corner being in a curve to the left, said curve being concave to the south and having a central angle of 02°37'29", a radius of 850.00', and a chord which bears N 89°26'27" W a distance of 38.93';

THENCE westerly with said curve to the left and north right-of-way line an arc distance of 38.94 feet to a 5/8" YCIRS for corner and PT of said curve;

THENCE South 89 deg. 14 min. 49 sec. West with said north right-of-way line 152.28 feet to a 5/8" YCIRS for corner and PC of a curve to the left, said curve being concave to the south and having a central angle of 5°25'24", a radius of 275.00', and a chord which bears S 86°32'09" W a distance of 26.02';



THENCE westerly with said curve to the left and north right-of-way line an arc distance of 26.03 feet to a 5/8" YCIRS for corner and point of reverse curve to the right, said curve being concave to the north and having a central angle of 14°46'00", a radius of 90.50', and a chord which bears N 88°47'28" W a distance of 23.26';

THENCE westerly with said curve to the right and north right-of-way line an arc distance of 23.32 feet to a 5/8" YCIRS for corner and point of reverse curve to the left, said curve being concave to the southeast and having a central angle of 31°16'08", a radius of 109.50', and a chord which bears S 82°57'31" W a distance of 59.02';

THENCE southwesterly with said curve to the left and northerly right-of-way line an arc distance of 59.76 feet to a 5/8" YCIRS for corner and point of compound curve to the left, said curve being concave to the southeast and having a central angle of 08°07'31", a radius of 289.00', and a chord which bears S 63°15'40" W a distance of 40.95';

THENCE southwesterly with said curve to the left and northerly right-of-way line an arc distance of 40.98 feet to a 5/8" YCIRS for corner and easterly terminus of a northerly right-of-way clip;

THENCE North 79 deg. 14 min. 38 sec. West with the said northerly right-of-way clip 42.80 feet to the PLACE OF BEGINNING, and containing 304,687 square feet or 6.9946 acres of land, more or less.

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 07/20/15

APPLICANT: Sam Ellis of Dallas Design Build

AGENDA ITEM: **Z2015-021**; Children's Lighthouse (Daycare Facility) - SUP

Hold a public hearing to discuss and consider a request by Sam Ellis on behalf of the owner, the George Dewoody Estate, for the approval of a Specific Use Permit (SUP) for a daycare facility in an Agricultural (AG) District for a two (2) acre parcel of land identified as Lot 1 of the Dewoody Addition, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the North SH-205 Corridor Overlay (N SH-205 OV) District, addressed as 3011 N. Goliad Street [*SH-205*], and take any action necessary.

BACKGROUND INFORMATION:

The applicant, Sam Ellis of Dallas Design Build, is requesting a Specific Use Permit (SUP) to allow for an institutional and community service use within an Agricultural (AG) District and more specifically a *Day Care* facility on a 1.940-acre tract of land. Currently, the property has a single family residence on site that will be demolished. The property is situated on the west side of North Goliad Street, just north of the intersection of North Lakeshore at 3011 N. Goliad. The property is also located within the North SH-205 Corridor Overlay (N SH-205 OV) District. Should the SUP be approved, Children's Lighthouse intends to develop an approximately 7,641 sq. ft. facility thereby expanding their existing operation that is adjacent to this site.

The surrounding properties to the east, west, and south are primarily zoned Planned Development districts for a mix of single family residential and non-residential properties. The property north of this location is zoned SFE-1.5 and has a single family residential home on the site. Although a *Day Care* facility may on its own be considered an appropriate land use in an AG zoning district with an SUP, a commercially zoned property would allow other uses that may not be considered appropriate with regard to the adjacent land uses; therefore, the property should maintain its AG zoning classification supported by the SUP to allow for the *Day Care* facility. This will assure consistency with the Future Land Use Plan which has the area designated for Medium Density Residential (MDR) land uses.

Included in your packet is a letter requesting the SUP, a legal description of the property, a land title and improvement survey, and a concept plan for your review. The request for the SUP does have merit based on the surrounding properties zoning classifications compatibility with a *Day Care* facility use; however, a request for an SUP is a discretionary act upon the Planning and Zoning Commission and City Council.

NOTIFICATION:

Staff mailed sixty-six (66) notices to property owners within 500 feet of the subject property and has e-mailed five (5) HOA/Neighborhood Organizations (The Shores/Ray Hubbard, Random

Oaks/Shores, Stone Creek, Quail Run Valley, and Lakeview Summit) within 1500 feet that are participating in the notification program. Additionally, staff posted a sign on the property as required by the Unified Development Code (UDC). At the time this report was drafted, staff has received two (2) notices "in favor of" the zoning change request.

RECOMMENDATIONS:

Should the Specific Use Permit be approved, staff would offer the following conditions of approval:

1) That adherence to Engineering and Fire Department standards shall be required.

2) That future site plan submittal and approval shall be required, including Architectural Review and adherence to all standards specified in the North SH 205 Corridor Overlay district and other applicable sections of the Unified Development Code (UDC).

3) That the proposed conceptual site plan shall be used only for the purpose of establishing a general layout of the daycare facility as depicted on a 1.940-acre tract of land.

4) That the use for a daycare facility as requested shall allowed on the 1.940-acre tract of land.

5) That submittal and approval of engineering plans, and final plat shall be required prior to issuance of a Certificate of Occupancy.

Planning and Zoning Recommendation:

On July 14, 2015, the Planning and Zoning Commission recommended approval of the SUP request with staff conditions by a vote of 7 to 0.

Subject: Neighborhood Notification Program: Notice of Zoning Request

To whom it may concern:

Per your participation in the Neighborhood Notification Program, you are receiving this notification to inform your organization and residents of a request for a zoning change that lies within 1,500 feet of the boundaries of your neighborhood or subdivision. As the primary contact for the organization, you are encouraged to share this information with the residents of your subdivision. Please find attached a map detailing the location of the subject property requesting the zoning change in relation to your subdivision boundaries. Additionally, below is a summary of the zoning request that will be published in the Rockwall Herald Banner on June 26th, 2015. If you have any questions or comments regarding this request, the contact information for the Planning Department is listed below. Additional information can also be found at http://www.rockwall.com/planning/planningDevCases.asp.

Z2015-021 -Hold a public hearing to discuss and consider a request by Sam Ellis on behalf of the owner, the George Dewoody Estate, for the approval of a Specific Use Permit (SUP) for a daycare facility in an Agricultural (AG) District for a two (2) acre parcel of land identified as Lot 1 of the Dewoody Addition, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the North SH-205 Corridor Overlay (N SH-205 OV) District, addressed as 3011 N. To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

Case No. Z2015-021: Children's Lighthouse Addition

Hold a public hearing to discuss and consider a request by Sam Ellis on behalf of the owner, the George Dewoody Estate, for the approval of a Specific Use Permit (SUP) for a daycare facility in an Agricultural (AG) District for a two (2) acre parcel of land identified as Lot 1 of the Dewoody Addition, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the North SH-205 Corridor Overlay (N SH-205 OV) District, addressed as 3011 N. Goliad Street [SH-205], and take any action necessary.

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 7/14/2015 at 6:00 p.m.,** and the City Council will hold a public hearing on **Monday, 7/20/2015 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

David Gonzales
Rockwall Planning and Zoning Dept.
385 S. Goliad Street
Rockwall, TX 75087

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **7/20/2015** to ensure they are included in the information provided to the City Council.

Sincerely,

Robert LaCroix, AICP
Director of Planning & Zoning

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

Case No. Z2015-021: Children's Lighthouse Addition

Hold a public hearing to discuss and consider a request by Sam Ellis on behalf of the owner, the George Dewoody Estate, for the approval of a Specific Use Permit (SUP) for a daycare facility in an Agricultural (AG) District for a two (2) acre parcel of land identified as Lot 1 of the Dewoody Addition, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the North SH-205 Corridor Overlay (N SH-205 OV) District, addressed as 3011 N. Goliad Street [SH-205], and take any action necessary.

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 7/14/2015 at 6:00 p.m.**, and the City Council will hold a public hearing on **Monday, 7/20/2015 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

David Gonzales
Rockwall Planning and Zoning Dept.
385 S. Goliad Street
Rockwall, TX 75087

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **7/20/2015** to ensure they are included in the information provided to the City Council.

Sincerely,

Robert LaCroix, AICP
Director of Planning & Zoning

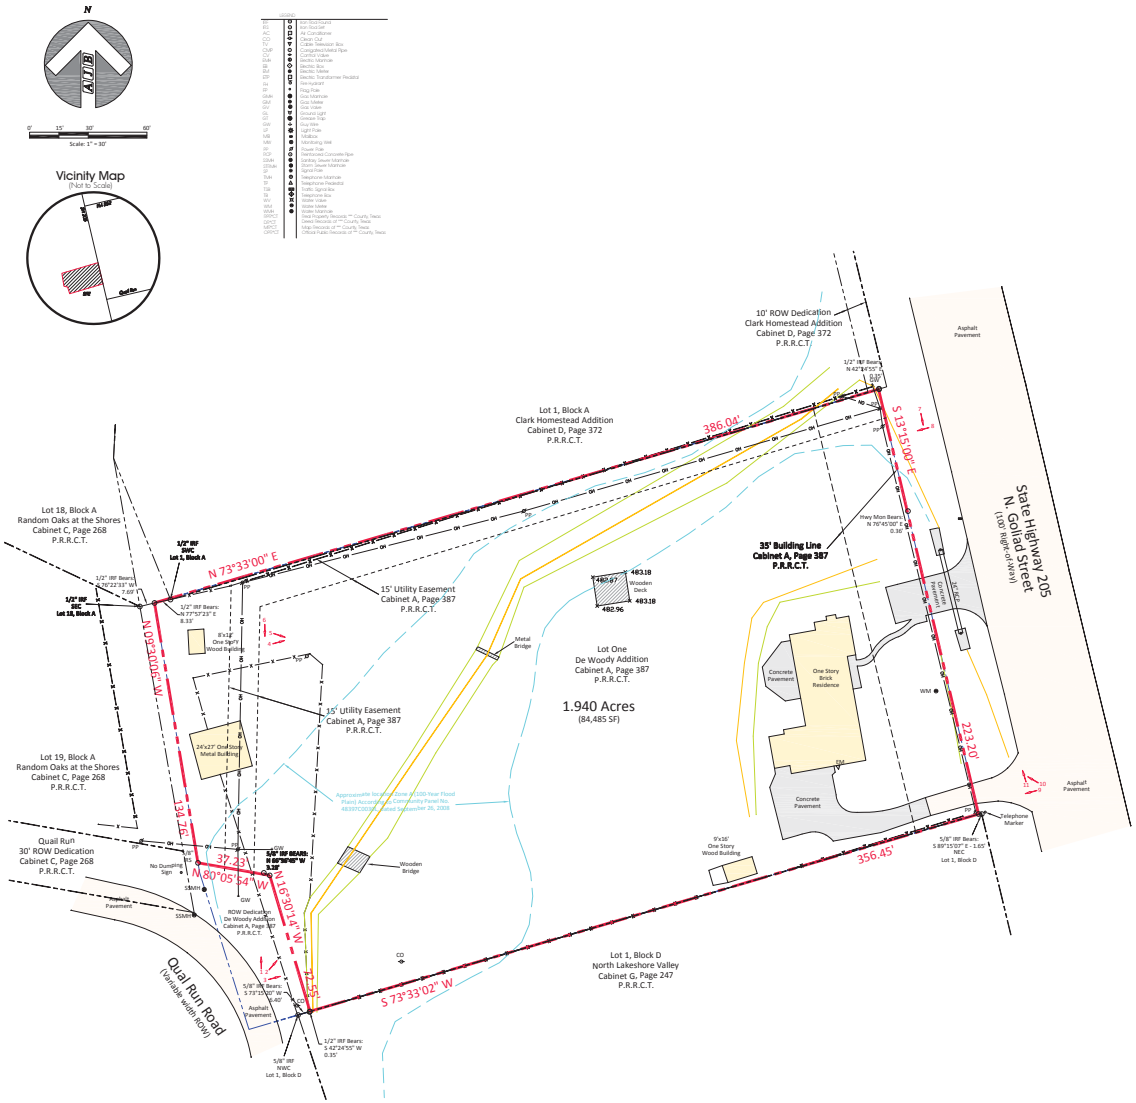
Re: 3011 North Goliad



Dear Robert,

Please find the attached submittal for a requested SUP for the above tract. We are requesting modifying the existing Agricultural to include a Day School use. Please note that we be asking to join this un-platted lot with the existing Lot 1, Block 1, Children's Lighthouse Addition to the south. The ownership will be common. Please note that we are developing an accurate Metes and Bounds description and will forward as soon as it is ready.

Thank you.

Sam Ellis

CITY OF ROCKWALL

ORDINANCE NO. 15-___

SUP NO. _____

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT TO ALLOW FOR A "DAYCARE FACILITY" WITHIN AN AGRICULTURAL (AG) DISTRICT, BEING A 2.00-ACRE PARCEL OF LAND IDENTIFIED AS LOT 1 OF THE DEWOODY ADDITION, AND LOCATED AT 3011 NORTH GOLIAD STREET, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS, AND MORE SPECIFICALLY DESCRIBED IN EXHIBIT "A" ATTACHED HERETO; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, a request has been made by Sam Ellis on behalf of the owner, the George Dewoody Estate for the approval of a Specific Use Permit (SUP) allowing for a "*Daycare Facility*" within an Agricultural (AG) District, being a 2.00-acre parcel of land identified as Lot 1 of the Dewood Addition, and located at 3011 North Goliad Street, City of Rockwall, Rockwall County, Texas, and more specifically described in Exhibit "A" of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code of the City of Rockwall should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That the Unified Development Code of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit for a "*Daycare Facility*" within the Agricultural (AG) District for the *Subject Property*; and

Section 2. That the Specific Use Permit shall be subject to the requirements as set forth in ***Article V, Section 2.1, Agricultural (AG) District*** of the City of Rockwall Unified Development Code (Ord. No. 04-38) as heretofore amended, as amended herein by granting of this zoning change, and as may be amended in the future, and shall be subject to the additional following conditions:

2.1 Operational Conditions

The following conditions pertain to the operation of a *Daycare Facility* on the *Subject Property* and conformance to these stipulations is required for continued operations:

1) That adherence to Engineering and Fire Department standards shall be required, and

2) That future site plan submittal and approval shall be required, including Architectural Review and adherence to all standards specified in the North SH 205 Corridor Overlay district and other applicable sections of the Unified Development Code (UDC), and

3) That the proposed conceptual site plan shall be used only for the purpose of establishing a general layout of the daycare facility as depicted in Exhibit 'B' of this ordinance, and

4) That the use for a daycare facility as requested shall be allowed on the 1.940-acre tract of land, and

5) That submittal and approval of engineering plans, and final plat shall be required prior to issuance of a Certificate of Occupancy.

Section 3. That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

Section 4. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

Section 5. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of TWO THOUSAND DOLLARS ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

Section 6. If any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code No. 04-38 of the City of Rockwall, Texas, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable.

Section 7. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this ___ day of _____, 2015.

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: Mayor and City Council

CC: Rick Crowley, *City Manager*
Robert LaCroix, *Director of Planning and Zoning*

FROM: Ryan Miller, *Planning Manager*

DATE: July 20, 2015

SUBJECT: *Z2015-022;* Amendment to Article IV and Article V of the UDC

On June 15, 2015, the City Council directed staff to initiate text amendments to Article IV, *Permissible Uses*, and Article V, *District Development Standards*, of the Unified Development Code (UDC). Specifically, the amendments address the following issues:

1) *Sec. 1.1 & 2.1.6, Art. IV, UDC*. In response to an appointment with Chris Johnson, the City Council has directed staff to draft an amendment to the UDC allowing the operation of a *Portable Beverage or Food Service Facility*. Mr. Johnson has indicated that he would like to operate a trailer that offers food and beverages at 803 N. Goliad Street. Currently, the UDC does not allow the sale of food in association with a *Portable Beverage Service Facility*, which is only allowed by a Specific Use Permit within the Downtown (DT), General Retail (GR), Commercial (C), Heavy Commercial (HC) and Light Industrial (LI) Districts. In addition, the use is permitted *by-right* in the Heavy Industrial (HI) District. The proposed amendment would expand the current use to allow the sale of food and allow the use in a Residential Office (RO) District by Specific Use Permit (*see Exhibit 'A'*).

2) *Sec. 6, Art. V, UDC.* At the direction of the City Council, the Planning and Zoning Commission reviewed the City's current stone requirements as stipulated by the *Architectural Standards* section of the overlay district requirements, and forwarded on a recommendation to the City Council. The City Council reviewed the amendment and directed staff to prepare the ordinance in conformance to the Planning and Zoning Commission's recommendation. The proposed amendment would allow the Planning and Zoning Commission to approve the use of cultured stone within the City's overlay districts (*see Exhibit 'B'*).

In accordance, with Section 4.2 of Article XI, *Zoning Related Applications*, of the UDC staff took the proposed amendments forward to the Planning and Zoning Commission for a recommendation to City Council; and, on July 14, 2015 the Planning and Zoning Commission voted 7-0 to recommend approval of the proposed amendment. Attached to this case memo is a copy of the draft ordinance containing the proposed changes/amendments to the UDC. The schedule for this text amendment is as follows:

Planning and Zoning Commission:
~~Work Session: June 30, 2015~~
~~Public Hearing: July 14, 2015~~

City Council:
Public Hearing: July 20, 2015
2nd Reading: August 3, 2015

Article IV, Permissible Uses, of the Unified Development Code
Section 2. Use Standards
Section 1.6. Retail and Personal Service Use Conditions

Beverage ***or food*** service facility, portable. A portable beverage ***or food*** service facility is an establishment that sells beverages ***or food*** from a structure ***or trailer*** that can be moved from place to place but that stays at one location during a normal business day; ~~***food sales are prohibited in these facilities***~~. A portable beverage ***or food*** facility shall meet the following minimum conditions:

1. The service shall be limited to snow cone stands and beverage ***or food*** stands serving nonalcoholic beverages such as coffee, juices or sodas ***and prepared food products***.

2. The maximum time limit of such temporary use shall not exceed 150 days annually ***or a time limit otherwise approved by the City Council***. At the end of the 150-day period, the structure shall be removed from the property.

3. Any temporary power poles will be removed on the date of or immediately following the termination date of the permit.

4. No additional freestanding signage shall be permitted.

5. The temporary portable structure or trailer shall meet all health and electrical codes off the city.

6. Any such temporary facility shall not reduce the number of required parking spaces of any nearby building or use.

7. Any such temporary facility shall have permanent restrooms for employees available within 300 feet of the door of the portable beverage facility. Written permission from the permanent building owner for restroom use must be submitted to the building official; no portable restroom facility is allowed.

8. Any such temporary facility shall be located on an all-weather (asphalt or concrete) parking surface with adequate space for parking and circulation, unless variance has been approved.

Article V, District Development Standards, of the Unified Development Code
Section 6. Overlay Districts
Section 6.6. IH-30 Overlay (IH-30 OV) District

C. Architectural standards.

1. *Masonry requirements.* Each exterior wall shall consist of 90 percent masonry materials, excluding doors and windows, as defined in article XII, Definitions, excluding cast stone and cultured stone, on walls which are visible from a public street or open space, including a minimum of 20 percent natural or quarried stone.

   a. Primary exterior materials shall include natural or quarried stone, brick, glass block or glass, tile, cast metal and custom concrete masonry units. The use of other cementaceous products (e.g. stucco, Hardy Plank, or other similar materials approved by the building official) shall be limited to 50 percent of the building's exterior finishes where it is deemed important as a design feature and where it will be applied under the highest standards for quality and durability. However, stucco may not be located in the first four feet above grade on a facade visible from a street or public area. Each elevation's masonry requirement shall incorporate accent bricks or stones. As the term is used, an "accent brick or stone" is one that provides a contrast by color, shape, size, and/or texture to the field of primary bricks or stones in an elevation. ***Additionally, the Planning and Zoning Commission may consider the use of high quality manufactured or cultured stone if the following standards of manufacturing and warranty apply to the product;***

      - ☑ ***That the manufacturing molds should be made from actual stones and each piece should complement each other having the right shape, texture, size and detail of natural stone;***
      - ☑ ***That the overtones of color should be integrated into the stone during the molding process, while the base color of the stone is blended entirely throughout;***
      - ☑ ***That highly skilled artisans should be utilized to hand paint each piece in order to give each stone depth and variation of color;***
      - ☑ ***That the use of the highest quality synthetic mineral oxides should be used to infuse the surface with rich, authentic tones; and***
      - ☑ ***That the manufactured stone product shall have a minimum warranty of 75 years.***

   b. Secondary materials used on the facade of a building are those that comprise less than ten percent of an elevation area. Permitted secondary materials are all primary materials, aluminum or other metal, EIFS, cast stone, cultured stone or other materials as approved by the director of planning or his designee.

Article V, District Development Standards, of the Unified Development Code
Section 6. Overlay Districts
Section 6.7. SH-205 Overlay (SH-205 OV) District

C. Architectural standards.

1. *Masonry requirements.* Each exterior wall shall consist of 90 percent masonry materials, excluding doors and windows, as defined in article XII, Definitions, excluding cast stone and cultured stone, on walls which are visible from a public street or open space, including a minimum of 20 percent natural or quarried stone.

   a. Primary exterior materials shall include natural or quarried stone, brick, glass block or glass, tile, cast metal and custom concrete masonry units. The use of other cementaceous products (e.g. stucco, Hardy Plank, or other similar materials approved by the building official) shall be limited to 50 percent of the building's exterior finishes where it is deemed important as a design feature and where it will be applied under the highest standards for quality and durability. However, stucco may not be located in the first four feet above grade on a facade visible from a street or public area. Each elevation's masonry requirement shall incorporate accent bricks or stones. As the term is used, an "accent brick or stone" is one that provides a contrast by color, shape, size, and/or texture to the field of primary bricks or stones in an elevation. ***Additionally, the Planning and Zoning Commission may consider the use of high quality manufactured or cultured stone if the following standards of manufacturing and warranty apply to the product;***

      - ☑ ***That the manufacturing molds should be made from actual stones and each piece should complement each other having the right shape, texture, size and detail of natural stone;***
      - ☑ ***That the overtones of color should be integrated into the stone during the molding process, while the base color of the stone is blended entirely throughout;***

Article V, District Development Standards, of the Unified Development Code
Section 6. Overlay Districts
Section 6.8. Scenic Overlay (SOV) District

D. Architectural standards.

1. *Masonry requirements.* Each exterior wall shall consist of 90 percent masonry materials, excluding doors and windows, as defined in article XII, Definitions, excluding cast stone and cultured stone, on walls which are visible from a public street or open space, including a minimum of 20 percent natural or quarried stone.

   a. Primary exterior materials shall include natural or quarried stone, brick, glass block or glass, tile, cast metal and custom concrete masonry units. The use of other cementaceous products (e.g. stucco, Hardy Plank, or other similar materials approved by the building official) shall be limited to 50 percent of the building's exterior finishes where it is deemed important as a design feature and where it will be applied under the highest standards for quality and durability. However, stucco may not be located in the first four feet above grade on a facade visible from a street or public area. Each elevation's masonry requirement shall incorporate accent bricks or stones. As the term is used, an "accent brick or stone" is one that provides a contrast by color, shape, size, and/or texture to the field of primary bricks or stones in an elevation. ***Additionally, the Planning and Zoning Commission may consider the use of high quality manufactured or cultured stone if the following standards of manufacturing and warranty apply to the product;***

      - ☑ ***That the manufacturing molds should be made from actual stones and each piece should complement each other having the right shape, texture, size and detail of natural stone;***
      - ☑ ***That the overtones of color should be integrated into the stone during the molding process, while the base color of the stone is blended entirely throughout;***
      - ☑ ***That highly skilled artisans should be utilized to hand paint each piece in order to give each stone depth and variation of color;***
      - ☑ ***That the use of the highest quality synthetic mineral oxides should be used to infuse the surface with rich, authentic tones; and***
      - ☑ ***That the manufactured stone product shall have a minimum warranty of 75 years.***

   b. Secondary materials used on the facade of a building are those that comprise less than ten percent of an elevation area. Permitted secondary materials are all primary materials, aluminum or other metal, EIFS, cast stone, cultured stone or other materials as approved by the director of planning or his designee.

CITY OF ROCKWALL

ORDINANCE NO. 15-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, BY AMENDING SECTIONS 1.1 & 2.1.6 OF ARTICLE IV, *PERMISSIBLE USES*, AND SECTION 6 OF ARTICLE V, *DISTRICT DEVELOPMENT STANDARDS*; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, an amendment to the City of Rockwall's Unified Development Code [*Ordinance No. 04-38*] has been initiated by the City Council of the City of Rockwall to amend Section 1.1, *Use of Land and Buildings*, and Section 2.1.6, *Recreation, Entertainment and Amusement Use Conditions*, of Article IV, *Permissible Uses*, and Section 6, *Overlay Districts*, of Article V, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] for the purposes of creating standards for cultured stone and adding standards for a *Portable Beverage or Food Facility*; and,

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the city's corporate boundaries, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

Section 1. That Section 1.1, *Use of Land and Buildings*, and Section 2.1.6, *Recreation, Entertainment and Amusement Use Conditions*, of Article IV, *Permissible Uses*, of the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended as specifically described in *Exhibits 'A'* of this ordinance;

Section 2. That Section 6, *Overlay Districts*, of Article V, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended as specifically described in *Exhibits 'B'* of this ordinance;

Section 3. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

Section 4. That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and

DRAFT ORDINANCE 07.20.15

applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

Section 5. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 3RD DAY OF AUGUST, 2015.

_____
Jim Pruitt, *Mayor*

ATTEST:

_____
Kristy Ashberry, *City Secretary*

APPROVED AS TO FORM:

_____
Frank J. Garza, *City Attorney*

DRAFT ORDINANCE 7.20.15

Article IV, Permissible Uses, of the Unified Development Code
Section 2. Use Standards
Section 1.6. Retail and Personal Service Use Conditions

Beverage ***and/or food*** service facility, portable. A portable beverage ***and/or food*** service facility is an establishment that sells beverages ***and/or food*** from a structure ***or trailer*** that can be moved from place to place but that stays at one location during a normal business day; ~~***food sales are prohibited in these facilities***~~. A portable beverage ***and/or food*** facility shall meet the following minimum conditions:

1. The service shall be limited to snow cone stands, ~~***and***~~ beverage ***and/or food*** stands serving nonalcoholic beverages such as coffee, juices or sodas ***and/or prepared food products***.

2. The maximum time limit of such temporary use shall not exceed 150 days annually ***or a time limit otherwise approved by the City Council***. At the end of the ***time period*** ~~***150-day period***~~, the structure shall be removed from the property.

3. Any temporary power poles will be removed on the date of or immediately following the termination date of the permit.

4. No additional freestanding signage shall be permitted.

5. The temporary portable structure or trailer shall meet all health and electrical codes off the city.

6. Any such temporary facility shall not reduce the number of required parking spaces of any nearby building or use.

7. Any such temporary facility shall have permanent restrooms for employees available within 300 feet of the door of the portable ~~***beverage***~~ facility. Written permission from the permanent building owner for restroom use must be submitted to the building official; no portable restroom facility is allowed.

8. Any such temporary facility shall be located on an all-weather (*asphalt or concrete*) parking surface with adequate space for parking and circulation, unless ~~***variance***~~ ***alternatively approved by the City Council.*** ~~***has been approved.***~~

1. *Masonry requirements.* Each exterior wall shall consist of 90 percent masonry materials, excluding doors and windows, as defined in article XII, Definitions, excluding cast stone and cultured stone, on walls which are visible from a public street or open space, including a minimum of 20 percent natural or quarried stone.

   a. Primary exterior materials shall include natural or quarried stone, brick, glass block or glass, tile, cast metal and custom concrete masonry units. The use of other cementaceous products (e.g. stucco, Hardy Plank, or other similar materials approved by the building official) shall be limited to 50 percent of the building's exterior finishes where it is deemed important as a design feature and where it will be applied under the highest standards for quality and durability. However, stucco may not be located in the first four feet above grade on a facade visible from a street or public area. Each elevation's masonry requirement shall incorporate accent bricks or stones. As the term is used, an "accent brick or stone" is one that provides a contrast by color, shape, size, and/or texture to the field of primary bricks or stones in an elevation. ***Additionally, the Planning and Zoning Commission may consider the use of high quality manufactured or cultured stone if the following standards of manufacturing and warranty apply to the product;***

   - ☑ ***That the manufacturing molds should be made from actual stones and each piece should complement each other having the right shape, texture, size and detail of natural stone;***
   - ☑ ***That the overtones of color should be integrated into the stone during the molding process, while the base color of the stone is blended entirely throughout;***
   - ☑ ***That highly skilled artisans should be utilized to hand paint each piece in order to give each stone depth and variation of color;***
   - ☑ ***That the use of the highest quality synthetic mineral oxides should be used to infuse the surface with rich, authentic tones; and***
   - ☑ ***That the manufactured stone product shall have a minimum warranty of 75 years.***

   b. Secondary materials used on the facade of a building are those that comprise less than ten percent of an elevation area. Permitted secondary materials are all primary materials, aluminum or other metal, EIFS, cast stone, cultured stone or other materials as approved by the director of planning or his designee.

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: Mayor and City Council

CC: Rick Crowley, *City Manager*
Robert LaCroix, *Director of Planning and Zoning*

FROM: Ryan Miller, *Planning Manager*

DATE: July 20, 2015

SUBJECT: Z2015-016; *Discovery Lakes (LI to PD)*

The applicant, Craig Carney of Carney Engineering, PLLC, has requested that the City Council postpone the public hearing for *Case No. Z2015-016* to the August 3, 2015 City Council meeting. According to Section 6.2, *Public Hearing Postponements, Recess, and Continuations*, of the Article II, *Authority and Administrative Procedures*, of the Unified Development Code, a public hearing may be postponed by announcing the postponement at the public hearing and indicating the time and place the new hearing is scheduled to begin. The announcement of a postponement shall be sufficient notice and no additional notice shall be required.

Miller, Ryan

Cc: 'STACY MCVEY'; 'Kenny Huff'
Subject: Discovery Lakes Council Meeting

Ryan

We intend to appeal to the City Council the P&Z decision regarding our Discovery Lakes project. The principals will be out of town on the next regularly scheduled Council meeting date of July 20th. We request you place our item on the August 3rd Council agenda.

If you need anything from us for that meeting, please let us know.

Thanks.

Craig

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 07/20/2015

APPLICANT: Stacy McVey, *Double Eagle Properties*

AGENDA ITEM: **Z2015-016**; *Discovery Lakes (LI to PD)*

SUMMARY:

Hold a public hearing to discuss and consider a request by Stacy McVey of Double Eagle Properties on behalf of the owner 308 ON 276 LP for the approval of a zoning change from an Light Industrial (LI) District to a Planned Development District for Single Family 10 (SF-10) and General Retail (GR) District land uses, on a 316.315-acre tract of land identified as Tract 1 of the M. E. Hawkins Survey, Abstract No. 100, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, located at the northeast corner of the intersection of Rochelle Road and SH-276, and take any action necessary.

PURPOSE:

On June 2, 2015, the applicant submitted an application requesting to rezone a 316.315-acre tract of land from a Light Industrial (LI) District to a Planned Development District for a single-family, residential subdivision and commercial/retail development. The proposed single family, residential subdivision will consist of 507 single-family homes, a 55.2-acre public park and an amenities center. The proposed nine (9) acres of commercial/retail land will be located at the northeast corner of Rochell Road and SH-276. The subject property, which was annexed into the City on June 15, 1998 by *Ordinance No. 98-20*, is currently vacant.

ADJACENT LAND USES AND ACCESS:

The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property is the City's corporate boundaries followed by a vacant tract of land situated within the City of Fate's Extraterritorial Jurisdiction (ETJ).

South: Directly south of the subject property is SH-276, which is designated as a TxDOT 6D (*state highway, six [6] lane, divided roadway*). Beyond this state roadway is a 197.76-acre vacant tract of land zoned Planned Development District 66 (PD-66) for Single Family 16 (SF-16) District land uses.

East: Directly east of the subject property is an 85.479-acre vacant tract of land zoned Light Industrial (LI) District. Beyond this is a 212.25-acre vacant tract of land zoned Agricultural (AG) District.

West: Directly west of the subject property is Rochell Road, which is designated as a M4D (*minor arterial, four [4] lane, divided roadway*). Beyond this thoroughfare are a 60.30-acre tract of vacant land and a 57.46-acre tract of vacant land. Both properties are zoned Light Industrial (LI) District.

CHARACTERISTICS OF THE REQUEST:

Along with the application, the applicant has submitted a concept plan and development standards for the proposed residential subdivision and commercial/retail tract of land.

Commercial/Retail

The nine (9) acre commercial/retail tract of land will be subject to the General Retail (GR) District development standards and land uses contained within the Unified Development Code (UDC); however, the applicant has requested that the following uses be permitted by-right: 1) Hotel, Hotel (*Full Service*) or Motel (*with a maximum of four [4] stories*) [*limited to one (1) hotel/motel*], 2) Restaurant (*with Drive-Through or Drive-In*) [*limited to three (3) restaurants*], and 3) Retail Store (*with more than two [2] gasoline dispensers*). Typically, these uses require a Specific Use Permit within the General Retail (GR) District. Per the requirements of the PD Ordinance, any development within the area designated as *commercial/retail* will require a PD Development Plan, which is a discretionary approval process for the City Council. Additionally, the applicant has agreed to prohibit some of the land uses that are permitted within the General Retail (GR) District, but are not compatible with the proposed adjacent residential subdivision.

Single-Family, Residential Subdivision

The proposed residential subdivision will consist of 121, 80' x 120' lots; 127, 70' x 110' lots; and 259, 60' x 110' lots, which equals an average lot size of ~7,600 SF. The proposed gross residential density is limited to less than 1.70 units/acre by the PD Ordinance *(~1.65 units/acre is depicted on the concept plan*). The subdivision will also incorporate 30.9-acres of open space, a 55.2-acre public park that will serve Park District No. 31, and 65.2-acres of additional floodplain. The total open space provided will be 96.6-acres (~31.5%) [*floodplain counted at ½:1*]. Additionally, the development will include two (2) Soil Conservation Service (SCS) ponds (*one [1] of which will be in the public park*), which will be used as an additional amenity to the development. One (1) amenities center will be provided to service the 507-lot subdivision. A summary of the proposed development standards is as follows:

Lot Type ►	***A***	***B***	***C***
Minimum Lot Width/Frontage	80'	70'	60'
Minimum Lot Depth	120'	110'	110'
Minimum Lot Area	9,600 SF	7,700 SF	6,600 SF
Minimum Front Yard Setback	20'	20'	20'
Minimum Side Yard Setback	6'	5'	5'
Minimum Side Yard Setback (Adjacent to a Street)	15'	15'	15'
Minimum Length of Driveway Pavement	20'	20'	20'
Maximum Height	36'	36'	36'
Minimum Rear Yard Setback	15'	10'	10'
Minimum Area/Dwelling Unit (SF) [Air Conditioned Space]	2,800 SF	2,250 SF	2,000 SF
Garage Orientation	*J-Swing or Front Entry*	*J-Swing or Front Entry*	*J-Swing or Front Entry*
Maximum Number of Front Entry Garages	48	42	173
Maximum Lot Coverage	65%	65%	65%

General Notes:

1) *A ten (10) foot encroachment to the front building setback will be permitted for architectural elements like sunrooms, front porches, stoops, bay windows, etc.*
2) *All J-Swing or Traditional Swing Garages will require a minimum lot width of 65-feet.*

Waivers to Code Requirements

It should be noted that the development standards contained within the PD Ordinance deviate from the requirements of the UDC and the Engineering Department's *Standards of Design and Construction* Manual in the following ways:

1) According to Section 4, *Residential Parking*, of Article VI, *Parking and Loading*, of the UDC, "(i)n single-family or duplex districts, parking garages must be located at least 20-feet behind the front building façade for front entry garages, unless it is a *J-Swing* garage where the garage door is perpendicular to the street." The applicant has requested that front entry garages be permitted

to be located 20-feet from the front property line. This would create a minimum of a five (5) foot off-set between the front façade of the primary structure and the garage; however, the applicant has also included the option to allow a ten (10) foot encroachment to the front building façade for architectural elements (*e.g. front porches, sunrooms, etc.*), which if utilized would increase the off-set to 15-feet. As a compensatory measure, the applicant has agreed to limit the number of front entry garages allowed for each product type as follows: 1) *Type A* would require 60% *J-Swing* Drives/40% Front Entry Drives, 2) *Type B* would require 67% *J-Swing* Drives/33% Front Entry Drives, and 3) *Type C* would require 33% *J-Swing* Drives/67% Front Entry Drives.

2) According to the Engineering Department's *Standards of Design and Construction* Manual, "(t)he City Council may waive the residential alley requirement upon determination by the Council, if it is in the best interest of the City." Currently, the applicant is requesting to allow *J-Swing* and/or *Front Entry* garages in lieu of alleys. This requirement has been waived for other subdivisions throughout the City.

CONFORMANCE WITH THE COMPREHENSIVE PLAN:

In reviewing the original concept plan for conformance to the policies and guidelines of the Comprehensive Plan, staff recommended that the applicant incorporate the following recommendations to ensure conformance to the policies and guidelines established by *Resolution 07-03*:

1) *Single-family lots adjacent to open space should be front loaded for the purpose of maximizing the value of the adjacent single-family homes, preserving view corridors along the streetscapes, and to better optimize the use of open space within the development.*

2) *Increased street connectivity for safety and access can be achieved by removing unnecessary cul-de-sacs.*

3) *The applicant should consider incorporating a boulevard or other green space in the center of the development to provide a heightened sense of open space.*

In response to these comments and the concerns raised by the Planning and Zoning Commission at their regularly scheduled meeting on June 30, 2015, the applicant has made the requested changes, which has resulted in a reduction of the number of lots from 560 to 507. This is a decrease in the total residential density from 1.82 units/acre to 1.65 units/acre. The new plan also includes a lot mix that is more even, and incorporates more of the larger *Type A* lots and less of the smaller *Type C* lots than the original plan. Additionally, the new concept plan indicates general conformance to the "housing tree" model (*i.e. the largest lots and homes are located on the main entry or perimeter streets, and smaller lots and homes are located internal to the neighborhood*), which is a requirement of *Resolution 07-03*. With the changes to the concept plan, the applicant has demonstrated congruence to the policies and guidelines established in *Resolution 07-03* and the Comprehensive Plan.

With this being said, the Future Land Use Map, contained within the Comprehensive Plan, designates the subject property as an *Employment Center*. According to the Comprehensive Plan, the purpose of this designation is to, "…provide a variety of workplaces, including limited light manufacturing uses, research and development activities, corporate facilities, offices, and institutions." The zoning change proposed by the applicant would require this designation to be amended to a *Low Density Residential* and *Commercial* designation. This has been added as a condition of approval for this case.

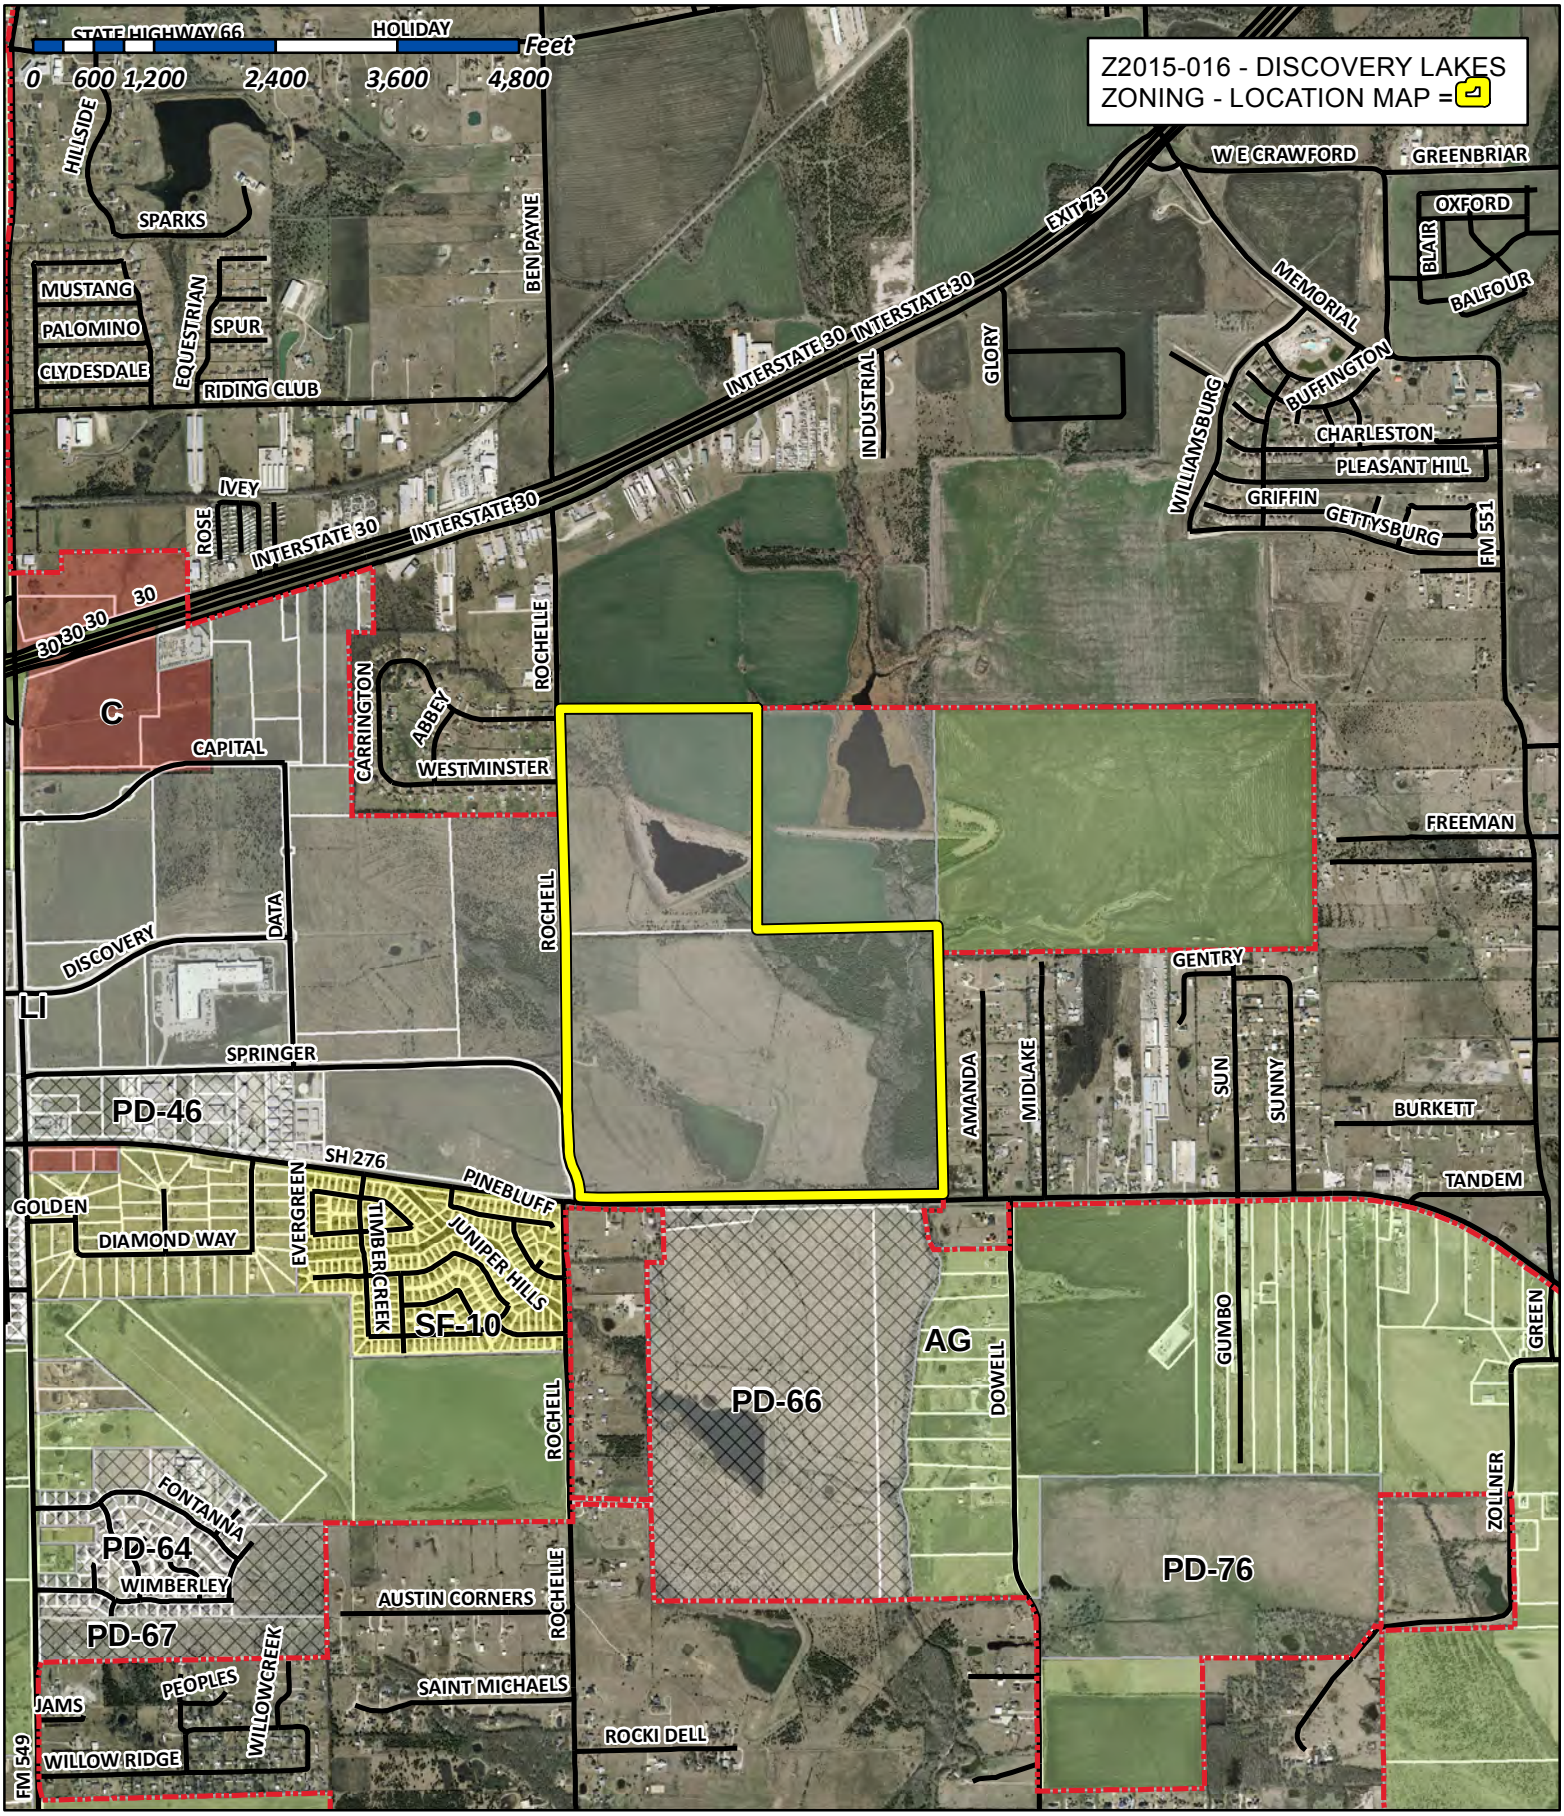
NOTIFICATION:

On June 5, 2015, staff mailed 19 notices to property owners and residents within 500-feet of the subject property. Staff also emailed a notice to the Timber Creek Homeowner's Associations

(HOA's), which is the only HOA located within 1,500 feet of the subject property. Additionally, staff posted a sign at the corner of the intersection of Rochell Road and SH-276, and advertised the public hearings in the Rockwall Harold Banner as required by the UDC. At the time this case memo was drafted one (1) response in favor of the applicant's request was received by staff.

RECOMMENDATIONS:

If the Planning and Zoning Commission chooses to recommend approval of the applicant's request to rezone the subject property from a Light Industrial (LI) District to a Planned Development District, then staff would propose the following conditions of approval:



1) The applicant shall be responsible for maintaining compliance with the conditions contained within the *Planned Development District* ordinance;

2) By approving this zoning change, the City Council will effectively be approving changes to the Comprehensive Plan and Future Land Use Map. Specifically, this will change the designation of the subject property from an *Employment Center* designation to a *Low Density Residential* and *Commercial* designation; and,

3) Any construction resulting from the approval of this *zoning change* shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING & ZONING COMMISSION:

On July 14, 2015, the Planning & Zoning Commission approved a motion to recommend denial of the zoning change by a vote of 5-2, with Commissioners Conley and Logan dissenting.

PHONE: (972) 771-7745
EMAIL: PLANNING@ROCKWALL.COM

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

Case No. Z2015-016: Discovery Lakes PD

Hold a public hearing to discuss and consider a request by Stacey McVey of Double Eagle Properties on behalf of the owner 308 ON 276 LP for the approval of a zoning change from an Agricultural (AG) District to a Planned Development District for Single Family 10 (SF-10) District land uses, on a 308.52-acre tract of land identified as Tract 1 of the M. E. Hawkins Survey, Abstract No. 100, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, located at the northeast corner of the intersection of Rochelle Road and SH-276, and take any action necessary.

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 6/30/2015 at 6:00 p.m.,** and the City Council will hold a public hearing on **Monday, 7/06/2015 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

Ryan Miller
Rockwall Planning and Zoning Dept.
385 S. Goliad Street
Rockwall, TX 75087

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **6/15/2015** to ensure they are included in the information provided to the City Council.

Sincerely,

Robert LaCroix, AICP
Director of Planning & Zoning

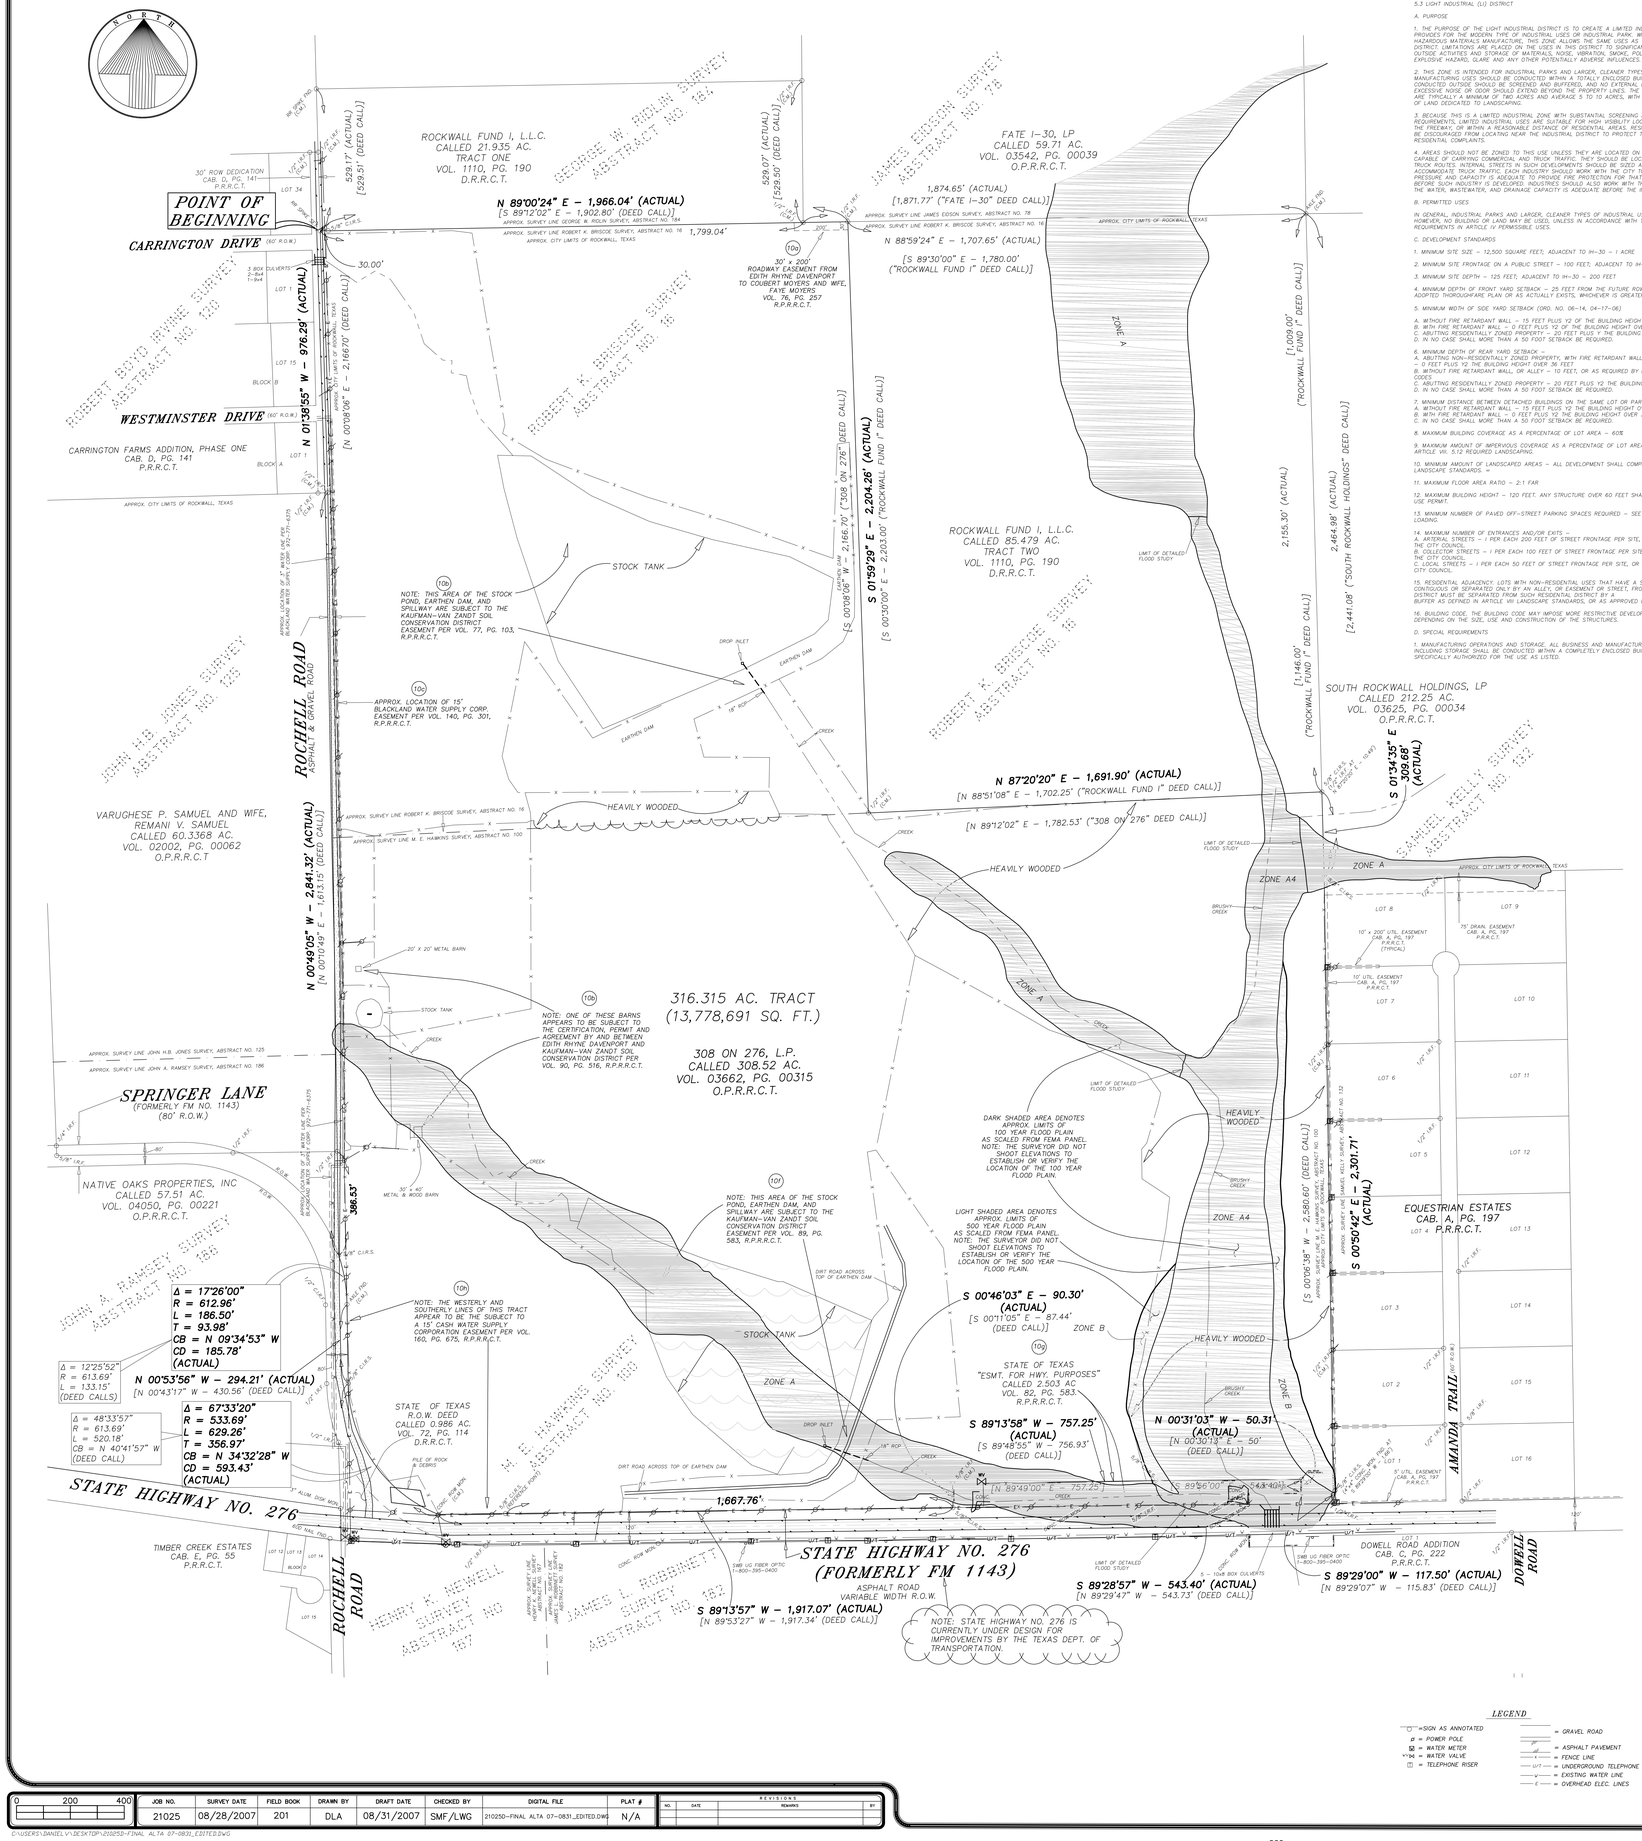
Subject: Neighborhood Notification Program: Notice of Zoning Request



To whom it may concern:

Per your participation in the Neighborhood Notification Program, you are receiving this notification to inform your organization and residents of a request for a zoning change that lies within 1,500 feet of the boundaries of your neighborhood or subdivision. As the primary contact for the organization, you are encouraged to share this information with the residents of your subdivision. Please find attached a map detailing the location of the subject property requesting the zoning change in relation to your subdivision boundaries. Additionally, below is a summary of the zoning request that will also be published in the Rockwall Herald Banner on *June 12th, 2015*. If you have any questions or comments regarding this request, the contact information for the Planning Department is listed below. Additional information can also be found at http://www.rockwall.com/planning/planningDevCases.asp.

Z2015-016: Discovery Lakes Subdivision
Hold a public hearing to discuss and consider a request by Stacey McVey of Double Eagle Properties on behalf of the owner 308 ON 276 LP for the approval of a zoning change from an Agricultural (AG) District to a Planned Development District for Single Family 10 (SF-10) District land uses, on a 316.315-acre tract of land identified as Tract 1 of the M. E. Hawkins Survey, Abstract No. 100, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, located at the northeast corner of the intersection of Rochelle Road and SH-276, and take any action necessary.

CITY OF ROCKWALL ZONING REGULATIONS

LIGHT INDUSTRIAL (LI)
ARTICLE V. DISTRICT DEVELOPMENT STANDARDS
5.3 LIGHT INDUSTRIAL (LI) DISTRICT

A. PURPOSE

1. THE PURPOSE OF THE LIGHT INDUSTRIAL DISTRICT IS TO CREATE A LIMITED INDUSTRIAL ZONE THAT PROVIDES FOR THE MODERN TYPE OF INDUSTRIAL USES OR INDUSTRIAL PARK WITH THE EXCEPTION OF HAZARDOUS MATERIALS MANUFACTURE. THIS ZONE ALLOWS THE SAME USES AS THE HI, HEAVY INDUSTRIAL DISTRICT. LIMITATIONS ARE PLACED ON THE USES IN THIS DISTRICT TO SIGNIFICANTLY RESTRICT THE OUTSIDE ACTIVITIES AND STORAGE OF MATERIALS THAT MAY VIBRATION, SMOKE, POLLUTION, FIRE AND EXPLOSIVE HAZARD, GLARE AND ANY OTHER POTENTIALLY ADVERSE INFLUENCES.

2. THIS ZONE IS INTENDED FOR INDUSTRIAL PARKS AND LARGER, CLEANER TYPES OF INDUSTRIES. THE MANUFACTURING USES SHOULD BE CONDUCTED WITHIN A TOTALLY ENCLOSED BUILDING. ANY ACTIVITIES CONDUCTED OUTSIDE SHOULD BE SCREENED AND BUFFERED, AND NO EXTERNAL EFFECTS SUCH AS EXCESSIVE NOISE OR ODOR SHOULD EXTEND BEYOND THE PROPERTY LINES. THE SITES FOR SUCH USES ARE TYPICALLY A MINIMUM OF TWO ACRES AND AVERAGE 5 TO 10 ACRES, WITH A SIGNIFICANT AMOUNT OF LAND DEDICATED TO LANDSCAPING.

3. BECAUSE THIS IS A LIMITED INDUSTRIAL ZONE WITH SUBSTANTIAL SCREENING AND BUFFERING REQUIREMENTS, LIMITED INDUSTRIAL USES ARE SUITABLE FOR HIGH VISIBILITY LOCATIONS SUCH AS ALONG THE FREEWAY, OR WITHIN A REASONABLE DISTANCE OF RESIDENTIAL AREAS. RESIDENTIAL USES SHOULD BE DISCOURAGED FROM LOCATING NEAR THE INDUSTRIAL DISTRICT IN ORDER TO PROTECT THE INDUSTRIES FROM RESIDENTIAL COMPLAINTS.

4. AREAS SHOULD NOT BE ZONED TO THIS USE UNLESS THEY ARE LOCATED ON OR CLOSE TO ARTERIAL STREETS TO AVOID COMMERCIAL AND TRUCK TRAFFIC. THEY SHOULD BE LOCATED CLOSE TO MAJOR TRUCK ROUTES. INTERNAL STREETS IN SUCH DEVELOPMENTS SHOULD BE DESIGNED AND STRENGTHENED TO ACCOMMODATE TRUCK TRAFFIC. EACH INDUSTRY SHOULD WORK WITH THE CITY TO INSURE THE WATER PRESSURE AND CAPACITY IS ADEQUATE TO PROVIDE FIRE PROTECTION FOR THAT PARTICULAR INDUSTRY BEFORE SUCH INDUSTRY IS DEVELOPED. INDUSTRIES SHOULD ALSO WORK WITH THE CITY TO INSURE THAT THE WATER, WASTEWATER, AND DRAINAGE CAPACITY IS ADEQUATE BEFORE THE INDUSTRY IS DEVELOPED.

B. PERMITTED USES

IN GENERAL, INDUSTRIAL PARKS AND LARGER, CLEANER TYPES OF INDUSTRIAL USES ARE ALLOWED; HOWEVER, NO BUILDING OR LAND MAY BE USED, UNLESS IN ACCORDANCE WITH THE USE TABLES AND REQUIREMENTS IN ARTICLE IV PERMISSIBLE USES.

C. DEVELOPMENT STANDARDS

1. MINIMUM SITE SIZE – 12,500 SQUARE FEET; ADJACENT TO IH–30 – 1 ACRE

2. MINIMUM SITE FRONTAGE ON A PUBLIC STREET – 100 FEET; ADJACENT TO IH–30 – 200 FEET

3. MINIMUM SITE DEPTH – 125 FEET; ADJACENT TO IH–30 – 200 FEET

4. MINIMUM DEPTH OF FRONT YARD SETBACK – 25 FEET FROM THE FUTURE ROW AS SHOWN ON THE ADOPTED THOROUGHFARE PLAN OR AS ACTUALLY EXISTS, WHICHEVER IS GREATER

5. MINIMUM WIDTH OF SIDE YARD SETBACK (ORD. NO. 06–14, 04–17–06)

A. WITHOUT FIRE RETARDANT WALL – 15 FEET PLUS Y2 OF THE BUILDING HEIGHT OVER 36 FEET
B. WITH FIRE RETARDANT WALL – 10 FEET PLUS Y2 OF THE BUILDING HEIGHT OVER 36 FEET
C. ABUTTING RESIDENTIALLY ZONED PROPERTY – 20 FEET PLUS Y2 THE BUILDING HEIGHT OVER 36 FEET
D. IN NO CASE SHALL MORE THAN A 50 FOOT SETBACK BE REQUIRED.

6. MINIMUM DEPTH OF REAR YARD SETBACK –
A. ABUTTING NON–RESIDENTIAL ZONED PROPERTY, WITH FIRE RETARDANT WALL AND ALLEY SEPARATING – 0 FEET PLUS Y2 THE BUILDING HEIGHT OVER 36 FEET.
B. WITHOUT FIRE RETARDANT WALL OR ALLEY – 10 FEET, OR AS REQUIRED BY BUILDING AND/OR FIRE CODES
C. ABUTTING RESIDENTIALLY ZONED PROPERTY – 20 FEET PLUS Y2 THE BUILDING HEIGHT OVER 36 FEET.
D. IN NO CASE SHALL MORE THAN A 50 FOOT SETBACK BE REQUIRED.

7. MINIMUM DISTANCE BETWEEN TWO BUILDINGS ON THE SAME LOT OR PARCEL OF LAND–
A. WITHOUT FIRE RETARDANT WALL – 15 FEET PLUS Y2 THE BUILDING HEIGHT OVER 36 FEET
B. WITH FIRE RETARDANT WALL – 10 FEET PLUS Y2 THE BUILDING HEIGHT OVER 36 FEET
C. IN NO CASE SHALL MORE THAN A 50 FOOT SETBACK BE REQUIRED.

8. MAXIMUM BUILDING COVERAGE AS A PERCENTAGE OF LOT AREA – 60%

9. MAXIMUM AMOUNT OF IMPERVIOUS COVERAGE AS A PERCENTAGE OF LOT AREA – 90–95% SEE ARTICLE VIII. 5.12 REQUIRED LANDSCAPING

10. MINIMUM AMOUNT OF LANDSCAPED AREAS – ALL DEVELOPMENT SHALL COMPLY WITH ARTICLE VIII LANDSCAPE STANDARDS. =

11. MAXIMUM FLOOR AREA RATIO – 2:1 FAR

12. MAXIMUM BUILDING HEIGHT – 120 FEET. ANY STRUCTURE OVER 60 FEET SHALL REQUIRE A SPECIFIC USE PERMIT.

13. MINIMUM NUMBER OF PAVED OFF–STREET PARKING SPACES REQUIRED – SEE ARTICLE VI PARKING AND LOADING.

14. MAXIMUM NUMBER OF ENTRANCES AND/OR EXITS –
A. ARTERIAL STREETS – 1 FOR EACH 200 FEET OF STREET FRONTAGE PER SITE, OR AS APPROVED BY THE CITY COUNCIL.
B. COLLECTOR STREETS – 1 PER EACH 100 FEET OF STREET FRONTAGE PER SITE, OR AS APPROVED BY THE CITY COUNCIL.
C. LOCAL STREETS – 1 PER EACH 50 FEET OF STREET FRONTAGE PER SITE, OR AS APPROVED BY THE CITY COUNCIL.

15. RESIDENTIAL ADJACENCY. LOTS WITH NON–RESIDENTIAL USES THAT HAVE A SIDE OR REAR CONTIGUOUS OR SEPARATED ONLY BY AN ALLEY, OR EASEMENT OR STREET, FROM ANY RESIDENTIAL DISTRICT MUST BE SEPARATED FROM SUCH RESIDENTIAL DISTRICT BY A BUFFER AS DEFINED IN ARTICLE VIII LANDSCAPE STANDARDS, OR AS APPROVED BY THE CITY COUNCIL.

16. BUILDING CODE. THE BUILDING CODE MAY IMPOSE MORE RESTRICTIVE DEVELOPMENT STANDARDS DEPENDING ON THE SIZE, USE AND CONSTRUCTION OF THE STRUCTURES.

D. SPECIAL REQUIREMENTS

1. MANUFACTURING OPERATIONS AND STORAGE. ALL BUSINESS AND MANUFACTURING OPERATIONS INCLUDING STORAGE SHALL BE CONDUCTED WITHIN A COMPLETELY ENCLOSED BUILDING UNLESS SPECIFICALLY AUTHORIZED FOR THE USE AS LISTED.

LEGAL DESCRIPTION

Field notes for a 316.315 acre (13,778,691 square foot) tract of land situated in the M. E. Hawkins Survey, Abstract No. 100, and the Robert K. Briscoe Survey, Abstract No. 16 in the City of Rockwall, Rockwall County, Texas, and being all of that certain called 308.52 acre tract of land described in a Special Warranty Deed to 308 on 276, L.P., as recorded in Volume 03662, Page 00315, of the Official Public Records of Rockwall County, Texas (O.P.R.R.C.T.), with said 316.315 acre (13,778,691 square feet) tract of land being more particularly described by metes and bounds as follows:

BEGINNING a railroad spike set in asphalt marking the northwest corner of said 308 on 276, L.P. tract and the common southwest corner of that certain called 21.935 acre tract of land described as Tract One in a Warranty Deed to Rockwall Fund I, L.L.C., as recorded in Volume 1110, Page 190, of the Deed Records of Rockwall County, Texas (D.R.R.C.T.), said point being in the approximate center of Rochell Road, a county road with an unspecified right–of–way (R.O.W.) width;

THENCE North 89 degrees 00 minutes 24 seconds East (South 89 degrees 12 minutes 02 seconds East – deed call), along the common northerly line of said 308 on 276, L.P. tract and the common southerly line of said Tract One, passing at a distance of 30.00 feet, a 5/8 inch iron rod set with a yellow plastic cap stamped "THE WALLACE GROUP" ("cap") for reference, continuing along said common line, passing at a distance of 1,799.04 feet, a 1/2 inch iron rod found marking the southeast corner of said Tract One, being common with the southwest corner of that certain called 59.71 acre tract of land described in a Special Warranty Deed to Fate I–30, L.P., as recorded in Volume 03542, Page 00039, O.P.R.R.C.T., continuing along the common northerly line of said 308 on 276, L.P. tract and the southerly line of said Fate I–30, L.P. tract, a total distance of 1,966.04 feet (1,902.80 feet – deed call) to a 1/2 inch iron rod found marking the common most northerly northeast corner of said 308 on 276, L.P. tract and the northwest corner of that certain called 85.479 acre tract of land described as Tract Two in the aforementioned Warranty Deed to Rockwall Fund I, L.L.C., as recorded in Volume 1110, Page 190, D.R.R.C.T.;

THENCE South 01 degrees 59 minutes 29 seconds East (South 00 degrees 08 minutes 06 seconds West – deed call), along the common easterly line of said 308 on 276, L.P. tract and the westerly line said Tract Two, a distance of 2,204.26 feet (2,166.70 feet – deed call) to a 1/2 inch iron rod found marking an ell corner of said 308 on 276, L.P. tract and the southwest corner of said Tract Two;

THENCE North 87 degrees 20 minutes 20 seconds East (North 89 degrees 12 minutes 02 seconds East – deed call), continuing along the common northerly line of said 308 on 276, L.P. tract and the southerly line said Tract Two, a distance of 1,691.90 feet (1,782.53 feet – deed call) to a 5/8 inch iron rod set with "cap" marking the common most easterly northeast corner of said 308 on 276, L.P. tract and the southeast corner of said Tract Two, from which a 1/2 inch iron rod found bears North 87 degrees 20 minutes 20 seconds East at 10.49 feet, said 5/8 inch iron rod set being on the west line of that certain called 212.25 acre tract of land described in a Special Warranty Deed to South Rockwall Holdings, L.P., as recorded in Volume 03625, Page 00034, O.P.R.R.C.T.;

THENCE South 01 degrees 34 minutes 35 seconds East, along the common easterly line of said 308 on 276, L.P. tract and the westerly line said South Rockwall Holdings tract, a distance of 309.68 feet to a 5/8 inch iron rod set with "cap" marking the southwest corner of said South Rockwall Holdings tract, being common with the northwest corner of Lot 8, Equestrian Estates, according to the plat thereof recorded in Cabinet A, Page 197, of the Plat Records of Rockwall County, Texas (P.R.R.C.T.);

THENCE South 00 degrees 50 minutes 42 seconds East, along the common easterly line of said 308 on 276, L.P. tract and the westerly line said Equestrian Estates, a distance of 2,301.71 feet (South 00 degrees 06 minutes 38 seconds West, a distance of 2,580.60 feet – overall deed call) to a 5/8 inch iron rod set with "cap" marking the common southeast corner of said 308 on 276, L.P. tract and an ell corner of the north R.O.W. line of State Highway No. 276 (having a variable width R.O.W.);

THENCE South 89 degrees 29 minutes 00 seconds West (North 89 degrees 29 minutes 07 seconds West – deed call), along the common southerly line of said 308 on 276, L.P. tract and said north R.O.W. line of State Highway No. 276, passing at a distance of 1.66 feet a found TxDOT concrete monument, continuing along said common line for a total distance of 117.50 feet (115.83 feet – deed call) to a 5/8 inch iron rod set with "cap" marking the common ell corner of said 308 on 276, L.P. tract and the most easterly southeast corner of that certain called 2.503 acre tract of land described as an Easement for Highway Purposes to the State of Texas, recorded in Volume 82, Page 583of the Real Property Records of Rockwall County, Texas (R.P.R.R.C.T.);

THENCE North 00 degrees 31 minutes 03 seconds West (North 00 degrees 30 minutes 13 seconds East – deed call), along a common interior line of said 308 on 276, L.P. tract and the easterly line of said Easement for Highway Purposes tract, a distance of 50.31 feet (50 feet – deed call) to a 5/8 inch iron rod set with "cap" marking the common ell corner of said 308 on 276, L.P. tract and the northeast corner of said Easement for Highway Purposes tract;

THENCE South 89 degrees 28 minutes 57 seconds West (North 89 degrees 29 minutes 47 seconds West – deed call), along the common southerly line of said 308 on 276, L.P. tract and the northerly line of said Easement for Highway Purposes tract, a distance of 543.40 feet (543.73 feet – deed call) to a 5/8 inch iron rod set with "cap" for corner;

THENCE South 89 degrees 13 minutes 58 seconds West (South 89 degrees 48 minutes 55 seconds West – deed call), continuing along the common southerly line of said 308 on 276, L.P. tract and the northerly line of said Easement for Highway Purposes tract, a distance of 757.25 feet (756.93 feet – deed call) to a 5/8 inch iron rod found marking a common ell corner of said 308 on 276, L.P. tract and the northwest corner of said Easement for Highway Purposes tract;

THENCE South 00 degrees 46 minutes 03 seconds East (South 00 degrees 11 minutes 05 seconds East – deed call), along a common interior line of said 308 on 276, L.P. tract and the westerly line of said Easement for Highway Purposes tract, a distance of 90.30 feet (87.44 feet – deed call) to a 5/8 inch iron rod set with "cap" marking a common ell corner of said 308 on 276, L.P. tract and the southwest corner of said Easement for Highway Purposes tract, said point being on said north R.O.W. line of State Highway No. 276;

THENCE South 89 degrees 13 minutes 57 seconds West (North 89 degrees 53 minutes 27 seconds West – deed call), along the common southerly line of said 308 on 276, L.P. tract and said north R.O.W. line of State Highway No. 276, passing at a distance of 1,667.76 feet a 5/8 inch iron rod set with "cap" for reference, continuing along said common line for a total distance of 1,917.07 feet (1,917.34 feet – deed call) to a found TxDOT concrete monument, marking the transitional R.O.W. line from said north R.O.W. line of State Highway No. 276 to the east R.O.W. line of Springer Lane, an 80 foot wide R.O.W., (formerly F.M. No. 1143), said point being the beginning of a non–tangent curve to the right, with the radius point being situated North 21 degrees 40 minutes 52 seconds East, a distance of 533.69 feet;

THENCE Northerly along the common curving westerly line of said 308 on 276, L.P. tract and said curving east R.O.W. line of Springer Lane, with said non–tangent curve to the right, through a central angle of 67 degrees 33 minutes 20 seconds (48 degrees 33 minutes 57 seconds – deed call), having a radius of 533.69 feet (613.69 feet – deed call), a tangent distance of 356.97 feet, a chord bearing North 34 degrees 32 minutes 28 seconds West (North 40 degrees 41 minutes 57 seconds West – deed call), at 593.43 feet, and an arc distance of 629.26 feet (520.18 feet – deed call) to a 5/8 inch iron rod set with "cap" at the end of said non–tangent curve;

THENCE North 00 degrees 53 minutes 56 seconds West (North 00 degrees 43 minutes 17 seconds West – deed call), continuing along the common westerly line of said 308 on 276, L.P. tract and said east R.O.W. line of Springer Lane, a distance of 294.21 feet (430.56 feet – deed call) to an axle found for the beginning of a non–tangent curve to the left, with the radius point being situated South 89 degrees 08 minutes 07 seconds West, a distance of 612.96 feet;

THENCE Northerly continuing along the common curving westerly line of said 308 on 276, L.P. tract and said curving east R.O.W. line of Springer Lane, with said non–tangent curve to the left, through a central angle of 17 degrees 26 minutes 00 seconds (12 degrees 25 minutes 52 seconds – deed call), having a radius of 612.96 feet (613.69 feet – deed call), a tangent distance of 93.98 feet, a chord bearing North 09 degrees 34 minutes 53 seconds West at 185.78 feet, and an arc distance of 186.50 feet (133.15 feet – deed call) to a 5/8 inch iron rod set with "cap" at the end of said non–tangent curve, said point marking the transition from said east R.O.W. line of Springer Lane to the approximate center of the aforementioned Rochell Road;

THENCE North 00 degrees 49 minutes 05 seconds West (North 00 degrees 10 minutes 49 seconds East – deed call), along the common westerly line of said 308 on 276, L.P. tract and said approximate center of Rochell Road, passing at a distance of 386.53 feet a 1/2 inch iron rod found marking the southeast corner of that certain called 60.3368 acre tract of land described in a Cash Warranty Deed to Varughese P. Samuel and wife, Remani V. Samuel, as recorded in Volume 02002, Page 00062, O.P.R.R.C.T., then continuing along said common line with the easterly line of said Samuel tract, a total distance of 2,841.3 feet (1,613.15 feet – deed call) to a 1/2 inch iron rod found marking the northeast corner of said Samuel tract;

THENCE North 01 degrees 38 minutes 55 seconds West (North 00 degrees 08 minutes 06 seconds East – deed call), along the common westerly line of said 308 on 276, L.P. tract and said approximate center of Rochell Road, a distance of 976.29 feet (2,166.70 feet – deed call) to the POINT OF BEGINNING.

CONTAINING within the metes recited 316.315 acres (13,778,692 square feet) of land, more or less, of which a portion lies within Rochell Road.

TITLE COMMITMENT FURNISHED BY REPUBLIC TITLE OF TEXAS, INC., G.F. NO. 07924313 MK3, EFFECTIVE DATE: JULY 18, 2007, ISSUE DATE: JULY 27, 2007.

10(a, ROADWAY EASEMENT GRANTED BY EDITH RHYNE DAVENPORT TO LOUBERT MOYERS AND FAYE MOYERS, DATED 07/11/1966, FILED 07/12/1966, RECORDED IN VOLUME 76, PAGE 257, REAL PROPERTY RECORDS OF ROCKWALL COUNTY, TEXAS. AFFECTS THE MOST NORTHEASTERLY CORNER OF THE SUBJECT TRACT AS PLOTTED HEREON.

10b. EASEMENT FOR FLOODWATER RETARDING STRUCTURE GRANTED BY EDITH RHYNE DAVENPORT TO KAUFMAN–VAN ZANDT SOIL CONSERVATION DISTRICT, DATED 09/10/1966, FILED 09/22/1966, RECORDED IN VOLUME 77, PAGE 103, REAL PROPERTY RECORDS OF ROCKWALL COUNTY, TEXAS. AFFECTED BY INSTRUMENT RECORDED IN VOLUME 90, PAGE 516, REAL PROPERTY RECORDS OF ROCKWALL COUNTY, TEXAS. AFFECTS EXISTING BARN LOCATED ON THE WEST SIDE OF SUBJECT TRACT. AFFECTS APPROX. 57 ACRES OF THE NORTH 100 ACRES OF THE OVERALL SUBJECT TRACT AND IS PLOTTED HEREON.

10c. EASEMENT FIFTEEN FOOT (15') WIDE FOR WATER PIPELINE GRANTED BY OSCAR M. WILSON, JR. TO BLACKLAND WATER SUPPLY CORPORATION, DATED 01/08/1979, FILED 02/20/1979, RECORDED IN VOLUME 140, PAGE 301, REAL PROPERTY RECORDS OF ROCKWALL COUNTY, TEXAS. AFFECTS THE WESTERLY LINE OF THE SUBJECT TRACT AND IS PLOTTED HEREON.

10d. EASEMENT FOR A ELECTRIC TRANSMISSION AND/OR DISTRIBUTION LINE GRANTED BY CENTRAL LIFE ASSURANCE SOCIETY TO TEXAS POWER & LIGHT COMPANY, DATED 11/11/1936, FILED 12/04/1936, RECORDED IN VOLUME 33, PAGE 168, REAL PROPERTY RECORDS OF ROCKWALL COUNTY, TEXAS. MAY AFFECT THE SUBJECT TRACT BUT THE SURVEYOR FOUND NO PHYSICAL EVIDENCE.

10e. EASEMENT FOR AN ELECTRIC TRANSMISSION AND/OR DISTRIBUTION LINE GRANTED BY J.W. REECE TO TEXAS POWER & LIGHT COMPANY, DATED 06/12/1944, FILED 08/04/1944, RECORDED IN VOLUME 35, PAGE 571, REAL PROPERTY RECORDS OF ROCKWALL COUNTY, TEXAS. MAY AFFECT THE SUBJECT TRACT BUT THE SURVEYOR FOUND NO PHYSICAL EVIDENCE.

10f. EASEMENT FOR A FLOODWATER RETARDING STRUCTURE GRANTED BY JEWELL R. ISBELL AND FRANK A. ISBELL TO KAUFMAN–VAN ZANDT SOIL CONSERVATION DISTRICT, DATED 04/13/1968, FILED 02/13/1969, RECORDED IN VOLUME 89, PAGE 583, REAL PROPERTY RECORDS OF ROCKWALL COUNTY, TEXAS. AFFECTS APPROXIMATELY 55 ACRES OF THE SOUTH 216 ACRES OF THE OVERALL SUBJECT TRACT.

10g. EASEMENT FOR HIGHWAY PURPOSES GRANTED BY RUBY J. ISBELL AND FRANK ISBELL TO THE STATE OF TEXAS, DATED 05/17/1968, FILED 05/17/1968, RECORDED IN VOLUME 583, PAGE 583, REAL PROPERTY RECORDS OF ROCKWALL COUNTY, TEXAS. AFFECTS THE SUBJECT TRACT, ADJACENT TO THE SOUTH LINE OF THE SUBJECT TRACT AND IS PLOTTED HEREON.

10h. EASEMENT FOR WATER LINE GRANTED BY RICHARD H. ROACH AND HASKELL L. ROACH TO CASH WATER SUPPLY CORPORATION, DATED 10/02/1980, FILED 09/09/1981, RECORDED IN VOLUME 160, PAGE 675, REAL PROPERTY RECORDS OF ROCKWALL COUNTY, TEXAS. APPEARS TO AFFECT THE WESTERLY AND SOUTHERLY LINE OF THE SUBJECT TRACT, BUT CAN NOT BE PLOTTED DUE TO THE VAGUENESS OF THE DESCRIPTION.

CITY OF ROCKWALL

ORDINANCE NO. 15-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO CHANGE THE ZONING FROM AN AGRICULTURAL (AG) DISTRICT TO A PLANNED DEVELOPMENT DISTRICT FOR SINGLE FAMILY 10 (SF-10) AND GENERAL RETAIL (GR) DISTRICT LAND USES ON THE SUBJECT PROPERTY, BEING A 316.315-ACRE TRACT OF LAND IDENTIFIED AS TRACT 1 OF THE M. E. HAWKINS SURVEY, ABSTRACT NO. 100, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED HEREIN BY *EXHIBIT 'A' & EXHIBIT 'B'*; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request by the Stacy McVey of Double Eagle Properties, LLC on behalf of the owner 308 ON 276, LP for the approval of a zoning change from an Agricultural (AG) District to a Planned Development District for Single Family 10 (SF-10) and General Retail (GR) District land uses, on a 316.315-acre tract of land identified as Tract 1 of the M. E. Hawkins Survey, Abstract No. 100, City of Rockwall, Rockwall County, Texas and more fully described in *Exhibit 'A' & Exhibit 'B'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That the *Subject Property* shall be used only in the manner and for the purposes authorized by this Planned Development District Ordinance and the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting this zoning change, and as maybe amended in the future;

Section 2. That development of the *Subject Property* shall generally be in accordance with the *Planned Development Concept Plan*, described in *Exhibit 'C'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'C'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

Section 3. That development of the *Subject Property* shall generally be in accordance with the *Development Standards*, described in *Exhibit 'D'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'D'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

DRAFT ORDINANCE 07.21.2015

Section 4. That a *Master Parks and Open Space Plan* for the *Subject Property*, shall be prepared in accordance with this ordinance and consistent with the *Planned Development Concept Plan* depicted in *Exhibit 'C'* of this ordinance, and that the *Master Parks and Open Space Plan* shall be considered for approval by the City Council following a recommendation by the *Parks and Recreation Board*.

Section 5. That development of the *Subject Property* shall be in conformance with the schedule listed below (*except as set forth below with regard to simultaneous processing and approvals*).

(a) The procedures set forth in the City's subdivision regulations on the date this ordinance is approved by the City, as amended by this ordinance (*including Subsections 5(b) through 5(f) below*), shall be the exclusive procedures applicable to the subdivision and platting of the Property.

(b) The following plans and plats shall be required in the order listed below (*except as set forth below with regard to simultaneous processing and approvals*). The City Council shall act on an application for an *Open Space Master Plan* in accordance with the time period specified in *Section 212.009* of the *Texas Local Government Code*.

(1) Open Space Master Plan
(2) Master Plat
(3) PD Development Plan (*Required for Retail Areas Only*)
(4) PD Site Plan
(5) Preliminary Plat
(6) Final Plat

(c) A *PD Development Plan* must be approved for the area designated on the *Planned Development Concept Plan* as *Retail* prior to submittal of a *PD Site Plan* application and/or preliminary plat application. No *Master Plat* is required for the area designated on the *Concept Plan* as *Retail*. A traffic impact analysis for the retail tract shall be submitted with the *PD Development Plan* to determine the extent and timing of any recommended facilities and/or improvements to the surrounding roadway network. The traffic impact analysis may be updated with each *PD Site Plan* for each retail development.

(d) *PD Site Plan.* A *PD Site Plan* covering all of the *Subject Property* shall be submitted and shall identify all site/landscape/hardscape plan(s) for all open space, neighborhood parks, trail systems, street buffers and entry features. A *PD Site Plan* application may be processed by the City concurrently with a *Preliminary Plat Application* for the development.

(e) *Preliminary Plat.* A *Preliminary Plat* covering all of the *Subject Property* shall be submitted and shall include a *Treescape Plan*. A *Preliminary Plat Application* may be processed by the City concurrently with a *PD Site Plan Application* for the development.

(f) *Final Plat.* Prior to the issuance of any building permits, a *Final Plat*, conforming to the *Preliminary Plat*, for all of the *Subject Property* shall be submitted for approval.

Section 6. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

DRAFT ORDINANCE 07-14-2015

Section 7. That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

Section 8. The standards in this ordinance shall control in the event of a conflict between this ordinance and any provision of the Unified Development Code or any provision of the City Code, ordinance, resolution, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this ordinance. References to zoning district regulations or other standards in the Unified Development Code (including references to the *Unified Development Code*), and references to overlay districts, in this ordinance or any of the Exhibits hereto are those in effect on the date this ordinance was passed and approved by the City Council of the City of Rockwall, Texas;

Section 9. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 20TH DAY OF JULY, 2015.

_____
Jim Pruitt, *Mayor*

DRAFT ORDINANCE 07.14.2015

Exhibit 'A':
Legal Description

Field notes for a 316.315-acre (13,778,691 square foot) tract of land situated in the M. E. Hawkins Survey, Abstract No. 100, and the Robert K. Briscoe Survey, Abstract No. 16 in the City of Rockwall, Rockwall County, Texas, and being all of that certain called 308.52-acre tract of land described in a Special Warranty Deed to 308 ON 276, L.P., as recorded in Volume 03662, Page 00315, of the Office Public Records of Rockwall County, Texas (O.P.R.R.C.T.) with said 316.315-acre (13, 778,691 square feet) tract of land being more particularly described by metes and bounds as follows:

BEGINNING a railroad spike set in asphalt marking the northwest corner of said 308 on 276, L.P. tract and the common southwest corner of that certain called 21. 935 acre tract of land described as Tract One in a Warranty Deed to Rockwall Fund I, L.L.C., as recorded in Volume 1 110, Page 190, of the Deed Records of Rockwall County, Texas (D.R.R.C.T.) , said point being in the approximate center of Rochell Road, a county road with an unspecified right-of- way (R. O. W.) width;

THENCE North 89 degrees 00 minutes 24 seconds East (South 89 degrees 12 minutes 02 seconds East - deed call), along the common northerly line of said 308 ON 276, L.P. tract and the common southerly line of said Tract One, passing at a distance of 30. 00 feet, a 5/8 inch iron rod set with a yellow plastic cap stamped "THE WALLACE GROUP " ("cap ") for reference, continuing along said common line, passing at a distance of 1,799. 04-fee t, a ½-inch iron rod found marking the southeast corner of said Tract One, being common with the south west corner of that certain called 59.71-acre tract of land described in a Special Warranty Deed to Fate I- 30, L.P., as recorded in Volume 03542, Page 00039, O.P.R.R.C.T., continuing along the common northerly line of said 308 on 276, L.P. tract and the southerly line of said Fate I-30, L.P. tract, a total distance of 1,966.04 feet (1,902 .80 feet - deed call) to a 1/ 2 inch iron rod found marking the common most northerly northeast corner of said 308 on 276, L.P. tract and the north west corner of that certain coiled 85.479 acre tract of land described as Tract Two in the aforementioned Warranty Deed to Rockwall Fund I, L.L.C., as recorded in Volume 1 110, Page 190, O.R.R.C.T.;

THENCE South 01 degrees 59 minutes 29 seconds East (South 00 degrees 08 minutes 06 seconds West - deed call), along the common easterly line of said 308 ON 276, L.P. tract and the westerly line said Tract Two, a distance of 2,204.26-fee t (2,166.70-feet - deed call) to a 1/ 2 inch iron rod found marking an ell corner of said 308 ON 276, L.P. tract and the southwest corner of said Tract Two;

THENCE North 87 degrees 20 minutes 20 seconds East (North 89 degrees 12 minutes 02 seconds East - deed call), continuing along the common northerly line of said 308 on 276, L.P. tract an d the southerly line said Tract Two, a distance of 1,691. 90 feet (1,782.53 feet - deed call) to a 5/8 inch iron rod se t with "cap " marking the common most easterly northeast corner of said 308 on 276, L.P. tract and the southeast corner of said Tract Two, from which a ½-inch iron rod found bears North 87 degrees 20 minutes 20 seconds East at 10. 49 feet, said 5/8-inch iron rod set being on the west line of that certain called 212. 25 acre tract of land described in a Special Warranty Deed to South Rock wall Holdings, L.P., as recorded in Volume 03625, Page 00034, O.P.R.R.C.T.;

THENCE South 01 degrees 34 minutes 35 seconds East, along the common easterly line of said 308 ON 276, L.P. tract and the westerly line said South Rock wall Holdings tract, a distance of 309.68-feet to a 5/8-inch iron rod set with "cap " marking the southwest corner of said South Rock wall Holdings tract, being common with the northwest corner of Lot 8, Equestrian Estates, according to the plot thereof recorded in Cabinet A, Page 19 7, of the Plot Records of Rock wall County, Texas (P.R.R.C.T.);

THENCE South 00 degrees 50 minutes 42 seconds East, along the common easterly line of said 308 ON 276, L.P. tract and the westerly line said Equestrian Estates, a distance of 2,301.71 feet (South 00 degrees 06 minutes 38 seconds West, a distance of 2,580 . 60 feet - overall deed call) to a 5/8 inch iron rod set with "cap " marking the common southeast corner of said 308 ON 276, L.P. tract and on ell corner of the north R.O.W. line of State Highway No. 276 (having a variable width R.O.W.);

THENCE South 89 degrees 29 minutes 00 seconds West (North 89 degrees 29 minutes 07 seconds West - deed call), along the common southerly line of said 308 ON 2 76, L.P. tract and said north R.O.W. line of State Highway No. 276, passing at a distance of 1.66 feet a found TxDOT concrete monument, continuing along said common line for a tot al distance of 117.50-feet (115.83-feet - deed call) to a 5/8-inch iron rod set with "cap " marking the common ell corner of said 308 ON 276, L.P. tract and the most easterly southeast corner of that certain called 2.503-acre tract of land described as on Easement for Highway Purposes to the State of Texas, recorded in Volume 82, Page 583 of the Real Property Records of Rockwall County, Texas (R.P.R.R.C.T.);

THENCE North 00 degrees 31 minutes 03 seconds West (North 00 degrees 30 Minutes 13 seconds East - deed call), along a common interior line of said 308 on 2 76, L.P. tract and the easterly line of said Easement for Highway Purposes tract, a distance of 50.31-feet (50-feet - deed call) to a 5/8-inch iron rod set with "cap" marking the common ell corner of said 308 ON 276, L.P. tract and the north east corner of said Easement for Highway Purposes tract;

THENCE South 89 degrees 28 minutes 57 seconds West (North 89 degrees 29 minutes 47 seconds West - deed call), along the common southerly line of said 308 on 276, L.P. tract and the northerly line of said Easement for Highway Purposes tract, a distance of 543.40-feet (543.73-feet - deed call) to a 5/8-inch iron rod set with "cap " for corner;

THENCE South 89 degrees 13 minutes 58 seconds West (South 89 degrees 48 minutes 55 seconds West - deed call), continuing along the common southerly line of said 308 ON 276, L.P. tract and the northerly line of said Easement for Highway Purposes tract, a distance of 757. 25-feet (756.93-feet - deed call) to a 5/8-inch iron rod found marking a common ell corner of said 308 ON 276, L.P. tract and the northwest corner of said Easement for Highway Purposes tract;

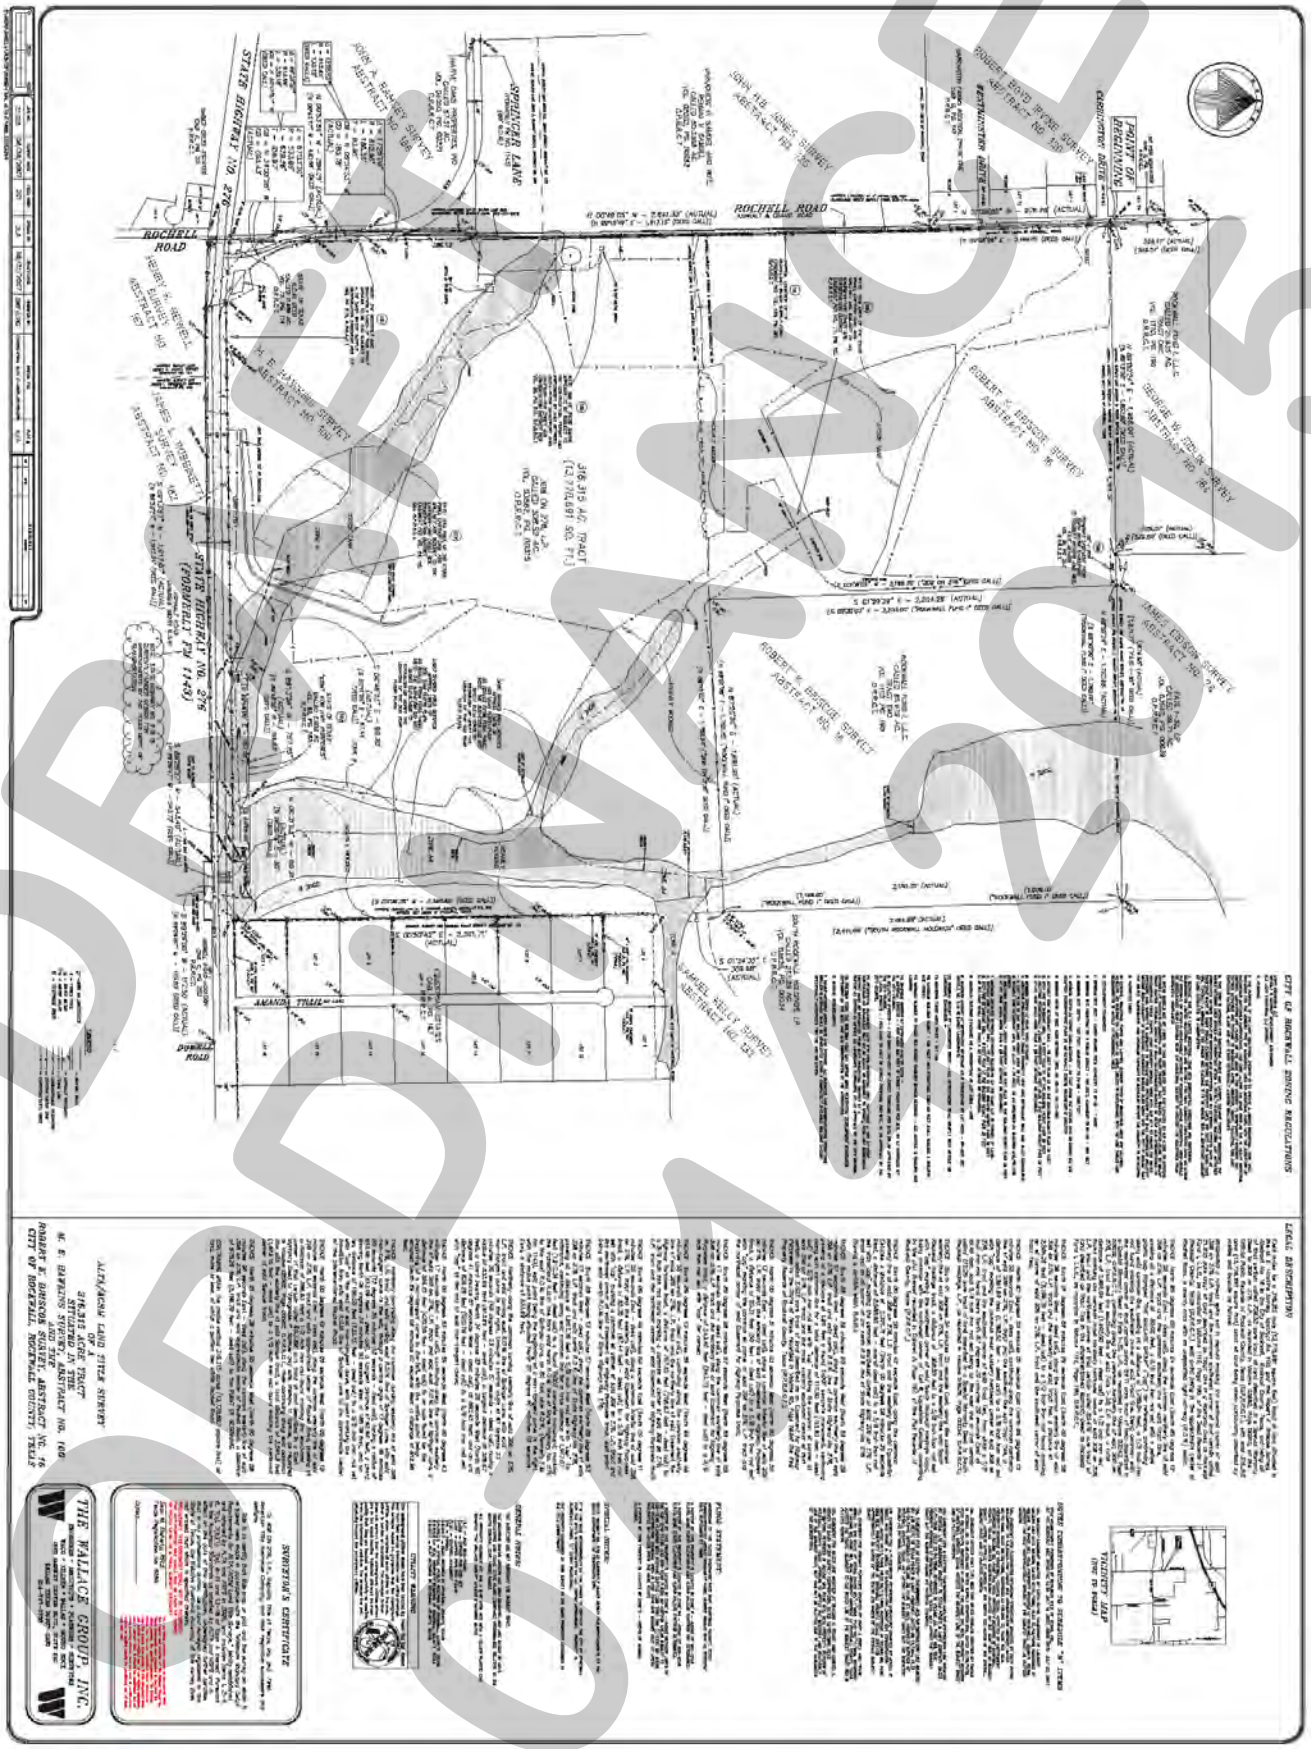
THENCE South 00 degrees 46 minutes 03 seconds East (South 00 degrees 11 minutes 05 seconds East - deed call), along a common interior line of said 308 ON 276, L.P. tract and the westerly line of said Easement for High way Purposes tract, a distance of 90.30-feet (87.44-feet - deed call) t o a 5/8-inch iron rod set with "cap " marking a common ell corner of said 308 ON 276, L.P. tract and the southwest corner of said Easement for Highway Purposes tract, said point being on said north R.O.W. line of State Highway No. 276;

THENCE South 89 degrees 13 minutes 57 seconds West (North 89 degrees 53 minutes 27 seconds West - deed call), along the common southerly line of said 308 ON 276, L.P. tract and said north R.O.W. line of State Highway No. 276, passing at a distance of 1,66 7.76-feet a 5/8-inch iron rod set with "cap " for reference, continuing along said common line for a total distance of 1,917.07-feet (1,917.34-feet - deed call) to a found TxDOT concrete monument, marking the transitional R.O.W. line from said north R.O.W. line of State Highway No. 276 to the east R.O.W. fine of Springer Lane, on 80-foot wide R.O.W., (formerly F.M. No. 1143), said point being the beginning of a non-tangent curve to the right, with the radius point being situated North 21 degrees 40 minutes 52 seconds East, a distance of 533.69-feet;

THENCE Northerly along the common curving westerly line of said 308 ON 276, L.P. tract and said curving east R.O.W. line of Springer Lane, with said non-tangent curve to the right, through a central angle of 67 degrees 33 minutes 20 seconds (48 degrees 33 minutes 57 seconds - deed call), having a radius of 533. 69-feet (613.69-feet - deed call), a tangent distance of 356.97-feet, a chord bearing North 34 degrees 32 minutes 28 seconds West (North 40 degrees 41 minutes 57 seconds West - deed call), at 593.43-feet, and an arc distance of 629.26-feet (520.18-feet - deed call) to a 5/8-inch iron rod set with "cap" at the end of said non- tangent curve;

THENCE North 00 degrees 53 minutes 56 seconds West (North 00 degrees 43 minutes 17 seconds West - deed call), continuing along the common westerly line of said 308 on 276, L.P. tract and said east R.O.W. line of Springer Lane, a distance of 294.21-feet (430.56-feet - deed call) to an axle found for the beginning of a non-tangent curve to the left , with the radius point being situated South 89 degrees 08 minutes 07 seconds West, a distance of 612.96-feet;

THENCE Northerly continuing along the common curving westerly line of said 308 ON 276, L.P. tract and said curving east R.O.W. line of Springer Lane, with said non-tangent curve to the left, through a central angle of 17 degrees 26 minutes 00 seconds (12 degrees 25 minutes 52 seconds - deed call), having a radius of 612.96-feet (613.69-feet - deed call), a tangent distance of 93.98 feet, a chord bearing North 09 degrees 34 minutes 53 seconds West at 185.78-feet, and an arc distance of 186.50-feet (133.15 feet - deed call) to a 5/8-inch iron rod set with "cap" at the end of said non-tangent curve, said point marking the transition from said east R.O.W. line of Springer Lane to the approximate center of the aforementioned Rochell Road;



THENCE North 00 degrees 49 minutes 05 seconds West (North 00 degrees 10 minutes 49 seconds East - deed call), along the common westerly line of said 308 ON 276, L.P. tract and said approximate center of Rochell Road, passing at a distance of 386.53-feet a ½-inch iron rod found marking the southeast corner of that certain called 60.3368-acre tract of land described in a Cash Warranty Deed to Varughese P. Samuel and wife, Remoni V. Samuel, as recorded in Volume 02002, Page 00062, O.P.R.R.C.T., then continuing along said common line with the easterly line of said Samuel tract, a total distance of 2,841.3-feet (1,613.15-feet - deed call) to a ½-inch iron rod found marking the northeast corner of said Samuel tract;

THENCE North 01 degrees 38 minutes 55 seconds West (North 00 degrees 08 minutes 06 seconds East - deed call), along the common westerly line of said 308 ON 276, L.P. tract and said approximate center of Rochell Road, a distance of 976.29-feet (2,166.70-feet - deed call) to the *POINT OF BEGINNING*.

CONTAINING within the metes recited 316.315-acres (13,778,692 square feet) of land, more or less, of which a portion lies within Rochell Road.

PD Development Standards

A. PURPOSE

The Discovery Lakes Subdivision is located at the northeast corner of the intersection of SH-276 and Rochell Road. The *Subject Property* is a short walk or bike ride from the Rockwall Technology Park. The Discovery Lakes Subdivision will be a master planned residential neighborhood that will incorporate two (2) lakes, several acres of open space and ~3.8-miles of hiking/jogging/biking trails. The master plan calls for 507 single-family homes. There will be several view corridors strategically placed within the subdivision along with *front loaded* lots to provide for the enjoyment of the open space. A boulevard with 85-feet of right-of-way will connect SH-276 and Discovery Boulevard. The boulevard will have a 14-foot landscape median and a 25-foot travel lane on each side of the street. The residential streets will be 29-feet back-to-back, with a 10½-foot parkway on each side for a total of 50-feet of right-of-way. A *Community Center* with a pool will be provided to add increased amenity for the subdivision. Additionally, the proposed development will incorporate nine (9) acres of commercial space that will be located at the hard corner of SH-276 and Rochell Road. This area will allow for neighborhood service types of uses and eating establishments. A maximum of one (1) hotel planned to service the needs of the subdivision and the Rockwall Technology Park. A 55-acre area adjacent to the northern lake will be dedicated as public parkland to serve Park District No. 31. The Discovery Lakes Subdivision will be a benefit to the community, allowing citizens of all ages the opportunity to live, work, and play in a connected master planned community.

B. GENERAL REQUIREMENTS

Development Standards.

1. *Permitted Uses.* The following uses are permitted on the *Subject Property* in accordance with the *Concept Plan* depicted in *Exhibit 'C'* of this ordinance.

   (a) Residential Uses. Unless specifically provided by this Planned Development ordinance, only those uses permitted within the Single Family 10 (SF-10) District, as stipulated by the *Permissible Use Charts* contained in Article IV, *Permissible Uses*, of the Unified Development Code (UDC), shall be allowed for areas designated as *residential* on the *Concept Plan*.

   (b) Non-Residential. Unless specifically provided by this Planned Development ordinance, only those uses permitted within the General Retail (GR) District, as stipulated by the *Permissible Use Charts* contained in Article IV, *Permissible Uses*, of the Unified Development Code (UDC), shall be allowed for areas designated as *commercial* on the *Concept Plan*; however, the following conditions shall apply:

   (i) The following additional uses shall be permitted as *by-right* uses on the *Subject Property*:

   - ☑ Hotel, Hotel (*Full Service*) or Motel (*With a Maximum Height of Four [4] Stories)* [1]
   - ☑ Restaurant (*with Drive-Through or Drive-In*) [2]
   - ☑ Retail Store (*with more than two [2] Gasoline Dispensers*)

   Notes:
   [1]: A maximum of one (1) hotel/motel shall be permitted with this Planned Development District. The height requirement of four (4) stories is permitted to exceed 36-feet, but in no case shall exceed 60-feet.
   [2]: A maximum of three (3) restaurants (despite the size of the restaurant) shall be permitted within this Planned Development District.

DRAFT ORDINANCE 01-XX 2015

(ii) The following uses shall be prohibited on the *Subject Property*:

- ☑ Convent or Monastery
- ☑ Hotel, Residence
- ☑ Cemetery/Mausoleum
- ☑ Mortuary of Funeral Chapel
- ☑ Social Service Provider
- ☑ Billiard Parlor or Pool Hall
- ☑ Carnival, Circus, or Amusement Ride
- ☑ Commercial Amusement/Recreation (*Outside*)
- ☑ Gun Club, Skeet or Target Range (*Indoor*)
- ☑ Astrologer, Hypnotist, or Psychic Art and Science
- ☑ Garden Supply /Plant Nursery
- ☑ Night Club, Discotheque, or Dance Hall
- ☑ Secondhand Dealer
- ☑ Car Wash, Self Service
- ☑ Mining and Extraction (Sand, Gravel, Oil and/or Other)
- ☑ Helipad
- ☑ Railroad Yard or Shop
- ☑ Transit Passenger Facility

2. *Non-Residential Development.* The area designated as *commercial* on the *Concept Plan* depicted in *Exhibit 'C'* of this ordinance shall be designed to be pedestrian-oriented, easily accessible, and integrated into the general design scheme of the adjacent neighborhood. This can be accomplished by removing the traditional barriers utilized to separate commercial and residential developments (*e.g. screening walls*) and incorporating landscape buffers/elements (*e.g. greenspace, parkways, and etcetera*) and urban design elements (*e.g. pathways, pergolas, and etcetera*) that can create compatibility with the adjacent single-family neighborhood. To better achieve this goal and in addition to the requirements of Section 4.1, *General Commercial District Standards*, and Section 6.14, *SH-276 Corridor Overlay (SH-276 OV) District*, of Article V, *District Development Standards*, of the Unified Development Code, all commercial development shall be required to adhere to the following supplemental standards:

(a) Retail Landscape. Landscaping shall be reviewed and approved with the PD Site Plan. All Canopy/Shade Trees planted within the retail development shall be a minimum of four (4) caliper inches in size and all *Accent/Ornamental/Under-Story Trees* shall be a minimum of four (4) feet in total height unless otherwise provided within this document.

(b) Retail Landscape Buffers. All landscape and plantings located within the buffers shall be maintained by the property owner.

(1) Landscape Buffer (Residential Adjacency). Where residential and retail uses share a direct adjacency, a minimum of a 30-foot landscape buffer shall be provided by the retail property adjacent to the residential property. This area shall incorporate ground cover, a *built-up* berm and shrubbery along the entire length of the adjacency. This area should also incorporate pedestrian-oriented design elements (*e.g. pathways*) that allow access between the two (2) uses. Shrubbery utilized in this area shall have a minimum height of 30-inches and a maximum height of 48-inches. Additionally, trees should be incorporated in this area to break up the façades of any commercial buildings.

(2) Landscape Buffer and Sidewalks (SH-276). A minimum of a 15-foot landscape buffer shall be provided along the frontage of SH-276, and shall incorporate ground cover,

DRAFT ORDINANCE 04-15

a *built-up* berm and/or shrubbery or a combination thereof along the entire length of the frontage. Berms and/or shrubbery shall have a minimum height of 30-inches and a maximum height of 48-inches. In addition, at least three (3) canopy trees and four (4) accent trees shall be planted per 100-feet of linear frontage. All buffer-strip planting requirements shall conform to the requirements of Section 6.14, *SH-276 Corridor Overlay (SH-276 OV) District*, of Article V, *District Development Standards*, of the Unified Development Code.

(3) *Landscape Buffer (Rochell Road Retail).* A minimum of a 20-foot landscape buffer shall be provided along the frontage of Rochell Road (*outside of and beyond any required right-of-way dedication*), and shall incorporate ground cover, a *built-up* berm and/or shrubbery or a combination thereof along the entire length of the frontage. Berms and/or shrubbery shall have a minimum height of 30-inches and a maximum height of 48-inches. In addition, at least three (3) canopy trees and four (4) accent trees shall be planted per 100-feet of linear frontage.

(c) *Sidewalks.*

i) *Sidewalk Adjacent to Rochell Road and SH-276.* The developer shall be responsible for the construction of a five (5) foot sidewalk that meanders through the required 20-foot landscape buffer adjacent to Rochell Road and SH-276.

3. *Residential Development Standards.* Except as modified by these *Development Standards*, the residential uses depicted in *Exhibit 'C'* of this ordinance shall be subject to the development standards for a Single Family 10 (SF-10) District as stipulated by Section 3.1, *General Residential District Standards*; Section 3.4, *Single-Family Residential (SF-10) District*; and Section 6.14, *SH-276 Corridor Overlay (SH-276 OV) District*, of Article V, *District Development Standards*, of the Unified Development Code. In addition, all residential development shall adhere to the following standards:

(a) *Lot Composition and Layout.* The lot layout and composition of the *Subject Property* shall generally conform to the *Concept Plan* depicted in *Exhibit 'C'* and stated in *Table 1* below. Allowances for changes to the quantity and locations of each lot type are permitted in conformance with the requirements listed below; however, in no case shall the proposed development exceed 507 units.

Table 1: Lot Composition

Lot Type	*Minimum Lot Size (FT)*	*Minimum Lot Size (SF)*	*Dwelling Units (#)*	*Dwelling Units (%)*
A	80' x 120'	9,600 SF	121	23.87%
B	70' x 110'	7,700 SF	127	25.05%
C	60' x 110'	6,600 SF	259	51.08%
		Maximum Permitted Units:	*507*	*100.00%*

The allocation of single-family dwellings among lot types may deviate from *Table 1* provided that the proposed lot composition meets the following criteria:

(1) The total number of lots does not exceed 525 units; and,
(2) The average lot size for the total development is not less than 7,500 SF (*i.e. total square footage of all lots/total number of lots*); and,
(3) *Lot Type "A"* shall not be decrease below 115 lots; and,
(4) *Lot Type "B"* shall not be decreased below 23% of the total 507 lots; and,
(5) *Lot Type "C"* shall not be increased beyond 55% of the total 507 lots.

(b) *Density and Dimensional Requirements.* The maximum permissible density for the *Subject Property* shall not exceed 1.70 dwelling units per gross acre of land; however, in no case should the proposed development exceed 507 units. All lots shall conform to the standards depicted in *Table 2* below and generally conform to *Exhibit 'C'* of this ordinance.

Table 2: Lot Dimensional Requirements

Lot Type (see Concept Plan) ►	A	B	C
Minimum Lot Width [1] & [5] & [7]	80'	70'	60'
Minimum Lot Depth	120'	110'	110'
Minimum Lot Area	9,600 SF	7,700 SF	6,600 SF
Minimum Front Yard Setback [2] & [6]	20'	20'	20'
Minimum Side Yard Setback	6'	5'	5'
Minimum Side Yard Setback (Adjacent to a Street) [2]	15'	15'	15'
Minimum Length of Driveway Pavement	20'	20'	20'
Maximum Height [3]	36'	36'	36'
Minimum Rear Yard Setback [4]	15'	10'	10'
Minimum Area/Dwelling Unit (SF) [Air Conditioned Space]	2,800 SF	2,250 SF	2,000 SF
Garage Orientation	J-Swing or Front	J-Swing or Front	J-Swing or Front
Maximum Number of Front Entry Garages Permitted	48	42	173
Maximum Lot Coverage	65%	65%	65%

General Notes:

[1]: The minimum lot width shall be measured at the *Front Yard Building Setback*.

[2]: The location of the *Front Yard Building Setback* as measured from the front property line.

[3]: The *Maximum Height* shall be measured to the eave or top plate (whichever is greater) of the single family home.

[4]: As measured from the rear yard property line.

[5]: Lots fronting onto a curvilinear street, cul-de-sac or eyebrow may have the lot width reduced by up to 20% as measured at the front property line provided that the lot width is met at the front building line. Additionally, the lot depth on lots fronting onto curvilinear streets, cul-de-sacs and eyebrows maybe reduced by up to ten (10%) percent, but shall meet the minimum lot size for each lot type.

[6]: Sunrooms, porches, stoops, bay windows, balconies, masonry clad chimneys, eaves and similar architectural features may encroach beyond the Front Yard Building Setback by up to ten (10) feet for any property that increases the Front Yard Building Setback to 20-feet; however, the encroachment shall not exceed five (5) feet on Side Yard Setbacks (Adjacent to a Street) and shall not encroach into public right-of-way [a Sunroom is an enclosed room no more than 15-feet in width that has glass on at least 50% of each of the encroaching faces].

[7]: All lots with a *J-Swing* or *Traditional Swing* driveway require a minimum of a 65-foot lot width.

(c) *Building Standards.* All development shall adhere to the following building standards:

(1) *Masonry Requirement.* The minimum masonry requirement for the exterior façades of all buildings shall be 80%. For the purposes of this ordinance the masonry requirement shall be limited to full width brick, natural stone, and cultured stone. Cementaceous fiberboard horizontal lap-siding (*e.g. HardiBoard or Hardy Plank*) and/or stucco (*i.e. three [3] part stucco or a comparable -- to be determined by staff*) shall be permitted to be used to meet up to 50% of the masonry requirement.

(2) *Roof Pitch.* A minimum of an *8:12* roof pitch is required on all structures with the exception of porches, which shall have a minimum of a *4:12* roof pitch.

(3) *Garage Orientation.* Garages shall be provided as stipulated by *Table 2: Lot Dimensional Requirements*. Garages permitted for front entry maybe oriented

DRAFT ORDINANCE

toward the street; however, the front façade of the garage must be situated a minimum of 20-feet off the front property line. All front entry garages shall incorporate an architectural element or feature separating the individual garage openings. *Swing*, *Traditional Swing* or *J-Swing* garages are permitted to have a second single garage door facing the street as long as it is behind the width of the double garage door situated in the *Swing* configuration.

(d) Anti-Monotony Restrictions. The development shall adhere to the Anti-Monotony Matrix depicted in *Table 3* below (*for spacing requirements see the illustration on the following page*).

Table 3 : Anti-Monotony Matrix

Lot Type	*Minimum Lot Size*	*Elevation Features*
A	80' x 120'	(1), (2), (3)
B	70' x 110'	(1), (2), (3)
C	60' x 110'	(1), (2), (3)

(1) Identical brick blends or paint colors may not occur on adjacent (*side-by-side*) properties along any block face without at least four (4) intervening homes of differing materials on the same side of the street beginning with the adjacent property and two (2) intervening homes of differing materials on the opposite side of the street.

(2) Front building elevations shall not repeat along any block face without at least four (4) intervening homes of differing appearance on the same side of the street and two (2) intervening homes of differing appearance on the opposite side of the street. The rear elevation of homes backing to open spaces or on SH-276 shall not repeat without at least five (5) intervening homes of differing appearance. Homes are considered to have a differing appearance if any of the following two (2) items deviate:

(a) Number of Stories
(b) Permitted Encroachment Type and Layout
(c) Roof Type and Layout
(d) Articulation of the Front Façade

(3) Each phase of the subdivision will allow for a maximum of four (4) compatible roof colors, and all roof shingles shall be an architectural or dimensional shingle (*3-Tab Roofing Shingles are prohibited*).

See the Illustrations on the following page.

DRAFT ORDINANCE 07.14.2015

Illustration 1: Properties line up on the opposite side of the street. Where RED are the same.

Illustration 2: Properties do not line up on opposite side of the street. Where RED are the same.

(e) *Fencing Standards.* All individual residential fencing and walls shall be architecturally compatible with the design, materials and colors of the primary structure on the same lot, and meet the following standards:

(1) *Wood Fences*. All wood fences shall be constructed of a standard fencing material (*minimum of ½" thickness or better; spruce fencing will not be allowed*), and use fasteners that are hot dipped galvanized or stainless steel. Wood fences facing onto a street shall be painted and/or stained and sealed with all pickets being placed on the *public side* facing the street. All wood fences shall be smooth-finished, free of burs and splinters, and be a maximum of eight (8) feet in height.

(2) *Wrought Iron/Tubular Steel*. Lots located along the perimeter of roadways, abutting open spaces, greenbelts and parks shall be required to install a wrought iron or tubular steel fence. Wrought iron/tubular steel fences can be a maximum of eight (8) feet in height.

(3) *Corner Lots*. Corner lots fences (*i.e. adjacent to the street*) shall provide masonry columns at 45-feet off center spacing that begins at the rear of the property line. A maximum of eight (8) foot solid *board-on-board panel* fence constructed utilizing cedar fencing shall be allowed between the masonry columns along the side and/or rear lot adjacent to a street. In addition, the fencing shall be setback from the side property line adjacent to a street a minimum of five (5) feet. The property owner shall be required to maintain both sides of the fence.

(4) *Solid Fences (including Wood Fences)*. All solid fences shall incorporate a decorative top rail or cap detailing into the design of the fence.

DRAFT ORDINANCE 04.20.15

(f) Landscape and Hardscape Standards.

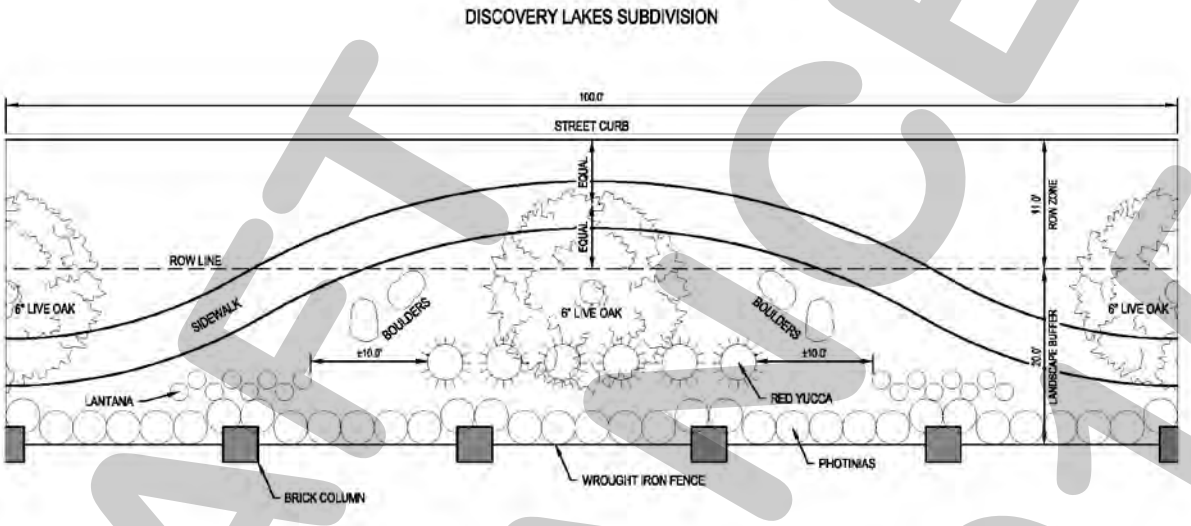
(1) *Residential Landscape.* Landscaping shall be reviewed and approved with the PD Site Plan. All *Canopy/Shade Trees* planted within the residential development shall be a minimum of three (3) caliper inches in size and all *Accent/Ornamental/Under-Story Trees* shall be a minimum of four (4) feet in total height unless otherwise provided within this document.

(2) *Single Family Landscaping.* Prior to the issuance of a Certificate of Occupancy (CO) all single-family lots shall conform to the following:

i) Interior Lots. All interior lots shall include a minimum of two (2) trees with a diameter at breast height (dbh) [*i.e. the diameter in inches of a tree as measured through the main trunk at a point of four and one-half (4½) inches above the natural ground level*] of three (3) inches shall be planted in the front yard, and two (2) additional trees of the same caliper inch shall be planted in the side yard facing the street for corner lots.

Note: For the purposes of this section only, the term "front yard" includes the area within the dedicated right-of-way for a parkway immediately adjoining the front yard of the lot.

ii) Corner Lots. All corner lots shall include a minimum of two (2) trees with a diameter at breast height (dbh) [*i.e. the diameter in inches of a tree as measured through the main trunk at a point of four and one-half (4½) inches above the natural ground level*] of three (3) inches shall be planted in the front yard of an interior lot.



(3) *Landscape Buffers.* All landscape buffers and plantings located within the buffers shall be maintained by the Homeowner's Association (HOA).

(a) Landscape Buffer and Sidewalks (Discovery Boulevard). A minimum of a 15-foot landscape buffer shall be provided along the frontage of Discovery Boulevard, and shall incorporate ground cover, a *built-up* berm and/or shrubbery or a combination thereof along the entire length of the frontage. Berms and/or shrubbery shall have a minimum height of 30-inches and a maximum height of 48-inches. In addition, at least one (1) canopy tree shall be planted per 30-feet of linear frontage.

(b) Landscape Buffer (Rochell Road). A minimum of a 20-foot landscape buffer shall be provided along the frontage of Rochell Road (*outside of and beyond any required right-of-way dedication*), and shall incorporate ground cover, a *built-up* berm and/or shrubbery or a combination thereof along the entire length of the frontage. Shrubbery shall have a minimum height of 30-inches and a maximum height of 48-inches. In addition, at least three (3) canopy trees and four (4) accent trees shall be planted per 100-feet of linear frontage. The landscape buffer along Rochell Road shall general conform to the following illustration [*i.e. Illustration 3]*.

DRAFT ORDINANCE 04.14.15

Illustration 3: Landscape Buffer along Rochell Road.

(c) *Landscape Buffer (SH-276).* A minimum of a 25-foot landscape buffer shall be provided along the frontage of SH-276, and shall incorporate ground cover, a *built-up* berm and/or shrubbery or a combination thereof along the entire length of the frontage. Shrubbery shall have a minimum height of 30-inches and a maximum height of 48-inches. In addition, at least three (3) canopy trees and four (4) accent trees shall be planted per 100-feet of linear frontage. In addition, all buffer-strip planting requirements shall conform to the requirements of Section 6.14, *SH-276 Corridor Overlay (SH-276 OV) District*, of Article V, *District Development Standards*, of the Unified Development Code (*i.e. minimum four [4] inch caliper trees required*).

(4) *Irrigation Requirements*. Irrigation shall be installed for all required landscaping located within common areas, landscape buffers and/or open space. Irrigation installed in these areas shall be designed by a Texas licensed irrigator or landscape architect and shall be maintained by the Homeowner's Association (HOA).

(5) *Hardscape.* Hardscape plans indicating the location of all sidewalks and trails shall be reviewed and approved with the PD Site Plan.

(g) Lighting. Light poles shall not exceed 20-feet in total height (*i.e. base and lighting standard*). All fixtures shall be directed downward and be positioned to contain all light within the development area.

(h) Sidewalks.

i) Internal Sidewalks. All sidewalks adjacent to an interior residential street shall begin 5½-feet from the back of curb and be five (5) feet in overall width.

DRAFT ORDINANCE 07.14.15

ii) *Sidewalks Adjacent to Rochell Road and Discovery Boulevard.* All sidewalks adjacent Rochell Road and Discovery Boulevard shall begin two (2) feet inside the right-of-way line and be five (5) feet in overall width.

(i) Open Space. The development shall consist of a minimum of 20% open space as calculated from the gross land area, and generally conform to the *Concept Plan* contained in *Exhibit 'C'* of this ordinance. Existing floodplain shall be counted at a rate of ½-acre for every acre provided (*e.g., 10-acres of floodplain would count as 5-acres of open space*). The Homeowner's Association (HOA) shall maintain all open space areas.

(j) Neighborhood Signage. Permanent subdivision identification signage shall be permitted at all major entry points for the proposed subdivision. Final design and location of any entry features shall be reviewed and approved with the *PD Site Plan*.

(k) Community Center. A site plan, landscape plan and building elevations shall be required for the proposed *Community Center* and shall be subject to site plan approval by the Planning and Zoning Commission prior to construction.

(l) Homeowner's Association (HOA). A Homeowner's Association shall be created to enforce the restrictions established in accordance with the requirements of *Section 38-15* of the Subdivision Regulations contained within the *Municipal Code of Ordinances* of the City of Rockwall. The HOA shall also maintain all neighborhood parks, trails, open space and common areas, irrigation, landscaping, amenity centers, screening fences associated with this development.

4. *Buried Utilities.* New distribution power-lines required to serve the *Subject Property* shall be placed underground, whether such lines are located internally or along the perimeter of the *Subject Property*, unless otherwise authorized by the City Council. New transmission power-lines, or distribution lines of a size not typically or cost effectively placed underground (*3-phase lines*), or additional lines that are added to existing poles, may be above ground, if located along the perimeter of the *Subject Property*. The Developer shall not be required to re-locate existing overhead power-lines along the perimeter of the *Subject Property*. Temporary power-lines constructed across undeveloped portions of the *Subject Property* to facilitate development phasing and looping may be allowed above ground, but shall not be considered existing lines at the time the area is developed, and if they are to become permanent facilities, such lines shall be placed underground pursuant to this paragraph. Franchise utilities shall be placed within a ten (10) foot public utility easement behind the sidewalk, between the home and the property line.

5. *Variances*. The variance procedures and standards for approval that are set forth in the Unified Development Code shall apply to any application for variances to this ordinance.

DRAFT ORDINANCE 07.13.15

414

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Mayor and City Council**

FROM: **Rick Crowley, City Manager**

DATE: **July 17, 2015**

SUBJECT: **Request from Dr. Umar Burney**

Discuss and consider a request from Dr. Umar Burney for waiver of fees owed on a development which includes a medical office building (Ortho Specialists of Dallas) located on Summer Lee Drive behind the Aldi building. The fees for which he will request waiver include:

Road Pro-Rata	419 LF @ $95.12/LF =	$39, 855.28
Water Pro-Rata	419 LF @ $38.80/LF =	$16, 257.20
		$56, 112.48

The City paid for the construction of Summer Lee Drive based on the plan that pro-rata pay back would be charged to future development. The following developments have paid the same pro-rata development fees on Summer Lee:

Aldi	$47, 834.88
Dunkin Donuts	$7, 638.64

Mary Smith was also contacted earlier by Alma Williams requesting the doctor be allowed to pay fees out over time. Frank Garza has indicated that a pay out plan would not be legal.

The fees which he has requested for waiver are not the only fees that are due on the development project. A copy of a memorandum from Assistant City Engineer Amy Williams provides additional detail as to other fees that are/will be due.

The fees for this project are those which have been adopted and apply to all development in the city with the exception of the pro-rata fees. Had the city not built Summer Lee several years ago, any development on Summer Lee would have been responsible for building the roadway and the water line for which pro-rata is being collected.

Dr. Burney would like to address the Council to request waiver of fees and to "highlight the importance of the Orthopedic Specialists of Dallas building project to members of the City Council" as indicted in his e-mail attached.

415

Crowley, Rick

From: Umar Burney <[redacted]

Rick,
Thanks for your time this afternoon .
As discussed in out phone conversation and if possible , I would like to highlight the importance of the Orthopedic Specialists of Dallas building project to members of the City Council this coming Monday evening , July 20th.
Looking forward to your response
Sincerely
M Umar Burney MD

Memo

From: Amy Williams, Assistant City Engineer

Date: July 2, 2015

Re: Orthopedic Specialists of Dallas Engineering Fees (14,150 Sq. Ft Medical Office), 1301 Summer Lee, Ridge/Summer Lee Addition, Lot 3, Block A (1.612 acres)

Listed below are the required Engineering fees:

Medical Office Site:

1. 4% Engineering Fee- $56,436 x 4.0%= **$2257.44;**
2. Siren Fee- $17.18 per acre; 1.612 acres x $17.18= **$27.69**.
3. Summer Lee Pro-Rata: **$56,112.48**

   Road: 419 LF x $95.12/LF = $39,855.28

   Water: 419 LF x $38.80/LF = $16,257.20

TOTAL ENGINEERING FEES: $58,397.61 (Not including Impact Fees and Meter Fees)

FOR BUILDING DEPARTMENT USE ONLY:

Medical Office (14,150 S.F.), 1301 Summer Lee:

1. Wastewater Impact Fee is $6,181.44 per 1 1/2" meter = $6,181.44 for 1, 1 1/2" meters (domestic); to be collected with building permit;
2. Water Impact Fees: $7,777.63 per 1 1/2" meter= $7,777.63 for 1, 1 1/2" meter (domestic); to be collected with building permit;
3. Water Impact Fees: $3,888.82 per 1" meter= $3,888.82 for 1, 1" meters (irrigation); to be collected with building permit;

4. Meter Fee: 1 1/2” Commercial, $555.39/each= $555.39 for 1, 1 1/2” meter; to be collected with building permit;

5. Meter Fee: 1” Commercial, $324.57/each= $324.57 for 1, 1” meter; to be collected with building permit;

6. Sewer Tap Fee: 1 at $50.00 per each= $50.00; to be collected with building permit

7. Roadway Impact Fee (Medical Office) - $2474.16 per 1000 SF; 14,150 SF x $2474.16/1000 SF = $35,009.36; to be collected with building permit;

SUMMARY

IMPACT FEE SUMMARY (For Building Department Use Only):

Water: **$11,666.45**

Sewer: **$6,181.44**

Roadway: **$35,009.36**

METER FEE SUMMARY (For Building Department Use Only):

1 1/2” (1): **$555.39**

1” (1): **$324.57**

SEWER TAP FEE SUMMARY (For Building Department Use Only):

6” (1): **$50.00**

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 07/20/2015

APPLICANT: Jimmy Strohmeyer; *Strohmeyer Architects, Inc.*

AGENDA ITEM: **SP2015-015**; *H&G Supply Co.*

SUMMARY:

Discuss and consider a request by Jimmy Strohmeyer of Strohmeyer Architects, Inc. on behalf of Elias Pope of 8020 Restaurants, LLC for the approval of variances to the natural stone and masonry material requirements stipulated by Article V, District Development Standards, of the UDC in conjunction with an approved site plan for a restaurant on a 0.90-acre parcel of land identified as Lot 3, Block A, Harbor District Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the IH-30 Overlay (IH-30 OV) District, located at the southeast corner of the IH-30 Frontage Road and Sunset Ridge Drive, and take any action necessary.

PURPOSE:

On June 12, 2015, the applicant submitted an application for a site plan showing the proposed layout of a 6,800 SF restaurant on a 0.90-acre parcel of land. The subject property is located directly north of Trend Tower adjacent to the IH-30 Frontage Road and Sunset Ridge Drive, and is zoned Planned Development District 32 (PD-32) [*Ordinance No. 10-21*].

DENSITY AND DIMENSIONAL REQUIREMENTS

According to Ordinance No. 10-21, the proposed use (*i.e. a restaurant, 2,000 SF or more, without a Drive-Thru or Drive-In*) is permitted *by-right* in the *Summit Office Subdistrict*. The submitted site plan, building elevations, landscape plan, and photometric plan conform to the technical requirements contained within the Unified Development Code (UDC) and Planned Development District 32 (PD-32) with the exceptions of the items listed in the *Variance* section of this case memo. A summary of the density and dimensional requirements for the subject property is as follows:

Ordinance Provisions	*Zoning District Standards*	*Conformance to the Standards*
Minimum Lot Area	*6,000 SF*	*0.90-Acres; In Conformance*
Minimum Lot Width	*60-Feet*	*217.09-Feet; In Conformance*
Minimum Lot Depth	*100-Feet*	*173.70-Feet; In Conformance*
Minimum Build-to-Line (Sunset Ridge Drive)	*10-Feet*	*17-Feet; In Conformance*
Minimum Setback (Sunset Ridge Drive)	*5-Feet*	*17-Feet; In Conformance*
Maximum Permitted Encroachment [1]	*5-Feet*	*2-Feet; In Conformance*
Maximum Height	*8 Stories or 120-Feet*	*38-Feet; In Conformance*
Maximum Mechanical Screen Height	*20-Feet*	*6½-Feet; In Conformance*
Minimum Masonry Requirement	*90%*	*25%-39%; Variance Requested*
Minimum Stone Requirement	*20% Natural or Quarried*	*0%; Variance Requested*
Minimum Parking Spaces Required	*68*	*53/15* [2]*; In Conformance*
Maximum Lot Coverage	*60%*	*17.4%; In Conformance*

Notes:
[1]: *Canopies, awnings, balconies and roof overhangs may encroach over the Build-to-Line.*
[2]: *53 surface parking spaces are provided and 15 will be located in the Trend Tower garage. This will not put surface parking over the 20% maximum.*

VARIANCES:

Based on the applicant's submittal staff has identified the following variances:

1) *Building Materials*.

   a) *Stone Requirements.* According to Section 6.6, *IH-30 Overlay (IH-30 OV) District*, of the UDC each exterior wall should incorporate a minimum of 20% natural or quarried stone. In this case, the applicant is requesting to use an even mixture of burnished block (25%-39%), tile (29.5%-37%), metal and wood (22%-28%) to provide a building that both compliments and contrasts the adjacent architecture.

   b) *Masonry Material Requirements.* According to Section 6.6, *IH-30 Overlay (IH-30 OV) District*, of the UDC exterior walls should be constructed utilizing a minimum of 90% masonry materials and a maximum of 10% secondary materials. The applicant is requesting a variance to this standard for the purpose of utilizing a mixture of burnished block, tile, metal and wood. The burnished block is the only masonry material being proposed for this building and ranges from 25%-39% of the exterior building facades. It should be mentioned that the masonry materials have been waived on other buildings within the district (*e.g. Trend Tower, Spring Hill Suites, Hilton*) in past site plan cases.

ARCHITECTURAL REVIEW BOARD (ARB):

On June 30, 2015, the Architectural Review Board (ARB) reviewed the proposed site plan and building elevations. The ARB, stated that the proposed design of the building complimented the district and would provide a nice contrast with regard to the adjacent architecture. They did recommend that the applicant consider providing an architectural element (e.g. windows, signage band, etc.) on the second floor façade on the eastern elevation. The applicant has submitted changes showing additional windows being added to this wall that demonstrate conformance to the ARB's recommendation.

PLANNING & ZONING COMMISSION:

At the July 15, 2015, the Planning & Zoning Commission made a motion to approve the site plan and recommend approval of the requested variances by a vote of 7-0.

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: Mayor and City Council

FROM: Ryan Miller, *Planning Manager*

CC: Rick Crowley, City Manager
Robert LaCroix, Director of Planning

DATE: July 20, 2015

SUBJECT: Expiring 212 Agreement (*A2015-001*)

In December of 2008, the City Council approved actions executing a *212 Development Agreement* [*Case No. A2008-003*] with various members of the Zollner family concerning property located within the Extraterritorial Jurisdiction (ETJ) of the City (*see Exhibits 'A' & 'B'*). As part of the *212 Development Agreement,* the property owners were approved for an initial term of seven (7) years from the date the agreement was executed. With this contract due to expire in December 2015 and in accordance with *Section 12* of the approved *212 Development Agreement* staff has sent out a written notification to the Zollner family notifying them of the expiration date. This notification was sent out on May 26, 2014. According to *Section 12* of the current agreement (*see Exhibit 'D' for complete document*):

> Section 12. Term and Extension. The initial term of this Agreement shall be for a period of seven (7) years from the Effective Date (the "Term"). The Effective Date of the Agreement shall be the date the Agreement is executed by the City. At least 180 days prior to end of the Term of the Agreement, the City shall notify the Owners in writing that the Agreement is due to expire. If Owners desire to extend the operation of this Agreement beyond its Term, the Owners, at least 150 days prior to the end of the Term, shall submit a written request to the City for such an extension (an "Extension Request"). The City, at least 90 days prior to the end of the Term shall notify Owners in writing, delivered by certified mail, with respect to its decision whether to extend this Agreement for an additional term (referred to as a "Subsequent Term"). In the event such written notice from the City of its decision is not received by the Owners at least 90 days prior to the end of that Term such Extension Request is deemed granted and this Agreement continues for another Subsequent Term.

Staff has received the extension request from Zula Kay Aaron on behalf of the Zollner Brooks Family LP (*see Exhibit 'C'*). The extension request submitted by the applicant does not specify a time period for the subsequent term nor does the contract stipulate a specific time period; however, the *Texas Local Government Code* allows for the contract to be renewed for successive time periods not to exceed 15 years with the total duration of the original contact and successive renewals or extensions not to exceed 45 years. The City Council may choose to consider to continue the *212 Development Agreement* for a subsequent term or elect to annex these areas at the termination of this agreement. Regardless of the City Council's choice, staff will be required to send a letter via certified mail notifying the affected property owner of the City's choice by September 23, 2015.

Attn: Rockwall City Council or To Whom It May Concern,

The Zollner/Brooks Family Ranch are aware that our 212 agreement is expiring December 22, 2015. We are requesting to have another extension. We have no plans on selling this section of property. This is our main home place and would love to keep it under the 212 agreement extension.

We are not sure if any of you know our family situation, but there has been a lot of heartbreak has happened in the last 2 years .We lost our handicap bedridden brother, then our mothers house was lost in a fire. A couple of months later our mother went to see the Lord. It has been hard emotionally. We continue to move forward and are slowly getting things done that was not possible when our mother was alive.

We know the city is growing and slowly coming out towards us. We don't care for it, but we know its growth. Our younger generation is more prepared with these changes than what our mother was. We are just glad she isn't hurting anymore.

We are not going to beg, but we hope you would kindly consider our 212 agreement being extended. Most of the previous city council came to visit the farm. If you would like to visit or have any questions, please feel free to contact us. I am representing the Zollner/Brooks Family Ranch.

Thank You,

Zula Kay Aaron

Zula Kay Aaron , Executor

Hobo Ranch - - - - - - By Kenneth Foree

Over in Rockwall County near the town of Fate is one of the most unusual farms in Texas. It is an institution of human relations.

Some people call its 1600 broad black acres the Zollner Ranch, but those who work on it label it the Hobo Ranch, for the labor is entirely white transients, or those who once were transients.

Hobo, or "Bo", the forty men now there call each other, a name they resent from the public, for the public, they hold, does not distinguish between hobo, a merely transient worker, and bum, a begging drone.

Perhaps a better name would be Zollner Haven, for many men have found it so. There, a man can always find board and room on the cuff and work in season. But others have found more—a place for a vacation via change of vocation, a new start, a spot to disappear in. Stocky, quiet, red-faced, blue-eyed Henry Zollner, 54, asks few questions, a name for his books, a slip for placing in a sealed envelope in the safe with the name of next of kin and possibly their knowledge of farming. He makes only two demands: that they behave and bathe once a week, boiling their clothes. If they want to drink, fight or be filthy they must go elsewhere.

To the great farm are numerous small and several large buildings and a dining room that will seat 200, have come the range to male society—largely farm workers but also doctors who have buried their patients, lawyers who didn't prosper, men who wanted to bury themselves, a man who had farmed at Retrieve, a future district judge, the son of a State Senator, a man who built a Houston skyscraper; and the best sermon Henry Zollner ever heard was delivered on hope by a cotton chopper. All of which has taught Humanitarian Zollner you can't get too big to be humbled.

To him come young and old but mostly the old—those whom others would not hire. Strangely, old men are preferred. They can not work like the young, but they have that which youth often lacks—dependability. They work as much or as little as they wish, turn in their own time since the farm is run on the honor system, draw their wages weekly or let them stack up. Some young men may have cheated on time, but the old ones never; and while some leave in bad seasons owing board and room (formerly $3.50 a week, now $5.25, on which Zollner loses money), the money has always come back.

Room is steel cots or bunks, but the board means biscuits, home-raised meat and vegetables at every meal at which Zollner and his family eat not with hoboes but people as close as kin and who call him Henry. Cook and dishwasher are kept the year around and the cook on Thanksgiving, Christmas and New Year's turns out turkey and trimmings, while on Christmas morning there are remembrances from Henry of tobacco, socks, handkerchiefs, fruit and candy for every person on the farm.

To feed from 40 men in cotton chopping time to 200 in picking season, Zollner buys several dozen sides of bacon at a time (when he can find them), eggs by the case and butchers his own steers. During the war and days of ration points Henry, who is normally up before dawn, almost went nuts hunting supplies with the job of feeding his men requiring twice as much work and time as running the farm.

The results of all the above are unusual. Irishman J. E. Bennett 96, and called The Kid, has been there forty-five years; R. S. Cates, 80, son of a county judge, has been there fifty-two and when ten oldsters qualified for state pensions they stayed on, rather than live with relatives, and boarded at a place they love although food prices being what they are, Zollner loses money on them.

Zollner not only feeds and boards his laborers,but he takes them to hospitals when sick and down in Hackberry Creek in a pretty place amid the trees many have found eternal rest with a preacher and the Zollners always in sorrowful attendance. Some years back when an old chap passed on Henry found $1,500 on him in a money belt. Through the little slip in the envelope in the safe, Zollner located his relatives, relatives with whom the man had broken. They came, saw the haven the disappeared man had loved and used the $1,500 to buy a Rockwall Cemetery lot for him and others from the ranch who would follow him.

Do the transients appreciate their Hobo Ranch? Zollner always has more labor than others and with whom he shares; men befriended years ago drop in for warm visits and are welcomed while some men, who became of consequence, came back to spend their vacations with the Zollners who helped them when they needed it rather than with relatives who did not. There has been only one fist fight on the ranch in five years and when two new laborers got drunk in Henry's absence others did what he would have wanted, they called the sheriff. And the only time one man tells on another is when he doesn't bathe and boil his clothes. "Henry, he ain't a boilin," they say.

The reasons for this Zollner haven are perhaps twofold. Matt (father of Henry) and Charlie Zollner once were wayfarers too. They left Germany as boys, went to Australia and in 1876 landed in Rockwall County. Transients they took in at first because they needed help, later to help others and when Matt Zollner was up in years and friends asked why didn't he sell out, retire and move to town Matt Zollner answered. "I'm not capable of preaching, which I think is the highest calling, so I want to do the next best thing."

Three times when the farm was losing money, Matt's Trinity University-educated, Presbyterian Sunday school teacher son, Henry, who hates the new deal, has asked himself questions: Should he change his system and rent his farm and make a better profit, should he sell out, move to town and retire or make an easier and better living on his money? Three times he has studied those questions. Three times he has come up with the answer: "Those men who have been with us all those years are as much a part of the place as I; I have an obligation to them."

Put in entirely different words he meant, " I am my brother's keeper."

—Reprinted from The Dallas Morning News of Sunday, April 27, 1947.

CHAPTER 212 TEXAS LOCAL GOVERNMENT CODE
DEVELOPMENT AGREEMENT

This Agreement is entered into pursuant to Section 212.172 Tex. Local Gov't Code by and between the City of Rockwall, Texas (the "City") and Zula M. Zollner Brooks, individually and as Trustee of the Benjamin H. Zollner Trust ("Owners"), the property owners of the hereinafter described property (the "Property") in Rockwall County, Texas, sometimes individually or collectively referred to as "Party" or "Parties":

> That property described as described in Exhibit A (by Tract), which is attached hereto and incorporated by reference herein, comprising ___ acres more of less, and consisting of approximately 10 Tracts of land, as depicted in Exhibit B, which is attached hereto and incorporated by reference herein.

WHEREAS, Owners represent that the Property is within the City's existing extraterritorial jurisdiction; and

WHEREAS, the City has initiated annexation proceedings for the Property in accordance with Tex. Loc. Gov't Code ch. 43; and

WHEREAS, Owners desire that portions of the Property remain in the City's extraterritorial jurisdiction ("ETJ") for the term of this Agreement, including and limited to a portion of Tract 2, and the entirety of Tracts 3, 4 and 5, but consent to the City's immediate annexation of the remaining tracts; and

WHEREAS, Owners desire that they be allowed to establish an additional two manufactured homes on Tract 2 and an additional two manufactured homes on Tract 5 at locations designated by this Agreement, which homes will not necessarily be related to farm or ranching operations on the Property, and which will not be subject to the City's development and design standards for manufactured homes; and

WHEREAS, the City desires to provide for the immediate annexation of Tract 1, a portion of Tract 2, and the entirety of Tracts 6, 7, 8, 9 and 10 lying with the City's existing ETJ, and the annexation, use and development of the Property before and after annexation, including identification of certain zoning and development standards; and

WHEREAS, Owners and the City acknowledge that this Agreement between them is binding upon the City and the Owners and their respective successors and assigns for the term of the Agreement;

WHEREAS, the Rockwall County Appraisal District records show that the Property currently is appraised for ad valorem tax purposes as land for agriculture use pursuant to Tex. Tax Code chapter 23.C; and

WHEREAS, OWNERS represent that it is their intention not to develop the Property inconsistent with this Agreement for its term; and

WHEREAS, Tex. Loc. Gov't Code section 43.035 authorizes a property owner and a municipality to enter into an agreement pursuant to Tex. Loc. Gov't Code section 212.172 for purposes of retaining land in the municipality's ETJ in exchange for the property owner's covenant not to develop the property and to authorize the municipality to apply development regulations not inconsistent with agricultural use; and

WHEREAS, Tex. Loc. Gov't Code section 212.172 authorizes the parties to a development agreement to include agreed provisions that pertain to development of land, annexation and zoning after annexation; and

WHEREAS, an agreement pursuant to section 43.035 is not a development permit for purposes of Tex. Loc. Gov't Code ch. 245; and

WHEREAS, the Parties are desirous of entering into an agreement authorized under Tex. Loc. Gov't Code sections 43.035 and 212.172; and

WHEREAS, this Agreement is to be recorded in the Real Property Records of Rockwall County;

NOW, THEREFORE, in consideration of the mutual covenants contained herein, the Parties hereto agree as follows:

Section 1. Continuation of ETJ Status. The City guarantees the continuation of the extraterritorial status of the following Tracts of the Property (the "Homestead Tracts") and agrees not to annex such Tracts for the term of this Agreement, as hereinafter defined, and any subsequent renewals as may be agreed upon by the Parties, subject, however, to the provisions of this Agreement, as further depicted on Exhibit C, attached hereto and incorporated herein by reference:

(a) That portion of Tract 2 shown in cross-hatching as depicted on Exhibit C;
(b) All of Tract 3;
(c) All of Tract 4; and
(d) All of Tract 5.

Section 2. Annexation. The Owners irrevocably consent to the immediate annexation of the following Tracts of the Property, as shown on Exhibit C:

(a) All of Tract 1;
(b) That portion of Tract 2 without cross-hatching, as depicted on Exhibit C;
(c) All of Tract 6;
(d) All of Tract 7;
(e) All of Tract 8:
(f) All of Tract 9; and
(g) All of Tract 10.

Section 3. Development Plan. The Owners covenant and agree that use of the Homestead Tracts for the term of this Agreement and any extensions agreed to by the Parties shall be limited to agricultural uses, including farm-related and ranch-related uses and customary accessory uses, single-family detached farm or ranch dwellings, provided that no single-family dwelling may be located or constructed on a lot smaller than five (5) acres, and HUD-Code manufactured homes, as defined in Exhibit D, which is attached hereto and incorporated herein by reference, and as hereinafter limited. No more than four (4) additional manufactured homes may be located on the Homestead Tracts during the term of this Agreement, as hereinafter further limited in section 4: two (2) on Tract 2 and two (2) on Tract 5. The Owners may apply to the City for division of the land subject to this Agreement into parcels each of which is at least five (5) acres in size for the purposes set forth herein without being in violation of this Agreement. Such uses and activities constitute the development plan for the Homestead Tracts in satisfaction of Tex. Loc. Gov't Code section 212.172(b).

Section 4. Governing Regulations

(A) The following Rockwall regulations, as may be amended from time to time, shall apply to any future development of the Homestead Tracts, provided that the application of such regulations does not result in interference with the use of the land for agricultural purposes and does not prevent the continuation of an otherwise lawful use established prior to the effective date of this Agreement or the first reading of an annexation ordinance including the property, whichever first occurs:

(1) The Rockwall Zoning Ordinance, Ord. No. 04-38, as amended. For purposes of evaluating any proposed development of the Homestead Tracts under the Zoning Ordinance, the regulations of the lowest intensity single-family residential district shall be used, provided, however, that regulations specifically applicable to manufactured homes under the Ordinance shall not be applicable to such structures.

(2) The Subdivision Regulations, Chapter 24 of the Code of Ordinances, as amended, together with Standards of Design and Construction, City of Rockwall Texas, as supplemented by the North Central Texas Council of Governments Standard Specifications for Public Works Construction, North Central Texas, 3rd Ed. 1998 (NCTCOG Manual).

(3) The Building Codes, Ord. No. 08-03, adopting:

a. International Building Code, 2006 Edition with regional amendments;
b. International residential Code, 2006 Edition with regional amendments;
c. The International Fire Code, 2006 Edition with regional amendments;

d. International Plumbing Code, 2006 Edition with regional amendments;
e. International Fuel Gas Code, 2006 Edition with regional amendments;
f. Rockwall Code of Ordinances, Property Maintenance Code, 2003 Edition with regional amendments;
g. International Private Sewage Disposal Code, 2006 Edition with regional amendments;
h. Uniform Swimming Pool Code, 2006 Edition with regional amendments;
i. International Energy Conservation Code, 2006 Edition with regional amendments;
j. National Electric Code, 2005 Edition with regional amendments.
k. Rockwall Code of Ordinances, Fences, with amendments;
l. Rockwall Code of Ordinances, Dangerous Buildings, with amendments; and
m. Rockwall Code of Ordinances, Moving of Buildings, with amendments.

(4) The Sign Regulations, Section 1 (C); Section II, Section III (B) (2); (Ordinance 84-45).

(B) If, pursuant to this Agreement, portions of the Homestead Tracts are annexed to the City following breach of the covenants by the Owners, the Parties further covenant and agree that the use and development of such land thereafter shall be subject to the regulations of the lowest intensity single-family residential district of the zoning ordinance, any provision governing placement, development or design of manufactured homes, and the subdivision regulations then in effect. In the event any portion of the Homestead Tracts following annexation is rezoned consistent with the City's approved Comprehensive Plan, as may be amended from time to time, the use and development of such land shall be governed by the regulations of the zoning district to which the land is reclassified, and other zoning and subdivision standards in effect at the time of approval of such rezoning.

(C) Two additional manufactured homes that may be established on Tract 5 may be located only within that portion of the southeast quadrant of the tract, located within the crosshatch area shown on Exhibit E, which is attached hereto and incorporated herein by reference, and which is generally bounded by the treelines shown on Exhibit E and by the private road bordering the eastern part of Tract 5.

Section 5. Agreement Deemed Void in Part; Voluntary Annexation.

(A) If an Owner files any application for or otherwise commences development of any portion of the Homestead Tracts inconsistent with the development plan provided in Section 3, this Agreement shall become null and void, except as herein expressly provided otherwise.

(B) Thereafter the City may initiate annexation of the Homestead Tracts pursuant to Tex. Loc. Gov't Code subchapter C-1, or other such other provisions governing voluntary annexation of land as may then exist. Owners expressly and irrevocably consent to annexation of the Homestead Tracts under such circumstances. The Owners further agree that such annexation by the City shall be deemed voluntary, and not subject to the requirements and procedures for an annexation plan, as required by Tex. Loc. Gov't Code section 43.052, or successor statute.

(C) Any development application that is submitted to the City for the Homestead Tracts during the term of this Agreement or during any extension, that is inconsistent with the development plan and governing regulations, shall be denied based upon such plan and governing regulations, which collectively shall constitute regulations in effect at the time such application is submitted. The Owners expressly waive any vested rights that might otherwise arise under Tex. Loc. Gov't Code section 43.002 or Chapter 245, or successor statute, from the submittal of such inconsistent development application. The Owners further agree that no use commenced or completed on the Homestead Tracts that is inconsistent with the development plan shall be considered established or in existence prior to the date that the City annexes the Homestead Tracts pursuant to this section.

(D) The covenants in Sections 3, 4 and 5 shall remain in effect for a period of 120 days following the lawful termination of this Agreement.

Section 5. Notice of Sale. Any person who sells or conveys any portion of the Homestead Tracts shall, prior to such sale or conveyance, give 30 days written notice of this Agreement to the prospective purchaser or grantee. A copy of said notice shall be forwarded to the City at the following address:

City of Rockwall
City Hall
305 S. Goliad Street
Rockwall, Texas 75087
Attn: City Manager

Section 6. Recording. This Agreement is to run with the Homestead Tracts and be recorded in the real property records, Rockwall County, Texas.

Section 7. Severability. Invalidation of any provision of this Agreement by judgment or court order shall not invalidate any of the remaining provisions which shall remain in full force and effect. It is the intent of the parties that, should it be determined that any portion of the Homestead Tracts was outside of the City's then existing ETJ at the time this Agreement took effect, the provisions of this Agreement shall apply to the remainder of the Homestead Tracts located within the City's extraterritorial jurisdiction.

Section 8. Remedies. This Agreement may be enforced by either Owners or the City by any proceeding at law or in equity. Failure to do so shall not be deemed a waiver to enforce the provisions of this Agreement thereafter. Entry into this Agreement by Owners waive no rights as to matters not addressed in this Agreement.

Section 9. Change in Law. No subsequent change in the law regarding annexation shall affect the enforceability of this Agreement or the right of any Party to rely upon the annexation law in effect on the Effective Date of this Agreement, including but not limited to the annexation procedures contained in Tex. Loc. Gov't Code Chapter 43, subchapter C-1, sections 43.061 to 43.065.

Section 10 Venue. Venue for this Agreement shall be in Rockwall County, Texas.

Section 11. Execution in Multiple Copies. This Agreement may be separately executed in individual counterparts and, upon execution, shall constitute one and same instrument.

Section 12. Term and Extension. The initial term of this Agreement shall be for a period of seven (7) years from the Effective Date (the "Term"). The Effective Date of the Agreement shall be the date the Agreement is executed by the City. At least 180 days prior to end of the Term of the Agreement, the City shall notify the Owners in writing that the Agreement is due to expire. If Owners desire to extend the operation of this Agreement beyond its Term, the Owners, at least 150 days prior to the end of the Term, shall submit a written request to the City for such an extension (an "Extension Request"). The City, at least 90 days prior to the end of the Term shall notify Owners in writing, delivered by certified mail, with respect to its decision whether to extend this Agreement for an additional term (referred to as a "Subsequent Term"). In the event such written notice from the City of its decision is not received by the Owners at least 90 days prior to the end of that Term such Extension Request is deemed granted and this Agreement continues for another Subsequent Term.

Exhibit "D"

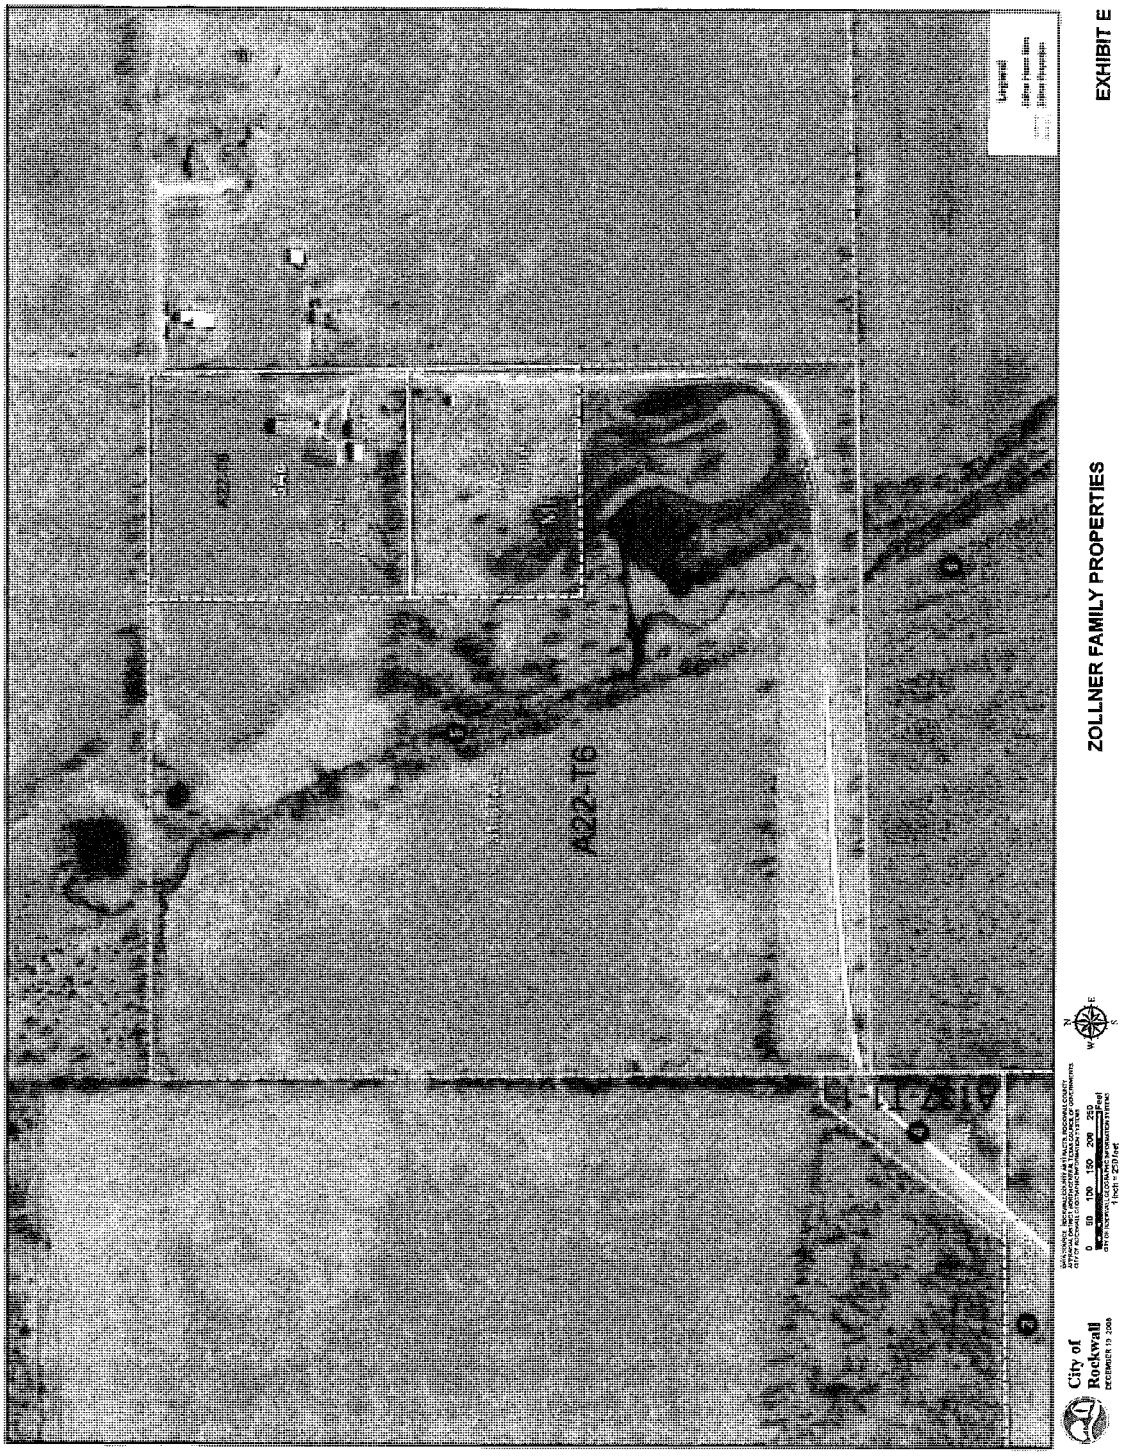
"HUD-code manufactured home"

(A) means a structure:

(1) constructed on or after June 15, 1976, according to the rules of the United Stated Department of Housing and Urban Development;

(2) built on a permanent chassis;

(3) designed for use as a dwelling with or without a permanent foundation when the structure is connected to the required utilities;



(4) transportable in one or more sections; and

(5) in the traveling mode, at least eight body feet in width or at least 40 body feet in length or, when erected on site, at least 320 square feet;

(B) includes the plumbing, heating, air conditioning, and electrical systems of the home; and

(C) does not include a recreational vehicle as defined by Title 24 of the Code of Federal Regulations, Section 3282.8 (g);

(g) Recreational vehicles. Recreational vehicles are not subject to this part, part 3280, or part 3283. A recreational vehicle is: (1) Built on a single chassis; (2) 400 Square feet or less when measured at the largest horizontal projections; (3) Self-propelled or permanently towable by a light duty truck; and (4) Designed primarily not for use a permanent dwelling but as temporary living quarters for recreational, camping, travel, or seasonal use.

CITY OF ROCKWALL, TEXAS

ORDINANCE NO. _____

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, PROVIDING FOR THE EXTENSION OF CERTAIN BOUNDARY LIMITS OF THE CITY OF ROCKWALL, TEXAS AND THE ANNEXATION OF CERTAIN TERRITORY CONSISTING OF 1496.66 ACRES OF LAND, WHICH SAID TERRITORY LIES ADJACENT TO AND ADJOINS THE PRESENT BOUNDARY LIMITS OF THE CITY OF ROCKWALL, TEXAS; EXCLUDING FROM ANNEXATION THOSE PARCELS FOR WHICH A NON-ANNEXATION AGREEMENT HAS BEEN EXECUTED BY THE OWNERS AND HAS BEEN APPROVED BY THE CITY; PROVIDING FOR AN EFFECTIVE DATE; AND PROVIDING A SAVINGS CLAUSE.

WHEREAS, Public Hearings were held before the governing body of the City of Rockwall, Texas, where all interested persons were provided with an opportunity to be heard on the proposed annexation of the following described territories:

BEING a 1496.66 acre tract of land situated in the J.H. Robinett Survey, Abstract No. 182; J.H. Bailey Survey, Abstract No. 22; J.H. Bailey Survey, Abstract No. 34; J.H. Bailey Survey, Abstract No. 45; J.H. Bailey Survey, Abstract No. 46; J. Lockhart Survey, Abstract No. 137; T. Heath Survey, Abstract No. 113; T. Heath Survey, Abstract No. 114; T. Heath Survey, Abstract No. 115; W. Briscoe Survey, Abstract No. 31; J.B. Marrs Survey, Abstract No. 152; H.K. Newell Survey, Abstract No. 167; in the County of Rockwall, Texas and being more particularly described as follows:

BEGINNING at a point at the most southern corner of Abstract 31, Tract 22 (171.5 ac) and the North Right of Way line of FM 550;

THENCE N 45° 36' 29" W following along said Tract 22 West property line for a distance of 3613.00 feet to a point;

THENCE N 45° 15' 24" E following along said Tract 22 Northwestern property line for a distance of 856.00 feet to a point;

THENCE S 89° 14' 56" W following along the South property line of Abstract 22, Tract 7 for a distance of 1677.00 feet to a point;

THENCE N 0° 15' 34.66" E following along the East boundary of the Equestrian Meadows Addition Ph. 2 for a distance of 1103.116 feet to a point;

THENCE S 89° 11' 4.67" W following along the North boundaries of the Equestrian Meadows Addition Ph. 1 & 2 for a distance of 3417.21 feet to a point on the west Right of Way of Dowell Road;

THENCE N 00° 35' 40" W continuing with the West Right of Way of Dowell Road for a distance of 1516.547 feet to a point;

THENCE N 00° 46' 09" W a distance of 185.00 feet more or less, to a point;

THENCE N 20° 54' 16" W a distance of 46.00 feet more or less, to a point;

THENCE N 20° 54' 16" W a distance of 78.00 feet more or less, to a point;

THENCE N 30° 23' 02" W a distance of 99.00 feet more or less, to a point;

THENCE N 89° 26' 53" W departing the West Right of Way of Dowell Road for a distance of 103.00 feet to a point;

THENCE N 89° 45' 55" W following the North property line of Abstract 167, Tract 3-10 for a distance of 906.00 feet to a point;

THENCE N 89° 45' 55" W following the South property line of Abstract 182, Tract 1-2 for a distance of 155.00 feet to a point;

THENCE N 04° 52' 57" W following the City of Rockwall Limits of the for a distance of 436.67 feet to a point;

THENCE in a Northerly direction along the meanders of Brushy Creek and the City of Rockwall Limits as follows:

THENCE N 01° 18' 04" W a distance of 336.00 feet to a point;

THENCE N 16° 04' 47" W a distance of 287.78 feet to a point;

THENCE N 20° 48' 51" E a distance of 39.99 feet to a point;

THENCE N 25° 06' 29" E a distance of 183.45 feet to a point;

THENCE N 04° 55' 56" W a distance of 326.62 feet to a point;

THENCE N 07° 40' 13" E a distance of 1188.15 feet to a point;

THENCE N 28° 12' 33" E a distance of 394.36 feet to a point;

THENCE N 06° 28' 58" E a distance of 228.81 feet to a point;

THENCE N 30° 35' 29" W a distance of 140.72 feet to a point;

THENCE departing said Brushy Creek and the City of Rockwall City Limits along the north property line of Lot 3, Dowell Road Addition, N 88° 58' 08" E a distance of 747.01 feet to a point in the west Right of Way line of Dowell Road;

THENCE along the west Right of Way line of Dowell Road N 0° 13' 05" W a distance of 427.57 feet to a point on the on the South Right of Way of State Highway 276;

THENCE N 89° 09' 27.88" E following the South Right of Way of State Highway 276, a distance of 3312.396 feet to the beginning of a tangent curve to the right having a radius of 2700.00 feet;

Continuing along said curve to the right, through a central angle of 36° 46' 53", a distance of 1733.28, a chord length of 1703.67, tangent of 897.68 to a point;

THENCE S 54° 03' 39.25" E a distance of 1046.74 feet to the beginning of a curve to the left having a radius of 3490.38 feet;

Continuing along said curve to the left, through a central angle of 15° 36' 54", a distance of 951.24, a chord bearing of S 64° 30' 0.00" E, chord length of 948.29, tangent of 478.58 to a point;

THENCE S 04° 58' 19.44" W a distance of 80.455 feet to a point;

Tract 6, Abstract 22	Zula M Zollner Brooks Family Trust	40-Acres

The above description shall follow all existing City of Rockwall City Limit boundaries where noted.

On the 2nd day of September, 2008, at 6:00 p.m. and on the 15th day of September, 2008, at 6:00 p.m. at City Hall, 385 S. Goliad, Rockwall, Texas said dates being not more than forty (40) days nor less than twenty (20) days prior to the institution of annexation proceedings; and

WHEREAS, notice of such public hearings were published in a newspaper having general circulation in the City of Rockwall, Texas and in the territory described herein on the 21st day of August, 2008 and on the 4th day of September, 2008 and posted on the City of Rockwall

Internet site on the 21st day of August, 2008 and on the 4th day of September, 2008, said dates being not more than twenty (20) days nor less than ten (10) days prior to the dates of such public hearings; and

WHEREAS, the territory lies adjacent to and adjoins the present boundaries of the City of Rockwall, Texas; and

WHEREAS, the territory above contains 1496.66 acres, save and except those 16 parcels for which non-annexations agreements have been approved by the City, containing collectively 220.7 acres more or less; and

WHEREAS, Texas Local Gov't Code section 43.035 provides that, prior to annexation of land which is appraised for ad valorem tax purposes for agricultural use, the municipality must first offer the landowner a non-annexation agreement pursuant to Texas Local Gov't Code section 212.172, and the landowner must decline the offer; and

WHEREAS, the City by letter of July 31, 2008, offered to enter into a non-annexation agreement with each **qualifying** property owner in the area to be annexed along with the notice of first public hearing, and

WHEREAS, the City by letter of October 10, 2008, offered to enter into a non-annexation agreement with **all** property owners in the area to be annexed, which offer was held open to a date certain, November 14, 2008, during which period the landowners were required to execute the proposed agreement; and

WHEREAS, the City has received executed non-annexation agreements for the parcels designated by hatching in Exhibit A, which is attached hereto and incorporated herein by reference; and

WHEREAS, all other offers to enter into non-annexation agreements which were not accepted by execution of such agreements by November 14, 2008, hereby are deemed to be declined by such date; and

WHEREAS, the non-annexation agreements for the parcels designated on Exhibit A were approved by the City on November 17, 2008, and on December 22, 2008, rendering the boundaries of land abutting such parcels as contiguous to the corporate limits of the City for all purposes;

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That the above recitals are hereby found to be true and correct and incorporated herein for all purposes.

Section 2. The land and territory more specifically described herein as Exhibit "A" attached hereto and made a part hereof, and containing 1496.66 acres which is adjacent to and adjoining the present boundaries of the City of Rockwall, Texas, is hereby added and annexed to the City of Rockwall, Texas and said territory as described herein shall hereafter be included within the boundary limits of the City of Rockwall, Texas and the present boundary limits of the City at the various points contiguous to the areas as described above, are altered and amended so as to include said area within the corporate limits of the City, save and except those parcels contained within such described territory, for which non-annexation agreements were timely executed by the owners of such parcels, as designated by hatching on Exhibit A hereto.

Section 3. That the official map of the City is hereby amended to reflect the addition of the property described herein.

Section 4. The above described territory and the acres so annexed shall be a part of the City of Rockwall, Texas, and the inhabitants thereof, if any, shall be entitled to all of the rights and privileges of all citizens and shall be bound by the acts, ordinances, resolutions and regulations of the City of Rockwall, Texas.

Section 5. That the Service Plan for the annexation area, which was made available for public inspection at the Public Hearings, is hereby approved with a copy of said plan being attached hereto and incorporated herein for all purposes and labeled Exhibit "B."

Section 6. That this ordinance shall take effect on December 29, 2008, in accordance with applicable law and the charter of the City of Rockwall, Texas.

Section 7. That Should this ordinance for any reason be ineffective as to any part of the area hereby annexed to the City of Rockwall, such ineffectiveness of this ordinance as to any such part or parts of any such area shall not affect the effectiveness of this ordinance as to the remainder of such area. The City Council hereby declares it to be its purpose to annex to the City of Rockwall every part of the area described in Section 2 of this ordinance. Provided, further, that if there is included within the general description of Property set out in Section 2 of this ordinance to be hereby annexed to the City of Rockwall any lands or area which are presently part of and included within the boundaries of land for which a non-annexation agreement has been approved, such parcels being as designated on Exhibit A hereto, the same is hereby excluded and excepted from the territory to be annexed hereby as fully as if such excluded and excepted area were expressly described herein. Provided further that, should the legal description of any parcel for which a non-annexation agreement has been approved fail to close or contain, or contain other defects, it is the intent of the City Council that such tracts should be excluded in accordance with the boundaries designated on Exhibit A, and that the validity of the annexation of the land not subject to such agreements shall not be affected by such defects, but rather that such land be annexed in accordance with the boundaries designated on Exhibit A.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this _____ day of _____, 2008.

SERVICE PLAN FOR ANNEXED AREA

Annexation Case No. A2008-003
City and County of Rockwall, Texas

ACREAGE ANNEXED:

Area = 1496.66 acres

SURVEY ABSTRACT AND COUNTY:

BEING a 1496.66 acre tract of land situated in the J.H. Robinett Survey, Abstract No. 182; J.H. Bailey Survey, Abstract No. 22; J.H. Bailey Survey, Abstract No. 34; J.H. Bailey Survey, Abstract No. 45; J.H. Bailey Survey, Abstract No. 46; J. Lockhart Survey, Abstract No. 137; T. Heath Survey, Abstract No. 113; T. Heath Survey, Abstract No. 114; T. Heath Survey, Abstract No. 115; W. Briscoe Survey, Abstract No. 31; J.B. Marrs Survey, Abstract No. 152; H.K. Newell Survey, Abstract No. 167; in the City and County of Rockwall, Texas and being more particularly described by metes and bounds as attached.

DATE OF ADOPTION OF ANNEXATION ORDINANCE: December 22, 2008
Date

Municipal services to the acreage described above shall be furnished by or on behalf of the City of Rockwall, Texas, at the following levels and in accordance with the following schedule:

A. Police Services:

1. Patrolling, responses to calls, and other routine police services, within the limits of existing personnel and equipment, will be provided within 60 days of the effective date of annexation.
2. As development and construction commence within this area, sufficient police personnel and equipment will be provided to continue to furnish this area the level of police services consistent with police services available in other parts of the City with land uses and population densities similar to those projected in the annexed area.

B. Fire Services

1. Fire protection by the present personnel and the present equipment of the fire Department, within the limitations of available water and distances from existing fire stations, will be provided to this area within 60 days of the effective date of annexation.
2. As development and construction commences within this area, sufficient fire personnel and equipment will be provided to continue to furnish this area the level of fire services consistent with fire service available in other parts of the City with land uses and population densities similar to those projected in the annexed area.

Exhibit "B"

C. Health and Code Compliance Services

1. Enforcement of the City's health ordinances and regulations including, but not limited to, weed and brush ordinances, junked and abandoned vehicle ordinances, food handlers ordinances and animal control ordinances, shall be provided within this area on the effective date of the annexation ordinance. These ordinances and regulations will be enforced through the use of existing personnel.

   Complaints of ordinance or regulation violations within this area will be responded and investigated by existing personnel beginning with the effective date of the annexation ordinance.

2. The City's building, plumbing, electrical, gas heating, air conditioning and all other construction codes will be enforced within this area beginning with the effective date of the annexation ordinance. Existing personnel will be used to provide these services.

3. The City's zoning, subdivision, and other ordinances shall be enforced in this area beginning on the effective date of the annexation ordinance.

4. All inspection services furnished by the City of Rockwall, but not mentioned above, will be provided to this area beginning on the effective date of the annexation ordinance. Any property owner or his/her assigns who in good faith has a new building or structure, as defined in the Comprehensive Zoning Ordinance, under construction on the effective date of annexation shall be exempted from these inspections for that building or structure under construction for a period of one year from the effective date of annexation. For the purpose of this ordinance "under construction" shall mean any work that requires a building permit from the City of Rockwall.

5. As development and construction commence within this area, sufficient personnel will be provided to continue to furnish this area the same level of Health and Code compliance services as are furnished throughout the City.

D. Planning and Zoning Services

1. The planning and zoning jurisdiction of the City will extend to this area on the effective date of the annexation ordinance. City planning will thereafter encompass this property, and it shall be entitled to consideration for zoning in accordance with the City's Comprehensive Plan, Zoning Ordinance, Landscape Ordinance and Code of Ordinances.

E. Recreation and Leisure Services

1. Residents of this property may utilize all existing recreational and leisure services facilities and sites throughout the City beginning with the effective date of the annexation ordinance.

2. Existing parks, playgrounds, swimming pools and other recreation and leisure facilities within this property shall, upon dedication to and acceptance by the

City, be maintained and operated by the City of Rockwall.

F. Solid Waste Collection

1. Solid waste collection shall be provided to the property owner in accordance with existing City policies as to frequency and charges, beginning on the effective date of annexation except for properties that are served by a privately owned solid waste management service provider. Such properties will be allowed to continue private service for a period of two years from the effective date of annexation at which time the property will be required to begin service with a franchised solid waste contractor within the City of Rockwall.

G. Streets

1. The City of Rockwall's existing policies with regard to street maintenance, applicable throughout the entire City, shall apply to this property beginning immediately as of the effective date of the annexation ordinance.
2. As development, improvements or construction of streets to the City standards commence within this property, the policies of the City of Rockwall with regard to impact fees and participation in the cost thereof, acceptance upon completion, and maintenance after completion, shall apply.
3. The same level of maintenance shall be provided to streets within this property that have been accepted by the City of Rockwall as is provided to like City streets throughout the City.

H. Water Services

1. Connection to existing City water mains for water services for domestic, commercial and industrial use within this property will be provided in accordance with existing City policies. Upon connection to existing mains, water will be provided at rates established by City ordinance for such services throughout the City.
2. Water mains of the City will be extended in accordance with provisions of the Code of Ordinances and other applicable ordinances and regulations. City participation in the costs of these extensions shall be in accordance with applicable City ordinances and regulations and will be provided as otherwise available in other parts of the City with topography, land uses, population densities similar to those reasonably contemplated or projected in the annexed area.
3. Water mains which are within the annexed area and are owned and operated by the City shall be maintained beginning with the effective date of the annexation ordinance or upon acquisition by the City.
4. Private water lines within this property shall be maintained by their owners, in accordance with existing policies applicable throughout the City.

Exhibit "B"

I. Sanitary Sewer Services

1. Connections to existing City sanitary sewer mains for sanitary sewage service in this area will be provided in accordance with the existing City policies. Upon connection, sanitary sewage service will be provided at rates established by City ordinances for such services throughout the City.
2. Sanitary sewer mains and/or lift stations which are within the annexed area and are connected to City mains shall be maintained by the City of Rockwall beginning with the effective date of the annexation ordinance or upon acquisition by the City.
3. Sanitary sewer mains of the City will be extended in accordance with the provisions of the Code of Ordinances and engineering standards and other applicable ordinances and regulations. City participation in the costs of these extensions shall be in accordance with applicable City ordinances and regulations and will be provided as otherwise availably in other parts of the City with topography, land uses, and population densities similar to those reasonably contemplated or projected in the area.
4. Previously granted exceptions to the requirements of connections to the city's sanitary sewer treatment system shall be continued until such alternate systems are determined to no longer function to meet the sanitary sewer needs of the subdivision granted the exception.

J. Public Utilities

1. Other public utilities will be provided by the City's franchisee or a provider holding a certificate of convenience issued by the state to serve that area.

K. Miscellaneous

1. General municipal administration services of the City shall be available to the annexed area beginning with the effective date of the annexation ordinance.

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: **Brad Griggs, Assistant City Manager**

FROM: **Andy Hesser, Parks and Recreation Manager**

DATE: **July 15, 2015**

SUBJECT: **FRANCHISE AGREEMENT WITH LEGENDS BATTING CAGES**

At the April 1, 2014 Park Board meeting, Park Board heard a presentation from Leo Rodriguez of Legends Batting Cages proposing to install and operate three outdoor batting cages located within Leon Tuttle Athletic Complex. At that time, Mr. Rodriguez proposed to obtain approximately $38,000 for pitching machines, concrete pad, poles, nets, lighting and signage contingent on Council approval. According to Mr. Rodriguez, the Rockwall Baseball Association (RBA) had committed to providing the funds to cover the cost of the three pitching machines.

Park Board voted unanimously to recommend to City Council that the city enter into a two year agreement that would automatically renew annually for one year periods for a maximum of three years with Legends Batting Cages. City Council approved the Franchise Agreement in May of 2014.

At the January 6, 2015 meeting, Park Board requested an appointment with Mr. Rodriguez to hear an update on the progress of the batting cages. At the time of the meeting no progress had been seen on site nor had any drawings been submitted for approval, per the agreement. According to Mr. Rodriguez, the pitching machines had been purchased and were in storage. He was also waiting on drawings and encountered several obstacles that have impeded progress.

Park Board voted unanimously to recommend to staff that January 16, 2015 be established as a deadline to submit and have plans approved for the batting cages. If he failed to meet that deadline, Park Board would be prepared to recommend to City Council that proper notice be given to Legends Batting Cages to terminate the agreement. Mr. Rodriguez successfully submitted plans and were approved by that deadline.

Seeing no further progress, Park Board again requested an appointment with Mr. Rodriguez for a status update at the July 7, 2015 meeting. Mr. Rodriguez stated that he was having difficulty getting a concrete contractor to provide pricing and commit to a timeline. He had however, purchased poles and netting.

The initial two year term of the contract expires May 30, 2016. According to the contract, the City must provide 30 days written notice if the Service Provider fails to meet the terms of the agreement. Park Board voted unanimously to recommend to City Council that the contract be terminated if substantial progress had not been made on site by September 1, 2015 and that the 30 day written notice is given concurrently to correspond with the September 1st deadline. A copy of the agreement and Park Board minutes are provided in your packet.

MINUTES
PARKS AND RECREATION BOARD
City Hall, 385 S. Goliad, Rockwall, TX 75087
January 6, 2015
6:00 PM

Call To Order

The meeting was called to order in the Council Chambers at 6:00pm by Chairman Brad Bassett with the following Board Members present: Bob Lewis, Charles Johnson, and Wayne Larson. Board Members Ray Harton and Kevin Moffatt were absent. Also present were Parks and Recreation Manager Andy Hesser, Administrative Secretary Wendy Young, Recreation Superintendent, Andrew Ainsworth, Parks Superintendent Aaron Dobson, and Recreation Coordinator, Sarah Hurst.

Consider approval of amended minutes from the December 2, 2014 Park Board meeting and take any action necessary.

The minutes from the December 2, 2014 Park Board meeting were provided to the Board for their review and approval. Board Member Charles Johnson made a motion to approve the minutes. Board Member Larry Denny seconded the motion which passed by a vote of 5-0 (2 absent, Moffatt and Harton).

Discuss and consider Castle Ridge Estates Phase III final plat and take any action necessary.

Parks & Recreation Manager Andy Hesser explained that Castle Ridge Phase III is a 19.521 acre subdivision with 62 lots located west of SH 205 and north of Dalton Rd. Castle Ridge Phase III is a 19.521 acre subdivision with 62 lots located Castle Ridge is located within Park District #1. Jewel Park is the designated neighborhood park for district #1 and is already developed. Since Jewel Park does not connect to Castle Ridge, City Council approved Park Board's recommendation to accept cash-in-lieu of land fees in 2008 for phases I and II. The developer provided approximately 5.22 acres of open space to be maintained by the HOA. Within that open space the developer also proposed to provide amenities that meet or exceed the required pro-rata equipment fees. At the time of phase 1 & 2 final plats, the equipment fees required equaled $131,120. The developer proposed building and maintaining an amenity shelter with stone and iron fence, concrete jogging trail, site furniture, landscaping and irrigation along the trail and shelter. The total value of these amenities equaled $311,220, which clearly exceeded the minimum. Park Board made a recommendation to accept the developer's proposal and was approved by City Council. The minutes from previous meetings are included in your packet. After a brief discussion Chairman Bassett made a motion to accept cash-in-lieu of land fees for 62 lots at $493 per lot with a total of $30,566 including the 15 ft access right-of-way to be maintained by the HOA for the City to have access to future park land development within the City of Dallas takeline property on the west end of the property located between lots 30 and 31. Bob Lewis seconded the motion which passed by a vote of 5-0 (2 absent, Moffatt and Harton).

Discuss and consider Eagle Scout Project proposal by Caleb Davis and take any action necessary.

Mr. Hesser announced that Caleb Davis is an Eagle Scout candidate who has proposed an educational sign project along the Squabble Creek Mountain Bike Trail. His signs will include pictures and information of native tree species that can be found along the mountain bike trail. He has worked with an arborist to identify the trees. Caleb will be responsible for raising the funds, printing the signs and installing them according to agreed upon guidelines. Installation will be coordinated with City staff and Dallas Off-road Bicycle Association (DORBA), who maintains the trail. The company he plans on using to the print the signs is i-Zone. This is the same company that the Parks Department uses on the City's way finders, park maps and interpretive signs. They are full color high definition pictures and text and have a 10 year warranty. Caleb Davis came forth and presented a powerpoint that depicted is project in full detail. Mr. Larson suggested that he get a letter from Mr. Hesser in support of his fundraising efforts so that Caleb can present the letter when requesting funding. Park Board members expressed their support and excitement in seeing this project come together. Board Member Bob Lewis made a motion to accept this Eagle Scout proposal. Board Member Larry Denny seconded the motion which passed by a vote of 5-0.

Discuss and consider Eagle Scout Project final presentation by Nick Bowyer and take any action necessary.

Mr. Hesser introduced Nick Bowyer to the Board again. Mr. Hesser explained that Nick Bowyer made an Eagle Scout project proposal to Park Board at the April 2014 meeting. His project was approved to design and install a pedestrian bridge on the disc golf course on hole number nine. This bridge is intended to better assist disc golfers in crossing the creek at the tee box that may be using strollers or rolling bags/coolers. Nick Bowyer came forth and presented his final project presentation to the Board that explained some hurdles along the way, the safety guidelines he followed. A total of 238 volunteer hours worked on this project. The Board expressed their appreciation and a job well done. No action taken.

Hear report from Leo Rodriguez regarding update on proposed batting cages at Leon Tuttle Sports Complex and take any action necessary.

Mr. Hesser stated that Park Board has requested an update on the status of this project. At the April 2014 meeting, Park Board approved a recommendation to the City Council to enter into a concession agreement with Leo Rodriguez for the purposes of providing, installing and operating batting cages at the Leon Tuttle Athletic Complex. City Council approved the agreement in May of 2014 and was subsequently executed between the City and Mr. Rodriguez. As part of the agreement, the concessionaire is required to submit drawings and information regarding the proposed equipment, supplies, dimensions and materials to be used in the batting cage for City approval prior to beginning construction and operation. To date this has not been submitted to the City staff for review. The Rockwall Baseball Softball League is scheduled to begin games on February 16th. Staff requests that Park Board consider a firm date for submission of drawings and for construction to be completed. Staff also requests Park Board to consider recommending that the contract be terminated if these dates are not met. A copy of the April 2014 Park

Board minutes and executed agreement are included in your packet. Leo Rodriguez came forth and gave an update on the progress of the batting cages. Mr. Rodriguez stated that he has been waiting on architectural drawings but they didn't come through as promised and has overcome several obstacles after getting approval to begin work on the batting cages. After much discussion Chairman Bassett made a motion requesting Mr. Rodriguez to submit plans no later than Friday, Jan 16 at 5pm and approved by the City on Wednesday, Jan 21. If these deadlines are not met, the Board recommends termination of the contract. Board Member Denny seconded the motion which passed by a vote of 4-1 (Larson against).

Discuss and consider Dick's Sporting Goods sponsorship and take any action necessary.

Parks Superintendent Andrew Ainsworth explained that our agreement with Dick's Sporting Goods contract will be a 3 year contract. Dick's would be our exclusive sporting goods sponsor. The contract will include new dugout screens, coaches kits, coupons, general in store marketing support exclusive sporting goods sponsor. Board Member Denny made a motion to recommend that Staff move forward with this 3 year exclusive sponsorship.

Staff updates on upcoming programs and events and take any action necessary.

Parks Superintendent gave an update on Phelps Lake improvements and showed photos of the finished project of the fishing pier and kayak launch. Construction is under way at Tuttle with the parking lot being re-paved and a new fence going up around the complex. Staff is preparing a volunteer calendar for the coming year that will be included in the Fun Guide coming out next month. The Daddy Daughter Dance will be on Saturday, Jan 31st at The Hilton.

Adjournment

There being no further business to come before the Board at this time, the meeting was adjourned at 7:48 p.m.

PASSED AND APPROVED BY THE PARK BOARD OF THE CITY OF ROCKWALL, TEXAS, this 3rd day of February 2015.

Brad Bassett
Chairman, Park Board

ATTEST:

Wendy Young
Administrative Secretary

MINUTES
PARKS AND RECREATION BOARD
City Hall, 385 S. Goliad, Rockwall, TX 75087
April 1, 2014
6:00 PM

Call To Order

The meeting was called to order in the Council Chambers at 6:00pm by Board Member Chairman Marcus Yarbrough with the following Board Members present: Charles Johnson, Bob Lewis, Kevin Moffatt, Ray Harton, and Larry Denny. Brad Bassett was absent. Also present were Parks and Recreation Manager Andy Hesser, Administrative Secretary Wendy Young and Recreation Superintendent Aaron Dobson.

Consider approval of minutes from the February 4, 2014 Park Board meeting and take any action necessary.

The minutes from the February 4, 2014 Park Board meeting were provided to the Board for their review and approval. Board member Bob Lewis made a motion to approve the minutes. Board member Ray Harton seconded the motion which passed by a vote of 5-0, 1 abstain (Denny) and 1 absent (Bassett).

Discuss and consider a facility use agreement proposal at Leon Tuttle Athletic Complex for the purposes of installing and operating batting cages and take any action necessary.

Parks and Recreation Manager Andy Hesser explained Leo Rodriguez has approached the City about the possibility of installing and operating batting cages at Leon Tuttle Athletic Complex. Mr. Rodriguez currently has an agreement with the City to operate the concession stand at Tuttle. He has also previously operated Legends Batting Cages located off of Ralph Hall Pkwy. Mr. Rodriguez is proposing to obtain funding for the pitching machines, concrete, poles, lighting netting and signage required to operate three separate batting tunnels. The facility will be by reservation only. Staff recommends considering the following terms be included in the agreement:

- Provide necessary insurance and covers the City of Rockwall as additionally insured.
- Operator is responsible for maintenance of all equipment, signage, poles and netting.
- Include severability terms at the end of the agreement period or that if the operator is unable to perform to the terms of the agreement that the City may have first rights of refusal to acquire the equipment or it has to be removed at the operator's expense.
- Any modifications to the facility, pricing and operating hours must be approved by the Parks and Recreation Department.
- If batting cage facility is open outside of hours that Tuttle is operated by City Staff, i.e. in-season practice and game nights, the operator is responsible for closing and locking the facility.
- Operator will pay the City 30% of gross revenue receipts.

Mr. Hesser introduced Leo Rodriguez who presented a powerpoint. Mr. Rodriguez explained that he would like to propose and operate three batting cages at Leon Tuttle that would include lights, sound system, coaching area, full turf mats, windscreen for shade and other additional features. The estimated total for the cages would be $38,000. The cages would be fully staffed at all times. Board Member Ray Harton asked what the timeline would be for this project. Mr. Hesser stated that it would take the longest to pour the concrete and get netting and holes finished. It would take an estimated 30 days as long as funding was in place. Mr. Hesser stated that these cages would be a huge amenity to our RBSL program, providing more practice time to RBSL teams than they ever had. He stated that some tournament awards will require or show favoritism to facilities that have batting cages, bullpens, etc. and that is not an amenity all facilities have. Mr. Rodriguez explained that there would be training opportunities and clinics and people could play every day all year long without regard to maintenance or weather. These would be available during the off-season when fields at Tuttle are resting. Park Board Member Kevin Moffatt made a motion recommend City Council/City Manager to consider batting cages proposal as presented. Board Member Lewis seconded the motion which passed by a vote of 6-0.

Staff Updates

Mr. Hesser presented a news release from North Texas Municipal Water District stating that we are under Stage 4 water restrictions and can only water once every 2 weeks through the end of April. NTMWD will meet every month to evaluate the water situation. The City will not be able to put out perennials or annuals that require frequent water. Recreation Superintendent Aaron Dobson spoke about the latest Parks and Recreation events. The Eater Egg Hunt will take place on Saturday, April 12th at Harry Myers Park. We have 25,000 pieces of candy for kids, bounces houses and petting zoo and some games. Concert lineup sent out tonight through constant contact and raving fan club. There will be 12 concerts from May 8 through July 24. Rockwall Ford and Rockwall Dodge are presenting sponsors and this is their 10th year to be presenting sponsors. The Founders Day Festival will be moved to Harry Myers Park this year due to the construction close to downtown square. The headliner for this year is Charlie Daniels Band. The RBSL League ended at 797 registered in baseball and 46 girls in softball., 9 adult softball teams just played over the weekend and we have a co-ed division and a men's league. Our first USSSA tournament will be held April 26-April 27 and is open to 8u, 10u, 12u boys divisions.

Adjournment

There being no further business to come before the Board at this time, the meeting was adjourned at 7:32 p.m.

PASSED AND APPROVED BY THE PARK BOARD OF THE CITY OF ROCKWALL, TEXAS, this 6th day of May 2014.

Marcus Yarbrough
Chairman, Park Board

STATE OF TEXAS §
COUNTY OF ROCKWALL §
CITY OF ROCKWALL §

FRANCHISE AGREEMENT

THIS FRANCHISE AGREEMENT ("Agreement") is made and entered into by and between **Legends Batting Cages** ("Service Provider"), and the City of Rockwall, Texas ("City").

WHEREAS, the City, subject to the terms and conditions set forth herein, desires to grant to the Service Provider the non-exclusive franchise, license and privilege to provide, install, maintain and operate three (3) batting cages with pitching machines.

NOW THEREFORE, in consideration of the premises and the mutual promises, covenants and agreements set forth herein, the Service Provider and the City hereby agree as follows:

Section 1. Award of Concession Agreement. The City hereby grants to the Service Provider the non-exclusive franchise, license and privilege to provide, install, maintain and operate three (3) batting cages with pitching machines located at Leon Tuttle Athletic Complex 1550 Airport Rd. The layout and location of the batting cages must be approved by the City and may not be installed until the City has given written approval.

Section 2. Insurance. The Service Provider shall carry and maintain at all times during the term of this Agreement, or any extensions thereof, at a minimum, comprehensive liability insurance for bodily injury, including death, and property damage in the amounts of $2,000,000 per person, and $500,000 per occurrence, with the City being named as an additional insured. Such certificates of insurance shall be submitted annually to the Director of Parks and Recreation or his/her designee. Before commencement of services hereunder, the Service Provider agrees to furnish the City certificates of insurance or other evidence satisfactory to the City to the effect that such insurance has been procured and is in force. Such certificates of insurance shall be filed with the Parks and Recreation Director for its records. The City its officers, servants, and employees shall be named as additional insureds during the initial term and any renewals. The certificates shall contain the following express obligation:

> "This is to certify that the policies of insurance described herein have been issued to the insured for whom this certificate is executed and are in force at this time. In the event of cancellation or material change in a policy affecting the certificate holder, thirty (30) days prior written notice will be given to the City of Rockwall certificate holder."

Section 3. Maintenance. The Service Provider is solely responsible for maintenance of the batting cages, pitching machines and all improvements including but not limited to structures, supplies, equipment, signage, lighting, netting and support poles. All pitching machines shall be maintained and operated according to manufacturers recommendations.

Section 4. Operating hours and Fees charged. The Service Provider shall provide to the City's Park and Recreation Department a schedule of fees to be charged for the use of the batting cages. Service provider must give thirty (30) days written notice of any proposed

increase in fees from those established as of the date of this Agreement and such increase shall first be approved by the City's Park and Recreation Director and Park Board, whose approval shall not be unreasonably withheld. In addition, a schedule of the hours of operation shall be approved by the City's Parks and Recreation Department. Any signage advertising the cages shall be in conformance with the City's sign ordinance. Any time the batting cages are not being used on a rental or fee basis during normal park hours, the Service Provider shall make the batting cages available to the public to use as manual pitching tunnels without use of the Service Provider's pitching machines unless the pitching machines are under repair or maintenance. The City shall not be liable or responsible for any loss of revenue because of suspension or inability to provide the service due to causes beyond the reasonable control of either the City or Service Provider. Such causes shall include, but not be limited to, acts of God, acts of war, accident, explosion, fire, flood, riot, sabotage, or unusually severe weather conditions

Section 5. Concession Fee. The Service Provider agrees to remit to the City, on a monthly basis, a concession fee of 30% of all fees collected from patrons using the batting cage services. The Service Provider shall maintain at his respective place of business adequate books and records relating to the fees collected for batting cage rental or use. Such books and records shall be available at any time during normal business hours for inspection review and possible audit by the City, at the City's expense, upon reasonable advance notice.

Section 6. Modifications. The Service Provider and the City agree that should any additions, modification or alteration of the batting cages, signage, lighting, netting or other equipment be necessary to accommodate the service provided herein, such modification or alteration shall be done at the sole expense of the Service Provider, contingent upon the plans and specifications being reviewed and approved by the City. Any modification or alteration of the batting cages shall be ADA compliant.

Section 7. Terms. The term for this Agreement shall be for a period of two (2) years from the date hereof, with the ability to automatically renew annually for one (1) year periods for a maximum of three (3) additional years. Any failure by the Service Provider, or his successors and assigns, to observe the terms and conditions of this Agreement shall, if continuing or persisting without remedy for more than thirty (30) days after the receipt of due written notice from the City, constitute grounds for forfeiture and immediate termination of all the Service Provider's rights under this Agreement, and all such rights shall become null and void.

In the event of contract termination, The Service Provider shall remove all equipment and improvements and return the site to its original condition at the Service Provider's expense within 30 days of termination or give the City first rights of refusal to take possession of all equipment and improvements with mutually agreed upon terms.

Section 8. The Service Provider shall not deny employment to any person on the basis of race, creed, gender, or religion, and will insure that all federal and state laws pertaining to salaries, wages and operating requirements are met or exceeded.

Section 9. **THE SERVICE PROVIDER ASSUMES ALL RISKS OF LOSS OR INJURY TO PROPERTY OR PERSONS CAUSED BY ITS PERFORMANCE OF THE SERVICES. THE SERVICE PROVIDER AGREES TO INDEMNIFY AND HOLD HARMLESS THE CITY AND ITS AGENTS, DIRECTORS, EMPLOYEES, OFFICERS AND SERVANTS FROM AND AGAINST ANY AND ALL SUITS, ACTIONS, LEGAL PROCEEDINGS, CLAIMS, DEMANDS, DAMAGES, COSTS, LIABILITIES, LOSSES OR EXPENSES (INCLUDING, BUT NOT LIMITED TO, REASONABLE ATTORNEYS' FEES) INCIDENT TO**

ITS PERFORMANCE OF THE SERVICES CAUSED BY A WILLFUL OR NEGLIGENT ACT OR OMISSION OF THE SERVICE PROVIDER, ITS OFFICERS AND EMPLOYEES.

Section 11. Notices under this Agreement shall be deemed sufficient if sent to the following:

Service Provider:	City of Rockwall:
Legends Batting Cages 801 E. Interstate 30 Rockwall, TX 75087	Rick Crowley, City Manager 385 S. Goliad Rockwall, Texas 75087

Section 12. This Agreement shall be governed by the laws of the State of Texas, and venue for this Agreement shall be in Rockwall County, Texas.

Section 13. The City shall not be liable or responsible for any loss of revenue because of suspension or inability to provide the service at the docking area due to causes beyond the reasonable control of either the City or Service Provider. Such causes shall include, but not be limited to, acts of God, acts of war, accident, explosion, fire, flood, riot, sabotage, or unusually severe weather conditions.

Section 14: This **FRANCHISE AGREEMENT** is not assignable or transferable to any other party.

Section 15. Severability – If any section, sentence, clause, or paragraph of this ordinance is for any reason held to be illegal or invalid, such invalidity shall not affect the validity of the remaining portions of this ordinance.

This Agreement shall be effective as of the last date signed by either party below.

MEMORANDUM

TO: City Council

FROM: Robert LaCroix, Director of Planning & Zoning

DATE: July 20, 2015

SUBJECT: Policy for constructing boat related structures including dock decks, fixed piers and boathouses in Lake Ray Hubbard

At the July 6, 2015 City Council Meeting, the Council directed staff to prepare a policy procedure for the construction of boat related structures in Lake Ray Hubbard and bring that formal policy back to Council for their consideration and approval. Staff has attached a policy outlining a procedure for property owners to obtain building permits for boat related structures and which allows the City to considered adjustments to projected setback lines in certain cases. We have included an email from the City of Dallas stating that the "Modification of subleased property boundaries and general layout locations of take area structures is a City of Rockwall responsibility. Structure dimensions and building materials must adhere to standards approved in the Interlocal Agreement."

City of Rockwall Geographic Information Systems

Policy for Constructing Boat Related Structures in Lake Ray Hubbard

1. Only those properties eligible to lease and that have leased in the Lake Ray Hubbard Take Line Area may apply for a building permit to construct a boat related structure as allowed by the Lake Ray Hubbard Takeline Overlay District within the City of Rockwall.

2. An application for a boathouse, dock/deck, fixed pier or a combination there of shall require building plans and survey information indicating the proposed location of the structure in addition to both adjoining properties with dimensioned information indicating any existing boat related structures.

3. Should the projected setbacks lines into the 40’ build area of the lake limit or prohibit the applicant from constructing a boat related structure, the City may adjust the projected setback lines to allow for such construction only if such adjustment does not impede the adjoining properties from the ability to construct a boat related structure meeting the requirements of the Interlocal Agreement with the City of Dallas.

XIV. EXECUTIVE SESSION

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding Economic Development prospects pursuant to Section 551.087 (Economic Development)
2. Discussion regarding purchase or lease of real property / land acquisition in the vicinity of the downtown area for municipal purposes pursuant to Section § 551.072 (Real Property).
3. Discussion regarding possible settlement of City of Rockwall v. Temunovic Partnership, LTD., Case No. 1-14-878; 382nd District Court of Rockwall, Texas pursuant to Section 551.071 (Consultation with Attorney).
4. Discussion regarding (re)appointments to city regulatory boards, commissions, and committees including the Building and Standards Commission, Planning & Zoning Commission, and Board of Adjustments pursuant to Section 551.074 (personnel matters)

XV. RECONVENE PUBLIC MEETING & TAKE ANY ACTION AS RESULT OF EXECUTIVE SESSION

XVI. ADJOURNMENT

This facility is wheelchair accessible and accessible parking spaces are available. Request for accommodations or interpretive services must be made 48 hours prior to this meeting. Please contact the City Secretary's Office at (972) 771-7700 or FAX (972) 771-7727 for further information.

The City of Rockwall City Council reserves the right to adjourn into executive session at any time to discuss any of the matters listed on the agenda above, as authorized by Texas Government Code § 551.071 (Consultation with Attorney) § 551.072 (Deliberations about Real Property) § 551.074 (Personnel Matters) and § 551.086 (Economic Development)

I, Kristy Ashberry, City Secretary for the City of Rockwall, Texas, do hereby certify that this Agenda was posted at City Hall, in a place readily accessible to the general public at all times, on the 31st day of July, 2015 at 4:00 p.m. and remained so posted for at least 72 continuous hours preceding the scheduled time of said meeting.

MEMORANDUM

TO: **Rick Crowley, City Manager**

FROM: **Mary Smith, Assistant City Manager**

DATE: **July 31, 2015**

SUBJECT: **Proposed 380 Agreement for Sales/Use Tax**

First Texas Homes, an area home builder, through their representative, Doug Duffie has approached the City regarding the possibility of entering into a 380 agreement. Mr. Duffie will make a presentation at the work session regarding the proposal.

Briefly, First Texas Homes and their construction subs currently pay sales tax on home building materials at the point of sale – not at point of use. For example, if First Texas Homes purchases Acme Brick the sales tax is paid either to Dallas or to Denton where their sales offices are located rather than Rockwall where the home is being built. Mr. Duffie has said that he has researched their suppliers and none of them are located in Rockwall.

First Texas Homes proposed to change this by altering their accounting systems and paying Use Tax rather than sales tax. For the effort and expense to alter their systems and processes, they are asking for 40% of the Use tax paid to the City. Several area cities have entered into this kind of agreement, Rowlett several years ago with DR Horton and Frisco has agreements with several builders. Frisco is considering an agreement with First Texas Homes at this time.

CHAPTER 380 GRANT AGREEMENT BY
AND BETWEEN THE CITY OF ROCKWALL, TEXAS
AND FIRST TEXAS HOMES, INC.

This **CHAPTER 380 GRANT AGREEMENT** ("Agreement") is made by and between The City of Rockwall, Texas ("City", also referred to as "Grantor") and First Texas Homes, Inc. (the "Company"), acting by and through their respective authorized officers and representatives.

WHEREAS, the City Council of the City of Rockwall, Texas ("City Council") has investigated and determined that it is in the best interest of the City and its citizens to encourage programs, including programs for making loans and grants of public money to promote local economic development and stimulate business and commercial activity in the City pursuant to Chapter 380, Texas Local Government Code, as amended ("Chapter 380"); and

WHEREAS, the Company will be engaged in the business of purchasing building materials for its use on construction projects within the City; and

WHEREAS, the Company has advised that it would like to partner with the City, and that a contributing factor that would induce the Company to purchase items using a Texas Direct Payment Permit and generate economic development and local use tax revenue for the City, that would otherwise not be available to the City, would be an agreement by the Grantor to provide an economic development grant to the Company; and

WHEREAS, the Company desires to purchase and use new building materials within the City that will generate additional economic development and use tax revenue for the City; and

WHEREAS, the City Council has investigated and determined that the Company meets the criteria for providing the grants (hereinafter defined), pursuant to Chapter 380, based on, among other things, the Company: (i) acquiring properties for development, and constructing improvements; (ii) adding taxable improvements to real property in the City; and (iii) creating employment opportunities for the citizens of Rockwall ("Approved Project"); and

WHEREAS, the City has concluded that the Approved Project qualifies for a Grant under Chapter 380; and

WHEREAS, with the approval of this Agreement, the City hereby establishes a program authorized by Chapter 380 of the Texas Local Government Code to encourage and induce the generation of local use tax; and

WHEREAS, the Grantor has determined that making an economic development grant to the Company in accordance with this Agreement will further the objectives of the Grantor, will benefit the City and the City's inhabitants and will promote local economic development and stimulate business and commercial activity in the City;

NOW THEREFORE, in consideration of the foregoing, and on the terms and conditions hereinafter set forth, the sufficiency of which is hereby acknowledged, the parties agree as follows:

ARTICLE I
DEFINITIONS

1.01 For purposes of this Agreement, each of the following terms shall have the meaning set forth herein unless the context clearly indicates otherwise:

"City" and "Grantor" shall mean The City of Rockwall, Texas.

"Company" shall mean First Texas Homes, Inc.

"Commencement Date" shall mean August 1, 2015.

"Effective Date" shall mean August 1, 2015.

"Direct Payment Permit" also referred to herein as a "Texas Direct Payment Permit" shall mean that permit issued by the State of Texas authorizing Company to self-assess and pay applicable state and local use taxes directly to the State of Texas related to selected portions of Company's taxable purchases. Texas Rule 3.288 of the Texas Administrative Code defines the requirements and responsibilities of Texas Direct Payment Permit holders along with any amendments, permutations, or recodifications of such Code or Rules whether renaming such permits or otherwise modifying such provisions.

"Event of Bankruptcy or Insolvency" shall mean the dissolution or termination (other than a dissolution or termination by reason of a party merging with an affiliate) of a party's existence as a going business, insolvency, appointment of receiver for any part of a party's property and such appointment is not terminated within ninety (90) business days after such appointment is initially made, any general assignment for the benefit of creditors, or the commencement of any proceeding under any bankruptcy or insolvency laws by or against a party and in the event such proceeding is not voluntarily commenced by the party, such proceeding is not dismissed within ninety (90) business days after the filing thereof.

"Force Majeure" shall mean any delays due to strikes, riots, acts of God, shortages of labor or materials, war, terrorism, governmental approvals, laws, regulations, or restrictions, or any other cause of any kind whatsoever which is beyond the reasonable control of the party.

"Program" shall mean the economic incentive program established by the City pursuant to Chapter 380 of the Texas Local Government Code together with any amendments, permutations, or recodifications of such Code provisions whether renaming such economic incentive or other modifications thereof.

"Program Grant" shall mean the periodic payments paid by the City to the Company in accordance with Section 3 of this Agreement.

"Grant Period" shall mean consecutive six (6) month periods during the term of this Agreement, except that the first Grant Period shall begin on the Effective Date and continue through and include the last day of December 2015 following the Effective Date. For illustration purposes, assume the Effective Date is August 1, 2015 then the first Grant Period would begin on August 1, 2015 and continue through and include December 31, 2015. The next Grant Period would begin on January 1, 2016 and continue through and include June 30, 2016. The final Grant Period for the initial 10-year term of the Agreement would be from July 1, 2025 and end on July 31, 2025.

"Taxable Items" shall have the same meaning assigned by Sections 151.010 and 151.0101, TEX. TAX CODE, as amended.

"Impositions" shall mean all use taxes that may be imposed by public or governmental authority on the Company or any taxable items purchased and used by Company within the City.

"Use Tax Receipts" shall mean the Grantor's receipts from the State of Texas from the collection of one percent (1%) general City use tax imposed by the City pursuant to Chapter 321 of the Texas Tax Code, attributed to the collection of use tax by Company associated with the issuance of Company's Texas Direct Payment for Taxable Items used or consumed in the City.

"Use Tax Certificate" shall mean a certificate or other statement in a form reasonably acceptable to the Grantor setting forth the Company's collection of use tax imposed by and received by the Grantor from the State of Texas, for the use of Taxable Items by Company in the City for the applicable calendar month during a Grant Period which are to be used to determine Company's eligibility for a Grant, together with such supporting documentation required herein, and as Grantor may reasonably request.

ARTICLE II
TERM

2.01 Term. The term of this Agreement shall begin on the Effective Date and continue for a ten (10) year period.

2.02 This Agreement shall remain in effect until Grantor has made the Program Grants set forth in Section 3 of the Agreement, or until otherwise terminated under the provisions of this Agreement.

2.03 This Agreement may be extended for an additional period of time on terms mutually acceptable to both parties by a written agreement executed by both parties.

ARTICLE III
ECONOMIC DEVELOPMENT GRANT

3.01 Grant. Subject to the Company's continued compliance of all the terms and conditions of this Agreement, the Grantor agrees to provide Company with an economic development grant from lawful available funds payable as provided herein in an amount equal to 80% of the Use Tax Receipts, as previously defined herein (the "Grant"). The Grant will be paid semi-annually at the end of June and the end of December with the potential exception of the final Grant Period during the ten (10) year period following the execution of the Agreement, commencing August 1, 2015. The Grant will never include any monies the Company pays or owes to the State of Texas for any penalties for late payments, failures to report in a timely manner, and the like, related to the Use Tax Receipts.

3.02 Grant Payment. Grantor shall pay the Grant for the applicable Grant Period within forty-five (45) days after receipt of a Use Tax Certificate from Company following the end of each Grant Period, pursuant to Section 4.01. Company shall submit Use Tax Certificates to Grantor within thirty (30) days following the end of the applicable Grant Period, beginning with the first Grant Period. For illustration purposes, assume the first Grant Period begins on August 1, 2015 and continues through and includes December 31, 2015. Company would submit a Use Tax Certificate to Grantor for the first Grant Period by January 30, 2016 and Grantor would pay the first Grant within forty-five (45) days after receipt of the Use Tax Certificate. Further assume that the Use Tax Receipts for the first Grant Period equal Five Thousand Dollars ($5,000.00), then the amount of the first Grant would be Four Thousand Dollars ($4,000.00).

3.03 Amended Returns and Audits. In the event the Company files an amended use tax return, or report, or if additional use tax is due and owing, as a result of an audit conducted by the State of Texas that increases the Use Tax Receipts for a previous period covered within the term of this agreement, the Grant payment for the Grant Period immediately following such State approved amendment shall be adjusted accordingly, provided the Grantor must have received the Use Tax Receipts attributed to such adjustment. As a condition precedent to payment of such adjustment, Company shall provide Grantor with a copy of such amended use tax report, tax return or audit adjustment, and the approval thereof by the State of Texas.

3.04 Refunds. In the event the State of Texas determines that the City erroneously received Use Tax Receipts, or that the amount of use tax paid to the City exceeds the correct amount of use tax for a previous Grant paid to the Company, the Company shall, within thirty (30) days after receipt of notification thereof from the City specifying the amount by which such Grant exceeded the amount to which the Company was entitled pursuant to such State of Texas determination, pay such amount to the Grantor. The Grantor may at its option adjust the Grant payment for the Grant Period immediately following such State of Texas determination to deduct there from the amount of the overpayment. As a condition precedent to payment of such refund, the City shall provide Company with a copy of such determination by the State of Texas.

ARTICLE IV
DOCUMENTATION SUPPORTING THE ECONOMIC DEVELOPMENT GRANT

The conditions contained in this Article IV are conditions precedent to the Grantor's obligation to make any Grant payment.

4.01 Use Tax Certificate. During the term of this Agreement, the Company shall within thirty (30) days after the end of each Grant Period, provide the Grantor with a Use Tax Certificate relating to Use Tax Receipts paid during the Grant Period. The Grantor shall have no duty to calculate the Use Tax Receipts or determine Company's entitlement to any Grant for a Grant Period, or pay any Grant during the term of this Agreement until such time as Company has provided the Grantor a Use Tax Certificate for such Grant Period and the Grantor has received the actual Use Tax Receipts from the State of Texas attributable to such calendar months within the Grant Period. Company shall provide such additional documentation as may be reasonably requested by Grantor to evidence, support and establish the use tax paid directly to the State of Texas pursuant to Company's Direct Payment Permit. The Use Tax Certificate for each Grant Period shall at a minimum contain, include or be accompanied by the following:

a. A copy of all Texas Direct Payment Permit and self-assessment use tax returns and reports during the applicable Grant Period, use tax audit assessments or credits, including amended use tax returns or reports, filed by the Company during the Grant Period showing use tax paid directly to the State of Texas related to Company's operations for the Grant Period; and

b. Information concerning any refund or credit received by the Company of use tax paid by the Company which has previously been reported by the Company as use tax paid for a previous Grant Period within the term of this agreement.

Company will provide to Grantor the Use Tax Certificates from time to time pursuant to the terms of the Agreement, which are confidential ("Confidential Information") and, except as otherwise provided herein, may not be disclosed to a third party without the Company's consent. To the extent that any disclosure of the Confidential Information may be required by law, Grantor will use reasonable efforts to inform Company of the request in sufficient time for Company to assert any objection it may have to such disclosure to an appropriate judicial or administrative body.

4.02 Grantor must have received a Use Tax Certificate for the months within the Grant Period for which payment of a Grant is requested, and Grantor must have received the actual Use Tax Receipts for all calendar months within the Grant Period.

4.03 The Company intends to issue its Texas Direct Payment Permit to specific suppliers or vendors that provide large quantities of building materials or other tangible personal property.

4.04 The Company shall provide the Grantor with a true and correct copy of its Texas Direct Payment Permit, which permit shall be kept in full force and effect throughout the term of the Agreement.

4.05 Company or the City shall not have an uncured material breach or default of this Agreement.

ARTICLE V
TERMINATION

5.01 This Agreement may be terminated upon any one of the following:

(a) by mutual written agreement of the parties;

(b) by Grantor or Company, respectively, if the other party defaults or breaches any of the terms or conditions of this Agreement in any material respect and such default or breach is not cured within thirty (30) days after written notice thereof by the Grantor or Company, as the case may be;

(c) by Grantor, if any Impositions owed to the Grantor or the State of Texas by Company shall have become delinquent (provided, however, Company retains the right to timely and properly protest and contest any such Impositions);

(d) by Grantor, if Company suffers an Event of Bankruptcy or Insolvency;

(e) by Grantor or Company, respectively, if any subsequent Federal or State legislation or any decision of a court of competent jurisdiction declares or renders this Agreement invalid, illegal or unenforceable; or

(f) by Company, if the City does not pay the applicable Grant amount within 45 days of receipt of the Use Tax Receipts as required herein covered by a valid Use Tax Certificate issued by Company or fails to cure this breach within an additional 30 days and so long as the Company is not in default, or;

(g) expiration of the term, or any subsequent renewal of the term.

The rights, responsibilities and liabilities of the parties under this Agreement shall be extinguished upon the termination of this Agreement except for any rights, responsibilities and/or liabilities that accrued prior to such termination.

ARTICLE VI
MISCELLANEOUS

6.01 Binding Agreement. The terms and conditions of this Agreement are binding upon the parties to this agreement and their respective successors and permitted assigns. This Agreement may not be assigned without the express written consent of Grantor, which consent shall not be unreasonably withheld or delayed.

6.02 Limitation on Liability. It is understood and agreed between the parties that the Company and Grantor, in satisfying the conditions of this Agreement, have acted independently, and Grantor assumes no responsibilities or liabilities to third parties in connection with these actions. The Company agrees to indemnify and hold harmless the Grantor from all such claims, suits, and causes of actions, liabilities and expenses, including reasonable attorney's fees, of any nature whatsoever by a third party arising out of the Company's performance of the conditions under this Agreement.

6.03 No Joint Venture. It is acknowledged and agreed by the parties that the terms hereof are not intended to and shall not be deemed to create a partnership or joint venture between the parties.

6.04 Authorization. Each party represents that it has full capacity and authority to grant all rights and assume all obligations that are granted and assumed under this Agreement.

6.05 Notice. Any notice required or permitted to be delivered hereunder shall be deemed received three (3) days thereafter sent by United States Mail, postage prepaid, certified mail, return receipt requested, addressed to the party at the address set forth below (or such other address as such party may subsequently designate in writing) or on the day actually received if sent by courier or otherwise hand delivered sent via fax.

Dallas, TX 75219

6.06 Entire Agreement. This Agreement is the entire Agreement between the parties with respect to the subject matter covered in this Agreement. There is no other collateral oral or written Agreement between the parties that in any manner relates to the subject matter of this Agreement.

6.07 Governing Law. The laws of the State of Texas shall govern the Agreement; and this Agreement is fully performable in Rockwall, Rockwall County, Texas with exclusive venue for any action concerning this Agreement being in a court of competent jurisdiction in Rockwall County, Texas.

6.08 Amendment. This Agreement may only be amended by the mutual written agreement of the parties.

6.09 Legal Construction. In the event any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect other provisions, and it is the intention of the parties to this Agreement that in lieu of each provision that is found to be illegal, invalid, or unenforceable, a provision shall be added to this Agreement which is legal, valid and enforceable and is as similar in terms as possible to the provision found to be illegal, invalid or unenforceable.

6.10 Recitals. The recitals to this Agreement are incorporated herein.

6.11 Counterparts. This Agreement may be executed in counterparts. Each of the counterparts shall be deemed an original instrument, but all of the counterparts shall constitute one and the same instrument and any such counterparts shall be deemed to be incorporated herein.

6.12 Survival of Covenants. Any of the representations, warranties, covenants, and obligations of the parties, as well as any rights and benefits of the parties, pertaining to a period of time following the termination of this Agreement shall survive termination.

6.13 Sovereign Immunity. The parties agree that the City has not waived its sovereign immunity by entering into and performing its obligations under this Agreement.

6.14 Dispute Resolution. Any controversy or claim arising from or relating to this Agreement, or a breach thereof shall be subject to non-binding mediation, as a condition precedent to the institution of legal or equitable proceedings by any party unless the institution of such legal or equitable proceeding is necessary to avoid the running of an applicable statute of limitation. The parties shall endeavor to resolve their claims by mediation. Grantor and Company shall share the costs of mediation equally. The mediation shall be held in Rockwall, Texas, unless another location is mutually agreed upon. Agreements reached in mediation shall be enforceable as settlement agreements in any court having jurisdiction thereof.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Rick Crowley, City Manager**

FROM: **Mary Smith, Assistant City Manager**

DATE: **July 31, 2015**

SUBJECT: **Budget Planning Overview**

Tax Rate Overview

The City has received certified property tax information from the Rockwall Central Appraisal District (RCAD). We expect to receive the effective and rollback tax rate calculations on Monday.

Assessed Value	$ 4,314,158,274
Senior Property Values	379,063,284
New Values	105,331,475 (New Construction)

Percentage Increase:

From New Values	2.57%
From Existing Properties	2.62%
Overall	5.19%

Effective Tax Rate Estimate	47.66 cents per hundred
2016 Debt Service Payments	11,256,417
Estimated Debt Service Tax Rate	25.60 cents per hundred (current rate is 27.48 cents)
Rollback Rate Estimate	52.76 cents per hundred
Current Tax Rate	49.55 cents per hundred

Debt Projections

We will again propose to take advantage of the opportunity to do a debt refinancing for savings in the next couple of months. Preliminary evaluation of our current debt shows approximately $40,000,000 which is eligible for refinancing and for which savings are estimated to be in the 8-9% range over the remaining life of the debt. In addition, we will propose issuing $8.78million of new voter approved debt with first payments in FY 2016. This will provide funds for engineering and other costs associated with beginning the street rehabilitation projects approved in 2012. This will also provide the funds for the new I-30 on ramp.

We will also have a proposed water and sewer debt issue but are still finalizing the sizing of that issue.

We have previously discussed the potential to restructure the TIF debt to better align the debt service payments. The values have not grown as expected but with the new restaurant, hotel and condominium project starting this year, values should increase significantly in the next couple of years. The original TIF debt was issued in 2005 and 2006 when interest rates were significantly higher and the issues are therefore on the list that First Southwest is recommending for refinancing for interest savings as well.

Equipment

The City has deferred equipment purchases for the last couple of budgets and therefore find several pieces of equipment including dump trucks, backhoes, and vehicles that will need to be replaced soon. In addition, fire trucks have a front line lifespan followed by number of years as a reserve unit. The Chief is proposing we replace a 1999 pumper in the new budget. Due to the size and expense associated with large vehicles like fire trucks and other equipment being considered we will propose a shorter-term debt issuance for equipment as well. The size of that issue will be firmed up over the next couple of weeks as well.

Water and Sewer Fund

While rates were increased for fiscal year 2015, water consumption has still not returned to previous levels. The report issued by NTWMD for June 30 showed our consumption down 43% year to date. We expect to be able to pay water and sewer debt from system revenues next year but do not plan to reinstate the transfer to the General Fund. The district has notified the City of the intent to increase by 10% as well as increases in all sewer systems. In a meeting with member city managers, the district previewed their proposed budget, which included 78 new positions and more than $203million of capital purchases.

Revenue Projections

Staff has estimated total General Fund revenues for fiscal year 2016 to be at least $30,491,550.

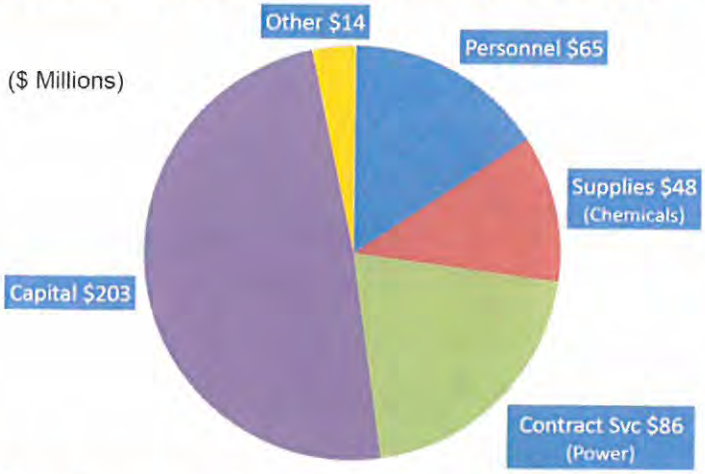
The assessed value growth is due primarily to the value of new housing starts in 2014, which are adding in excess of $105,000,000 to the tax rolls. By comparison – new growth for previous tax year was more than $195,000,000 though.

We are carefully considering the estimation of sales tax revenue for fiscal year 2016. The 2015 revenues were projected to increase by 2% but instead are in the 6% range. Looking back at increases for the last five, ten and fifteen year period shows average growth of 6 – 7% each of those periods. We are working through the budget process with projections of a 4% increase.

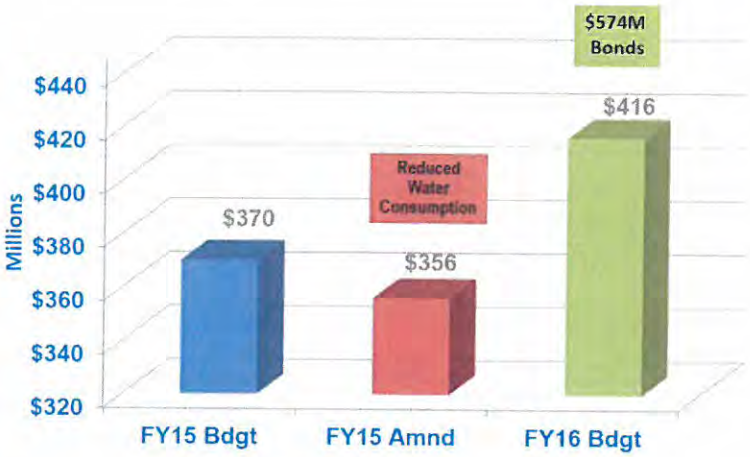
An additional major source of revenues for the City – Building Permits, and other construction related revenues, are expected to increase in fiscal year 2016 due to increased interest and activity among developers and builders.

Total Requested Expenditures

Department budget requests were submitted and the total is $33,715,150. The department heads were instructed to complete their budgets asking for those items or personnel they feel are needed for next year without regard to the potential for funding. This allows Council to see the full impact of items that may be deferred due to a lack of available funding.



Meetings with department heads have been completed and the process of building the proposed budget is nearing completion. We will meet with Council on August 31st to review the proposed balanced budget in its entirety that day. We intend to have budget workbooks ready by August 19th.



FY2016 Budget Summary

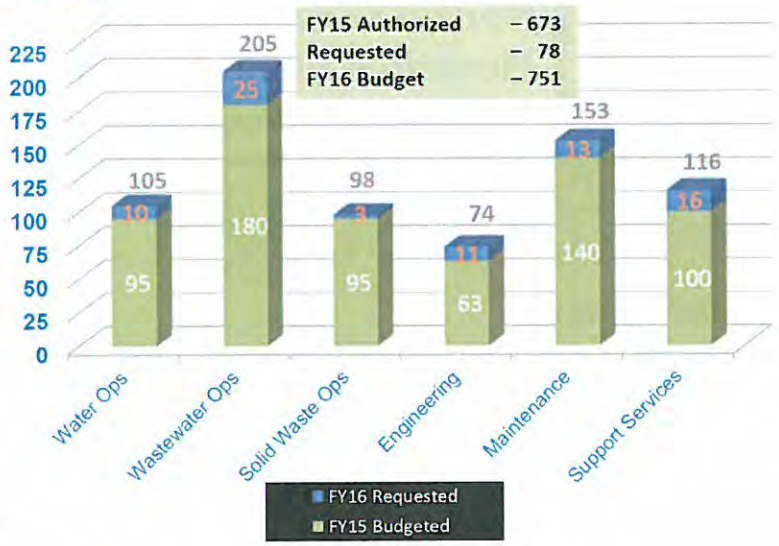
Overview

The North Texas Municipal Water District (NTMWD) serves approximately 1.6 million residents in the north Texas counties of Collin, Dallas, Denton, Fannin, Hopkins, Hunt, Kaufman, Rains, and Rockwall – a service area covering 2,200 square miles. **The NTMWD must responsibly plan and fund programs today to ensure continued reliable water, wastewater and solid waste services for our growing region.** Large capital projects take years to plan, permit and construct and are essential to support increasing needs over the next several decades. Additionally, current NTMWD systems and infrastructure require ongoing maintenance and improvements to meet existing and future customer needs, as well as regulatory requirements to maintain public health and safety. Effective management of increasingly complex and expansive systems requires an appropriate level of resources to ensure efficiency and compliance. The NTMWD proposed FY2016 budget was developed to address these challenges and responsibilities.

Overall FY2016 Proposed Budget = $416M

Key Components

- $574M Bond Issues = $28M debt service in FY16
  - **Water**: Wylie Water Treatment Plant expansion and improvements, Trinity River Main Stem Water Supply, Lower Bois d'Arc Creek Reservoir
  - **Wastewater**: Expansions at Stewart Creek West and Wilson Creek Regional Treatment Plants, as well as interceptor and overall system improvements.
  - **Solid Waste**: Lookout Drive Transfer Station expansion
- 78 personnel additions – $4.5M (75% of positions recommended by engineering and operations assessments)
- Implementation of Engineering Project Delivery Improvements Evaluation – $1M
- Continue to address U.S. EPA compliance initiative in wastewater system – $1M
- Reduction due to expiration of Dallas Water Utilities contract – ($3M)



Reduced water consumption in FY15 was due to drought conditions and water management strategies. However, growth and increasing demands are expected based on modeling projections, and the NTMWD must continue advancing critical projects in water, wastewater and solid waste services to be in a solid position to meet those needs.

Personnel Additions ~ 1% of Proposed FY16 Budget

When compared to similar service providers, the NTMWD has been operating below industry staffing levels in all systems. With the **CIP program expected to double in the next five years**, additional resources are required to effectively manage:

- planned system expansions to meet projected demands;
- new large capital projects;
- improvements and maintenance on existing systems; and
- regulatory requirements.

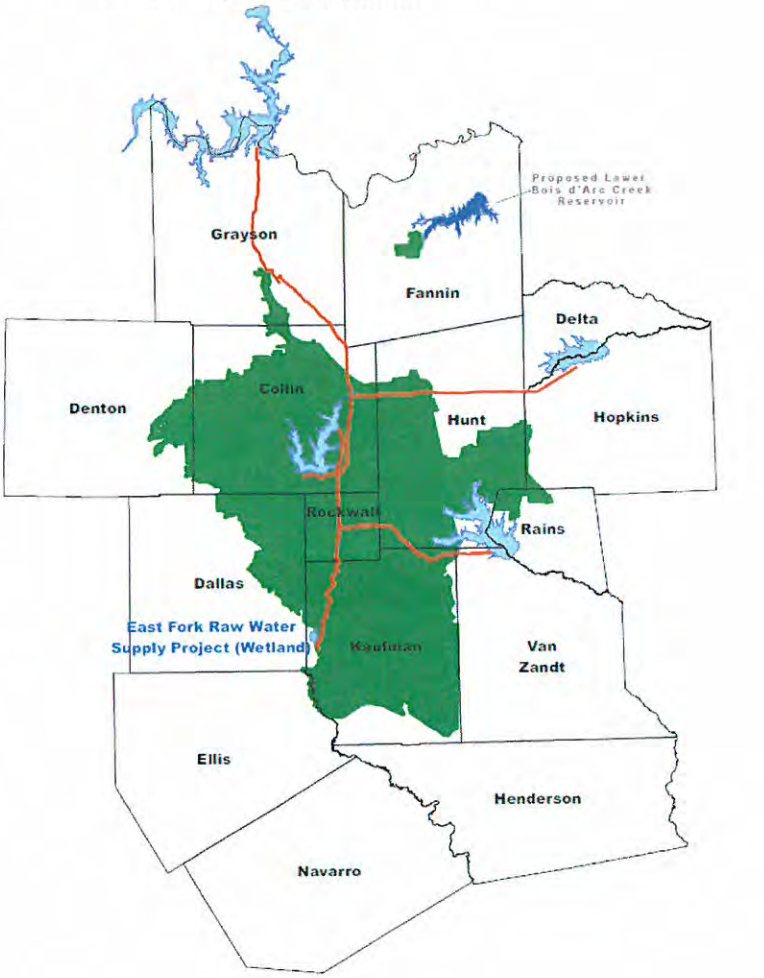
Additionally, **of the 642 active NTMWD employees, 63 have a high probability of retiring between now and 2020 – nearly 10% of the current workforce and primarily in management/supervisory roles**. It is critical that we continue succession planning now.

NTMWD Systems and Operations Stats

Water

- 370 million gallons per day (MGD) average raw water supply
- 6 water treatment plants – 806+ MGD capacity
- 566 miles of transmission pipelines
- 9 raw water pump stations
- 8 treated water pump stations
- 77 City delivery points

Wastewater



- Operate 17 wastewater treatment plants (11 owned by NTMWD, including 4 regional plants)
- 151+ MGD treatment capacity
- 8 interceptor systems with 250+ miles of large-diameter pipelines and 23 lift stations

Solid Waste

- 3 transfer stations, 3,295 combined permitted tons per day
- 800,000+ tons/year accepted at landfill

Environmental Services

- ~260,000 tests performed each year (NTMWD facilities, 60 public water systems, 59 industries)
- Monthly water source sample collections
- Manage 7 industrial pre-treatment programs, permitting for 59 industries in 11 cities
- Oversee permit applications, renewals, monitoring and compliance for all systems and capital programs
- Coordinate with multiple state/federal regulatory agencies
- Workload: ~ 10% increase per year over last 5 years

30

MINUTES
ROCKWALL CITY COUNCIL
Monday, July 20, 2015
4:00 p.m. Regular City Council Meeting
City Hall, 385 S. Goliad, Rockwall, Texas 75087

I. CALL PUBLIC MEETING TO ORDER

Mayor Pro Tem Lewis called the meeting to order at 4:00 p.m. Present were Mayor Pro Tem Dennis Lewis and Council Members David White, Mike Townsend, John Hohenshelt and Kevin Fowler. Mayor Jim Pruitt and Councilmember Scott Milder were absent from the meeting. Staff present at the meeting included City Manager Rick Crowley, Assistant City Managers Mary Smith and Brad Griggs, and City Attorney Frank Garza.

II. WORK SESSION

1. Hold work session with city's appointee to Rockwall County Open Space Alliance (RCOA) to hear update on the RCOA Master Plan and related board activities, and take any action necessary.

Ken Dickson
205 Meadowdale
Rockwall, TX

Mr. Dickson came forth and indicated that a community survey was recently conducted and a community work shop was held this past week in order to obtain citizen feedback. He indicated that, as the city's representative on this committee, he personally has some concerns. He shared that over fifty percent of respondents were residents currently living in the City of Rockwall, yet over 95% of the "wants" expressed in the survey are things that the City of Rockwall already provides. So, perhaps the citizens do not really have knowledge of what amenities the city offers as far as parks and open space are concerned. Mr. Dickson conveyed that some residents would like to have jogging/walking trails along the lake. He went on to explain that years ago, the city decided that it did not want Rockwall's Lake Ray Hubbard to be like White Rock Lake in Dallas. Instead, the city wanted lakefront, waterside lots with homes. He expressed that citizens need to be well informed about the fact that the city will likely never have jogging trails along the lake because such trails would go through homeowners' back yards, and this is not feasible.

The council generally asked that Mr. Dickson return to the RCOA and convey to them that the City of Rockwall does not have any plans (or ability) to construct jogging/walking trails along the lakefront.

Nell Welborn
Vice Chair of the RCOA
810 Lake Meadows Circle
Rockwall, TX 75087

Mrs. Welborn came forth and made it clear that the RCOA understands the arrangements pertaining to takeline leases along the lake and the impossibility of having walking/jogging trails along the lake. She shared that the consultant and others have indicated that there may be a future opportunity to connect by walking/jogging trails the Harbor and the SH66 boat ramp (by other means / other routes).

Mr. Dickson expressed that the City of Dallas and/or the Soil Conservation owns all of the lakes or ponds that are over one acre throughout the county. If the city or county were to try and take over any of these, doing so would come with a lot of responsibility regarding maintenance and upkeep of those lakes. After brief, additional comments, the council took no formal action as a result of Mr. Dickson's comments.

2. Hold work session to discuss and consider the provisions of Chapter 12. Businesses & Sales, Article XII. Ambulance Service of the Code of Ordinances, and take any action necessary.

Alma Williams Howard
219 Rush Creek Drive
Heath, TX

Mrs. Howard came forth indicating she represents Presbyterian Hospital of Rockwall. She thanked Medic Rescue for the services they have provided to the community over the years, especially early on when the city was growing and before a hospital was located within the City of Rockwall. Although she was a part of developing what is now the city's 'exclusivity ordinance' years ago, she now feels that lifting its provisions is prudent. She believes that competition and provider options will result in better patient care.

Cindy Paris
762 Black Oak Lane
Rockwall, TX 75032

Mrs. Paris spoke on behalf of Presbyterian Hospital Rockwall. She indicated that the hospital has been working diligently over the last eight years or so to be a good partner with Rockwall County EMS/Medic Rescue. She explained that the hospital has concerns related to delays in response times associated with patient transfers and patient care. Mrs. Paris had a heightened level of concern when, this past winter, Rockwall County EMS expressed during the ice days that they would not be helping the hospital with any transports in/out of the city. She feels the current EMS provider does not have the resources needed to adequately and sufficiently meet the demands of growth, both within the city and within the hospital.

Tammy Hawkins
103 Dunford Drive
Rockwall, TX 75032

Mrs. Hawkins came forth and generally indicated that she has worked for the hospital since 2007 before it opened. Over the years, delays associated with Medic Rescue's response times related to transports have become concerning, especially with regards to ensuring optimal patient care. She indicated that the ER staff has been told by the EMS

company that the hospital is not allowed to call another provider for transport because they will be fined.

Gorman Warren
CFO for Presbyterian Hospital Rockwall
10211 W. Dublin
Forney, TX 75126

Mr. Warren came forth and provided the city council with documents related to billing issues they've encountered with Medic Rescue. He shared that the hospital has been encountering billing-related issues with Rockwall County EMS since he came on board in 2012. Meetings were held in June and August of 2012 to try and work out the issues and provide information to Medic Rescue to resolve the billing concerns. In August, the hospital was presented with a bill that was close to $200,000 from Rockwall County EMS. He explained that bills, even recent ones, often do not contain a lot of detail beyond just the patient's name and dollar amount. By about March, after working closely with Martin Ramirez of Medic Rescue, the bill was worked down to about $74,000. He went on to explain different kinds of patient transfers that may occur and who pays for those (i.e. the hospital or the patient's insurance). He shared a lot of detail related to emails exchanged in the past related to billing-related issues.

Councilmember Townsend engaged the Presbyterian Hospital reps in dialogue related to the billing issues and how changing the city's ordinance may or may not really aid in remedying those types of concerns that apparently exist between the hospital and the provider. He generally expressed that he does not believe the city revoking its ordinance will result in these sorts of issues being resolved. Mr. Warren went on to reiterate that additional bills have been arriving, and the hospital does not understand why or what the bills are for. They expect that the patients' insurance companies will be billed, and whatever collections result, that is what the ambulance company gets paid.

Mrs. Hawkins again came forth, and she expressed the belief that allowing for options related to ambulance service providers will provide for more choices, more competition, more collaboration, and better customer service and care for residents.

Councilmember Hohenshelt expressed that he believes the billing-related concerns are business related concerns, rather than concerns that would warrant the city council getting involved by changing its exclusivity ordinance.

Mrs. Paris came forth and explained that they have been working to resolve issues for eight years. Furthermore, only having one option for an EMS provider and associated transport limits the options for ensuring optimal customer service and patient care. She went on to share that nurses and ER physicians have had instances of arguing with the ambulance provider's staff in the parking lot of the hospital, even at times screaming.

Councilmember White asked questions concerning which entity in the County ultimately oversees ambulance service provision and the quality of that service that the EMS provider on contract provides within our city and the county. Mr. Crowley indicated that the Emergency Services Corporation (ES Corp.) is the body that is ultimately responsible for oversight of ambulance service and its provision, emergency calls or transports, within the County. He suggested that the ES Corp. should have an opportunity to receive

complaints like these from EMS customers, investigate those and make decisions related to management of the EMS provider that is under contract. Mr. Crowley indicated that there is a complaint handling process in place to receive, look into and resolve EMS related complaints. He explained that there have been some complaints over the years, but not many. Councilmember White expressed concern that none of these issues have been taken through the proper channels via the ES Corporation. Mrs. Hawkins explained that, if the city's ordinance were lifted, the hospital would still use Rockwall County EMS; however, the hospital would have more choices if the level of service that is being provided is subpar. She believes that, in turn, Rockwall County EMS might then be more receptive to meeting the hospital's and patient's needs. After various comments, Councilmember White went on to suggest that perhaps a compromise would be to still grant exclusivity to the EMS provider on contract in the county, but allow that provider a "first right of refusal" related to transports if they are tied up and unable to respond in an acceptable amount of time. He stressed that he believes the reason the hospital is not getting good service is because they have not taken their concerns to the ES Corp. Furthermore, he does not believe the reason they're not getting good service is attributed to the city's exclusivity ordinance.

Mayor Pro Tem Lewis indicated that he agrees a lot of these issues should be directed to and handled by the Emergency Services Corporation. Lewis explained that a lot of past complaints have been addressed by the ES Corporation, but some of these issues expressed today could be taken to the ES Corporation.

Dr. Gary Bonacquisti
1114 Cambridge Court
Rockwall, TX 75032

He came forth and indicated he believe that the 911 system is currently overwhelming to the EMS provider, especially as the city grows. He believes that competition breeds better service. He wants the same freedom that Lakepointe Medical Center has with regards to calling whatever provider they want to call for patient transfers. He feels that patient care is suffering due to delays in transport response times. He expressed that he has concerns about 'patient diversion' to other facilities. He explained that just because a certain hospital in the county provides certain equipment or services does not mean that particular hospital is the best place for patients to go. He is concerned about patients being transported, through what he views as "diversion," to other medical centers when they exhibit certain symptoms. He believes clinical decisions like this should not be being made by the ambulance provider. He feels patients are being convinced by the ambulance crew to go elsewhere rather than to the facility of their choice or to the nearest facility.

Councilmember White expressed that he would like the ES Corp. to evaluate and report back to the city on what it thinks, as a body, about Rockwall's 'exclusivity ordinance.' Also, he would like these complaints and concerns reviewed and some sort of formal opinion issued related to these matters. Mayor Pro Tem Lewis indicated that he will take these thoughts to the ES Corp. at its board meeting this Wednesday.

Councilmember Fowler inquired as to why the ambulance service provider may be diverting patients away from certain facilities in favor of taking them to others.

Councilmember Hohenshelt suggested that perhaps the existing 'service agreements' between the ES Corp. and the ambulance service provider could be revisited to add some language that addresses, in more detail, things like billing expectations (i.e. all billing shall be issued to the payee within 90 days).

Mitch Ownby
Rockwall County EMS / Medic Rescue
255 Country Club Drive
Heath, TX 75032

Mr. Ownby came forth and expressed that the EMS system was designed back in 2002 in order to provide the most economical service to the citizens. Half or so of the EMS budget is provided for by non-emergency transport business. He explained that essentially, exclusivity allows for the ability to keep the subsidy paid to the ambulance company as economical (low) as possible. He explained that the County pays fifty percent of the 911 subsidy to the company, and the other member cities pay the remaining 50% on a pro rata basis (according to population). So, the City of Rockwall currently pays about $150,000 per year for its 911 ambulance service (emergencies), and next year it is slated to drop to just under $130,000. Other cities, he explained, may run their own ambulance services through their fire department, a service, in those instances, that is generally fully subsidized by public finds. He explained that his company remains in compliance with the contract it has in place with the ES Corporation, and it is in compliance with the contract it has with Presbyterian Hospital (which, he explained, was made in an effort to be a good partner). He shared that the purpose of an exclusivity ordinance, over all, is to save tax dollars and allow for a more consistent vetting process. General discussion took place related to the number of ambulances Medic Rescue has and how many staff it employs and when. Also, brief comments were exchanged related to any contracts that Medic Rescue has in place with facilities, be they nursing homes, hospitals or otherwise.

At the request of Councilmember Townsend, Mr. Ownby explained how the process of patient transport works, including triage, emergency vs. non-emergency, and response times.

Councilmember Townsend asked Mr. Ownby to address why patients would be diverted to one facility or another. Mr. Ownby explained that patient transport destinations are based on the best equipped, nearest hospital, and his company does have a 'destination protocol' in place. Townsend asked if the patient has an ability to express a preference. Mr. Ownby indicated that, yes, they do have an ability to express a preference; however, in certain instances, when there is a high acuity, certain hospitals are preferred. For example, burn patients go to Parkland. He asserted that the goal is to ensure the patient gets to the facility where he/she can be treated.

Councilmember Fowler asked what would happen if the city revokes its existing exclusivity ordinance. Mr. Ownby indicated that nothing would change with regards to 911 / emergency calls; however, most likely it would result in the EMS company having to approach the ES Corp. to renegotiate its contract because its subsidy costs would likely go up, being that funds generated from non-emergency transports would presumably go down. If every non-emergency call for transport out of Presby alone went away entirely, it would cost Medic Rescue about $600,000 annually.

Councilmember Hohenshelt asked how the company arrives at the amount of subsidy it is going to request from the ES Corporation annually. Mr. Ownby generally indicated that it is based on a three page spreadsheet that reflects estimated growth, system demand and volume and the associated cost (based on an extrapolation of cost per trip). The annual projection is based on actual costs from the previous year.

Mayor Pro Tem Lewis requested that an agenda item be placed on the next city council meeting agenda for the city council to decide on repealing the exclusivity ordinance, leaving it in place or amending it. In the meantime, at this week's ES Corp. board meeting, he will solicit feedback from the board concerning Rockwall's exclusivity ordinance and its possible revocation.

3. Hold work session to hear from representative(s) of the Rockwall Area Chamber of Commerce concerning the "I Shop Rockwall Campaign," and take any action necessary.

Robin Chouteau
166 Elm Hollow Court
Sherman, TX 75092

Mrs. Chouteau came forth and indicated that she is on the Board of Directors of the Chamber of Commerce, and she is one of the owners of Honda Cars of Rockwall. Also, she is currently in the process of moving to Rockwall.

Mrs. Chouteau asked if she would be allowed, as part of this campaign, to place an "I Shop Rockwall" magnet on city vehicles in order to help promote the program and encourage people to shop locally in Rockwall. She explained that this program will begin to be advertised on Facebook and other social media sites

Richard Redig
Blue Ribbon News
Box 967
Rockwall, TX 75087

Mr. Redig came forth and provided some additional information related to how this campaign will be marketed, including a Honda CRV that will be driven around and will reflect sponsorships for the program. He explained that he would like the city's help in allowing some additional signage around the city, including on city vehicles, that say "I Shop Rockwall" to help promote the program. They also have plans to conduct a contest to help promote the program as well.

Mrs. Chouteau explained that, as part of the program, they also hope to be able to purchase additional Christmas decorations that would benefit the city.

Mr. Crowley clarified that, if the city does allow for magnetic signage to be placed on city vehicles, those signs would only reflect "I Shop Rockwall" and would not reflect any names or information related to business sponsorships participating in the campaign. Mr. Crowley expressed that any additional signage around town would need to conform to the city's sign ordinance.

4. Hold a work session to discuss and consider animal surrender policies at the Rockwall Animal Adoption Center, and take any action necessary.

Mr. Griggs indicated that staff would like to propose that this issue be discussed at this week's Rockwall Animal Adoption Center / Shelter Advisory Committee meeting, and then have a proposed ordinance placed on the August 3 city council meeting for consideration.

At 5:27 p.m. Mayor Pro Tem Lewis read the below listed discussion items into the record before recessing the public meeting into Executive Session.

III. EXECUTIVE SESSION.

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding status of Rockwall Harbor Landing, Inc. vs. City of Rockwall pursuant to Section 551.071 (Consultation with Attorney)
2. Discussion regarding the city's concession agreement with Suntex Marina / Suntex RHCL Marina, LLC pursuant to Section § 551.071 Consultation with Attorney)
3. Discussion regarding possible legal claim related to Oncor pursuant to Section 551.071 (Consultation with Attorney)
4. Discussion regarding (re)appointments to city regulatory boards, commissions, and committees including the Building and Standards Commission, Planning & Zoning Commission, and Board of Adjustments pursuant to Section 551.074 (personnel matters)

IV. ADJOURN EXECUTIVE SESSION

Executive Session was adjourned at 5:45 p.m.

V. RECONVENE PUBLIC MEETING

The meeting was reconvened at 6:00 p.m. with all council members except for Mayor Pruitt and Councilmember Milder present.

VI. TAKE ANY ACTION AS A RESULT OF EXECUTIVE SESSION

No action was taken as a result of Executive Session.

VII. INVOCATION AND PLEDGE OF ALLEGIANCE – COUNCILMEMBER FOWLER

Councilmember Fowler delivered the invocation and led the Pledge of Allegiance

VIII. OPEN FORUM

Brenda Cross
1287 Standford
Rockwall, TX 75087

Mrs. Cross came forward and indicated that she is speaking on behalf of the Rubber Duck Regatta. She thanked the Council for all of its support over the years. She handed out several rubber ducks, encouraging various city departments to have a fun challenge among themselves to see who can decorate the best duck. She thanked various city council members for taking part in the event since 2012, and she encouraged the ones who have not yet been involved to come out and join in the activities.

Alma Williams Howard
219 Rush Creek Drive
Heath, TX 75032

Mrs. Howard came forth and spoke in favor of Dr. Burney and his request for waiver of certain city assessed fees as he relocates his practice to the City of Rockwall. She believes his practice will bring to the community very high end, high volume benefits to the city and its citizens.

Lance Holmes
Senior Director of Business Development
Presbyterian Hospital of Rockwall

Mr. Holmes came forth to encourage the Council to consider granting waivers to Dr. Burney and his practice related to what seems to be an exorbitant amount of fees. He indicated that the closer to home a patient is able to receive care, the faster he/she heals. He believes Dr. Burney's practice will be of great benefit to the community.

Mr. Bob Wacker
806 Miramar Drive
Rockwall, TX 75087

Mr. Wacker indicated that he is a patient of Dr. Burney, and he believes him to be a great orthopedic surgeon. He went on to express that he is aware of a fire that somewhat recently occurred in Heath, and he had heard there was not an adequate water supply. He wonders if there is any similar type of danger within the City of Rockwall (related to inadequate water supply).

Allison Haft
2323 N. Houston Street #308
Dallas, TX 75219

She indicated that she is now a Dallas County resident, formerly a Rockwall County resident. She came forth and offered brief comments related to lakefront property values as well as lake views and lake access for residents who own homes and property along the takeline (Action Item #5). She generally encouraged the city council to not make any

modifications to the takeline provisions that have been in place pertaining to boat houses since the takeline was first established years ago.

Mr. Bill Swisher
4422 Scenic Circle
Garland, TX

Mr. Swisher came forth and indicated that he is a Garland resident and is a lakefront homeowner in that city. He was a member of the Lakeside Coalition some years ago. He explained that the intent of the coalition was to reduce, prevent and eliminate erosion along the Lake Ray Hubbard shoreline through quality, uniformity and consistency. The hope was to allow lakefront property owners access to the lake via lake houses/boat houses. He generally expressed that the extension of property lines out into the water has never been mentioned pertaining to properties along the lake in any of the lakeside cities. He believes that passing a policy that does call for extending property lines out into the lake would be contrary to the Lakeside Coalition's intentions to encourage lake access for property owners living along the lakeshore.

Mr. Charlie Shearer
431 W. Main Street
Denison, TX 75020

Mr. Shearer indicated that he served on the Lakeside Coalition that initially took a look at construction of boathouses and boat docks along the lake for all cities involved. He generally believes that the boathouse that would be constructed would enhance the property and its value. He expressed that passing the proposed policy with regards to extending property lines out into the lake would go against the Lakeside Coalition's original intent for lakeside properties.

Jannie Cullin
1604 S. Lakeshore Drive
Rockwall, TX 75087

Mrs. Cullin indicated that the policy being considered tonight under Action Item #5 affects her property and Mrs. Foster's property, who is her neighbor. She explained that Mr. Foster knew when he bought the property that he had a very small amount of lake frontage. She explained that Mr. Foster has only become concerned about the building of a boathouse as he is attempting to sell the home. In April of 2012, she explained that Mr. Foster had previously approached the Cullin's asking for a 10' waiver to allow Mr. Foster to build a boat dock, not a boat house. Mrs. Cullins indicated that Mr. Foster then took that letter that the Cullins had signed and presented it to the City of Rockwall. He was subsequently granted a boathouse permit. She requested that the council consider allowing the Cullins' letter to be rescinded since they were under the impression that the waiver granted would be associated with building a boat dock, not a boat house.

Mr. Mike Foster
1600 S. Lakeshore Drive
Rockwall, TX 75087

Mr. Foster indicated that when he purchased the property, there was no such thing in place as a 'takeline area.' He had been under the impression that this property had lake access of about 120' until the year 2012 when he began looking into getting a boathouse permit. Mr. Foster indicated that the waiver he requested from the Cullins property owner was to ask for a boat house because a waiver was not needed for a boat dock or a pier. Mr. Foster went on to display a series of photographs showing the boat house that the Cullins constructed a number of years ago. He also shared photos of the view of the lake and lakeside structures from another piece of property that the Cullins own in Chandlers Landing. He generally encouraged the council to allow him to build the boat house he would like to construct, as he does not believe property values will be adversely affected.

IX. CONSENT AGENDA

1. Consider approval of the minutes from the July 6, 2015 regular city council meeting, and take any action necessary.

2. Consider approval of a resolution authorizing the City Manager to execute an Interlocal Purchasing Agreement with the City of Midlothian, and take any action necessary

3. Consider approval of a resolution allowing a temporary partial closure of FM 552 (John King Boulevard to the Rockwall East City Limits), FM 549 (FM 3097 to SH 205) and SH 205 (FM 549 to South John King Boulevard) for the Hot Rocks Bike Ride on Saturday, August 8, 2015 from 6:30 AM to 3:00 PM, and take any action necessary.

4. Consider approval of a resolution authorizing the City Manager to execute an Interlocal Purchasing Agreement with the City of Frisco, and take any action necessary.

5. **P2015-023** - Consider a request by Chase Finch of Corwin Engineering, Inc. on behalf of John Arnold of BH 60's Pod, LTD for the approval of a final plat for Phase IXA of the Breezy Hill Subdivision, consisting of 55 single family lots on a 16.805-acre tract of land identified as Tract 7-13 of the T. R. Bailey Survey, Abstract No. 30 and J. Simmons Survey, Abstract No. 190, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 74 (PD-74) for Single Family 10 (SF-10) District land uses, located at the northwest corner of the intersection of FM-552 and Breezy Hill Lane, and take any action necessary.

6. **P2015-024** - Consider a request by Chase Finch of Corwin Engineering, Inc. on behalf of Matt Alexander of the Cambridge Company, Inc. for the approval of a final plat for Phase 2 of the Rockwall Downes Subdivision, consisting of 30 single family lots on a 11.923-acre tract of land identified as a portion of Tract 3 of the J. M. Allen Survey, Abstract No. 2, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 10 (PD-10) for residential land uses, located at the northeast corner of the intersection of John King Boulevard and Discovery Boulevard, and take any action necessary.

7. **P2015-025** - Consider a request by Chase Finch of Corwin Engineering, Inc. on behalf of Matt Alexander of the Cambridge Company, Inc. for the

approval of a final plat for Phase 3 of the Rockwall Downes Subdivision, consisting of 26 single family lots on a 8.559-acre tract of land identified as a portion of Tract 3 of the J. M. Allen Survey, Abstract No. 2, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 10 (PD-10) for residential land uses, located at the northwest corner of the intersection of John King Boulevard and Discovery Boulevard, and take any action necessary.

Councilmember Townsend made a motion to approve the entire Consent Agenda. Councilmember Hohenshelt seconded the motion, which passed by a vote of 5 in favor with 2 absent (Pruitt and Milder).

Mayor Pro Tem Lewis indicated that the agenda would be reordered to address Action Item #1 next on the council agenda.

X. APPOINTMENTS

1. Appointment with the Planning and Zoning Chairman to discuss and answer any questions regarding cases on the agenda and related issues and take any action necessary.

Mr. Renfro, Chair of the P&Z Commission, came forth and briefed the board on recommendations of the Commission relative to items on tonight's city council agenda. No action was taken at this time.

2. Appointment with Jim Lambeth of Linebarger, Goggan, Blair & Sampson LLP to present information regarding a bid received for delinquent property taxes at 464 Evans at an amount less than the outstanding taxes, and take any action necessary.

Representatives for this appointment item did not show up at the meeting. Therefore, this item was not addressed, and no action was taken.

3. Appointment with Joey Howell to discuss and consider initiating a development agreement, in accordance with Chapter 212 of the Texas Local Government Code, for a property identified as Tract 18 & 18-01 of the S. McFadgin Survey, Abstract No. 142, Rockwall County, Texas, being a ~98-acre tract of land situated within the City of Rockwall's Extraterritorial Jurisdiction (ETJ), located south of SH-276 on the east side of FM-548, and take any action necessary.

Councilmember Hohenshelt indicated that he will be recusing himself from this agenda item (he owns this property), and he has filed an affidavit with the City Secretary.

Planning Director Robert LaCroix provided brief background information related to this agenda item.

Mr. Howell came forth and indicated that he has been developing properties in the area for about the last thirty years. He recently was a partner in developing the Trend Tower, but he has also been a part of developing residential subdivisions (i.e. Hillcrest Shores). Regarding this particular property, he would like to build one acre lots and utilize septic tank systems on these properties. He explained that he has been working with staff on

how this project may be able to come to fruition because the County, where the property is currently located, requires 1.5 acre lots for septic systems. He shared that, although this area is not currently located within the city limits, it will eventually be in the city, as it is located in the city's ETJ (extraterritorial jurisdiction). In working with staff and in speaking with the Commissioners Court at the County, he believes that proceeding with the 212 development agreement will be the most agreeable, viable option since annexing into the city at this time is not possible.

Mr. LaCroix indicated that the county's main concern is related to the proposed septic systems and the lot coverage that they fear may limit an adequate septic area to ensure the systems run efficiently.

Mr. Howell went on to clarify that these lots will actually very likely end up being 1.5 acre lots anyway, because essentially the portions of the lots that are located in the floodplain will not 'count' towards the required 1.0 acre needed for the septic systems. He explained that this issue has in fact been discussed with Ron Merritt, the county's health-related authority that oversees septic tank systems.

Mr. Crowley asked how future homeowners would be informed of the fact that someday their home will be annexed into and located within the City of Rockwall city limits. He stressed a desire to have Mr. Howell and his developers / builders to ensure that people purchasing homes in this area are clearly and certainly informed that they will be annexed into the city at some point.

Councilmember Fowler made a motion to initiate this agreement. Mr. LaCroix indicated that staff would like to have some additional time for the city attorney to review the terms of this contractual agreement (the 212) before bringing it back to the city council for actual approval at the next city council meeting. Fowler subsequently withdrew his motion.

Council generally indicated they would like to have staff and the city attorney work with Mr. Howell to have an agreement brought back to Council for consideration at the next council meeting, indicating that some legal and contractual related items need to be worked out first. Also, the city would like to see a draft document that shows how future home buyers will be made aware that, at some point, their property will be annexed into and become part of the City of Rockwall. Therefore, no formal action was taken at this time related to this agenda item.

XI. PUBLIC HEARING ITEMS

1. **Z2015-015** - Hold a public hearing to discuss and consider approval of an **ordinance** for a request by Rich Darragh of the Skorburg Company on behalf of the owner William Audy Riggs, SR Estate for a zoning change from an Agricultural (AG) District to a Planned Development District for Single Family 10 (SF-10) District land uses, on a 93.00-acre tract of land identified as Tract 33 of the J. Strickland Survey, Abstract No. 187, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, located on the east side of Breezy Hill Road north of FM-552, and take any action necessary.**(1st Reading)** ***(Applicant has requested to withdraw)***

Mayor Pro Tem Lewis indicated that the applicant has withdrawn this case at this time. So, he would have to go back through the process from the beginning if he wishes to bring it forth again.

2. **Z2015-020** - Hold a public hearing to discuss and consider approval of an **ordinance** for a request by Wayne Mershawn of Mershawn Architects on behalf of Rex Walker of Life Springs Church for a Specific Use Permit (SUP) for a church in an Agricultural (AG) District for a seven (7) acre portion of a larger 28.881-acre tract of land identified as Tract 15-01 of the J. Strickland Survey, Abstract No. 187, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the SH-205 By-Pass Corridor Overlay (SH 205 BY-OV) District, located on the north side of John King Boulevard east of the intersection of John King Boulevard and SH-205, and take any action necessary. **(1st Reading)**

After brief comments from Mr. LaCroix, Mayor Pro Tem Lewis opened the public hearing. There being no one wishing to come forth and speak, he then closed the public hearing. Councilmember Townsend made a motion to approve Z2015-020. Councilmember White seconded the motion. The ordinance was read as follows:

CITY OF ROCKWALL

ORDINANCE NO. 15-___

SUP NO. _____

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT TO ALLOW FOR A "CHURCH" WITHIN AN AGRICULTURAL (AG) DISTRICT, BEING A 7.00-ACRE PORTION OF A LARGER 28.881-ACRE TRACT OF LAND IDENTIFIED AS TRACT 15-01 OF THE J. STRICKLAND SURVEY, ABSTRACT NO. 187, AND GENERALLY LOCATED ON THE NORTH SIDE OF JOHN KING BOULEVARD EAST OF THE INTERSECTION OF JOHN KING BOULEVARD AND SH-205, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS, AND MORE SPECIFICALLY DESCRIBED IN EXHIBIT "A" ATTACHED HERETO; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion passed unanimously of Council present (2 absent – Pruitt and Milder).

3. **Z2015-021** - Hold a public hearing to discuss and consider approval of an **ordinance** for a request by Sam Ellis on behalf of the owner, the George Dewoody Estate, for a Specific Use Permit (SUP) for a daycare facility in an Agricultural (AG) District for a two (2) acre parcel of land identified as Lot 1 of the Dewoody Addition, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the North SH-205 Corridor Overlay (N SH-205 OV) District, addressed as 3011 N. Goliad Street [SH-205], and take any action necessary. **(1st Reading)**

Planning Director Robert LaCroix provided background information related to this agenda item. Notices were sent out to adjacent property owners (total of 66) located within 500' of the subject property. Nearby HOAs were notified as well, and two notices

were received back expressing support of this request. The applicant would need to come at a later date and submit a detailed site plan and go through an architectural review. The P&Z Commission has recommended approval of this case.

Sam Ellis, the applicant, came forth and offered brief comments, generally explaining the purpose of his request and asking the council for approval.

Mayor Pro Tem Lewis opened the public hearing and asked if anyone would like to come forth and speak.

Bob Wacker
806 Miramar Drive
Rockwall, TX 75087

Mr. Wacker indicated that he was involved in the townhome development behind CVS. He explained that he is concerned about traffic ingress and egress, suggesting that another entrance/exit be added on the north side.

Troy Clark
3025 N. Goliad
Rockwall, TX

Mr. Clark indicated that he is the property owner located immediately to the north of this location. He expressed support for approval of this item.

Mr. LaCroix clarified that the owner could replat the property, but the zoning of this property would stay in place.

Councilmember White made a motion to approve Z2015-021. Councilmember Townsend seconded the motion. The ordinance was read as follows:

CITY OF ROCKWALL
ORDINANCE NO. 15-___
SUP NO. _____

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT TO ALLOW FOR A "DAYCARE FACILITY" WITHIN AN AGRICULTURAL (AG) DISTRICT, BEING A 2.00-ACRE PARCEL OF LAND IDENTIFIED AS LOT 1 OF THE DEWOODY ADDITION, AND LOCATED AT 3011 NORTH GOLIAD STREET, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS, AND MORE SPECIFICALLY DESCRIBED IN EXHIBIT "A" ATTACHED HERETO; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion passed unanimously of those present (2 absent – Pruitt and Milder).

4. **Z2015-022** - Hold a public hearing to discuss and consider approval of an **ordinance** for modifications to Article IV, Permissible Uses, and Article V, District Development Standards, of the Unified Development Code for the purposes of creating a standard for cultured stone, and adding standards for a Portable Beverage or Food Facility, and take any action necessary. **(1st Reading)**

Planning Director Robert LaCroix provided background information related to this agenda item. P&Z has recommended approval of this item. Mayor Pro Tem Lewis opened the public hearing and asked if anyone would like to come forth and speak. There being no one, the public hearing was closed. Councilmember White made a motion to approve Z2015-022. Councilmember Townsend seconded the motion. The ordinance was read as follows:

CITY OF ROCKWALL
ORDINANCE NO. 15-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [ORDINANCE NO. 04-38] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, BY AMENDING SECTIONS 1.1 & 2.1.6 OF ARTICLE IV, PERMISSIBLE USES, AND SECTION 6 OF ARTICLE V, DISTRICT DEVELOPMENT STANDARDS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion passed unanimously of Council present (2 absent – Pruitt and Milder).

5. **Z2015-016** - Hold a public hearing to discuss and consider approval of an **ordinance** for a request by Stacey McVey of Double Eagle Properties on behalf of the owner 308 ON 276 LP for a zoning change from an Light Industrial (LI) District to a Planned Development District for Single Family 10 (SF-10) and General Retail (GR) District land uses, on a 316.315-acre tract of land identified as Tract 1 of the M. E. Hawkins Survey, Abstract No. 100, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, located at the northeast corner of the intersection of Rochelle Road and SH-276, and take any action necessary. **(1st Reading)** ***(Applicant has requested to postpone to the Aug. 3, 2015 regular cc mtg.)***

Mayor Pro Tem Lewis announced that this item has been postponed until the August 3, 2015 city council meeting.

XII. ACTION ITEMS

1. Discuss and consider a request from Dr. Umar Burney for waiver of fees owed on a development which includes a medical office building (Ortho Specialists of Dallas) located on Summer Lee Drive behind the Aldi building, and take any action necessary.

Mr. Crowley indicated that Mr. Burney has contacted the city to ask for consideration of waiver of pro rata fees associated roadway and water line impact fees.

Dr. Umar Burney
825 Roth Avenue
Richardson, TX

Mr. Burney came forth and thanked those who have expressed support today for this new facility that is slated to be opened in Rockwall. He explained that the impact fees that are being presented to him equate to nearly six figures. He went on to explain the various advantages and services that his business will provide to the citizens of Rockwall. He generally indicated that he has been surprised by these fees. Furthermore, based in the services his business will bring that will benefit the community, he requested that the city council consider reviewing the proposed impact fees and waive them at this time.

Councilmember Hohenshelt asked if any other business that would otherwise be moving in at this particular location would be faced with the same fees. Mr. Crowley explained that the larger cost of the roadway in front of the city was paid for by the city up front as well as the water line in as an effort to attract the hospital. However, pro rata shares associated with these expenses have since been paid for by the other businesses that have since located along this particular roadway. Dr. Burney is now requesting special consideration from Council concerning his pro rata fees.

City Engineer Tim Tumulty clarified that impact fees are discussed upfront when a business first sits down in pre-meetings with staff members. So, while he understands that this is contrary to what Dr. Burney has shared (that they just very recently found out about these fees), it is normal practice to present these fees upfront when development is forthcoming.

It was stated that impact fees are normal practice, and other cities commonly impose such fees as well.

After brief comments, the item received no motions, so no action was taken by the Council concerning this agenda item.

Following this item, Mayor Pro Tem Lewis went on to address Appointment Item #1 (with P&Z Commission Chairman).

2. **SP2015-015** - Discuss and consider a request by Jimmy Strohmeyer of Strohmeyer Architects, Inc. on behalf of Elias Pope of 8020 Restaurants, LLC for the approval of variances to the natural stone and masonry material requirements stipulated by Article V, District Development Standards, of the UDC in conjunction with an approved site plan for a restaurant on a 0.90-acre parcel of land identified as Lot 3, Block A, Harbor District Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the IH-30 Overlay (IH-30 OV) District, located at the southeast corner of the IH-30 Frontage Road and Sunset Ridge Drive, and take any action necessary.

Mr. LaCroix explained that this request is associated with a restaurant that would be located next to the Trend Tower down near The Harbor. He explained that H&G Supply is a restaurant that also has a location on Lower Greenville Avenue in Dallas. He described the various building materials that the applicant is proposing to use. He shared that all of the rooftop equipment would be screened, so people in the Trend Tower who might look down on the building would not see it. He explained that the Architectural Review Board did review these concept plans, and they generally agree that this is a nice design that, although it is a little modern, will fit in well with the existing, surrounding area. After some, slight revisions were made by the applicant at the request of the ARB, the P&Z did recommend approval of this item.

Cameron Sloan
F. C. Cuny Corporation
Civil engineer firm
4316 Belmar Avenue
Dallas, TX

Mr. Sloan explained he is with the Cuny Corporation and is representing the applicant on this case. His office is very near the existing restaurant location on Greenville Avenue, and he believes this will be a great addition to this area in Rockwall.

Mayor Pro Tem Lewis made a motion to approve SP2015-015. Councilmember White seconded the motion, which passed unanimously of council present (2 absent – Pruitt and Milder).

3. **A2015-001** - Discuss and consider the expiration of an existing 212 Development Agreement for four (4) tracts of land contiguous with the City of Rockwall's city limits and being identified as approximately 94.05-acres of land situated within the City's Extraterritorial Jurisdiction (ETJ), generally located south of SH-276 along Zollner Road, and take any action necessary.

Mr. LaCroix indicated that this item is related to a 212 agreement that the city entered into with the property owners, the Zolner family, about 6.5 years ago. The initial term was for a period of seven years. The state law allows for these agreements to be for a term up to fifteen years. If the Council does not wish to sign a new 212 agreement, then the city would proceed with annexation.

Councilmember White made a motion to approve A2015-001, extension of a 212 agreement, for a period of seven years. Councilmember Townsend seconded the motion, which passed unanimously of council present.

4. Discuss and consider status of Franchise Agreement with Legends Batting Cages, and take any action necessary.

Andy Hesser, Parks Manager, came forth and provided brief background information related to this agenda item. He explained that in May of 2014, the city council approved entering into this franchise agreement at the recommendation of the Park Board. In January of 2015, the Park Board asked for a status update from Legends. An update was given, and the Park Board requested to see progress, in the form of drawings, within ten days. Legends did provide said drawings. This past meeting, July 7, the Park Board did

hear from the representative of the Legends Batting cages, who indicated that he is having delays getting a concrete contractor out to pour concrete. However, some progress has been made, for example with poles, nets and machines. Park Board is now recommending that the contract be terminated if substantial progress had not been made on site by September 1, 2015 and that the 30 day written notice be given concurrently to correspond with the September 1st deadline. Councilmember Townsend made a motion to accept this Park Board recommendation as conveyed. Mayor Pro Tem Lewis seconded the motion, which passed by a vote of 4 in favor, 1 against (White), and 2 absent (Pruitt and Milder).

5. Discuss and consider approval of a policy for the construction of structures, including a dock deck, fixed pier or boathouse within Lake Ray Hubbard for properties eligible to lease the Lake Ray Hubbard Takeline adjacent to the property, and take any action necessary.

Robert LaCroix provided background information related to this agenda item. He indicated that staff received an email from the City of Dallas indicating that modifications to sublease property boundaries and general layout locations of takeline subleases are the responsibility of the City of Rockwall. Structure dimensions and building materials must adhere to the interlocal agreement with the City of Dallas. He explained that Dallas is only concerned with water quality. He went on to explain the process associated with those property owners who sublease for applying to build a boat dock or a bout house structure. He indicated that plans have to be submitted to the City, and the City has to review those plans and approve them prior to issuing a building permit. He explained that any imaginary property lines extending out into the lake are currently not part of any takeline leases; however, the policy being proposed tonight would allow staff to extend those imaginary lines into the water in order to make considerations for setbacks before issuing any related building permits.

Councilmember White clarified that when a property owner subleases the takeline, he/she only leases the dirt and not the water. Mr. LaCroix concurred. Assistant City Manager Brad Griggs explained that staff has attempted to determine with certainty where a particular boat house is going to be built in order to ensure there is ample room for maneuvering a boat so as to not encroach on a neighbor's boat house or other, adjacent boats being backed out.

Mayor Pro Tem Lewis clarified that the City of Dallas allows for those who sublease to build boathouses that extend 40' into the water as long as they go through the City of Rockwall to obtain a permit.

After extensive discussion, Councilmember White made a motion to approve the policy with the understanding that item #3 will be changed to remove the language about imaginary lines that do not exist that extend into the water. Councilmember Townsend seconded the motion, which passed by a vote of 5 in favor with 2 absent (Pruitt and Milder).

The Council did not reconvene in Executive Session following the close of the public meeting.

XIII. EXECUTIVE SESSION

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding status of Rockwall Harbor Landing, Inc. vs. City of Rockwall pursuant to Section 551.071 (Consultation with Attorney)
2. Discussion regarding the city's concession agreement with Suntex Marina / Suntex RHCL Marina, LLC pursuant to Section § 551.071 Consultation with Attorney)
3. Discussion regarding possible legal claim related to Oncor pursuant to Section 551.071 (Consultation with Attorney)
4. Discussion regarding (re)appointments to city regulatory boards, commissions, and committees including the Building and Standards Commission, Planning & Zoning Commission, and Board of Adjustments pursuant to Section 551.074 (personnel matters)

XIV. RECONVENE PUBLIC MEETING & TAKE ANY ACTION AS RESULT OF EXECUTIVE SESSION

The Council did not reconvene in Executive Session following the close of the public meeting.

XV. ADJOURNMENT

The meeting was adjourned at 7:59 p.m.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS 3rd DAY OF AUGUST, 2015.

CITY OF ROCKWALL, TEXAS

ORDINANCE NO. 15-21

SUP NO. 139

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT TO ALLOW FOR A "CHURCH" WITHIN AN AGRICULTURAL (AG) DISTRICT, BEING A 7.00-ACRE PORTION OF A LARGER 28.881-ACRE TRACT OF LAND IDENTIFIED AS TRACT 15-01 OF THE J. STRICKLAND SURVEY, ABSTRACT NO. 187, AND GENERALLY LOCATED ON THE NORTH SIDE OF JOHN KING BOULEVARD EAST OF THE INTERSECTION OF JOHN KING BOULEVARD AND SH-205, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS, AND MORE SPECIFICALLY DESCRIBED IN EXHIBIT "A" ATTACHED HERETO; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, a request has been made by Wayne Mershawn of Mershawn Architects on behalf of Rex Walker of Life Springs Church for the approval of a Specific Use Permit (SUP) allowing for a "*Church*" within an Agricultural (AG) District, being a 7.00-acre portion of a larger 28.881-acre tract of land identified as Tract 15-01 of the J. Strickland Survey, Abstract 187, and generally located on the north side of John King Boulevard and SH-205, City of Rockwall, Rockwall County, Texas, and more specifically described in Exhibit "A" of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code of the City of Rockwall should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That the Unified Development Code of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit for a "*Church*" within the Agricultural (AG) District for the *Subject Property*; and

Section 2. That the Specific Use Permit shall be subject to the requirements as set forth in ***Article V, Section 2.1, Agricultural (AG) District*** of the City of Rockwall Unified Development Code (Ord. No. 04-38) as heretofore amended, as amended herein by granting of this zoning change, and as may be amended in the future, and shall be subject to the additional following conditions:

2.1 Operational Conditions

The following conditions pertain to the operation of a *Church* on the *Subject Property* and conformance to these stipulations is required for continued operations:

1) That adherence to Engineering and Fire Department standards shall be required, and
2) That the proposed conceptual site plan should be used only for the purpose of establishing a boundary that will incorporate a 7.0-acre tract of land as depicted in Exhibit 'B' of this ordinance, and
3) That future site plan submittal and approval shall be required, including Architectural Review and adherence to all standards specified in the 205 By-Pass Corridor Overlay district and other applicable sections of the Unified Development Code, and
4) That submittal and approval of engineering plans, and final plat shall be required prior to issuance of a Certificate of Occupancy, and

Section 3. That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

Section 4. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

Section 5. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of TWO THOUSAND DOLLARS ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

Section 6. If any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code No. 04-38 of the City of Rockwall, Texas, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable.

Section 7. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this 3rd day of August, 2015.

DESCRIPTION OF 6.9946 ACRES

BEING a tract of land situated in the JOSEPH STRICKLAND SURVEY, ABSTRACT NO. 187, Rockwall, Rockwall County, Texas, and being part of that certain 31.012 acre tract of land conveyed from Bruce A. Clark and Rose R. Clark to Life Spring Church, a Texas nonprofit corporation, by Warranty Deed With Vendor's Lien ("LSWD") recorded in Volume 6934, Page 206 of the Official Public Records of Rockwall County, Texas ("OPRRCT"), and being more particularly described as follows:

Basis of bearings is Grid North of the Texas Coordinate System of 1983 (North Central Zone 4202, NAD83);

BEGINNING at 5/8" iron rod with yellow plastic cap set ("5/8" YCIRS") for corner in the northeasterly right-of-way line of John King Boulevard (120' R.O.W.) as described in Warranty Deed to the City of Rockwall, Texas, recorded in Volume 5364, Page 123 of the OPRRCT, and also being in a curve to the left and concave to the southwest, said curve having a central angle of 14°38'17", a radius of 1,660.00', and a chord which bears N 42°34'31" W a distance of 422.95';

THENCE northwesterly with said curve to the left and northeasterly right-of-way line an arc distance of 424.10 feet to a 5/8" YCIRS for corner;

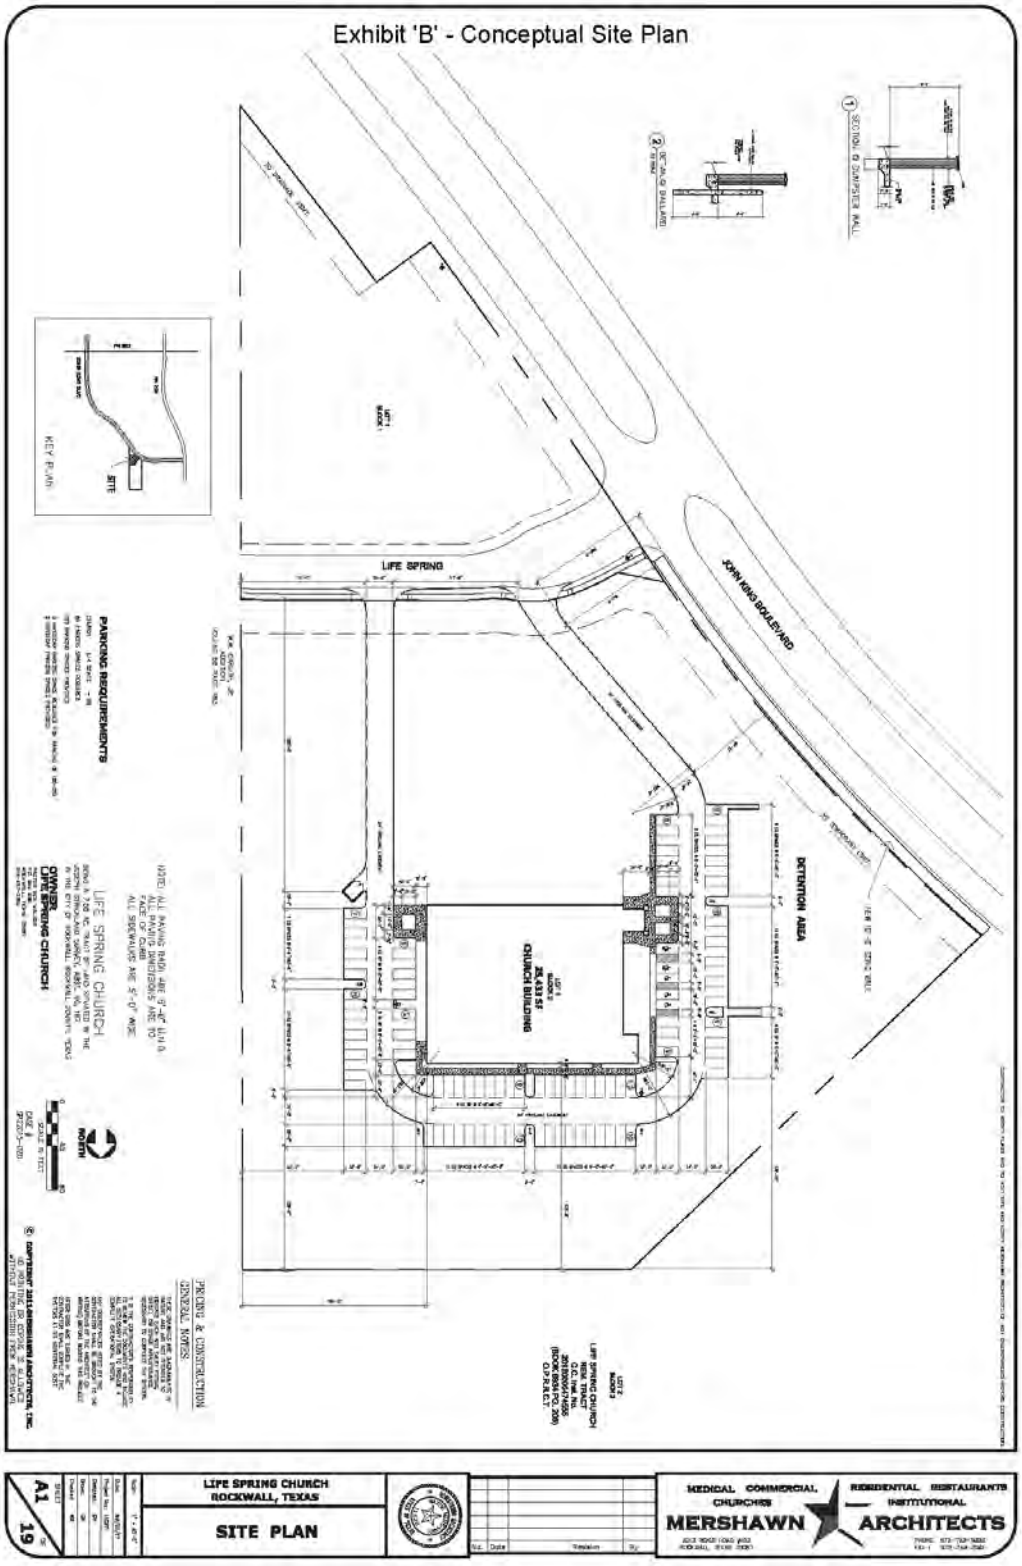
THENCE North 45 deg. 36 min. 28 sec. West a distance of 431.07 feet to a 5/8" YCIRS for corner;

THENCE North 89 deg. 11 min. 22 sec. East a distance of 346.65 feet to a 5/8" YCIRS for corner in the east line of said 31.012 acre tract and west line of Tract 1 as described in Special Warranty Deed With Vendor's Lien to BH Balance III LLC, a Texas limited liability company, recorded in County Clerk Instrument No. 20130000498889 of the OPRRCT, and also being in the west line of Block D of Breezy Hill Phase IV, an addition to the City of Rockwall, Texas as recorded in County Clerk Instrument No. 20150000003964;

THENCE South 00 deg. 52 min. 30 sec. East with said east line of said 31.012 acre tract and west line of said Tract 1 and Block D, a distance of 597.62 feet to a 5/8" YCIRS for corner in the north right-of-way line of Life Spring Drive (variable R.O.W.) as described in Right-Of-Way Plat of Life Spring Drive, recorded in County Clerk Instrument No. 20140000004816 of the OPRRCT, said rod corner being in a curve to the left, said curve being concave to the south and having a central angle of 02°37'29", a radius of 850.00', and a chord which bears N 89°26'27" W a distance of 38.93';

THENCE westerly with said curve to the left and north right-of-way line an arc distance of 38.94 feet to a 5/8" YCIRS for corner and PT of said curve;

THENCE South 89 deg. 14 min. 49 sec. West with said north right-of-way line 152.28 feet to a 5/8" YCIRS for corner and PC of a curve to the left, said curve being concave to the south and having a central angle of 5°25'24", a radius of 275.00', and a chord which bears S 86°32'09" W a distance of 26.02';



THENCE westerly with said curve to the left and north right-of-way line an arc distance of 26.03 feet to a 5/8" YCIRS for corner and point of reverse curve to the right, said curve being concave to the north and having a central angle of 14°46'00", a radius of 90.50', and a chord which bears N 88°47'28" W a distance of 23.26';

THENCE westerly with said curve to the right and north right-of-way line an arc distance of 23.32 feet to a 5/8" YCIRS for corner and point of reverse curve to the left, said curve being concave to the southeast and having a central angle of 31°16'08", a radius of 109.50', and a chord which bears S 82°57'31" W a distance of 59.02';

THENCE southwesterly with said curve to the left and northerly right-of-way line an arc distance of 59.76 feet to a 5/8" YCIRS for corner and point of compound curve to the left, said curve being concave to the southeast and having a central angle of 08°07'31", a radius of 289.00', and a chord which bears S 63°15'40" W a distance of 40.95';

THENCE southwesterly with said curve to the left and northerly right-of-way line an arc distance of 40.98 feet to a 5/8" YCIRS for corner and easterly terminus of a northerly right-of-way clip;

THENCE North 79 deg. 14 min. 38 sec. West with the said northerly right-of-way clip 42.80 feet to the PLACE OF BEGINNING, and containing 304,687 square feet or 6.9946 acres of land, more or less.

56

CITY OF ROCKWALL, TEXAS

ORDINANCE NO. 15-22

SUP NO. 140

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT TO ALLOW FOR A "DAYCARE FACILITY" WITHIN AN AGRICULTURAL (AG) DISTRICT, BEING A 2.00-ACRE PARCEL OF LAND IDENTIFIED AS LOT 1 OF THE DEWOODY ADDITION, AND LOCATED AT 3011 NORTH GOLIAD STREET, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS, AND MORE SPECIFICALLY DESCRIBED IN EXHIBIT "A" ATTACHED HERETO; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, a request has been made by Sam Ellis on behalf of the owner, the George Dewoody Estate for the approval of a Specific Use Permit (SUP) allowing for a "*Daycare Facility*" within an Agricultural (AG) District, being a 2.00-acre parcel of land identified as Lot 1 of the Dewood Addition, and located at 3011 North Goliad Street, City of Rockwall, Rockwall County, Texas, and more specifically described in Exhibit "A" of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code of the City of Rockwall should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That the Unified Development Code of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit for a "*Daycare Facility*" within the Agricultural (AG) District for the *Subject Property*; and

Section 2. That the Specific Use Permit shall be subject to the requirements as set forth in ***Article V, Section 2.1, Agricultural (AG) District*** of the City of Rockwall Unified Development Code (Ord. No. 04-38) as heretofore amended, as amended herein by granting of this zoning change, and as may be amended in the future, and shall be subject to the additional following conditions:

2.1 Operational Conditions

The following conditions pertain to the operation of a *Daycare Facility* on the *Subject Property* and conformance to these stipulations is required for continued operations:

1) That adherence to Engineering and Fire Department standards shall be required, and
2) That future site plan submittal and approval shall be required, including Architectural Review and adherence to all standards specified in the North SH 205 Corridor Overlay district and other applicable sections of the Unified Development Code (UDC), and
3) That the proposed conceptual site plan shall be used only for the purpose of establishing a general layout of the daycare facility as depicted in Exhibit 'B' of this ordinance, and
4) That the use for a daycare facility as requested shall be allowed on the 1.940-acre tract of land, and
5) That submittal and approval of engineering plans, and final plat shall be required prior to issuance of a Certificate of Occupancy.

Section 3. That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

Section 4. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

Section 5. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of TWO THOUSAND DOLLARS ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

Section 6. If any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code No. 04-38 of the City of Rockwall, Texas, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable.

Section 7. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this 3rd day of August, 2015.

CITY OF ROCKWALL, TEXAS

ORDINANCE NO. 15-23

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, BY AMENDING SECTIONS 1.1 & 2.1.6 OF ARTICLE IV, *PERMISSIBLE USES*, AND SECTION 6 OF ARTICLE V, *DISTRICT DEVELOPMENT STANDARDS*; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, an amendment to the City of Rockwall's Unified Development Code [*Ordinance No. 04-38*] has been initiated by the City Council of the City of Rockwall to amend Section 1.1, *Use of Land and Buildings*, and Section 2.1.6, *Recreation, Entertainment and Amusement Use Conditions*, of Article IV, *Permissible Uses*, and Section 6, *Overlay Districts*, of Article V, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] for the purposes of creating standards for cultured stone and adding standards for a *Portable Beverage or Food Facility*; and,

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the city's corporate boundaries, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

Section 1. That Section 1.1, *Use of Land and Buildings*, and Section 2.1.6, *Recreation, Entertainment and Amusement Use Conditions*, of Article IV, *Permissible Uses*, of the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended as specifically described in *Exhibits 'A'* of this ordinance;

Section 2. That Section 6, *Overlay Districts*, of Article V, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended as specifically described in *Exhibits 'B'* of this ordinance;

Section 3. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

Section 4. That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm,

corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

Section 5. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 3RD DAY OF AUGUST, 2015.

Article IV, Permissible Uses, of the Unified Development Code
Section 2. Use Standards
Section 1.6. Retail and Personal Service Use Conditions

Beverage ***and/or food*** service facility, portable. A portable beverage ***and/or food*** service facility is an establishment that sells beverages ***and/or food*** from a structure ***or trailer*** that can be moved from place to place but that stays at one location during a normal business day; ~~***food sales are prohibited in these facilities***~~. A portable beverage ***and/or food*** facility shall meet the following minimum conditions:

1. The service shall be limited to snow cone stands, ~~***and***~~ beverage ***and/or food*** stands serving nonalcoholic beverages such as coffee, juices or sodas ***and/or prepared food products***.

2. The maximum time limit of such temporary use shall not exceed 150 days annually ***or a time limit otherwise approved by the City Council***. At the end of the ***time period*** ~~***150-day period***~~, the structure shall be removed from the property.

3. Any temporary power poles will be removed on the date of or immediately following the termination date of the permit.

4. No additional freestanding signage shall be permitted.

5. The temporary portable structure or trailer shall meet all health and electrical codes off the city.

6. Any such temporary facility shall not reduce the number of required parking spaces of any nearby building or use.

7. Any such temporary facility shall have permanent restrooms for employees available within 300 feet of the door of the portable ~~***beverage***~~ facility. Written permission from the permanent building owner for restroom use must be submitted to the building official; no portable restroom facility is allowed.

8. Any such temporary facility shall be located on an all-weather (*asphalt or concrete*) parking surface with adequate space for parking and circulation, unless ~~***variance***~~ ***alternatively approved by the City Council.*** ~~***has been approved.***~~

Article V, District Development Standards, of the Unified Development Code
Section 6. Overlay Districts
Section 6.6. IH-30 Overlay (IH-30 OV) District

C. Architectural standards.

1. *Masonry requirements.* Each exterior wall shall consist of 90 percent masonry materials, excluding doors and windows, as defined in article XII, Definitions, excluding cast stone and cultured stone, on walls which are visible from a public street or open space, including a minimum of 20 percent natural or quarried stone.

    a. Primary exterior materials shall include natural or quarried stone, brick, glass block or glass, tile, cast metal and custom concrete masonry units. The use of other cementaceous products (e.g. stucco, Hardy Plank, or other similar materials approved by the building official) shall be limited to 50 percent of the building's exterior finishes where it is deemed important as a design feature and where it will be applied under the highest standards for quality and durability. However, stucco may not be located in the first four feet above grade on a facade visible from a street or public area. Each elevation's masonry requirement shall incorporate accent bricks or stones. As the term is used, an "accent brick or stone" is one that provides a contrast by color, shape, size, and/or texture to the field of primary bricks or stones in an elevation. ***Additionally, the Planning and Zoning Commission may consider the use of high quality manufactured or cultured stone if the following standards of manufacturing and warranty apply to the product;***

    - ☑ ***That the manufacturing molds should be made from actual stones and each piece should complement each other having the right shape, texture, size and detail of natural stone;***
    - ☑ ***That the overtones of color should be integrated into the stone during the molding process, while the base color of the stone is blended entirely throughout;***
    - ☑ ***That highly skilled artisans should be utilized to hand paint each piece in order to give each stone depth and variation of color;***
    - ☑ ***That the use of the highest quality synthetic mineral oxides should be used to infuse the surface with rich, authentic tones; and***
    - ☑ ***That the manufactured stone product shall have a minimum warranty of 75 years.***

    b. Secondary materials used on the facade of a building are those that comprise less than ten percent of an elevation area. Permitted secondary materials are all primary materials, aluminum or other metal, EIFS, cast stone, cultured stone or other materials as approved by the director of planning or his designee.

The use of other cementaceous products (e.g. stucco, Hardy Plank, or other similar materials approved by the building official) shall be limited to 50 percent of the building's exterior finishes where it is deemed important as a design feature and where it will be applied under the highest standards for quality and durability. However, stucco may not be located in the first four feet above grade on a facade visible from a street or public area. Each elevation's masonry requirement shall incorporate accent bricks or stones. As the term is used, an "accent brick or stone" is one that provides a contrast by color, shape, size, and/or texture to the field of primary bricks or stones in an elevation. ***Additionally, the Planning and Zoning Commission may consider the use of high quality manufactured or cultured stone if the following standards of manufacturing and warranty apply to the product;***

    - ☑ ***That the manufacturing molds should be made from actual stones and each piece should complement each other having the right shape, texture, size and detail of natural stone;***
    - ☑ ***That the overtones of color should be integrated into the stone during the molding process, while the base color of the stone is blended entirely throughout;***
    - ☑ ***That highly skilled artisans should be utilized to hand paint each piece in order to give each stone depth and variation of color;***
    - ☑ ***That the use of the highest quality synthetic mineral oxides should be used to infuse the surface with rich, authentic tones; and***
    - ☑ ***That the manufactured stone product shall have a minimum warranty of 75 years.***

    b. Secondary materials used on the facade of a building are those that comprise less than ten percent of an elevation area. Permitted secondary materials are all primary materials, aluminum or other metal, EIFS, cast stone, cultured stone or other materials as approved by the director of planning or his designee.

Article V, District Development Standards, of the Unified Development Code
Section 6. Overlay Districts
Section 6.14. SH-276 Corridor Overlay (SH-276 OV) District

C. Architectural standards.

1. *Masonry requirements.* Each exterior wall shall consist of 90 percent masonry materials, excluding doors and windows, as defined in article XII, Definitions, excluding cast stone and cultured stone, on walls which are visible from a public street or open space, including a minimum of 20 percent natural or quarried stone.

    a. Primary exterior materials shall include natural or quarried stone, brick, glass block or glass, tile, cast metal and custom concrete masonry units. The use of other cementaceous products (e.g. stucco, Hardy Plank, or other similar materials approved by the building official) shall be limited to 50 percent of the building's exterior finishes where it is deemed important as a design feature and where it will be applied under the highest standards for quality and durability. However, stucco may not be located in the first four feet above grade on a facade visible from a street or public area. Each elevation's masonry requirement shall incorporate accent bricks or stones. As the term is used, an "accent brick or stone" is one that provides a contrast by color, shape, size, and/or texture to the field of primary bricks or stones in an elevation. ***Additionally, the Planning and Zoning Commission may consider the use of high quality manufactured or cultured stone if the following standards of manufacturing and warranty apply to the product;***

    - ☑ ***That the manufacturing molds should be made from actual stones and each piece should complement each other having the right shape, texture, size and detail of natural stone;***
    - ☑ ***That the overtones of color should be integrated into the stone during the molding process, while the base color of the stone is blended entirely throughout;***
    - ☑ ***That highly skilled artisans should be utilized to hand paint each piece in order to give each stone depth and variation of color;***
    - ☑ ***That the use of the highest quality synthetic mineral oxides should be used to infuse the surface with rich, authentic tones; and***
    - ☑ ***That the manufactured stone product shall have a minimum warranty of 75 years.***

    b. Secondary materials used on the facade of a building are those that comprise less than ten percent of an elevation area. Permitted secondary materials are all primary materials, aluminum or other metal, EIFS, cast stone, cultured stone or other materials as approved by the director of planning or his designee.

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 08/03/2015

APPLICANT: Maria Bonilla, *Winkelmann & Associates*

AGENDA ITEM: **P2015-029**; *Lots 1, 2 & 3, Block A, Kroger 205 Addition*

SUMMARY:

Discuss and consider a request by Maria Bonilla of Winkelmann & Associates on behalf of Mark Matise of Makko Goliad I, LP for the approval of a replat for Lots 1, 2 & 3, Block A, Kroger 205 Addition being a replat of 11.236-acre tract of land identified as Lots 2 & 3, Block A, Quail Run Retail Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 5 (PD-5) for General Retail (GR) District land uses, situated within the North SH-205 Overlay (N. SH-205 OV) District, located at the southeast corner of E. Quail Run Road and SH-205, and take any action necessary.

PLAT COMMENTS:

- ✓ The objective of this request is to replat two (2) parcels of land into three (3) parcels of land for the purpose of constructing a grocery store and gas station. The grocery store will be situated on a 9.754-acre parcel of land identified as *Lot 1* and the gas station will be situated on a 0.550-acre parcel of land identified as *Lot 2*. The remaining 0.859-acre parcel of land is identified as *Lot 3* and will remain vacant.
- ✓ On April 20, 2015, the City Council approved a site plan request [*Case No. SP2015-007*] for the grocery store and gas station. The proposed plat layout conforms to the approved site plan.
- ✓ The surveyor has completed the majority of the technical revisions requested by staff, and this plat, conforming to the requirements for replats as stated in the *Subdivision Ordinance* in the Municipal Code of Ordinances, is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.
- ✓ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Recommendation* section below.

With the exception of the items listed in the *Recommendation* section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the Municipal Code of Ordinances.

RECOMMENDATIONS:

Staff recommends approval of the final plat for *Lots 1, 2 & 3, Block A, Kroger 205 Addition* in conformance with the following conditions of approval:

1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat;
2) Any construction resulting from the approval of this *replat* shall conform to the requirements set forth by the Unified Development Code, the 2009 International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING & ZONING COMMISSION:

On July 28, 2015, the Planning & Zoning Commission approved a motion to recommend approval off the replat by a vote of 6-0, with Commissioner Conley absent.

P2015-029 (Lots 1, 2 & 3, Block A, Kroger 205 Addition): Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This is a request for the approval of a replat of 11.236-acre tract of land identified as Lots 2 & 3, Block A, Quail Run Retail Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 5 (PD-5) for General Retail (GR) District land uses, situated within the North SH-205 Overlay (N. SH-205 OV) District, and located at the southeast corner of E. Quail Run Road and SH-205.
I.2 For questions or comments concerning this case please contact Ryan Miller in the Planning Department at (972) 772-6441 or email rcmiller@rockwall.com.
M.3 For reference, include the case number (P2015-029) in the lower right hand corner of all pages on future submittals.
M.4 Please change the title block as follows:

Replat
Kroger 205 Addition
Lots 1, 2, & 3, Block A
Being a Replat of
Lots 2 & 3, Block A
Quail Run Retail Addition
Being 11.236-acres
Situated Within the S. S. McCurry Survey, Abstract No. 146 and
The J. H. B. Jones Survey, Abstract No. 124
City of Rockwall, Rockwall County, Texas

M.5 Change the Lot and Block designation of each lot to reflect Lots 1, 2, & 3, Block A.
M.6 Indicate the centerline of all adjacent streets.
M.7 In the dedication language select I or we/my or our not both.
M.8 Provide the appropriate statement indicating that no building permits will be issued until all public improvements are accepted by the City as provided in the development packet.
M.9 Move all text impairing the visibility of the boundaries of the easements.
I.10 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested. The Planning & Zoning meeting date for this case will be July 28, 2015.
I.11 The projected City Council meeting date and subsequent approvalfor this plat is August 3, 2015.

OWNER'S CERTIFICATE
(Public Dedication)

STATE OF TEXAS Ä
COUNTY OF ROCKWALL Ä

WHEREAS, Kroger Texas L.P., being the owner of a tract of land in the County of Rockwall, State of Texas, said tract being described as follows:

BEING a tract of land situated in the S. S. MCCURRY SURVEY, ABSTRACT NO. 146 and the J. H. B. JONES SURVEY, ABSTRACT NO. 124, in the City of Rockwall, Rockwall County, Texas, being all of Lots 2 and 3, Block A, Quail Run Retail, an addition to the City of Rockwall, Rockwall County, Texas, according to the Plat thereof recorded in Cabinet H, Slide 37, Official Public Records, Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1/2-inch iron rod with red plastic cap stamped "W.A.I." set for corner at the Northeast end of a radial corner clip at the intersection of the Northeasterly right-of-way of State Highway 205 (N. Goliad Street), a variable width right-of-way with the Southeasterly right-of-way of Quail Run, a variable width rigaht-of-way, said point being the beginning of a curve to the left having a radius of 892.50 feet, a central angle of 19 deg 44 min 33 sec, a chord bearing of North 56 deg 54 min 23 sec East, and a chord length of 306.01 feet;

THENCE along said curve to the left, the Southeasterly right-of-way of said Quail Run, and the Northwesterly line of said Lot 2, an arc distance of 307.53 feet to a 1/2-inch iron rod found for corner, said point being the beginning of a curve to the right having a radius of 807.50 feet, a central angle of 33 deg 16 min 22 sec, a chord bearing of North 63 deg 40 min 17 sec East, and a chord length of 462.37 feet;

THENCE along said curve to the right, continuing along the Southeast right-of-way of said Quail Run and the Northwesterly line of said Lot 2, an arc distance of 468.93 feet to a 1/2-inch iron rod with red plastic cap stamped "W.A.I." set for the Northwest corner of Lot 24, Block B, Quail Run Valley No. 1, an addition to the City of Rockwall, Rockwall County, Texas, according to the Plat thereof recorded in Cabinet E, Page 63, Official Public Records, Rockwall County, Texas, said point also being the Northeast corner of said Lot 2;

THENCE South 01 deg 28 min 36 sec East, departing the Southeast right-of-way of said Quail Run, along the West line of said Quail Run Valley No. 1 and the East line of said Lot 2, a distance of 1,073.05 feet to a 1/2-inch iron rod with plastic cap stamped "DAI" found for corner on the Northerly right-of-way of Memorial Drive, a variable width right-of-way, said point being the Southwest corner of Lot 1, Block B, of said Quail Valley Run No. 1 and the Southeast corner of said Lot 2;

THENCE North 54 deg 03 min 50 sec West, along the Northerly right-of-way of said Memorial Drive and the Southerly line of said Lot 2, a distance of 312.32 feet to a 1/2-inch iron rod found for corner, said point being the beginning of a curve to the left having a radius of 380.00 feet, a central angle of 32 deg 27 min 18 sec, a chord bearing of North 70 deg 17 min 29 sec West, and a chord length of 212.38 feet;

THENCE along said curve to the left, continuing along the Northerly right-of-way of said Memorial Drive and the Southerly line of said Lot 2,, an arc distance of 215.25 feet to a 1/2-inch iron rod with red plastic cap stamped "W.A.I." set for corner and the beginning of a curve to the right having a radius of 150.00, a central angle of 13 deg 33 min 50 sec, a chord bearing of North 79 deg 44 min 12 sec West and a chord length of 35.43 feet;

THENCE along said curve to the right, continuing along Northerly right-of-way said Memorial Drive and the Southerly line of said Lot 2, an arc distance of 35.51 feet to a 1/2-inch iron rod found for corner, said point being the beginning of a curve to the left having a radius of 160.50 feet, a central angle of 31 deg 16 min 05 sec, a chord bearing of North 88 deg 35 min 08 sec West and a chord length of 86.51 feet;

THENCE along said curve to the left, continuing along the Northerly right-of-way of said Memorial Drive and the Southerly line of said Lot 2, an arc distance of 87.59 feet to a 5/8-inch iron rod with plastic cap stamped "BURY & PARTNERS" found for corner;

THENCE South 75 deg 46 min 47 sec West, continuing along Northerly right-of-way of said Memorial Drive and the Southerly line of said Lot 2, a distance of 62.48 feet to a 1/2-inch iron rod with red plastic cap stamped "W.A.I." set for the Southwest corner of said Lot 2, said point being intersection of the Northerly right-of-way of said Memorial Drive with the Northeasterly right-of-way of said State Highway 205 as established by right-of-way dedication shown on said Quail Run Retail;

THENCE North 14 deg 13 min 13 sec West, departing the Northerly right-of-way of said Memorial Drive and along the Northeasterly right-of-way of said State Highway 205, a distance of 415.50 feet to a 1/2-inch iron rod with red plastic cap stamped "W.A.I." set for corner, said point being the beginning of a non-tangent curve to the right (radial corner clip), having a radius of 64.50 feet, a central angle of 58 deg 17 min 36 sec, a chord bearing of North 37 deg 38 min 05 sec East and a chord length of 62.83 feet;

THENCE along said non-tangent curve to the right and said radial corner clip, an arc distance of 65.62 feet to the POINT OF BEGINNING.

CONTAINING within these metes and bounds 489,427 square feet or 11.236 acres of land, more or less.

Bearings shown hereon are based upon an on-the-ground Survey performed in the field on the 10th day of March, 2015, utilizing a G.P.S. measurement (NAD 83) from the GeoShack VRS Network.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS Ä
COUNTY OF ROCKWALL Ä

I (we) the undersigned owner(s) of the land shown on this plat, and designated herein as the **KROGER 205 ADDITION**, Lots 1R, 2R, & 3R, Block A, subdivision to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, watercourses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. I (we) further certify that all other parties who have a mortgage or lien interest in the Kroger 205 Addition subdivision have been notified and signed this plat.

I (we) understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. I (we) also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I (we) further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I (we), my (our) successors and assigns hereby waive any claim, damage, or cause of action that I (we) may have as a result of the dedication of exactions made herein.

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 08/03/2015

APPLICANT: Mike Whittle on behalf of Rockwall Rental Properties, LP

AGENDA ITEM: **P2015-031** (Alliance Addition – Replat)

SUMMARY:

Discuss and consider a request by Mike Whittle on behalf of Rockwall Rental Properties, LP for the approval of a replat for Lot 13, Block 2, Alliance Addition, Phase 2 being a 0.571-acre parcel of land identified as Lot 4, Block 2, Alliance Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 57 (PD-57) for Commercial (C) District land uses, addressed as 6540 Alliance Drive, and take any action necessary.

COMMENTS:

- The objective of the request is to replat a 0.571-acre parcel of land containing one lot. The replat is being proposed to establish the necessary easements in order to accommodate the development of this site. A site plan was approved in April of this year for a 4,918 sq. ft. single story office building.

- Conditional approval of this plat by the City Council shall constitute approval subject to the conditions listed in the Recommendations section below.

- With the exception of the items listed in the *Recommendation* section of this case memo, this plat is in substantial compliance with the requirements of the Subdivision Ordinance in the Municipal Code of Ordinances.

RECOMMENDATIONS:

If the Planning & Zoning Commission and City Council choose to approve the request for final plat, staff would recommend the following conditions of approval:

A) All the technical comments from the Planning, Engineering and Fire Departments shall be addressed prior to the filing of this plat, including the following comments;

1. Adherence to Engineering and Fire Department standards.
2. Address all staff comments as listed in the Project Plan Review (see attached).

B) Any construction resulting from the approval of this final plat shall conform to the requirements set forth by the Unified Development Code, the 2009 International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Planning Commission Recommendation:

On July 28, 2015, the Planning and Zoning Commission recommended approval of the replat by a vote of 6 to 0 [Conley – absent].

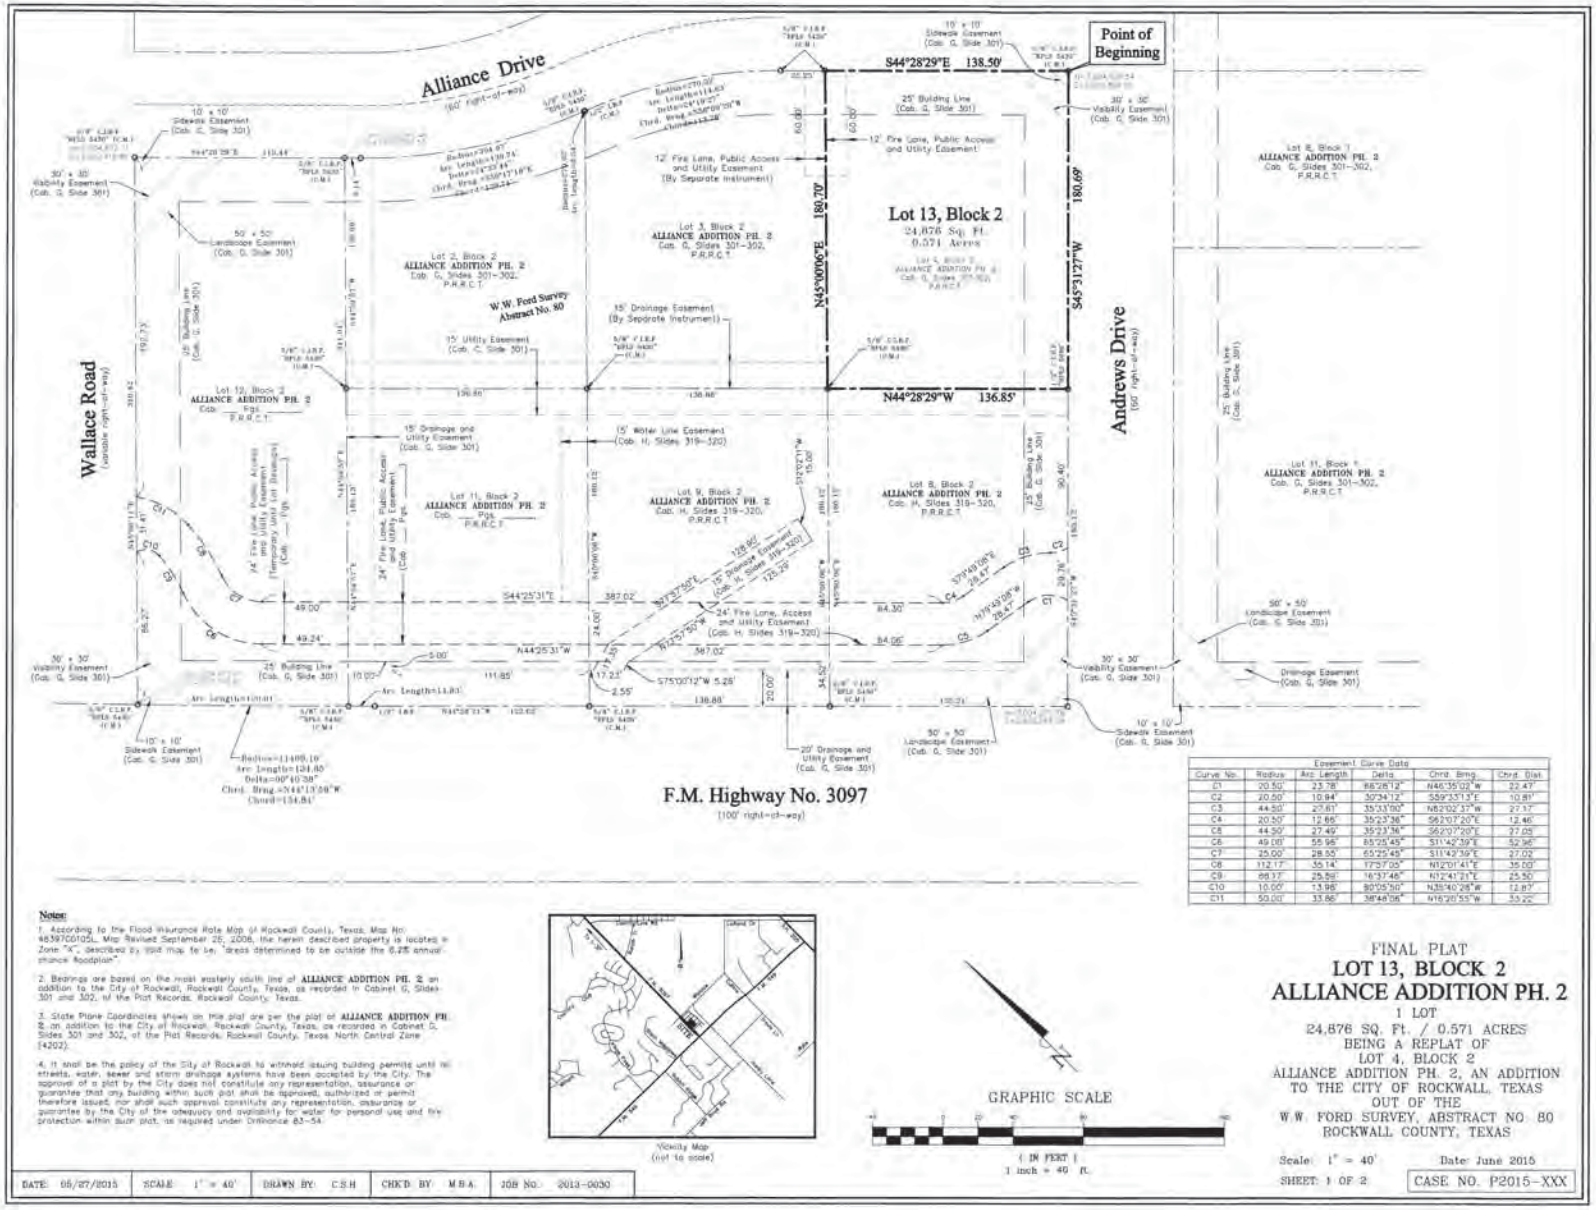
Discuss and consider a request by Mike Whittle on behalf of Rockwall Rental Properties, LP for the approval of a replat for Lot 13, Block 2, Alliance Addition, Phase 2 being a 0.571-acre parcel of land identified as Lot 4, Block 2, Alliance Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 57 (PD-57) for Commercial (C) District land uses, addressed as 6540 Alliance Drive, and take any action necessary.

The following staff comments are to be addressed and resubmitted no later than Tuesday, August 4, 2015 (four large copies [18" X 24" FOLDED] and one PDF version) for a subsequent review by staff.

1. Adherence to all Engineering and Fire Department standards shall be required.
2. Label as "Case No. P2015-031" on the lower right corner on all pages of the plat.
3. Tie two (2) corners to city monumentation.
4. Verify distance for bearing S 45.31.27 W along the eastern property line to legal description (discrepancy).



** As a note, this case will be placed on the Consent Agenda for approval by the Planning Commission and City Council; however, staff comments are to be addressed and all revisions resubmitted and approved by staff prior to plat submittal on mylar for filing purposes. **

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS
COUNTY OF ROCKWALL

We, ROCKWALL RENTAL PROPERTIES, L.P., the undersigned owners of the land shown on this plat, and designated herein as **LOT 13, BLOCK 2 – ALLIANCE ADDITION PH. 2** subdivision to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. We further certify that all other parties who have a mortgage or lien interest in **LOT 13, BLOCK 2 – ALLIANCE ADDITION PH. 2**, of this subdivision have been notified and signed this plat.

We understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. We also understand the following:

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from an occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall, or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 08/03/2015

APPLICANT: Cameron Slown of FC Cuny Corporation

AGENDA ITEM: **P2015-032** (Temunovic Addition – Replat)

SUMMARY:

Discuss and consider a request by Cameron Slown of FC Cuny Corporation on behalf of Lowdent LLC, Hall and Lee Land Company LLC, and Temunovic Partnership LTD for the approval of a replat for Lots 4, 5 & 6, Block A, Temonovic Addition being a 2.582-acre tract of land currently identified as Lots 1, 2 & 3, Block A, Temunovic Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 9 (PD-9) for General Retail (GR) District land uses, situated within the Scenic Overlay (SOV) District, addressed as 1320 & 1350 Summer Lee Drive, and take any action necessary.

COMMENTS:

- The objective of the request is to replat a 2.582-acre tract of land containing three (3) lots. The replat is being proposed to establish the necessary easements in order to accommodate the development of Lots 4 & 5. A site plan was approved in May of this year for single story medical office facilities for Lots 4 & 5.

- Conditional approval of this plat by the City Council shall constitute approval subject to the conditions listed in the Recommendations section below.

- With the exception of the items listed in the *Recommendation* section of this case memo, this plat is in substantial compliance with the requirements of the Subdivision Ordinance in the Municipal Code of Ordinances.

RECOMMENDATIONS:

If the Planning & Zoning Commission and City Council choose to approve the request for final plat, staff would recommend the following conditions of approval:

A) All the technical comments from the Planning, Engineering and Fire Departments shall be addressed prior to the filing of this plat, including the following comments;

1. Adherence to Engineering and Fire Department standards.
2. Address all staff comments as listed in the Project Plan Review (see attached).

B) Any construction resulting from the approval of this final plat shall conform to the requirements set forth by the Unified Development Code, the 2009 International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Planning Commission Recommendation:

On July 28, 2015, the Planning and Zoning Commission recommended approval of the replat with staff conditions by a vote of 6 to 0 [Conley – absent].

Type of Review / Notes	Contact	Sent	Due	Received	Elapsed	Status	Remarks

Discuss and consider a request by Cameron Slown of FC Cuny Corporation on behalf of Lowdent LLC, Hall and Lee Land Company LLC, and Temunovic Partnership LTD for the approval of a replat for Lots 4, 5 & 6, Block A, Temonovic Addition being a 2.582-acre tract of land currently identified as Lots 1, 2 & 3, Block A, Temunovic Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 9 (PD-9) for General Retail (GR) District land uses, situated within the Scenic Overlay (SOV) District, addressed as 1320 & 1350 Summer Lee Drive, and take any action necessary.

The following staff comments are to be addressed and resubmitted no later than Tuesday, August 4, 2015 (four large copies [18" X 24" FOLDED] and one PDF version) for a subsequent review by staff.

1. Adherence to all Engineering and Fire Department standards shall be required.
2. Provide a label indicating "Case No. P2015-032" on the lower right corner on all pages of the plat.
3. Change Title Block from Replat to "Final Plat" and have it read as follows: Final Plat, Temunovic Addition, Lot 4, 5, and 6 Block A, Being a replat of all of Lots 1, 2, and 3 Block A of the Temunovic Addition,...P.R.R.C.T...
4. Lot numbers on plat are to reflect new lot numbers; relabel as Lot 4 Block A, Lot 5 Block A, and Lot 6 Block A.
5. Relabel all access easements where indicated to read "Public Access Easement" on plat.
6. Page 2 is essentially the same as page 1 with the exception of the call outs data table. Reduce to a two (2) page plat and relocate data table.
7. Use the Standard City Signature Block (P&Z, City Council, Mayor, City Engineer, and City Secretary signatures) and not the administrative approval block as indicated.

** As a note, this case will be placed on the Consent Agenda for approval by the Planning Commission and City Council; however, staff comments are to be addressed and all revisions resubmitted and approved by staff prior to plat submittal on mylar for filing purposes. **

OWNERS DEDICATION

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS}
COUNTY OF ROCKWALL}

That we the undersigned owner's of the land shown on this plat, and designated herein as the TEMUNOVIC ADDITION to the City of Rockwall, Texas, and whose name's are subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. we further certify that all other parties who have a mortgage or lien interest in the TEMUNOVIC ADDITION have been notified

We understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. We also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwalls West regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall, or until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

We further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; We and our successors and assigns hereby waive any claim, damage, or cause of action that we may have as a result of the dedication of exactions made herein.

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 08/03/2015

APPLICANT: Cameron Slown, *FC Cuny Corporation*

AGENDA ITEM: **P2015-033**; *Lot 1, Block A, Marriott Addition*

SUMMARY:

Discuss and consider a request by Cameron Slown of FC Cuny Corporation on behalf of Tom Kirkland of Lakefront Trail Rockwall Hotel, LP for the approval of a replat for Lot 1, Block A, Marriott Addition being a 2.968-acre tract of land identified as a portion of Lot 3A, Block A, Shoreline Plaza Addition and all of Lot 1-1, Block A, Henry Africa Subdivision, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the IH-30 Overlay (IH-30 OV) District, located at the southeast corner of the intersection of the IH-30 Frontage Road and Lakefront Trail, and take any action necessary.

PLAT COMMENTS:

- ✓ The objective of this request is to replat two (2) existing parcels of land into one (1), 2.968-acre parcel of land for the purpose of constructing a Marriott Springhill Suites hotel. The proposed plat conforms to the site plan that was approved by the Planning & Zoning Commission on February 10, 2015 under *Case No. SP2014-034*.
- ✓ As part of this replat the applicant will be dedicating the remainder of the right-of-way needed for Lakefront Trail and Harbor Heights Drive.
- ✓ The surveyor has completed the majority of the technical revisions requested by staff, and this plat, conforming to the requirements for replats as stated in the *Subdivision Ordinance* in the Municipal Code of Ordinances, is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.
- ✓ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Recommendation* section below.

With the exception of the items listed in the *Recommendation* section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the Municipal Code of Ordinances.

RECOMMENDATIONS:

Staff recommends approval of the final plat for *Lot 1, Block A, Marriott Addition* in conformance with the following conditions of approval:

1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat;

2) Any construction resulting from the approval of this *replat* shall conform to the requirements set forth by the Unified Development Code, the 2009 International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING & ZONING COMMISSION:

On July 28, 2015, the Planning & Zoning Commission approved a motion to recommend approval of the replat by a vote of 6-0, with Commissioner Conley absent.

P2015-033 (Lots 1, Block A, Marriott Addition): Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This is a request for the approval of a replat for Lot 1, Block A, Marriott Addition being a 2.968-acre tract of land identified as a portion of Lot 3A, Block A, Shoreline Plaza Addition and all of Lot 1-1, Block A, Henry Africa Subdivision, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the IH-30 Overlay (IH-30 OV) District, located at the southeast corner of the intersection of the IH-30 Frontage Road and Lakefront Trail, and take any action necessary.
I.2 For questions or comments concerning this case please contact Ryan Miller in the Planning Department at (972) 772-6441 or email rcmiller@rockwall.com.
M.3 For reference, include the case number (P2015-033) in the lower right hand corner of all pages on future submittals.
M.4 Please change the title block as follows:

Replat
Marriott Addition
Lots 1, Block A
Being a Replat of a Portion of Lot 3, Block A, Shoreline Plaza Addition
Recorded in Cabinet D, Page 289, P.R.R.C.T
And All of a Tract of Land to Lakefront Trail Rockwall Hotel, LP
Recorded in Instrument Number 20150000009497 O.P.R.R.C.T
Being 2.968-acres
Situated Within the M. J. Barksdale Survey, Abstract No. 11
City of Rockwall, Rockwall County, Texas

M.5 Label Harbor Heights Drive and indicate the width of the dedicated right-of-way.
M.6 Indicate the centerline of all adjacent streets.
M.7 Indicate the width of all right-of-ways.
M.8 Provide the appropriate statement indicating that no building permits will be issued until all public improvements are accepted by the City as provided in the development packet.
M.9 Move all text impairing the visibility of the boundaries of the easements.
M.10 Change the signature block from the administrative approval signature block to the standard city signature block.
I.11 Staff has identified theaforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested. The Planning & Zoning meeting date for this case will be July 28, 2015.
I.12 The projected City Council meeting date and subsequent approval for this plat is August 3, 2015.

OWNERS CERTIFICATE

STATE OF TEXAS}
COUNTY OF ROCKWALL}

WHEREAS, Lakefront Trail Rockwall Hotel, LP., being the owner of a tract of land in the County of Rockwall, State of Texas, said tract being described as follows:

BEING a tract of land situated in the M.J. Barksdale Survey, Abstract No. 11, City of Rockwall, Rockwall County, Texas, also being a portion of Lot 3, Block A, Shoreline Plaza Addition, an addition to the City of Rockwall, Rockwall County, Texas according to the Plat recorded in Cabinet D, Page 289, of the Plat Records of Rockwall County, Texas, and being all of a tract of land described by deed to Lakefront Trail Rockwall Hotel, LP. recorded in Instrument Number 20150000009497 of the Official Public Records of Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1/2 inch iron rod with yellow cap found for the most northerly northeast corner of said Lakefront Trail tract, said rod also lying on the southerly line of Interstate Highway No. 30, a variable width right-of-way, also lying 7.75 feet southwest of the northwest corner of Lot 2, Block A of said Shoreline Plaza Addition;

THENCE South 28 degrees 54 minutes 59 seconds East, along the most northerly northeast line of said Lakefront Trail tract and lying parallel and 7.75 feet from the westerly line of said Lot 2, Block A, a distance of 213.34 feet to a 1/2 inch iron rod with yellow cap found for an ell corner of said Lakefront Trail tract;

THENCE North 60 degrees 51 minutes 04 seconds East, along a northwest line of said Lakefront Trail tract and lying 17.60 feet south of and parallel from the southerly line of said Lot 2, Block A, a distance of 157.81 feet to a 1/2 inch iron rod with yellow cap found for the most easterly north corner of said Lakefront Trail tract, also lying on the southwest line of Shoreline Trail a variable width right-of-way and lying in a curve to the right;

THENCE with said curve to the right and said Shoreline trail with a radius of 1285.31 feet, a central angle of 02 degrees 54 minutes 18 seconds, an arc length of 65.17 feet, and a chord which bears South 26 degrees 51 minutes 59 seconds East, a chord length of 65.16 feet to a 1/2 inch iron rod with yellow cap found for the beginning of a reverse curve to the left,

THENCE with said reverse curve to the left continuing along said Shoreline Trail with a radius of 50.00 feet, a central angle of 89 degrees 26 minutes 47 seconds, an arc length of 78.06 feet, and a chord which bears South 23 degrees 26 minutes 49 seconds East, a chord length of 70.37 feet to an "X" cut found in a concrete sidewalk for the beginning of a compound curve to the left,

THENCE with said compound curve continuing to the left continuing along said Shoreline Trail with a radius of 779.60 feet, a central angle of 07 degrees 59 minutes 12 seconds , an arc length of 108.67 feet, and a chord which bears South 20 degrees 39 minutes 36 seconds East, a chord length of 108.58 feet to a 1/2 inch iron rod with yellow cap found for the southeast corner of said Lakefront Trail tract, also for the northeast corner of Lot 5, Block A, Shoreline Plaza Addition, an addition to the City of Rockwall recorded in Cabinet G, Slide 111 of the Plat Records of Rockwall County, Texas,

THENCE South 44 degrees 09 minutes 30 seconds West, along the southeast line of said Lakefront Trail tract and the northwest line of said Lot 5, Block A, passing a 1/2 inch iron rod with yellow cap found for the northwest corner of said Lot 5, Block A at a distance of 194.30 feet, and continuing a total distance of 224.98 feet to an "X" cut in concrete set for the southwest corner of said Lakefront Trail tract, also lying in the center of Lakefront Trail, a variable width right-of-way;

THENCE North 45 degrees 32 minutes 24 seconds West, along the westerly line of said Lakefront Trail tract and the center of said Lakefront Trail, a distance of 79.64 feet to an "X" cut in concrete for the beginning of a curve to the left;

THENCE with said curve to the left continuing along the westerly line of said Lakefront Trail tract and said Lakefront Trail with a radius of 645.54 feet, a central angle of 12 degrees 40 minutes 19 seconds, an arc length of 142.77 feet, and a chord which bears North 51 degrees 50 minutes 29 seconds West, a chord length of 142.48 feet to an "X" cut in concrete set for the beginning of a reverse curve to the right,

THENCE with said reverse curve to the right continuing along the westerly line of said Lakefront Trail tract and said Lakefront Trail with a radius of 649.91 feet, a central angle of 28 degrees 28 minutes 00 seconds, an arc length of 322.90 feet, and a chord which bears North 43 degrees 52 minutes 22 seconds West, a chord length of 319.59 feet to an "X" cut in concrete set at an angle point in same,

THENCE North 29 degrees 38 minutes 23 seconds West, continuing along the westerly line of said Lakefront Trail tract and said Lakefront Trail, a distance of 8.19 feet to a an "X" cut in concrete set for the northwest corner of same, also lying on the southerly right-of-way line of the aforementioned Interstate Highway No. 30;

THENCE North 59 degrees 28 minutes 06 seconds East, along the southerly line of said Interstate Highway No. 30 and the northerly line of said Lakefront Trail tract, a distance of 35.50 feet to a 1/2 inch iron rod found for the beginning of a curve to the right;

THENCE with said curve to the right, the southerly line of said Interstate Highway No. 30, and the northerly line of said Lakefront Trail tract with a radius of 11309.20 feet, a central angle of 01 degrees 03 minutes 04 seconds, an arc length of 207.50 feet, and a chord which bears North 62 degrees 22 minutes 29 seconds East, a chord length of 207.49 feet to the POINT OF BEGINNING, containing 129,265 square feet, or 2.968 acres of land.

Chairman, Planning & Zoning Commission *Date*

I hereby certify that the above and foregoing plat of Marriott Addition, Lot 1, Block A to the City of Rockwall, Texas was approved by the Mayor of the City of Rockwall on the _____ day of _____, 2015.

This approval shall be invalid unless the approved Plat for such Addition is recorded in the office of the County Clerk of Rockwall County, Texas, within one year from said date of final approval. An extension may be granted by the City Council.

Said Addition shall be subject to all the requirements of the Platting Ordinance of the City of Rockwall.

Witness my hand this the _____ day of _____, 2015.

_____ _____ _____ _____
Mayor, City of Rockwall *Date* *City Secretary, City of Rockwall* *Date*

_____ _____
City Engineer, City of Rockwall *Date*

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS}
COUNTY OF ROCKWALL}

We, Lakefront Trail Rockwall Hotel, LP., the owners of the land shown on this plat, and designated herein as Lot 1, Block A, Marriott Addition, an addition to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed.

We understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. We also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.
2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.
3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.
4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.
5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.
6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

We further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Addition upon the public services required in order that the development will comport with the present and future growth needs of the City; we, our successors and assigns hereby waive any claim, damage, or cause of action that we may have as a result of the dedication of exactions made herein.

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: **Richard Crowley, City Manager**
CC: **Kirk Riggs, Police Chief**

FROM: **Lea Ann Ewing, Purchasing Agent**

DATE: **July 29, 2015**

SUBJECT: **Purchase of 2015 Model Dodge Charger Police Pursuit Vehicle for Traffic Division**

A 2008 Traffic Division Dodge Charger blew an engine. In lieu of repairs because of age and condition, Police staff would like to purchase a new 2015 Dodge Charger. We will also incur some safety and communication equipment costs for this new 2015 model as most of the equipment on the 2008 model is not compatible.

Funds to buy the new vehicle and equipment would come from General Fund Reserves.

The Dodge Charger is available from Freedom CDJR through Houston-Galveston Area COG purchasing cooperative contract #VE11-13. As a member and participant in this cooperative, the City has met all formal bidding requirements pertaining to the purchase of this new car.

For Council consideration the total cost of this new car, including equipment, should not exceed $36,000 and authorize the City Manager to execute a Purchase Order.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Rick Crowley, City Manager**

FROM: **Mary Smith, Assistant City Manager**

DATE: **July 29, 2015**

SUBJECT: **Adjustment of Tax Lien on Property in LRE**

Mr. Jim Lambeth with Linebarger, Goggan, Blair and Sampson will attend Monday's Council meeting to make a presentation regarding a property in Lake Rockwall Estates. The property, located at 464 Evans, was offered at tax sale but did not draw any bids. When this happens, the property is struck off the roll and is generally put under the RISD name. Many years ago, the taxing entities agreed that any property in LRE that is struck off would be placed under the City of Rockwall name. Further taxes are not assessed from that point. The property can remain this way until a potential buyer comes along and makes a bid on the property.

Recently the Rockwall Housing Development Corporation (RHDC) decided to make a bid on the property. The bid is less than the total taxes due to the three taxing entities. Mr. Lamberth is approaching each governing body to determine if each will agree to receive a pro-rata share the bid amount and waive the remaining taxes due at this time.

BID

Property Located in : Rockwall ISD, City of Rockwall, and Rockwall County

I hereby submit my bid for the purchase of Suit No. 3-05-17 Rockwall ISD, Et Al vs Ofelio Guevara, Et Al, being more particularly described as **Lot 1413, Rockwall Lake Properties Development No. 2 Subdivision, a subdivision in Rockwall County, Texas according to the map or plat thereof, recorded in Volume 1, Pages 79 and 80, Plat Records of Rockwall County, Texas (25324)** and have included a cashier's check or money order for the bid amount.

Bid Amount $6,000.00

General Conditions for Bids

Read Carefully

The land and/or improvements described above shall hereinafter be referred to as "the property".

The Deeds to these properties will contain an acknowledgment that the property is subject to the prior owner's right of redemption, if any, and that property is being purchased "as is" and "with all faults" and "The Taxing Entities" have no responsibility for the condition of the property and all sales are made without warranty, expressed or implied.

"The Taxing Entities" assume no responsibility as to the accuracy of any fact relating to the property for sale. The data reflected in the advertisement is for information only. All sales are "as is" to the successful Bidder on a **"Buyer Beware"** basis.

It is understood and agreed that my bid will be returned if my bid is not accepted. "The Taxing Entities" responsibility to return my bid to me shall extend only to depositing same in the U.S. Mail on or before 30 days from the date my bid is rejected.

"The Taxing Entities" reserve the right to reject any and all Bids.

"The Taxing Entities" will not provide title policy.

"The Taxing Entities "make no representations of any nature regarding the property, and this agreement represents the sole responsibility of the Entities regarding this property.

115

If my bid is accepted, "The Taxing Entities" accept no responsibility for any misrepresentations. Failures of disclosure, errors or other neglect or wrongful acts occurring in the context of or pertaining to the closing of this transaction.

"The Taxing Entities", by advertising this property, makes no warranty concerning zoning or as to whether or not the property so advertised can be utilized for any purpose. It will, therefore, be the responsibility of the bidder to examine all applicable building codes and ordinances to determine that the property in question can be used for the purpose desired.

By entering into this agreement, I hereby waive any rights I may have either now or in the future, to undertake any legal action against "The Taxing Entities" for failure of the "The Taxing Entities" to properly advertise or notice the sale of the property or to properly conduct the sale of this property.

I certify that I have no outstanding tax judgments or tax delinquencies in Rockwall County.

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: **Brad Griggs, Assistant City Manager**

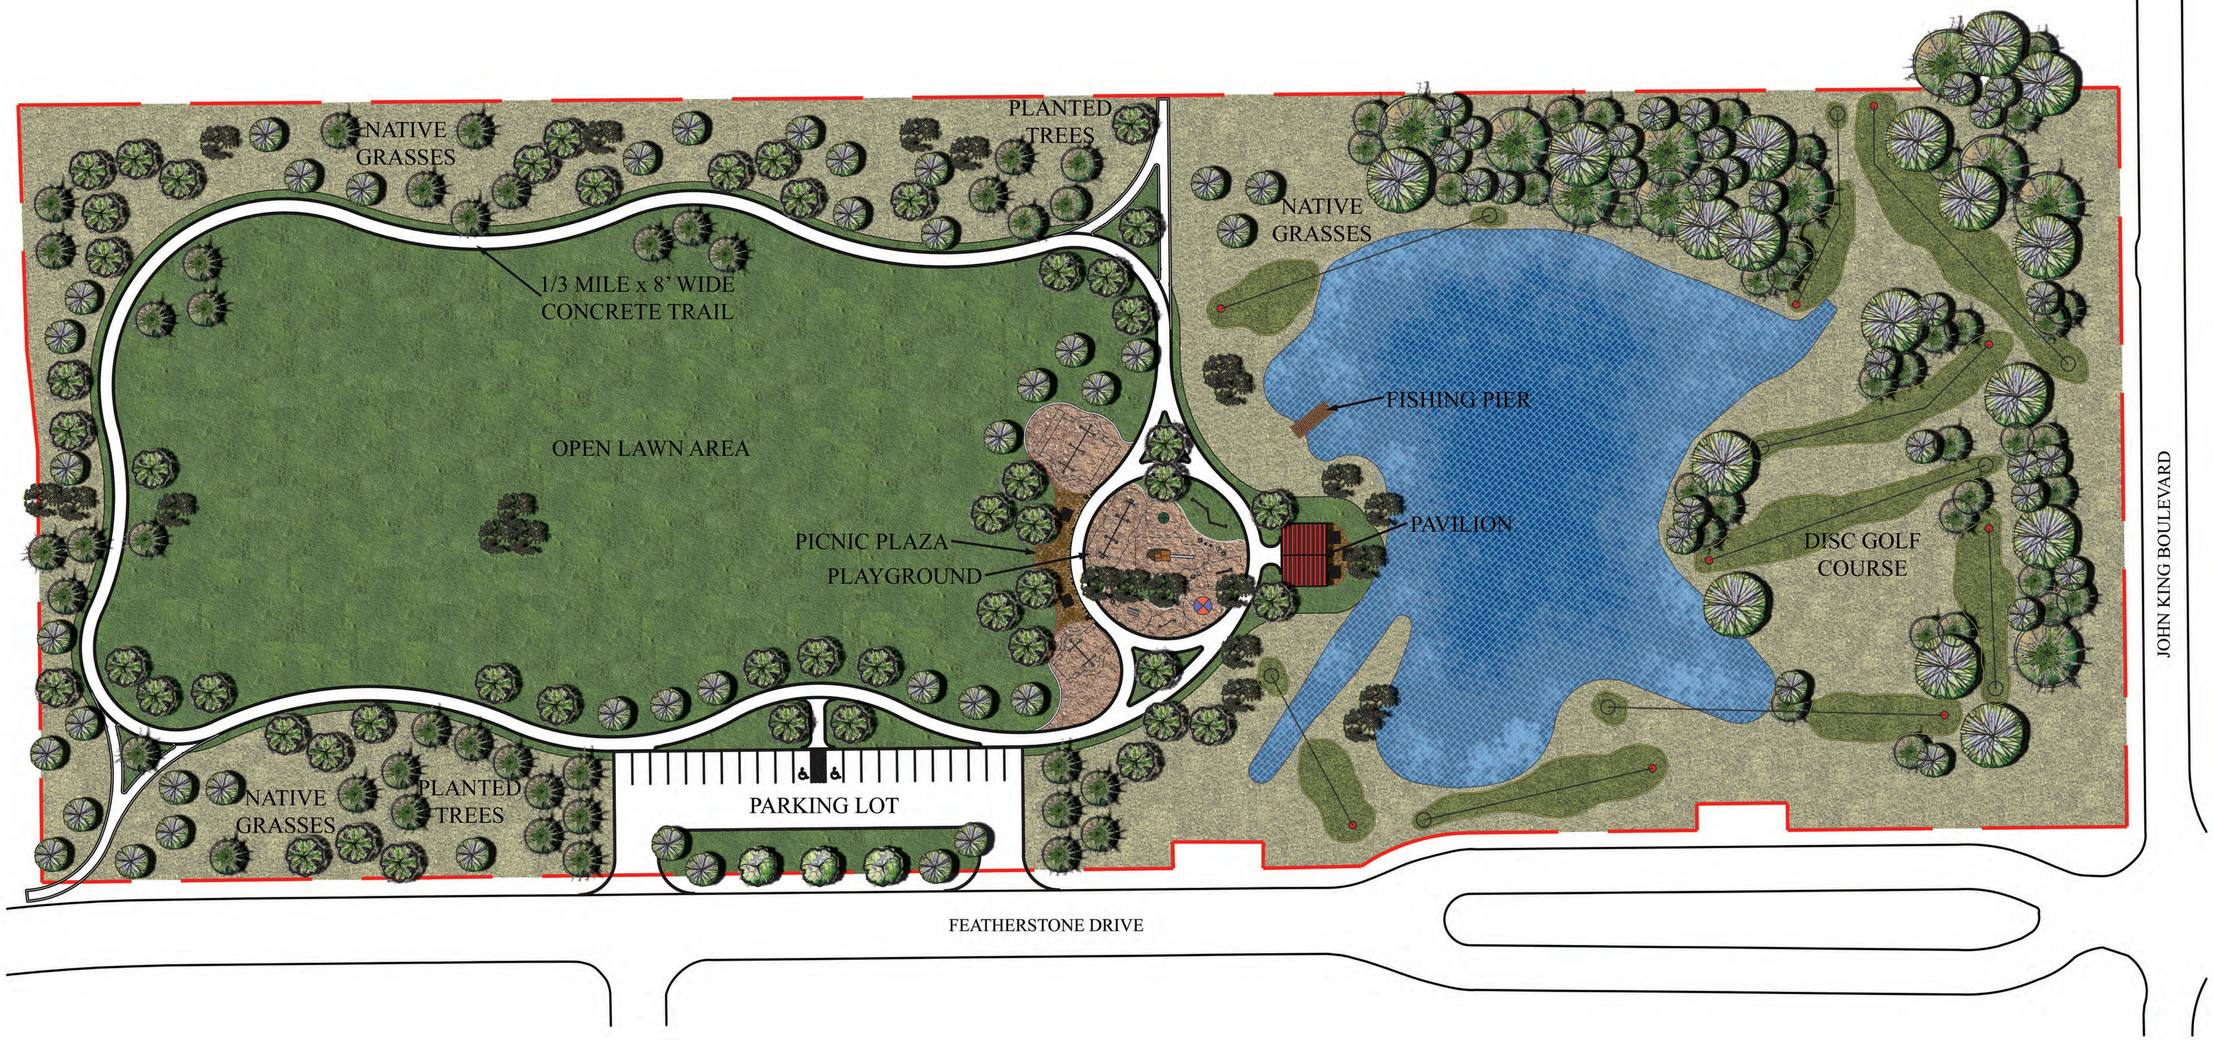
FROM: **Andy Hesser, Parks and Recreation Manager**

DATE: **July 29, 2015**

SUBJECT: **THE PARK AT STONE CREEK FINAL DESIGN**

Mark Spencer with MHS Planning and Design will present the site plan for the Park at Stone Creek. This final draft includes input from the preliminary public meeting held on August 5, 2014 and July 7, 2015. The minutes are included in your packet.

Total Project budget is $647,800 including design fees. Of that amount, Texas Parks and Wildlife (TPWD) will contribute $400,000 and the remaining funds of $247,800 come from the developer's contributions collected in accordance with the Mandatory Park Land Dedication Ordinance.



At the August 5, 2014 meeting, the preliminary design presentation was met with favorable comments from the public. The general consensus was that a covered picnic area and playground were the highest priorities. At the July 7, 2015 meeting, Mark Spencer brought back the revised draft that concentrated the funds and amenities to the west side of the pond to address the playground and pavilion priorities. The design also includes an 8' wide concrete trail approximately 1/3 mile long, irrigated open play area, off-street parking, 9-hole disc golf course, small fishing pier and drinking fountain. Additional trees are proposed to be planted on site for shade and aesthetics. The funds for the trees are proposed to come from the tree mitigation fund contingent on budget request approval.

Contingent on Council approval, MHS Planning and Design would proceed with construction and bid documents for the approved design. This is typically a 3 to 6 month process. Depending on how quickly Texas Parks and Wildlife can review and approve the plan and bid documents, construction could potentially begin as early as spring 2016.

MINUTES
PARKS AND RECREATION BOARD
City Hall, 385 S. Goliad, Rockwall, TX 75087
August 5, 2014
6:00 PM

Call To Order

The meeting was called to order in the Council Chambers at 6:00pm by Board Member Chairman Marcus Yarbrough with the following Board Members present: Kevin Moffatt, Charles Johnson, Brad Bassett, Ray Harton and Bob Lewis. Larry Denny was absent. Also present were Parks and Recreation Manager Andy Hesser and Administrative Secretary Wendy Young.

Consider approval of minutes from the July 1, 2014 Park Board meeting and take any action necessary.

The minutes from the July 1, 2014 Park Board meeting were provided to the Board for their review and approval. Board member Brad Bassett made a motion to approve the minutes. Board member Bob Lewis seconded the motion which passed by a vote of 6-0.

Discuss and consider public input related to The Park at Stone Creek site plan and take any action necessary.

Parks and Recreation Manager Andy Hesser explained that phase 6 final plat of the Stone Creek development is expected to be submitted within the next 30-60 days and will contain approximately 11.85 acres of dedicated park land. This parcel will serve as the neighborhood park for district #5 located west of John King Blvd south of FM 552 and east of SH 205. The proposed park is immediately south of Williams Middle School. The City will have collected upon the final plat of phase 6 approximately $218,000 in pro-rata equipment fees. The ultimate build out of the development is tentatively planned to include 918 residential lots. Based on current adopted pro-rata equipment fees, the total equipment fees collected could be approximately $380,000. There is no timeline for the final phases, as this is driven primarily by economic demand. These fees must be used within park district #5. There is a 50/50 matching grant opportunity through the Texas Parks and Wildlife Department (TPWD) to provide an additional $400,000 of matching funds. The value of the dedicated park land can be counted toward the City's $400,000 matching portion. The remaining amount not covered by the land value, would be matched with the pro-rata equipment fees from developer contributions. The balance pro-rata equipment fees for district #5 can be used toward park development as well. The City has contracted with Mark Spencer of MHS Planning and Design to complete the grant application and provide a site plan with phasing for the proposed park in Stone Creek. The site plan is a necessary step to guide the future development of the park regardless of the grant application outcome. According to the Mandatory Park Land Dedication Ordinance, the adopted cost to develop a typical 11 acre neighborhood park is $1,050,000. The phasing for the park will be determined by available funding. In order to achieve the $1,050,000 ultimate build out, a bond initiative is often necessary. The TPWD grant will get us much closer to achieving that goal. Mr. Hesser introduced Mark Spencer with MHS Planning and Design.

Mr. Spencer presented a power point depicting the location of the pond, playground, trails, benches, etc. Mr. Spencer explained that the pond is an existing pond with a small tree line that leads east and west with trail connections in every direction. The green area is 160 feet in diameter that is an area less than an acre. The park amenities will include a playground, 1.3 mile loop trail, trail connections, a plaza area with pavilions, basketball court, playground pavilion, 9 hole disc golf course, open lawn area, fishing pier, nature areas, mature woodlands, native grasses, trail rest stop, bike repair station, 50 parking spaces. Board Member Ray Horton asked if the park would be fenced. Mr. Hesser explained that he was going to try and coordinate something with the RISD Science coordinator to walk science class there from an environmental standpoint.

Open Forum

Bob Wacker
806 Miramar

Mr. Wacker came forth and stated that people that have moved into this community have children and have been told for years that a park would be built eventually. A pavilion is great but would like for it to be covered with picnic tables.

Shirley Smith
609 Amherst

Ms. Smith came forth and explained that this was a great plan that is being presented and is very impressed.

BJ Finney
605 Deverson

Mr. Finney came forth and stated that parking was key and would like to have more parking spaces at the park.

Jeff Dodson
570 Featherstone

Mr. Dodson came forth and suggested that a fountain be put where the pond is located.

Charles Johnson made a motion to approve The Park at Stone Creek site plan. Brad Bassett seconded the motion which passed unanimously.

Discuss and consider Caruth Lakes 1B Final Plat and take any action necessary

Mr. Hesser explained that the final plat of two lots within Caruth Lakes 1B has been submitted. It is located within park district #9, which is east of SH 205, west of John King Blvd. and between SH 66 and Quail Run Rd. Staff recommends collecting cash in lieu of land fees of $202 per lot for a total of $404 and the pro-rata equipment fees of $344 per lot for a total of $688. After some discussion Brad Basset made a motion to accept Caruth 1B final plat and collect a total of $404 for cash in lieu of land fees and

$688 for the pro-rata equipment fees. Ray Harton seconded the motion which passed by a vote of 6-0.

Staff updates on upcoming programs and events and take any action necessary.

Mr. Hesser introduced Parks and Recreation intern Brittany Harness. Brittany is a Recreation major from Henderson State University in Arkadelphia, Arkansas. Brittany has been involved in various projects during her internship. One of the projects is the Concert by the Lake surveys. The data is based on a random survey of 400 people who attended the concert between May 8 – July 31, 2014. Brittany's survey presentation showed that 48% of attendees are non-local residents while 52% are local within the Rockwall and Heath zip codes. The results reflect that the highest percentage of attendees attend in groups of 3 – 5 or 1 – 2. When asked how the attendees were informed of the concerts, 63% came by tradition, 17% heard by worth of mouth, 12% were informed through the website, 6% came because of proximity of residence and 2% were informed through an advertisement. When asked if survey participants visit Harbor businesses, 76% said yes and 24% said no.

Adjournment

There being no further business to come before the Board at this time, the meeting was adjourned at 7:16 p.m.

PASSED AND APPROVED BY THE PARK BOARD OF THE CITY OF ROCKWALL, TEXAS, this 3rd day of September 2014.

Brad Bassett
Chairman, Park Board

ATTEST:

Wendy Young
Administrative Secretary

MINUTES
PARKS AND RECREATION BOARD
City Hall, 385 S. Goliad, Rockwall, TX 75087
July 7, 2015
6:00 PM

Call To Order

The meeting was called to order in the Council Chambers at 6:00pm by Chairman Brad Bassett with the following Board Members present: Kevin Moffatt, Charles Johnson, Bob Lewis, Ray Harton and Larry Denny. Wayne Larson was absent. Also present were Parks and Recreation Manager Andy Hesser, Administrative Secretary Wendy Young, Parks Superintendent Aaron Dobson and Recreation Superintendent Andrew Ainsworth.

Consider approval of the minutes from the June 2, 2015 Park Board meeting and take any action necessary

The minutes from the June 2, 2015 Park Board meeting were provided to the Board for their review and approval. Board Member Charles Johnson made a motion to approve the minutes. Board Member Kevin Moffatt seconded the motion which passed by a vote of 6-0 (Larson absent).

Open Forum

Chairman Bassett explained how Open Forum is conducted and asked if anyone in the audience would like to come forth and speak during this time.

Bruce Foith
1087 Shady Lane Drive
Rockwall, TX 75087

Mr. Foith indicated that he did some research about 5 years go and saw the master plan and the Caruth Lakes and saw the lots that backed the park and liked it so he and his wife built there. In 2014, there were big plans for the park, feels disappointed none of that has happened. Mr. Foith would like to name the 165 acre park around Raymond Cameron Lake and Phelps Lake after the Caruth Lakes subdivision that surrounds it. Recently parks were named for other subdivisions and feels it is time that this large, special purpose park get an official name like "Park at Caruth Lakes" or "Central Park at Caruth Lakes." The wetlands should be named "Squabble Creek Wetlands." Squabble Creek and two tributaries provide water for beavers, coyotes, birds, ducks and other wildlife.

Board Member Moffatt asked if that particular area was part of the wetlands. Mr. Hesser that it was in fact part of the wetlands.

Mr. Foith feels like the retention pond behind his house is a hazard and eyesore with trash and beavers nearby, a clean up would be an asset to this park. Mr. Foith also feels like the City should establish and enforce catch and release at park lakes.

Chairman Bassett asked if anyone would like to come forth and speak at this time. There being no one to indicate such, Chairman Bassett then closed the Open Forum.

Discuss and consider Breezy Hill Phase IX-A final plat and take any action necessary.

Parks & Recreation Manager Andy Hesser indicated that Breezy Hill Phase IX-A is in Park District #7 and is located at north of FM 552 and west of Breezy Hill Rd. The 11 acre park within Breezy Hill has already been dedicated along with approximately 30 acres of open space. Phase IX-A proposes 55 lots on 16.805 acres. In accordance with the Mandatory Park Land Dedication Ordinance, the developer owes pro-rata equipment fees for each lot. The current adopted equipment fee per lot for district #7 is $214 per lot for a total of $11,700. Lot 1, Block 3 is labeled as .974 acres of open space. Chairman Bassett made a motion to accept the Breezy Hill Phase IX-A (9) final plat in park district #7 that includes 55 lots at $214 per lot for a total of $11,700 and lot 1 block 7 to be maintained by the HOA. Denny seconded the motion which passed by a vote of 6-0 (Larson absent).

Discuss and consider Rockwall Downes Phase II final plat and take any action necessary.

Mr. Hesser explained that Rockwall Downes is generally located south of I-30 and east of John King Blvd. Phase II would be required to continue the 10' trail adjacent to the east side of John King Blvd. connecting the Phase I trail to Discovery Blvd. and be dedicated as public trail and maintained by the HOA. Johnson made a motion to accept Rockwall Downes Phase II final plat and continue the trail 10' trail adjacent to the east side of John King Blvd. connecting the Phase I trail to Discovery Blvd. and be dedicated as public trail and maintained by the HOA. Moffatt seconded the motion which passed by a vote of 6-0 (Larson absent).

Discuss and consider Rockwall Downes Phase III final plat and take any action necessary.

Mr. Hesser stated that Phase III already contains the concrete trail along the west side of John King and connects to the trail in front of The Mansions. Phase III can be accepted as presented by the developer by providing that Phase III trail requirements are met. Johnson made a motion to accept Rockwall Downes Phase III final plat providing that Phase II trail requirements are met. Moffatt seconded the motion which passed by a vote of 6-0 (Larson absent).

Hear public input concerning The Park at Stone Creek final site plan and take any action necessary.

Mark Spencer with MHS Planning & Design came forth and presented a powerpoint that depicted the site plan for the park. He stated that this final draft includes input from the preliminary plat input meeting held on August 5, 2014. The consensus from that meeting was that everyone would like to focus on a playground. In order to have a great playground we would do a high quality job in a small area so all amenities are focused on the west side of the pond. The design encompasses about 3 acres in the interior of the trail. At the far-east end is the playground, picnic and pavilion area. The concept of this

project is to irrigate the area inside of the trail and the outside is native grasses with a mowed edge on either side of the trail. There is an old fence row down the middle of the project running east and west. We will keep some of those trees and some of those are undesirable and will be taken out. With the credits in the City's tree mitigation fund more trees will be planted outside the oval trail pretty heavily. There will be a small fishing pier located in the deeper portion of the pond, a 25x35 pavilion with 2 picnic tables surrounded by 18 inch high retaining wall, swing set and toddler swing The playground area encompasses about 6500 square feet. The Shores park pavilion is about 4500-5000 square feet. There will also be a water fountain near the pavilion, a disc golf course. Board Member Denny asked about the basketball court stating that it was proposed in the original plan. Mr. Spencer stated there is not a basketball court in this phase but could possibly come at a later phase and there is simply not enough money in the budget.

Chairman Bassett opened the hearing.

Shirley Smith
609 Amherst Drive
Rockwall, Texas 75087

Ms. Smith expressed that she was pleased with the plans and drawings brought forth and indicated that she would love to see a basketball court and Frisbee golf. Ms. Smith stated that a lot of people that live in Stone Creek also have pets and would love to see a dog park there.

Bob Wacker
806 Miramar Drive
Rockwall, Texas 75087

Mr. Wacker came forth and expressed concerns about the lack of certain elements and what all is actually included in the park. Mark Spencer addressed these questions directly and clarified.

Jim Smith
609 Amherst Drive
Rockwall, TX 75087

Mr. Smith came forth and seconded Bob Wacker's comments. He stated that there was a lot of money being spent here for not a lot of park.

Chairman Bassett read emails from people that were not able to attend the meeting. Some of the emails requested the following:

- Access to Williams Middle School
- Basketball court (6)
- Dog park

- Shaded picnic area
- Climbing wall
- Water fountain
- Splash pad

Board Member Moffatt asked what the cost was to install a basketball court with turf. Mr. Spencer along with Mr. Hesser stated it would cost around $67,000.

Mr. Hesser provided some more background on the scope of this project in comparison to other parks in the city. Fox Chase, Shores Park, Hickory Ridge, 66 Boat Ramp and Emerald Bay Park are all similar footprints in terms of a 10 acre park. Our citizen surveys have consistently shown over the last 15 years that the top priority for our citizens are playground, picnic areas, trails and open play areas. This design continues to carry that theme. All of these parks fall into the same price category. All of these parks are similar in nature and price point.

After some discussion, Johnson made a motion to accent the final site plan and move forward with the plans presented. Denny seconded the motion which passed by a vote of 6-0 (Larson absent).

Discuss and consider Eagle Scout Project proposal by Drew Hargrove and take any action necessary.

Eagle Scout Candidate Drew Hargrove came forth and showed a powerpoint of his project. He will be replacing the fence at Gloria Williams Pool.

Hear update from Legends Batting Cages regarding batting cage franchise agreement located within Tuttle Athletic Complex and take any action necessary.

Mr. Leo Rodriguez came forth and presented a powerpoint that showed the plans for the batting cages. Chairman Bassett state that we initially had a conversation in April 2014 and this was supposed to take 30 days and then in January 2015 there was a deadline given of January 16, 2015 and we still have not had anything done. Mr. Rodriguez stated that there have been huge delays because of the rain and many other things. After some discussion, Moffatt made a motion to continue with this project with concrete poured and posts in the ground by September 1st. Mr. Rodriguez will give an update at the next Park Board Meeting on September 1, 2015. If the agreement is not met, this agreement will be voided. Lewis seconded the motion and passed unanimously.

Hear staff monthly report and updates on programs and events and take any action necessary.

Recreation Superintendent Andrew Ainsworth gave a brief update. Family Fun Friday will be on July 24 at Northshore Park, featuring Toy Story. Swim lessons are in full swing and the lifeguards have done a great job this summer and he has been happy with their performance so far. Parks Superintendent Aaron Dobson showed photos of Yellowjacket Park and says it is looking good and we are set to schedule a ribbon cutting the first part of August. There has been lots of storm clean up from the rain and flooding.

We've had some volunteers help plant flowers and put out mulch at Shores, Emerald Bay and Northshore Park.

Adjournment

There being no further business to come before the Board at this time, the meeting was adjourned at 8:21 p.m.

PASSED AND APPROVED BY THE PARK BOARD OF THE CITY OF ROCKWALL, TEXAS, this 4th day of August 2015.

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 08/03/2015

APPLICANT: Stacy McVey, *Double Eagle Properties*

AGENDA ITEM: **Z2015-016**; *Discovery Lakes (LI to PD)*

SUMMARY:

Hold a public hearing to discuss and consider a request by Stacy McVey of Double Eagle Properties on behalf of the owner 308 ON 276 LP for the approval of a zoning change from an Light Industrial (LI) District to a Planned Development District for Single Family 10 (SF-10) and General Retail (GR) District land uses, on a 316.315-acre tract of land identified as Tract 1 of the M. E. Hawkins Survey, Abstract No. 100, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, located at the northeast corner of the intersection of Rochelle Road and SH-276, and take any action necessary.

PURPOSE:

On June 2, 2015, the applicant submitted an application requesting to rezone a 316.315-acre tract of land from a Light Industrial (LI) District to a Planned Development District for a single-family, residential subdivision and commercial/retail development. The proposed single family, residential subdivision will consist of 507 single-family homes, a 55.2-acre public park and an amenities center. The proposed nine (9) acres of commercial/retail land will be located at the northeast corner of Rochell Road and SH-276. The subject property, which was annexed into the City on June 15, 1998 by *Ordinance No. 98-20*, is currently vacant.

ADJACENT LAND USES AND ACCESS:

The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property is the City's corporate boundaries followed by a vacant tract of land situated within the City of Fate's Extraterritorial Jurisdiction (ETJ).

South: Directly south of the subject property is SH-276, which is designated as a TxDOT 6D (*state highway, six [6] lane, divided roadway*). Beyond this state roadway is a 197.76-acre vacant tract of land zoned Planned Development District 66 (PD-66) for Single Family 16 (SF-16) District land uses.

East: Directly east of the subject property is an 85.479-acre vacant tract of land zoned Light Industrial (LI) District. Beyond this is a 212.25-acre vacant tract of land zoned Agricultural (AG) District.

West: Directly west of the subject property is Rochell Road, which is designated as a M4D (*minor arterial, four [4] lane, divided roadway*). Beyond this thoroughfare are a 60.30-acre tract of vacant land and a 57.46-acre tract of vacant land. Both properties are zoned Light Industrial (LI) District.

CHARACTERISTICS OF THE REQUEST:

Along with the application, the applicant has submitted a concept plan and development standards for the proposed residential subdivision and commercial/retail tract of land.

Commercial/Retail

The nine (9) acre commercial/retail tract of land will be subject to the General Retail (GR) District development standards and land uses contained within the Unified Development Code (UDC); however, the applicant has requested that the following uses be permitted by-right: 1) Hotel, Hotel (*Full Service*) or Motel (*with a maximum of four [4] stories*) [*limited to one (1) hotel/motel*], 2) Restaurant (*with Drive-Through or Drive-In*) [*limited to three (3) restaurants*], and 3) Retail Store (*with more than two [2] gasoline dispensers*). Typically, these uses require a Specific Use Permit within the General Retail (GR) District. Per the requirements of the PD Ordinance, any development within the area designated as *commercial/retail* will require a PD Development Plan, which is a discretionary approval process for the City Council. Additionally, the applicant has agreed to prohibit some of the land uses that are permitted within the General Retail (GR) District, but are not compatible with the proposed adjacent residential subdivision.

Single-Family, Residential Subdivision

The proposed residential subdivision will consist of 121, 80' x 120' lots; 127, 70' x 110' lots; and 259, 60' x 110' lots, which equals an average lot size of ~7,600 SF. The proposed gross residential density is limited to less than 1.70 units/acre by the PD Ordinance *(~1.65 units/acre is depicted on the concept plan*). The subdivision will also incorporate 30.9-acres of open space, a 55.2-acre public park that will serve Park District No. 31, and 65.2-acres of additional floodplain. The total open space provided will be 96.6-acres (~31.5%) [*floodplain counted at ½:1*]. Additionally, the development will include two (2) Soil Conservation Service (SCS) ponds (*one [1] of which will be in the public park*), which will be used as an additional amenity to the development. One (1) amenities center will be provided to service the 507-lot subdivision. A summary of the proposed development standards is as follows:

Lot Type ►	***A***	***B***	***C***
Minimum Lot Width/Frontage	80'	70'	60'
Minimum Lot Depth	120'	110'	110'
Minimum Lot Area	9,600 SF	7,700 SF	6,600 SF
Minimum Front Yard Setback	20'	20'	20'
Minimum Side Yard Setback	6'	5'	5'
Minimum Side Yard Setback (Adjacent to a Street)	15'	15'	15'
Minimum Length of Driveway Pavement	20'	20'	20'
Maximum Height	36'	36'	36'
Minimum Rear Yard Setback	15'	10'	10'
Minimum Area/Dwelling Unit (SF) [Air Conditioned Space]	2,800 SF	2,250 SF	2,000 SF
Garage Orientation	*J-Swing or Front Entry*	*J-Swing or Front Entry*	*J-Swing or Front Entry*
Maximum Number of Front Entry Garages	48	42	173
Maximum Lot Coverage	65%	65%	65%

General Notes:

1) *A ten (10) foot encroachment to the front building setback will be permitted for architectural elements like sunrooms, front porches, stoops, bay windows, etc.*
2) *All J-Swing or Traditional Swing Garages will require a minimum lot width of 65-feet.*

Waivers to Code Requirements

It should be noted that the development standards contained within the PD Ordinance deviate from the requirements of the UDC and the Engineering Department's *Standards of Design and Construction* Manual in the following ways:

1) According to Section 4, *Residential Parking*, of Article VI, *Parking and Loading*, of the UDC, "(i)n single-family or duplex districts, parking garages must be located at least 20-feet behind the front building façade for front entry garages, unless it is a *J-Swing* garage where the garage door is perpendicular to the street." The applicant has requested that front entry garages be permitted

to be located 20-feet from the front property line. This would create a minimum of a five (5) foot off-set between the front façade of the primary structure and the garage; however, the applicant has also included the option to allow a ten (10) foot encroachment to the front building façade for architectural elements (*e.g. front porches, sunrooms, etc.*), which if utilized would increase the off-set to 15-feet. As a compensatory measure, the applicant has agreed to limit the number of front entry garages allowed for each product type as follows: 1) *Type A* would require 60% *J-Swing* Drives/40% Front Entry Drives, 2) *Type B* would require 67% *J-Swing* Drives/33% Front Entry Drives, and 3) *Type C* would require 33% *J-Swing* Drives/67% Front Entry Drives.

2) According to the Engineering Department's *Standards of Design and Construction* Manual, "(t)he City Council may waive the residential alley requirement upon determination by the Council, if it is in the best interest of the City." Currently, the applicant is requesting to allow *J-Swing* and/or *Front Entry* garages in lieu of alleys. This requirement has been waived for other subdivisions throughout the City.

CONFORMANCE WITH THE COMPREHENSIVE PLAN:

In reviewing the original concept plan for conformance to the policies and guidelines of the Comprehensive Plan, staff recommended that the applicant incorporate the following recommendations to ensure conformance to the policies and guidelines established by *Resolution 07-03*:

1) *Single-family lots adjacent to open space should be front loaded for the purpose of maximizing the value of the adjacent single-family homes, preserving view corridors along the streetscapes, and to better optimize the use of open space within the development.*

2) *Increased street connectivity for safety and access can be achieved by removing unnecessary cul-de-sacs.*

3) *The applicant should consider incorporating a boulevard or other green space in the center of the development to provide a heightened sense of open space.*

In response to these comments and the concerns raised by the Planning and Zoning Commission at their regularly scheduled meeting on June 30, 2015, the applicant has made the requested changes, which has resulted in a reduction of the number of lots from 560 to 507. This is a decrease in the total residential density from 1.82 units/acre to 1.65 units/acre. The new plan also includes a lot mix that is more even, and incorporates more of the larger *Type A* lots and less of the smaller *Type C* lots than the original plan. Additionally, the new concept plan indicates general conformance to the "housing tree" model (*i.e. the largest lots and homes are located on the main entry or perimeter streets, and smaller lots and homes are located internal to the neighborhood*), which is a requirement of *Resolution 07-03*. With the changes to the concept plan, the applicant has demonstrated congruence to the policies and guidelines established in *Resolution 07-03* and the Comprehensive Plan.

With this being said, the Future Land Use Map, contained within the Comprehensive Plan, designates the subject property as an *Employment Center*. According to the Comprehensive Plan, the purpose of this designation is to, "…provide a variety of workplaces, including limited light manufacturing uses, research and development activities, corporate facilities, offices, and institutions." The zoning change proposed by the applicant would require this designation to be amended to a *Low Density Residential* and *Commercial* designation. This has been added as a condition of approval for this case.

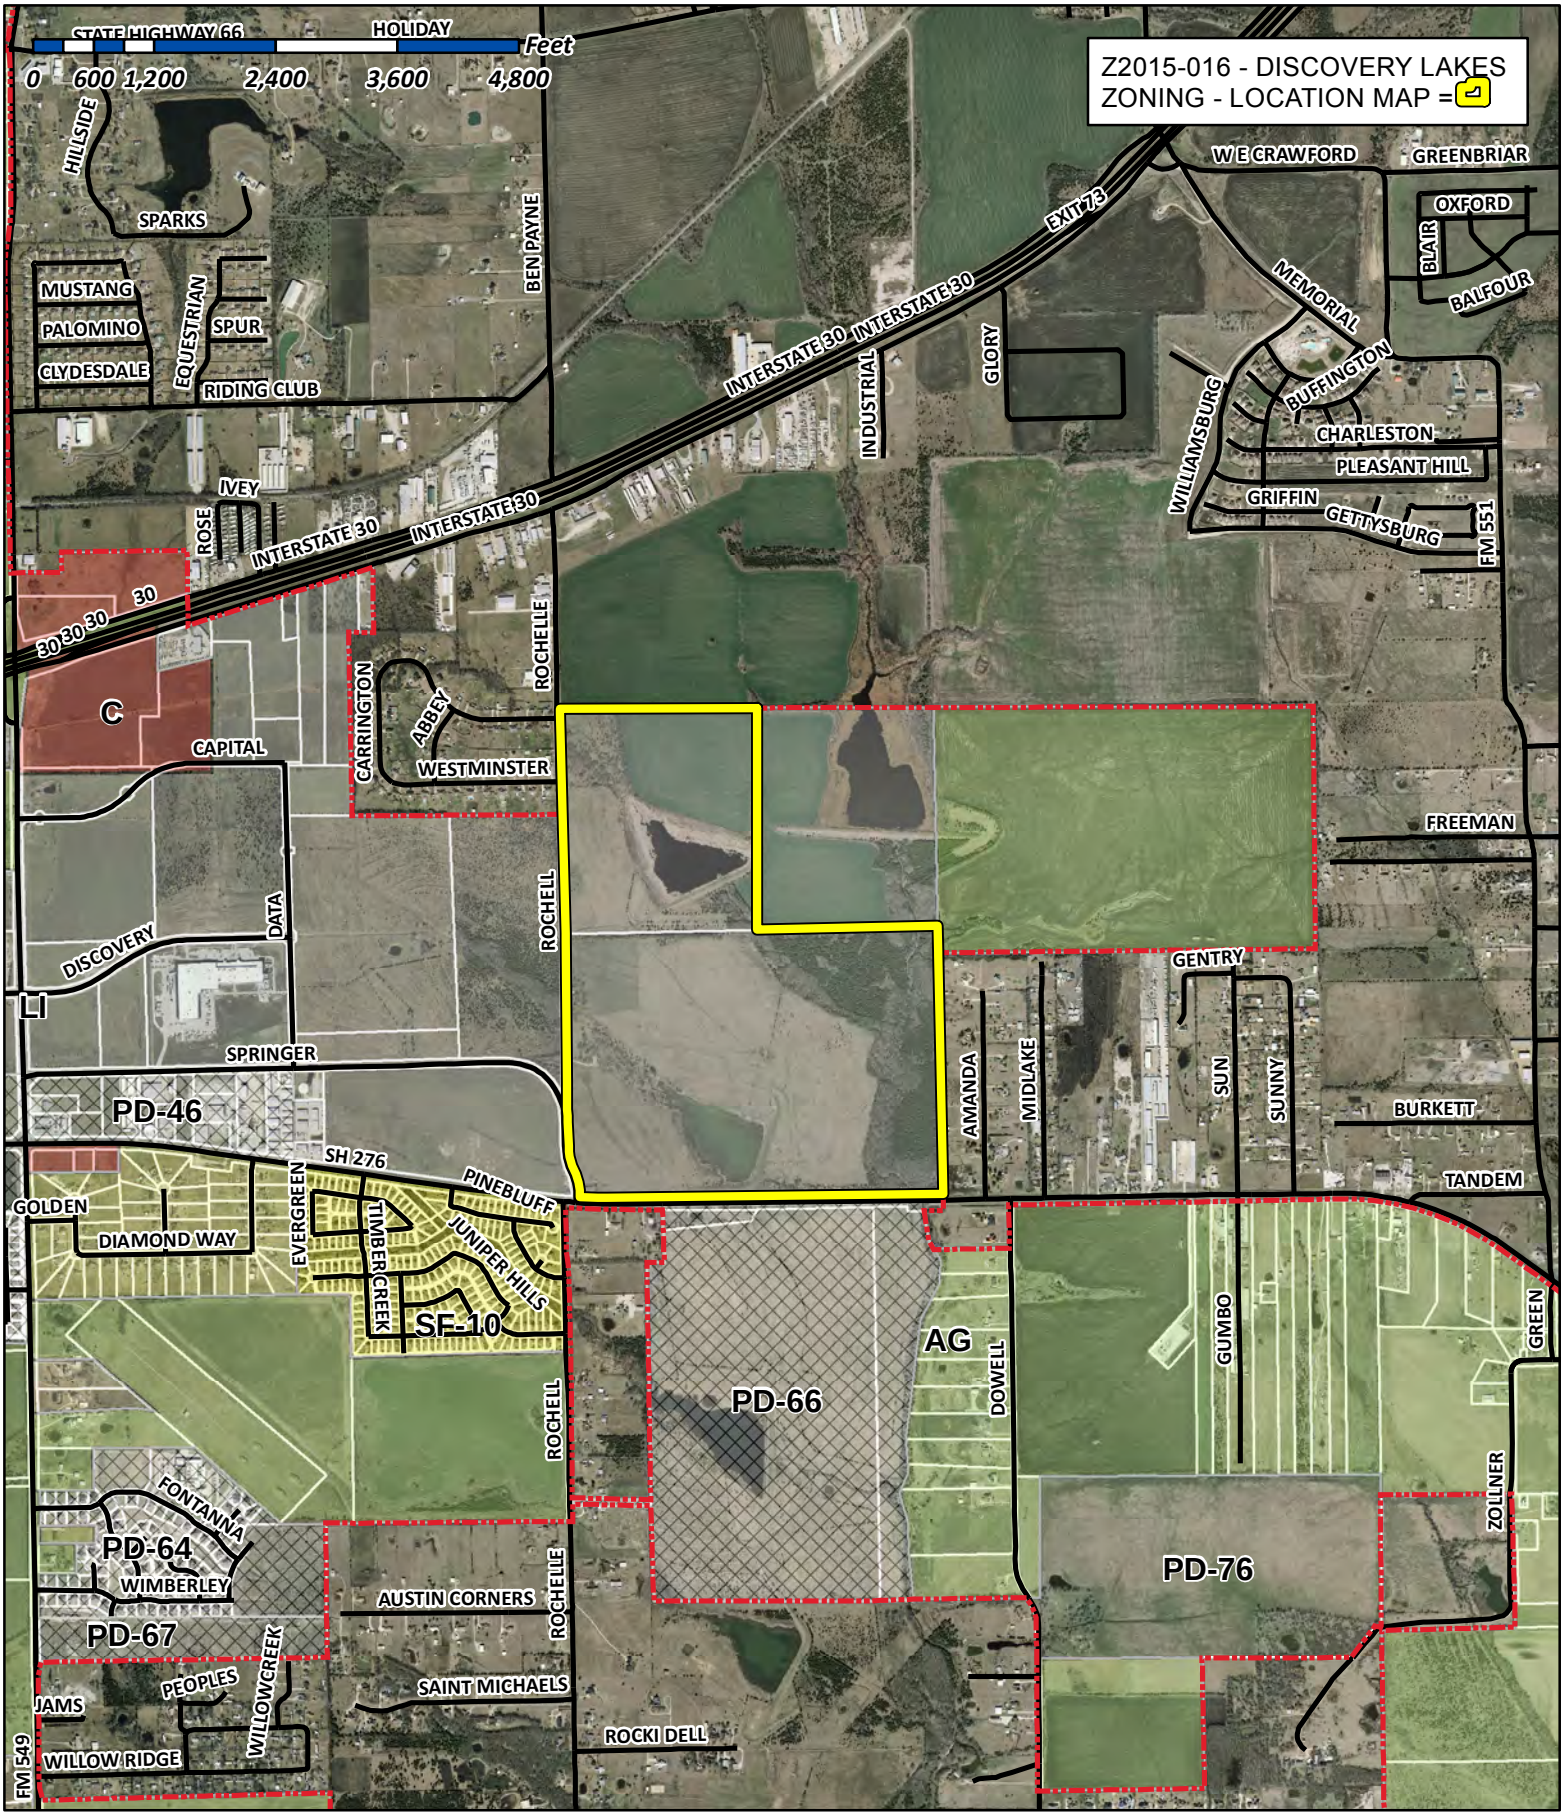
NOTIFICATION:

On June 5, 2015, staff mailed 19 notices to property owners and residents within 500-feet of the subject property. Staff also emailed a notice to the Timber Creek Homeowner's Associations

(HOA's), which is the only HOA located within 1,500 feet of the subject property. Additionally, staff posted a sign at the corner of the intersection of Rochell Road and SH-276, and advertised the public hearings in the Rockwall Harold Banner as required by the UDC. At the time this case memo was drafted one (1) response in favor of the applicant's request was received by staff.

RECOMMENDATIONS:

If the City Council chooses to approve the applicant's request to rezone the subject property from a Light Industrial (LI) District to a Planned Development District, then staff would propose the following conditions of approval:



1) The applicant shall be responsible for maintaining compliance with the conditions contained within the *Planned Development District* ordinance;

2) By approving this zoning change, the City Council will effectively be approving changes to the Comprehensive Plan and Future Land Use Map. Specifically, this will change the designation of the subject property from an *Employment Center* designation to a *Low Density Residential* and *Commercial* designation; and,

3) Any construction resulting from the approval of this *zoning change* shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING & ZONING COMMISSION:

On July 14, 2015, the Planning & Zoning Commission approved a motion to recommend denial of the zoning change by a vote of 5-2, with Commissioners Conley and Logan dissenting.

NOTICE OF PUBLIC HEARING
CITY OF ROCKWALL, PLANNING & ZONING DEPARTMENT

PHONE: (972) 771-7745
EMAIL: PLANNING@ROCKWALL.COM

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

Case No. Z2015-016: Discovery Lakes PD

Hold a public hearing to discuss and consider a request by Stacey McVey of Double Eagle Properties on behalf of the owner 308 ON 276 LP for the approval of a zoning change from an Agricultural (AG) District to a Planned Development District for Single Family 10 (SF-10) District land uses, on a 308.52-acre tract of land identified as Tract 1 of the M. E. Hawkins Survey, Abstract No. 100, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, located at the northeast corner of the intersection of Rochelle Road and SH-276, and take any action necessary.

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 6/30/2015 at 6:00 p.m.,** and the City Council will hold a public hearing on **Monday, 7/06/2015 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

Ryan Miller
Rockwall Planning and Zoning Dept.
385 S. Goliad Street
Rockwall, TX 75087

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **6/15/2015** to ensure they are included in the information provided to the City Council.

Sincerely,

Robert LaCroix, AICP
Director of Planning & Zoning

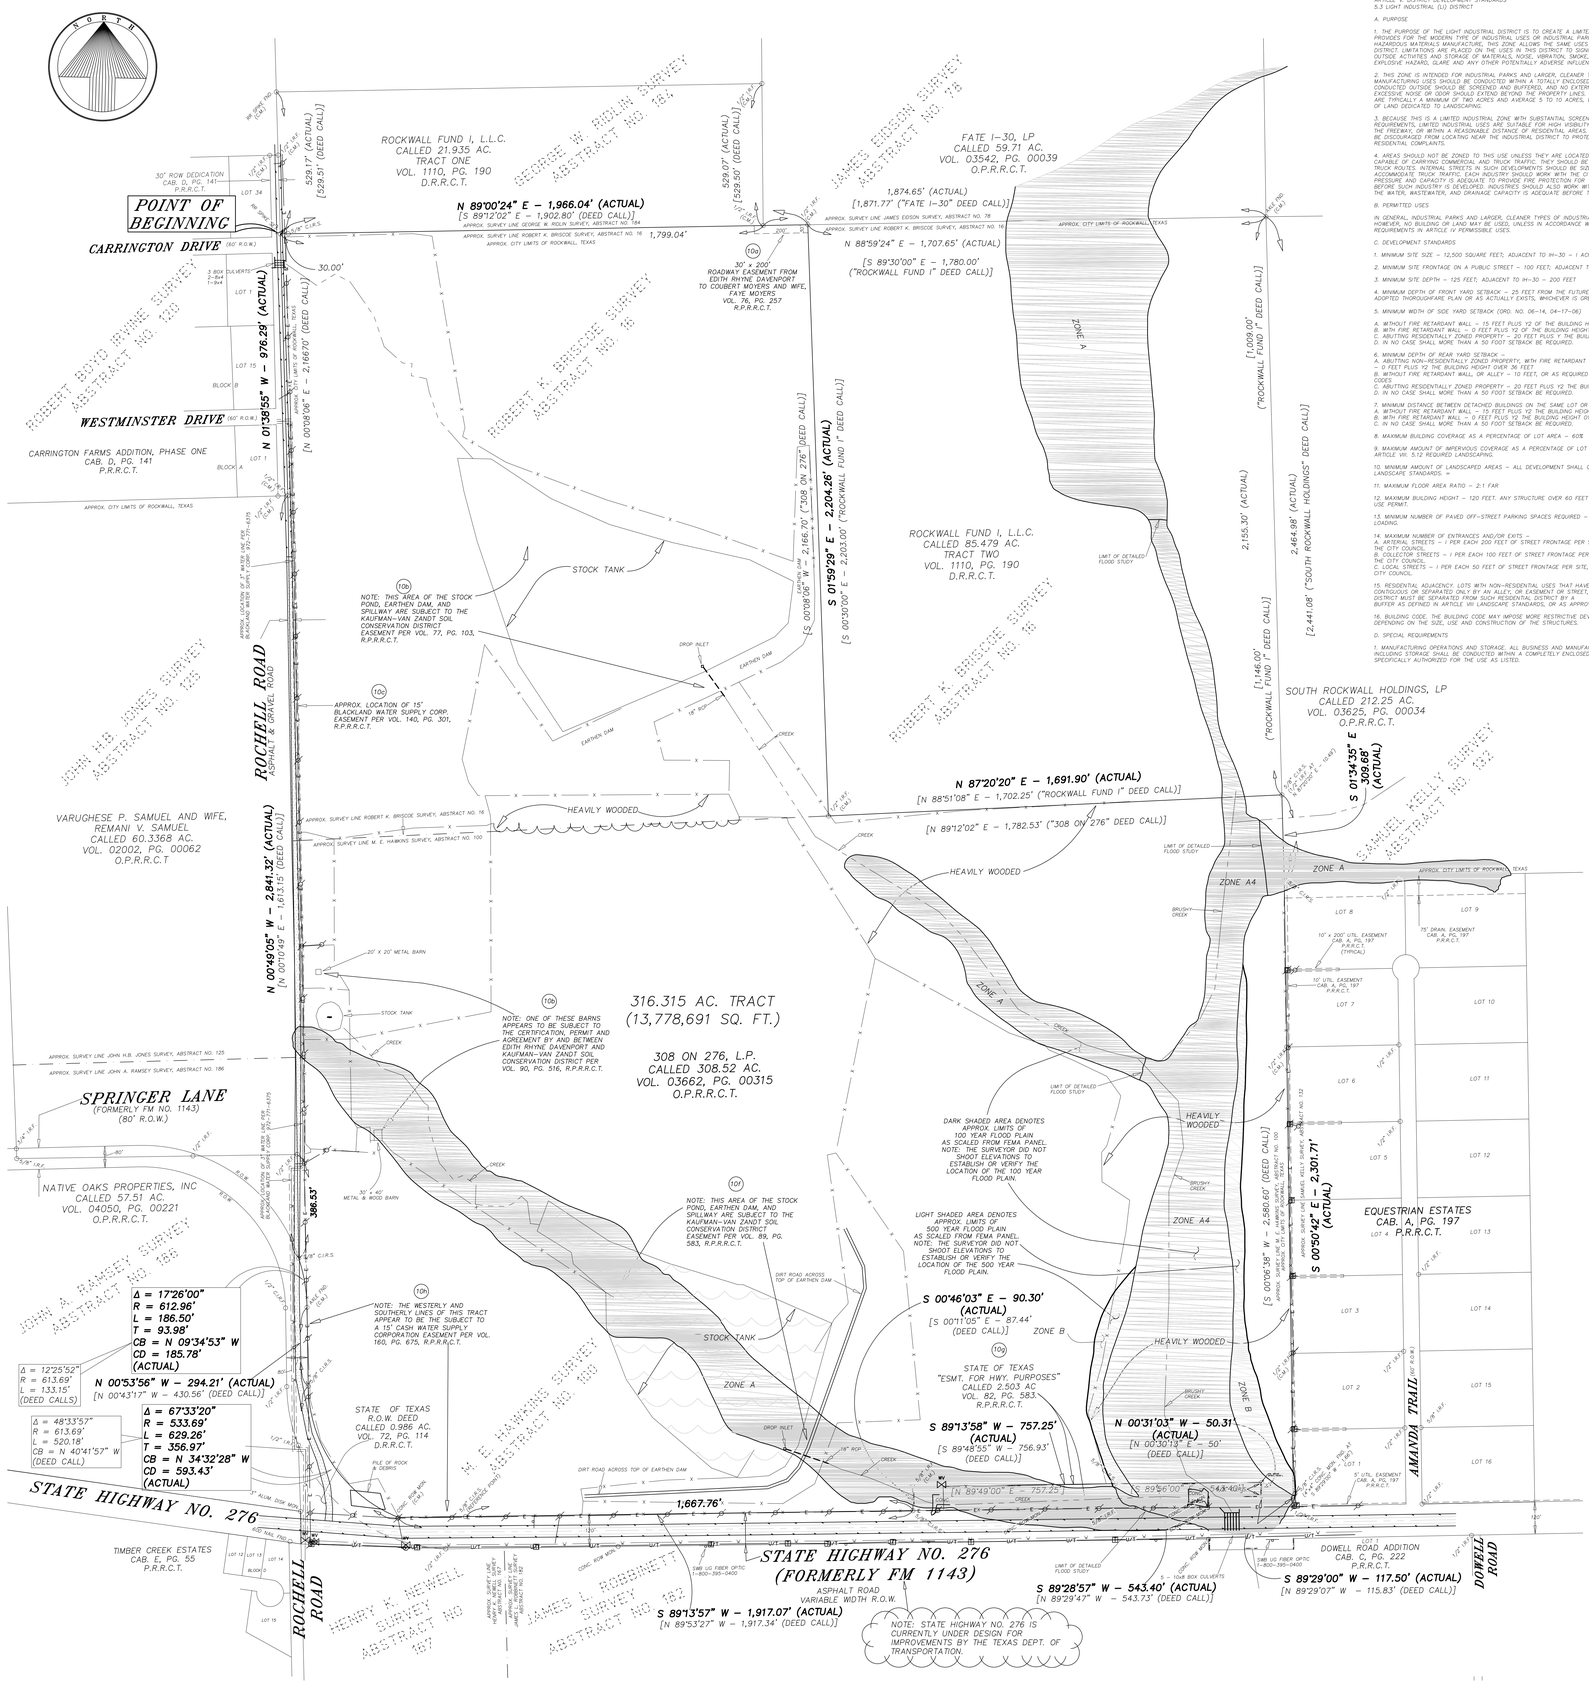
Subject: Neighborhood Notification Program: Notice of Zoning Request



To whom it may concern:

Per your participation in the Neighborhood Notification Program, you are receiving this notification to inform your organization and residents of a request for a zoning change that lies within 1,500 feet of the boundaries of your neighborhood or subdivision. As the primary contact for the organization, you are encouraged to share this information with the residents of your subdivision. Please find attached a map detailing the location of the subject property requesting the zoning change in relation to your subdivision boundaries. Additionally, below is a summary of the zoning request that will also be published in the Rockwall Herald Banner on *June 12th, 2015*. If you have any questions or comments regarding this request, the contact information for the Planning Department is listed below. Additional information can also be found at http://www.rockwall.com/planning/planningDevCases.asp.

CITY OF ROCKWALL ZONING REGULATIONS

LIGHT INDUSTRIAL (LI)
ARTICLE V. DISTRICT DEVELOPMENT STANDARDS
5.3 LIGHT INDUSTRIAL (LI) DISTRICT

A. PURPOSE

1. THE PURPOSE OF THE LIGHT INDUSTRIAL DISTRICT IS TO CREATE A LIMITED INDUSTRIAL ZONE THAT PROVIDES FOR THE MODERN TYPE OF INDUSTRIAL USES OR INDUSTRIAL PARK WITH THE EXCEPTION OF HAZARDOUS MATERIALS MANUFACTURE; THIS ZONE ALLOWS THE SAME USES AS THE HI, HEAVY INDUSTRIAL DISTRICT, LIMITATIONS ARE PLACED ON THE USES IN THIS DISTRICT TO SIGNIFICANTLY RESTRICT THE OUTSIDE ACTIVITIES AND STORAGE OF MATERIALS THAT MAY VIBRATION, SMOKE, POLLUTION, FIRE AND EXPLOSIVE HAZARD, GLARE AND ANY OTHER POTENTIALLY ADVERSE INFLUENCES.

2. THIS ZONE IS INTENDED FOR INDUSTRIAL PARKS AND LARGER, CLEANER TYPES OF INDUSTRIES. THE MANUFACTURING USES SHOULD BE CONDUCTED WITHIN A TOTALLY ENCLOSED BUILDING. ANY ACTIVITIES CONDUCTED OUTSIDE SHOULD BE SCREENED AND BUFFERED, AND NO EXTERNAL EFFECTS SUCH AS EXCESSIVE NOISE OR ODOR SHOULD EXTEND BEYOND THE PROPERTY LINES. THE SITES FOR SUCH USES ARE TYPICALLY A MINIMUM OF TWO ACRES AND AVERAGE 5 TO 10 ACRES, WITH A SIGNIFICANT AMOUNT OF LAND DEDICATED TO LANDSCAPING.

3. BECAUSE THIS IS A LIMITED INDUSTRIAL ZONE WITH SUBSTANTIAL SCREENING AND BUFFERING REQUIREMENTS, LIMITED INDUSTRIAL USES ARE SUITABLE FOR HIGH VISIBILITY LOCATIONS SUCH AS ALONG THE FREEWAY, OR WITHIN A REASONABLE DISTANCE OF RESIDENTIAL AREAS. RESIDENTIAL USES SHOULD BE DISCOURAGED FROM LOCATING NEAR THE INDUSTRIAL DISTRICT IN ORDER TO PROTECT THE INDUSTRIES FROM RESIDENTIAL COMPLAINTS.

4. AREAS SHOULD NOT BE ZONED TO THIS USE UNLESS THEY ARE LOCATED ON OR CLOSE TO ARTERIAL STREETS WHICH HAVE COMMERCIAL AND TRUCK TRAFFIC. THEY SHOULD BE LOCATED CLOSE TO MAJOR TRUCK ROUTES. INTERNAL STREETS IN SUCH DEVELOPMENTS SHOULD BE DESIGNED AND STRENGTHENED TO ACCOMMODATE TRUCK TRAFFIC. EACH INDUSTRY SHOULD WORK WITH THE CITY TO INSURE THE WATER PRESSURE AND CAPACITY IS ADEQUATE TO PROVIDE FIRE PROTECTION FOR THAT PARTICULAR INDUSTRY BEFORE SUCH INDUSTRY IS DEVELOPED. INDUSTRIES SHOULD ALSO WORK WITH THE CITY TO INSURE THAT THE WATER, WASTEWATER, AND DRAINAGE CAPACITY IS ADEQUATE BEFORE THE INDUSTRY IS DEVELOPED.

B. PERMITTED USES

IN GENERAL, INDUSTRIAL PARKS AND LARGER, CLEANER TYPES OF INDUSTRIAL USES ARE ALLOWED; HOWEVER, NO BUILDING OR LAND MAY BE USED, UNLESS IN ACCORDANCE WITH THE USE TABLES AND REQUIREMENTS IN ARTICLE IV PERMISSIBLE USES.

C. DEVELOPMENT STANDARDS

1. MINIMUM SITE SIZE – 12,500 SQUARE FEET; ADJACENT TO IH–30 – 1 ACRE

2. MINIMUM SITE FRONTAGE ON A PUBLIC STREET – 100 FEET; ADJACENT TO IH–30 – 200 FEET

3. MINIMUM SITE DEPTH – 125 FEET; ADJACENT TO IH–30 – 200 FEET

4. MINIMUM DEPTH OF FRONT YARD SETBACK – 25 FEET FROM THE FUTURE ROW AS SHOWN ON THE ADOPTED THOROUGHFARE PLAN OR AS ACTUALLY EXISTS, WHICHEVER IS GREATER

5. MINIMUM WIDTH OF SIDE YARD SETBACK (ORD. NO. 06–14, 04–17–06)

A. WITHOUT FIRE RETARDANT WALL – 15 FEET PLUS Y2 OF THE BUILDING HEIGHT OVER 36 FEET
B. WITH FIRE RETARDANT WALL – 15 FEET PLUS Y2 THE BUILDING HEIGHT OVER 36 FEET
C. ABUTTING RESIDENTIALLY ZONED PROPERTY – 20 FEET PLUS Y2 THE BUILDING HEIGHT OVER 36 FEET
D. IN NO CASE SHALL MORE THAN A 50 FOOT SETBACK BE REQUIRED.

6. MINIMUM DEPTH OF REAR YARD SETBACK –
A. ABUTTING NON–RESIDENTIAL ZONED PROPERTY, WITH FIRE RETARDANT WALL AND ALLEY SEPARATING – 0 FEET PLUS Y2 THE BUILDING HEIGHT OVER 36 FEET.
B. WITHOUT FIRE RETARDANT WALL OR ALLEY – 10 FEET, OR AS REQUIRED BY BUILDING AND/OR FIRE CODES
C. ABUTTING RESIDENTIALLY ZONED PROPERTY – 20 FEET PLUS Y2 THE BUILDING HEIGHT OVER 36 FEET.
D. IN NO CASE SHALL MORE THAN A 50 FOOT SETBACK BE REQUIRED.

7. MINIMUM DISTANCE BETWEEN TWO BUILDINGS ON THE SAME LOT OR PARCEL OF LAND–
A. WITHOUT FIRE RETARDANT WALL – 15 FEET PLUS Y2 THE BUILDING HEIGHT OVER 36 FEET
B. WITH FIRE RETARDANT WALL – 10 FEET PLUS Y2 THE BUILDING HEIGHT OVER 36 FEET
C. IN NO CASE SHALL MORE THAN A 50 FOOT SETBACK BE REQUIRED.

8. MAXIMUM BUILDING COVERAGE AS A PERCENTAGE OF LOT AREA – 60%

9. MAXIMUM AMOUNT OF IMPERVIOUS COVERAGE AS A PERCENTAGE OF LOT AREA – 90–95% SEE ARTICLE VIII. 5.12 REQUIRED LANDSCAPING

10. MINIMUM AMOUNT OF LANDSCAPED AREAS – ALL DEVELOPMENT SHALL COMPLY WITH ARTICLE VIII LANDSCAPE STANDARDS. =

11. MAXIMUM FLOOR AREA RATIO – 2:1 FAR

12. MAXIMUM BUILDING HEIGHT – 120 FEET. ANY STRUCTURE OVER 60 FEET SHALL REQUIRE A SPECIFIC USE PERMIT.

13. MINIMUM NUMBER OF PAVED OFF–STREET PARKING SPACES REQUIRED – SEE ARTICLE VI PARKING AND LOADING.

14. MAXIMUM NUMBER OF ENTRANCES AND/OR EXITS –
A. ARTERIAL STREETS – 1 FOR EACH 200 FEET OF STREET FRONTAGE PER SITE, OR AS APPROVED BY THE CITY COUNCIL.
B. COLLECTOR STREETS – 1 PER EACH 100 FEET OF STREET FRONTAGE PER SITE, OR AS APPROVED BY THE CITY COUNCIL.
C. LOCAL STREETS – 1 PER EACH 50 FEET OF STREET FRONTAGE PER SITE, OR AS APPROVED BY THE CITY COUNCIL.

15. RESIDENTIAL ADJACENCY: LOTS WITH NON–RESIDENTIAL USES THAT HAVE A SIDE OR REAR CONTIGUOUS OR SEPARATED ONLY BY AN ALLEY, OR EASEMENT OR STREET, FROM ANY RESIDENTIAL DISTRICT MUST BE SEPARATED FROM SUCH RESIDENTIAL DISTRICT BY A BUFFER AS DEFINED IN ARTICLE VIII LANDSCAPE STANDARDS, OR AS APPROVED BY THE CITY COUNCIL.

16. BUILDING CODE: THE BUILDING CODE MAY IMPOSE MORE RESTRICTIVE DEVELOPMENT STANDARDS DEPENDING ON THE SIZE, USE AND CONSTRUCTION OF THE STRUCTURES.

D. SPECIAL REQUIREMENTS

1. MANUFACTURING OPERATIONS AND STORAGE. ALL BUSINESS AND MANUFACTURING OPERATIONS INCLUDING STORAGE SHALL BE CONDUCTED WITHIN A COMPLETELY ENCLOSED BUILDING UNLESS SPECIFICALLY AUTHORIZED FOR THE USE AS LISTED.

LEGAL DESCRIPTION

Field notes for a 316.315 acre (13,778,691 square foot) tract of land situated in the M. E. Hawkins Survey, Abstract No. 100, and the Robert K. Briscoe Survey, Abstract No. 16 in the City of Rockwall, Rockwall County, Texas, and being all of that certain called 308.52 acre tract of land described in a Special Warranty Deed to 308 on 276, L.P., as recorded in Volume 03662, Page 00315, of the Official Public Records of Rockwall County, Texas (O.P.R.R.C.T.), with said 316.315 acre (13,778,691 square feet) tract of land being more particularly described by metes and bounds as follows:

BEGINNING a railroad spike set in asphalt marking the northwest corner of said 308 on 276, L.P. tract and the common southwest corner of that certain called 21.935 acre tract of land described as Tract One in a Warranty Deed to Rockwall Fund I, L.L.C., as recorded in Volume 1110, Page 190, of the Deed Records of Rockwall County, Texas (D.R.R.C.T.), said point being in the approximate center of Rochell Road, a county road with an unspecified right–of–way (R.O.W.) width;

THENCE North 89 degrees 00 minutes 24 seconds East (South 89 degrees 12 minutes 02 seconds East – deed call), along the common northerly line of said 308 on 276, L.P. tract and the common southerly line of said Tract One, passing at a distance of 30.00 feet, a 5/8 inch iron rod set with a yellow plastic cap stamped "THE WALLACE GROUP" ("cap") for reference, continuing along said common line, passing at a distance of 1,799.04 feet, a 1/2 inch iron rod found marking the southeast corner of said Tract One, being common with the southwest corner of that certain called 59.71 acre tract of land described in a Special Warranty Deed to Fate I–30, L.P., as recorded in Volume 03542, Page 00039, O.P.R.R.C.T., continuing along the common northerly line of said 308 on 276, L.P. tract and the southerly line of said Fate I–30, L.P. tract, a total distance of 1,966.04 feet (1,902.80 feet – deed call) to a 1/2 inch iron rod found marking the common most northerly northeast corner of said 308 on 276, L.P. tract and the northwest corner of that certain called 85.479 acre tract of land described as Tract Two in the aforementioned Warranty Deed to Rockwall Fund I, L.L.C., as recorded in Volume 1110, Page 190, D.R.R.C.T.;

THENCE South 01 degrees 59 minutes 29 seconds East (South 00 degrees 08 minutes 06 seconds West – deed call), along the common easterly line of said 308 on 276, L.P. tract and the westerly line said Tract Two, a distance of 2,204.26 feet (2,166.70 feet – deed call) to a 1/2 inch iron rod found marking an ell corner of said 308 on 276, L.P. tract and the southwest corner of said Tract Two;

THENCE North 87 degrees 20 minutes 20 seconds East (North 89 degrees 12 minutes 02 seconds East – deed call), continuing along the common northerly line of said 308 on 276, L.P. tract and the southerly line said Tract Two, a distance of 1,691.90 feet (1,782.53 feet – deed call) to a 5/8 inch iron rod set with "cap" marking the common most easterly northeast corner of said 308 on 276, L.P. tract and the southeast corner of said Tract Two, from which a 1/2 inch iron rod found bears North 87 degrees 20 minutes 20 seconds East at 10.49 feet, said 5/8 inch iron rod set being on the west line of that certain called 212.25 acre tract of land described in a Special Warranty Deed to South Rockwall Holdings, L.P., as recorded in Volume 03625, Page 00034, O.P.R.R.C.T.;

THENCE South 01 degrees 34 minutes 35 seconds East, along the common easterly line of said 308 on 276, L.P. tract and the westerly line said South Rockwall Holdings tract, a distance of 309.68 feet to a 5/8 inch iron rod set with "cap" marking the southwest corner of said South Rockwall Holdings tract, being common with the northwest corner of Lot 8, Equestrian Estates, according to the plat thereof recorded in Cabinet A, Page 197, of the Plat Records of Rockwall County, Texas (P.R.R.C.T.);

THENCE South 00 degrees 50 minutes 42 seconds East, along the common easterly line of said 308 on 276, L.P. tract and the westerly line said Equestrian Estates, a distance of 2,301.71 feet (South 00 degrees 06 minutes 38 seconds West, a distance of 2,580.60 feet – overall deed call) to a 5/8 inch iron rod set with "cap" marking the common southeast corner of said 308 on 276, L.P. tract and an ell corner of the north R.O.W. line of State Highway No. 276 (having a variable width R.O.W.);

THENCE South 89 degrees 29 minutes 00 seconds West (North 89 degrees 29 minutes 07 seconds West – deed call), along the common southerly line of said 308 on 276, L.P. tract and said north R.O.W. line of State Highway No. 276, passing at a distance of 1.66 feet a found TxDOT concrete monument, continuing along said common line for a total distance of 117.50 feet (115.83 feet – deed call) to a 5/8 inch iron rod set with "cap" marking the common ell corner of said 308 on 276, L.P. tract and the most easterly southeast corner of that certain called 2.503 acre tract of land described as an Easement for Highway Purposes to the State of Texas, recorded in Volume 82, Page 583of the Real Property Records of Rockwall County, Texas (R.P.R.R.C.T.);

THENCE North 00 degrees 31 minutes 03 seconds West (North 00 degrees 30 minutes 13 seconds East – deed call), along a common interior line of said 308 on 276, L.P. tract and the easterly line of said Easement for Highway Purposes tract, a distance of 50.31 feet (50 feet – deed call) to a 5/8 inch iron rod set with "cap" marking the common ell corner of said 308 on 276, L.P. tract and the northeast corner of said Easement for Highway Purposes tract;

THENCE South 89 degrees 28 minutes 57 seconds West (North 89 degrees 29 minutes 47 seconds West – deed call), along the common southerly line of said 308 on 276, L.P. tract and the northerly line of said Easement for Highway Purposes tract, a distance of 543.40 feet (543.73 feet – deed call) to a 5/8 inch iron rod set with "cap" for corner;

THENCE South 89 degrees 13 minutes 58 seconds West (South 89 degrees 48 minutes 55 seconds West – deed call), continuing along the common southerly line of said 308 on 276, L.P. tract and the northerly line of said Easement for Highway Purposes tract, a distance of 757.25 feet (756.93 feet – deed call) to a 5/8 inch iron rod found marking a common ell corner of said 308 on 276, L.P. tract and the northwest corner of said Easement for Highway Purposes tract;

THENCE South 00 degrees 46 minutes 03 seconds East (South 00 degrees 11 minutes 05 seconds East – deed call), along a common interior line of said 308 on 276, L.P. tract and the westerly line of said Easement for Highway Purposes tract, a distance of 90.30 feet (87.44 feet – deed call) to a 5/8 inch iron rod set with "cap" marking a common ell corner of said 308 on 276, L.P. tract and the southwest corner of said Easement for Highway Purposes tract, said point being on said north R.O.W. line of State Highway No. 276;

THENCE South 89 degrees 13 minutes 57 seconds West (North 89 degrees 53 minutes 27 seconds West – deed call), along the common southerly line of said 308 on 276, L.P. tract and said north R.O.W. line of State Highway No. 276, passing at a distance of 1,667.76 feet a 5/8 inch iron rod set with "cap" for reference, continuing along said common line for a total distance of 1,917.07 feet (1,917.34 feet – deed call) to a found TxDOT concrete monument, marking the transitional R.O.W. line from said north R.O.W. line of State Highway No. 276 to the east R.O.W. line of Springer Lane, an 80 foot wide R.O.W., (formerly F.M. No. 1143), said point being the beginning of a non–tangent curve to the right, with the radius point being situated North 21 degrees 40 minutes 52 seconds East, a distance of 533.69 feet;

THENCE Northerly along the common curving westerly line of said 308 on 276, L.P. tract and said curving east R.O.W. line of Springer Lane, with said non–tangent curve to the right, through a central angle of 67 degrees 33 minutes 20 seconds (48 degrees 33 minutes 57 seconds – deed call), having a radius of 533.69 feet (613.69 feet – deed call), a tangent distance of 356.97 feet, a chord bearing North 34 degrees 32 minutes 28 seconds West (North 40 degrees 41 minutes 57 seconds West – deed call), at 593.43 feet, and an arc distance of 629.26 feet (520.18 feet – deed call) to a 5/8 inch iron rod set with "cap" at the end of said non–tangent curve;

THENCE North 00 degrees 53 minutes 56 seconds West (North 00 degrees 43 minutes 17 seconds West – deed call), continuing along the common westerly line of said 308 on 276, L.P. tract and said east R.O.W. line of Springer Lane, a distance of 294.21 feet (430.56 feet – deed call) to an axle found for the beginning of a non–tangent curve to the left, with the radius point being situated South 89 degrees 08 minutes 07 seconds West, a distance of 612.96 feet;

THENCE Northerly continuing along the common curving westerly line of said 308 on 276, L.P. tract and said curving east R.O.W. line of Springer Lane, with said non–tangent curve to the left, through a central angle of 17 degrees 26 minutes 00 seconds (12 degrees 25 minutes 52 seconds – deed call), having a radius of 612.96 feet (613.69 feet – deed call), a tangent distance of 93.98 feet, a chord bearing North 09 degrees 34 minutes 53 seconds West at 185.78 feet, and an arc distance of 186.50 feet (133.15 feet – deed call) to a 5/8 inch iron rod set with "cap" at the end of said non–tangent curve, said point marking the transition from said east R.O.W. line of Springer Lane to the approximate center of the aforementioned Rochell Road;

THENCE North 00 degrees 49 minutes 05 seconds West (North 00 degrees 10 minutes 49 seconds East – deed call), along the common westerly line of said 308 on 276, L.P. tract and said approximate center of Rochell Road, passing at a distance of 386.53 feet a 1/2 inch iron rod found marking the southeast corner of that certain called 60.3368 acre tract of land described in a Cash Warranty Deed to Varughese P. Samuel and wife, Remani V. Samuel, as recorded in Volume 02002, Page 00062, O.P.R.R.C.T., then continuing along said common line with the easterly line of said Samuel tract, a total distance of 2,841.3 feet (1,613.15 feet – deed call) to a 1/2 inch iron rod found marking the northeast corner of said Samuel tract;

THENCE North 01 degrees 38 minutes 55 seconds West (North 00 degrees 08 minutes 06 seconds East – deed call), along the common westerly line of said 308 on 276, L.P. tract and said approximate center of Rochell Road, a distance of 976.29 feet (2,166.70 feet – deed call) to the POINT OF BEGINNING.

CONTAINING within the metes recited 316.315 acres (13,778,692 square feet) of land, more or less, of which a portion lies within Rochell Road.

CITY OF ROCKWALL

ORDINANCE NO. 15-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO CHANGE THE ZONING FROM AN AGRICULTURAL (AG) DISTRICT TO A PLANNED DEVELOPMENT DISTRICT FOR SINGLE FAMILY 10 (SF-10) AND GENERAL RETAIL (GR) DISTRICT LAND USES ON THE SUBJECT PROPERTY, BEING A 316.315-ACRE TRACT OF LAND IDENTIFIED AS TRACT 1 OF THE M. E. HAWKINS SURVEY, ABSTRACT NO. 100, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED HEREIN BY *EXHIBIT 'A' & EXHIBIT 'B'*; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request by the Stacy McVey of Double Eagle Properties, LLC on behalf of the owner 308 ON 276, LP for the approval of a zoning change from an Agricultural (AG) District to a Planned Development District for Single Family 10 (SF-10) and General Retail (GR) District land uses, on a 316.315-acre tract of land identified as Tract 1 of the M. E. Hawkins Survey, Abstract No. 100, City of Rockwall, Rockwall County, Texas and more fully described in *Exhibit 'A' & Exhibit 'B'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That the *Subject Property* shall be used only in the manner and for the purposes authorized by this Planned Development District Ordinance and the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting this zoning change, and as maybe amended in the future;

Section 2. That development of the *Subject Property* shall generally be in accordance with the *Planned Development Concept Plan*, described in *Exhibit 'C'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'C'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

Section 3. That development of the *Subject Property* shall generally be in accordance with the *Development Standards*, described in *Exhibit 'D'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'D'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

DRAFT ORDINANCE 07.21.2015

Section 4. That a *Master Parks and Open Space Plan* for the *Subject Property*, shall be prepared in accordance with this ordinance and consistent with the *Planned Development Concept Plan* depicted in *Exhibit 'C'* of this ordinance, and that the *Master Parks and Open Space Plan* shall be considered for approval by the City Council following a recommendation by the *Parks and Recreation Board*.

Section 5. That development of the *Subject Property* shall be in conformance with the schedule listed below (*except as set forth below with regard to simultaneous processing and approvals*).

(a) The procedures set forth in the City's subdivision regulations on the date this ordinance is approved by the City, as amended by this ordinance (*including Subsections 5(b) through 5(f) below*), shall be the exclusive procedures applicable to the subdivision and platting of the Property.

(b) The following plans and plats shall be required in the order listed below (*except as set forth below with regard to simultaneous processing and approvals*). The City Council shall act on an application for an *Open Space Master Plan* in accordance with the time period specified in *Section 212.009* of the *Texas Local Government Code*.

(1) Open Space Master Plan
(2) Master Plat
(3) PD Development Plan (*Required for Retail Areas Only*)
(4) PD Site Plan
(5) Preliminary Plat
(6) Final Plat

(c) A *PD Development Plan* must be approved for the area designated on the *Planned Development Concept Plan* as *Retail* prior to submittal of a *PD Site Plan* application and/or preliminary plat application. No *Master Plat* is required for the area designated on the *Concept Plan* as *Retail*. A traffic impact analysis for the retail tract shall be submitted with the *PD Development Plan* to determine the extent and timing of any recommended facilities and/or improvements to the surrounding roadway network. The traffic impact analysis may be updated with each *PD Site Plan* for each retail development.

(d) *PD Site Plan.* A *PD Site Plan* covering all of the *Subject Property* shall be submitted and shall identify all site/landscape/hardscape plan(s) for all open space, neighborhood parks, trail systems, street buffers and entry features. A *PD Site Plan* application may be processed by the City concurrently with a *Preliminary Plat Application* for the development.

(e) *Preliminary Plat.* A *Preliminary Plat* covering all of the *Subject Property* shall be submitted and shall include a *Treescape Plan*. A *Preliminary Plat Application* may be processed by the City concurrently with a *PD Site Plan Application* for the development.

(f) *Final Plat.* Prior to the issuance of any building permits, a *Final Plat*, conforming to the *Preliminary Plat*, for all of the *Subject Property* shall be submitted for approval.

Section 6. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

DRAFT ORDINANCE 07-14-2015

Section 7. That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

Section 8. The standards in this ordinance shall control in the event of a conflict between this ordinance and any provision of the Unified Development Code or any provision of the City Code, ordinance, resolution, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this ordinance. References to zoning district regulations or other standards in the Unified Development Code (including references to the *Unified Development Code*), and references to overlay districts, in this ordinance or any of the Exhibits hereto are those in effect on the date this ordinance was passed and approved by the City Council of the City of Rockwall, Texas;

Section 9. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 20TH DAY OF JULY, 2015.

DRAFT ORDINANCE 07.14.2015

Exhibit 'A':
Legal Description

Field notes for a 316.315-acre (13,778,691 square foot) tract of land situated in the M. E. Hawkins Survey, Abstract No. 100, and the Robert K. Briscoe Survey, Abstract No. 16 in the City of Rockwall, Rockwall County, Texas, and being all of that certain called 308.52-acre tract of land described in a Special Warranty Deed to 308 ON 276, L.P., as recorded in Volume 03662, Page 00315, of the Office Public Records of Rockwall County, Texas (O.P.R.R.C.T.) with said 316.315-acre (13, 778,691 square feet) tract of land being more particularly described by metes and bounds as follows:

BEGINNING a railroad spike set in asphalt marking the northwest corner of said 308 on 276, L.P. tract and the common southwest corner of that certain called 21. 935 acre tract of land described as Tract One in a Warranty Deed to Rockwall Fund I, L.L.C., as recorded in Volume 1 110, Page 190, of the Deed Records of Rockwall County, Texas (D.R.R.C.T.) , said point being in the approximate center of Rochell Road, a county road with an unspecified right-of- way (R. O. W.) width;

THENCE North 89 degrees 00 minutes 24 seconds East (South 89 degrees 12 minutes 02 seconds East - deed call), along the common northerly line of said 308 ON 276, L.P. tract and the common southerly line of said Tract One, passing at a distance of 30. 00 feet, a 5/8 inch iron rod set with a yellow plastic cap stamped "THE WALLACE GROUP " ("cap ") for reference, continuing along said common line, passing at a distance of 1,799. 04-fee t, a ½-inch iron rod found marking the southeast corner of said Tract One, being common with the south west corner of that certain called 59.71-acre tract of land described in a Special Warranty Deed to Fate I- 30, L.P., as recorded in Volume 03542, Page 00039, O.P.R.R.C.T., continuing along the common northerly line of said 308 on 276, L.P. tract and the southerly line of said Fate I-30, L.P. tract, a total distance of 1,966.04 feet (1,902 .80 feet - deed call) to a 1/ 2 inch iron rod found marking the common most northerly northeast corner of said 308 on 276, L.P. tract and the north west corner of that certain coiled 85.479 acre tract of land described as Tract Two in the aforementioned Warranty Deed to Rockwall Fund I, L.L.C., as recorded in Volume 1 110, Page 190, O.R.R.C.T.;

THENCE South 01 degrees 59 minutes 29 seconds East (South 00 degrees 08 minutes 06 seconds West - deed call), along the common easterly line of said 308 ON 276, L.P. tract and the westerly line said Tract Two, a distance of 2,204.26-fee t (2,166.70-feet - deed call) to a 1/ 2 inch iron rod found marking an ell corner of said 308 ON 276, L.P. tract and the southwest corner of said Tract Two;

THENCE North 87 degrees 20 minutes 20 seconds East (North 89 degrees 12 minutes 02 seconds East - deed call), continuing along the common northerly line of said 308 on 276, L.P. tract an d the southerly line said Tract Two, a distance of 1,691. 90 feet (1,782.53 feet - deed call) to a 5/8 inch iron rod se t with "cap " marking the common most easterly northeast corner of said 308 on 276, L.P. tract and the southeast corner of said Tract Two, from which a ½-inch iron rod found bears North 87 degrees 20 minutes 20 seconds East at 10. 49 feet, said 5/8-inch iron rod set being on the west line of that certain called 212. 25 acre tract of land described in a Special Warranty Deed to South Rock wall Holdings, L.P., as recorded in Volume 03625, Page 00034, O.P.R.R.C.T.;

THENCE South 01 degrees 34 minutes 35 seconds East, along the common easterly line of said 308 ON 276, L.P. tract and the westerly line said South Rock wall Holdings tract, a distance of 309.68-feet to a 5/8-inch iron rod set with "cap " marking the southwest corner of said South Rock wall Holdings tract, being common with the northwest corner of Lot 8, Equestrian Estates, according to the plot thereof recorded in Cabinet A, Page 19 7, of the Plot Records of Rock wall County, Texas (P.R.R.C.T.);

THENCE South 00 degrees 50 minutes 42 seconds East, along the common easterly line of said 308 ON 276, L.P. tract and the westerly line said Equestrian Estates, a distance of 2,301.71 feet (South 00 degrees 06 minutes 38 seconds West, a distance of 2,580 . 60 feet - overall deed call) to a 5/8 inch iron rod set with "cap " marking the common southeast corner of said 308 ON 276, L.P. tract and on ell corner of the north R.O.W. line of State Highway No. 276 (having a variable width R.O.W.);

THENCE South 89 degrees 29 minutes 00 seconds West (North 89 degrees 29 minutes 07 seconds West - deed call), along the common southerly line of said 308 ON 2 76, L.P. tract and said north R.O.W. line of State Highway No. 276, passing at a distance of 1.66 feet a found TxDOT concrete monument, continuing along said common line for a tot al distance of 117.50-feet (115.83-feet - deed call) to a 5/8-inch iron rod set with "cap " marking the common ell corner of said 308 ON 276, L.P. tract and the most easterly southeast corner of that certain called 2.503-acre tract of land described as on Easement for Highway Purposes to the State of Texas, recorded in Volume 82, Page 583 of the Real Property Records of Rockwall County, Texas (R.P.R.R.C.T.);

THENCE North 00 degrees 31 minutes 03 seconds West (North 00 degrees 30 Minutes 13 seconds East - deed call), along a common interior line of said 308 on 2 76, L.P. tract and the easterly line of said Easement for Highway Purposes tract, a distance of 50.31-feet (50-feet - deed call) to a 5/8-inch iron rod set with "cap" marking the common ell corner of said 308 ON 276, L.P. tract and the north east corner of said Easement for Highway Purposes tract;

DRAFT

THENCE South 89 degrees 28 minutes 57 seconds West (North 89 degrees 29 minutes 47 seconds West - deed call), along the common southerly line of said 308 on 276, L.P. tract and the northerly line of said Easement for Highway Purposes tract, a distance of 543.40-feet (543.73-feet - deed call) to a 5/8-inch iron rod set with "cap " for corner;

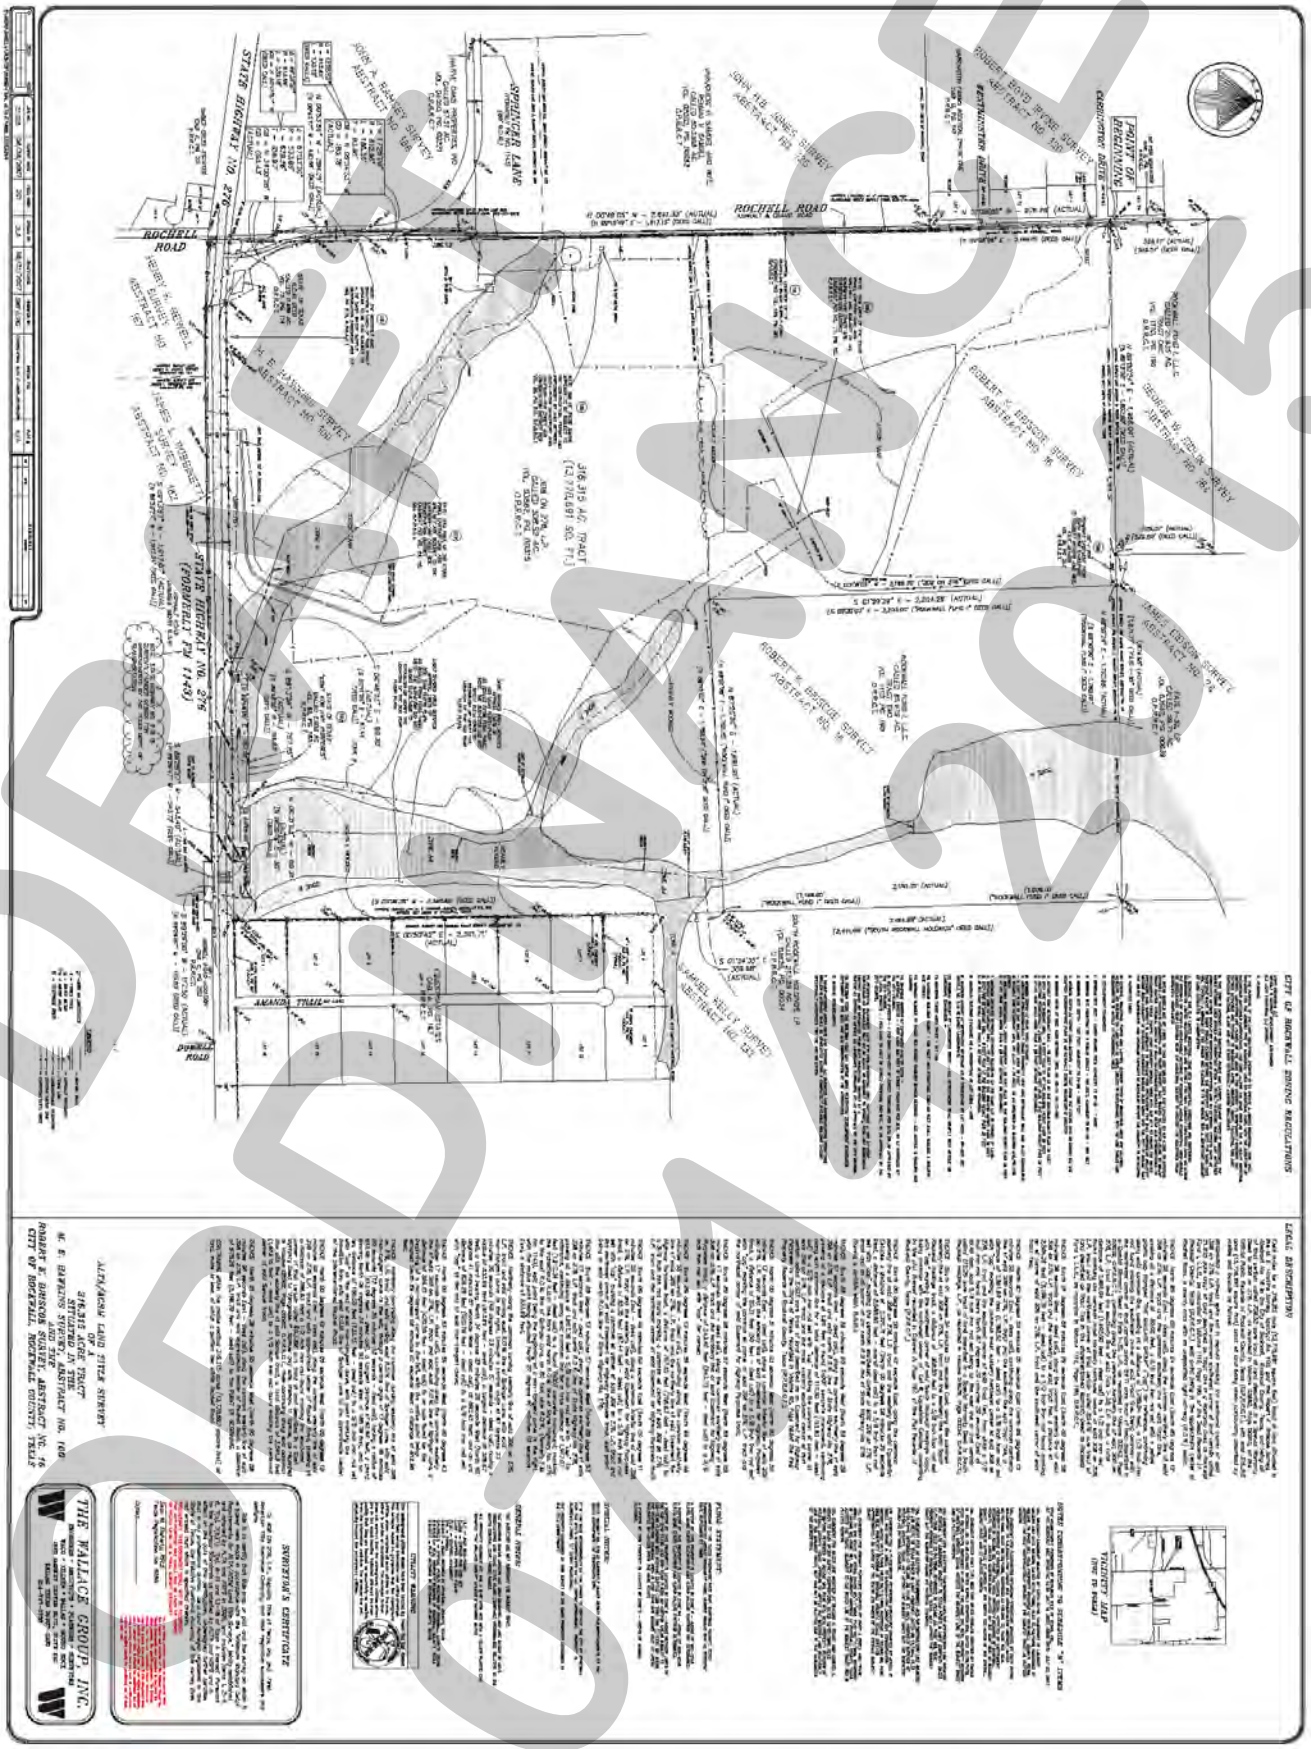
THENCE South 89 degrees 13 minutes 58 seconds West (South 89 degrees 48 minutes 55 seconds West - deed call), continuing along the common southerly line of said 308 ON 276, L.P. tract and the northerly line of said Easement for Highway Purposes tract, a distance of 757. 25-feet (756.93-feet - deed call) to a 5/8-inch iron rod found marking a common ell corner of said 308 ON 276, L.P. tract and the northwest corner of said Easement for Highway Purposes tract;

THENCE South 00 degrees 46 minutes 03 seconds East (South 00 degrees 11 minutes 05 seconds East - deed call), along a common interior line of said 308 ON 276, L.P. tract and the westerly line of said Easement for High way Purposes tract, a distance of 90.30-feet (87.44-feet - deed call) t o a 5/8-inch iron rod set with "cap " marking a common ell corner of said 308 ON 276, L.P. tract and the southwest corner of said Easement for Highway Purposes tract, said point being on said north R.O.W. line of State Highway No. 276;

THENCE South 89 degrees 13 minutes 57 seconds West (North 89 degrees 53 minutes 27 seconds West - deed call), along the common southerly line of said 308 ON 276, L.P. tract and said north R.O.W. line of State Highway No. 276, passing at a distance of 1,66 7.76-feet a 5/8-inch iron rod set with "cap " for reference, continuing along said common line for a total distance of 1,917.07-feet (1,917.34-feet - deed call) to a found TxDOT concrete monument, marking the transitional R.O.W. line from said north R.O.W. line of State Highway No. 276 to the east R.O.W. fine of Springer Lane, on 80-foot wide R.O.W., (formerly F.M. No. 1143), said point being the beginning of a non-tangent curve to the right, with the radius point being situated North 21 degrees 40 minutes 52 seconds East, a distance of 533.69-feet;

THENCE Northerly along the common curving westerly line of said 308 ON 276, L.P. tract and said curving east R.O.W. line of Springer Lane, with said non-tangent curve to the right, through a central angle of 67 degrees 33 minutes 20 seconds (48 degrees 33 minutes 57 seconds - deed call), having a radius of 533. 69-feet (613.69-feet - deed call), a tangent distance of 356.97-feet, a chord bearing North 34 degrees 32 minutes 28 seconds West (North 40 degrees 41 minutes 57 seconds West - deed call), at 593.43-feet, and an arc distance of 629.26-feet (520.18-feet - deed call) to a 5/8-inch iron rod set with "cap" at the end of said non- tangent curve;

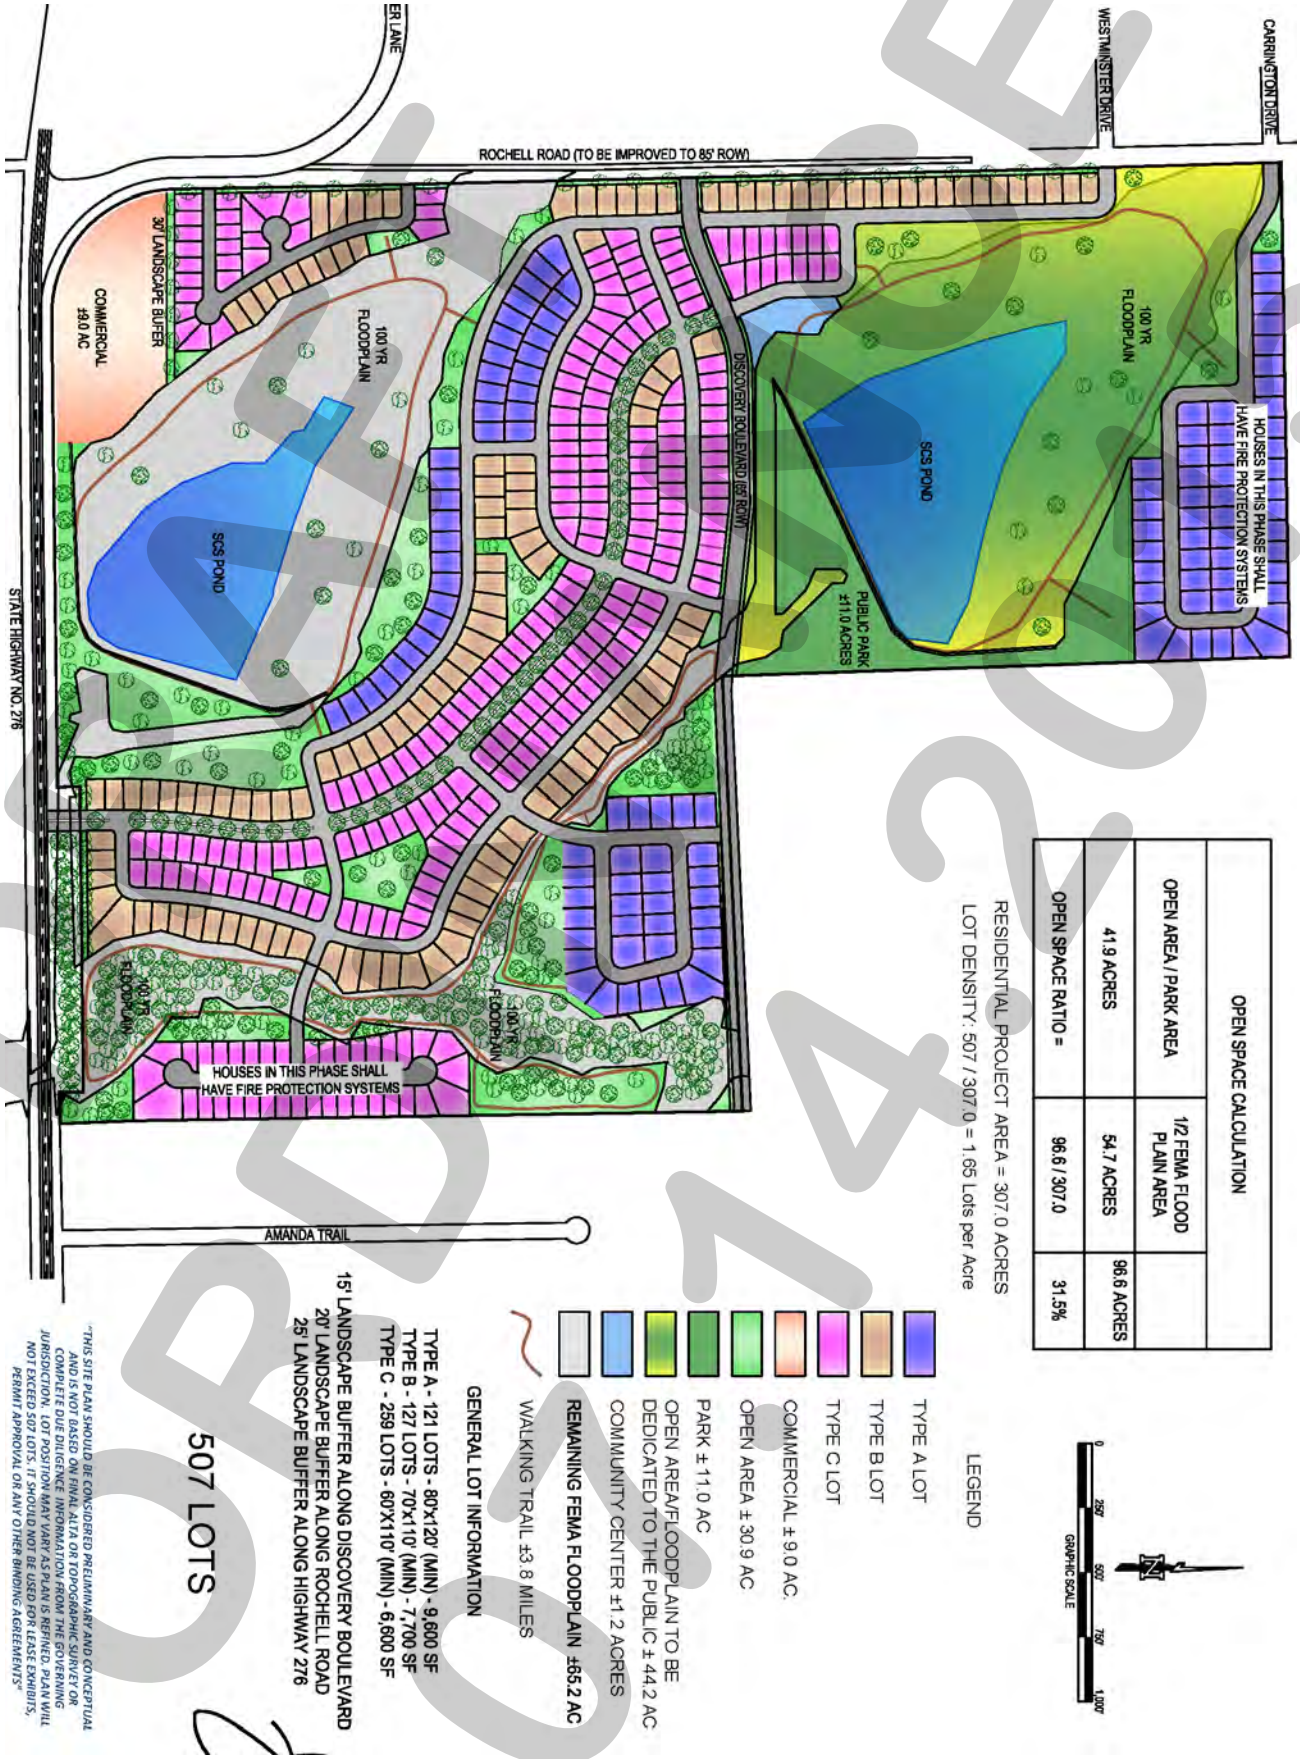
THENCE North 00 degrees 53 minutes 56 seconds West (North 00 degrees 43 minutes 17 seconds West - deed call), continuing along the common westerly line of said 308 on 276, L.P. tract and said east R.O.W. line of Springer Lane, a distance of 294.21-feet (430.56-feet - deed call) to an axle found for the beginning of a non-tangent curve to the left , with the radius point being situated South 89 degrees 08 minutes 07 seconds West, a distance of 612.96-feet;



THENCE Northerly continuing along the common curving westerly line of said 308 ON 276, L.P. tract and said curving east R.O.W. line of Springer Lane, with said non-tangent curve to the left, through a central angle of 17 degrees 26 minutes 00 seconds (12 degrees 25 minutes 52 seconds - deed call), having a radius of 612.96-feet (613.69-feet - deed call), a tangent distance of 93.98 feet, a chord bearing North 09 degrees 34 minutes 53 seconds West at 185.78-feet, and an arc distance of 186.50-feet (133.15 feet - deed call) to a 5/8-inch iron rod set with "cap" at the end of said non-tangent curve, said point marking the transition from said east R.O.W. line of Springer Lane to the approximate center of the aforementioned Rochell Road;

THENCE North 00 degrees 49 minutes 05 seconds West (North 00 degrees 10 minutes 49 seconds East - deed call), along the common westerly line of said 308 ON 276, L.P. tract and said approximate center of Rochell Road, passing at a distance of 386.53-feet a ½-inch iron rod found marking the southeast corner of that certain called 60.3368-acre tract of land described in a Cash Warranty Deed to Varughese P. Samuel and wife, Remoni V. Samuel, as recorded in Volume 02002, Page 00062, O.P.R.R.C.T., then continuing along said common line with the easterly line of said Samuel tract, a total distance of 2,841.3-feet (1,613.15-feet - deed call) to a ½-inch iron rod found marking the northeast corner of said Samuel tract;

THENCE North 01 degrees 38 minutes 55 seconds West (North 00 degrees 08 minutes 06 seconds East - deed call), along the common westerly line of said 308 ON 276, L.P. tract and said approximate center of Rochell Road, a distance of 976.29-feet (2,166.70-feet - deed call) to the *POINT OF BEGINNING*.



CONTAINING within the metes recited 316.315-acres (13,778,692 square feet) of land, more or less, of which a portion lies within Rochell Road.

PD Development Standards

A. PURPOSE

The Discovery Lakes Subdivision is located at the northeast corner of the intersection of SH-276 and Rochell Road. The *Subject Property* is a short walk or bike ride from the Rockwall Technology Park. The Discovery Lakes Subdivision will be a master planned residential neighborhood that will incorporate two (2) lakes, several acres of open space and ~3.8-miles of hiking/jogging/biking trails. The master plan calls for 507 single-family homes. There will be several view corridors strategically placed within the subdivision along with *front loaded* lots to provide for the enjoyment of the open space. A boulevard with 85-feet of right-of-way will connect SH-276 and Discovery Boulevard. The boulevard will have a 14-foot landscape median and a 25-foot travel lane on each side of the street. The residential streets will be 29-feet back-to-back, with a 10½-foot parkway on each side for a total of 50-feet of right-of-way. A *Community Center* with a pool will be provided to add increased amenity for the subdivision. Additionally, the proposed development will incorporate nine (9) acres of commercial space that will be located at the hard corner of SH-276 and Rochell Road. This area will allow for neighborhood service types of uses and eating establishments. A maximum of one (1) hotel planned to service the needs of the subdivision and the Rockwall Technology Park. A 55-acre area adjacent to the northern lake will be dedicated as public parkland to serve Park District No. 31. The Discovery Lakes Subdivision will be a benefit to the community, allowing citizens of all ages the opportunity to live, work, and play in a connected master planned community.

B. GENERAL REQUIREMENTS

Development Standards.

1. *Permitted Uses.* The following uses are permitted on the *Subject Property* in accordance with the *Concept Plan* depicted in *Exhibit 'C'* of this ordinance.

   (a) Residential Uses. Unless specifically provided by this Planned Development ordinance, only those uses permitted within the Single Family 10 (SF-10) District, as stipulated by the *Permissible Use Charts* contained in Article IV, *Permissible Uses*, of the Unified Development Code (UDC), shall be allowed for areas designated as *residential* on the *Concept Plan*.

   (b) Non-Residential. Unless specifically provided by this Planned Development ordinance, only those uses permitted within the General Retail (GR) District, as stipulated by the *Permissible Use Charts* contained in Article IV, *Permissible Uses*, of the Unified Development Code (UDC), shall be allowed for areas designated as *commercial* on the *Concept Plan*; however, the following conditions shall apply:

   (i) The following additional uses shall be permitted as *by-right* uses on the *Subject Property*:

   - ☑ Hotel, Hotel (*Full Service*) or Motel (*With a Maximum Height of Four [4] Stories)* [1]
   - ☑ Restaurant (*with Drive-Through or Drive-In*) [2]
   - ☑ Retail Store (*with more than two [2] Gasoline Dispensers*)

   Notes:
   [1]: A maximum of one (1) hotel/motel shall be permitted with this Planned Development District. The height requirement of four (4) stories is permitted to exceed 36-feet, but in no case shall exceed 60-feet.
   [2]: A maximum of three (3) restaurants (despite the size of the restaurant) shall be permitted within this Planned Development District.

DRAFT ORDINANCE 01-15

(ii) The following uses shall be prohibited on the *Subject Property*:

- ☑ Convent or Monastery
- ☑ Hotel, Residence
- ☑ Cemetery/Mausoleum
- ☑ Mortuary of Funeral Chapel
- ☑ Social Service Provider
- ☑ Billiard Parlor or Pool Hall
- ☑ Carnival, Circus, or Amusement Ride
- ☑ Commercial Amusement/Recreation (*Outside*)
- ☑ Gun Club, Skeet or Target Range (*Indoor*)
- ☑ Astrologer, Hypnotist, or Psychic Art and Science
- ☑ Garden Supply /Plant Nursery
- ☑ Night Club, Discotheque, or Dance Hall
- ☑ Secondhand Dealer
- ☑ Car Wash, Self Service
- ☑ Mining and Extraction (Sand, Gravel, Oil and/or Other)
- ☑ Helipad
- ☑ Railroad Yard or Shop
- ☑ Transit Passenger Facility

2. *Non-Residential Development.* The area designated as *commercial* on the *Concept Plan* depicted in *Exhibit 'C'* of this ordinance shall be designed to be pedestrian-oriented, easily accessible, and integrated into the general design scheme of the adjacent neighborhood. This can be accomplished by removing the traditional barriers utilized to separate commercial and residential developments (*e.g. screening walls*) and incorporating landscape buffers/elements (*e.g. greenspace, parkways, and etcetera*) and urban design elements (*e.g. pathways, pergolas, and etcetera*) that can create compatibility with the adjacent single-family neighborhood. To better achieve this goal and in addition to the requirements of Section 4.1, *General Commercial District Standards*, and Section 6.14, *SH-276 Corridor Overlay (SH-276 OV) District*, of Article V, *District Development Standards*, of the Unified Development Code, all commercial development shall be required to adhere to the following supplemental standards:

(a) Retail Landscape. Landscaping shall be reviewed and approved with the PD Site Plan. All Canopy/Shade Trees planted within the retail development shall be a minimum of four (4) caliper inches in size and all *Accent/Ornamental/Under-Story Trees* shall be a minimum of four (4) feet in total height unless otherwise provided within this document.

(b) Retail Landscape Buffers. All landscape and plantings located within the buffers shall be maintained by the property owner.

(1) Landscape Buffer (Residential Adjacency). Where residential and retail uses share a direct adjacency, a minimum of a 30-foot landscape buffer shall be provided by the retail property adjacent to the residential property. This area shall incorporate ground cover, a *built-up* berm and shrubbery along the entire length of the adjacency. This area should also incorporate pedestrian-oriented design elements (*e.g. pathways*) that allow access between the two (2) uses. Shrubbery utilized in this area shall have a minimum height of 30-inches and a maximum height of 48-inches. Additionally, trees should be incorporated in this area to break up the façades of any commercial buildings.

(2) Landscape Buffer and Sidewalks (SH-276). A minimum of a 15-foot landscape buffer shall be provided along the frontage of SH-276, and shall incorporate ground cover,

DRAFT ORDINANCE 04-15

a *built-up* berm and/or shrubbery or a combination thereof along the entire length of the frontage. Berms and/or shrubbery shall have a minimum height of 30-inches and a maximum height of 48-inches. In addition, at least three (3) canopy trees and four (4) accent trees shall be planted per 100-feet of linear frontage. All buffer-strip planting requirements shall conform to the requirements of Section 6.14, *SH-276 Corridor Overlay (SH-276 OV) District*, of Article V, *District Development Standards*, of the Unified Development Code.

(3) *Landscape Buffer (Rochell Road Retail).* A minimum of a 20-foot landscape buffer shall be provided along the frontage of Rochell Road (*outside of and beyond any required right-of-way dedication*), and shall incorporate ground cover, a *built-up* berm and/or shrubbery or a combination thereof along the entire length of the frontage. Berms and/or shrubbery shall have a minimum height of 30-inches and a maximum height of 48-inches. In addition, at least three (3) canopy trees and four (4) accent trees shall be planted per 100-feet of linear frontage.

(c) *Sidewalks.*

i) *Sidewalk Adjacent to Rochell Road and SH-276.* The developer shall be responsible for the construction of a five (5) foot sidewalk that meanders through the required 20-foot landscape buffer adjacent to Rochell Road and SH-276.

3. *Residential Development Standards.* Except as modified by these *Development Standards*, the residential uses depicted in *Exhibit 'C'* of this ordinance shall be subject to the development standards for a Single Family 10 (SF-10) District as stipulated by Section 3.1, *General Residential District Standards*; Section 3.4, *Single-Family Residential (SF-10) District*; and Section 6.14, *SH-276 Corridor Overlay (SH-276 OV) District*, of Article V, *District Development Standards*, of the Unified Development Code. In addition, all residential development shall adhere to the following standards:

(a) *Lot Composition and Layout.* The lot layout and composition of the *Subject Property* shall generally conform to the *Concept Plan* depicted in *Exhibit 'C'* and stated in *Table 1* below. Allowances for changes to the quantity and locations of each lot type are permitted in conformance with the requirements listed below; however, in no case shall the proposed development exceed 507 units.

Table 1: Lot Composition

Lot Type	*Minimum Lot Size (FT)*	*Minimum Lot Size (SF)*	*Dwelling Units (#)*	*Dwelling Units (%)*
A	80' x 120'	9,600 SF	121	23.87%
B	70' x 110'	7,700 SF	127	25.05%
C	60' x 110'	6,600 SF	259	51.08%
		Maximum Permitted Units:	*507*	*100.00%*

The allocation of single-family dwellings among lot types may deviate from *Table 1* provided that the proposed lot composition meets the following criteria:

(1) The total number of lots does not exceed 525 units; and,
(2) The average lot size for the total development is not less than 7,500 SF (*i.e. total square footage of all lots/total number of lots*); and,
(3) *Lot Type "A"* shall not be decrease below 115 lots; and,
(4) *Lot Type "B"* shall not be decreased below 23% of the total 507 lots; and,
(5) *Lot Type "C"* shall not be increased beyond 55% of the total 507 lots.

DRAFT ORDINANCE

(b) *Density and Dimensional Requirements.* The maximum permissible density for the *Subject Property* shall not exceed 1.70 dwelling units per gross acre of land; however, in no case should the proposed development exceed 507 units. All lots shall conform to the standards depicted in *Table 2* below and generally conform to *Exhibit 'C'* of this ordinance.

Table 2: Lot Dimensional Requirements

Lot Type (see Concept Plan) ►	***A***	***B***	***C***
Minimum Lot Width [1] & [5] & [7]	80'	70'	60'
Minimum Lot Depth	120'	110'	110'
Minimum Lot Area	9,600 SF	7,700 SF	6,600 SF
Minimum Front Yard Setback [2] & [6]	20'	20'	20'
Minimum Side Yard Setback	6'	5'	5'
Minimum Side Yard Setback (Adjacent to a Street) [2]	15'	15'	15'
Minimum Length of Driveway Pavement	20'	20'	20'
Maximum Height [3]	36'	36'	36'
Minimum Rear Yard Setback [4]	15'	10'	10'
Minimum Area/Dwelling Unit (SF) [Air Conditioned Space]	2,800 SF	2,250 SF	2,000 SF
Garage Orientation	*J-Swing or Front*	*J-Swing or Front*	*J-Swing or Front*
Maximum Number of Front Entry Garages Permitted	48	42	173
Maximum Lot Coverage	65%	65%	65%

General Notes:

[1]: The minimum lot width shall be measured at the *Front Yard Building Setback*.

[2]: The location of the *Front Yard Building Setback* as measured from the front property line.

[3]: The *Maximum Height* shall be measured to the eave or top plate (whichever is greater) of the single family home.

[4]: As measured from the rear yard property line.

[5]: Lots fronting onto a curvilinear street, cul-de-sac or eyebrow may have the lot width reduced by up to 20% as measured at the front property line provided that the lot width is met at the front building line. Additionally, the lot depth on lots fronting onto curvilinear streets, cul-de-sacs and eyebrows maybe reduced by up to ten (10%) percent, but shall meet the minimum lot size for each lot type.

[6]: Sunrooms, porches, stoops, bay windows, balconies, masonry clad chimneys, eaves and similar architectural features may encroach beyond the Front Yard Building Setback by up to ten (10) feet for any property that increases the Front Yard Building Setback to 20-feet; however, the encroachment shall not exceed five (5) feet on Side Yard Setbacks (Adjacent to a Street) and shall not encroach into public right-of-way [a Sunroom is an enclosed room no more than 15-feet in width that has glass on at least 50% of each of the encroaching faces].

[7]: All lots with a *J-Swing* or *Traditional Swing* driveway require a minimum of a 65-foot lot width.

(c) *Building Standards.* All development shall adhere to the following building standards:

(1) *Masonry Requirement.* The minimum masonry requirement for the exterior façades of all buildings shall be 80%. For the purposes of this ordinance the masonry requirement shall be limited to full width brick, natural stone, and cultured stone. Cementaceous fiberboard horizontal lap-siding (*e.g. HardiBoard or Hardy Plank*) and/or stucco (*i.e. three [3] part stucco or a comparable -- to be determined by staff*) shall be permitted to be used to meet up to 50% of the masonry requirement.

(2) *Roof Pitch.* A minimum of an *8:12* roof pitch is required on all structures with the exception of porches, which shall have a minimum of a *4:12* roof pitch.

(3) *Garage Orientation.* Garages shall be provided as stipulated by *Table 2: Lot Dimensional Requirements*. Garages permitted for front entry maybe oriented

DRAFT ORDINANCE

toward the street; however, the front façade of the garage must be situated a minimum of 20-feet off the front property line. All front entry garages shall incorporate an architectural element or feature separating the individual garage openings. *Swing*, *Traditional Swing* or *J-Swing* garages are permitted to have a second single garage door facing the street as long as it is behind the width of the double garage door situated in the *Swing* configuration.

(d) Anti-Monotony Restrictions. The development shall adhere to the Anti-Monotony Matrix depicted in *Table 3* below (*for spacing requirements see the illustration on the following page*).

Table 3 : Anti-Monotony Matrix

Lot Type	*Minimum Lot Size*	*Elevation Features*
A	80' x 120'	(1), (2), (3)
B	70' x 110'	(1), (2), (3)
C	60' x 110'	(1), (2), (3)

(1) Identical brick blends or paint colors may not occur on adjacent (*side-by-side*) properties along any block face without at least four (4) intervening homes of differing materials on the same side of the street beginning with the adjacent property and two (2) intervening homes of differing materials on the opposite side of the street.

(2) Front building elevations shall not repeat along any block face without at least four (4) intervening homes of differing appearance on the same side of the street and two (2) intervening homes of differing appearance on the opposite side of the street. The rear elevation of homes backing to open spaces or on SH-276 shall not repeat without at least five (5) intervening homes of differing appearance. Homes are considered to have a differing appearance if any of the following two (2) items deviate:

(a) Number of Stories
(b) Permitted Encroachment Type and Layout
(c) Roof Type and Layout
(d) Articulation of the Front Façade

(3) Each phase of the subdivision will allow for a maximum of four (4) compatible roof colors, and all roof shingles shall be an architectural or dimensional shingle (*3-Tab Roofing Shingles are prohibited*).

See the Illustrations on the following page.

DRAFT ORDINANCE 07.14.2015

Illustration 1: Properties line up on the opposite side of the street. Where RED are the same.

Illustration 2: Properties do not line up on opposite side of the street. Where RED are the same.

(e) *Fencing Standards.* All individual residential fencing and walls shall be architecturally compatible with the design, materials and colors of the primary structure on the same lot, and meet the following standards:

(1) *Wood Fences*. All wood fences shall be constructed of a standard fencing material (*minimum of ½" thickness or better; spruce fencing will not be allowed*), and use fasteners that are hot dipped galvanized or stainless steel. Wood fences facing onto a street shall be painted and/or stained and sealed with all pickets being placed on the *public side* facing the street. All wood fences shall be smooth-finished, free of burs and splinters, and be a maximum of eight (8) feet in height.

(2) *Wrought Iron/Tubular Steel*. Lots located along the perimeter of roadways, abutting open spaces, greenbelts and parks shall be required to install a wrought iron or tubular steel fence. Wrought iron/tubular steel fences can be a maximum of eight (8) feet in height.

(3) *Corner Lots*. Corner lots fences (*i.e. adjacent to the street*) shall provide masonry columns at 45-feet off center spacing that begins at the rear of the property line. A maximum of eight (8) foot solid *board-on-board panel* fence constructed utilizing cedar fencing shall be allowed between the masonry columns along the side and/or rear lot adjacent to a street. In addition, the fencing shall be setback from the side property line adjacent to a street a minimum of five (5) feet. The property owner shall be required to maintain both sides of the fence.

(4) *Solid Fences (including Wood Fences)*. All solid fences shall incorporate a decorative top rail or cap detailing into the design of the fence.

DRAFT ORDINANCE 04.20.15

(f) Landscape and Hardscape Standards.

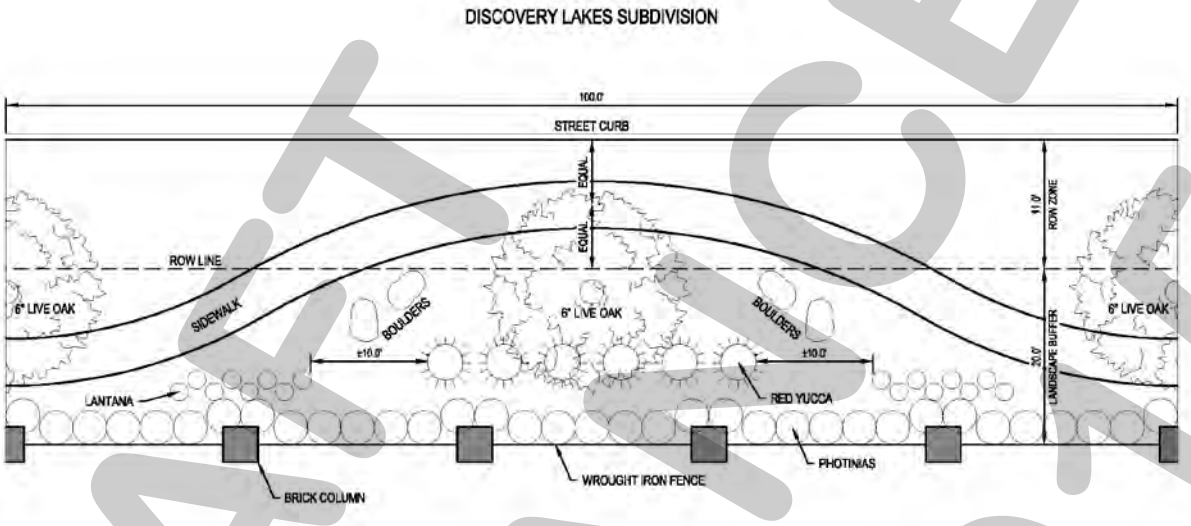
(1) *Residential Landscape.* Landscaping shall be reviewed and approved with the PD Site Plan. All *Canopy/Shade Trees* planted within the residential development shall be a minimum of three (3) caliper inches in size and all *Accent/Ornamental/Under-Story Trees* shall be a minimum of four (4) feet in total height unless otherwise provided within this document.

(2) *Single Family Landscaping.* Prior to the issuance of a Certificate of Occupancy (CO) all single-family lots shall conform to the following:

i) Interior Lots. All interior lots shall include a minimum of two (2) trees with a diameter at breast height (dbh) [*i.e. the diameter in inches of a tree as measured through the main trunk at a point of four and one-half (4½) inches above the natural ground level*] of three (3) inches shall be planted in the front yard, and two (2) additional trees of the same caliper inch shall be planted in the side yard facing the street for corner lots.

Note: For the purposes of this section only, the term "front yard" includes the area within the dedicated right-of-way for a parkway immediately adjoining the front yard of the lot.

ii) Corner Lots. All corner lots shall include a minimum of two (2) trees with a diameter at breast height (dbh) [*i.e. the diameter in inches of a tree as measured through the main trunk at a point of four and one-half (4½) inches above the natural ground level*] of three (3) inches shall be planted in the front yard of an interior lot.



(3) *Landscape Buffers.* All landscape buffers and plantings located within the buffers shall be maintained by the Homeowner's Association (HOA).

(a) Landscape Buffer and Sidewalks (Discovery Boulevard). A minimum of a 15-foot landscape buffer shall be provided along the frontage of Discovery Boulevard, and shall incorporate ground cover, a *built-up* berm and/or shrubbery or a combination thereof along the entire length of the frontage. Berms and/or shrubbery shall have a minimum height of 30-inches and a maximum height of 48-inches. In addition, at least one (1) canopy tree shall be planted per 30-feet of linear frontage.

(b) Landscape Buffer (Rochell Road). A minimum of a 20-foot landscape buffer shall be provided along the frontage of Rochell Road (*outside of and beyond any required right-of-way dedication*), and shall incorporate ground cover, a *built-up* berm and/or shrubbery or a combination thereof along the entire length of the frontage. Shrubbery shall have a minimum height of 30-inches and a maximum height of 48-inches. In addition, at least three (3) canopy trees and four (4) accent trees shall be planted per 100-feet of linear frontage. The landscape buffer along Rochell Road shall general conform to the following illustration [*i.e. Illustration 3]*.

DRAFT ORDINANCE 04.14.15

Illustration 3: Landscape Buffer along Rochell Road.

ROCHELL ROW / LANDSCAPE BUFFER
EXHIBIT
FOR ILLUSTRATION PURPOSES ONLY

(c) *Landscape Buffer (SH-276).* A minimum of a 25-foot landscape buffer shall be provided along the frontage of SH-276, and shall incorporate ground cover, a *built-up* berm and/or shrubbery or a combination thereof along the entire length of the frontage. Shrubbery shall have a minimum height of 30-inches and a maximum height of 48-inches. In addition, at least three (3) canopy trees and four (4) accent trees shall be planted per 100-feet of linear frontage. In addition, all buffer-strip planting requirements shall conform to the requirements of Section 6.14, *SH-276 Corridor Overlay (SH-276 OV) District*, of Article V, *District Development Standards*, of the Unified Development Code (*i.e. minimum four [4] inch caliper trees required*).

(4) *Irrigation Requirements*. Irrigation shall be installed for all required landscaping located within common areas, landscape buffers and/or open space. Irrigation installed in these areas shall be designed by a Texas licensed irrigator or landscape architect and shall be maintained by the Homeowner's Association (HOA).

(5) *Hardscape.* Hardscape plans indicating the location of all sidewalks and trails shall be reviewed and approved with the PD Site Plan.

(g) *Lighting.* Light poles shall not exceed 20-feet in total height (*i.e. base and lighting standard*). All fixtures shall be directed downward and be positioned to contain all light within the development area.

(h) *Sidewalks.*

i) *Internal Sidewalks.* All sidewalks adjacent to an interior residential street shall begin 5½-feet from the back of curb and be five (5) feet in overall width.

DRAFT ORDINANCE 07.14.15

ii) *Sidewalks Adjacent to Rochell Road and Discovery Boulevard.* All sidewalks adjacent Rochell Road and Discovery Boulevard shall begin two (2) feet inside the right-of-way line and be five (5) feet in overall width.

(i) Open Space. The development shall consist of a minimum of 20% open space as calculated from the gross land area, and generally conform to the *Concept Plan* contained in *Exhibit 'C'* of this ordinance. Existing floodplain shall be counted at a rate of ½-acre for every acre provided (*e.g., 10-acres of floodplain would count as 5-acres of open space*). The Homeowner's Association (HOA) shall maintain all open space areas.

(j) Neighborhood Signage. Permanent subdivision identification signage shall be permitted at all major entry points for the proposed subdivision. Final design and location of any entry features shall be reviewed and approved with the *PD Site Plan*.

(k) Community Center. A site plan, landscape plan and building elevations shall be required for the proposed *Community Center* and shall be subject to site plan approval by the Planning and Zoning Commission prior to construction.

(l) Homeowner's Association (HOA). A Homeowner's Association shall be created to enforce the restrictions established in accordance with the requirements of *Section 38-15* of the Subdivision Regulations contained within the *Municipal Code of Ordinances* of the City of Rockwall. The HOA shall also maintain all neighborhood parks, trails, open space and common areas, irrigation, landscaping, amenity centers, screening fences associated with this development.

4. *Buried Utilities.* New distribution power-lines required to serve the *Subject Property* shall be placed underground, whether such lines are located internally or along the perimeter of the *Subject Property*, unless otherwise authorized by the City Council. New transmission power-lines, or distribution lines of a size not typically or cost effectively placed underground (*3-phase lines*), or additional lines that are added to existing poles, may be above ground, if located along the perimeter of the *Subject Property*. The Developer shall not be required to re-locate existing overhead power-lines along the perimeter of the *Subject Property*. Temporary power-lines constructed across undeveloped portions of the *Subject Property* to facilitate development phasing and looping may be allowed above ground, but shall not be considered existing lines at the time the area is developed, and if they are to become permanent facilities, such lines shall be placed underground pursuant to this paragraph. Franchise utilities shall be placed within a ten (10) foot public utility easement behind the sidewalk, between the home and the property line.

5. *Variances*. The variance procedures and standards for approval that are set forth in the Unified Development Code shall apply to any application for variances to this ordinance.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Rick Crowley – City Manager**

FROM: **Brad Griggs – Assistant City Manager**

DATE: **July 29, 2015**

SUBJECT: **Park at Stone Creek Construction Method**

Contingent on the Council approval of the design plans for the Park at Stone Creek, MHS Design will begin putting together the plans and construction documents. Prior to the plans being completed, the staff would like direction from the Council in regards to the method of construction contract to be used. There are three options available according to State law.

We have the ability to use a "Design/Build" type contract where the design team would also accept responsibility for the construction serving as the general contractor or self-perform the work. In this situation, MHS Planning and Design does not have the capability to enter into this type of arrangement.

A second option is the typical 'general contractor" low bid model. Using this option, a GC submits a bid to complete the project and all bids are in tabulated and the contract is awarded to the low bidder.

A third option is the Construction Manager at Risk method. With this option, each trade is bid in compliance with State law, any work that is self-performed by the CM at Risk must be bid in accordance with State law and when all bids are received, the CM at Risk provides the City with a guaranteed maximum price (GMP). The actual cost may come in lower than the GMP and the City will receive a portion of that amount but the cost cannot be higher. We have used this type of contract for the downtown project, the construction of City Hall, Myers Park Phase III, four neighborhood parks and a few other projects.

Staff recommends that we use a CM at Risk contract for the development of the Park at Stone Creek. Contingent on Council approval, we will advertise for proposals for CM at Risk services and upon the review of those proposals, we will return to the Council with a contract for services.

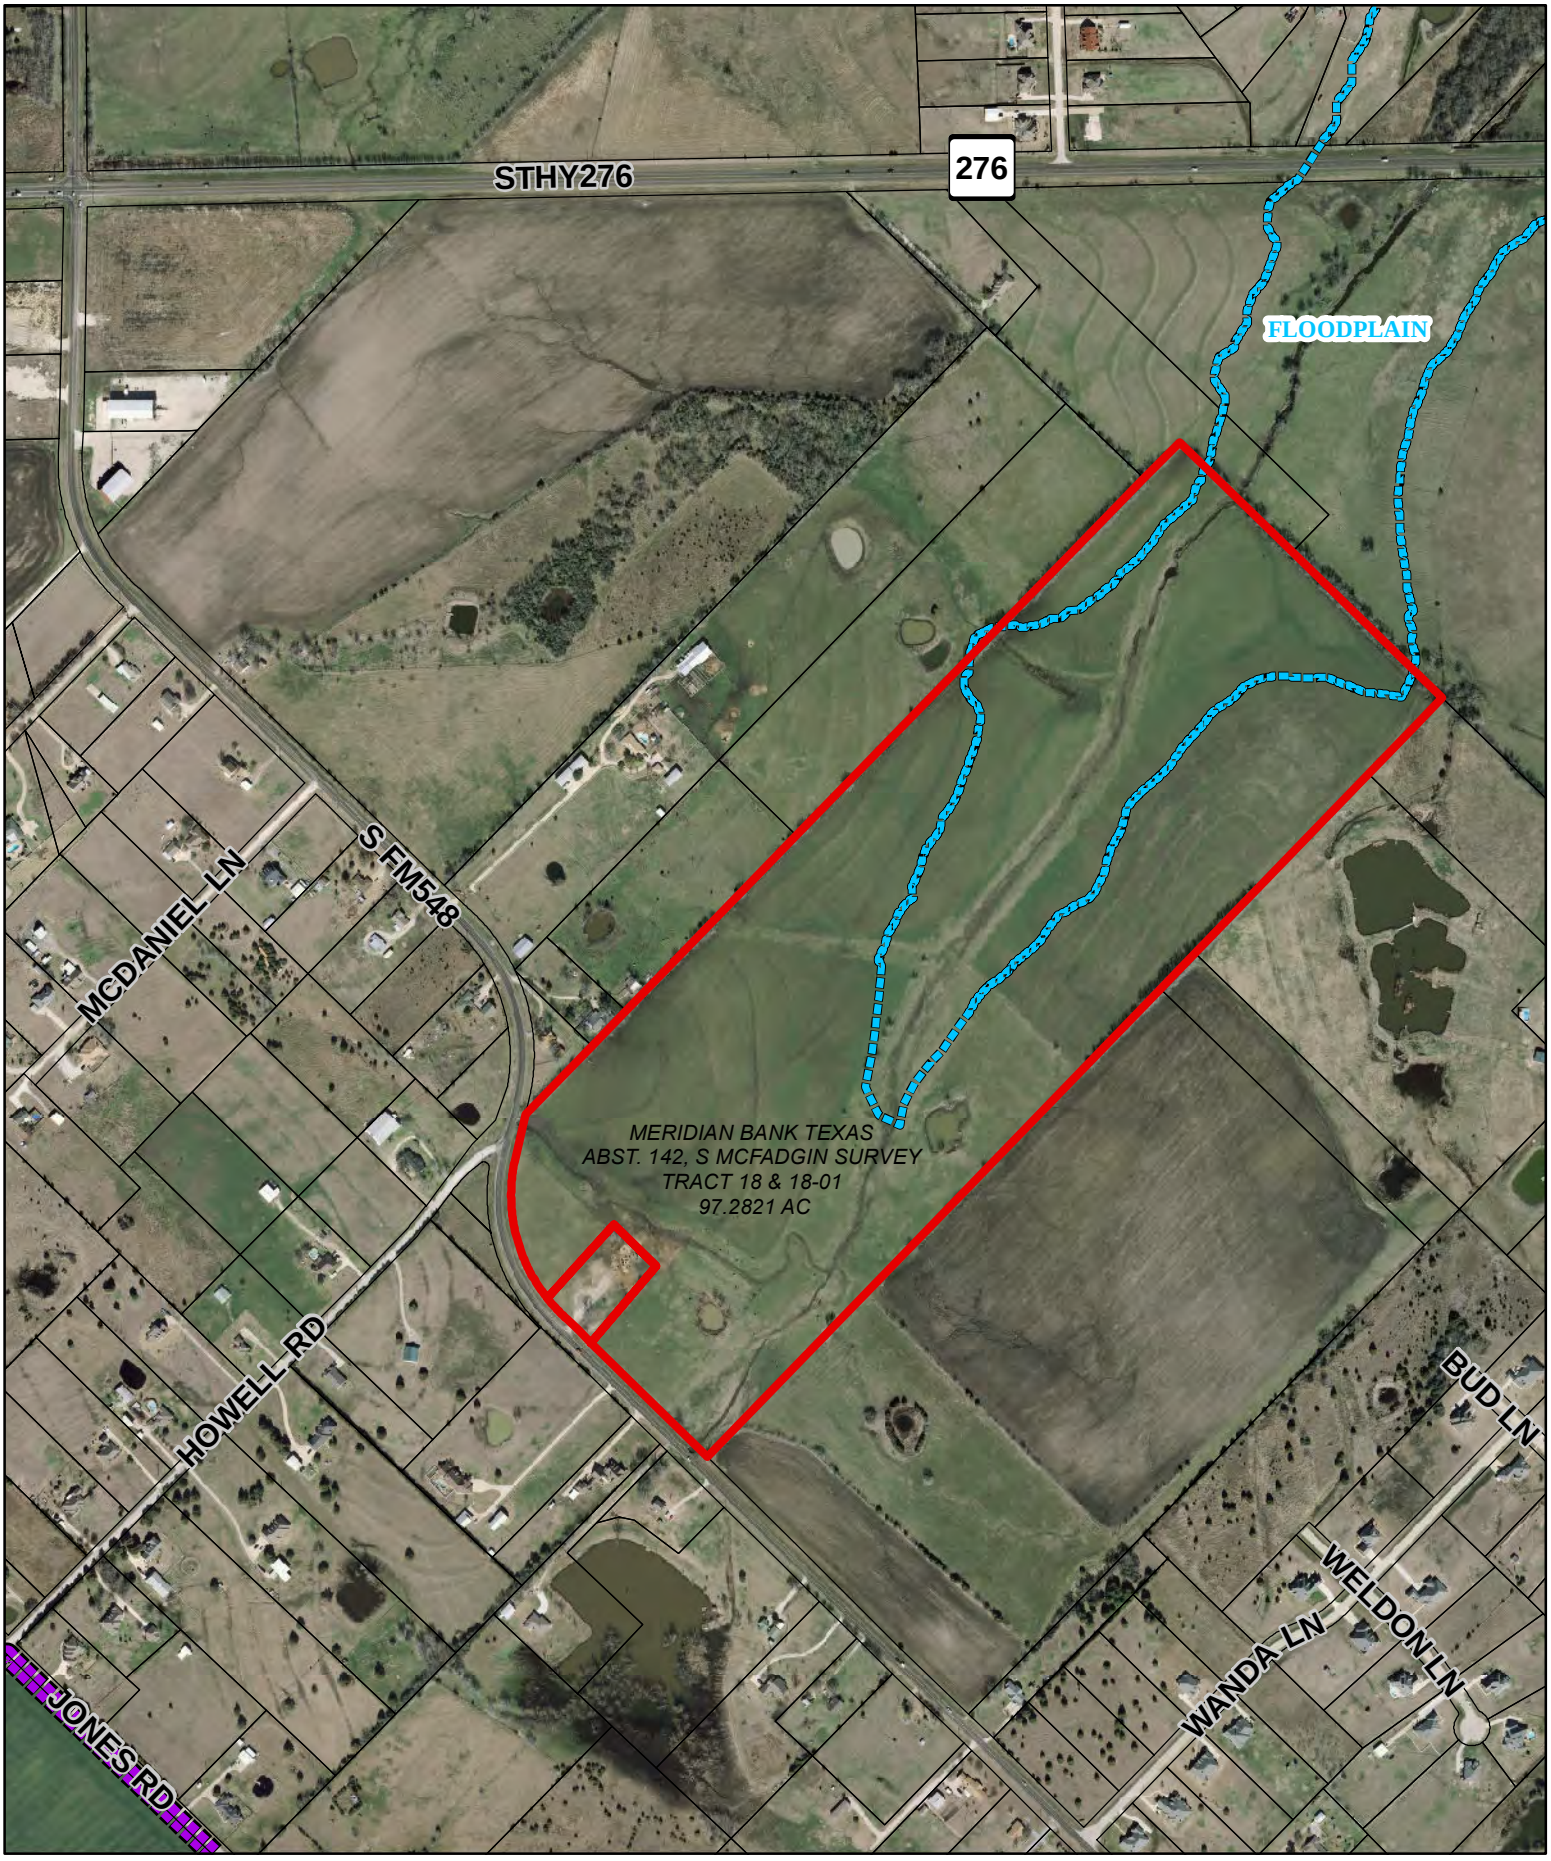
City of Rockwall
The New Horizon

MEMORANDUM



TO: City Council

FROM: Robert LaCroix, Director of Planning & Zoning

DATE: August 3, 2015

SUBJECT: Chapter 212 Development Agreement

Joey Howell, representing Meridian Bank Texas, is requesting the City Council to consider a Chapter 212 Development Agreement for a tract of land consisting of approximately 98 acres located along the east side of FM 548 and south of SH 276. The agreement is providing that the property, which is located in the City's ETJ (Extraterritorial Jurisdiction), would be developed with the standards and requirements contained in the residential Planned Development Districts of the City's Unified Development. The agreement would also require the any development of the property would be required to adhere to the building, engineering and fire codes standards and requirements of the City. The agreement allows the property to continue its ETJ status for a limited term and at the termination of the term the property would be voluntarily annexed into the City. The location of this property in the far eastern area of the City's ETJ is not contiguous to the city limits which may warrant providing an extended term for the agreement. Staff would suggest a term of 15 years as provided in Chapter 212 of Texas Local Government Code. The proposed development is for large minimum one (1) acre estate sized lots. Mr. Howell will be providing details of the proposed development to Council at the July 20th meeting. He has also met with the County Commissioners on this matter informing them of his intent to enter the Chapter 212 Agreement with the City. Staff has included additional information and the proposed 212 Agreement in the Council packet for your review.

CHAPTER 212 TEXAS LOCAL GOVERNMENT CODE
DEVELOPMENT AGREEMENT

This Agreement is entered into pursuant to Section 212.172 Texas Local Government Code by and between the City of Rockwall, Texas [*the 'City'*] and **TERRAVISTA INVESTORS, LLC**, [*'Owner's'*] the property owners of the hereinafter described property [*the 'Property'*] in Rockwall County, Texas, sometimes individually or collectively referred to as *Party* or *Parties*:

> That property described in a deed to **TERRAVISTA INVESTORS, LLC** which is recorded at *Volume 7283 Page 108* of the Deed Records of Rockwall County, Texas, and commonly known as *Tax Parcel No.* **0142-0000-0018-01-0R & 0142-0000-0018-00-0R**, which is attached hereto as *Exhibit 'A'*, consisting of approximately **97.2821** acres of land.

WHEREAS, *Owners* represent that the *Property* is within the *City's* existing extraterritorial jurisdiction ("ETJ") and more particularly described on ***Exhibit 'A'*** and to the extent that a portion of the *Property* lies outside the *City*'s extraterritorial jurisdiction, *Owners* have voluntarily petitioned for inclusion of such land within the *City's* ETJ; and

WHEREAS, *Owners* desire that the *Property* remain in the *City's* extraterritorial jurisdiction for the term of this Agreement;

WHEREAS, *Owners* and the *City* acknowledge that this Agreement between them is binding upon the *City* and the *Owners* and their respective successors and assigns for the term of the Agreement;

WHEREAS, *Owners* represent that it is their intention to develop the *Property* during the term of this Agreement in accordance with the Development Plan, as set forth and described in *Exhibit 'B'* attached hereto; and

WHEREAS, this Agreement is to be recorded in the Real *Property* Records of Rockwall County;

NOW, THEREFORE, in consideration of the mutual covenants contained herein, the Parties hereto agree as follows:

SECTION 1.

Continuation of ETJ Status. The *City* guarantees the continuation of the ETJ status of the Property and agrees not to annex the *Property* for the term of this Agreement, as hereinafter defined, and any subsequent renewals as may be agreed upon by the Parties, subject, however, to the provisions of this Agreement.

SECTION 2.

Development Plan. The *Owners* covenant and agree that use of the *Property* for the term of this Agreement and any extensions agreed to by the Parties shall be limited to those uses described on a development plan prepared by the landowner and approved

DRAFT 08.03.15

by the *City* of Rockwall and herein attached as ***Exhibit 'B'***. Such uses and activities constitute the Development Plan for the *Property* in satisfaction of Texas Local Government Code *Section 212.172(b)*. The *City* hereby approves the use and development of the *Property* in accordance with the Development Plan, and, specifically approves the land use as described and identified in the Development Plan. The Development Plan may be amended from time to time by written agreement between the Parties.

SECTION 3.

Governing Regulations

(A) To the extent not inconsistent with the approved Development Plan, the following Rockwall regulations shall apply to any development of the *Property*, as may be amended from time to time, provided that the application of such regulations does not prevent the continuation of a use established prior to the effective date of this Agreement and which remains lawful at the time the Agreement is executed:

(1) The Rockwall Unified Development Code Ordinance [*Ordinance No. 04-38*] as amended; for purposes of evaluating any proposed development of the *Property* under the Unified Development Code.

(2) The Subdivision Regulations, Chapter 24 of the Code of Ordinances and as amended, together with Standards of Design and Construction, City of Rockwall Texas, as supplemented by the North Central Texas Council of Governments Standard Specifications for Public Works Construction, North Central Texas, 3rd Ed. 1998 (NCTCOG Manual).

(3) The Building Codes, [*Ordinance No. 12-02*], adopting:

a. *International Building Code, 2009 Edition with amendments;*

b. *International residential Code, 2009 Edition with amendments;*

c. *The International Fire Code, 2009 Edition with amendments;*

d. *International Plumbing Code, 2009 Edition with amendments;*

e. *International Fuel Gas Code, 2009 Edition with amendments;*

f. *Rockwall Code of Ordinances, Property Maintenance Code, with amendments;*

g. *Uniform Swimming Pool Code, 2009 Edition with amendments; and*

h. *International Energy Conservation Code, 2009 Edition with amendments.*

i. *National Electric Code, 2008 Edition with amendments.*

j. *Rockwall Code of Ordinances, Fences, with amendments;*

k. *Rockwall Code of Ordinances, Dangerous Buildings, with amendments;*

DRAFT 08.20.15

l. *Rockwall Code of Ordinances, Moving of Buildings, with amendments.*

(4) *The Sign Regulations, Section 15-232 (B)* [*Ordinance 10-07*].

(B) If, pursuant to this Agreement or following termination of the Agreement, portions of the *Property* are annexed to the City, the Parties further covenant and agree that the use and development of such land thereupon shall be subject to the regulations of the lowest intensity single-family residential district and the subdivision regulations then in effect. In the event any portion of the *Property* is developed in compliance with this Agreement, then following annexation the *Property* will be rezoned consistent with the City's approved Comprehensive Plan so that development pursuant to this Agreement does not result in a nonconforming use of the *Property* and the future use and development of such land shall be governed by the regulations of the zoning district to which the land is reclassified and the subdivision regulations in effect at the time of approval of such rezoning.

SECTION 4.

Agreement Deemed Void in Part; Voluntary Annexation.

(A) If an *Owner* files any application for or otherwise commences development of any portion of the *Property* inconsistent with the development plan provided in Section 2, sections 1 and 3 of this Agreement shall become null and void, except as herein expressly provided for.

(B) Thereafter the City may initiate annexation of the *Property* pursuant to Texas Local Government Code Subchapter C-1, or other such other provisions governing voluntary annexation of land as may then exist. *Owners* expressly and irrevocably consent to annexation of the *Property* under such circumstances. The *Owners* further agree that such annexation by the City shall be deemed voluntary, and not subject to the requirements and procedures for an annexation plan, as required by Texas Local Government Code Section 43.052, or successor statute.

(C) Any development application that is submitted to the City for the *Property* during the term of this Agreement or during any extension, that is inconsistent with the development plan and governing regulations, shall be denied based upon such plan and governing regulations, which collectively shall constitute regulations in effect at the time such application is submitted. The *Owners* expressly waive any vested rights that might otherwise arise under Texas Local Government Code Section 43.002 or Chapter 245 of the Texas Local Government Code, or successor statute, from the submittal of such inconsistent development application. The *Owners* further agree that no use commenced or completed on the *Property* that is inconsistent with the Development Plan shall be considered established or in existence prior to the date that the City annexes the *Property* pursuant to this section.

DRAFT 08.03.2015

(D) If the City's right to annex, as of the date of this Agreement, is in any way diminished by a subsequent act by the Legislature of the State of Texas during the one year period or any additional period, that this Agreement is in effect, then such act shall be considered as a voluntary petition to annex.

SECTION 5.

Notice of Sale. If the *Owner* sells or conveys any portion of the *Property*, prior to such sale or conveyance, *Owner* shall give 30 days written notice of this Agreement to the prospective purchaser or grantee and the prospective purchaser or grantee acknowledge the City's rights under the terms of this Agreement. A copy of said notice and acknowledgement shall be forwarded to the City at the following address:

Attn: City Manager
City of Rockwall
City Hall
305 S. Goliad Street
Rockwall, Texas 75087

SECTION 6.

Recording. This Agreement is to run with the *Property* and be recorded in the real property records, Rockwall County, Texas.

SECTION 7.

Severability. Invalidation of any provision of this Agreement by judgment or court order shall not invalidate any of the remaining provisions which shall remain in full force and effect. It is the intent of the parties that, should it be determined that any portion of the *Property* was outside of the City's then existing ETJ at the time this Agreement took effect, the provisions of this Agreement shall apply to the remainder of the *Property* located within the City's extraterritorial jurisdiction.

SECTION 8.

Remedies. This Agreement may be enforced by either *Owners* or the City by any proceeding at law or in equity. Failure to do so shall not be deemed a waiver to enforce the provisions of this Agreement thereafter. Entry into this Agreement by *Owners* waive no rights as to matters not addressed in this Agreement.

SECTION 9.

Change in Law. No subsequent change in the law regarding annexation shall affect the enforceability of this Agreement or the City's ability to annex the properties covered herein pursuant to Section 3.

SECTION 10.

Venue. Venue for this Agreement shall be in Rockwall County, Texas.

DRAFT 08.03.2015

SECTION 11.

Execution in Multiple Copies. This Agreement may be separately executed in individual counterparts and, upon execution, shall constitute one and same instrument.

SECTION 12.

Term and Extension. The initial term of this Agreement shall be for a period of fifteen (15) years from the Effective Date (*the 'Term'*). The Effective Date of the Agreement shall be the date the Agreement is executed by the City. Within 180 days prior to end of the Term of the Agreement, the City shall notify the *Owners* in writing that the Agreement is due to expire. If *Owners* desire to extend the operation of this Agreement beyond its Term, the *Owners*, at least 150 days prior to the end of the Term, shall submit a written request to the City for such an extension (*an 'Extension Request'*). The City, at least 90 days prior to the end of the Term shall notify *Owners* in writing, delivered by certified mail, with respect to its decision whether to extend this Agreement for an additional one (1) year term (*referred to as a 'Subsequent Term'*). In the event such written notice from the City of its decision is not received by the *Owners* at least 90 days prior to the end of that Term such Extension Request is deemed granted and this Agreement continues for another Subsequent Term.

SECTION 13.

Termination. If the *Owners* do not provide an Extension Request pursuant to Section 12, or upon a written decision by the City not to extend the term of this Agreement for a Subsequent Term following the Term, then *Owners* shall be deemed to have filed a petition for voluntary annexation as of the end of the Term of this Agreement. If *Owners* submitted an Extension Request, then a notice pursuant to Section 13 by the City that it has decided not to extend the Term of this Agreement shall also include a notification whether it intends, subject to the procedures required by law, to accept the petition for voluntary annexation. If *Owners* did not submit an Extension request then the City, at least 90 days prior to the end of the Initial Term, shall provide a written notification to *Owners*, by certified mail, whether it intends, subject to the procedures required by law, to accept the petition for voluntary annexation. Any annexation proceedings pursuant to this section shall be commenced within 180 days after the end of the Term.

SECTION 14.

Negotiations. Upon termination of this Agreement and the decision by the City to accept the petition for voluntary annexation by the *Owners*, as provided in Section 12 or Section 13, then *Owners* and the City will enter into good faith negotiations regarding the service plan to be implemented, provided that, unless the parties agree otherwise, the service plan for such land shall conform to, and be implemented in accordance with the City's then existing adopted comprehensive and utility master plans. Upon annexation, the zoning shall initially be a use consistent with development of the *Property* consistent with the Development Plan or if the *Property* has not been developed, the lowest intensity residential district, until an appropriate change in zoning is made pursuant to Chapter 211, Texas Local Government Code or successor statute. In connection with annexation pursuant to this section, the *Owner* hereby waives any

DRAFT 06.2015

and all vested rights and claims that he may have under Section 43.002(a)(2) and Chapter 245 Texas Local Government Code that would otherwise exist by virtue of any actions *Owners* may take between the termination of this Agreement and the completion of annexation proceedings by the City. Unless the City declines to annex the *Property* on the petition of the property *Owner*, the Development Plan and governing regulations consistent with the Development Plan shall apply to any proposed development application prior to completion of annexation proceedings and the adoption of permanent zoning regulations for the *Property*, and the Development Plan and governing regulations consistent with the Development Plan shall be kept in effect for such purposes.

SECTION 15.

Survival of Covenants. The covenants in Sections 2, 4, 14, and 15 shall survive termination of this Agreement, together with any other provisions, as may be necessary for the implementation of those sections.

TRACT 1:

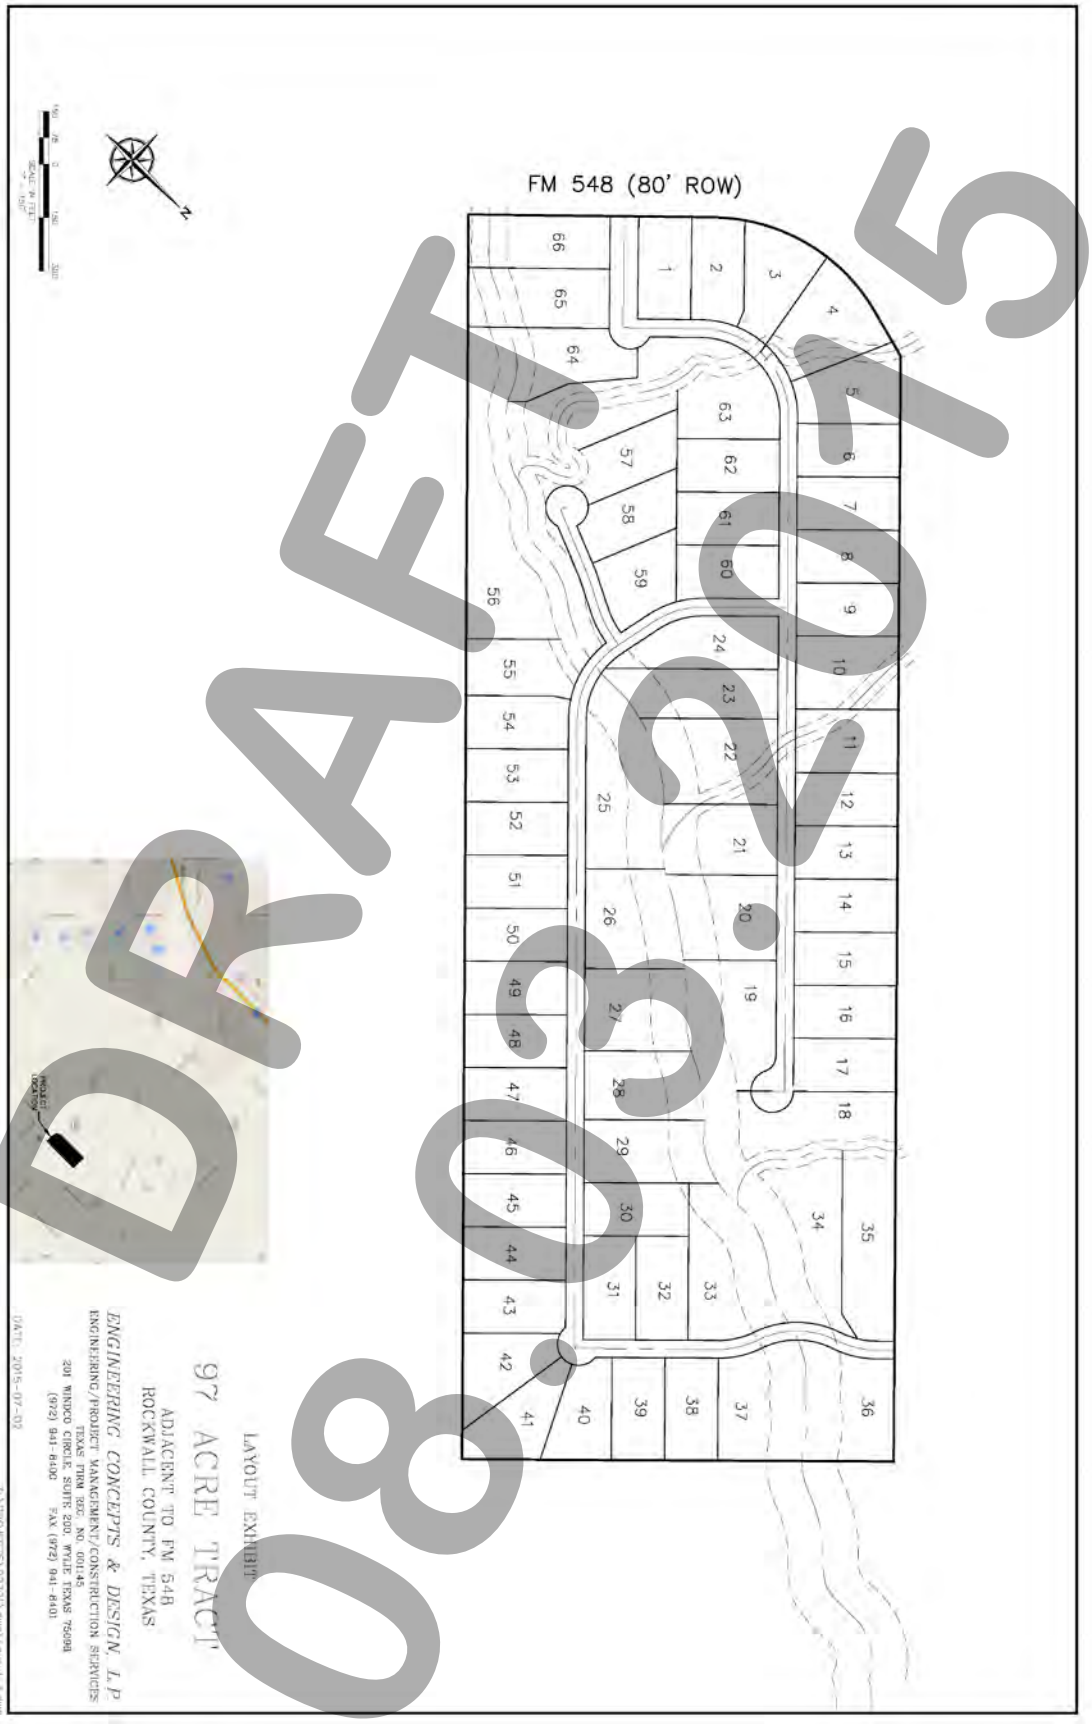
Exhibit 'A'
Legal Description

PART of the S. McFadgin Survey, Abstract No. 142, situated in Rockwall County, Texas, being the same tract of land described by Substitute Trustee's deed to Meridian Bank Texas (Tract 1) recorded in Volume 6659, Page 53 of the Real Property Records of Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1/2 inch iron rod found for the west corner of said Meridian tract, also for the west corner of a tract of land described by deed to Nan B. Miller recorded in Volume 7042, Page 75 of the Real Property Records of Rockwall County, Texas, also lying on the easterly line of Farm Market Road 548, an 80.00 feet wide right-of-way;

THENCE North 45 degrees 21 minutes 36 seconds East, along the northwest line of said Meridian tract and the southeast line of said Miller tract, along a wire fence, passing at a distance of 319.42 feet a 1/2 inch iron rod found for the east corner of said Miller tract and the west corner of the remainder tract to Glenn R. Robinson and wife, Gay L. Robinson recorded in Volume 532, Page 176 of the Deed Records of Rockwall County, Texas, and continuing along the northwest line of said Meridian tract and said wire fence, passing at a distance of 2,956.48 feet a 1/2 inch iron rod found for the east corner of a tract described by deed to Ronald Adley recorded in Volume 3774, Page 118 of the Real Property Records of Rockwall County, Texas, same being the most westerly corner of a 15.00 acre tract described by deed to Paul Bennett and Dorothy Alexander recorded in Volume 168, Page 711 of the Deed Records of Rockwall County, Texas, and continuing along the northwest line of said Meridian tract and a southeast line of said Bennett tract, and said wire fence, for a total distance of 3,127.32 feet to a 1/2 inch iron rod found for the north corner of said Meridian tract and an ell corner of said Bennett tract, from which a 1/2 inch iron rod found bears North 49 degrees 07 minutes 01 second West, 1.13 feet;

THENCE South 44 degrees 41 minutes 35 seconds East, along the northeast line of said Meridian tract and along a wire fence, a distance of 1,219.13 feet to a 1/2 inch iron rod found for the east corner of same, also for the north corner of a tract of land described by deed to Glenn Chadwell Turner and Kimberly Michelle Turner recorded in Volume 1676, Page 278 of the Deed Records of Rockwall County, Texas;



THENCE South 45 degrees 17 minutes 01 seconds West, along the southeast line of said Meridian tract, and the northwest line of said Turner tract, also along a wire fence, passing at a distance of 363.02 feet a 1/2 inch iron rod found for the west corner of said Turner tract, and the north corner of a tract of land described by deed to Dwane Turner recorded in Volume 1676, Page 267 of the Deed Records of Rockwall County, Texas, and continuing along the southeast line of said Meridian tract and the northwest line of said Dwane Turner tract, continuing along said wire fence, passing at a distance of 1,196.66 feet a 1/2 inch iron rod with cap stamped "R.P.L.S. 2291" found for the west corner of said Dwane Turner tract and the north corner of a tract of land described by deed to Crowell Development, Co., Inc. recorded in Volume 4417, Page 152 of the Real Property Records of Rockwall County, Texas, and continuing along the southeast line of said Meridian tract and the northwest line of said Crowell Development tract, continuing along said wire fence, for a total distance of 3,521.25 feet to a 1/2 inch iron rod with cap stamped "TIPTON" found for the south corner of said Meridian tract and the west corner of said Crowell Development tract, also lying on the northeast line of the aforementioned Farm Market Road 548;

THENCE North 44 degrees 19 minutes 08 seconds West, along the northeast line of said Farm Market Road 548, a distance of 692.70 feet to a 1/2 inch iron rod found for the beginning of a curve to the right having a radius of 533.69 feet, a central angle of 59 degrees 13 minutes 01 second, and a chord which bears North 14 degrees 43 minutes 13 seconds West, 527.36 feet;

THENCE along the northeast line of said Farm Market Road 548, and said curve to the right in a northwesterly direction, an arc distance of 551.58 feet to a 1/2 inch iron rod found at the end of said curve;

THENCE North 14 degrees 53 minutes 23 seconds East, continuing along the northeast line of said Farm Market Road 548, a distance of 146.05 feet to the PLACE OF BEGINNING and containing 4,237,610 square feet or 97.282 acres of land.

DRAFT 08-06-15

DRAFT 08.03.2015

Development Standards.

1. *Permitted Uses.* Unless specifically provided by this agreement, only those uses permitted within the Single Family 1 (SF-1) District, as stipulated by the *Permissible Use Charts* contained in Article IV, *Permissible Uses*, of the Unified Development Code (UDC), are allowed on the *Subject Property*.

2. *Density and Dimensional Requirements.* The maximum permissible density for the *Subject Property* shall not exceed one (1) dwelling unit per gross acre of land; however, in no case should the proposed development exceed 66 units. All lots shall conform to the standards depicted in *Table 1* below unless specifically provided for in *Table 2* below.

Table 1: Lot Dimensional Requirements

Minimum Lot Width [1]	150'
Minimum Lot Depth	250'
Minimum Lot Area [6]	43,560 SF
Minimum Front Yard Setback [2]	40'
Minimum Side Yard Setback	25'
Minimum Side Yard Setback (Adjacent to a Street)	25'
Minimum Length of Driveway Pavement (Rear and Side Yard Only)	25'
Maximum Height [3]	36'
Minimum Rear Yard Setback [4]	25'
Minimum Area/Dwelling Unit (SF) [5]	2,600 SF
Maximum Lot Coverage	45%
Minimum Number of Paved Off-Street Parking Spaces	2 Spaces
Minimum Distance Between Buildings	10'

General Notes:

1: The minimum lot width shall be measured at the *Front Yard Building Setback*. The Director of Planning or his designee may grant a reduction in the required lot width by up to 10% of the required width if deemed necessary to the design of the lot.
2: The location of the *Front Yard Building Setback* as measured from the front property line.
3: The *Maximum Height* shall be measured to the eave or top plate (whichever is greater) of the single family home.
4: As measured from the rear yard property line.
5: The minimum area/dwelling unit only includes air conditioned square space.
6: The minimum lot area refers to area outside of the floodplain, as defined per the City's regulations.

3. *Building Standards.* All development shall adhere to the following building standards:

(a) *Masonry Requirement.* The minimum masonry requirement for the exterior façades of all primary structures (*i.e. dwelling units only*) shall be 80%. For the purposes of this agreement the masonry requirement shall be limited to full width brick, natural stone, cast stone, cementaceous fiberboard horizontal lap-siding (*e.g. HardiBoard or Hardy Plank*), and stucco (*i.e. three [3] part stucco or a comparable -- to be determined by staff*). Cementaceous products (*e.g. HardiBoard, Hardy Plank, Stucco, etcetera)* shall be limited to 50% of the masonry requirement.

(b) *Roof Pitch.* A minimum of an *8:12* roof pitch is required on all structures with the exception of porches, which shall have a minimum of a *4:12* roof pitch.

DRAFT 08.03.2015

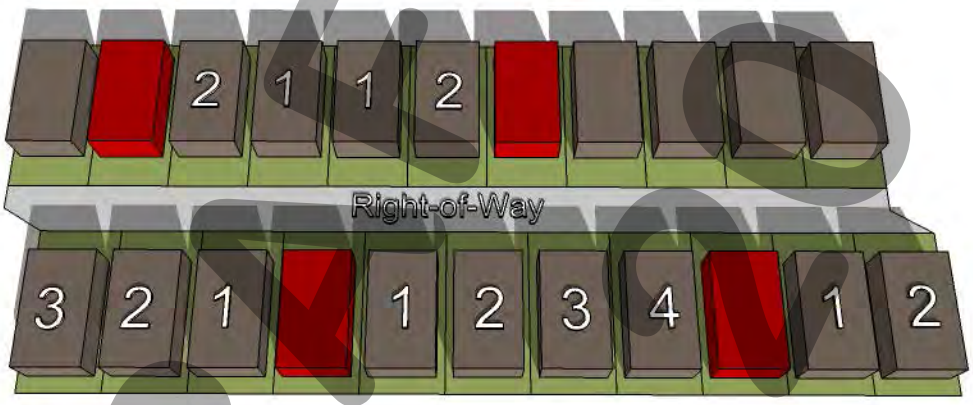
(c) Garage Orientation. Garages shall be accessed from a traditional *'J'-Swing* or *Swing* type driveway arrangement. A second, single garage door facing the street is permitted behind the width of the required double door garage that is accessed from a traditional *'J'-Swing* or *Swing* configuration.

4. *Anti-Monotony Restrictions.* The development shall adhere to the following *Anti-Monotony* restrictions (*for spacing requirements see the illustration below*):

(1) Exterior wall materials must comply with the *Masonry Requirements* listed in *Section 3.(a)*. Additionally, all chimneys are required to utilize masonry materials.
(2) Identical brick blends or paint colors may not occur on adjacent (side-by-side) properties along any block face without at least four (4) intervening homes of differing materials on the same side of the street beginning with the adjacent property and two (2) intervening homes of differing materials on the opposite side of the street.
(3) Front building elevations shall not repeat along any block face without at least four (4) intervening homes of differing appearance on the same side of the street and two (2) intervening homes of differing appearance on the opposite side of the street. The rear elevation of homes backing to open spaces or on FM-548 shall not repeat without at least two (2) intervening homes of differing appearance. Homes are considered to have a differing appearance if any of the following two (2) items deviate:

(a) Number of Stories
(b) Garage Location
(c) Roof Type and Layout
(d) Articulation of the Front Façade

(4) Crown molding will be installed in all living and family rooms, unless vaulted or pop-up ceilings are utilized. No *Formica* countertops may be installed in kitchens and/or bathrooms, and vinyl flooring and blown acoustic ceilings are prohibited.
(5) Each phase of the subdivision will allow for a maximum of four (4) compatible roof colors, and all roof shingles shall be an architectural or dimensional shingle (*3-Tab Roofing Shingles are prohibited*). Alternatively, a tile, metal or other higher quality may be utilized as a roofing material pending it conform to the *Anti-Monotony Restrictions* stated in this section.



See the Illustrations on the following page.

DRAFT 08.06.2015

Illustration 1: Properties line up on the opposite side of the street. Where RED are the same.

Illustration 2: Properties do not line up on opposite side of the street. Where RED are the same.

5. *Fencing Standards.* Fences are not mandatory for any lot within this subdivision; however, if a property owner chooses to construct a fence it will need to adhere to the following standards:

   (a) Solid Residential Fencing. All solid residential fencing shall be cedar standard fencing material (minimum ½" thickness) or better (*spruce fencing is not allowed*). All cedar pickets shall be placed on the *public side* facing the street or neighboring property.

   (b) Wrought-Iron/Tubular Steel Fencing. Lots located along perimeter roadways (*i.e. FM-548*) and abutting open spaces, greenbelts and/or a park [*if* any] -- *however, land abutting development land or yard areas of adjacent properties/homes* -- shall be required to install tubular steel or wrought-iron fencing.

   (c) Common Area Fencing. All common areas and perimeter fencing shall be maintained by a Homeowners Association (HOA) as specified by the *Subdivision Regulations* contained in *Chapter 38* of the City's *Municipal Code of Ordinances*. Common area fencing shall be constructed of tubular steel or wrought-iron and not exceed six (6) feet in height.

6. *Landscaping.* At the time of final inspection of the finished home, all single-family lots shall be landscaped with large canopy trees as follows:

   (a) Two (2) minimum three (3) inch caliper trees, as measured six (6) inches above the root ball, shall be planted in the front yard of all interior lots.

DRAFT 9.03.15

(b) Two (2) minimum three (3) inch caliper trees, as measured six (6) inches above the root ball, shall be planted in the front yard of all corner lots and two (2) additional trees shall be planted in the side yard facing the street.

Note. Any existing trees that are in conformance with the tree mitigation requirements stipulated by Article IX, Tree Preservation, of the Unified Development Code, which can be preserved, will be counted as credits towards all required landscaping requirements.

7. *Lighting.* Light poles shall not exceed 20-feet in total height (*i.e. base and lighting standard*). All fixtures shall be directed downward and be positioned to contain all light within the development area.

8. *Streets.* The street cross sections shall be as depicted within *Exhibit 'B'* of this agreement. The property owner (with direct adjacency) shall be responsible for maintaining the area between edge of pavement and their property line (*i.e. the bar ditches/drainage areas*).

9. *On-Site Sewage Facilities. Septic Systems* are permitted on all lots within this subdivision pending conformance to the following standards:

   (a) All *Septic Systems* shall be designed by a licensed *On-Site Sewage Facility (OSSF)* professional (*e.g. licensed engineer, sanitarian, and etcetera*).
   (b) A stamped and signed copy of the *Septic System* plans indicating the full limits of the septic field shall be submitted to the city at the time of building permit on a *lot-by-lot* basis.
   (c) All *Septic Systems* shall be inspected and approved by the City's chosen inspector.

10. *Buried Utilities.* New distribution power-lines required to serve the *Subject Property* shall be placed underground, whether such lines are located internally or along the perimeter of the *Subject Property*, unless otherwise authorized by the City Council. New transmission power-lines, or distribution lines of a size not typically or cost effectively placed underground (*3-phase lines*), or additional lines that are added to existing poles, may be above ground, if located along the perimeter of the *Subject Property*. The *Developer* shall not be required to relocate existing overhead power-lines along the perimeter of the *Subject Property*.

11. *Neighborhood Signage.* Permanent subdivision identification signage shall be permitted at all major entry points for the proposed subdivision. Final design and location of any entry features shall be reviewed and approved with the final plat.

12. *Homeowner's Association (HOA).* A Homeowner's Association shall be created to enforce the restrictions established in accordance with the requirements of *Section 38-15* of the *Subdivision Regulations* contained within the *Municipal Code of Ordinances* of the City of Rockwall. The HOA shall also maintain all neighborhood parks, trails, open space and common areas, irrigation, landscaping, screening fences associated with this development.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Honorable Mayor and City Council Members**

FROM: **Kristy Ashberry, City Secretary / Assistant to the City Manager**

SUBJECT: **Action item re: ambulance exclusivity ordinance provision**

DATE: **July 31, 2015**

The topic of the city's current ordinance that essential creates "exclusivity" of ambulance service provision within the City of Rockwall was discussed at a work session held at the July 20 regular city council meeting. Representatives from Presbyterian Hospital of Rockwall as well as Medic Rescue ("Rockwall County EMS") spoke during the work session. A request was made by the city council that input from the Rockwall County Emergency Services Corporation be solicited during the July 22 ESC board meeting. Draft minutes of that board meeting have been included in city council members' 8/3 meeting packet for review. Also included in the packet are letters from Alma Williams Howard and Dr. Crowley who represent Presby Rockwall as well as financial related information from Mr. Ownby of Medic Rescue, as requested by Mayor Pruitt. The Council has asked staff to include an Action Item on the August 3 meeting agenda to discuss either repealing the exclusivity ordinance, leaving it in place or amending it.

190

ARTICLE XII. - AMBULANCE SERVICE

Sec. 12-1251. - Contract required.

No person shall operate or cause to be operated a vehicle for ambulance purposes nor furnish, conduct, maintain, advertise or otherwise be engaged in the business or service of the transportation of ambulance patients within the city unless such person is the ambulance service provider currently under contract with the County of Rockwall Emergency Services Corporation to provide ambulance service within the county. No person shall knowingly solicit ambulance services regulated in this article except from the ambulance service provider.

(Code 1982, § 18-51; Ord. No. 93-41, § 1, 10-18-1993)

Sec. 12-1252. - Applicability.

The provisions of section 18-166 shall not apply to:

(1) Rendering assistance to patients in the case of a major catastrophe or emergency with which the contractor's ambulances are insufficient or unable to cope;
(2) Transporting a patient from outside of the county to a point within the city; or
(3) Transporting a patient picked up outside of the county, traveling through the city to a destination outside of the county.

(Code 1982, § 18-52; Ord. No. 93-41, § 2, 10-18-1993)

Sec. 12-1253. - Violations.

Violations of this article are hereby declared to be public nuisances and shall be prohibited and abated in actions at law or in equity.

(Code 1982, § 18-53; Ord. No. 93-41, § 3, 10-18-1993)

July 29, 2015

Rockwall City Council Members,

I am writing to you regarding the City Ordinance of Exclusivity for Ambulance Service.

When we first created this ordinance, there was no ambulance service for our community, and there were no local hospitals. This ordinance provided assurance that our citizens would have emergency assistance to hospitals in the Dallas area.

Currently we have two acute care hospitals, two emergency hospitals, and numerous healthcare providers in our community. Because of this current growth, and future growth of our medical community, we continue to serve citizens by providing ever expanding healthcare locally. All of these providers want only to provide the highest level of compassionate skilled care to all citizens. This includes emergency services to local hospitals as well as transport to higher skilled care facilities when needed. It also includes non-emergent transport to other facilities in the metroplex.

To limit healthcare facilities to one service can easily become burdensome, create longer time lapses in service to patients, and create greater chances of harm to a patient. To have access to all possibilities for patient transport, whether emergent or non-emergent is in the best interest of the individual patient and consequently our community as a whole.

Would you as a private businessman, and a leader in this community committed to promoting quality thriving business, not find it hard to conduct your business at its highest level if only given one choice in how to do it or to maintain a competitive free market atmosphere? Please consider these thoughts regarding this ordinance. Does this ordinance serve this community as it is today? Would the community be better served without it?

I thank you for your service to our community. Having been in your position in service to our city, I appreciate that we must remain vigilant in striving to grow and provide citizens with the absolute highest quality of safety and services.

Sincerely,

Alma

Alma Williams Howard

192

July 31, 2015

To the Rockwall City Council and all those concerned:

My name is Sam Crowley. I have been the Emergency Medical Director for Texas Health Presbyterian Rockwall since the day it opened in 2007. I treated the first patient and delivered the first baby here. When I say that Presbyterian Rockwall runs deep in my blood, it is not hyperbole. I love everything my hospital stands for and I love the service we provide the citizens of Rockwall. While it has been only 8 years, we have grown along with Rockwall to become an integral part of the community and its safety structure. It is from that perspective that I bring my concerns about the current EMS ordinance.

Here is what concerns me about the current set up with Rockwall County EMS (RCEMS). They do not act like a ***partner*** in providing care for our patients. I do not wish this to be confused with thinking they do not provide quality care for the patients they see. Quite the contrary, as I have said on several occasions I am glad to have such wonderful EMS providers in the county. I would be the first in line to defend them against anyone who questions the quality of their emergency care. That being said, my worries stem from our business relationship with them which is strained due to the delays in care that occur for two reasons: untimely transport from our hospital and ignoring our North Campus ED.

Let me start with the first reason – untimely non-emergent transport. While these are "non-emergent" patients, they actually have conditions that require urgent attention. When I stabilize a patient and decide they need to go to another hospital for a service we do not have, I call for an ambulance to take them to the other facility. If the EMS group gets another 911 call in the meantime, it pushes back the transport of my patient until that call is done or another ambulance is available. At other facilities we could choose a different service and would be able to get a firm estimated time of arrival and tell both the family and the accepting hospital an accurate time for transfer. This allows us to keep the patients happy and safe, and keeps our receiving partners happy and informed. Sadly, in Rockwall we are forced to abide by this Ordinance, which does not allow us the full capacity to meet those goals.

The second reason I am concerned is that they routinely fail to utilize our North Rockwall location for emergent care. That facility is fully capable of stabilizing and caring for folks just like our main ED. Currently they pass this facility delaying care to go to a competing facility. I have been told this is a decision by their physician medical director, as that individual is responsible for their care and transport behavior. I would happily discuss this with him, but in the 8 years that Presby has been open, he has not met with me or actually come to the facilities to evaluate our capabilities! We are perhaps their biggest client and their medical director had made no effort to get to know their main client?? I pressed the RCEMS managers on this in a meeting with several council members, the judge, and the mayor present, and I still have not met the man. A client should not have to ask for a service provider to come and get to know them! That is not how business is done unless one of the partners has no choice except to be in the relationship.

I am glad we can compete against other hospitals because it pushes us to be the best and compete on quality and cost. As of today however, we are at a disadvantage because our EMS service does not have to compete against anyone else. Our main competitor has no restrictions on its transport ambulance selections. We get what we get and Rockwall EMS has no real incentive to be a great partner. We have worked for almost 8 years to get help with these issues and have had little change. I do not know if this is because they are not keeping up with the pace of growth of Rockwall, or if they to feel transporting our patients is not a priority. I know when they are running emergency calls our patients get bumped for transport and that does not happen at our other 18 facilities across North Texas.

Ultimately my concern stems from the fear that we are all exposed to a possible catastrophic outcome due to delay in transport or from passing by the closest facility. I worry that these issues will expose our patients to undue risk, and thus put the reputation of Rockwall at risk. Please let me know if I can add any further information. Thanks for your time.

Samuel R Crowley, MD,
Emergency Medical Director & Chief of Staff at Texas Health Presbyterian Rockwall

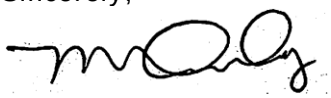
Rockwall County EMS
809 South Goliad
Rockwall, Texas 75087

Date: July 31, 2015

To: Mary Smith, Assistant City Manager
City of Rockwall

Re: Fiscal Impact of Non-911 Transports

Mrs. Smith:



In response to your request for further information related to the fiscal impact of non-911 transports, please find below the total payments received on transports that were picked up at the corresponding facilities during the associated time frames.

Facility	Address	2014 (totals)	2015 YTD/Q1-2 (totals)
Texas Health Presbyterian Hospital Rockwall	3150 Horizon Rd	$428,025*	$186,055*
TH North Rockwall Emergency Room	2265 N Lakeshore Dr	$165,848	$70,614
Baylor Emergency Medical Center	1975 Alpha Dr #100	$82,318	$51,195
Rockwall Nursing Care Center	206 Storrs	$56,173	$23,336
Broadmoore Medical Lodge	5242 Medical Dr	$73,149	$43,115
Arbor House	5250 Medical Dr	$37,551	$23,619
Rock Ridge Assisted Living and Memory Care	720 E Ralph Hall Pkwy	$13,430	$22,933
Autumn Leaves of Rockwall	225 E Ralph Hall Pkwy	$14,637	$9,774
Emeritus at Summer Ridge	3020 Ridge Rd	$13,540	$4,408
MedPost Urgent Care	3090 N Goliad St		
MedPost Urgent Care	2951 Ridge Rd		
Rockwall Urgent Care	810 E Ralph Hall Pkwy		
Rockwall Surgery Center	825 East Yellow Jacket	$1,200	$1,645
DaVita Dialysis	2455 Ridge Rd #101	$5,552	$1,303
Liberty Dialysis	2850 Ridge Rd	$6,539	$8,085
	Total:	$897,962	$446,082

The Urgent Care centers are billed as if a doctor's office, therefore accurate totals were not available, due to the way they are coded in our billing system. *These figures are actual cash receipts and do not include any billings for which payment has not been received. Additionally, we are experiencing a 13.4% trip-per-month increase annually (2012-2014).

Thank you for the thoroughness in which these matters have been addressed. I hope you find this information adequate and it adds sufficient clarity to aid in this very important decision. If any additional questions should exist, I welcome the opportunity to further discuss it at your convenience.

Sincerely,

Mitch Ownby, EMS Chief

MINUTES

COUNTY OF ROCKWALL EMERGENCY SERVICES CORPORATION

ROCKWALL HISTORIC COURTHOUSE 101 EAST RUSK ROCKWALL, TEXAS 75087 972-882-2840

Regular Board Meeting
Wednesday, July 22, 2015 5:00 p.m.

GENERAL BOARD MEETING

Board Members Present:	**Board Members Absent:**
Barry Brooks (Heath)	**Debby Bobbitt (Rowlett)**
Steve Hatfield (McLendon Chisholm)	**Dana Lawson (Mobile City)**
Dennis Lewis (Rockwall)	**Jim Pruitt (Rockwall)**
Lorne Megyesi (Fate)	
Janet Nichol (Royse City)	
Cliff Sevier (Rck. County)	
David Sweet (Rck. County)	

GENERAL BOARD MEETING

1. Call to order

President of the board, David Sweet, called the meeting to order at 5:01 p.m. with the above listed board members being present and absent.

2. Discuss / act on approval of the minutes from the June 24, 2015 regular ES Corporation Board meeting

Board Member Megyesi of Fate made a motion to approve the minutes. Board Member Sevier seconded the motion, which passed unanimously of those present (Bobbitt, Lawson and Pruitt absent).

3. Discuss / act on Emergency Management Program Report

Joe DeLane, County Emergency Management Coordinator, came forth and provided a brief verbal update to the board concerning recent Emergency Management related activities. He indicated that in August and September, he will begin meeting with various jurisdictions to begin planning a tabletop exercise for some time in the coming months. The radio system project is ongoing. No action was taken as a result of Mr. DeLane's report.

4. Discuss / act on the ES Corp. Treasurer's Report

ES Corp. Treasurer, David Peek, provided a verbal update to the board concerning his monthly report. He indicated that a large, principal and interest payment is coming due mid-August on the gun range training facility, and this will significantly draw down the bank account balance.

DRAFT

He shared that all bills of the Corporation have been paid, all member entities are current, and they have been timely on their payments to the Corporation. Board Member Lewis made a motion to accept the Treasurer's report. Board Member Hatfield seconded the motion, which passed unanimously of those present (Bobbitt, Lawson and Pruitt absent).

5. Hear update from jurisdictions regarding the following preliminary budgets for Fiscal Year 2016 for the ES Corporation:
   a) Administrative / Operating Budget
   b) Law Enforcement Training Facility Operating Budget
   c) Law Enforcement Training Facility Debt Service Budget
   d) Emergency Management Program Budget
   e) Ambulance (EMS) Budget

Mary Smith, Finance Director and Assistant City Manager for Rockwall, came forth and indicated that the preliminary, proposed budgets have been distributed to each member entity for review and incorporation into each of their own jurisdiction's budgets. She explained that this item is an opportunity for any of the member entities to express any sort of concerns related to the proposed budgets. There being no one expressing any, no action was taken concerning this item. Mrs. Smith indicated that the board would take action to formally adopt the budgets at its September board meeting.

6. Adjournment

The regular board meeting was adjourned at 5:08 p.m.

AMBULANCE SERVICES BOARD MEETING

Board Members Present:	**Board Members Absent:**
Barry Brooks (Heath)	**Dana Lawson (Mobile City)**
Steve Hatfield (McLendon Chisholm)	
Dennis Lewis (Rockwall)	
Lorne Megyesi (Fate)	
Janet Nichol (Royse City)	
Jim Pruitt (Rockwall)	
Cliff Sevier (Rck. County)	
David Sweet (Rck. County)	

1. Call to order

The meeting was called to order at 5:08 p.m. with the above noted board members being present and absent.

2. Discuss / act on update related to ambulance service related exclusivity provisions in place among member cities

Board Member Lewis provided an update to the board related to the Rockwall City Council's recent discussion of this topic at their city council meeting this past Monday evening. He explained that the Council heard comments from Presbyterian Hospital Rockwall as well as Medic Rescue and that they both had submitted some material to the council for review. He indicated that the Rockwall City Council would like some input from the ES Corp. regarding its

DRAFT

thoughts on Rockwall's current "exclusivity" ordinance related to ambulance service provision. President Sweet and Board Member Sevier both generally indicated that the ES Corp. is not in the business of writing or repealing city ordinances, so they do not have a formal opinion to express in this regard. Board Member Brooks indicated that the City of Heath does have an 'exclusivity' ordinance in place, but they are considering the possibility of putting it on a city council agenda for possible revocation. Board Member Hatfield of McLendon Chisholm expressed that he has concerns about the overall financial impact that may result regarding subsidy cost increases if the City of Rockwall repeals its exclusivity ordinance. EMS consultant to the board, Steve Athey of Healthcare Visions, indicated that he has already advised the board that he believes the best thing is to keep exclusivity ordinances in place, and he stands by that previously expressed opinion. Mr. Athey went on to explain that revocation of such ordinance(s) would have an unknown financial impact – it could be very little financial impact, or it could be quite large. He shared that, certainly if Rockwall does repeal its ordinance, Medic Rescue would need to begin very closely monitoring any financial impact. Board Member Lewis of Rockwall clarified that if Rockwall's ordinance is revoked, it would only affect non-emergency transports and would not affect 911 emergency calls.

President Sweet asked Medic Rescue if it had anything to say concerning the matter. Mitch Ownby of Medic Rescue came forth and indicated that when the system was originally designed in 2003 and a subsequent contract was signed in 2007, it was predicated on non-emergency transports being factored into the equation as far as subsidy cost is concerned. The goal in doing so was always to keep the cost low and make the best use of taxpayer dollars. He explained that roughly $900,000 of Medic Rescue's $3 million dollar budget is money generated from non-emergency transfers from hospitals, nursing homes and other indigent care facilities. He expressed the belief that Presbyterian Hospital has not been a good partner and that business-related matters have been immediately escalated to the entities and to ES Corp. board members without first coming to the table with Medic Rescue to discuss those matters and try to work them out. He shared that his company has offered to park an ambulance at the door of the hospital, but they have not accepted this offer. They instead have chosen to escalate complaints to cities and ESC board members. President Sweet indicated that perhaps an offer to place an ambulance at their door was 'too little, too late' at that point. At the request of Board Member Brooks, Ownby went on to explain that about $600,000 annually is attributed to funds coming in as a result of non-emergency transports out of Presby (about 100 calls / month on average). Mr. Crowley, City Manager of Rockwall, spoke, indicating that these problems are not ones which have just recently arisen. Instead, they are problems that have been ongoing now for a number of years. He suggested that perhaps the service contract between the EMS provider and the ESC board could be evaluated to incorporate language that would help keep "big customers" such as Presbyterian Hospital satisfied. Mr. Ownby went on to explain that Medic Rescue responds 90% of the time, on average, within the time expectations delineated in its private contract with Presby and that one out of four calls gets passed on, via Medic Rescue's coordination, to an alternate ambulance service provider.

Board Member Lewis clarified that Rockwall's ordinance makes it a criminal offense right now for Presby to call someone else to perform non-emergency transfers. Right now, 'exclusivity' related to Rockwall's ordinance means that the City of Rockwall is essentially handing Medic Rescue all of its non-emergency transports as opposed to Medic Rescue having to go out and secure contracts itself with those type of facilities.

Ownby restated that about $600,000 annually is generated through Presby transfers, and about $250,000 annually comes from other, non-emergency facilities. He indicated that his company does not currently have a contract with Baylor Rockwall.

DRAFT

Discussion ensued related to Medic Rescue calling upon other ambulance service companies to respond to non-emergency transfer requests when Medic Rescue is tied up and unable to provide those services. Ownby generally expressed that Medic Rescue performs this service on behalf of Presby so that Presby does not have to worry with it, something that he feels is of benefit to Presby staff.

Ed Thatcher, City Manager of Heath, shared that a few years ago, he personally had a bad experience waiting to be transported out of Presby Hospital to another hospital in Dallas, a wait that lasted more than three long hours. Mr. Ownby shared that essentially what had occurred in that instance was that Medic Rescue was never called until about 20 minutes before they arrived at the hospital to transfer Mr. Thatcher. He explained that before a patient can be transferred, the receiving hospital has to have a lot of coordination with the transferring hospital to ensure they have a bed/room available for the patient being received, that the patient's medical records and test results have been successfully transferred, etc. So, all of those things apparently took place before the EMS company (Medic Rescue) was ever even called by Presby Hospital to conduct the patient transfer. Mr. Ownby explained that it is unfortunate that, in a situation like that one, the patient had no knowledge of the fact that EMS was only called twenty minutes before, even though he or she has been "waiting on an ambulance transfer for three plus hours."

Mr. Crowley explained that he is unsure if the City of Rockwall will end up repealing its ordinance or not. However, the ES Corporation needs to do everything it can to ensure that Medic Rescue is getting as much non-emergency transport business as possible so as to keep costs low. Having said that, he knows that everyone wants to be sure that service is good and that "big customers" such as hospitals are satisfied with the provider's service.

Board Member Hatfield pointed out that, even if Rockwall rescinds its ordinance, Presby still has a contract in place with Medic Rescue. Mr. Ownby indicated that if Rockwall repeals its ordinance, he suspects that Presbyterian Hospital will in turn immediately cancel its contract with Medic Rescue. At the request of Board Member Brooks, Mr. Ownby went on to explain that either party can cancel the contract at any time with, in some cases thirty days' notice, and, in other cases, more like 60 or 90 days' notice. Mr. Ownby stressed that Medic Rescue entered into the contract with Presby in an effort to be a good partner, and that the contract allows Presby Hospital to have "prime vendor" (reduced) pricing. Furthermore, he explained, that the contact was also established because it was in the best interest of the ES Corporation. Mr. Ownby shared that the contract was entered into about one-and-a-half to two years ago, and it is a year-to-year contract.

Michael Kovacs, City Manager of Fate, shared that he believes ambulance provision in the county is a great deal because Fate pays about $45,000 annually to give 10,000 people a twelve minute response time. He believes that this is a phenomenal value considering the services provided.

President Sweet asked Mr. Ownby how he thinks these problems may be able to be fixed. Mr. Ownby shared that he is hoping that once Rockwall makes its decision on the ordinance, the political presence will be removed from the situation, and hopefully both parties can then come to the table to try and resolve the concerns. He shared that once Rockwall's decision is made regarding its ordinance, Medic Rescue will go back to Presby to try and speak to them to resolve their concerns and do whatever is needed to satisfy them.

The board took no action concerning this discussion item.

DRAFT

3. Discuss / act on reports from Medic Rescue related to EMS contract compliance, including road construction impacts

Medic Rescue provided an update to the board concerning its monthly reports. Mr. Ownby provided brief comments related to recent involvement in community-related events, billing and response times (which he reported are both doing ok and are as expected), and upcoming construction. No action was taken by the board as a result of this agenda item.

4. Adjournment

The meeting was adjourned at 5:48 p.m.

PASSED AND APPROVED BY THE BOARD OF DIRECTORS OF THE COUNTY OF ROCKWALL EMERGENCY SERVICES CORPORATION ON THIS THE 26th DAY OF August, 2015.

Status of Boards & Commissions

(for August 3, 2015 cc. mtg.)

Animal Advisory Board (Fowler)

= Need to be reappointed

Animal Adoption Center/ Shelter Advisory Committee	FIRST NAME	LAST NAME	Appointed/Re Appointed	CURRENT 2 YR. TERM EXPIRES
Member 1 [Citizen]	Ken	Dickson	Sept.3,2013	Aug. 2015
Member 2 [Licenced Vet]	Dr. David	Loftis	April. 2006 Dec. 2011	Aug 2013
Member 3 [Citizen]	Dr. Kurt	Avery	Nov. 2009 Dec. 2011	Aug. 2013
~~Member 4 [Animal Welfare Org]~~	~~Judy~~	~~Schoeneman~~	~~April. 2006~~	~~Aug 2012~~
Member 5 [Citizen]	Sandra	Solomon	April. 2006 Dec. 2011	Aug 2013
Member 6 (Municipal Official)	Brad	Griggs	n/a	n/a
Ex-Officio Member [Operates Shelter]	Molly	Petterson		

Sec. 6-51. Established; Composition

An animal adoption center/advisory committee shall hereby be established & comprised of:

- a licensed local veterinarian,
- one municipal official,
- one representative from an animal welfare organization,
- three city citizens to be appointed by the city council, and
- one person whose duties include the operation of the city's animal adoption center to be appointed by the city manager, and who shall serve as an ex officio member.

State Law Composition Requirements

- One licensed vet
- One county or municipal official
- One person who runs daily shelter operations
- One representative from an animal welfare organization

ARB INFO

Term. The members shall be appointed for a term of two years with staggered terms and shall be removable for cause by the city council. Their terms of office shall expire on the last day of July or when their successor has been appointed. In the event that a vacancy occurs prior to the expiration of a full term the city council shall appoint a new member to complete the unexpired term. Any member may be reappointed by the city council upon completion of a term to which he has been appointed.

Qualifications. At least one member shall be a registered architect in the State of Texas. Other members are chosen for qualifications and training in related fields such as landscape architecture, interior or exterior design, municipal planning, municipal government and other professions with related disciplines or civic interest.

Attendance. If a member has three consecutive absences that are not excused by the architectural review board, or is absent from more than 25 percent of the meetings, he may be removed from the board; however, if absent from 50 percent of the meetings in any calendar year, the member will automatically be removed from the architectural review board.

Art Review Team / Art Commission (White)

Art Review Team Commission	FIRST	LAST	1st Appointed	CURRENT 2 YR. TERM EXPIRES
interested citizen	David	Sweet	Jan.1,2015	unknown
interested citizen	Kathleen	Morrow	Jan.1,2015	unknown
interested citizen	VACANT			
interested citizen	VACANT			
interested citizen	VACANT			
staff liaison	Brad	Griggs		

The art review team (ART) commission shall consist of five members, who shall all be "interested citizens" appointed by the city council. All team members should possess knowledge of, or have an interest in contemporary, visual art, artistic principles and art media.

a) The art review team (ART) commission shall consist of five regular members appointed by a majority of the city council. A staff liaison will be appointed by the city manager.
b) In the case of a vacancy of the commission, the city council, by a majority vote, may appoint a replacement member to the commission. Any person appointed shall serve until the expiration of the term of office of the vacated position.
c) Each member of the commission shall be a resident citizen and qualified voter of the city.
d) Upon the initial appointment of the commission by the city council, members shall draw lots for three two-year terms and two one-year terms of service. Thereafter, the term of office of members of the commission shall be for two years. Members may be removed, as determined by the city council.
e) Members shall serve without compensation.

Note: This board has no special 'position' or 'skills' related requirements (any citizen who is a registered / qualified voter may serve); however, the commission has the quasi-judicial authority to enforce the Property Maintenance Code

Purpose.

The building and standards commission has been created to:

- Provide a reasonable interpretation of the provisions of article XII of this chapter, pertaining to the property maintenance code;
- Mitigate specific provisions of article XII of this chapter, pertaining to the property maintenance code, which create practical difficulties in their enforcement;
- Hear cases and make determinations; and
- Make recommendations

Airport Operations Report

For Month of June 2015

FUEL SALES

	GALLONS SOLD	GROSS SALES
Jet - A Sales	1,439.00	$5,162.20
Av-Gas Sales	2,480.90	$10,783.51
TOTAL FUEL SALES	**3,919.90**	**$15,945.71**

HANGAR RENTAL REVENUE

Open T Hangar Rental Revenue	$3,598.30
Transient Covered Hgr - Nightly	$75.00
Enclosed Hangar Rental Revenue	$120.00
Nightly Tiedown Fees	$42.00
North Community Hangar Rental Revenue	$725.00
TOTAL HANGAR RENTALS	**$4,560.30**

HANGAR OCCUPANCY RATES

	TOTAL HANGARS	QTY RENTABLE	QUANTITY LEASED	OCCUPANCY RATE
Open T Hangars	45	40	34	85.00%
Closed Hangar Rentals	2	2	1	50%
Open Hangar Cap Rentals	2	1	1	100%
TOTAL HANGAR OCCUPANCY	**49**	**43**	**36**	**84%**

Of the forty five hangars only forty can actually be rented. Most of these forty should be considered substandard and not easily marketed due to pad slope and width, electrical, and drainage issues.

CITY FEES DUE	FEE RATE	FRANCHISE FEE DUE	FUEL FLOWAGE FEES DUE	TOTAL FEES DUE
Fuel Sales (Gallons Sold)	$0.10	$0.00	$391.99	$391.99
City Owned Hangar Rentals	5.00%	$228.02	$0.00	$0.00
TOTAL FEES DUE		**$228.02**	**$391.99**	**$620.01**

I certify the information and amounts submitted on this form are true and correct.

CITY OF ROCKWALL, TEXAS

MEMORANDUM

TO: **Mayor and Council**

FROM: **Joey Boyd, Director of Internal Operations**

DATE: **August 14, 2015**

SUBJECT: **STAR Transit Report**

Omega Hawkins, General Manager of STAR Transit, has requested an appointment with the City Council to give a report on STAR's activities and to discuss funding.

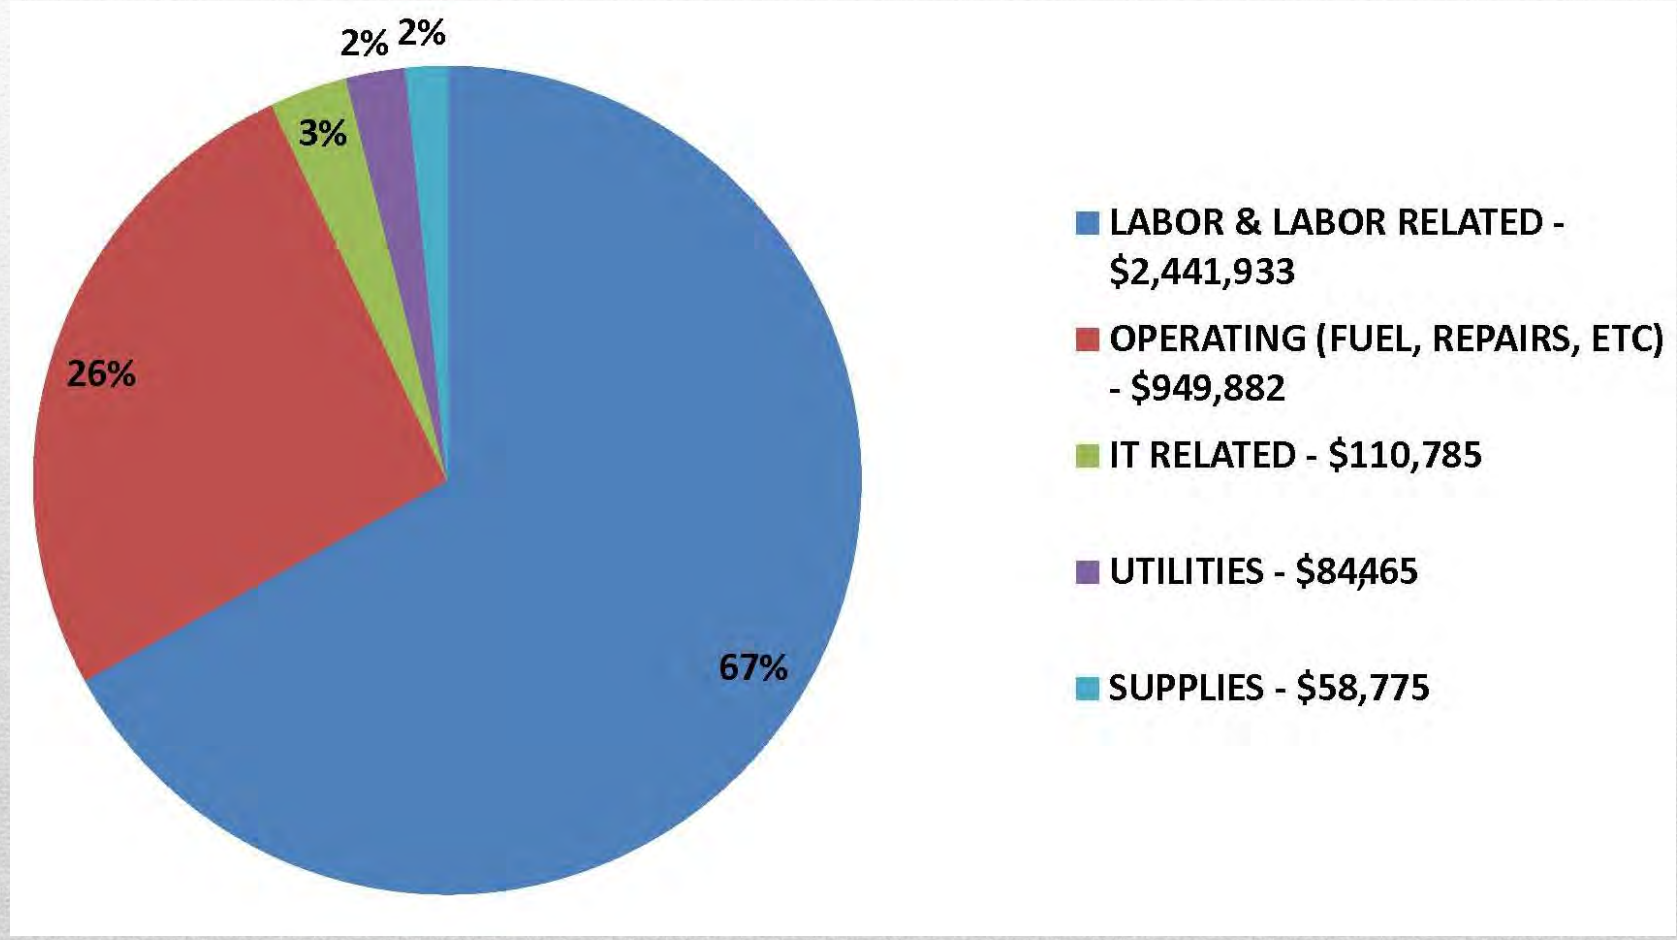
Included for your review is a presentation from STAR Transit that they will discuss at the Monday work session. Mr. Townsend and City Staff met with STAR on Thursday afternoon to discuss their report. As a result, the City requested additional information including: a breakdown of age for each purpose of ride, the total revenues and expenditures for Rockwall County, and specifics on STAR's private contracts with the Boys & Girls Club and the RISE.

STAR representatives indicated they would compile that information and provide it to the City Council on Monday, but notified the City on Friday afternoon that they would not have the information ready for the work session.

City staff and Council member Townsend will be at the work session and can answer any questions.

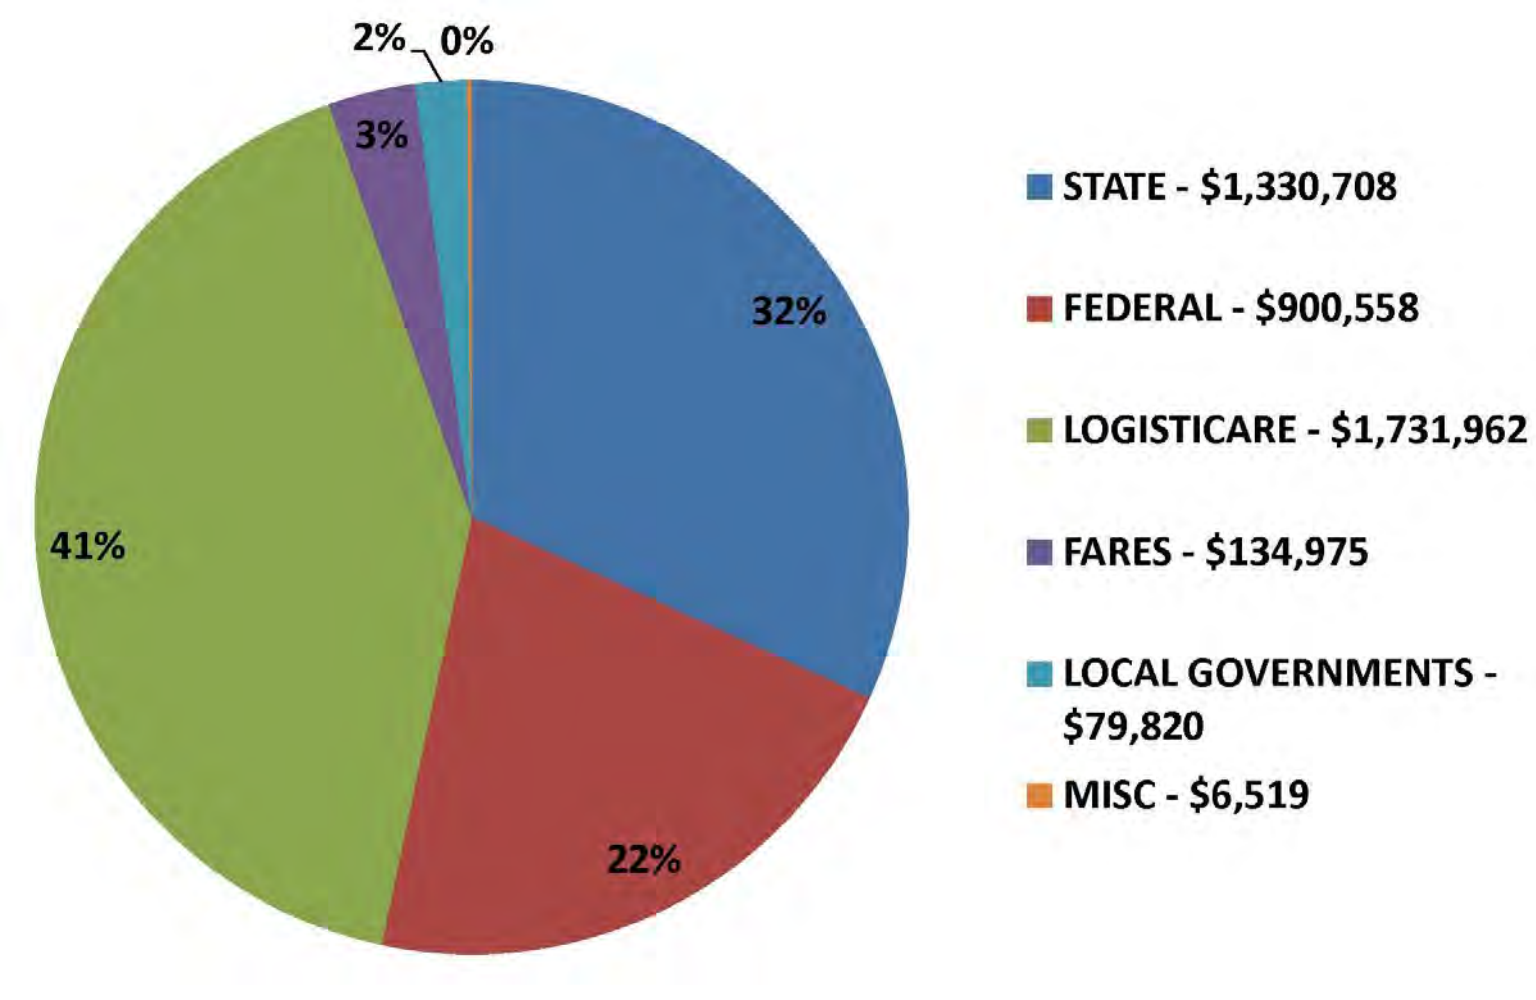
STAR TRANSIT

Catch the STAR!



Presented: 8/17/15

Agency Overview



- STAR Transit is a public transportation agency
- Providing service since 1980
- Management has over 100 years in combined transportation experience
- Over 150,000 rides per year
- Stellar safety record
- Operate 65 buses and employ 110 people
- Kaufman County, Rockwall County, Seagoville, Balch Springs and Mesquite
- **2014 Rural Transit Agency of the Year**

FY14 Agency Expenses

FY14 Agency Sources of Revenue

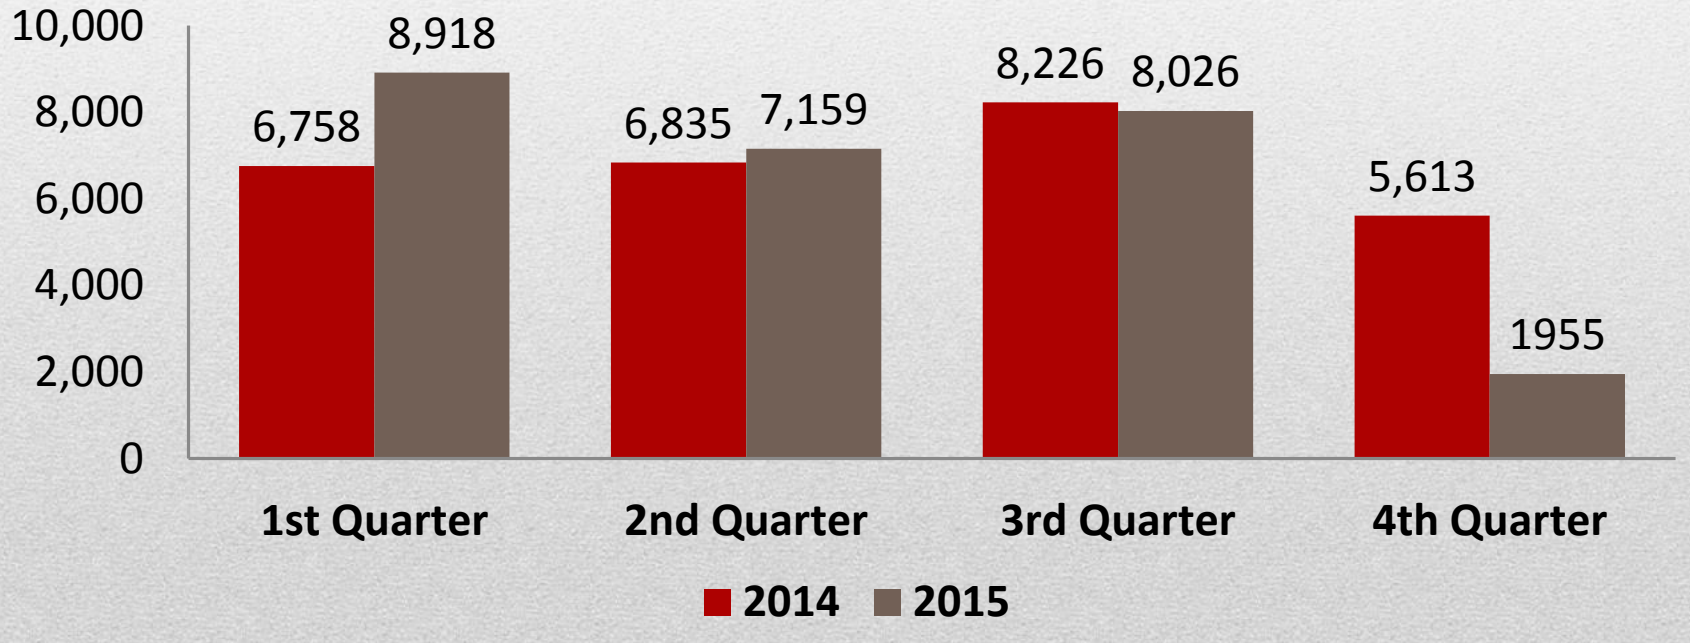
FY15 Agency Budget

Description	Total
Budget Revenue	$6,052,796
Budget Expenses	$5,608,942

Total STAR Transit Capital Expense Projects	Federal Contribution	STAR Transit Contribution
$1,732,721.00	$1,496,257.80	$236,463.20

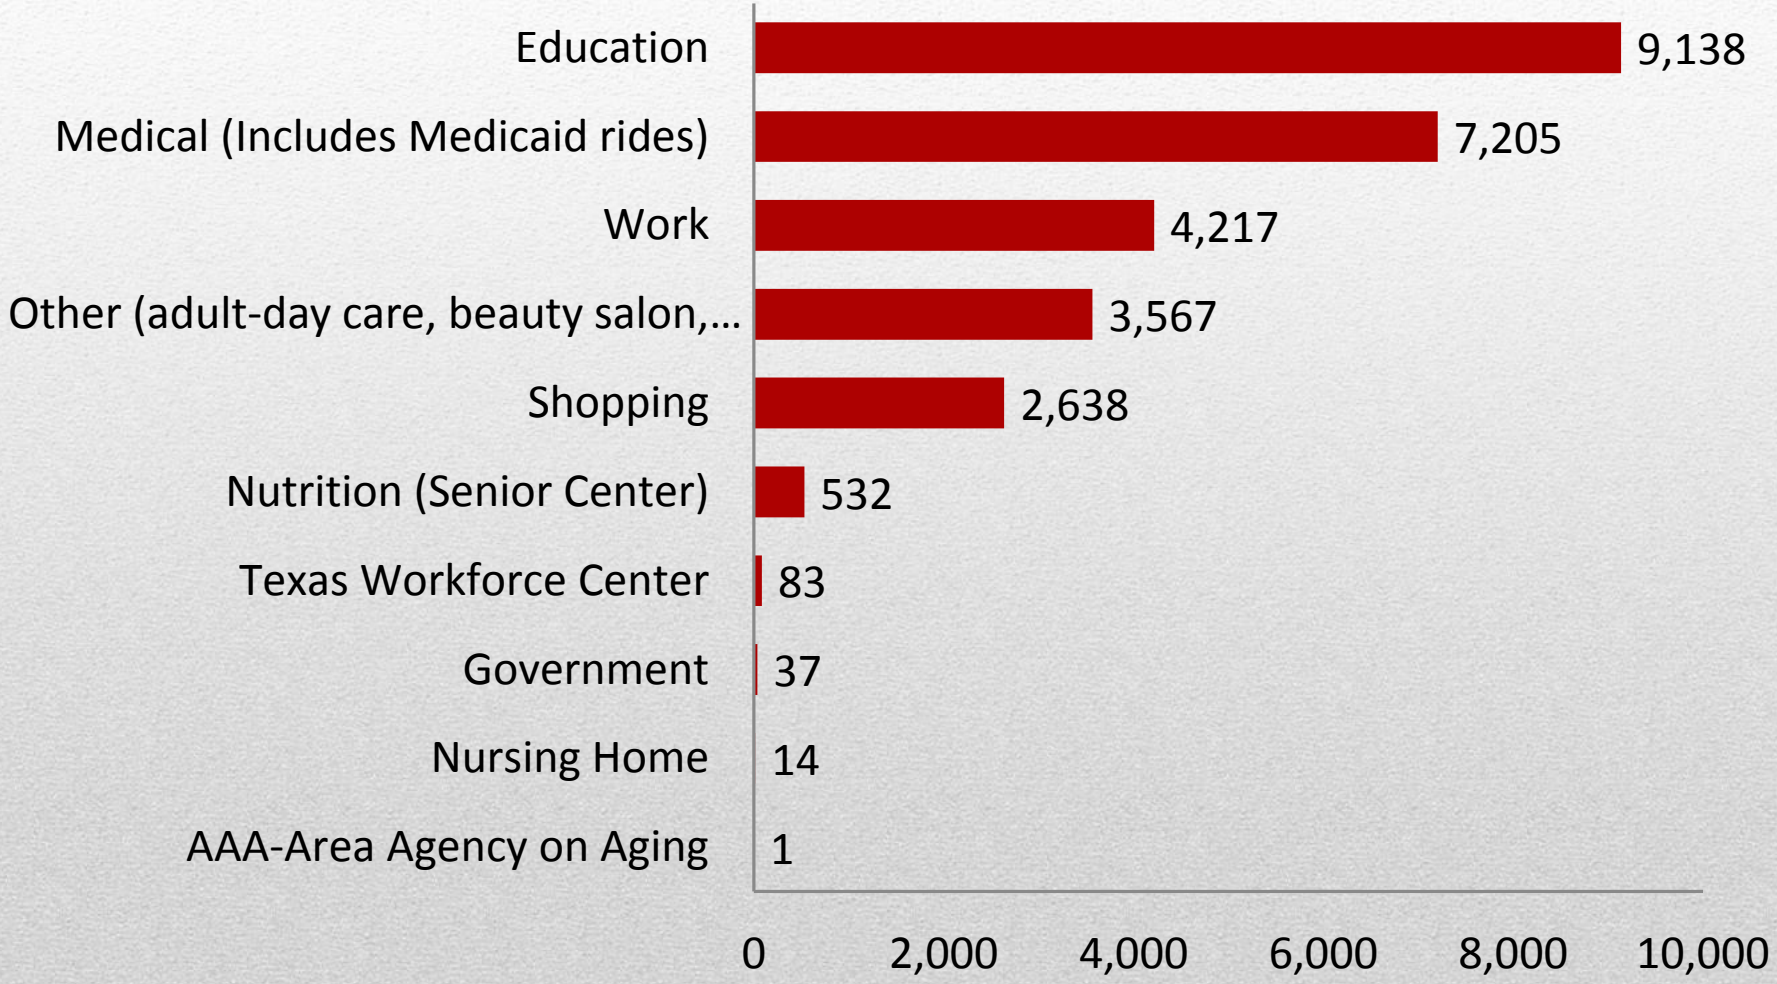
- $93,568.85 of the Federal Contribution was Transportation Development Credits

CURRENT SERVICE IN ROCKWALL COUNTY

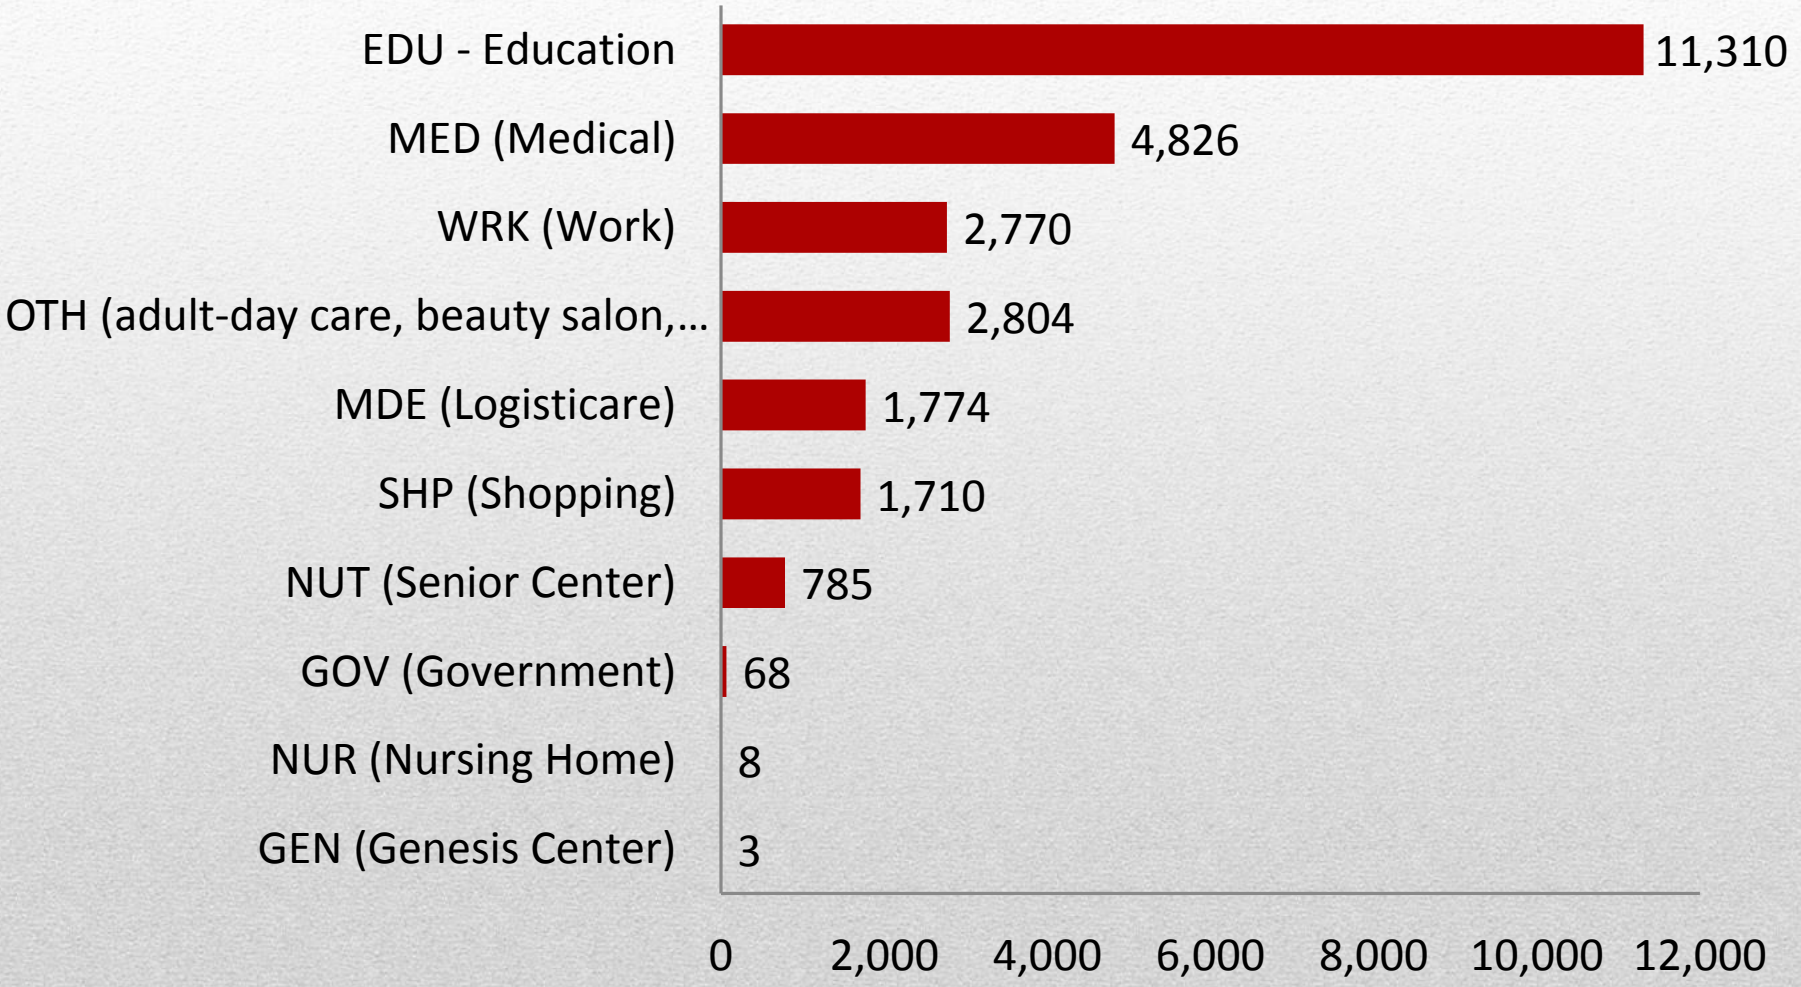


Current Service in Rockwall County

- Demand Response, Curb to Curb
- Launched under 2005 federal/state funding formulas
- 7 buses, 7 drivers
- 8 Hours per Bus per Day
- Monday through Friday
- County Service: 8:00 am – 4:00 pm
- City of Rockwall Service: 6:00 am – 6:00 pm
- 56 hours of transit service per day
- Fares range from $1.00 - $15.00



Rockwall County Rides



- 27,432 – FY14 total trips
- 26,058 – FY15 trips to date; projects to 30,000 trips

FY14 Purpose of Rockwall County Rides

FY15 (YTD) Purpose of Rockwall County Rides

STAR Transit in Rockwall County

- Provides transportation for children, allowing parents to finish their work day commitments.
- Provides job access to working Rockwall residents; preventing unemployment due to the lack of reliable transportation.
- Provides one-of-kind access to preventative medical attention; giving the elderly independence and reducing medical expenses.
- $15,000 Rockwall County contribution; no current year contributions from municipalities in Rockwall County.
- Critical Rockwall County public services – services that save taxpayer dollars on other public services – are dependent on STAR Transit local funds and a combination of diminishing grant sources.

FREQUENTLY ASKED QUESTIONS

Rockwall County Funding FAQ's

- Q: How was STAR Transit's first service in Rockwall County funded?
- A: No local match was strictly required for Rural Transit Service from counties and municipalities in the mid-2000's; the non-federal portion was covered by a combination of STAR Transit, regional and state sources.

- Q: When did this change and why?
- A: Both the 2010 Census redefinition of land area in Rockwall from Rural to Urban and changes in Federal Transit formulas meant that local funds became crucial in FY13.

Rockwall County **Funding FAQ's**

- Q: Why wasn't Rockwall County asked to cover the local match at the time of the change?
- A: The Regional Transportation Council managed the match issue with a combination of financial strategies.

- Q: Why is this changing now?
- A: STAR Transit was informed in April of 2015 that these regional strategies would expire in 2016.

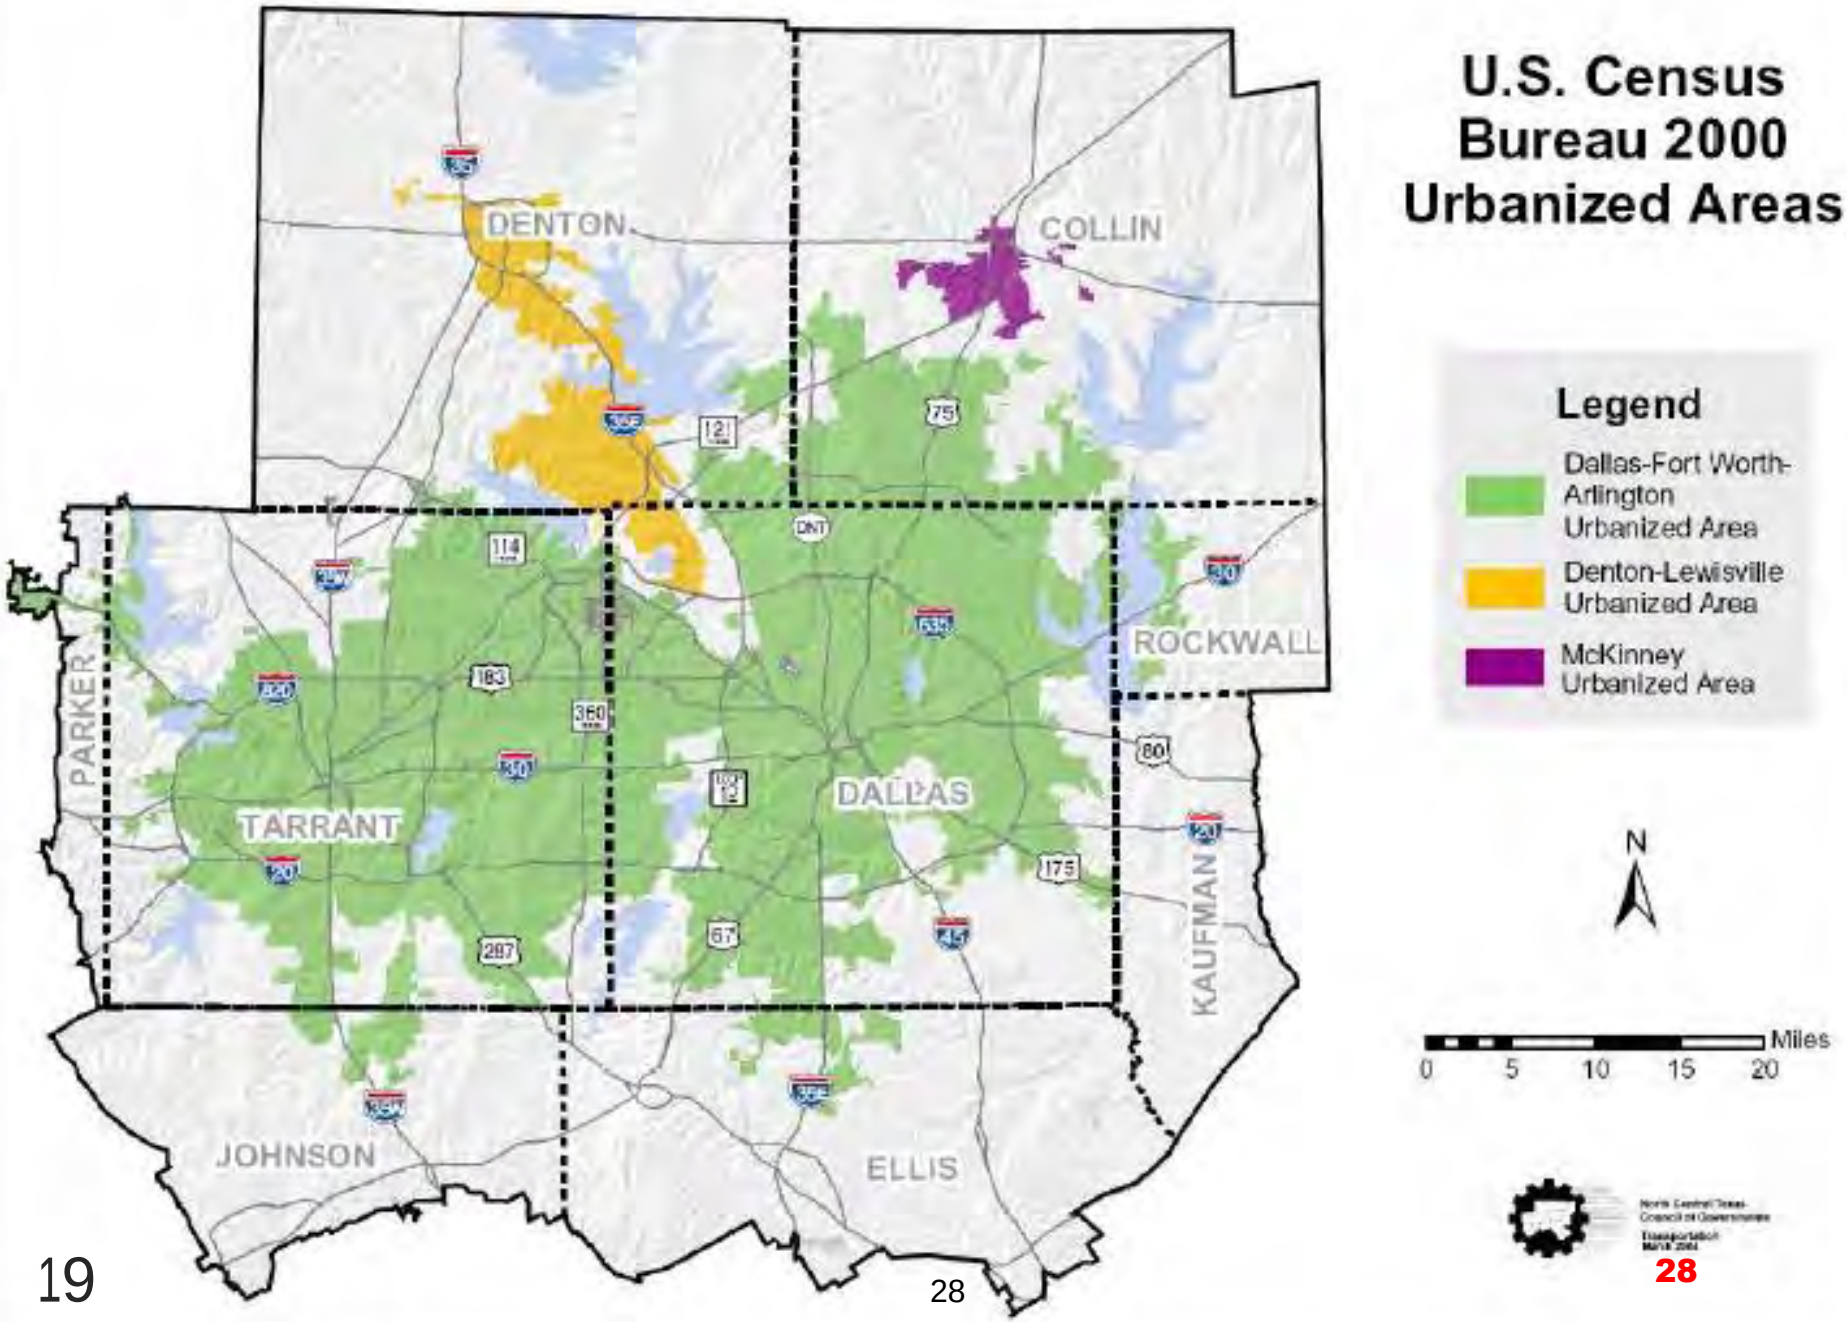
Rockwall County Funding FAQ's

- Q: What does the future hold?
- A: All STAR Transit area Counties and Municipalities will be asked to partner to cover this local match issue in an equitable manner; be aware the match issue varies by entity due to federal rules that segment the STAR Transit service area.

- Q: Will other counties and cities be asked to cover the gap between their local funding and their state/federal allocation?
- A: Yes. This discussion with Rockwall County is one of many for STAR Transit. Rockwall County local match stays in Rockwall County.

Rockwall County Funding FAQ's

- Q: Is this change caused by STAR Transit's expansion into Mesquite?
- A: No, the Mesquite expansion is 100% fully funded by Mesquite. Use of STAR Transit's Federal/State allocations in Mesquite is illegal; nor does STAR Transit "flex" any local source funds to Mesquite.



- Q: Is STAR Transit leaving Rockwall?
- A: No, that's a rumor caused by the fact that an Adult Day Care/Rehab facility recently ended their bus service. STAR Transit continues to serve that facility and STAR Transit is here to stay.

Service such as MTED and COMPASS

STAR TRANSIT

WHAT'S NEXT?

Rockwall County Service Options

Current: 7 buses; 56 hours per day
Approaching 30,000 trips per year

FY16: 8 buses; 64 hours per day
Aim for 34,000 trips per year

Future: Modify some Demand Response to Fixed Route
Add a job access express service

Demand Response and Fixed Routes

- Demand Response provides a high service with scheduled rides and curb to curb service; in some settings Demand Response offers the lowest cost per rider.

- Fixed Routes require the rider to come to the bus but offer a regular routine for access; in some settings Fixed Routes can offer the lowest cost per rider.

- Federal funding programs now encourage Fixed Routes when feasible and often provide a better operating match; even for systems that simply mix Fixed Routes and Demand Response service.

Demand Response and Fixed Routes

- Current Demand Response data provides a guide to effective route planning.
- Fixed routes need time to mature and attract riders.
- Fixed routes can be designed and marketed as historic trolley car services to fit local tastes and set a brand name identity.
- Transitioning one or two buses to a fixed route or routes may be an improvement in service and an improvement in funding for Rockwall County.

STAR Transit Partnership Program

Introduction:

- DART and Fort Worth “The T” provide services primarily only after membership is established through a local sales tax election.
- STAR Transit has no current area-wide membership/partnership program whereby the provision of transit services to a geography is based on the requirement to first join the agency.
- STAR Transit provides services to some communities as a Texas Rural Transit District, service subsidized by 5311 funds.
- STAR Transit provides services to some communities based on Interlocal Cooperative Agreements, fees based on cost of service.
- This makes STAR Transit cash flow subject to Regional, State and Federal delays and requirements.

STAR Transit Partnership Program

Partnership and Cost of Service:

- Currently STAR Transit is flexing funds to support service areas with diminishing formula/grant funds.
- STAR Transit currently anticipates FY16 cost of service will average $50.76 per hour.
- This equates to roughly $68 per year for each transit favorable resident.
- STAR Transit anticipates that by April 2016; a 50% operating local match will be needed from a source or sources within Rockwall County.
- STAR Transit expects capital costs associated with Rockwall County will be covered in FY16.
- As service expectations grow, the need for a local match will increase.

STAR Transit Partnership Approach

- Equity process can be applied to sharing transit costs in Rockwall County.
- Transit Favorable Residents are distributed throughout Rockwall County unincorporated areas, non-DART municipalities and the DART service area.
- Full cost of operating an 8 bus service in FY16 in Rockwall County will be $812,160 (without operating grants and prior to capital expenses); shares for each partner can be calculated.
- Planning for change begins now; the transition will begin in FY16.
- STAR Transit will need full implementation in FY17.

STAR TRANSIT

WHY PROVIDE TRANSIT?

Why transit in the City of Rockwall?

Transit in a community like Rockwall is not mass transit for the general population. It is niche transportation serving special populations, purposes and needs.

Sample niche transit needs:

- Job Access and Individuals Transitioning to Work
- Child Disabled Dependents of Commuters
- Adult Disabled Dependents of Commuters
- Kids of Working Parents
- Individuals with Temporary Medical Issues
- Individuals with Long-Term Medical Issues
- Elderly Past the Driving Years

Who uses transit in the City of Rockwall?

The "Go-Getter":

- Over 65; fiercely independent
- Active in the community/family/ church/business
- Suffers a medical episode that leaves him/her capable of participating in all the same functions but robs him/her of the ability to drive
- Wants to utilize transit to re-establish independence and participation after the medical episode
- Uses the system frequently

Who uses transit in the City of Rockwall?

The "Determined ":

- Over 18 years of age; dependent on parent(s) due to physical and/or mental health issues
- Has the ability to have a day to day independent routine
- Requires frequent trips to medical and/or mental health providers
- Needs the sense of independence and responsibility that comes from getting out, contributing and/or receiving needed care
- Not qualified to drive
- The primary care giver needs the support of a transit system so they can continue to maintain employment

Who uses transit in the City of Rockwall?

The "Sandwich Generation":

- Midcareer professional
- A single individual with family requirements to drive both the younger generation and the older generation
- Kids at home
- Parents living in home or independently
- Needs the freedom to assign some care giving trips to a transit partner

ESTIMATED ANNUAL COST

Estimated Annual Cost

Expenditure Description	Local Portion	Required Grant Funding	Total
FY16 Operations (8 Bus Option)	$406,080	$406,080	$812,160
Capital Requirements	Assume Grant Funding	T.B.D.	T.B.D.

Cost Share Considerations:

- STAR Transit will cover the 1st six months (Sept '15–April '16) of the local portion in FY16 only - $203,040
- STAR Transit needs partners from Rockwall County to provide the 2nd six months (May '16–Aug '17) of FY16 - $203,040
- City of Rockwall share of current trip originations - 84.96%
- If Rockwall County partners allocate shares by trip origin, the city of Rockwall's share in FY16 would be $172,502.78.
- STAR Transit needs partners from Rockwall County to provide 12 months of local match in FY17 and beyond.

Next steps for Rockwall County Partners

- Consider policies and procedures for STAR Transit in Rockwall County.
- Consider funding allocations/funding partnerships for STAR Transit in Rockwall County.
- Find a solution that continues high quality, niche public transit for the City of Rockwall and Rockwall County residents who rely on STAR Transit for their transportation needs.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Rick Crowley, City Manager**

FROM: **Timothy M. Tumulty, Director of Public Works/City Engineer**

DATE: **August 12, 2015**

SUBJECT: **Drainage Report – June 21, 2015 Flooding Report Update**

On Sunday, June 21, 2015, the City of Rockwall received heavy amounts of rainfall with the heaviest amounts occurring north of IH 30. The rain storm sat over the northern portion of the City for almost two hours and created several road closures and flooding of residential structures. Staff has visited each flood complaint site. We visited various property owners to obtain information related to each situation. Staff has put the information on a City Base Map and continues to determine causes for the flooding and potential solutions.

Staff wishes to provide City Council an update during the August 17th Council Work Session to show the flooding issues and obtain direction to work towards a resolution.

If you have any questions, please advise.

MINUTES
ROCKWALL CITY COUNCIL
Monday, August 03, 2015
4:00 p.m. Regular City Council Meeting
City Hall - 385 S. Goliad, Rockwall, Texas 75087

I. CALL PUBLIC MEETING TO ORDER

Mayor Pruitt called the meeting to order at 4:00 p.m. Present were Mayor Jim Pruitt, Mayor Pro Tem Dennis Lewis and City Council Members David White, John Hohenshelt, Scott Milder and Kevin Fowler. Also present were City Manager Rick Crowley and Assistant City Managers Mary Smith and Brad Griggs, as well as City Attorney Frank Garza. Council Member Mike Townsend was absent from the meeting.

II. WORK SESSION

1. Hold a work session to hear a presentation by Doug Duffie LLC representing First Texas Homes to request consideration of a 380 Agreement for Use Taxes, and take any action necessary.

Doug Duffie
1816 Grosvenor Green
Colleyville, TX 76034

Mr. Duffie came forth and shared details pertaining to a proposed 380 agreement regarding use taxes. Briefly, he explained that First Texas Homes and their construction subs currently pay sales tax on home building materials at the point of sale rather than at point of use. For example, if First Texas Homes purchases Acme Brick the sales tax is paid either to Dallas or to Denton where their sales offices are located instead of in Rockwall where the home is being built. Mr. Duffie has said that he has researched their suppliers and none of them are located in Rockwall. First Texas Homes proposed to change this by altering their accounting systems and paying Use Tax rather than sales tax. For the effort and expense to alter their systems and processes, they are asking for 40% of the Use tax paid to the City. Several area cities have entered into this kind of agreement, Rowlett several years ago with DR Horton, and Frisco has agreements with several builders. Frisco is considering an agreement with First Texas Homes at this time.

Mayor Pro Tem Lewis asked Mrs. Smith, Finance Director / Assistant City Manager, what disadvantages may exist concerning such arrangement. Mrs. Smith indicated that so far she has not been able to identify any. Mr. Crowley, City Manager, shared that the city attorney has advised that entering into this 380 agreement with First Texas Homes does not set a precedence that would mean the council has to enter into a similar agreement with any and all future builders who may request such. Instead, the council may pick and choose with which builders it would like to enter such agreements.

Regarding the terms of the agreement, Mr. Duffie indicated that his company tries to utilize the same terms regardless of the city with which they're entering into such agreement.

Council generally indicated that it would like staff to check into this further to ensure all is okay with such agreement and then bring an Action Item back to the council for consideration at the next city council meeting.

2. Hold work session to discuss and consider the city budget, and take any action necessary.

City Manager Rick Crowley and Assistant City Manager Mary Smith provided background information related to this agenda item. He indicated that he would like direction from Council regarding if they would like to see him present a budget that is based on future adoption of the current effective rate or the current tax rate. Mayor Pro Tem Lewis indicated that he would like to see a budget presented by staff at the upcoming budgets retreat that reflects the current "effective tax rate." Councilmember Hohenshelt indicated that he is unsure what direction to provide to staff regarding which rate he would like to see associated with the budget proposal that is brought forth. He indicated he is inclined to suggest we should spend less, so he is not prepared to provide a firm answer on the matter at this time. Mayor Pruitt indicated that he is fine with staff presenting a budget that reflects the "effective tax rate." Councilmember Milder expressed concern about continually adopting the 'effective tax rate' in lieu of raising the proposal to reflect the current 'tax rate' solely because funds generated year by year have increased. Generally, he feels that this could eventually prove to be a dangerous practice. Milder expressed he would like to see both budget proposal options presented – a budget reflecting the "effective tax rate" and one reflecting the "current tax rate." Mr. Crowley acknowledged having received sufficient direction from the Council at this time. No action was taken following discussion of this item.

At 4:38 p.m. Mayor Pruitt read the below listed items into the public record before recessing the meeting into Executive Session.

III. EXECUTIVE SESSION.

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding Economic Development prospects pursuant to Section 551.087 (Economic Development)

2. Discussion regarding purchase or lease of real property / land acquisition in the vicinity of the downtown area for municipal purposes pursuant to Section § 551.072 (Real Property).

3. Discussion regarding possible settlement of City of Rockwall v. Temunovic Partnership, LTD., Case No. 1-14-878; 382nd District Court of Rockwall, Texas pursuant to Section 551.071 (Consultation with Attorney).

4. Discussion regarding (re)appointments to city regulatory boards, commissions, and committees including the Building and Standards Commission, Planning & Zoning Commission, and Board of Adjustments pursuant to Section 551.074 (personnel matters)

IV. ADJOURN EXECUTIVE SESSION

Executive Session was adjourned at 5:35 p.m.

V. RECONVENE PUBLIC MEETING (6:00 P.M.)

Mayor Pruitt reconvened the public meeting at 6:00 p.m. with all city council members except Councilmember Townsend present.

VI. TAKE ANY ACTION AS A RESULT OF EXECUTIVE SESSION

Mayor Pro Tem Lewis made a motion to settle the City of Rockwall v. Temunovic Partnership Condemnation litigation case (Case No. 1-14-878; 382nd District Court of Rockwall), for $120,000.00 and to authorize execution of all documents necessary to settle the case and transfer ownership of the Justin Road right-of-way to the city. Councilmember White seconded the motion, which passed by a vote of 6 ayes with 1 absent (Townsend).

VII. INVOCATION AND PLEDGE OF ALLEGIANCE – MAYOR PRO TEM LEWIS

Mayor Pro Tem Lewis delivered the invocation and led the Pledge of Allegiance.

VIII. OPEN FORUM

Mayor Pruitt explained how Open Forum is conducted and asked if anyone in the audience would like to come forth and speak at this time.

Martin Ramirez
Rockwall County EMS
809 South Goliad
Rockwall, TX 75087

Mr. Ramirez came forth and provided comments related to the issue of 'ambulance exclusivity.' He stated he is a Rockwall native and most of his family and friends live here. He generally indicated a willingness and proactive effort to work with Presbyterian Hospital of Rockwall to work out any differences that exist between Rockwall County EMS and the hospital. He indicated that his company has offered to park an ambulance at the hospital, but the offer has not been accepted. He again offered that his company is willing to do so. He spoke to allegations that have been previously made regarding "bypassing" Presby Rockwall (patient diversion), offering various reasons why an ambulance crew may elect to do so. He went on to state that in 2014, 2,020 patients were transported to Presby, while 1,461 were taken to Lakepointe Hospital. He further indicated a willingness to sit down with Presbyterian Hospital of Rockwall to try and address their concerns.

Cindy Paris
762 Black Oak Lane
Rockwall, TX 75032

Mrs. Paris came forth and indicated that she is the President and CEO of Presbyterian Hospital of Rockwall. She spoke regarding the 'exclusivity of ambulance service' in the city. She explained that she is an RN and she arrived to work at the hospital here in Rockwall before it was officially opened. She indicated a desire to have safe medical care in the community, and she has ongoing concerns regarding Rockwall County EMS' ability to meet the demands associated with rapid growth. She shared that the hospital

has met with Rockwall County EMS many times in the past, but the hospital has seen no improvement regarding concerns that have been expressed. Also, the hospital has never denied Rockwall County EMS' offer to park an ambulance on their hospital campus. She explained that this issue was placed on a 'future follow up' action plan but that it has not yet been followed up on. She explained that everyone at the hospital would agree that Rockwall County EMS provides quality care to members of the community, and she indicated that the hospital will continue to call Rockwall County EMS first simply because they are the closest and they are known to provide good care to their patients. The hospital's main concerns center around patient transports to higher level care facilities in both urgent and emergent situations. She generally urged the council to make a very informed decision before acting upon the exclusivity ordinance at hand.

IX. CONSENT AGENDA

1. Consider approval of the minutes from the July 20, 2015 regular city council meeting, and take any action necessary.

2. **Z2015-020** - Consider approval of an **ordinance** for a request by Wayne Mershawn of Mershawn architects on behalf of Rex Walker of Life Springs Church for a Specific Use Permit (SUP) for a church in an Agricultural (AG) District for a seven (7) acre portion of a larger 28.881-acre tract of land identified as Tract 15-01 of the J. Strickland Survey, Abstract No. 187, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the SH-205 By-Pass Corridor Overlay (SH 205 BY-OV) District, located on the north side of John King Boulevard east of the intersection of John King Boulevard and SH-205, and take any action necessary. **(2nd Reading)**

3. **Z2015-021** - Consider approval of an **ordinance** for a request by Sam Ellis on behalf of the owner, the George Dewoody Estate, for a Specific Use Permit (SUP) for a daycare facility in an Agricultural (AG) District for a two (2) acre parcel of land identified as Lot 1 of the Dewoody Addition, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the North SH-205 Corridor Overlay (N SH-205 OV) District, addressed as 3011 N. Goliad Street [SH-205], and take any action necessary. **(2nd Reading)**

4. **Z2015-022** - Consider approval of an **ordinance** for modifications to Article IV, Permissible Uses, and Article V, District Development Standards, of the Unified Development Code for the purposes of creating a standard for cultured stone, and adding standards for a Portable Beverage or Food Facility, and take any action necessary. **(2nd Reading)**

5. **P2015-029** - Consider approval of a request by Maria Bonilla of Winkelmann & Associates on behalf of Mark Matise of Makko Goliad I, LP for the approval of a replat for Lots 1, 2 & 3, Block A, Kroger 205 Addition being a replat of 11.236-acre tract of land identified as Lots 2 & 3, Block A, Quail Run Retail Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 5 (PD-5) for General Retail (GR) District land uses, situated within the North SH-205 Overlay (N. SH-205 OV) District, located at the southeast corner of E. Quail Run Road and SH-205, and take any action necessary.

6. **P2015-031** - Consider approval of a request by Mike Whittle on behalf of Rockwall Rental Properties, LP for the approval of a replat for Lot 13, Block 2, Alliance Addition, Phase 2 being a 0.571-acre parcel of land identified as Lot 4, Block 2, Alliance Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 57 (PD-57) for Commercial (C) District land uses, addressed as 6540 Alliance Drive, and take any action necessary.

7. **P2015-032** - Consider approval of a request by Cameron Slown of FC Cuny Corporation on behalf of Lowdent LLC, Hall and Lee Land Company LLC, and Temunovic Partnership LTD for the approval of a replat for Lots 4, 5 & 6, Block A, Temonovic Addition being a 2.582-acre tract of land currently identified as Lots 1, 2 & 3, Block A, Temunovic Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 9 (PD-9) for General Retail (GR) District land uses, situated within the Scenic Overlay (SOV) District, addressed as 1320 & 1350 Summer Lee Drive, and take any action necessary.

8. **P2015-033** - Consider approval of a request by Cameron Slown of FC Cuny Corporation on behalf of Tom Kirkland of Lakefront Trail Rockwall Hotel, LP for the approval of a replat for Lot 1, Block A, Marriott Addition being a 2.968-acre tract of land identified as a portion of Lot 3A, Block A, Shoreline Plaza Addition and all of Lot 1-1, Block A, Henry Africa Subdivision, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the IH-30 Overlay (IH-30 OV) District, located at the southeast corner of the intersection of the IH-30 Frontage Road and Lakefront Trail, and take any action necessary.

9. Consider authorizing the City Manager to execute a purchase order with Freedom CDJR for the purchase of a 2015 Dodge Charger for Police Traffic Division in the amount not to exceed $36,000 to be funded by General Fund Reverses, and take any action necessary.

Councilmember Milder pulled item #9 for further discussion.

Mayor Pro Tem Lewis made a motion to approve the remaining consent agenda items (#1, 2, 3, 4, 5, 6. 7 and 8). Councilmember White seconded the motion. The ordinances were read as follows:

CITY OF ROCKWALL, TEXAS
ORDINANCE NO. 15-21
SUP NO. 139

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT TO ALLOW FOR A "CHURCH" WITHIN AN AGRICULTURAL (AG) DISTRICT, BEING A 7.00-ACRE PORTION OF A LARGER 28.881-ACRE TRACT OF LAND IDENTIFIED AS TRACT 15-01 OF THE J. STRICKLAND SURVEY, ABSTRACT NO. 187, AND GENERALLY LOCATED ON THE NORTH SIDE OF JOHN KING BOULEVARD EAST OF THE INTERSECTION OF JOHN KING BOULEVARD AND SH-205, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS, AND MORE SPECIFICALLY DESCRIBED IN EXHIBIT "A" ATTACHED HERETO; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR

A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

CITY OF ROCKWALL, TEXAS
ORDINANCE NO. 15-22
SUP NO. 140

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT TO ALLOW FOR A "DAYCARE FACILITY" WITHIN AN AGRICULTURAL (AG) DISTRICT, BEING A 2.00-ACRE PARCEL OF LAND IDENTIFIED AS LOT 1 OF THE DEWOODY ADDITION, AND LOCATED AT 3011 NORTH GOLIAD STREET, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS, AND MORE SPECIFICALLY DESCRIBED IN EXHIBIT "A" ATTACHED HERETO; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

CITY OF ROCKWALL, TEXAS
ORDINANCE NO. 15-23

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [ORDINANCE NO. 04-38] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, BY AMENDING SECTIONS 1.1 & 2.1.6 OF ARTICLE IV, PERMISSIBLE USES, AND SECTION 6 OF ARTICLE V, DISTRICT DEVELOPMENT STANDARDS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion passed by a vote of 6 in favor with 1 absent (Townsend).

Regarding Consent Agenda item #9, Councilmember Milder expressed concern regarding purchase of a police vehicle now in lieu of waiting to address this need during the upcoming budget discussions for next fiscal year. Mr. Crowley explained that this particular item is related to replacement of a vehicle that the department had that has become unusable. However, if the council would prefer to hold off on this item until during the budget process, Mr. Crowley indicated that doing so is certainly understandable and doable. Mr. Crowley indicated that last year, the Police Department neither requested nor received any funding for new vehicles.

After brief comments from Chief Riggs, Mayor Pruitt made a motion to authorize the City Manager to execute a purchase order with Freedom CDJR for the purchase of a 2015 Dodge Charger for Police Traffic Division in the amount not to exceed $36,000 to be funded by General Fund Reverses. Councilmember White seconded the motion, which passed by a vote of 5 in favor, 1 against (Milder), and 1 absent (Townsend).

X. APPOINTMENTS

1. Appointment with the Planning and Zoning Chairman to discuss and answer any questions regarding cases on the agenda and related issues and take any action necessary.

Mr. Renfro briefed the council on recommendations of the Commission relative to Public Hearing Item #1 (Double Eagle Properties). He generally pointed out that the P&Z Commission initially recommended that this case be voted down (they voted against it). However, the developer has since gone back and reworked the plans and is now bringing back a revised plan for the council to consider at this meeting. He pointed out that the revised plans do seem to have taken into account the P&Z's comments, and the applicant has made what appear to be 'significant changes' to the plan. After brief, additional comments, the Council took no action related to this agenda item.

2. Appointment with Jim Lambeth of Linebarger, Goggan, Blair & Sampson LLP to present information regarding a bid received for delinquent property taxes at 464 Evans at an amount less than the outstanding taxes, and take any action necessary.

Mr. Lambeth came forth and briefed the Council on this agenda item. He indicated that this property was recently involved in a judicial foreclosure procedure. A recent judgement on this property took place, and the property was struck off the tax rolls to the City of Rockwall. The Rockwall Housing Development Corporation has submitted a bid for $6,000 to try and rehabilitee the property. The total judgement was for $13,290.00, and the adjudged value of the property is $19,670.00. He explained that the County had this item on its agenda last week, and they approved it. Furthermore, it is expected that the RISD will vote on the item next week as well.

Mayor Pruitt made a motion to accept/approve the proposed $6,000.00 bid. Councilmember White seconded the motion, which passed unanimously of those present (6 ayes with Townsend absent).

3. Appointment to hear presentation from Mark Spencer of MHS Planning and Design regarding The Park at Stone Creek development plan, and take any action necessary.

Mr. Spencer came forth and showed conceptual plans to the City Council concerning proposed design associated with the Park at Stone Creek. Assistant City Manager Brad Griggs indicated that if the council agrees to approve this item, then staff and Mr. Spencer and staff would move forward with construction plans and associated bid documents. Mayor Pro Tem Lewis made a motion to approve the design plan, as presented, for the Park at Stone Creek. Councilmember White seconded the motion. After brief comments, the motion passed by a vote of 6 in favor with 1 absent (Townsend).

XI. PUBLIC HEARING ITEMS

1. **Z2015-016** - Hold a public hearing to discuss and consider approval of an **ordinance** for a request by Stacey McVey of Double Eagle Properties on behalf of the owner 308 ON 276 LP for a zoning change from an Light Industrial (LI) District to a Planned Development District for Single Family 10 (SF-10) and General Retail (GR) District land uses, on a 316.315-acre

tract of land identified as Tract 1 of the M. E. Hawkins Survey, Abstract No. 100, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, located at the northeast corner of the intersection of Rochelle Road and SH-276, and take any action necessary. (1st Reading)

Ryan Miller, Planning & Zoning Director, provided Council with background information related to this agenda item. The applicant is proposing 507 single family lots with 1.65 units per acre on a 316 acre tract of land near the intersection of SH-276 at Rochelle Road. Nine acres of commercial retail would be included in addition to the residential lots. Along with the commercial / retail, the applicant is asking for Hotel/motel, restaurant with drive-in/drive-thru service and a retail store with gasoline sales to be permitted by right. He explained that the council would have the ability to review those developments before they are actually submitted for site plans due to this being a proposed PD (planned development district) development. He went on to explain that the development would include an amenity center and a 55 acre park, which would include a Soil Conservation Commission pond. The 507 single family lots will consist of a mixture of 60', 70' and 80' lot sizes and an overall, average lot size of about 7,600 square feet. A mix of j-swing and front-entry products is being proposed, so the applicant is asking for a waiver to the city's rear entry / alleyway requirement, and they are requesting a setback variance associated with how far back the garage doors would be placed from the front property line (versus the front most part of the structure). He generally indicated that the applicant has pretty much addressed all of the Planning & Zoning Commission's previously expressed concerns when the plan was first brought forth, including infrastructure improvements to Rochelle Road and Discovery Boulevard. He explained that the city's future land use map currently shows this property to be slated for an 'employment office.' However, if the council approves the applicant's request this evening, the future land use map would need to be updated to designate it for low density residential / commercial. Nineteen notices were sent out to adjacent property owners and residents located within 500' of the subject property. One notice was received back in favor of the request. In addition, two Rockwall citizens (outside of the notification area) also wrote e-mails expressing support of this item. The P&Z Commission did previously make a recommendation to deny the case by a vote of 5 to 2; however, that was before numerous changes were made to the proposed plan. In addition, approval of this item will require a ¾ majority vote of the Council for approval this evening (five out of the six council members currently present this evening).

Joel Steed, who indicated he represents the applicant, came forward and addressed the council at this time. He explained that he and his wife have owned property in Rockwall for about twenty-three years. They also live here and moved his law firm from Dallas to Rockwall some years ago. After thanking members of Council, the P&Z Commission, and staff, Mr. Steed went on to briefly explain the plans that the applicant is now proposing associated with this requested zoning change.

Craig Carney
Carney Engineering
4588 Hinton Drive
Plano, TX

Mr. Carney came forth and briefed the Council on various, proposed aspects of the project, should the zoning change be approved by the Council this evening. He explained that the details of the plan presented this evening really do reflect changes

that were made as a result of taking into account concerns expressed by the Planning & Zoning Commission. He shared details concerning things such as the park/open space, streets, lot sizes, and commercial aspect of the proposed project.

Mr. Steed again came forth and shared a lot of details related to the history of this piece of land as well as the proposed zoning change. He expressed that he understands that if the council changes the zoning on this property, it means that the overall amount of Light Industrial zoned land will be decreased. However, he believes that the land that is 'lost,' so-to-speak, can be easily replaced. He shared that the land has been zoned "LI" for about ten years, and it was zoned "AG" prior to that time period. He does not believe this piece of property is conducive to "light industrial" because of the flood plain.

Mr. Byron Prescott
1935 Creekside Drive
Rockwall, TX

Mr. Prescott indicated that he is from a law firm out of Dallas (Sheef and Stone), and he represents the applicant. He explained that about three potential buyers have expressed interest in purchasing this property over the years, but none of those potential buyers have been interested in developing it for light industrial. So, the owner hired David English (realtor) to try and market the property for its highest and best use.

David English
Ridgepointe Commercial Realty
2255 Ridge Road, #208
Rockwall, TX

Mr. English provided comments pertaining to the real estate aspects of the property. He indicated that some time ago, the REDC was approached about possibly purchasing this land; however, they indicated a disinterest in purchasing it due to the flood plain that is present on the property. He also asked some other potential buyers about their interest in the property; however, those individuals were not interested either. He believes this project may be the 'highest and best use' for the property given the past history and circumstances surrounding this property (including the flood plain) and the length of time it's been sitting vacant.

Mr. Joel Steed
1010 Ralph Hall Parkway
Rockwall, TX

Mr. Steed again came forth and offered extensive comments and information regarding various aspects of the applicant's request.

Mayor Pro Tem Lewis offered brief comments related to 'big truck' traffic on Discovery for trucks delivering into/out of the Tech Park. He expressed concerns about how the developer may be able to ensure that initial and future home buyers know, with certainty, that there will very likely be a warehouse located adjacent to their homes/neighborhood and associated truck traffic. Mr. Steed indicated that information would be included in the new homeowner packets as well as written into the DCRs (deeds covenants and restrictions).

Mayor Pruitt asked if the 9 acres of proposed "commercial" area is included in the density calculations of the residential lots. The applicant indicated that the residential density calculation did not include the 9 acres of commercial.

Councilmember Hohenshelt asked what sort of future notifications might take place someday in the future if and when someone wants to construct a warehouse adjacent to this residential area. Mr. Miller indicated that there would be no notifications as long as there was no change in zoning taking place. The developer, in that case, would just need to meet requirements associated with residential adjacency (i.e. buffers, landscape screening).

Councilmember Milder asked for clarification regarding which fire station would service this neighborhood. Chief Poindexter indicated that Fire Station #4 and #1 would serve this area until the station that would ultimately serve this area could be built. He explained that the REDC previously dedicated some land to the city on Springer Road near Rochelle Road for use as a future fire station.

Mayor Pruitt opened the public hearing and asked if anyone would like to come forward and speak at this time.

Matthew Nielsen
676 St. Johns Place
Rockwall, TX 75087

Mr. Nielsen came forth indicating that he is speaking on behalf of the REDC, as he is currently a member of the REDC board. He indicated that he used to serve on the Planning & Zoning Commission in years past. He offered comments in favor of keeping this property zoned light industrial, as it makes the most sense since it is already located contiguous to the existing "LI" land located in the Tech Park. He expressed skepticism that someone would be willing to spend $700,000+ on a home that is located so near warehouses and industrial type facilities. He acknowledged that the existing flood plain does present a bit of a hurdle for warehouse type facilities; however, he believes that "Class A office space" could likely be placed nicely on this property. He believes that if the Council changes the zoning, it will cut off the ability for that area to continue to be developed as an economic development corridor. He explained that he believes the developer has likely put a lot of thought into this proposal. He has no animosity towards the applicant and believes this development may work out well somewhere else in the city; however, from a zoning standpoint, he explained that the REDC is strongly opposed to this zoning change request on this particular piece of property. Councilmember White asked if Mr. Nielsen's comments are representative of the 'official position' of the REDC. Mr. Nielsen indicated that, yes, his comments do represent the sentiments of the full REDC board. Councilmember Hohenshelt asked for clarification regarding any vote that took place on the part of the full REDC board. Mrs. Franza, REDC President/CEO, came forth and generally indicated that a vote was taken at a May 14, 2015 REDC board meeting in which the board expressed opposition to the proposed zoning change. She explained that this action was taken following a May 6 Planning Committee meeting. Mr. Nielsen expressed large concern, again, regarding future residents being admittedly opposed to "light industrial" (i.e. warehouses) being constructed right next door to their homes.

Councilmember Milder expressed concern about him not having had knowledge that the REDC was officially opposed to the zoning change, while all along the developer was going back and making a lot of changes to the plan and investing a lot of time and effort in doing so after a June work session was held between the developer and the City Council.

After various comments, Mrs. Franza indicated that a "corporate campus" might be a good use of this property as a transitional use prior to the introduction of nearby residentially zoned land. Councilmember White asked for clarification regarding if the REDC does or does not wish to purchase this land. Mr. Nielsen clarified that the REDC does not wish to personally purchase this land; however, he does not believe that whether or not the REDC wishes to purchase this particular "LI" land should determine the appropriate zoning.

Mayor Pruitt called for a break at 7:42 p.m., indicating that the public hearing will continue after the meeting reconvenes.

Mayor Pruitt called the meeting back to order at 7:55 p.m.

Stacy McVey
7218 Lakewood
Dallas, TX 75214

Mr. McVey, applicant, came forth and provided comments, generally indicating that in the research they have done, the property owner did not ever have a desire for the property to be zoned "LI." The three past purchase inquiries were all from potential buyers expressing 'residentially zoned' desired uses for this property.

Craig Renfro of the Planning & Zoning Commission came forth and asked how many buyers have approached the property owners to date. The developer indicated that no buyers have approached the owners expressing a desire to buy it for the purpose of developing it as "light industrial." Mr. Renfro went on to comment that the economy has seen a notable slump and downturn over the last ten years; however, it seems as though the economy is now on an 'up tick.' He suggested that if the council approves this zoning change request, it could possibly inhibit the Tech Park from ultimately becoming what it could possibly be in future years. He also questioned why the developer could not take his residential/commercial development somewhere else in the city.

Mr. English, the realtor associated with the project, indicated that no commercial campuses have been brought forth from any potential buyers associated with this property. He indicated that they did try to market the land as 'light industrial;' however, there was never any interest at all from buyers it when it was marketed as "LI."

Mr. John White
1929 S. Lakeshore Drive
Rockwall, TX

Mr. White indicated that he does not believe how long a property has sat on the market should be a driving factor as to what its zoning should be. He expressed general support of the REDC, indicating that the REDC is a viable representation of the citizens of

Rockwall, as the citizens voted on establishing the REDC years ago. He stated that he is opposed to rezoning the land and he agrees with the REDC's sentiments.

Mr. Joel Steed
3065 N. Goliad Street
1010 W. Ralph Hall Parkway
Rockwall, TX

Mr. Steed came forth again and pointed out that there are existing residential homes east and south of this property. He stated that the homes that are proposed to be built will be nice homes. He generally encouraged the city to be good stewards of tax payer dollars, and he pointed out that this particular property has not made any money for the city as it has been sitting vacant for thirteen years. He shared that the owner would really like to sell this piece of property, and he has been trying to do so for a number of years as it has sat in trust.

Councilmember Hohenshelt made a motion to table Z2015-016 until the city council has an opportunity to complete its strategic plan. Councilmember Milder seconded the motion. Council commented that the estimated timeframe for completing this plan is approximately six weeks. Councilmember White offered comments, expressing full support for this zoning change.

Councilmember Milder expressed support for delaying action on this item until the council has time to consider it further.

The motion failed by a vote of three in favor with three against (Pruitt, Fowler, Lewis).

Councilmember White made a motion to approve Z2015-016. Mayor Pruitt seconded the motion. Councilmember Milder expressed that he believes allowing six weeks for the council to finish its strategic plan and be better prepared to make an informed decision is not too much to ask. After the comments, the motion to approve the zoning change passed by a vote of 5 in favor with 1 against (Milder) and one absent (Townsend). The ordinance was read into the record as follows:

CITY OF ROCKWALL
ORDINANCE NO. 15-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [ORDINANCE NO. 04-38] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO CHANGE THE ZONING FROM AN AGRICULTURAL (AG) DISTRICT TO A PLANNED DEVELOPMENT DISTRICT FOR SINGLE FAMILY 10 (SF-10) AND GENERAL RETAIL (GR) DISTRICT LAND USES ON THE SUBJECT PROPERTY, BEING A 316.315-ACRE TRACT OF LAND IDENTIFIED AS TRACT 1 OF THE M. E. HAWKINS SURVEY, ABSTRACT NO. 100, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED HEREIN BY EXHIBIT 'A' & EXHIBIT 'B'; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

XII. ACTION ITEMS

1. Discuss and consider Construction Manager at Risk process for The Park at Stone Creek development, and take any action necessary.

Assistant City Manager Brad Griggs provided background information related to this agenda item. Councilmember Milder made a motion to approve the Construction Manager at Risk process as recommended by staff. Councilmember White seconded the motion, which passed by a vote of 6 ayes with 1 absent (Townsend).

2. **A2015-002** - Discuss and consider initiating a development agreement with Joey Howell, in accordance with Chapter 212 of the Texas Local Government Code, for a property identified as Tract 18 & 18-01 of the S. McFadgin Survey, Abstract No. 142, Rockwall County, Texas, being a ~98-acre tract of land situated within the City of Rockwall's Extraterritorial Jurisdiction (ETJ), located south of SH-276 on the east side of FM-548, and take any action necessary.

Mayor Pruitt expressed that Councilmember Hohenshelt has recused himself from this item and has filed an affidavit with the City Secretary accordingly.

Planning Director Ryan Miller provided background information related to this agenda item. He explained that the city attorney and the applicant, Joey Howell, have worked on revising the agreement that was included in the council members' meeting packet. An updated version, which reflects some revised setbacks, has been provided to the city council in paper form this evening. Discussion took place between Mr. Crowley, Mr. Miller and Mr. Howell regarding future inspections of septic tanks, as this development would, in the immediate future, be located out in the county (within the city's ETJ). Mayor Pruitt asked what the development standard will be for this property. Mr. Howell indicated that these homes will meet the city's most recently adopted developments standards, which were put in place about six months ago.

Councilmember White made a motion to approve the 212 development agreement associated with A2015-002. Councilmember Milder seconded the motion, which passed by a vote of 5 in favor, 1 abstention (Hohenshelt), and 1 absent (Townsend).

3. Discuss and consider the provisions of Chapter 12. Businesses & Sales, Article XII. Ambulance Service of the Code of Ordinances, and take any action necessary.

City Manager Rick Crowley provided brief background information related to this agenda item. Mayor Pro Tem Lewis followed Mr. Crowley's comments with some additional information, specifically concerning the ES Corporation's position concerning Rockwall revoking or keeping its "exclusivity" ordinance in place. He indicated that the ESC essentially declined to take an official position, indicating the ordinance falls under the city's purview.

Mr. Crowley explained that accurately predicting the financial impact associated with repealing this ordinance as far as how it might financially affect Medic Rescue is difficult to determine. However, Medic Rescue has provided some financial information in a memo provided to the city council in their packets.

Councilmember White expressed that, at this time, he is not in support of repealing the ordinance. He is generally "fifty / fifty" as far as a decision regarding leaving it in place

or repealing it. He would like to see a true, documented effort between the hospital and Rockwall County EMS, to resolve their differences. He would like to see a work plan on what the issues are, how they might be resolved and how they ultimately got resolved thereafter. He would like for this documented effort to take place very quickly on the part of both parties. Then, if the issues are not able to be worked out, he would not be opposed to possible revocation of the ordinance.

Mayor Pruitt expressed concern about turning Presby representatives into 'criminals' when they want to call a provider to help them perform their duties most efficiently. Mayor Pro Tem Lewis generally indicated that he believes these sorts of "fix the problems" efforts have been ongoing for a number of years, and the issues have been unable to be resolved.

Councilmember White shared an excerpt from the 1993 city council meeting minutes back when this ordinance provision was first adopted and put into place.

Councilmember Fowler asked for more information regarding Mr. Steve Athey of Healthcare Visions, who is evidently an EMS consultant to the Emergency Services Corporation (ESC) board. Mayor Pro Tem Lewis briefly indicated that he is an advisory consultant to the board, and he has indicated an opinion that 'exclusivity' ordinances are a good idea.

At the request of Mayor Pro Tem Lewis, Mr. Garza clarified that most cities he provides legal services to do have 'exclusivity' ordinances in place for emergency ambulance services. However, most do NOT have 'exclusivity' ordinances in place for non-emergency ambulance service transfers.

Mayor Pruitt generally expressed that both Presby and Rockwall County EMS have been "contracting around" the city's exclusivity ordinance.

Mayor Pro Tem Lewis made a motion to repeal the exclusivity ordinance provisions (only related to non-emergency transports), to authorize the city attorney to draft an ordinance accordingly, and to delay implementation of said repeal until November 1, 2015. Mayor Pruitt seconded the motion.

Indication was given that the current ambulance service contract that is in place through the ESC expires in 2017.

The motion passed by a vote of five in favor with two against (White and Fowler) and one absent (Townsend).

4. Discuss and consider (re)appointments to city advisory boards, including the Animal Adoption Center/Shelter Advisory Committee, the Architectural Review Board, the ART Commission, the Historic Preservation Advisory Board and the Park Board, and take any action necessary.

Mayor Pruitt indicated that the council is not prepared to make any (re)appointments this evening. Staff liaisons will be contacted regarding these appointments, and council action will be taken at a future meeting.

XIII. CITY MANAGER'S REPORT TO DISCUSS CURRENT CITY ACTIVITIES, UPCOMING MEETINGS, FUTURE LEGISLATIVE ACTIVITIES, AND OTHER RELATED MATTERS.

1. Departmental Reports
Building Inspections Monthly Report - June 2015
Fire Dept. Monthly Report - June 2015
Harbor PD Monthly Report - June 2015
Internal Operations Department Monthly Report - June 2015
Meals on Wheels Senior Services Third Quarter Report
Police Department Monthly Report - June 2015
Recreation Monthly Report - June 2015
Rockwall Animal Adoption Center Monthly Report - June 2015

2. City Manager's Report

Mr. Crowley updated the Council on various items. He indicated that the grand opening of the new Yellow Jacket Park is scheduled for this Saturday. He shared that the Police Department is holding an upcoming National Night Out event tomorrow evening at Home Depot, which is in addition to the Texas Night Out, which will be held in a couple of months. Staff will be bringing this item to council for consideration at the next meeting. He then congratulated Mr. Widmer on recently achieving a "Certified Building Official" designation. Regarding planning for improvements to FM-549, the state has approached the city with a viable drainage improvement option. He indicated that a fire recently occurred in the downtown area, and our fire department responded very quickly. Also, staff is trying to track down the party(ies) who reported the fire. Once they find out who it was, staff will likely be coming before the council so that the person(s) may be formally recognized for this act.

XIV. EXECUTIVE SESSION

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding Economic Development prospects pursuant to Section 551.087 (Economic Development)

2. Discussion regarding purchase or lease of real property / land acquisition in the vicinity of the downtown area for municipal purposes pursuant to Section § 551.072 (Real Property).

3. Discussion regarding possible settlement of City of Rockwall v. Temunovic Partnership, LTD., Case No. 1-14-878; 382nd District Court of Rockwall, Texas pursuant to Section 551.071 (Consultation with Attorney).

4. Discussion regarding (re)appointments to city regulatory boards, commissions, and committees including the Building and Standards Commission, Planning & Zoning Commission, and Board of Adjustments pursuant to Section 551.074 (personnel matters)

XV. RECONVENE PUBLIC MEETING & TAKE ANY ACTION AS RESULT OF EXECUTIVE SESSION

The Council did not reconvene in Executive Session following the conclusion of the public meeting agenda.

XVI. ADJOURNMENT

Mayor Pruitt adjourned the public meeting at 8:47 p.m.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS 17th DAY OF AUGUST, 2015.

MEMORANDUM

TO: **Rick Crowley, City Manager**

FROM: **Mary Smith, Assistant City Manager**

DATE: **August 13, 2015**

SUBJECT: **RISD Interlocal Agreement for School Resource Officers (SRO)**

Rockwall Independent School District's Board of Trustees has adopted the accompanying Interlocal Agreement for SRO services for the 2014-15 school year. The district reimburses the City for about 75% of the salary and benefits for the officers assigned to the school campuses.

Chief Riggs can answer any questions the Council may have regarding the SRO duties and the school's reimbursement methodology. This year's agreement reflects an increase of $20,500 over the previous school year.

Council is asked to consider authorizing the City Manager to execute the agreement with RISD.

INTERLOCAL COOPERATION AGREEMENT FOR GOVERNMENTAL SERVICES RELATING TO A SCHOOL RESOURCE OFFICER PROGRAM BETWEEN THE CITY OF ROCKWALL AND THE ROCKWALL INDEPENDENT SCHOOL DISTRICT

THE STATE OF TEXAS §
§ **KNOW ALL MEN BY THESE PRESENTS:**
COUNTY OF ROCKWALL §

THIS AGREEMENT (the "**Agreement**"), entered into this ____ day of _____, 2015, by and between the **CITY OF ROCKWALL** (hereinafter called **"CITY"**) and the **ROCKWALL INDEPENDENT SCHOOL DISTRICT** (hereinafter called **"RISD"**).

WITNESSETH:

WHEREAS, the CITY desires to enter into an agreement relating to providing certain professional police services to RISD in accordance with the program description and details as provided herein; and

WHEREAS, this Agreement is made pursuant to the authority granted to the parties pursuant to the Interlocal Cooperation Act, V.T.C.A. Government Code, Chapter 791 (the "Act").

WHEREAS, the primary purpose of the School Resource Officer (SRO) Program is the reduction and prevention of crime committed by juveniles and young adults and to promote the safety of children. This is accomplished by assigning six (6) fully outfitted and equipped police officers to school facilities on a semi-permanent basis while school is in session. The SRO Program accomplishes this purpose by achieving the established goals and objectives. Goals and objectives are designed to develop and enhance rapport between youth, police officers and school administrators. Officers who are chosen for this program are responsible for establishing the communication links and creating a free flow of information between all parties involved.

WHEREAS, the goals of the SRO Program are as follows:

1. Reduction of criminal offenses committed by juveniles and young adults.

2. Establish rapport with the students.

3. Establish rapport with the parents, faculty, staff, administrators and other adults.

4. Create and expand programs with vision and creativity to increase student participation, which will benefit the students, the school district, the police department, and the community.

5. Present a positive role image for students and adults.

6. Provide safety for students, faculty, staff and all persons involved with the school district.

NOW, THEREFORE, the parties hereby do mutually agree as follows:

I.

Scope of Agreement; Duties and Responsibilities: CITY shall provide six (6) licensed police officers for the RISD School Resource Officer Program ("SRO") for the 2015-2016 school year. The effective date of this Agreement shall be the first day of instruction for the current school year, beginning with the first day of instruction for the 2015-2016 school year ("Effective Date"). The duties of the SROs and each party are described herein.

II.

Term of Agreement: The term of this Agreement shall be for a period beginning upon the Effective Date and ending on the last day of instruction for the current school year. This Agreement may be renewed for one (1) year periods beginning on the Effective Date, upon written consent of the parties, for five (5) years.

III.

Payment for Services: The RISD agrees to reimburse the CITY for certain costs associated with the City's placement of Police Officers on the School Grounds from the Effective Date of this Agreement. The parties have heretofore agreed that RISD shall remit payment to the CITY in the amount of Thirty Eight Thousand Five Hundred Seventy Three and 54/100s ($38,541.54) per month for the months of September 2015 through May 2016 ("Payment"). This amount reflects the SROs salary, benefits and any equipment or materials and supplies required by the SROs in the performance of their duties. These Payments shall satisfy the RISD's obligation for payment of SRO services for the entire school year to the CITY. The first monthly Payment shall be made by RISD to CITY on the15th day of the first month Payment is due.

RISD shall not be relieved of its obligation to pay the entire amount described in this Agreement in the event that CITY exercises its right to temporarily reassign the resource officer for a period not to exceed fifteen (15) business days when, in the sole judgment of CITY, their service is required in response to a CITY wide or major emergency, or in the event that the resource officer is absent due to sickness, injury,

training or court appearances. However, CITY is required to furnish replacement officers on days when regular SROs are absent for any period exceeding thirty (30) business days. Replacement Officers must meet the selection requirements of SRO Applicants as stated herein. RISD shall be relieved of its obligation to pay if an absence exceeds fifteen (15) business days.

From time to time the RISD has need of police officers to perform security services at extracurricular activities. It is understood and agreed that the District will engage Police Officers to perform such security services on a contract labor basis and this agreement does not address the District's arrangements for these independent security services in any manner whatsoever.

IV.

Organizational Structure:

1. Six (6) uniformed police officers designated as School Resource Officers will be assigned to RISD campuses, and will directly report to the Chief of Police, or his designee. All requests from RISD personnel regarding new SRO assignments or temporary reassignments with exception of requests pertaining to emergencies shall be made through the RISD Superintendent or his designee. The SROs shall have properly equipped police vehicles and other necessary equipment available for their use in performing their duties and responsibilities.
2. The SRO Program shall utilize the SRO Triad concept as set forth by NASRO (National Association of School Resource Officers). The SRO concept reflects the philosophy of the School Resource Officer Program and adheres to the roles of Law Enforcement Officer, Counselor, and Teacher. The SROs are first and foremost Law Enforcement Officers for the CITY Police Department and shall be responsible for carrying out all duties and responsibilities of a police officer and shall remain at all times under the control, through the chain of command, of the CITY Police Department. All acts of commission or omission shall conform to the guidelines of the CITY Police Department Policies and Procedures Manual
3. The SROs report directly to the Chief of Police, or his designee, regarding all matters pertinent to their position and function. The SROs are enforcement officers in regards to criminal matters only. Presence of an SRO is expected on his/her assigned campus on most school days before classes start in the morning, between most class changes, during most lunch periods, on most school days immediately after school and during most any other time during the school day when students assemble in large groups. The purpose of that presence is to deter criminal behavior and not perform school duty.
4. RISD campus principals shall have operational oversight to coordinate efforts for the needs of their respective campuses.
5. In the case of any unresolved conflict, the Chief of Police and the RISD Director of Safety and Security shall consult on the best course of action. The

Chief of Police shall have final authority and final responsibility for operational control of the SRO Program.

6. Local, State and Federal law will prevail over RISD policies and procedures.
7. Conflicts involving violence or other dangerous situations should be reported immediately to the Chief of Police and RISD Director of Safety and Security.

V.

Independent Contractor Relationship: CITY is and at all times shall be deemed to be an independent contractor and shall be wholly responsible for the manner in which the SROs are assigned to the SRO Program and the way CITY performs the services required by the terms of this Agreement. Nothing herein shall be construed as creating the relationship of employer and employee, or principal and agent, between RISD and CITY or any of CITY's agents or employees. CITY assumes responsibility for the acts of its employees as they relate to the services provided during the course and scope of their employment. CITY, its agents and employees, shall not be entitled to any rights or privileges of RISD employees and shall not be considered in any manner to be RISD employees. RISD may or may not desire to evaluate the services provided to RISD by the SRO Program. Any such evaluation should be presented to the CITY on a prescribed form.

VI.

Selection of SRO: CITY affirms that it has complied or will comply prior to the performance of any work for RISD, with the requirements regarding criminal background checks as provided under Texas Education Code, Chapter 22. This law requires the independent contractor to obtain all criminal history record information on all persons to whom the law applies through the Texas Department of Public Safety (DPS) clearinghouse. This process includes fingerprinting in order to submit the individuals to a national check. CITY must certify to RISD that the CITY has received all criminal history record information on all SROs, and that there were no positive hits. The cost of this requirement is to be paid by the CITY.

VII.

SRO Duties and Responsibilities: Basic responsibilities of the SROs will include but will not be limited to:

- General duties and responsibilities set forth by the Chief of Police through standard operating procedures ("S.O.P.").
- Planning and presentation of programs requested by the RISD or CITY Police personnel.

Any additional duties agreed upon the Chief of Police and the RISD Director of Safety and Security.

VIII.

Student Consultation:

The SROs are not formal counselors, and will not conduct or offer any formal or clinical psychological counseling, however they are to be used as a resource to assist students, faculty, staff and all persons involved with the RISD.

The SROs will advise students on responsibilities and procedures concerning criminal matters.

The SROs will give advice to help resolve issues between students that involve matters that may result in criminal violations, disturbances or disruptions.

Student confidentiality must be maintained in compliance with the Family Education Rights and Privacy Act ("FERPA").

IX.

Transporting Students:

The SROs shall not transport students in their vehicles except:

1. When the students are victims of a crime, under arrest, or some other emergency circumstance exists;
2. When the students are participants in a CITY Police Department program with parental consent;
3. When the students are suspended from school pursuant to school disciplinary action and the student's parents or guardian has refused or is unable to pick-up the student within a reasonable time period and the student is disruptive/disorderly and his/her continued presence on campus is a threat to the safety and welfare of other students and school personnel, as determined by the SRO or the SRO supervisor

   If the student to be transported off campus is not under arrest, a victim of a crime or violent/disruptive, the RISD shall provide transportation for the student and an SRO may accompany the school official in transporting the student.

   SROs shall not transport students, excluding students who are participants in a CITY Police Department program including but not limited to the Police Explorer Program and the Campus Crime Stoppers Program, to any location other than the CITY Police Building, County Juvenile Detention Center, and or hospital unless it is determined that the student's parent, guardian or other responsible adult is at the location to which the student is being transported.

SROs shall not transport students, excluding students who are participants in a CITY Police Department program including but not limited to the Police Explorer Program and the Campus Crime Stoppers Program, in their personal vehicles.

SROs shall notify the school principal before removing a student from campus.

X.

Enforcement:

Although the SROs have has been placed in a formal education environment, they are not relieved of their official duties as enforcement officers. Decisions to intervene normally will be made when it is necessary to prevent violence, a breach of the peace, personal injury or loss of property. Citations should be issued and arrests made when appropriate and in accordance with CITY Police Department policies and procedures. When immediate action is needed and an SRO is not available, another officer may be dispatched to the school.

The SROs, when on duty, should investigate and prepare reports on all criminal offenses committed at the schools. Other CITY Police Department personnel may be summoned by the SROs as they deem necessary and or by RISD during the SROs absence.

XI.

Scheduling:

Hours - The SROs will work a forty (40) hour work week, and will coordinate their hours with school hours Monday through Friday. However, there may be occasions when this schedule is altered because of court appearances, sickness, injury, training and special assignments. The SROs are still considered non-exempt employees under the Fair Labor Standards Act and are subject to its provisions as well as CITY Police Department and CITY policy relating to overtime. All overtime requests from the District will be reviewed and approved by the Chief of Police or his designee.

Holidays and vacation – The SROs will accrue holidays and vacation at the rate allowed by CITY policy. However, holidays and vacations may be scheduled to coincide with school holidays or when schools are closed. The SROs should accomplish as much of the required training as possible during these periods or during the summer when school is not in session, if reasonably practical. The Chief of Police in his sole discretion, shall have the power and authority to schedule all leave and training for the SROs as he deems necessary.

Substitution - Substitution for the SROs by other officers will only be considered through a request to the Chief of Police and only on the joint written approval of the Chief of Police and RISD. Typically, this will only be considered for an extended leave as discussed in Section III.

XII.

Availability of Funds: Each party shall make payments required hereunder from current revenues, as required by the Agreement.

XIII.

Insurance: CITY is insured, and upon request by RISD, shall provide RISD documentation of its coverage, said coverage to meet the reasonable approval of RISD. CITY shall also provide, during the term of this Agreement, worker's compensation insurance, including liability coverage, in the amounts required by Texas state law, for any employee engaged in work under this Agreement. As to all insurance provided by CITY, it shall provide RISD with documentation, upon request, indicating such coverage prior to the beginning of any activities under this Agreement.

XIV.

Termination: This Agreement may be terminated by either party at its sole option and without prejudice by giving thirty (30) days written notice of termination to the other party. Upon termination of this Agreement, the CITY will assume any and all fiscal responsibilities for the officer from and after the effective date of termination.

Replacement: RISD may, for cause, request a replacement of the SRO. Such a request shall be made through the CITY Chief of Police, shall be in writing and shall set forth the basis for the request. A replacement SRO shall be provided as soon as possible giving due consideration for the CITY's staffing level and time required to complete the outside hiring process as necessary.

XV.

Assignment of Agreement: Neither party shall assign, transfer, or sub-contract any of its rights, burdens, duties or obligations under this Agreement without the prior written permission of the other party to this Agreement.

XVI.

Waiver: No waiver of a breach or any provision of this Agreement by either party shall constitute a waiver of any subsequent breach of such provision. Failure of either

party to enforce at any time, or from time to time, any provisions of this Agreement shall not be construed as a waiver thereof.

XVII

Place of Performance; Venue: Venue shall be in Rockwall County, Texas. The laws of the State of Texas shall govern the interpretation, validity, performance, and enforcement of this Agreement and the exclusive venue for any legal proceedings involving this Agreement shall be Rockwall County, Texas.

XVIII.

Notices: Notices to RISD shall be deemed given when delivered in person to the Superintendent of Schools of RISD, or on the next business day after the mailing of said notice addressed to said RISD by United States mail certified or registered mail, return receipt requested, and postage paid at 1050 Williams Street, Rockwall, Texas 75087.

Notices to CITY shall be deemed given when delivered in person to the CITY Manager or on the next business day after the mailing of said notice addressed to said CITY by United States mail, certified or registered mail, return receipt requested, and postage paid a 385 South Goliad, Rockwall, Texas 75087.

XIX.

Severability Provisions: If any provisions of this Agreement are held to be illegal, invalid or unenforceable under present or future laws, (1) such provision shall be fully severable; (2) this Agreement shall be construed and enforced as if such illegal, invalid or unenforceable provisions had never been a part of this Agreement; and (3) the remaining provisions of this Agreement shall remain in full force and effect and shall not be affected by the illegal, invalid or unenforceable provision or by its severance from this Agreement.

XX.

Entire Agreement of Parties: This Agreement and all exhibits shall be binding upon the parties hereto, their successors and assigns, and constitutes the entire agreement between the parties. No other agreements, oral or written, pertaining to the performance of the Agreement exists between the parties. This Agreement can be modified only by an agreement in writing, signed by both parties.

XXI.

Immunity: CITY and RISD agree that neither party has waived its respective sovereign immunity by entering into and performing the obligations under this Agreement.

XXII.

Liability:

Any claims by third parties arising as a result of the enforcement of Local, State or Federal law, including employment claims, shall be handled by, and be the responsibility of, the CITY. Any claims by third parties arising as a result of the enforcement of RISD policy or procedure shall be handled by, and be the responsibility of RISD.

IN WITNESS WHEREOF, the parties have executed this Agreement in the year and day first above written.

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: Mayor and City Council

CC: Rick Crowley, *City Manager*
Brad Griggs, *Assistant City Manager*
Tim Tumulty, *Director of Public Works/City Engineer*

FROM: Ryan Miller, *Director of Planning and Zoning*

DATE: April 17, 2015

SUBJECT: City Pride Agreement with TxDOT

Earlier this year Rockwall County received permission to move two Historical Markers (*Marker #'s 6136 and 6147*) to the new County Courthouse. As a result, Michael Donegan with the Rockwall County Historical Foundation contacted city staff requesting that directional signs indicating the location of the markers be installed along SH-205 at the intersection of SH-205 and Yellow Jacket Lane. In order to install the requested signage the City will need to enter into an agreement with the Texas Department of Transportation (TxDOT) through the City Pride Program. As part of this agreement, it will be the responsibility of the City to provide and install the signage once the proposed locations have been approved. Attached to this memorandum is Mr. Donegan's email, a copy of the City Pride Program agreement, a map showing the proposed locations for the new signs, and TxDOT's standard signage plans.

The Engineering Department estimates the cost of fabricating and installing the signs at approximately $800.00 (~$400.00 per sign). Should the City Council consider authorizing the City Manager to enter into an agreement with TxDOT under the City Pride Program, staff will complete and submit the attached agreement to the state for consideration.

From: Mike Donegan
To: Gonzales, David; Miller, Ryan
Subject: Fwd: Historical Markers in Rockwall County
Date: Wednesday, August 05, 2015 12:56:06 PM

David/Ryan

Carolyn Francisco gave me your names to contact about getting Historical Marker Direction signs for the Historical Markers that were moved to the new County Courthouse. These markers were moved early this year.

We contacted the State and they told us that any Historical Markers or directional signs within city limits needed to be handled by the appropriate city.

Please advise me how to assist in having the signs installed to direct people to the Markers

Thanks

Mike Donegan

Cc: Angela Green [redacted]

Mike,

I spoke with our Austin Division concerning this and what I had mentioned in our conversation was correct. TxDOT only installs Historical Markers for locations outside the city limits. The city can install these signs under the City Pride Program. There is an agreement that will need to be executed prior to the signs being installed. I've copied Angela Green on this email. She handles all of our agreements. Please have someone from the city contact her to begin the agreement process.

Thanks
Roxanne

Subject: Historical Markers in Rockwall County

Roxanne:

Thanks for your help this morning in regards to the directional signs for Historical Markers.

Rockwall County received permission to move two Historical Markers(marker mnumber 6136 and 6147) to the new County Courthouse. We would like to request a directional sign for the markers to be installed. The new location for the markers is in the City Limits of Rockwall.

Please advise the proper procedure to request the directional sign.

Thanks

Michael Donegan

Agreement No._____

STATE OF TEXAS §

COUNTY OF TRAVIS §

CITY PRIDE SIGN AGREEMENT

THIS AGREEMENT, made on the dates hereinafter shown, by and between the State of Texas, hereinafter called the "State," represented by the Executive Director of the Texas Department of Transportation, acting for and in behalf of the Texas Transportation Commission, and the City of _____, hereinafter called the "City."

W I T N E S S E T H

WHEREAS, the State owns, operates, and maintains a system of highways for public use and benefit, in the City of _____; and

WHEREAS, the City desires and has requested authority to construct or have reconstructed the City Pride Sign along the roadway(s) of:

_____,
_____,
_____,
_____,
_____, and
_____

at the location(s) shown on construction plans, attached hereto and made part of this Agreement.

NOW, THEREFORE, in consideration of the premises and of the mutual covenants and agreements of the parties hereto, to be by them respectively kept and performed as hereinafter set forth, and in accordance with Title 43, Texas Administrative Code, Chapter 25, Subchapter H, it is agreed as follows:

A G R E E M E N T

Article 1. General

The State grants to the City permission to construct or to have reconstructed, the City Pride Sign(s) within the right-of-way as shown on construction plans and to be maintained by the City as stipulated in the Municipal Maintenance Agreement with the City of _____, dated _____, 20____.

Article 2. Plans, Specifications and Construction Procedures

A. The City, at no cost to the State, shall prepare or have prepared, complete construction drawings, plans and specifications for the proposed City Pride Sign(s), State approved breakaway sign supports, foundations, appurtenances, and incidental items. No construction work shall be performed on highway right-of-way until these plans and specifications have been approved in writing by the State. After such approval has been given, no changes or alterations shall be made without the written approval of the State.

B. The plans and specifications shall be submitted to the District Engineer, Texas Department of Transportation, (TxDOT District), Texas for approval. Any changes or alterations which become necessary during the course of the work shall also be submitted to the District Engineer for approval.

C. The City, its contractor(s), or agents shall submit a traffic control plan as required and in accordance with the Texas Manual on Uniform Traffic Control Devices to direct and

protect vehicular and pedestrian traffic while construction work, including related activities, is in progress. Details and descriptions of these traffic handling measures shall be included in the plans and specifications when submitted for approval. If, during construction, it becomes necessary or desirable to modify the traffic control measures as specified, prior approval must be obtained from the State's District Engineer in (TxDOT District).

D. The City shall construct, or have constructed, at its entire cost and expense, the proposed City Pride Sign(s) and incidental items referred to in paragraph 1 and 2 above. The State shall have the right to inspect the work on highway right-of-way at any time during the progress of the work, and to make final inspection upon completion. Construction operations will be conducted in a manner acceptable to the District Engineer or their authorized representative. The City, its contractor(s) or agents shall correct any deficiencies revealed by the State's inspection of the work or of the traffic control and protection measures, where such deficiencies could have an adverse affect on public use of the highway or the safety and convenience of the traveling public.

E. Upon completion of the work authorized herein, the City shall submit copies of the as-built plans and specifications, including any changes or alterations, showing the City Pride Sign(s) in their completed state within 45 days to the State's District Engineer in (TxDOT District) for permanent records of the State.

F. The City agrees to pay all damages accruing to the State, by reason of injuries to the right-of-way, roadbed, pavement, and/or bridge owned by the State, when such damages are caused by the city's construction, operations, maintenance or rehabilitation on said roadway. Whenever funds are paid by the City to the State under this Agreement, the City shall remit a check or warrant made payable to the "Texas Department of Transportation Trust Fund." To the extent allowed by law, the City also agrees to indemnify and save harmless the State from any and all claims, demands, actions or causes of action, due to damage to property or injury to or death of persons arising from or growing out of or in any manner connected with work on said roadway project including, but not limited to, all court costs, attorney fees and other expenses incurred in connection with suits for such damage and shall, if so requested in writing, assist or relieve the State from defending any such suits brought against it. In addition, the City shall require its contractor(s) and subcontractor(s) to secure a policy of insurance in the maximum statutory limits for tort liability, naming the State as an additional insured under its terms, and maintain the required insurance coverages in full force and effect during any period that work is performed on the State right-of-way. Adequate insurance, as a minimum, shall mean the City contractor(s) shall furnish the State with the Texas Department of Transportation's Certificate of Insurance covering the below listed insurance coverages.

1) Worker's Compensation Insurance Amount – Statutory
2) Comprehensive General Liability Insurance

Amounts	Bodily Injury Property Damage	$600,000 combined single limit each occurrence and in the aggregate

OR

Commercial General Liability Insurance

Amounts	Bodily Injury	$250,000 each person
	Property Damage	$100,000 each occurrence

3) Texas Business Automobile Policy

Amounts	Bodily Injury	$250,000 each person
	Property Damage	$100,000 each occurrence

The State shall be included as an "Additional Insured" by Endorsement to policies issued for coverages listed in B and C above. A "Waiver of Subrogation Endorsement" in favor of the State shall be a part of each policy for coverages listed in A, B, and C above. A certified copy of these endorsements shall be submitted to the State with the evidence of coverage. The City and/or its contractor(s) shall be responsible for any deductions stated in the policy.

Article 3. Location

A. One City Pride and/or a Texas Commission on Environmental Quality (TCEQ), Texas Historical Commission (THC), Keep Texas Beautiful (KTB) Sign shall be allowed per eligible highway entrance to the City. A City Pride Sign shall be located on the right-hand side of the roadway unless otherwise approved in writing by the State. A City Pride Sign shall be located between 300 and 800 feet of the city limits at a location approved by the State. A City Pride Sign shall take advantage of the natural terrain, have the least impact on the scenic environment, avoid visual conflict within the State highway right-of-way, have a lateral offset greater than existing guide signs, not block the motorist's view of existing traffic control signs, and be placed in locations other than hanging above the highway.

B. A City Pride Sign shall not be located adjacent to the main lanes of full controlled access highway; however, a City Pride Sign may be located on the right-hand side of the access road.

C. The city may landscape the area adjacent to the City Pride Sign(s) upon written approval of the plans by the State's District Engineer in the (TxDOT District) District. Only small plants, flowers, and shrubbery will be allowed. Permanent structures or items such as large stones, masonry, berms, landscape timbers, etc. shall not be allowed. The State assumes no responsibility for watering, maintenance or damage due to State maintenance and construction activities, fire, theft or vandalism.

Article 4. City Pride Sign

A. The sign face of a City Pride Sign or the combined total area of the attachment signs displayed shall not exceed 80 square feet total. A City Pride Sign shall not contain words, symbols, or messages that:

1) May be construed as advertising, including, but not limited to, the offering of products and services.
2) Contain notification of municipal ordinances or regulations, or
3) Resemble official traffic control devices.

B. Banners, flags, streamers, flashing lights, or other appurtenances shall not be attached to a City Pride Sign or sign supports. Sign supports shall be galvanized metal or painted solid white.

C. A City Pride Sign shall not be illuminated internally or externally.

D. A City pride Sign may contain the name of the city, message, or slogan no greater than eight inches in height. The City may include a seal or symbol that is commonly used to represent the City.

E. If a City Pride Sign requires background material, it shall be painted brown (Sherwin Williams #2315 or equivalent) or have brown reflective material affixed to the sign face meeting State specifications. Lettering upon the brown background shall be white and may be any script or font. A white 2 inch border is optional. Lettering and border shall be

painted white (Sherwin Williams #2130 or equivalent) or have white reflective material affixed to the sign face meeting State specifications.

Article 5. Attachment Signs

A. Attachment signs or civic information signs are provided by a non-profit civic organization or governmental entity that display points of interest or geographical, recreational, cultural, or civic information. A civic organization must be located within or have a member who resides in the City, and complies with all applicable law concerning the provisions of public accommodation without regard to race, religion, color, sex, or national origin.

B. Attachment signs may be any color or combination of colors and may be in any design or shape. Attachment signs shall not be greater than 48 inches in width and 36 inches in height, and shall not consist of text, symbols, trademarks or a legend message identifying the name or abbreviation of a commercial establishment, service or product, or contain supplemental address or directional information such as meeting dates or locations.

C. A civic organization shall apply to the City for permission to display an attachment sign upon the City Pride Sign. The City shall notify/contact the civic organization in writing if the civic organization does not meet the requirements of eligibility as stated herein. The civic organization shall have 30 calendar days after written notification to meet the requirements herein.

D. The City shall approve all attachment signs and determine the order, arrangement, and duration of display. Attachment signs shall be placed upon a City Pride Sign and shall not overlap.

E. A civic organization shall have only one attachment sign per City Pride Sign unless the City and civic organization agree to said organization's multiple attachment signs upon a City Pride Sign.

F. The City shall remove an attachment sign of a participating civic organization if the civic organization ceases to exist, does not meet the requirements stated herein, or has not provided a replacement sign after 60 days of the City or State's written notification that the attachment sign is damaged, broken, faded, or has become a hazard due to failure to build to specifications, inclement weather, inadequate maintenance, accidental damage, or other cause.

Article 6. Miscellaneous

A. Signs from the TCEQ, THC, or KTB, Proud Community Program signs, shall be erected and maintained to State specifications at the sole expense of the City. Signs shall not be allowed as attachments to State signs or sign supports.

B. Attachment signs not relocated to a City Pride Sign, TCEQ, THC, or KTB signs or other approved locations will be removed by the State at the expense of the City.

C. The State shall not require fees from the City for participating in the City Pride Sign Program. The city shall not require fees from the civic organizations or governmental entities for display upon a City Pride Sign.

D. While installing or maintaining a City Pride Sign, the City shall cooperate with any State contractor working on the State highway system at that location.

E. In the event that the State determines that it is necessary to repair, construct, reconstruct and/or make any changes in the highway facility for reasons other than those specified herein, the City shall be responsible for all costs necessary for removal and relocation of the City Pride Sign.

F. The City shall remove a City Pride Sign if it has not provided a replacement sign within 60 calendar days of written notification from the State that the sign is damaged, broken, faded or has become a hazard due to failure to build to specifications, inclement weather, inadequate maintenance, accidental or other cause. After 60 days, the City Pride Sign not removed or replaced will be removed by the State at the expense of the city. The State may terminate this agreement upon default of the city.

G. This Agreement shall bind, and shall be for the sole and exclusive benefit of the respective parties and their legal successors.

IN TESTIMONY WHEREOF, the parties hereto have affixed their signatures, the City of _____ on the ____ day of _____, 20____, and the State on the ____ day of _____, 20____.

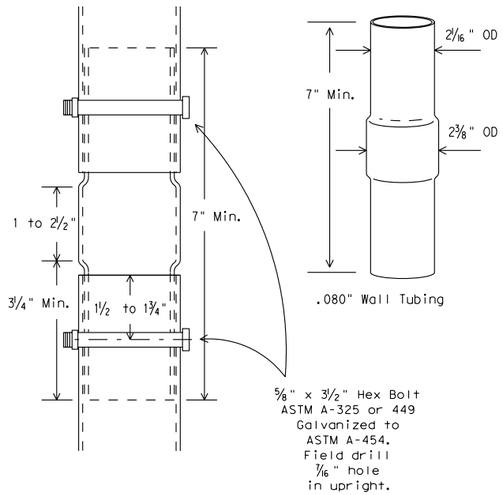
GENERAL NOTES



OPTIONS A and B

1. A City Pride Sign shall not contain words, symbols, or messages that may be construed as advertising, including, but not limited to, the offering of products and services, notification of municipal ordinances or regulations, or resemble official traffic control devices.
2. Banners, flags, streamers, flashing lights, or other appurtenances shall not be attached to a City Pride Sign or sign supports.
3. City name, symbol, slogan or combination thereof may be an attachment sign.
4. Attachment signs may be any color or combination of colors and may be of any design or shape. Attachment signs shall not be greater than 48 inches in width and 36 inches in height, and shall not consist of text, symbols, trademarks or a legend message identifying the name or abbreviation of a commercial establishment, service or product, or contain supplemental address or directional information such as meeting dates or locations.
5. A City Pride Sign shall not be illuminated internally or externally.
6. Support and design shall conform with AASHTO Standard Specifications for structural supports of Highway signs, luminaires and traffic signals with a design wind speed of 60 mph.
7. Steel pipe sign supports shall be galvanized in accordance to ASTM Designation A123.
8. The minimum sign height from the ground shall be 7 feet.
9. Where solid rock is encountered at ground level the foundation shall be a minimum depth of 18 inches. When solid rock is encountered below ground level the foundation shall extend into the solid rock a minimum depth of 18 inches or provide a minimum foundation depth of 30 inches. Only concrete foundations shall be used in rock.

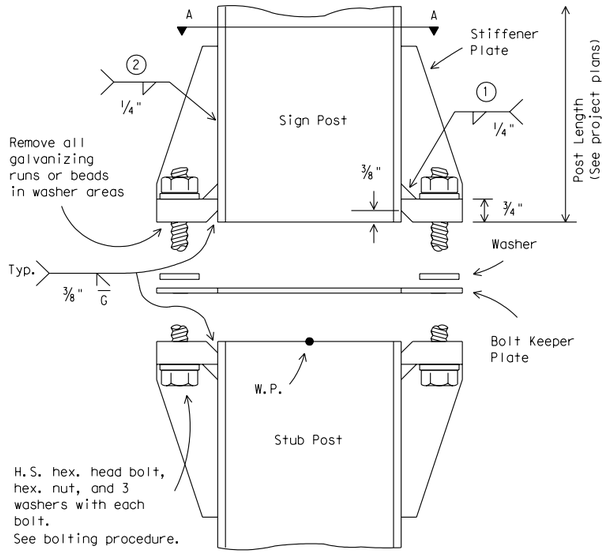
Two Post/Solid Background
Max. 80 sq. ft.



TYPICAL SIGN INSTALLATION AND LOCATION

OPTION C (Two Post)

10. Lateral clearances of signs mounted on median side of main lanes are the same as shown above where space will permit.
11. Where a sign is to be located behind guardrail, an allowable minimum clearance of two feet may be used, measured from the face of the guardrail to the near edge of sign.
12. 6 foot minimum and desirable may be used only in areas of limited lateral clearance and when approved by the Engineer.
13. Post spacing on a two post sign may vary a maximum of plus or minus 10% of total sign width to fit field conditions.
14. Typical maximum dimensions are 10 foot width by 8 foot height, however, TxDOT will consider other shapes and designs upon request. Maximum size of sign face shall not exceed 80 square feet.
15. Background shall be brown in color. If painted it shall match Sherwin Williams #2315 (or equivalent). If reflective sheeting is used it shall meet TxDOT Material Specification D-9-8300.
16. Optional City name, symbols, slogan or combination thereof may be an attachment sign or lettering on the sign face. Lettering may be any style or font, but shall not be greater than 8 inches in height. Lettering and or optional 2 inch border shall be white in color. Paint shall match Sherwin Williams #2130 (or equivalent), if sheeting is used it shall meet TxDOT Material Specification D-9-8300.

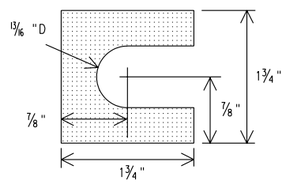
2. Shim as required to plumb post.
3. Tighten all bolts the maximum possible with a 12 to 15 inch wrench to blean bolt threads and to bed washers and shims.
4. Loosen each bolt in sequence and retighten bolts in a systematic order to the prescribed torque. Do not overtighten.
5. To prevent nut loosening, burr threads of bolt at junction with nut using a center punch.



PERFORATED FUSE PLATE DETAIL

Use H.S. hex head bolts, hex head nut and bevel or flat washer (where req'd) under nut. All holes shall be drilled. All plate cuts shall preferably be saw cuts. However; flame cutting will be permitted provided all edges are ground. Metal projecting beyond the plane of the plate face will not be permitted. Steel fuse plates shall conform to the requirements of ASTM A36. ASTM A572 Grade 50 or ASTM A588 may be substituted for A36 at the option of the fabricator. Mill test reports shall be submitted for Fuse Plates. Steel used shall have an ultimate tensile strength not to exceed 80 KSI.

STIFFENER PLATE DETAIL

Steel Plate (thickness = 1/2")

SHIM DETAIL

Furnish two .012"+ thick and two .032"+ thick shims per post. Shims shall be fabricated from brass shim stock or strip conforming to ASTM B36.

SIGN SUPPORTS WILL ONLY BE SPLICED BEHIND THE SIGN SUBSTRATE

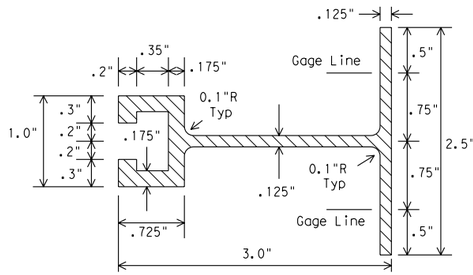
This standard is governed by the "Texas Engineering Practice Act". No warranty of any kind is made by TxDOT for any purpose whatsoever. TxDOT assumes no responsibility for the conversion of this standard to other formats or for incorrect results or damages resulting from its use.

DISCLAIMER

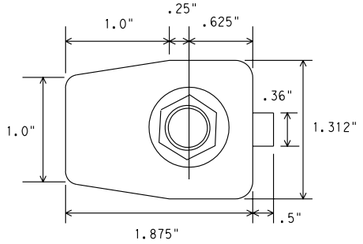
TYPICAL PLYWOOD SIGN ASSEMBLY DETAILS

REAR VIEW



SIDE VIEW

NOTES:



1. A tolerance of plus or minus 1/4 inch will be permitted in the plan dimensions for fabrication of each single increment sign panel when necessary for squaring. A tolerance of plus or minus 1/4 inch will be permitted for each increment of a multi-increment sign panel where necessary to secure square, tight-fitting joints.
2. Plywood bolts shall be 5/16" x 1 1/2" elevator type steel with flat or slightly hemispherical head and 3/4" minimum thread length. The head shall have a minimum diameter of 11/16" and a minimum of two fins on the underside. Each bolt shall be provided with one 5/16" steel hex nut, one 5/16" steel flat washer, and one 5/16" steel lock washer. Bolts, nuts and washers shall be galvanized in accordance with ASTM Designation: B695, Class 50, or A153 Class C or D.
3. Splice bars shall be secured with 5/8" long x #10 round head, stainless steel wood screws spaced at 6" maximum along double row spacing with the exception at extreme ends of splice bars, along outside edge of sign, where plywood bolts shall be used as shown. A maximum of one horizontal joint per vertical section will be permitted using a 1/8" gap between panels.
4. Splices shall be kept to a minimum. Panels 4'x8' or larger shall be used to the maximum extent possible in the fabrication of any sign. Signs or sign sections which cannot be fabricated from at least a 4'x8' panel shall be of one piece construction.

1. Approximately equal spacing, fabricator may vary spacing for least interference with message and to utilize wind beam for horizontal splice. Wind beam spacing will not exceed the maximum shown in table on sheet SMD(2-1). Staggered arrangement of horizontal splices as shown is preferred. However, a single horizontal joint across the sign face is permissible.
2. For signs 4'-0" or less in height the plywood panel may exceed 4'-0" in width.
3. Extruded aluminum wind beams shall be continuous with no splices. (see sheet SMD(2-1).
4. Aluminum Z will be provided unless stated otherwise in the plans. If noted elsewhere in the plans, 1.175 lb/ft extruded aluminum windbeam may be used.

Windbeam to be extruded aluminum (1.175 lbs/ft)

The New Horizon

MEMORANDUM

TO: **Rick Crowley, City Manager**

FROM: **Mary Smith, Assistant City Manager**

DATE: **August 13, 2015**

SUBJECT: **Banking Authorizations**

The City Council is asked to consider adoption of the attached resolution to document changes in the City's banking authorizations with the City's depository, American National Bank. The bank's signatures cards will need to be updated to reflect personnel changes due to Chief Moeller's retirement. Your name will remain as the primary signature but we will substitute Joey Boyd's name for Chief Moeller. Brad Griggs will remain the primary backup in your absence.

Procedures remain in place which dictate when Brad or Joey would be called upon to sign checks and preclude them from signing checks for their own departmental expenses. We use a facsimile signature on all checks under $5,000 but ANB requires a manual signature for checks over $5,000. This results in the need for a manual signature on an average of 5 accounts payable checks per week.

Brad and Joey would not have the ability to authorize electronic transactions or transfer funds between city accounts.

With Council's approval of the attached resolution we can execute bank signature cards to document this change.

CITY OF ROCKWALL

RESOLUTION NO. 15-23

A RESOLUTION BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AUTHORIZING EXECUTION OF DOCUMENTS WITH AMERICAN NATIONAL BANK FOR CHECK WRITING, ACH TRANSACTIONS, CASH MANAGEMENT SERVICES, WIRE TRANSFER SERVICES AND ONLINE BANKING BILL PAYMENT; PROVIDING AN EFFECTIVE DATE.

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That the City Council hereby authorizes the following city employees to execute signature cards on behalf of the City with American National Bank for check writing purposes to include Richard Crowley, Bradley Griggs and Joey Boyd.

Section 2. That the City Council hereby authorizes the following city employees to execute ACH transaction, cash management services, wire transfer services and online banking bill payment documents and establish authorization levels to include Richard Crowley and Mary Smith.

Section 2. That this Resolution shall become effective immediately upon approval and it is so resolved.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this 17th day of August, 2015.

The New Horizon

MEMORANDUM

TO: **Richard Crowley, City Manager**

FROM: **Lea Ann Ewing, Purchasing Agent**

DATE: **August 12, 2015**

SUBJECT: **Interlocal Purchasing Agreement with City of Allen**

The Police Department would like to utilize the City of Allen's bid/pricing for purchase of public safety vehicle equipment and installation of. Allen's contract with Pursuit Safety provides a cost savings of 20% and is one of the most inclusive public safety equipment contracts available through a cooperative. A Resolution and Agreement for participation in Allen's purchasing cooperative are attached for City Council consideration.

This Interlocal agreement provides for local cooperative purchasing endeavors between Rockwall and Allen. Should this cooperative agreement be approved, any City of Allen contract that was bid and includes the cooperative clause may be used by Rockwall and vice versa. The cooperative agreement shall remain in effect until terminated by either City.

STATE OF TEXAS §
§
COUNTY OF COLLIN §

INTERLOCAL COOPERATION AGREEMENT

This Interlocal Cooperation Agreement ("Agreement") is by and between the City of Allen, Texas ("Allen"), and the City of Rockwall, Texas, acting by and through their authorized officers.

RECITALS:

WHEREAS, this Agreement is authorized by Chapter 791 of the Texas Government Code and Subchapter F, Chapter 271, Texas Local Government Code; and

WHEREAS, Section 271.102 of the TEX. LOC. GOV'T CODE authorizes a local government to participate in a Cooperative Purchasing Program with another local government or a local cooperative organization; and

WHEREAS, a local government that purchases goods and services pursuant to a Cooperative Purchasing Program with another local government satisfies the requirement of the local government to seek competitive bids for the purchase of the goods and materials; and

WHEREAS, each party has and will on an annual basis obtain competitive bids for the purchase of goods and services; and

WHEREAS, the parties desire to enter into a cooperative purchasing program which will allow each party to purchase goods and services under each other's competitively bid contracts pursuant to Subchapter F, Chapter 271 of the TEX. LOC. GOV'T CODE;

NOW THEREFORE, in consideration of the mutual covenants and promises contained herein, the parties agree as follows:

ARTICLE I
PURPOSE

The purpose of this Agreement is to establish a cooperative purchasing program between the parties, which will allow each party to purchase goods and services under each other's competitively bid contracts pursuant to Subchapter F, Chapter 271 of the TEX. LOC. GOV'T CODE.

ARTICLE II
TERM

The term of this Agreement shall be for a period of one (1) year commencing on the last date of execution hereof ("Effective Date"). Thereafter this Agreement shall automatically renew for successive periods of one (1) year each under the terms and conditions stated herein, unless sooner terminated as provided herein.

ARTICLE III
TERMINATION

Either party may terminate this Agreement by providing thirty (30) days prior written notice to the other party.

ARTICLE IV
PURCHASING

The City Manager or designee for each of party is authorized to act on behalf of the respective party in all matters relating to this cooperative purchasing program. Each party shall make payments to the other party or directly to the vendor under the contract made pursuant to Subchapter F, Chapter 271 of the TEX. LOC. GOV'T CODE. Each party shall be responsible for the respective vendor's compliance with provisions relating to the quality of items and terms of delivery.

ARTICLE V
MISCELLANEOUS

5.1 **Relationship of Parties**: This Agreement is not intended to create, nor should it be construed as creating, a partnership, association, joint venture or trust.

5.2 **Notice**: Any notice required or permitted to be delivered hereunder shall be deemed received when sent in the United States Mail, Postage Prepaid, Certified Mail, Return Receipt Requested, or by hand-delivery or facsimile transmission addressed to the respective party at the address set forth below the signature of the party.

5.3 **Amendment**: This Agreement may be amended by the mutual written agreement of both parties hereto.

5.4 **Severability**: In the event any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect the other provisions, and the Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained in this Agreement.

5.5 **Governing Law**: The validity of this Agreement and any of its terms and provisions as well as the rights and duties of the parties, shall be governed by the laws of the State of Texas; and venue for any action concerning this Agreement shall be in the State District Court of Collin County, Texas.

5.6 **Entire Agreement**: This Agreement represents the entire agreement among the parties with respect to the subject matter covered by this Agreement. There is no other collateral, oral or written agreement between the parties that in any manner relates to the subject matter of this Agreement.

5.7 **Recitals**: The recitals to this Agreement are incorporated herein.

5.8 **Counterparts**: This Agreement may be executed in any number of counterparts, each of whom shall be deemed an original and constitute one and the same instrument.

CITY OF ROCKWALL, TEXAS

RESOLUTION NO. 15-21

Cooperative Member

WHEREAS, the City of Rockwall, Texas, (hereinafter "Cooperative Member") pursuant to the authority granted by Article 791 et seq. of the Interlocal Cooperation Act, as amended, desires to participate in the statewide purchasing program of the Cooperative;

WHEREAS, the City of Rockwall, Texas, has elected to be a Cooperative Member in the Texas Local Government Purchasing Cooperative (hereinafter "Cooperative"), a program created by local governments in accordance with and pursuant to the Interlocal Cooperation Act ("Act"), Chapter 791, Texas Government Code;

WHEREAS, the Cooperative Member, is of the opinion that participation in the Cooperative's purchasing program will be highly beneficial to the taxpayers of the City of Rockwall (local government) through the efficiencies and potential savings to be realized; and

WHEREAS, the Cooperative Member desires to participate and join with other local governments in a cooperative Interlocal agreement ("Agreement") for the purpose of fulfilling and implementing their respective public and governmental purposes, needs, objectives, programs, functions and services.

NOW, THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That the Cooperative Member does request that the Cooperative include its stated needs for all categories, including but not limited to, instructional, maintenance, custodial, and food service goods and services, on the Cooperative's Purchasing Program and award contracts for those items, whereby the Cooperative Members may be allowed to purchase those items from the Cooperative's contracts; and that Cooperative is authorized to sign and deliver all necessary requests and other documents in connection therewith for and on behalf of the Cooperative Members that have elected to participate;

Section 2. That the City Council of the City of Rockwall does hereby authorize its City Manager to execute the Interlocal Participation Agreement that includes the adoption and approval of the City of Allen Interlocal Agreement previously executed and adopted by two or more local governments.

Section 3. That the execution of this Resolution shall evidence the election of Cooperative Member and eligible local governments to become members of the Cooperative upon the terms and conditions stated. The City Council has, and at the time of adoption of this Resolution had, full power and lawful authority to adopt the foregoing Resolution and to confer the obligations, powers, and authority to the persons named, who are hereby granted the power to exercise the same.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS and reflected in the official minutes of the regular city council meeting on this the 17TH day of August, 2015.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Rick Crowley, City Manager**

FROM: **Timothy M. Tumulty, Director of Public Works/City Engineer**

DATE: **August 12, 2015**

SUBJECT: **FM 549 Roadway Reconstruction Project**

Rockwall County and the Texas Department of Transportation (TxDOT) are partnering on the engineering design and construction of FM 549 from SH 205 to SH 276. The existing roadway is a two-lane asphalt roadway that will be expanded to a six-lane divided concrete reinforced roadway. The roadway will be designed and constructed to TxDOT standards including the drainage improvements.

The design engineer is working on preliminary drainage information for the project. TxDOT requires the engineer to design all cross culverts to a 25-year storm event. The City of Rockwall requires all City roadways to comply to a 100-year storm event. If the City desires the engineer to design the drainage culverts to a 100-year storm, then the City will have to pay the cost difference between the construction of a 25-year and a 100-year system. TxDOT has provided a cost for this difference and it is estimated at $33,005.56.

Staff supports the design and construction of a 100-year storm sewer system and request City Council consideration to approve the additional expense to provide the higher level of protection from roadway inundation during storm event greater than a 25-year storm. This additional cost will be due prior to the project being bid for construction.

If you have any questions, please advise.

Re: FM 549 Culverts

Nancy,

As requested below is the estimate of the cost difference for upsizing the culverts to accommodate the request from the City of Rockwall. Dannenbaum upsized all of the culverts to pass the 100-year storm. This resulted in four culverts changing. There is no significant difference in the headwalls. The chart below details the difference.

NEW CULVERTS TO PASS 100-YR STORM

Culvert	Station	Barrels	Size	LF	Unit Price	Cost
1	21+20.32	2	4X4	165.1	$ 175.12	$ 57,824.62
2	57+17.37	1	5X3	118.1	$ 209.12	$ 24,697.07
3	69+40.28	4	4X2	130.5	$ 139.98	$ 73,069.56

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: **Richard Crowley, City Manager**

FROM: **Lea Ann Ewing, Purchasing Agent**

DATE: **August 12, 2015**

SUBJECT: **Road Master Striping Contract Award**

Recently the City entered into an Interlocal Purchasing Agreement with the City of Midlothian. This agreement provides for local cooperative purchasing between Cities for contracted goods, materials and services. By participating in this program, we may realize additional savings through economies of scale when utilizing the coop contracts. Another benefit is we would meet all formal bidding requirements pertaining to large contract purchases and eliminate the cost of the competitive bidding process for some materials, supplies and services. The Interlocal agreement remains in effect until terminated by either City.

Midlothian currently has a Pavement Marking and Striping contract with Road Masters Striping LLC that is available to us. The contract includes the application of marking materials and raised pavement markers. The Pavement Marking Services Bid is attached.

Staff would like City Council to consider awarding this unit price contract. Funds are available in General Fund, Street Department Construction Supply budget.

GENERAL SPECIFICATIONS

Pavement Marking Services

Purpose:
The purpose of this bid solicitation is to secure an annual services agreement for installing and maintaining various types of pavement markings. The successful bidder shall provide all materials, equipment and labor necessary for layout, surface preparation and installation or removal of specified pavement marking applications.

Quality of Work:
All work shall be done in accordance with the City of Midlothian's Standard Construction Details and Items 666, 672, 677 and 678 contained within the Texas Department of Transportation's "*Standard Specifications for Construction and Maintenance of Highways, Streets and Bridges*," 2004 edition, as amended.

All markings shall meet the requirements of the most recent version of the Texas Manual on Uniform Traffic Control Devices (Texas MUTCD).

Traffic Control:
All traffic control measures shall be in accordance with the most recent version of the Texas MUTCD. It shall be the contractor's responsibility to ensure that proper safety practices and procedures are in place at all times during the work, including but not limited to the use of proper signage, barricades, cones, and flaggers. In addition, all vehicular equipment utilized in the work shall be equipped with proper flashers/lights/strobes that must be in operation during the work.

Warranties:
Markings that are not properly applied due to faulty application methods or being placed in the wrong position or alignment shall be removed and replaced by the contractor at their expense. All defective materials shall be removed and replaced at the contractor's expense. All replacement shall be completed by the contractor within 30 calendar days of receiving written notice from the City.

Type of Pavement Marking Applications:

1. Type I Marking Materials (Hot Applied Thermoplastic) w/ Type II Marking as Sealer (concrete roadway surfaces only) and Type III drop-on glass beads
2. Type II Marking Materials (Traffic Paint) w/ Type III drop-on glass beads
3. Raised Pavement Markers

Pavement Marking and Marker Removal

Concrete Roadway Surfaces:

City of Rockwall
The New Horizon

MEMORANDUM

TO: Rick Crowley, City Manager

FROM: Timothy M. Tumulty, Director of Public Works/City Engineer

DATE: August 5, 2015

SUBJECT: U.S. Open Triathlon – City Council Resolution

The U.S. Open Triathlon is scheduled for Sunday, October 18, 2015 from 7:00 AM to 1:00 PM. This is the sixth year for this event to be held in the City of Rockwall. A portion of the triathlon course will utilize a section of FM 740 from Summer Lee Drive to the South City limits. The Rockwall Police Department will assist in the partial closure of various lanes of FM 740 as well as furnish traffic control at other intersections along the race route. The Texas Department of Transportation (TxDOT) will require a City Council resolution supporting a request to allow the partial closure of FM 740 from Summer Lee Drive to the City of Rockwall south City limits.

Staff request City Council consideration to approve the attached resolution allowing a temporary partial closure of FM 740 from Summer Lee Drive to the south City limits to facilitate the U.S. Open Triathlon on Sunday, October 18, 2015 from 6:00 AM to 1:00 PM.

CITY OF ROCKWALL, TEXAS

RESOLUTION NO. 15-22

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROCKWALL,TEXAS, FINDING THAT A NECESSITY EXISTS TO TEMPORARILY CLOSE A PORTION OF A CERTAIN STATE ROADWAYS TO FACILITATE THE US OPEN TRIATHLON; HEREBY REQUESTING THAT THE TEXAS DEPARTMENT OF TRANSPORTATION (TXDOT) GRANT PERMISSION TO THE CITY OF ROCKWALL FOR SAID EVENT AND AUTHORIZE THE CITY OF ROCKWALL TO PARTIALLY CLOSE FM 740 FROM SUMMER LEE DRIVE TO THE SOUTH CITY LIMITS BETWEEN THE HOURS OF 6:00 A.M. AND 1:00 P.M. ON SUNDAY, OCTOBER 18, 2015 PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Rockwall City Council recognizes the value of physical fitness and the benefits of a healthy community; and

WHEREAS, the Rockwall City Council wants to promote healthy lifestyles in our community by providing fitness opportunities and encouraging athletes to compete in the US Open Triathlon in Rockwall, Texas; and

WHEREAS, the Rockwall City Council hereby finds that necessity exists to temporarily partially close FM 740 from Summer Lee Dr. to the South City limits, for the US Open Triathlon; and

WHEREAS, the Rockwall City Council supports submission of a temporary partial closure request for State maintained roadways, for FM 740 from Summer Lee Drive to the South City limits, to the Texas Department of Transportation to facilitate the US Open Triathlon on Sunday, October 18, 2015 between the hours of 6:00 a.m. and 1:00 p.m.; and

WHEREAS, the Rockwall City Council hereby agrees to support said request by providing traffic control for the event; and

WHEREAS, the temporary partial closing of this section of FM 740 will create a safer environment for event participants and spectators;

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That a formal request is hereby made to TXDOT to approve the request of the Rockwall City Council to temporarily partial close the aforementioned section of FM 740 at the above stated date and time; and

Section 2. That this resolution shall be in full force and effect from and after its passage and it is accordingly so resolved.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this 17th day of August, 2015.

Jim Pruitt, Mayor

ATTEST:

Kristy Cole, City Secretary

Agreement No._____

STATE OF TEXAS §

COUNTY OF TRAVIS §

AGREEMENT FOR THE TEMPORARY CLOSURE OF STATE RIGHT OF WAY

THIS AGREEMENT is made by and between the State of Texas, acting by and through the Texas Department of Transportation, hereinafter called the "State," and the City of Rockwall, a municipal corporation, acting by and through its duly authorized officers, hereinafter called the "local government."

W I T N E S S E T H

WHEREAS, the State owns and operates a system of highways for public use and benefit, including FM 740, in THE City of Rockwall, Rockwall County; and

WHEREAS, the local government has requested the temporary closure of FM 740 from Summer Lee Drive to the South City limits for the purpose of U.S. Open Triathlon on October 18, 2015, from 6:00 A.M. to 1:00 P.M. as described in the attached "Exhibit A," hereinafter identified as the "Event;" and

WHEREAS, the Event will be located within the local government's incorporated area; and

WHEREAS, the State, in recognition of the public purpose of the Event, wishes to cooperate with the City so long as the safety and convenience of the traveling public is ensured and that the closure of the State's right of way will be performed within the State's requirements; and

WHEREAS, on the 17th day of August, 2015, the Rockwall City Council passed Resolution No. 15-, attached hereto and identified as "Exhibit B," establishing that the Event serves a public purpose and authorizing the local government to enter into this agreement with the State; and

WHEREAS, 43 TAC, Section 22.12 establishes the rules and procedures for the temporary closure of a segment of the State highway system; and

WHEREAS, this agreement has been developed in accordance with the rules and procedures of 43 TAC, Section 22.12;

NOW, THEREFORE, in consideration of the premises and of the mutual covenants and agreements of the parties hereto, to be by them respectively kept and performed as hereinafter set forth, it is agreed as follows:

A G R E E M E N T

Article 1. CONTRACT PERIOD

This agreement becomes effective upon final execution by the State and shall terminate upon completion of the Event or unless terminated or modified as hereinafter provided.

Article 2. EVENT DESCRIPTION

The physical description of the limits of the Event, including county names and highway numbers, the number of lanes the highway has and the number of lanes to be used, the proposed schedule of start and stop times and dates at each location, a brief description of the proposed activities involved, approximate number of people attending the Event, the number and types of animals and equipment, planned physical modifications of any man-made or natural features in or adjacent to the right of way involved shall be attached hereto along with a location map and identified as “Exhibit C.”

Article 3. OPERATIONS OF THE EVENT

A. The local government shall assume all costs for the operations associated with the Event, to include but not limited to, plan development, materials, labor, public notification, providing protective barriers and barricades, protection of highway traffic and highway facilities, and all traffic control and temporary signing.

B. The local government shall submit to the State for review and approval the construction plans, if construction or modifications to the State’s right of way is required, the traffic control and signing plans, traffic enforcement plans, and all other plans deemed necessary by the State. The State may require that any traffic control plans of sufficient complexity be signed, sealed and dated by a registered professional engineer. The traffic control plan shall be in accordance with the latest edition of the Texas Manual on Uniform Traffic Control Devices. All temporary traffic control devices used on state highway right of way must be included in the State’s Compliant Work Zone Traffic Control Devices List. The State reserves the right to inspect the implementation of the traffic control plan and if it is found to be inadequate, the local government will bring the traffic control into compliance with the originally submitted plan, upon written notice from the State noting the required changes, prior to the event. The State may request changes to the traffic control plan in order to ensure public safety due to changing or unforeseen circumstances regarding the closure.

C. The local government will ensure that the appropriate law enforcement agency has reviewed the traffic control for the closures and that the agency has deemed them to be adequate. If the law enforcement agency is unsure as to the adequacy of the traffic control, it will contact the State for consultation no less than 10 workdays prior to the closure.

D. The local government will complete all revisions to the traffic control plan as requested by the State within the required timeframe or that the agreement will be terminated upon written notice from the State to the local government. The local government hereby agrees that any failure to cooperate with the State may constitute reckless endangerment of the public and that the Texas Department of Public Safety may be notified of the situation as soon as possible for the appropriate action, and failing to follow the traffic control plan or State instructions may result in a denial of future use of the right of way for three years.

E. The local government will not initiate closure prior to 24 hours before the scheduled Event and all barriers and barricades will be removed and the highway reopened to traffic within 24 hours after the completion of the Event.

F. The local government will provide adequate enforcement personnel to prevent vehicles from stopping and parking along the main lanes of highway right of way and otherwise prevent interference with the main lane traffic by both vehicles and pedestrians. The local government will prepare a traffic enforcement plan, to be approved by the State in writing at least 48 hours prior to the scheduled Event. Additionally, the local government shall provide to the State a letter of certification from the law enforcement agency that will be providing traffic control for the Event, certifying that they agree with the enforcement plan and will be able to meet its requirements.

G. The local government hereby assures the State that there will be appropriate passage

allowance for emergency vehicle travel and adequate access for abutting property owners during construction and closure of the highway facility. These allowances and accesses will be included in the local government's traffic control plan.

H. The local government will avoid or minimize damage, and will, at its own expense, restore or repair damage occurring outside the State's right of way and restore or repair the State's right of way, including, but not limited to, roadway and drainage structures, signs, overhead signs, pavement markings, traffic signals, power poles and pavement, etc. to a condition equal to that existing before the closure, and, to the extent practicable, restore the natural and cultural environment in accordance with federal and state law, including landscape and historical features.

Article 4. OWNERSHIP OF DOCUMENTS

Upon completion or termination of this agreement, all documents prepared by the local government will remain the property of the local government. All data prepared under this agreement shall be made available to the State without restriction or limitation on their further use. At the request of the State, the Local Government shall submit any information required by the State in the format directed by the State.

Article 5. TERMINATION

A. This agreement may be terminated by any of the following conditions:

(1) By mutual written agreement and consent of both parties.

(2) By the State upon determination that use of the State's right of way is not feasible or is not in the best interest of the State and the traveling public.

(3) By either party, upon the failure of the other party to fulfill the obligations as set forth herein.

(4) By satisfactory completion of all services and obligations as set forth herein.

B. The termination of this agreement shall extinguish all rights, duties, obligations, and liabilities of the State and local government under this agreement. If the potential termination of this agreement is due to the failure of the local government to fulfill its contractual obligations as set forth herein, the State will notify the local government that possible breach of contract has occurred. The local government must remedy the breach as outlined by the State within ten (10) days from receipt of the State's notification. In the event the local government does not remedy the breach to the satisfaction of the State, the local government shall be liable to the State for the costs of remedying the breach and any additional costs occasioned by the State.

Article 6. DISPUTES

Should disputes arise as to the parties' responsibilities or additional work under this agreement, the State's decision shall be final and binding.

Article 7. RESPONSIBILITIES OF THE PARTIES

The State and the Local Government agree that neither party is an agent, servant, or employee of the other party and each party agrees it is responsible for its individual acts and deeds as well as the acts and deeds of its contractors, employees, representatives, and agents.

Article 8. INSURANCE

A. Prior to beginning any work upon the State's right of way, the local government and/or its contractors shall furnish to the State a completed "Certificate of Insurance" (TxDOT Form 1560, latest edition) and shall maintain the insurance in full force and effect during the period

that the local government and/or its contractors are encroaching upon the State right of way.
B. In the event the local government is a self-insured entity, the local government shall provide the State proof of its self-insurance. The local government agrees to pay any and all claims and damages that may occur during the period of this closing of the highway in accordance with the terms of this agreement.

Article 9. AMENDMENTS
Any changes in the time frame, character, agreement provisions or obligations of the parties hereto shall be enacted by written amendment executed by both the local government and the State.

Article 10. COMPLIANCE WITH LAWS
The local government shall comply with all applicable federal, state and local environmental laws, regulations, ordinances and any conditions or restrictions required by the State to protect the natural environment and cultural resources of the State's right of way.

Article 11. LEGAL CONSTRUCTION
In case one or more of the provisions contained in this agreement shall for any reason be held invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect any other provisions hereof and this agreement shall be construed as if such invalid, illegal or unenforceable provision had never been contained herein.

Article 12. NOTICES
All notices to either party by the other required under this agreement shall be delivered personally or sent by certified U.S. mail, postage prepaid, addressed to such party at the following respective addresses:

Local Government:	**State:**
City of Rockwall 385 S. Goliad Rockwall, Texas 75087 Attn: City Manager	Texas Department of Transportation 4777 U.S. Highway 80 East Mesquite, TX 75150-6643 Attn: Kelly Selman, P.E.

All notices shall be deemed given on the date so delivered or so deposited in the mail, unless otherwise provided herein. Either party hereto may change the above address by sending written notice of such change to the other in the manner provided herein.

Article 13. SOLE AGREEMENT
This agreement constitutes the sole and only agreement between the parties hereto and supersedes any prior understandings or written or oral agreements respecting the within subject matter.

IN TESTIMONY WHEREOF, the parties hereto have caused these presents to be executed in duplicate counterparts.

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 08/17/2015

APPLICANT: Joanne Vuckovic of the Pregnancy Resource Center

AGENDA ITEM: **P2015-034** (1010 Ridge Road – Replat)

SUMMARY:

Discuss and consider a request by Joanne Vuckovic of the Pregnancy Resource Center for the approval of a replat for Lot 1, Block A, Pregnancy Resource Center being a 0.32-acre tract of land currently identified as Tract 21 of the B. J. T. Lewis Survey, Abstract No. 255, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 53 (PD-53) for Residential-Office (RO) District land uses, situated within the Scenic Overlay (SOV) District, addressed as 1010 Ridge Road, and take any action necessary.

COMMENTS:

- The objective of the request is to replat a 0.32-acre tract of land for the purpose of establishing a public access, drainage, and detention easements. The 908 sq. ft. structure will be converted for use as an office facility. A site plan was approved in June of this year for a single story office building.

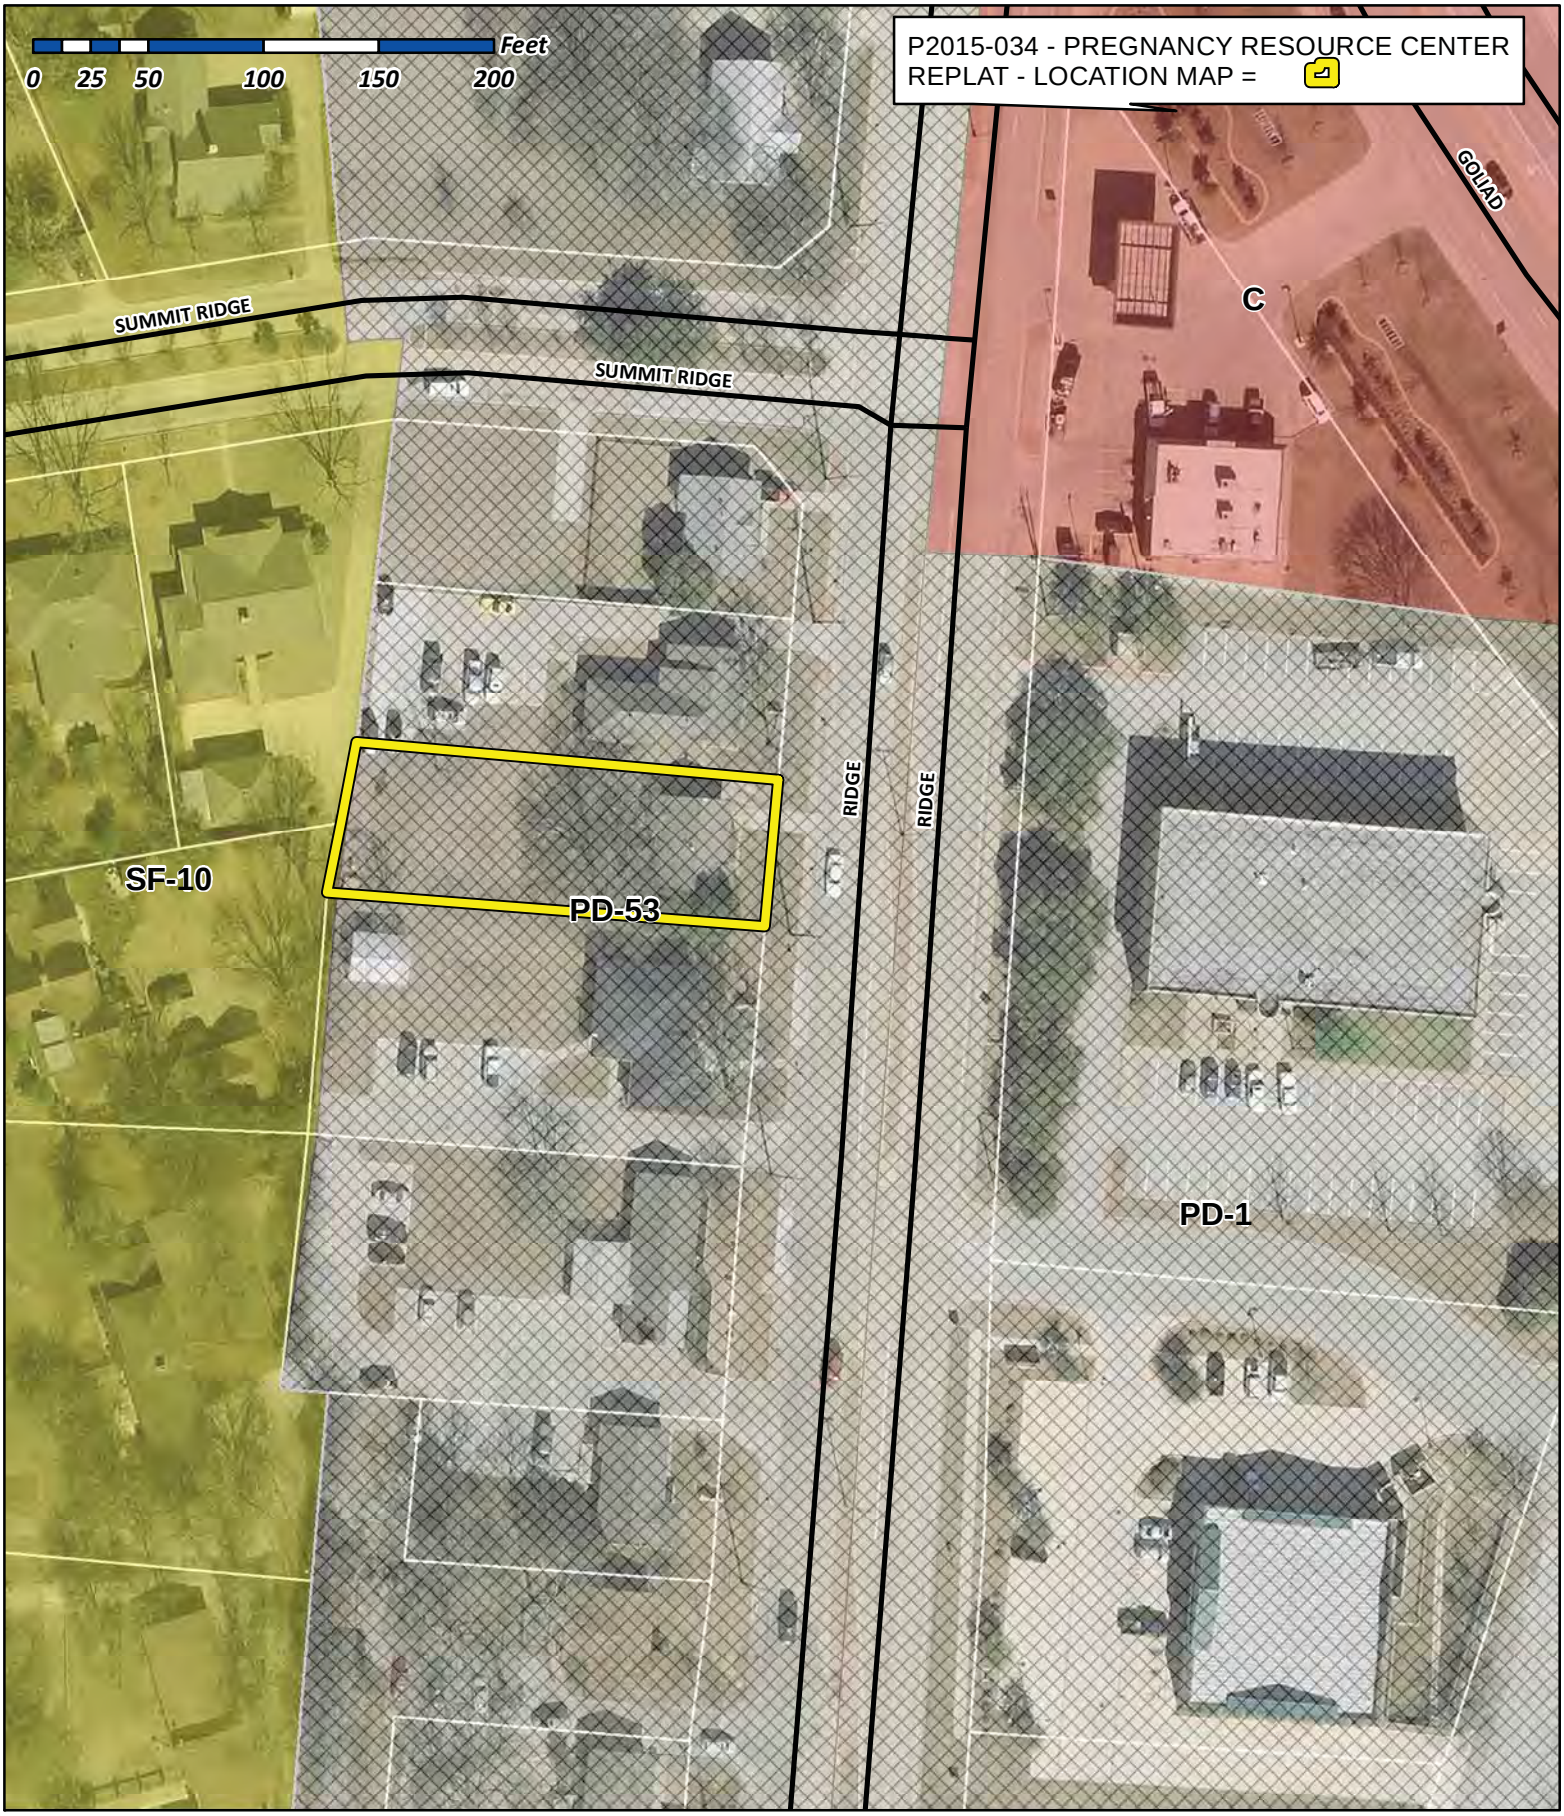
- Conditional approval of this plat by the City Council shall constitute approval subject to the conditions listed in the Recommendations section below.

- With the exception of the items listed in the *Recommendation* section of this case memo, this plat is in substantial compliance with the requirements of the Subdivision Ordinance in the Municipal Code of Ordinances.

RECOMMENDATIONS:

If the Planning & Zoning Commission and City Council choose to approve the request for final plat, staff would recommend the following conditions of approval:

A) All the technical comments from the Planning, Engineering and Fire Departments shall be addressed prior to the filing of this plat, including the following comments;



1. Adherence to Engineering and Fire Department standards.
2. Address all staff comments as listed in the Project Plan Review (see attached).

B) Any construction resulting from the approval of this final plat shall conform to the requirements set forth by the Unified Development Code, the 2009 International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION RECOMMENDATION:

On August 11, 2015, the Planning and Zoning Commission recommended approval of the request by a vote of 5 to 0 [Lyons and Fishman – absent].

Discuss and consider a request by Joanne Vuckovic of the Pregnancy Resource Center for the approval of a replat for Lot 1, Block A, Pregnancy Resource Center being a 0.32-acre tract of land currently identified as Tract 21 of the B. J. T. Lewis Survey, Abstract No. 255, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 53 (PD-53) for Residential-Office (RO) District land uses, situated within the Scenic Overlay (SOV) District, addressed as 1010 Ridge Road, and take any action necessary.

The following staff comments are to be addressed and resubmitted no later than Wednesday, August 12, 2015 (four large copies [18" X 24" FOLDED] and one PDF version) for a subsequent review by staff.

1. Adherence to all Engineering and Fire Department standards shall be required.
2. Provide a label indicating "Case No. P2015-034" on the lower right corner on all pages of the plat.
3. Change Lot & Block on the two adjacent lots south of the Pregnancy Resource Center lot to reflect the correct numbers for each: a) Lot 1, Block 1 Gussio Additon & Lot 2, Block A Rock Ridge Office Plaza Cab. F. Slide 71.
4. Label the Point of Beginning (POB) on plat.
5. Tie at least two (2) corners to City monumentation.
6. Use a lighter line (gray scale) on adjoining lots to distinguish from platted lot.

** As a note, this case will be placed on the Consent Agenda for approval by the Planning Commission and City Council; however, staff comments are to be addressed and all revisions resubmitted and approved by staff prior to plat submittal on mylar for filing purposes. **

NOTES

1) According to F.E.M.A. Flood Insurance Rate Map, Community Panel No. 48397C0030L dated SEPT 26, 2008, this property lies in Zone X. This property does not appear to lie within a 100-year flood plain.

2) BEARING SOURCE: CITY OF ROCKWALL CONTROL MONUMENT SYSTEM.

OWNER'S CERTIFICATE
(Public Dedication)

STATE OF TEXAS
COUNTY OF ROCKWALL

WHEREAS PREGNANCY RESOURCE CENTER OF LAKE RAY HUBBARD, BEING THE OWNER OF A TRACT OF land in the County of Rockwall, State of Texas, said tract being described as follows:

All that certain lot, tract or parcel of land situated in the B.J.T. LEWIS SURVEY, ABSTRACT NO. 255, City of Rockwall, Rockwall County, Texas, and being the remainder of Lot 3, R.S. LOFLAND SUBDIVISION, an Addition to the City of Rockwall, Texas, according to the Plat thereof recorded in Volume 48, Page 447 of the Deed Records of Rockwall County, Texas, and being that tract of land as described in a Deed to Pregnancy Resource Center of Lake Ray Hubbard, as recorded in Document Number 20150000007520, of the Official Public Records of Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1/2" iron rod found for corner at the northeast corner of Lot 1, Block A of GUSSIO ADDITION, an Addition to the City of Rockwall, Texas, according to the Plat thereof recorded in Cabinet G, Slide 317, of the Plat Records of Rockwall County, Texas, and at the southeast corner of the above cited tract and being in the West right-of-way line of Ridge Road F.M. 740;

THENCE N. 85 deg. 37 min. 35 sec. W. along the South line of the above cited tract and the North line of said Addition, a distance of 197.52 feet to a 1/2" iron rod found for corner at the southwest corner of said Lot 3;

THENCE N. 05 deg. 33 min. 51 sec. E. a distance of 70.19 feet to a point in concrete drive for corner at the northwest corner of said Lot 3;

THENCE S. 85 deg. 30 min. 18 sec. E., at 3.50 feet pass a 1/2" iron rod found for corner at the southwest corner of Lot 1, Block A, GOODMAN ADDITION, an Addition to the City of Rockwall, Texas, according to the Plat thereof recorded in Cabinet G, Slide 15 of the Plat Records of Rockwall County, Texas, and continuing for a total distance of 197.14 feet to a TXDOTdisk monument found for corner in the west right-of-way line of Ridge Road F.M. 740 and at the southeast corner of Lot 1, Block A;

THENCE S. 05 deg. 15 min. 24 sec. W. along said right-of-way line, a distance of 69.77 feet to the POINT OF BEGINNING and containing 13,807 square feet or 0.32 acres of land.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS
COUNTY OF ROCKWALL

I the undersigned owner of the land shown on this plat, and designated herein as PREGNANCY RECOURCE CENTER, LOT 1, BLOCK A, an Addition to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. I further certify that all other parties who have a mortgage or lien interest in the subdivision have been notified and signed this plat.

I understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same.

I also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of th air respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maint aining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Roc kwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, sto rm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer an d/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as p rogress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I, my successors and assigns hereby waive any claim, damage, or cause of action that I may have as a result of the dedication of exaction's made herein.

JOANNE VUCKOVIC, Executive Director
for PREGNANCY RECOURCE CENTER OF LAKE RAY HUBBARD

STATE OF TEXAS
COUNTY OF ROCKWALL

Before me, the undersigned authority, on this day personally appeared JOANNE VUCKOVIC known to me to be the person whose name is subscribed to the foregoing instrument, and acknowledged to me that he executed the same for the purpose and consideration therein stated.

Given upon my hand and seal of office this _____ day of _____, _____

Notary Public in and for the State of Texas My Commission Expires:

NOTE: It shall be the policy of the City of Rockwall to withhold issuing building permits until all streets, water, sewer and storm drainage systems have been accepted by the City. The approval of a plat by the City does not constitute any representa tion, assurance or guarantee that any building within such plat shall be approved, authorized or permit therefore issued, as required under Ordinance 83-54.

SURVEYOR'S CERTIFICATE

NOW, THEREFORE KNOW ALL MEN BY THESE PRESENTS:

THAT I, Harold D. Fetty, III, R.P.L.S. No. 5034, do hereby certify that I prepared this plat from an actual and accurate survey of the land, and that the corner monuments shown thereon were properly placed under my personal supervision.

Subject: Girls Softball

I would like to talk with the city council about the parks department teaming up with the Rockwall Girls Softball association to strengthen the girls softball program. I coached 8U softball in the spring and we had 4 teams and no teams for summer and none in the fall, while the RGSA had multiple teams but played no games in the city of Rockwall. I would like to see them join together to bring back what was once a strong program to Rockwall.

CITY OF ROCKWALL

ORDINANCE NO. 15-23

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO CHANGE THE ZONING FROM AN AGRICULTURAL (AG) DISTRICT TO A PLANNED DEVELOPMENT DISTRICT FOR SINGLE FAMILY 10 (SF-10) AND GENERAL RETAIL (GR) DISTRICT LAND USES ON THE SUBJECT PROPERTY, BEING A 316.315-ACRE TRACT OF LAND IDENTIFIED AS TRACT 1 OF THE M. E. HAWKINS SURVEY, ABSTRACT NO. 100, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED HEREIN BY *EXHIBIT 'A' & EXHIBIT 'B'*; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request by the Stacy McVey of Double Eagle Properties, LLC on behalf of the owner 308 ON 276, LP for the approval of a zoning change from an Agricultural (AG) District to a Planned Development District for Single Family 10 (SF-10) and General Retail (GR) District land uses, on a 316.315-acre tract of land identified as Tract 1 of the M. E. Hawkins Survey, Abstract No. 100, City of Rockwall, Rockwall County, Texas and more fully described in *Exhibit 'A' & Exhibit 'B'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

Section 1. That the *Subject Property* shall be used only in the manner and for the purposes authorized by this Planned Development District Ordinance and the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting this zoning change, and as maybe amended in the future;

Section 2. That development of the *Subject Property* shall generally be in accordance with the *Planned Development Concept Plan*, described in *Exhibit 'C'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'C'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

Section 3. That development of the *Subject Property* shall generally be in accordance with the *Development Standards*, described in *Exhibit 'D'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'D'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

Section 4. That a *Master Parks and Open Space Plan* for the *Subject Property*, shall be prepared in accordance with this ordinance and consistent with the *Planned Development Concept Plan* depicted in *Exhibit 'C'* of this ordinance, and that the *Master Parks and Open Space Plan* shall be considered for approval by the City Council following a recommendation by the *Parks and Recreation Board*.

Section 5. That development of the *Subject Property* shall be in conformance with the schedule listed below (*except as set forth below with regard to simultaneous processing and approvals*).

(a) The procedures set forth in the City's subdivision regulations on the date this ordinance is approved by the City, as amended by this ordinance (*including Subsections 5(b) through 5(f) below*), shall be the exclusive procedures applicable to the subdivision and platting of the Property.

(b) The following plans and plats shall be required in the order listed below (*except as set forth below with regard to simultaneous processing and approvals*). The City Council shall act on an application for an *Open Space Master Plan* in accordance with the time period specified in *Section 212.009* of the *Texas Local Government Code*.

(1) Open Space Master Plan
(2) Master Plat
(3) PD Development Plan (*Required for Retail Areas Only*)
(4) PD Site Plan
(5) Preliminary Plat
(6) Final Plat

(c) A *PD Development Plan* must be approved for the area designated on the *Planned Development Concept Plan* as *Retail* prior to submittal of a *PD Site Plan* application and/or preliminary plat application. No *Master Plat* is required for the area designated on the *Concept Plan* as *Retail*. A traffic impact analysis for the retail tract shall be submitted with the *PD Development Plan* to determine the extent and timing of any recommended facilities and/or improvements to the surrounding roadway network. The traffic impact analysis may be updated with each *PD Site Plan* for each retail development.

(d) *PD Site Plan.* A *PD Site Plan* covering all of the *Subject Property* shall be submitted and shall identify all site/landscape/hardscape plan(s) for all open space, neighborhood parks, trail systems, street buffers and entry features. A *PD Site Plan* application may be processed by the City concurrently with a *Preliminary Plat Application* for the development.

(e) *Preliminary Plat.* A *Preliminary Plat* covering all of the *Subject Property* shall be submitted and shall include a *Treescape Plan*. A *Preliminary Plat Application* may be processed by the City concurrently with a *PD Site Plan Application* for the development.

(f) *Final Plat.* Prior to the issuance of any building permits, a *Final Plat*, conforming to the *Preliminary Plat*, for all of the *Subject Property* shall be submitted for approval.

Section 6. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

Section 7. That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

Section 8. The standards in this ordinance shall control in the event of a conflict between this ordinance and any provision of the Unified Development Code or any provision of the City Code, ordinance, resolution, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this ordinance. References to zoning district regulations or other standards in the Unified Development Code (including references to the *Unified Development Code*), and references to overlay districts, in this ordinance or any of the Exhibits hereto are those in effect on the date this ordinance was passed and approved by the City Council of the City of Rockwall, Texas;

Section 9. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 17TH DAY OF AUGUST, 2015.

Exhibit 'A':
Legal Description

Field notes for a 316.315-acre (13,778,691 square foot) tract of land situated in the M. E. Hawkins Survey, Abstract No. 100, and the Robert K. Briscoe Survey, Abstract No. 16 in the City of Rockwall, Rockwall County, Texas, and being all of that certain called 308.52-acre tract of land described in a Special Warranty Deed to 308 ON 276, L.P., as recorded in Volume 03662, Page 00315, of the Office Public Records of Rockwall County, Texas (O.P.R.R.C.T.) with said 316.315-acre (13, 778,691 square feet) tract of land being more particularly described by metes and bounds as follows:

BEGINNING a railroad spike set in asphalt marking the northwest corner of said 308 on 276, L.P. tract and the common southwest corner of that certain called 21. 935 acre tract of land described as Tract One in a Warranty Deed to Rockwall Fund I, L.L.C., as recorded in Volume 1 110, Page 190, of the Deed Records of Rockwall County, Texas (D.R.R.C.T.) , said point being in the approximate center of Rochell Road, a county road with an unspecified right-of- way (R. O. W.) width;

THENCE North 89 degrees 00 minutes 24 seconds East (South 89 degrees 12 minutes 02 seconds East - deed call), along the common northerly line of said 308 ON 276, L.P. tract and the common southerly line of said Tract One, passing at a distance of 30. 00 feet, a 5/8 inch iron rod set with a yellow plastic cap stamped "THE WALLACE GROUP " ("cap ") for reference, continuing along said common line, passing at a distance of 1,799. 04-fee t, a ½-inch iron rod found marking the southeast corner of said Tract One, being common with the south west corner of that certain called 59.71-acre tract of land described in a Special Warranty Deed to Fate I- 30, L.P., as recorded in Volume 03542, Page 00039, O.P.R.R.C.T., continuing along the common northerly line of said 308 on 276, L.P. tract and the southerly line of said Fate I-30, L.P. tract, a total distance of 1,966.04 feet (1,902 .80 feet - deed call) to a 1/ 2 inch iron rod found marking the common most northerly northeast corner of said 308 on 276, L.P. tract and the north west corner of that certain coiled 85.479 acre tract of land described as Tract Two in the aforementioned Warranty Deed to Rockwall Fund I, L.L.C., as recorded in Volume 1 110, Page 190, O.R.R.C.T.;

THENCE South 01 degrees 59 minutes 29 seconds East (South 00 degrees 08 minutes 06 seconds West - deed call), along the common easterly line of said 308 ON 276, L.P. tract and the westerly line said Tract Two, a distance of 2,204.26-fee t (2,166.70-feet - deed call) to a 1/ 2 inch iron rod found marking an ell corner of said 308 ON 276, L.P. tract and the southwest corner of said Tract Two;

THENCE North 87 degrees 20 minutes 20 seconds East (North 89 degrees 12 minutes 02 seconds East - deed call), continuing along the common northerly line of said 308 on 276, L.P. tract an d the southerly line said Tract Two, a distance of 1,691. 90 feet (1,782.53 feet - deed call) to a 5/8 inch iron rod se t with "cap " marking the common most easterly northeast corner of said 308 on 276, L.P. tract and the southeast corner of said Tract Two, from which a ½-inch iron rod found bears North 87 degrees 20 minutes 20 seconds East at 10. 49 feet, said 5/8-inch iron rod set being on the west line of that certain called 212. 25 acre tract of land described in a Special Warranty Deed to South Rock wall Holdings, L.P., as recorded in Volume 03625, Page 00034, O.P.R.R.C.T.;

THENCE South 01 degrees 34 minutes 35 seconds East, along the common easterly line of said 308 ON 276, L.P. tract and the westerly line said South Rock wall Holdings tract, a distance of 309.68-feet to a 5/8-inch iron rod set with "cap " marking the southwest corner of said South Rock wall Holdings tract, being common with the northwest corner of Lot 8, Equestrian Estates, according to the plot thereof recorded in Cabinet A, Page 19 7, of the Plot Records of Rock wall County, Texas (P.R.R.C.T.);

THENCE South 00 degrees 50 minutes 42 seconds East, along the common easterly line of said 308 ON 276, L.P. tract and the westerly line said Equestrian Estates, a distance of 2,301.71 feet (South 00 degrees 06 minutes 38 seconds West, a distance of 2,580 . 60 feet - overall deed call) to a 5/8 inch iron rod set with "cap " marking the common southeast corner of said 308 ON 276, L.P. tract and on ell corner of the north R.O.W. line of State Highway No. 276 (having a variable width R.O.W.);

THENCE South 89 degrees 29 minutes 00 seconds West (North 89 degrees 29 minutes 07 seconds West - deed call), along the common southerly line of said 308 ON 2 76, L.P. tract and said north R.O.W. line of State Highway No. 276, passing at a distance of 1.66 feet a found TxDOT concrete monument, continuing along said common line for a tot al distance of 117.50-feet (115.83-feet - deed call) to a 5/8-inch iron rod set with "cap " marking the common ell corner of said 308 ON 276, L.P. tract and the most easterly southeast corner of that certain called 2.503-acre tract of land described as on Easement for Highway Purposes to the State of Texas, recorded in Volume 82, Page 583 of the Real Property Records of Rockwall County, Texas (R.P.R.R.C.T.);

THENCE North 00 degrees 31 minutes 03 seconds West (North 00 degrees 30 Minutes 13 seconds East - deed call), along a common interior line of said 308 on 2 76, L.P. tract and the easterly line of said Easement for Highway Purposes tract, a distance of 50.31-feet (50-feet - deed call) to a 5/8-inch iron rod set with "cap" marking the common ell corner of said 308 ON 276, L.P. tract and the north east corner of said Easement for Highway Purposes tract;

THENCE South 89 degrees 28 minutes 57 seconds West (North 89 degrees 29 minutes 47 seconds West - deed call), along the common southerly line of said 308 on 276, L.P. tract and the northerly line of said Easement for Highway Purposes tract, a distance of 543.40-feet (543.73-feet - deed call) to a 5/8-inch iron rod set with "cap " for corner;

THENCE South 89 degrees 13 minutes 58 seconds West (South 89 degrees 48 minutes 55 seconds West - deed call), continuing along the common southerly line of said 308 ON 276, L.P. tract and the northerly line of said Easement for Highway Purposes tract, a distance of 757. 25-feet (756.93-feet - deed call) to a 5/8-inch iron rod found marking a common ell corner of said 308 ON 276, L.P. tract and the northwest corner of said Easement for Highway Purposes tract;

THENCE South 00 degrees 46 minutes 03 seconds East (South 00 degrees 11 minutes 05 seconds East - deed call), along a common interior line of said 308 ON 276, L.P. tract and the westerly line of said Easement for High way Purposes tract, a distance of 90.30-feet (87.44-feet - deed call) t o a 5/8-inch iron rod set with "cap " marking a common ell corner of said 308 ON 276, L.P. tract and the southwest corner of said Easement for Highway Purposes tract, said point being on said north R.O.W. line of State Highway No. 276;

THENCE South 89 degrees 13 minutes 57 seconds West (North 89 degrees 53 minutes 27 seconds West - deed call), along the common southerly line of said 308 ON 276, L.P. tract and said north R.O.W. line of State Highway No. 276, passing at a distance of 1,66 7.76-feet a 5/8-inch iron rod set with "cap " for reference, continuing along said common line for a total distance of 1,917.07-feet (1,917.34-feet - deed call) to a found TxDOT concrete monument, marking the transitional R.O.W. line from said north R.O.W. line of State Highway No. 276 to the east R.O.W. fine of Springer Lane, on 80-foot wide R.O.W., (formerly F.M. No. 1143), said point being the beginning of a non-tangent curve to the right, with the radius point being situated North 21 degrees 40 minutes 52 seconds East, a distance of 533.69-feet;

THENCE Northerly along the common curving westerly line of said 308 ON 276, L.P. tract and said curving east R.O.W. line of Springer Lane, with said non-tangent curve to the right, through a central angle of 67 degrees 33 minutes 20 seconds (48 degrees 33 minutes 57 seconds - deed call), having a radius of 533. 69-feet (613.69-feet - deed call), a tangent distance of 356.97-feet, a chord bearing North 34 degrees 32 minutes 28 seconds West (North 40 degrees 41 minutes 57 seconds West - deed call), at 593.43-feet, and an arc distance of 629.26-feet (520.18-feet - deed call) to a 5/8-inch iron rod set with "cap" at the end of said non- tangent curve;

THENCE North 00 degrees 53 minutes 56 seconds West (North 00 degrees 43 minutes 17 seconds West - deed call), continuing along the common westerly line of said 308 on 276, L.P. tract and said east R.O.W. line of Springer Lane, a distance of 294.21-feet (430.56-feet - deed call) to an axle found for the beginning of a non-tangent curve to the left , with the radius point being situated South 89 degrees 08 minutes 07 seconds West, a distance of 612.96-feet;

THENCE Northerly continuing along the common curving westerly line of said 308 ON 276, L.P. tract and said curving east R.O.W. line of Springer Lane, with said non-tangent curve to the left, through a central angle of 17 degrees 26 minutes 00 seconds (12 degrees 25 minutes 52 seconds - deed call), having a radius of 612.96-feet (613.69-feet - deed call), a tangent distance of 93.98 feet, a chord bearing North 09 degrees 34 minutes 53 seconds West at 185.78-feet, and an arc distance of 186.50-feet (133.15 feet - deed call) to a 5/8-inch iron rod set with "cap" at the end of said non-tangent curve, said point marking the transition from said east R.O.W. line of Springer Lane to the approximate center of the aforementioned Rochell Road;

THENCE North 00 degrees 49 minutes 05 seconds West (North 00 degrees 10 minutes 49 seconds East - deed call), along the common westerly line of said 308 ON 276, L.P. tract and said approximate center of Rochell Road, passing at a distance of 386.53-feet a ½-inch iron rod found marking the southeast corner of that certain called 60.3368-acre tract of land described in a Cash Warranty Deed to Varughese P. Samuel and wife, Remoni V. Samuel, as recorded in Volume 02002, Page 00062, O.P.R.R.C.T., then continuing along said common line with the easterly line of said Samuel tract, a total distance of 2,841.3-feet (1,613.15-feet - deed call) to a ½-inch iron rod found marking the northeast corner of said Samuel tract;

THENCE North 01 degrees 38 minutes 55 seconds West (North 00 degrees 08 minutes 06 seconds East - deed call), along the common westerly line of said 308 ON 276, L.P. tract and said approximate center of Rochell Road, a distance of 976.29-feet (2,166.70-feet - deed call) to the *POINT OF BEGINNING*.

CONTAINING within the metes recited 316.315-acres (13,778,692 square feet) of land, more or less, of which a portion lies within Rochell Road.

PD Development Standards

A. PURPOSE

The Discovery Lakes Subdivision is located at the northeast corner of the intersection of SH-276 and Rochell Road. The *Subject Property* is a short walk or bike ride from the Rockwall Technology Park. The Discovery Lakes Subdivision will be a master planned residential neighborhood that will incorporate two (2) lakes, several acres of open space and ~3.8-miles of hiking/jogging/biking trails. The master plan calls for 507 single-family homes. There will be several view corridors strategically placed within the subdivision along with *front loaded* lots to provide for the enjoyment of the open space. A boulevard with 85-feet of right-of-way will connect SH-276 and Discovery Boulevard. The boulevard will have a 14-foot landscape median and a 25-foot travel lane on each side of the street. The residential streets will be 29-feet back-to-back, with a 10½-foot parkway on each side for a total of 50-feet of right-of-way. A *Community Center* with a pool will be provided to add increased amenity for the subdivision. Additionally, the proposed development will incorporate nine (9) acres of commercial space that will be located at the hard corner of SH-276 and Rochell Road. This area will allow for neighborhood service types of uses and eating establishments. A maximum of one (1) hotel planned to service the needs of the subdivision and the Rockwall Technology Park. A 55-acre area adjacent to the northern lake will be dedicated as public parkland to serve Park District No. 31. The Discovery Lakes Subdivision will be a benefit to the community, allowing citizens of all ages the opportunity to live, work, and play in a connected master planned community.

B. GENERAL REQUIREMENTS

Development Standards.

1. *Permitted Uses.* The following uses are permitted on the *Subject Property* in accordance with the *Concept Plan* depicted in *Exhibit 'C'* of this ordinance.

    (a) Residential Uses. Unless specifically provided by this Planned Development ordinance, only those uses permitted within the Single Family 10 (SF-10) District, as stipulated by the *Permissible Use Charts* contained in Article IV, *Permissible Uses*, of the Unified Development Code (UDC), shall be allowed for areas designated as *residential* on the *Concept Plan*.

    (b) Non-Residential. Unless specifically provided by this Planned Development ordinance, only those uses permitted within the General Retail (GR) District, as stipulated by the *Permissible Use Charts* contained in Article IV, *Permissible Uses*, of the Unified Development Code (UDC), shall be allowed for areas designated as *commercial* on the *Concept Plan*; however, the following conditions shall apply:

        (i) The following additional uses shall be permitted as *by-right* uses on the *Subject Property*:

        ☑ Hotel, Hotel (*Full Service*) or Motel (*With a Maximum Height of Four [4] Stories)* [1]
        ☑ Restaurant (*with Drive-Through or Drive-In*) [2]
        ☑ Retail Store (*with more than two [2] Gasoline Dispensers*)

        Notes:
        [1]: A maximum of one (1) hotel/motel shall be permitted with this Planned Development District. The height requirement of four (4) stories is permitted to exceed 36-feet, but in no case shall exceed 60-feet.
        [2]: A maximum of three (3) restaurants (despite the size of the restaurant) shall be permitted within this Planned Development District.

(ii) The following uses shall be prohibited on the *Subject Property*:

- ☑ Convent or Monastery
- ☑ Hotel, Residence
- ☑ Cemetery/Mausoleum
- ☑ Mortuary of Funeral Chapel
- ☑ Social Service Provider
- ☑ Billiard Parlor or Pool Hall
- ☑ Carnival, Circus, or Amusement Ride
- ☑ Commercial Amusement/Recreation (*Outside*)
- ☑ Gun Club, Skeet or Target Range (*Indoor*)
- ☑ Astrologer, Hypnotist, or Psychic Art and Science
- ☑ Garden Supply /Plant Nursery
- ☑ Night Club, Discotheque, or Dance Hall
- ☑ Secondhand Dealer
- ☑ Car Wash, Self Service
- ☑ Mining and Extraction (Sand, Gravel, Oil and/or Other)
- ☑ Helipad
- ☑ Railroad Yard or Shop
- ☑ Transit Passenger Facility

2. *Non-Residential Development.* The area designated as *commercial* on the *Concept Plan* depicted in *Exhibit 'C'* of this ordinance shall be designed to be pedestrian-oriented, easily accessible, and integrated into the general design scheme of the adjacent neighborhood. This can be accomplished by removing the traditional barriers utilized to separate commercial and residential developments (*e.g. screening walls*) and incorporating landscape buffers/elements (*e.g. greenspace, parkways, and etcetera*) and urban design elements (*e.g. pathways, pergolas, and etcetera*) that can create compatibility with the adjacent single-family neighborhood. To better achieve this goal and in addition to the requirements of Section 4.1, *General Commercial District Standards*, and Section 6.14, *SH-276 Corridor Overlay (SH-276 OV) District*, of Article V, *District Development Standards*, of the Unified Development Code, all commercial development shall be required to adhere to the following supplemental standards:

   (a) Retail Landscape. Landscaping shall be reviewed and approved with the PD Site Plan. All Canopy/Shade Trees planted within the retail development shall be a minimum of four (4) caliper inches in size and all *Accent/Ornamental/Under-Story Trees* shall be a minimum of four (4) feet in total height unless otherwise provided within this document.

   (b) Retail Landscape Buffers. All landscape and plantings located within the buffers shall be maintained by the property owner.

      (1) Landscape Buffer (Residential Adjacency). Where residential and retail uses share a direct adjacency, a minimum of a 30-foot landscape buffer shall be provided by the retail property adjacent to the residential property. This area shall incorporate ground cover, a *built-up* berm and shrubbery along the entire length of the adjacency. This area should also incorporate pedestrian-oriented design elements (*e.g. pathways*) that allow access between the two (2) uses. Shrubbery utilized in this area shall have a minimum height of 30-inches and a maximum height of 48-inches. Additionally, trees should be incorporated in this area to break up the façades of any commercial buildings.

      (2) Landscape Buffer and Sidewalks (SH-276). A minimum of a 15-foot landscape buffer shall be provided along the frontage of SH-276, and shall incorporate ground cover,

a *built-up* berm and/or shrubbery or a combination thereof along the entire length of the frontage. Berms and/or shrubbery shall have a minimum height of 30-inches and a maximum height of 48-inches. In addition, at least three (3) canopy trees and four (4) accent trees shall be planted per 100-feet of linear frontage. All buffer-strip planting requirements shall conform to the requirements of Section 6.14, *SH-276 Corridor Overlay (SH-276 OV) District*, of Article V, *District Development Standards*, of the Unified Development Code.

(3) *Landscape Buffer (Rochell Road Retail).* A minimum of a 20-foot landscape buffer shall be provided along the frontage of Rochell Road (*outside of and beyond any required right-of-way dedication*), and shall incorporate ground cover, a *built-up* berm and/or shrubbery or a combination thereof along the entire length of the frontage. Berms and/or shrubbery shall have a minimum height of 30-inches and a maximum height of 48-inches. In addition, at least three (3) canopy trees and four (4) accent trees shall be planted per 100-feet of linear frontage.

(c) *Sidewalks.*

i) *Sidewalk Adjacent to Rochell Road and SH-276.* The developer shall be responsible for the construction of a five (5) foot sidewalk that meanders through the required 20-foot landscape buffer adjacent to Rochell Road and SH-276.

3. *Residential Development Standards.* Except as modified by these *Development Standards*, the residential uses depicted in *Exhibit 'C'* of this ordinance shall be subject to the development standards for a Single Family 10 (SF-10) District as stipulated by Section 3.1, *General Residential District Standards*; Section 3.4, *Single-Family Residential (SF-10) District*; and Section 6.14, *SH-276 Corridor Overlay (SH-276 OV) District*, of Article V, *District Development Standards*, of the Unified Development Code. In addition, all residential development shall adhere to the following standards:

(a) *Lot Composition and Layout.* The lot layout and composition of the *Subject Property* shall generally conform to the *Concept Plan* depicted in *Exhibit 'C'* and stated in *Table 1* below. Allowances for changes to the quantity and locations of each lot type are permitted in conformance with the requirements listed below; however, in no case shall the proposed development exceed 507 units.

Table 1: Lot Composition

Lot Type	*Minimum Lot Size (FT)*	*Minimum Lot Size (SF)*	*Dwelling Units (#)*	*Dwelling Units (%)*
A	80' x 120'	9,600 SF	121	23.87%
B	70' x 110'	7,700 SF	127	25.05%
C	60' x 110'	6,600 SF	259	51.08%
		Maximum Permitted Units:	*507*	*100.00%*

The allocation of single-family dwellings among lot types may deviate from *Table 1* provided that the proposed lot composition meets the following criteria:

(1) The total number of lots does not exceed 525 units; and,
(2) The average lot size for the total development is not less than 7,500 SF (*i.e. total square footage of all lots/total number of lots*); and,
(3) *Lot Type "A"* shall not be decrease below 115 lots; and,
(4) *Lot Type "B"* shall not be decreased below 23% of the total 507 lots; and,
(5) *Lot Type "C"* shall not be increased beyond 55% of the total 507 lots.

(b) *Density and Dimensional Requirements.* The maximum permissible density for the *Subject Property* shall not exceed 1.70 dwelling units per gross acre of land; however, in no case should the proposed development exceed 507 units. All lots shall conform to the standards depicted in *Table 2* below and generally conform to *Exhibit 'C'* of this ordinance.

Table 2: Lot Dimensional Requirements

Lot Type (see Concept Plan) ►	A	B	C
Minimum Lot Width [1] & [5] & [7]	80'	70'	60'
Minimum Lot Depth	120'	110'	110'
Minimum Lot Area	9,600 SF	7,700 SF	6,600 SF
Minimum Front Yard Setback [2] & [6]	20'	20'	20'
Minimum Side Yard Setback	6'	5'	5'
Minimum Side Yard Setback (Adjacent to a Street) [2]	15'	15'	15'
Minimum Length of Driveway Pavement	20'	20'	20'
Maximum Height [3]	36'	36'	36'
Minimum Rear Yard Setback [4]	15'	10'	10'
Minimum Area/Dwelling Unit (SF) [Air Conditioned Space]	2,800 SF	2,250 SF	2,000 SF
Garage Orientation	J-Swing or Front	J-Swing or Front	J-Swing or Front
Maximum Number of Front Entry Garages Permitted	48	42	173
Maximum Lot Coverage	65%	65%	65%

General Notes:

[1]: The minimum lot width shall be measured at the *Front Yard Building Setback*.

[2]: The location of the *Front Yard Building Setback* as measured from the front property line.

[3]: The *Maximum Height* shall be measured to the eave or top plate (whichever is greater) of the single family home.

[4]: As measured from the rear yard property line.

[5]: Lots fronting onto a curvilinear street, cul-de-sac or eyebrow may have the lot width reduced by up to 20% as measured at the front property line provided that the lot width is met at the front building line. Additionally, the lot depth on lots fronting onto curvilinear streets, cul-de-sacs and eyebrows maybe reduced by up to ten (10%) percent, but shall meet the minimum lot size for each lot type.

[6]: Sunrooms, porches, stoops, bay windows, balconies, masonry clad chimneys, eaves and similar architectural features may encroach beyond the Front Yard Building Setback by up to ten (10) feet for any property that increases the Front Yard Building Setback to 20-feet; however, the encroachment shall not exceed five (5) feet on Side Yard Setbacks (Adjacent to a Street) and shall not encroach into public right-of-way [a Sunroom is an enclosed room no more than 15-feet in width that has glass on at least 50% of each of the encroaching faces].

[7]: All lots with a *J-Swing* or *Traditional Swing* driveway require a minimum of a 65-foot lot width.

(c) *Building Standards.* All development shall adhere to the following building standards:

(1) *Masonry Requirement.* The minimum masonry requirement for the exterior façades of all buildings shall be 80%. For the purposes of this ordinance the masonry requirement shall be limited to full width brick, natural stone, and cultured stone. Cementaceous fiberboard horizontal lap-siding (*e.g. HardiBoard or Hardy Plank*) and/or stucco (*i.e. three [3] part stucco or a comparable -- to be determined by staff*) shall be permitted to be used to meet up to 50% of the masonry requirement.

(2) *Roof Pitch.* A minimum of an *8:12* roof pitch is required on all structures with the exception of porches, which shall have a minimum of a *4:12* roof pitch.

(3) *Garage Orientation.* Garages shall be provided as stipulated by *Table 2: Lot Dimensional Requirements*. Garages permitted for front entry maybe oriented

toward the street; however, the front façade of the garage must be situated a minimum of 20-feet off the front property line. All front entry garages shall incorporate an architectural element or feature separating the individual garage openings. *Swing*, *Traditional Swing* or *J-Swing* garages are permitted to have a second single garage door facing the street as long as it is behind the width of the double garage door situated in the *Swing* configuration.

(d) Anti-Monotony Restrictions. The development shall adhere to the Anti-Monotony Matrix depicted in *Table 3* below (*for spacing requirements see the illustration on the following page*).

Table 3 : Anti-Monotony Matrix

Lot Type	*Minimum Lot Size*	*Elevation Features*
A	80' x 120'	(1), (2), (3)
B	70' x 110'	(1), (2), (3)
C	60' x 110'	(1), (2), (3)

(1) Identical brick blends or paint colors may not occur on adjacent (*side-by-side*) properties along any block face without at least four (4) intervening homes of differing materials on the same side of the street beginning with the adjacent property and two (2) intervening homes of differing materials on the opposite side of the street.

(2) Front building elevations shall not repeat along any block face without at least four (4) intervening homes of differing appearance on the same side of the street and two (2) intervening homes of differing appearance on the opposite side of the street. The rear elevation of homes backing to open spaces or on SH-276 shall not repeat without at least five (5) intervening homes of differing appearance. Homes are considered to have a differing appearance if any of the following two (2) items deviate:

(a) Number of Stories
(b) Permitted Encroachment Type and Layout
(c) Roof Type and Layout
(d) Articulation of the Front Façade

(3) Each phase of the subdivision will allow for a maximum of four (4) compatible roof colors, and all roof shingles shall be an architectural or dimensional shingle (*3-Tab Roofing Shingles are prohibited*).

See the Illustrations on the following page.

Illustration 1: Properties line up on the opposite side of the street. Where RED are the same.

Illustration 2: Properties do not line up on opposite side of the street. Where RED are the same.

(e) *Fencing Standards.* All individual residential fencing and walls shall be architecturally compatible with the design, materials and colors of the primary structure on the same lot, and meet the following standards:

(1) *Wood Fences*. All wood fences shall be constructed of a standard fencing material (*minimum of ½" thickness or better; spruce fencing will not be allowed*), and use fasteners that are hot dipped galvanized or stainless steel. Wood fences facing onto a street shall be painted and/or stained and sealed with all pickets being placed on the *public side* facing the street. All wood fences shall be smooth-finished, free of burs and splinters, and be a maximum of eight (8) feet in height.

(2) *Wrought Iron/Tubular Steel*. Lots located along the perimeter of roadways, abutting open spaces, greenbelts and parks shall be required to install a wrought iron or tubular steel fence. Wrought iron/tubular steel fences can be a maximum of eight (8) feet in height.

(3) *Corner Lots*. Corner lots fences (*i.e. adjacent to the street*) shall provide masonry columns at 45-feet off center spacing that begins at the rear of the property line. A maximum of eight (8) foot solid *board-on-board panel* fence constructed utilizing cedar fencing shall be allowed between the masonry columns along the side and/or rear lot adjacent to a street. In addition, the fencing shall be setback from the side property line adjacent to a street a minimum of five (5) feet. The property owner shall be required to maintain both sides of the fence.

(4) *Solid Fences (including Wood Fences)*. All solid fences shall incorporate a decorative top rail or cap detailing into the design of the fence.

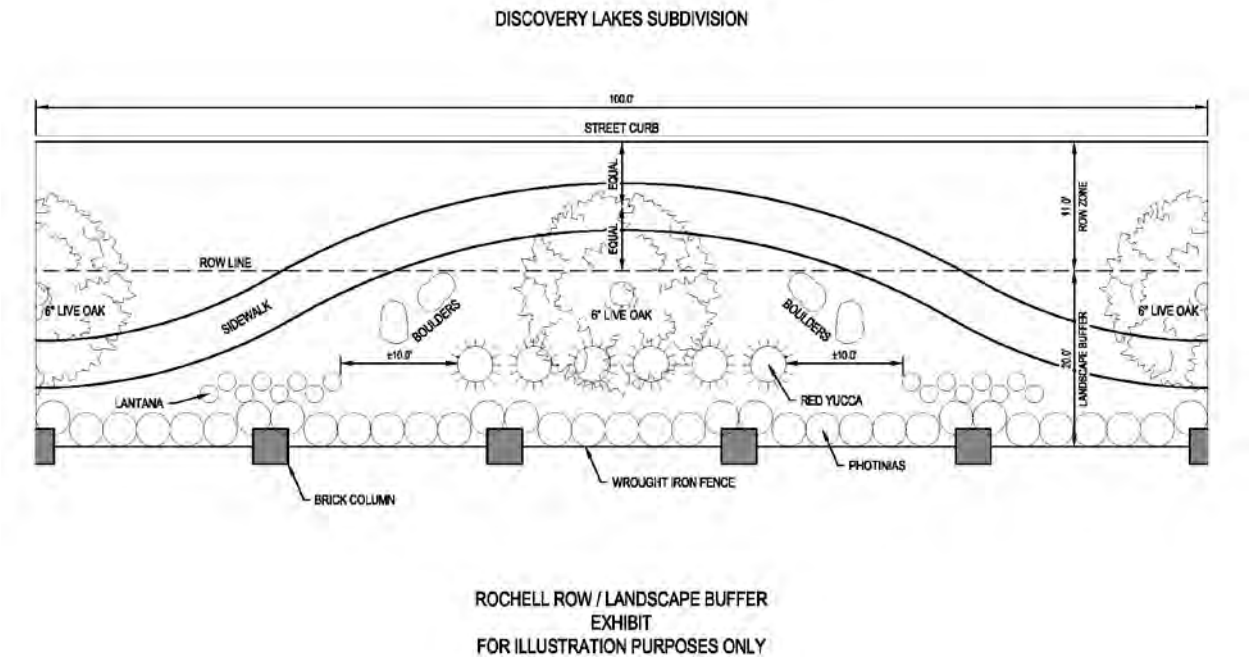
(f) Landscape and Hardscape Standards.

(1) *Residential Landscape.* Landscaping shall be reviewed and approved with the PD Site Plan. All *Canopy/Shade Trees* planted within the residential development shall be a minimum of three (3) caliper inches in size and all *Accent/Ornamental/Under-Story Trees* shall be a minimum of four (4) feet in total height unless otherwise provided within this document.

(2) *Single Family Landscaping.* Prior to the issuance of a Certificate of Occupancy (CO) all single-family lots shall conform to the following:

i) Interior Lots. All interior lots shall include a minimum of two (2) trees with a diameter at breast height (dbh) [*i.e. the diameter in inches of a tree as measured through the main trunk at a point of four and one-half (4½) inches above the natural ground level*] of three (3) inches shall be planted in the front yard, and two (2) additional trees of the same caliper inch shall be planted in the side yard facing the street for corner lots.

Note: For the purposes of this section only, the term "front yard" includes the area within the dedicated right-of-way for a parkway immediately adjoining the front yard of the lot.



ii) Corner Lots. All corner lots shall include a minimum of two (2) trees with a diameter at breast height (dbh) [*i.e. the diameter in inches of a tree as measured through the main trunk at a point of four and one-half (4½) inches above the natural ground level*] of three (3) inches shall be planted in the front yard of an interior lot.

(3) *Landscape Buffers.* All landscape buffers and plantings located within the buffers shall be maintained by the Homeowner's Association (HOA).

(a) Landscape Buffer and Sidewalks (Discovery Boulevard). A minimum of a 15-foot landscape buffer shall be provided along the frontage of Discovery Boulevard, and shall incorporate ground cover, a *built-up* berm and/or shrubbery or a combination thereof along the entire length of the frontage. Berms and/or shrubbery shall have a minimum height of 30-inches and a maximum height of 48-inches. In addition, at least one (1) canopy tree shall be planted per 30-feet of linear frontage.

(b) Landscape Buffer (Rochell Road). A minimum of a 20-foot landscape buffer shall be provided along the frontage of Rochell Road (*outside of and beyond any required right-of-way dedication*), and shall incorporate ground cover, a *built-up* berm and/or shrubbery or a combination thereof along the entire length of the frontage. Shrubbery shall have a minimum height of 30-inches and a maximum height of 48-inches. In addition, at least three (3) canopy trees and four (4) accent trees shall be planted per 100-feet of linear frontage. The landscape buffer along Rochell Road shall general conform to the following illustration [*i.e. Illustration 3]*.

Illustration 3: Landscape Buffer along Rochell Road.

(c) *Landscape Buffer (SH-276).* A minimum of a 25-foot landscape buffer shall be provided along the frontage of SH-276, and shall incorporate ground cover, a *built-up* berm and/or shrubbery or a combination thereof along the entire length of the frontage. Shrubbery shall have a minimum height of 30-inches and a maximum height of 48-inches. In addition, at least three (3) canopy trees and four (4) accent trees shall be planted per 100-feet of linear frontage. In addition, all buffer-strip planting requirements shall conform to the requirements of Section 6.14, *SH-276 Corridor Overlay (SH-276 OV) District*, of Article V, *District Development Standards*, of the Unified Development Code (*i.e. minimum four [4] inch caliper trees required*).

(4) *Irrigation Requirements*. Irrigation shall be installed for all required landscaping located within common areas, landscape buffers and/or open space. Irrigation installed in these areas shall be designed by a Texas licensed irrigator or landscape architect and shall be maintained by the Homeowner's Association (HOA).

(5) *Hardscape.* Hardscape plans indicating the location of all sidewalks and trails shall be reviewed and approved with the PD Site Plan.

(g) Lighting. Light poles shall not exceed 20-feet in total height (*i.e. base and lighting standard*). All fixtures shall be directed downward and be positioned to contain all light within the development area.

(h) Sidewalks.

i) Internal Sidewalks. All sidewalks adjacent to an interior residential street shall begin 5½-feet from the back of curb and be five (5) feet in overall width.

ii) *Sidewalks Adjacent to Rochell Road and Discovery Boulevard.* All sidewalks adjacent Rochell Road and Discovery Boulevard shall begin two (2) feet inside the right-of-way line and be five (5) feet in overall width.

(i) Open Space. The development shall consist of a minimum of 20% open space as calculated from the gross land area, and generally conform to the *Concept Plan* contained in *Exhibit 'C'* of this ordinance. Existing floodplain shall be counted at a rate of ½-acre for every acre provided (*e.g., 10-acres of floodplain would count as 5-acres of open space*). The Homeowner's Association (HOA) shall maintain all open space areas.

(j) Neighborhood Signage. Permanent subdivision identification signage shall be permitted at all major entry points for the proposed subdivision. Final design and location of any entry features shall be reviewed and approved with the *PD Site Plan*.

(k) Community Center. A site plan, landscape plan and building elevations shall be required for the proposed *Community Center* and shall be subject to site plan approval by the Planning and Zoning Commission prior to construction.

(l) Homeowner's Association (HOA). A Homeowner's Association shall be created to enforce the restrictions established in accordance with the requirements of *Section 38-15* of the Subdivision Regulations contained within the *Municipal Code of Ordinances* of the City of Rockwall. The HOA shall also maintain all neighborhood parks, trails, open space and common areas, irrigation, landscaping, amenity centers, screening fences associated with this development.

4. Buried Utilities. New distribution power-lines required to serve the *Subject Property* shall be placed underground, whether such lines are located internally or along the perimeter of the *Subject Property*, unless otherwise authorized by the City Council. New transmission power-lines, or distribution lines of a size not typically or cost effectively placed underground (*3-phase lines*), or additional lines that are added to existing poles, may be above ground, if located along the perimeter of the *Subject Property*. The Developer shall not be required to re-locate existing overhead power-lines along the perimeter of the *Subject Property*. Temporary power-lines constructed across undeveloped portions of the *Subject Property* to facilitate development phasing and looping may be allowed above ground, but shall not be considered existing lines at the time the area is developed, and if they are to become permanent facilities, such lines shall be placed underground pursuant to this paragraph. Franchise utilities shall be placed within a ten (10) foot public utility easement behind the sidewalk, between the home and the property line.

5. *Variances*. The variance procedures and standards for approval that are set forth in the Unified Development Code shall apply to any application for variances to this ordinance.

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 08/17/2015

APPLICANT: David Smith, *Rockwall Housing Development Corporation*

AGENDA ITEM: **MIS2015-004**; *Manufactured Home Replacement (142 Rene Drive)*

SUMMARY:

Discuss and consider the approval of a special request by David Smith on behalf of the owner Jose Contreras for a waiver to the Manufactured Home Replacement Minimum Standards as set forth in Exhibit 'C' of Planned Development District 75 (PD-75) [*Ordinance No. 09-37*] to allow a new manufactured home to be located within the floodplain on a 0.17-acre property identified as Lot 1376, Rockwall Lake Estates #2, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 75 (PD-75) for Single Family-7 (SF-7) District land uses, located at 142 Rene Drive, and take any action necessary.

CHARACTERISTICS OF REQUEST:

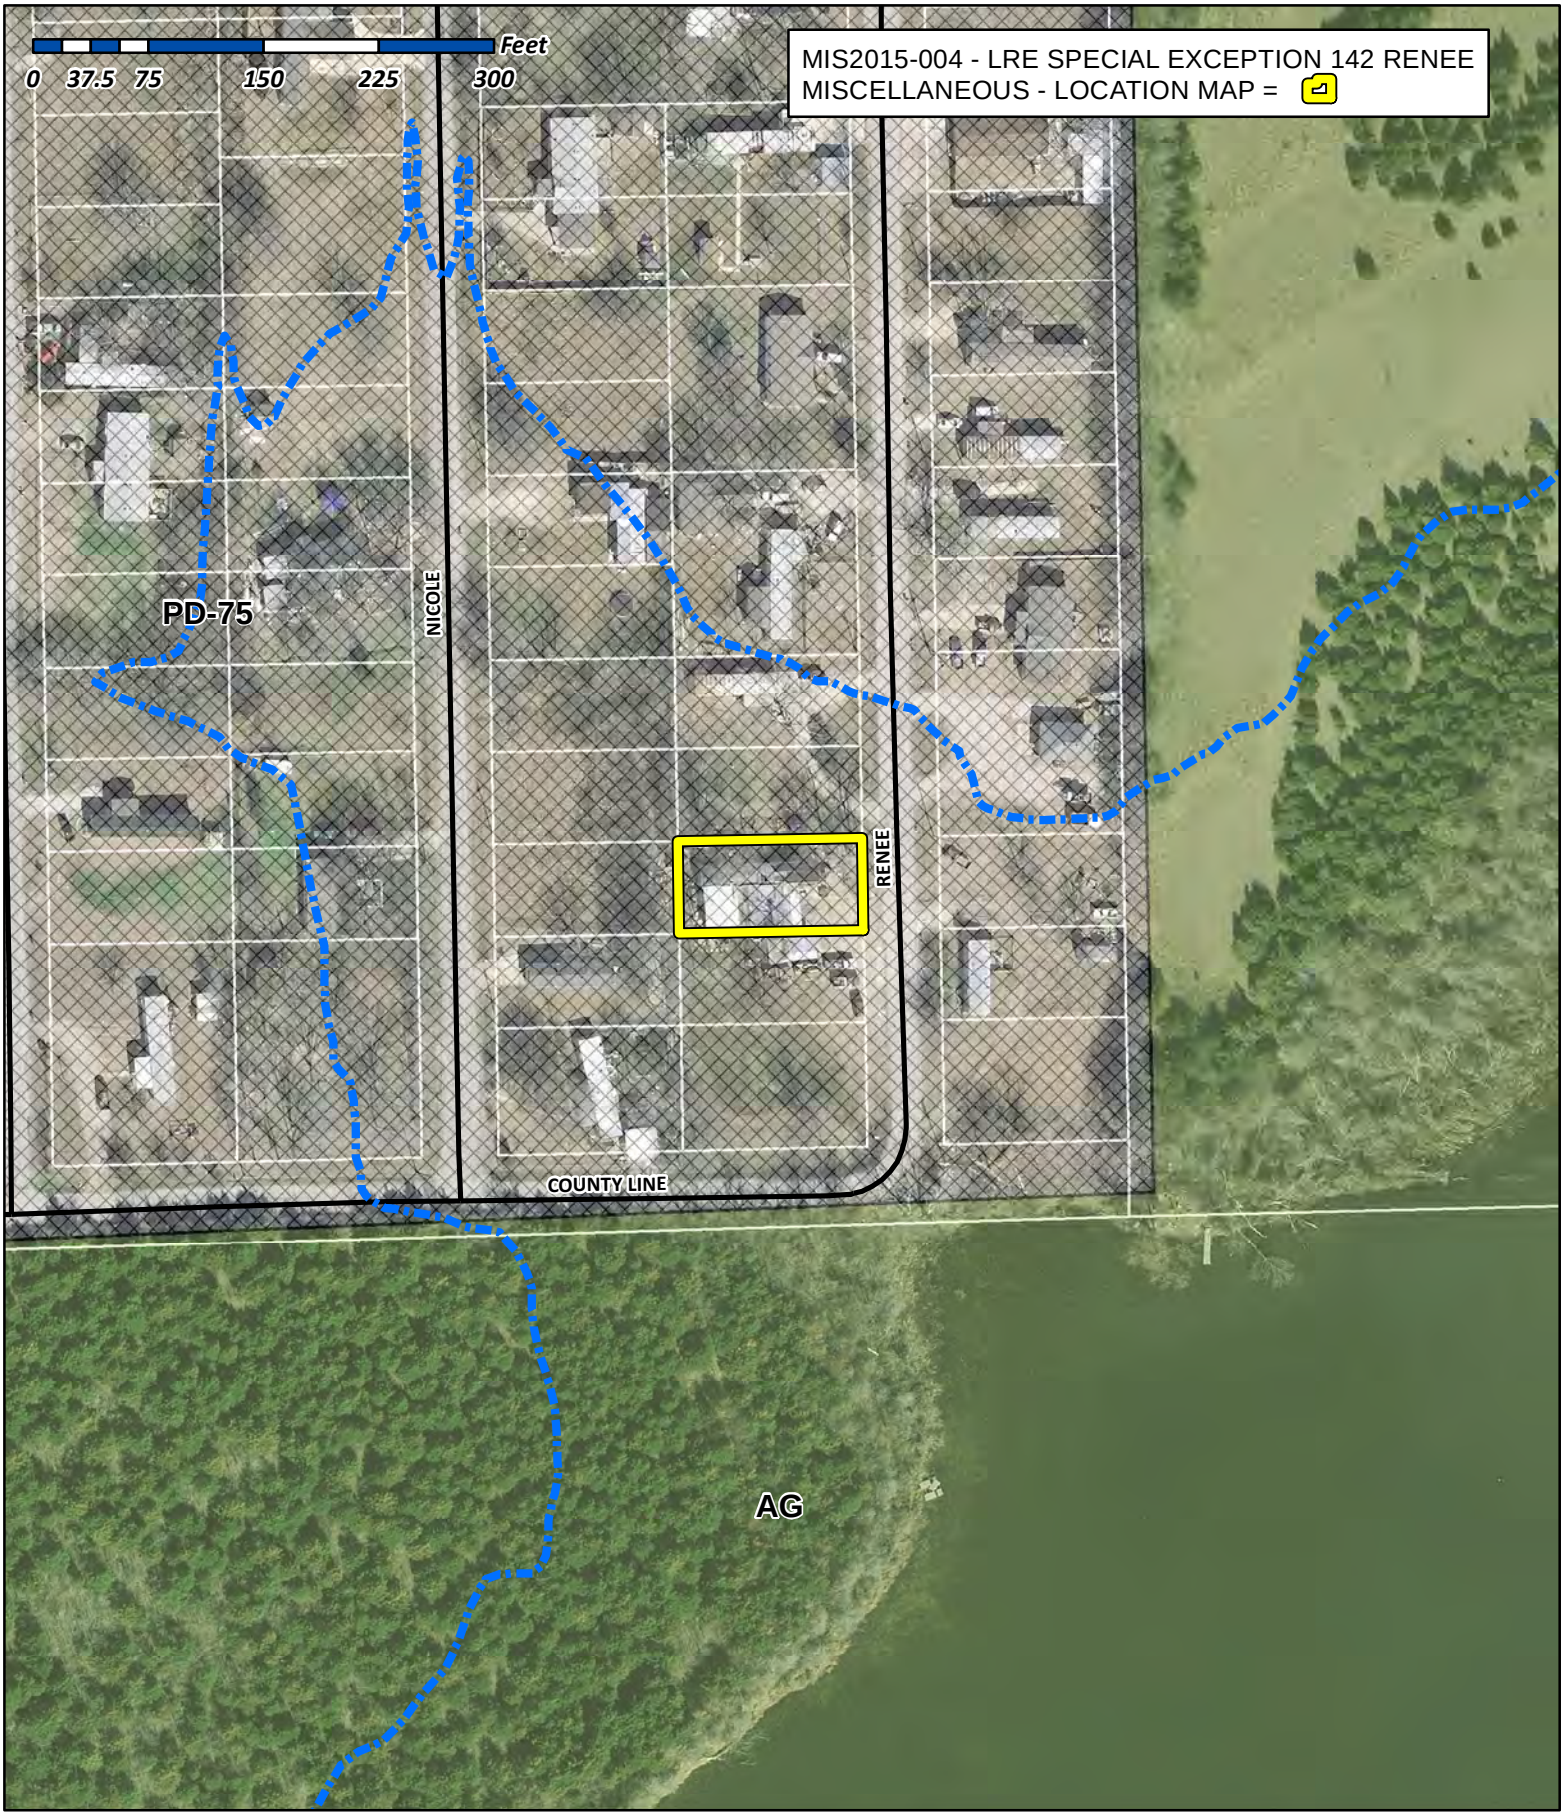
On behalf of the owner the applicant, David Smith with the Rockwall Housing Development Corporation (RHDC), has submitted a special request to the requirements stipulated for *Manufactured Home Replacement Minimum Standards* outline in *Exhibit 'C'* of Planned Development District 75 (PD-75) [*Ordinance No. 09-37*]. According to this section, if an existing property has a manufactured home situated on it then the property owner is eligible for a one (1) time replacement of said manufactured home pending the replacement home meets the following criteria:

1) The replacement manufactured home shall be permanently affixed to a concrete foundation.
2) The replacement manufactured home shall have a minimum of a 3:12 roof pitch.
3) The replacement manufactured home shall be constructed of a minimum of 90% masonry materials on the exterior of the structure (excluding windows and doors; including the skirting material). This includes Hardiboard lap siding, "Cemplank" lap siding, or a similar cementaceous durable lap siding material that has a minimum width of 6¼-inches.
4) The replacement manufactured home shall be a newer manufactured home and contain at least the same living space/square footage as the previous manufactured home.

The property at 142 Rene Drive currently has an older manufactured home on the subject property that sustained considerable damage with the flooding in Lake Rockwall Estates earlier this spring (*see attached Inspection Report in the attached packet*). The RHDC did attempt to allow the applicant to build on land owned by the RHDC, but according to Mr. Smith's email this proved to be economically infeasible. At this point, the property at 142 Rene Drive is eligible for a one (1) time replacement subject to the requirements listed above; however, the property is located within the 100-year floodplain and does not meet the fire hydrant coverage requirements (*see staff's comments in the attached packet*). Mr. Smith has indicated that the RHDC is willing to assist the owner of the property in removing the existing manufactured home and securing a new manufactured home that will meet all the above mentioned criteria with the exception of the masonry requirements; however, in doing this he is asking that the City Council grant the following waivers/variances: 1) waiver of the masonry requirements, 2) allow construction within a 100-year floodplain, and 3) grant a variance to the fire hydrant coverage requirements. To off-

set construction within the floodplain Mr. Smith has stated that the new manufactured home will be on a 24-inch engineered manufactured home foundation (the flooding was measured at 18-20 inches). The finished floor elevation of the property is estimated to be around 516'-518', approximately four (4) to six (6) feet below the 100-year floodplain elevation (~522'). With this being said it should be mentioned that the applicant does have the ability to rehabilitate the current structure, which would exempt him from all the waivers and variances requested.

According to Section C, *Consideration of Special Request*, of *Exhibit 'C'* of PD-75, the City Council may consider special requests on a case-by-case basis for properties located within the Lake Rockwall Estates subdivision pending a recommendation from the Planning and Zoning Commission. The approval of any special request shall preempt any other underlying zoning restrictions stipulated by the zoning ordinance. Additionally, City Council does have the authority to grant a waiver/variance for allowing a manufactured home to be placed on the subject property.



RECOMMENDATIONS:

If the Planning & Zoning Commission and City Council choose to approve the applicant's request staff would recommend the following conditions:

1) Any construction or building allowed by this request must conform to the requirements set forth by the Unified Development Code, the 2009 International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION:

On August 11, 2015, the Planning and Zoning Commission approved a motion to recommend approval of the special request by a vote of 4-2, with Commissioners Logan and Jusko dissenting and Commissioner Fishman absent.

(8/7/2015 10:45 AM AW)
The appeals board (i.e. City Council) has the authority to hear the request to allow removal and replacement of a mobile home in the existing floodplain of the Little Buffalo Creek floodplain on Renee Drive. It is Staff's understanding that the applicant is requesting to remove the existing structure and place a new mobile home at the same location below the 100 year water surface elevation. To be in compliance with the City's Floodplain and Stormwater Ordinance, this structure would need to be raised approximately eight feet from the current structure elevation.

Staff cannot support the request due to its non-compliance with our ordinance. When the City joined the National Flood Insurance Program, requirements were established to prevent developments and structures from being placed in a designated floodplain. The purpose is to reduce/eliminate repetitive losses and potential loss of life caused by flood events throughout the year.

Subject: Request for Approval of Trailer Exchange in Lake Rockwall Estates

Dear Robert:

Didn't want you to cancel your email before getting on more action item prior to your retirement!

As we discussed, the Rockwall Housing Development Corporation is seeking to assist Jose Contreras and his wife with the replacement of their home that was flooded this spring. The home was and

still is located at 142 Rene Drive, Rockwall, Texas. Mr. and Mrs. Contreras need to replace the home that was flooded. It is an old 1980 mobile home, 75 x 15.

We have discussed various solutions with them. They own the property on Rene. He has a shop there where he keeps his equipment for his lawn mowing business. He has slept there in his truck to prevent theft of any of his personal property.

The trailer they lived in would require new interior walls, new floors, new insulation, new paint, probably new a/c and much more. We have talked about them building on RHDC land, but that is not economically feasible. We need to do the one time replacement the city conditionally allows for these structures.

We propose that the trailer be torn out by the city's contractor who has done such services in the past. It is my understanding the board of RHDC will help with the costs in this regard. Next, we will assist the Contreras' in obtaining a replacement trailer, newer and larger. Here is where we will need a variance from the Council:

a. The property is in flood plain. The flood water came up 18" in the home. We can raise the foundation of the new structure by 24" on an engineered mobile home foundation, but need approval to proceed.
b. The new home will be larger and younger that the old one; but it will not have Hardee Board siding. We will need a variance for that.

These are the two primary areas where we will need city approval before commencing. I ask that the Planning and Zoning Committee take note that, but for the flooding, the old trailer would still be there. Also, the Contreras' technically have the option to renovate the old trailer, which in my opinion will result in a much less desirable situation that what we propose.

Could you please put this on the agenda for the August 11 work session for the Committee so we can start the process of getting this to council?

Thank you for your efforts. I hope I timed this to be your last act before retirement. Best of luck and know you will be missed.

Yours truly,

G. David Smith

PROPERTY INSPECTION REPORT

Prepared For: City of Rockwall, jwidmer@rockwall.com

Concerning: 142 Renee Dr, Rockwall, TX 75032

By: Uriah Shockley TREC # 9413 06/10/2015
(Name and License Number of Inspector) (Date)

PURPOSE, LIMITATIONS AND INSPECTOR / CLIENT RESPONSIBILITIES

This property inspection report may include an inspection agreement (contract), addenda, and other information related to property conditions. If any item or comment is unclear, you should ask the inspector to clarify the findings. It is important that you carefully read ALL of this information.

This inspection is subject to the rules ("Rules") of the Texas Real Estate Commission ("TREC"), which can be found at www.trec.texas.gov.

The TREC Standards of Practice (Sections 535.227-535.233 of the Rules) are the minimum standards for inspections by TREC licensed inspectors. An inspection addresses only those components and conditions that are present, visible, and accessible at the time of the inspection. While there may be other parts, components or systems present, only those items specifically noted as being inspected were inspected. The inspector is NOT required to turn on decommissioned equipment, systems, utility services or apply an open flame or light a pilot to operate any appliance. The inspector is NOT required to climb over obstacles, move furnishings or stored items. The inspection report may address issues that are code-based or may refer to a particular code; however, this is NOT a code compliance inspection and does NOT verify compliance with manufacturer's installation instructions. The inspection does NOT imply insurability or warrantability of the structure or its components. Although some safety issues may be addressed in this report, this inspection is NOT a safety/code inspection, and the inspector is NOT required to identify all potential hazards.

In this report, the inspector shall indicate, by checking the appropriate boxes on the form, whether each item was inspected, not inspected, not present or deficient and explain the findings in the corresponding section in the body of the report form. The inspector must check the Deficient (D) box if a condition exists that adversely and materially affects the performance of a system or component or constitutes a hazard to life, limb or property as specified by the TREC Standards of Practice. General deficiencies include inoperability, material distress, water penetration, damage, deterioration, missing components, and unsuitable installation. Comments may be provided by the inspector whether or not an item is deemed deficient. The inspector is not required to prioritize or emphasize the importance of one deficiency over another.

Some items reported may be considered life-safety upgrades to the property. For more information, refer to Texas Real Estate Consumer Notice Concerning Recognized Hazards or Deficiencies below.

THIS PROPERTY INSPECTION IS NOT A TECHNICALLY EXHAUSTIVE INSPECTION OF THE STRUCTURE, SYSTEMS OR COMPONENTS. The inspection may not reveal all deficiencies. A real estate inspection helps to reduce some of the risk involved in purchasing a home, but it cannot eliminate these risks, nor can the inspection anticipate future events or changes in performance due to changes in use or occupancy. It is recommended that you obtain as much information as is available about this property, including any seller's disclosures, previous inspection reports, engineering reports, building/remodeling permits, and reports performed for or by relocation companies, municipal inspection departments, lenders, insurers, and appraisers. You should also attempt to determine whether repairs, renovation, remodeling, additions, or other such activities have taken place at this property. It is not the inspector's responsibility to confirm that information obtained from these sources is complete or accurate or that this inspection is consistent with the opinions expressed in previous or future reports.

ITEMS IDENTIFIED IN THE REPORT DO NOT OBLIGATE ANY PARTY TO MAKE REPAIRS OR TAKE OTHER ACTIONS, NOR IS THE PURCHASER REQUIRED TO REQUEST THAT THE SELLER TAKE ANY ACTION. When a deficiency is reported, it is the client's responsibility to obtain further evaluations and/or cost estimates from qualified service professionals. Any such follow-up should take place prior to the expiration of any time limitations such as option periods

I	NI	NP	D	Inspection Item

Evaluations by qualified tradesmen may lead to the discovery of additional deficiencies which may involve additional repair costs. Failure to address deficiencies or comments noted in this report may lead to further damage of the structure or systems and add to the original repair costs. The inspector is not required to provide follow-up services to verify that proper repairs have been made.

Property conditions change with time and use. For example, mechanical devices can fail at any time, plumbing gaskets and seals may crack if the appliance or plumbing fixture is not used often, roof leaks can occur at any time regardless of the apparent condition of the roof, and the performance of the structure and the systems may change due to changes in use or occupancy, effects of weather, etc. These changes or repairs made to the structure after the inspection may render information contained herein obsolete or invalid. This report is provided for the specific benefit of the client named above and is based on observations at the time of the inspection. If you did not hire the inspector yourself, reliance on this report may provide incomplete or outdated information. Repairs, professional opinions or additional inspection reports may affect the meaning of the information in this report. It is recommended that you hire a licensed inspector to perform an inspection to meet your specific needs and to provide you with current information concerning this property.

TEXAS REAL ESTATE CONSUMER NOTICE CONCERNING HAZARDS OR DEFICIENCIES

Each year, Texans sustain property damage and are injured by accidents in the home. While some accidents may not be avoidable, many other accidents, injuries, and deaths may be avoided through the identification and repair of certain hazardous conditions. Examples of such hazards include:

- malfunctioning, improperly installed, or missing ground fault circuit protection (GFCI) devices for electrical receptacles in garages, bathrooms, kitchens, and exterior areas;
- Malfunctioning arc fault protection (AFCI) devices;
- Ordinary glass in locations where modern construction techniques call for safety glass;
- Malfunctioning or lack of fire safety features such as smoke alarms, fire-rated doors in certain locations, and functional emergency escape and rescue openings in bedrooms;
- Malfunctioning carbon monoxide alarms;
- Excessive spacing between balusters on stairways and porches;
- Improperly installed appliances;
- Improperly installed or defective safety devices; and
- Lack of electrical bonding and grounding.

To ensure that consumers are informed of hazards such as these, the Texas Real Estate Commission (TREC) has adopted Standards of Practice requiring licensed inspectors to report these conditions as “Deficient” when performing an inspection for a buyer or seller, if they can be reasonably determined.

These conditions may not have violated building codes or common practices at the time of the construction of the home, or they may have been “grandfathered” because they were present prior to the adoption of codes prohibiting such conditions. While the TREC Standards of Practice do not require inspectors to perform a code compliance inspection, TREC considers the potential for injury or property loss from the hazards addressed in the Standards of Practice to be significant enough to warrant this notice.

Contract forms developed by TREC for use by its real estate licensees also inform the buyer of the right to have the home inspected and can provide an option clause permitting the buyer to terminate the contract within a specified time. Neither the Standards of Practice nor the TREC contract forms require a seller to remedy conditions revealed by an inspection. The decision to correct a hazard or any deficiency identified in an inspection report is left to the parties to the contract for the sale or purchase of the home.

INFORMATION INCLUDED UNDER "ADDITIONAL INFORMATION PROVIDED BY INSPECTOR", OR PROVIDED AS AN ATTACHMENT WITH THE STANDARD FORM, IS NOT REQUIRED BY THE COMMISSION AND MAY CONTAIN CONTRACTUAL TERMS BETWEEN THE INSPECTOR AND YOU, AS THE CLIENT. THE COMMISSION DOES NOT REGULATE CONTRACTUAL TERMS BETWEEN PARTIES. IF YOU DO NOT UNDERSTAND THE EFFECT OF ANY CONTRACTUAL TERM CONTAINED IN THIS SECTION OR ANY ATTACHMENTS, CONSULT AN ATTORNEY

Promulgated by the Texas Real Estate Commission (TREC) P.O. Box 12188, Austin, TX 78711-2188 (512) 936-3000

I	NI	NP	D	Inspection Item

ADDITIONAL INFORMATION PROVIDED BY INSPECTOR

Flood inspection for manufactured home, single wide, 3 bedroom, 1 bath (2nd bathroom converted into closet)fireplace, detached garage and garage port, sunny, 93 degrees, standing water on two side of house and under house.

Home and garage appear to have been fully furnished, occupied, and all utilities on during time of flood with all family belonging in house and garage damaged or lost. Water mark for exterior wall from grade was 48" inches, water mark inside was measured from floor 21" inches with moisture wicked from walls to ceiling due to the duration structure was submerged under water. Water entered structure as high as 4" inches above windows ceils. Total replacement of floors, sub-floors, all interior wall sheetrock, insulation, ceiling sheet rock, appliances, Parts of HVAC system, and sink cabinets should be anticipated due to water damage.

Due to location (appears to be in a flood plain), age, construction and amount of water/flood damage the replacement of entire structure may be less expensive than taking on repairs. Any attempted replacement should be consulted with a structural engineer with an emphasis on grading and drainage for current location.

Correction: Grounding wire for interior breaker panel is not connected to grounding wire. Fix or repair by a licensed electrician,

I=Inspected NI=Not Inspected NP=Not Present D=Deficiency

I	NI	NP	D	Inspection Item

I. STRUCTURAL SYSTEMS

☑ ☐ ☐ ☑ **A. Foundations**

Type of Foundation(s): Metal trailer frame with wheels removed. Existing axle and bearings appear non functional due to age, rust and corrosion.

Comments:

The foundation is performing as intended at time of inspection, however;

Number and spacing of metal tie down straps are marginal with several missing, unsecured, and excessive slack in existing metal tie downs. Trailer frame should be leveled and tie down straps re-tightened by a qualified licensed manufacturer home installer. Fix or repair

Some piers visible under structure are sinking or leaning. Further investigation and repair needed.

Insulation under trailer frame is water damaged and falling off and needs to be removed. Fix or repair.

Some minor slopping of floors observed throughout house is common for structures of similar, age location and construction. Condition is not uncommon. Fix or repair,

Doors are out of square and can't close and lock properly. Fix or repair

Ventilation of the crawl space is insufficient for the amount of water damage and water contact with structure; a minimum one (1) square foot of free vent area should be provided for every five hundred (500) square feet of crawl space. Proper ventilation will help to control humidity and reduce the potential for rot. Recommend removing all siding so that crawl space can air out due to the amount of moisture (water) around and under house.

Note: Not all parts of crawl space were accessible due to high water underneath structure and large amount of personal belonging and debris around sides of home.

☑ ☐ ☐ ☑ **B. Grading & Drainage** *Comments:*

The lot appears to be at the bottom of a hill in a flood prone area. The general topography of the area is such that it will be difficult to control storm water from rising lake. Recommend a qualified licensed engineer evaluate property and remedies for repair to prevent future flood damage.

I	NI	NP	D	Inspection Item

Excessive amount of debris and personal belonging should be removed from sides of house to prevent the harboring of pests and vermin. Condition is also conducive to several varieties of venomous snakes.

Trees in contact with structure, leaning towards structure, or hanging over structure should be removed to prevent any further damage to structure due to the perils of nature.

☑ ☐ ☐ ☑ **C. Roof Covering Materials**

Type(s) of Roof Covering: Metal Roofing Material with several past repairs.
Viewed From: Inspected from drip edge with ladder.
Comments:

Roofing material is considered to be in poor condition.
Roofing material has signs of past repairs with temporary solutions. Further investigation warranted by a manufacturer home certified and/or licensed roofer for remedies for repair due to past water stains and recent water stains/mold on ceilings.
Roof appears to be leaking. Fix or repair.

☑ ☐ ☐ ☑ **D. Roof Structure & Attic**

Viewed From: Attic was not accessible.
Approximate Average Depth of Attic Insulation: Undetermined
Approximate Average Thickness of Vertical Insulation: 3"-4" inches rolled insulation severely water damaged should be removed to prevent rot and structural support wall damage as soon as possible. Fix or repair.
Crawl space insulation under house needs replacement due to water damage. Fix or repair
Comments:
Due to water damage it is wise to remove insulation from inside exterior wall and ceiling attic space to prevent mold, rot and ultimate structural damage to exterior support walls and rafters.
Note: attic could not be evaluated since no attic access was available. Inspector suspects that there are several water leaks in roof structure due to evidence of past ceiling stains, recent stains and mold.
Roofing material should be evaluated along with remedies for repair by a manufacture home repair professional.
Debris on roof needs to be removed

☑ ☐ ☐ ☑ **E. Walls (Interior & Exterior)** *Comments:*

Water damaged interior walls need total sheet rock and insulation replacement to prevent mold, rot and structural wall problems Fix or repair.

☑ ☐ ☐ ☑ **F. Ceilings & Floors** *Comments:*

Signs of new and past water stains observed on ceiling along with mold due water penetration and high level of moisture inside home. Ceiling sheet rock will need replacement for a large majority of ceiling.

Plywood sub-floors are saturated and replacement should be anticipated due to warping from moisture damage.

Carpet and laminate floors need total replacement due to moisture damage.

☑ ☐ ☐ ☑ **G. Doors (Interior & Exterior)** *Comments:*

Doors are warped due to moisture damage and do not close, total replacement should be anticipated due to moisture damage.

I	NI	NP	D	Inspection Item

☑ ☐ ☐ ☐ **H. Windows** *Comments:*
Single pane windows are performing as intended.

☑ ☐ ☐ ☑ **I. Stairways (Interior & Exterior)** *Comments:*
Steps for side patio needs to be secured to deck.

☑ ☐ ☐ ☑ **J. Fireplace/Chimney** *Comments:*
Fire box is dirty with debris from flood water. Fix or repair.

☑ ☐ ☐ ☑ **K. Porches, Balconies, Decks, and Carports** *Comments:*
Carport/garage was submerged under 48" inches of water. Due to the amount of equipment in garage not all parts of garage could be inspected.

II. ELECTRICAL SYSTEMS

☑ ☐ ☐ ☑ **A. Service Entrance and Panels** *Comments:*
Overhead electrical service lines are in contact with trees. Fix or repair by a current licensed electrician.
Correction: Grounding wire for interior breaker panel is not connected to grounding rod. Fix or repair by a licensed electrician.
Missing Arc Fault Circuit Interrupter (AFCI) breakers for bedrooms. Not required when home was built. Fix or repair.
Missing GFCI outlets for bathrooms, kitchen and garage. Fix or repair.
Exterior disconnect breaker (located on outside meter pole)was submerged under flood water and should be replaced by a current licensed electrician to assure safe and reliable working order. Fix or repair.
Interior branch circuit breaker panel is located in master bedroom and considered a hazard by today's standards. Recommend relocating breaker panel.
Interior branch circuit breaker panel was not submerged by water, however, breaker panel is extremity dirty inside and should be professionally cleaned by a qualified licensed electrician to assure safe and proper working order.

☑ ☐ ☐ ☑ **B. Branch Circuits, Connected Devices, and Fixtures**
Type of Wiring: Copper
Comments:
All plug outlets for house and garage should be replaced to assure safe and proper working order since they all were submerged under water.
Improper wiring was observed on water heater, further investigation and repair required by a licensed electrician or qualified plumber

III. HEATING, VENTILATION AND AIR CONDITIONING SYSTEMS

☑ ☐ ☐ ☐ **A. Heating Equipment**
Type of System: Central Forced Air Furnace
Energy Source: Electricity
Comments:

I	NI	NP	D	Inspection Item

Blower and heating elements were submerged under water. Repair or replacement should be anticipated due to water damage. Further investigation warranted by a licensed HVAC professional when power is turned on.

☑ ☐ ☐ ☑ **B. Cooling Equipment**
Type of System: Central Forced Air System
Comments: AC coils are old with signs of heavy rust buildup
Condenser was completely submerged under water warranting further investigation by a current licensed HVAC professional when power is on
Due to water damage it is recommended that a licensed HVAC professional evaluate entire HVAC l system further to assure proper working order. Repairs should be anticipated.

☑ ☐ ☐ ☑ **C. Duct System, Chases, and Vents** *Comments:*
Metal ducts were submerged under water. Replacement should be anticipated due to health concerns of mold inside ducts.

IV. PLUMBING SYSTEM

☑ ☐ ☐ ☐ **A. Water Supply System and Fixtures**
Location of water meter: Right side of driveway.
Location of main water supply valve: Emergency main water shutoff valve was not present, recommend that main water shut off valve be installed next to house for emergency access.
Static water pressure reading: 65 psi (acceptable range 40-80psi)
Comments:
Missing water shutoff valves under all sinks. Fix or repair.

☑ ☐ ☐ ☑ **B. Drains, Wastes, and Vents** *Comments:*
It appears that toilet drain line has been disconnected allowing toilet waste water to terminate under house. Fix or repair (note: this may indicate that there was some movement of entire structure due to rising flood water).
Waste drains under kitchen sink are held together with duct tape. Further investigation and repair required by a licensed plumber

☑ ☐ ☐ ☑ **C. Water Heating Equipment**
Energy Source: Electricity
Capacity: 50gls.
Comments:
Water heater is at or exceeded estimated life expectancy with evidence of severe rust on unit.
Improper wiring should be evaluated by a qualified plumber or licensed electrician.

V. APPLIANCES

☑ ☐ ☐ ☐ **A Dishwasher** *Comments:* N/A

☐ ☐ ☑ ☐ **B. Food Waste Disposer** *Comments:* N/A

☐ ☑ ☐ ☐ **C. Range Exhaust Vent** *Comments:* performance could not be determined since power was off

☐ ☑ ☐ ☐ **D. Ranges, Cooktops, and Ovens** *Comments:*

I	NI	NP	D	Inspection Item

Oven range was removed, condition is undetermined. Unit was in the street

☐ ☐ ☑ ☐ **E. Microwave Oven** *Comments:* N/A

☐ ☐ ☑ ☐ **F. Trash Compactor** *Comments:* N/A

☐ ☐ ☑ ☐ **G. Mechanical Exhaust Vents and Bathroom Heaters** *Comments:*
Performance undetermined since electricity was off

☐ ☐ ☑ ☐ **H. Garage Door Operator(s)** *Comments:* N/A

☐ ☐ ☑ ☐ **I. Doorbell and Chimes** *Comments:* N/A

☐ ☐ ☑ ☐ **J. Dryer Vents** *Comments:* undetermined. Appears dryer vent terminates underneath house

☐ ☐ ☑ ☐ **K. Washer and Dryer** *Comments* Washer and dryer were totally submerged under water:

☐ ☐ ☑ ☐ **L. Refrigerator:** Refrigerator was removed and in street. Condition undetermined.

VI. OPTIONAL SYSTEMS

☑ ☐ ☐ ☑ **A. Private Sewage Disposal (Septic) Systems**
Type of System: Conventional Drip Septic System
Location of Drain Field: In back of house
Comments:
Septic system and drain field were still submerged under water, recommend a licensed septic representative evaluate system when water recedes.

☐ ☐ ☑ ☐ **B. Smoke Detectors** *Comments:* Smoke detectors not present

I	NI	NP	D	Inspection Item

ADDENDUM: REPORT SUMMARY

The following is a synopsis of the potentially significant improvements that should be budgeted for over the short term. Other significant improvements, outside the scope of this inspection, may also be necessary. Please refer to the body of this report for further details on these and other recommendations.

For your convenience, the following conventions have been used in this summary addendum.

Major Concerns: *a system or component which is considered significantly deficient or is unsafe. Significant deficiencies need to be corrected and, except for some safety items, are likely to involve significant expense.*

Safety Issues: *denotes a condition that is unsafe and in need of prompt attention.*

Repair Items: *denotes a system or component which is missing or which needs corrective action to assure proper and reliable function.*

Improvement Items: *denotes improvements which are recommended but not required.*

Items To Monitor: *denotes a system or component needing further investigation and/or monitoring in order to determine if repairs are necessary.*

Deferred Cost Items: *denotes items that have reached or are reaching their normal life expectancy or show indications that they may require repair or replacement anytime during the next five (5) years.*

MAJOR CONCERNS

The inspection of the property listed above must be performed in compliance with the rules of the Texas Real Estate Commission (TREC).

SAFETY ISSUES

Smoke detectors not present

Overhead electrical service lines are in contact with trees. Fix or repair by a current licensed electrician.

REPAIR ITEMS

Number and spacing of metal tie down straps are marginal with several missing, unsecured, and excessive slack in existing metal tie downs. Trailer frame should be leveled and tie down straps re-tightened by a qualified licensed manufacturer home installer. Fix or repair

Some piers visible under structure are sinking or leaning. Further investigation and repair needed.

Insulation under trailer frame is water damaged and falling off and needs to be removed. Fix or repair

Excessive amount of debris and personal belonging should be removed from sides of house to prevent the harboring of pests and vermin. Condition is also conducive to several varieties of venomous snakes.

Trees in contact with structure, leaning towards structure, or hanging over structure should be removed to prevent any further damage to structure due to the perils of nature.

Roofing material has signs of past repairs with temporary solutions. Further investigation warranted by a manufacturer home certified and/or licensed roofer for remedies for repair due to past water stains and recent water stains/mold on ceilings

3”-4” inches rolled insulation severely water damaged should be removed to prevent rot and structural support wall damage as soon as possible. Fix or repair.

Crawl space insulation under house needs replacement due to water damage. Fix or repair

I	NI	NP	D	Inspection Item

Due to water damage it is wise to remove insulation from inside exterior wall and ceiling attic space to prevent mold, rot and ultimate structural damage to exterior support walls and rafters.

Water damaged interior walls need total sheet rock and insulation replacement to prevent mold, rot and structural wall problems Fix or repair

Signs of new and past water stains observed on ceiling along with mold due water penetration and high level of moisture inside home. Ceiling sheet rock will need replacement for a large majority of ceiling.

Plywood sub-floors are saturated and replacement should be anticipated due to warping from moisture damage.

Carpet and laminate floors need total replacement due to moisture damage.

Doors are warped due to moisture damage and do not close, total replacement should be anticipated due to moisture damage

Main disconnect breaker was submerged under flood water and should be replaced by a current licensed electrician to assure safe and reliable working order. Fix or repair.

Main disconnect breaker was submerged under flood water and should be replaced by a current licensed electrician to assure safe and reliable working order. Fix or repair.

All plug outlets for house and garage should be replaced to assure safe and proper working order since they all were submerged under water.

Improper wiring was observed on water heater, further investigation and repair required by a licensed electrician or qualified plumber

Blower and heating elements were submerged under water. Repair or replacement should be anticipated due to water damage. Further investigation warranted by a licensed HVAC professional when power is turned on.

Condenser was completely submerged under water warranting further investigation by a current licensed HVAC professional

Metal ducts were submerged under water. Replacement should be anticipated due to health concerns of mold inside ducts.

Missing water shutoff valves under all sinks. Fix or repair.

It appears that toilet drain line has been disconnected allowing toilet waste water to terminate under house. Fix or repair (note: this may indicate that there was some movement of entire structure due to rising flood water).

Waste drains under kitchen sink are held together with duct tape. Further investigation and repair required by a licensed plumber

Water heater is at or exceeded estimated life expectancy with evidence of severe rust on unit.

Improper wiring should be evaluated by a qualified plumber or licensed electrician.

Large amount of cleaning and debris removal due to flood water is needed.

IMPROVEMENT ITEMS

Missing Arc Fault Circuit Interrupter (AFCI) breakers for bedrooms. Not required when home was built. Fix or repair.

Missing GFCI outlets for bathrooms, kitchen and garage. Fix or repair.

Main breaker panel is located in master bedroom and considered a hazard by today's standards. Recommend relocating breaker panel.

Main breaker panel was not submerged by water, however, breaker panel is extremity dirty inside and should be professionally cleaned by a qualified licensed electrician to assure safe and proper working order.

Emergency main water shutoff valve was not present

ITEMS TO MONITOR

Oven range was removed, condition is undetermined. Unit was in the street
Refrigerator was removed and in street. Condition undetermined.
Washer and dryer were totally submerged under water:
Past repairs to drain lines under house were observed by inspector.

DEFERRED COST ITEMS

Condenser was completely submerged under water warranting further investigation by a current licensed HVAC professional when power is on

I=Inspected NI=Not Inspected NP=Not Present D=Deficiency

I	NI	NP	D	Inspection Item

Due to water damage it is recommended that a licensed HVAC professional evaluate entire HVAC l system further to assure proper working order. Repairs should be anticipated.
Oven range was removed, condition is undetermined. Unit was in the street
Septic system and drain field were still submerged under water, recommend a licensed septic representative evaluate system when water recedes.

I	NI	NP	D	Inspection Item

ADDENDUM: PHOTO SUMMARY

Water mark on screen from flood

water mark over condenser

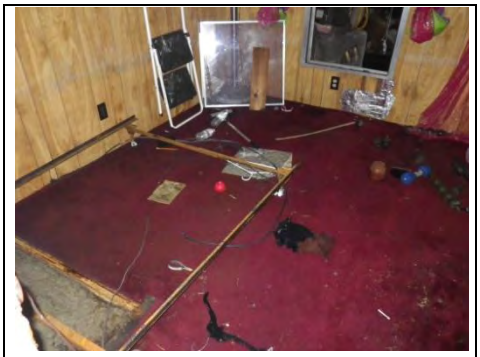
Missing tie down and damaged insulation

water mark on exterior disconnect

Rusted floor duct

water heater is very old with improper wiring

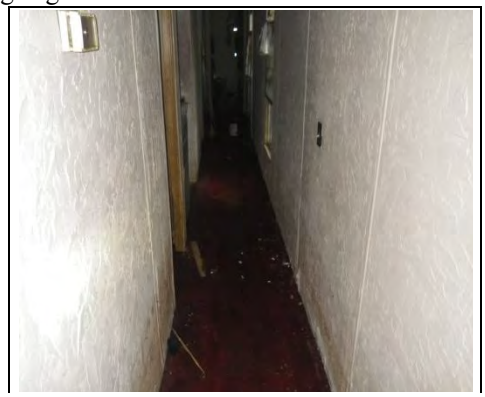
I	NI	NP	D	Inspection Item



ADDENDUM: PHOTO SUMMARY

Very old past roof repairs

Sample of one of several leaning piers



Saturated floors

garage after 48 inches of flood water

Water stain and mold on ceiling

water was 20 inches high throughout house

(Note :Water can wick up to ceiling over a period of time)

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Rick Crowley, City Manager**

FROM: **Mary Smith, Assistant City Manager**

DATE: **August 13, 2015**

SUBJECT: **Proposed 380 Agreement for Sales/Use Tax**

First Texas Homes, an area home builder, through their representative, Doug Duffie approached the City regarding the possibility of entering into a 380 agreement and made his presentation in work session regarding the proposal.

First Texas Homes will convert their accounting system to become a Use Tax payer rather than paying sales tax at the point of sale. Their suppliers are all selling materials from locations outside of Rockwall. For example, if First Texas Homes purchases Acme Brick the sales tax is paid either to Dallas or to Denton where their sales offices are located rather than Rockwall where the home is being built. Mr. Duffie's research shows none of their suppliers are located in Rockwall and staff has confirmed that to the extent possible.

For the effort and expense associated with First Texas Homes changing their accounting systems and paying Use Tax rather than sales tax they would receive 40% of the local sales tax. They would pay the Use tax each month and seek the appropriate rebate once each six months. Several area cities have entered into this kind of agreement.

Council is asked to consider approval of the accompanying 380 agreement.

CHAPTER 380 GRANT AGREEMENT BY
AND BETWEEN THE CITY OF ROCKWALL, TEXAS
AND FIRST TEXAS HOMES, INC.

This **CHAPTER 380 GRANT AGREEMENT** ("Agreement") is made by and between The City of Rockwall, Texas ("City", also referred to as "Grantor") and First Texas Homes, Inc. (the "Company"), acting by and through their respective authorized officers and representatives.

WHEREAS, the City Council of the City of Rockwall, Texas ("City Council") has investigated and determined that it is in the best interest of the City and its citizens to encourage programs, including programs for making loans and grants of public money to promote local economic development and stimulate business and commercial activity in the City pursuant to Chapter 380, Texas Local Government Code, as amended ("Chapter 380"); and

WHEREAS, the Company will be engaged in the business of purchasing building materials for its use on construction projects within the City; and

WHEREAS, the Company has advised that it would like to partner with the City, and that a contributing factor that would induce the Company to purchase items using a Texas Direct Payment Permit and generate economic development and local use tax revenue for the City, that would otherwise not be available to the City, would be an agreement by the Grantor to provide an economic development grant to the Company; and

WHEREAS, the Company desires to purchase and use new building materials within the City that will generate additional economic development and use tax revenue for the City; and

WHEREAS, the City Council has investigated and determined that the Company meets the criteria for providing the grants (hereinafter defined), pursuant to Chapter 380, based on, among other things, the Company: (i) acquiring properties for development, and constructing improvements; (ii) adding taxable improvements to real property in the City; and (iii) creating employment opportunities for the citizens of Rockwall ("Approved Project"); and

WHEREAS, the City has concluded that the Approved Project qualifies for a Grant under Chapter 380; and

WHEREAS, with the approval of this Agreement, the City hereby establishes a program authorized by Chapter 380 of the Texas Local Government Code to encourage and induce the generation of local use tax; and

WHEREAS, the Grantor has determined that making an economic development grant to the Company in accordance with this Agreement will further the objectives of the Grantor, will benefit the City and the City's inhabitants and will promote local economic development and stimulate business and commercial activity in the City;

NOW THEREFORE, in consideration of the foregoing, and on the terms and conditions hereinafter set forth, the sufficiency of which is hereby acknowledged, the parties agree as follows:

ARTICLE I
DEFINITIONS

1.01 For purposes of this Agreement, each of the following terms shall have the meaning set forth herein unless the context clearly indicates otherwise:

"City" and "Grantor" shall mean The City of Rockwall, Texas.

"Company" shall mean First Texas Homes, Inc.

"Commencement Date" shall mean August 1, 2015.

"Effective Date" shall mean August 1, 2015.

"Direct Payment Permit" also referred to herein as a "Texas Direct Payment Permit" shall mean that permit issued by the State of Texas authorizing Company to self-assess and pay applicable state and local use taxes directly to the State of Texas related to selected portions of Company's taxable purchases. Texas Rule 3.288 of the Texas Administrative Code defines the requirements and responsibilities of Texas Direct Payment Permit holders along with any amendments, permutations, or recodifications of such Code or Rules whether renaming such permits or otherwise modifying such provisions.

"Event of Bankruptcy or Insolvency" shall mean the dissolution or termination (other than a dissolution or termination by reason of a party merging with an affiliate) of a party's existence as a going business, insolvency, appointment of receiver for any part of a party's property and such appointment is not terminated within ninety (90) business days after such appointment is initially made, any general assignment for the benefit of creditors, or the commencement of any proceeding under any bankruptcy or insolvency laws by or against a party and in the event such proceeding is not voluntarily commenced by the party, such proceeding is not dismissed within ninety (90) business days after the filing thereof.

"Force Majeure" shall mean any delays due to strikes, riots, acts of God, shortages of labor or materials, war, terrorism, governmental approvals, laws, regulations, or restrictions, or any other cause of any kind whatsoever which is beyond the reasonable control of the party.

"Program" shall mean the economic incentive program established by the City pursuant to Chapter 380 of the Texas Local Government Code together with any amendments, permutations, or recodifications of such Code provisions whether renaming such economic incentive or other modifications thereof.

"Program Grant" shall mean the periodic payments paid by the City to the Company in accordance with Section 3 of this Agreement.

"Grant Period" shall mean consecutive six (6) month periods during the term of this Agreement, except that the first Grant Period shall begin on the Effective Date and continue through and include the last day of December 2015 following the Effective Date. For illustration purposes, assume the Effective Date is August 1, 2015 then the first Grant Period would begin on August 1, 2015 and continue through and include December 31, 2015. The next Grant Period would begin on January 1, 2016 and continue through and include June 30, 2016. The final Grant Period for the initial 10-year term of the Agreement would be from July 1, 2025 and end on July 31, 2025.

"Taxable Items" shall have the same meaning assigned by Sections 151.010 and 151.0101, TEX. TAX CODE, as amended.

"Impositions" shall mean all use taxes that may be imposed by public or governmental authority on the Company or any taxable items purchased and used by Company within the City.

"Use Tax Receipts" shall mean the Grantor's receipts from the State of Texas from the collection of one percent (1%) general City use tax imposed by the City pursuant to Chapter 321 of the Texas Tax Code, attributed to the collection of use tax by Company associated with the issuance of Company's Texas Direct Payment for Taxable Items used or consumed in the City.

"Use Tax Certificate" shall mean a certificate or other statement in a form reasonably acceptable to the Grantor setting forth the Company's collection of use tax imposed by and received by the Grantor from the State of Texas, for the use of Taxable Items by Company in the City for the applicable calendar month during a Grant Period which are to be used to determine Company's eligibility for a Grant, together with such supporting documentation required herein, and as Grantor may reasonably request.

ARTICLE II
TERM

2.01 Term. The term of this Agreement shall begin on the Effective Date and continue for a ten (10) year period.

2.02 This Agreement shall remain in effect until Grantor has made the Program Grants set forth in Section 3 of the Agreement, or until otherwise terminated under the provisions of this Agreement.

2.03 This Agreement may be extended for an additional period of time on terms mutually acceptable to both parties by a written agreement executed by both parties.

ARTICLE III
ECONOMIC DEVELOPMENT GRANT

3.01 Grant. Subject to the Company's continued compliance of all the terms and conditions of this Agreement, the Grantor agrees to provide Company with an economic development grant from lawful available funds payable as provided herein in an amount equal to 80% of the Use Tax Receipts, as previously defined herein (the "Grant"). The Grant will be paid semi-annually at the end of June and the end of December with the potential exception of the final Grant Period during the ten (10) year period following the execution of the Agreement, commencing August 1, 2015. The Grant will never include any monies the Company pays or owes to the State of Texas for any penalties for late payments, failures to report in a timely manner, and the like, related to the Use Tax Receipts.

3.02 Grant Payment. Grantor shall pay the Grant for the applicable Grant Period within forty-five (45) days after receipt of a Use Tax Certificate from Company following the end of each Grant Period, pursuant to Section 4.01. Company shall submit Use Tax Certificates to Grantor within thirty (30) days following the end of the applicable Grant Period, beginning with the first Grant Period. For illustration purposes, assume the first Grant Period begins on August 1, 2015 and continues through and includes December 31, 2015. Company would submit a Use Tax Certificate to Grantor for the first Grant Period by January 30, 2016 and Grantor would pay the first Grant within forty-five (45) days after receipt of the Use Tax Certificate. Further assume that the Use Tax Receipts for the first Grant Period equal Five Thousand Dollars ($5,000.00), then the amount of the first Grant would be Four Thousand Dollars ($4,000.00).

3.03 Amended Returns and Audits. In the event the Company files an amended use tax return, or report, or if additional use tax is due and owing, as a result of an audit conducted by the State of Texas that increases the Use Tax Receipts for a previous period covered within the term of this agreement, the Grant payment for the Grant Period immediately following such State approved amendment shall be adjusted accordingly, provided the Grantor must have received the Use Tax Receipts attributed to such adjustment. As a condition precedent to payment of such adjustment, Company shall provide Grantor with a copy of such amended use tax report, tax return or audit adjustment, and the approval thereof by the State of Texas.

3.04 Refunds. In the event the State of Texas determines that the City erroneously received Use Tax Receipts, or that the amount of use tax paid to the City exceeds the correct amount of use tax for a previous Grant paid to the Company, the Company shall, within thirty (30) days after receipt of notification thereof from the City specifying the amount by which such Grant exceeded the amount to which the Company was entitled pursuant to such State of Texas determination, pay such amount to the Grantor. The Grantor may at its option adjust the Grant payment for the Grant Period immediately following such State of Texas determination to deduct there from the amount of the overpayment. As a condition precedent to payment of such refund, the City shall provide Company with a copy of such determination by the State of Texas.

ARTICLE IV
DOCUMENTATION SUPPORTING THE ECONOMIC DEVELOPMENT GRANT

The conditions contained in this Article IV are conditions precedent to the Grantor's obligation to make any Grant payment.

4.01 Use Tax Certificate. During the term of this Agreement, the Company shall within thirty (30) days after the end of each Grant Period, provide the Grantor with a Use Tax Certificate relating to Use Tax Receipts paid during the Grant Period. The Grantor shall have no duty to calculate the Use Tax Receipts or determine Company's entitlement to any Grant for a Grant Period, or pay any Grant during the term of this Agreement until such time as Company has provided the Grantor a Use Tax Certificate for such Grant Period and the Grantor has received the actual Use Tax Receipts from the State of Texas attributable to such calendar months within the Grant Period. Company shall provide such additional documentation as may be reasonably requested by Grantor to evidence, support and establish the use tax paid directly to the State of Texas pursuant to Company's Direct Payment Permit. The Use Tax Certificate for each Grant Period shall at a minimum contain, include or be accompanied by the following:

a. A copy of all Texas Direct Payment Permit and self-assessment use tax returns and reports during the applicable Grant Period, use tax audit assessments or credits, including amended use tax returns or reports, filed by the Company during the Grant Period showing use tax paid directly to the State of Texas related to Company's operations for the Grant Period; and

b. Information concerning any refund or credit received by the Company of use tax paid by the Company which has previously been reported by the Company as use tax paid for a previous Grant Period within the term of this agreement.

Company will provide to Grantor the Use Tax Certificates from time to time pursuant to the terms of the Agreement, which are confidential ("Confidential Information") and, except as otherwise provided herein, may not be disclosed to a third party without the Company's consent. To the extent that any disclosure of the Confidential Information may be required by law, Grantor will use reasonable efforts to inform Company of the request in sufficient time for Company to assert any objection it may have to such disclosure to an appropriate judicial or administrative body.

4.02 Grantor must have received a Use Tax Certificate for the months within the Grant Period for which payment of a Grant is requested, and Grantor must have received the actual Use Tax Receipts for all calendar months within the Grant Period.

4.03 The Company intends to issue its Texas Direct Payment Permit to specific suppliers or vendors that provide large quantities of building materials or other tangible personal property.

4.04 The Company shall provide the Grantor with a true and correct copy of its Texas Direct Payment Permit, which permit shall be kept in full force and effect throughout the term of the Agreement.

4.05 Company or the City shall not have an uncured material breach or default of this Agreement.

ARTICLE V
TERMINATION

5.01 This Agreement may be terminated upon any one of the following:

(a) by mutual written agreement of the parties;

(b) by Grantor or Company, respectively, if the other party defaults or breaches any of the terms or conditions of this Agreement in any material respect and such default or breach is not cured within thirty (30) days after written notice thereof by the Grantor or Company, as the case may be;

(c) by Grantor, if any Impositions owed to the Grantor or the State of Texas by Company shall have become delinquent (provided, however, Company retains the right to timely and properly protest and contest any such Impositions);

(d) by Grantor, if Company suffers an Event of Bankruptcy or Insolvency;

(e) by Grantor or Company, respectively, if any subsequent Federal or State legislation or any decision of a court of competent jurisdiction declares or renders this Agreement invalid, illegal or unenforceable; or

(f) by Company, if the City does not pay the applicable Grant amount within 45 days of receipt of the Use Tax Receipts as required herein covered by a valid Use Tax Certificate issued by Company or fails to cure this breach within an additional 30 days and so long as the Company is not in default, or;

(g) expiration of the term, or any subsequent renewal of the term.

The rights, responsibilities and liabilities of the parties under this Agreement shall be extinguished upon the termination of this Agreement except for any rights, responsibilities and/or liabilities that accrued prior to such termination.

ARTICLE VI
MISCELLANEOUS

6.01 Binding Agreement. The terms and conditions of this Agreement are binding upon the parties to this agreement and their respective successors and permitted assigns. This Agreement may not be assigned without the express written consent of Grantor, which consent shall not be unreasonably withheld or delayed.

6.02 Limitation on Liability. It is understood and agreed between the parties that the Company and Grantor, in satisfying the conditions of this Agreement, have acted independently, and Grantor assumes no responsibilities or liabilities to third parties in connection with these actions. The Company agrees to indemnify and hold harmless the Grantor from all such claims, suits, and causes of actions, liabilities and expenses, including reasonable attorney's fees, of any nature whatsoever by a third party arising out of the Company's performance of the conditions under this Agreement.

6.03 No Joint Venture. It is acknowledged and agreed by the parties that the terms hereof are not intended to and shall not be deemed to create a partnership or joint venture between the parties.

6.04 Authorization. Each party represents that it has full capacity and authority to grant all rights and assume all obligations that are granted and assumed under this Agreement.

6.05 Notice. Any notice required or permitted to be delivered hereunder shall be deemed received three (3) days thereafter sent by United States Mail, postage prepaid, certified mail, return receipt requested, addressed to the party at the address set forth below (or such other address as such party may subsequently designate in writing) or on the day actually received if sent by courier or otherwise hand delivered sent via fax.

6.06 Entire Agreement. This Agreement is the entire Agreement between the parties with respect to the subject matter covered in this Agreement. There is no other collateral oral or written Agreement between the parties that in any manner relates to the subject matter of this Agreement.

6.07 Governing Law. The laws of the State of Texas shall govern the Agreement; and this Agreement is fully performable in Rockwall, Rockwall County, Texas with exclusive venue for any action concerning this Agreement being in a court of competent jurisdiction in Rockwall County, Texas.

6.08 Amendment. This Agreement may only be amended by the mutual written agreement of the parties.

6.09 Legal Construction. In the event any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect other provisions, and it is the intention of the parties to this Agreement that in lieu of each provision that is found to be illegal, invalid, or unenforceable, a provision shall be added to this Agreement which is legal, valid and enforceable and is as similar in terms as possible to the provision found to be illegal, invalid or unenforceable.

6.10 Recitals. The recitals to this Agreement are incorporated herein.

6.11 Counterparts. This Agreement may be executed in counterparts. Each of the counterparts shall be deemed an original instrument, but all of the counterparts shall constitute one and the same instrument and any such counterparts shall be deemed to be incorporated herein.

6.12 Survival of Covenants. Any of the representations, warranties, covenants, and obligations of the parties, as well as any rights and benefits of the parties, pertaining to a period of time following the termination of this Agreement shall survive termination.

6.13 Sovereign Immunity. The parties agree that the City has not waived its sovereign immunity by entering into and performing its obligations under this Agreement.

6.14 Dispute Resolution. Any controversy or claim arising from or relating to this Agreement, or a breach thereof shall be subject to non-binding mediation, as a condition precedent to the institution of legal or equitable proceedings by any party unless the institution of such legal or equitable proceeding is necessary to avoid the running of an applicable statute of limitation. The parties shall endeavor to resolve their claims by mediation. Grantor and Company shall share the costs of mediation equally. The mediation shall be held in Rockwall, Texas, unless another location is mutually agreed upon. Agreements reached in mediation shall be enforceable as settlement agreements in any court having jurisdiction thereof.

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 08/17/2015

APPLICANT: Wayne Mershawn of Mershawn Architects

AGENDA ITEM: **SP2015-016;** Life Spring Church

SUMMARY:

Discuss and consider a request by Wayne Mershawn of Mershawn Architects on behalf of Rex Walker of Life Springs Church for the approval of variances to the articulation and residential screening requirements as stipulated by the Unified Development Code in conjunction with an approved site plan for a church on a seven (7) acre portion of a larger 28.881-acre tract of land identified as Tract 15-01 of the J. Strickland Survey, Abstract No. 187, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the SH-205 By-Pass Corridor Overlay (SH 205 BY-OV) District, located on the north side of John King Boulevard east of the intersection of John King Boulevard and SH-205, and take any action necessary.

PURPOSE:

The applicant is requesting approval of a Site Plan for the purpose of new construction of an approximately 25,433 sq. ft. C*hurch* facility. The property is zoned *Agricultural (AG) District* and has been granted a Specific Use Permit [*SUP Ord. No. 15-21*] on August 3, 2015 to allow for a *Church* development on the seven (7) acre portion of the larger 28.811-acre tract of land. The property is also within the *SH-205 By-Pass Corridor Overlay* (SH205 BY-OV) *District* and is generally located on the north side of John King Boulevard, east of the intersection of John King Boulevard and SH-205.

VARIANCE REQUESTS:

1. The applicant is requesting a variance to the *Unified Development Code*, *Article V, Section 4.1 General Commercial District Standards*, to allow for not meeting the Horizontal Articulation requirements as established in *Art. V, Sec. 4.1, C.1.a*. and as depicted in the Building Elevations as submitted. The code reads as follows:

C. *Building articulation.*

1. *Requirements.* Facades shall meet the following minimum standards for articulation:

a) *Horizontal articulation.* No building wall shall extend for a distance equal to three times the wall's height without having an offset of 25 percent of the wall's height, and that new plane shall extend for a distance equal to at least 25 percent of the maximum length of the first plane.

Although the applicant has provided contrasting elements depicting offsets for the north and south elevations, the offsets do not meet the technical definition for horizontal articulation. The variance requested by the applicant for not meeting the horizontal articulation requires a simple majority vote in the affirmative of all council members present for approval.

2. The applicant is also requesting a variance to Article VIII, Landscape Standards of the Unified Development Code (UDC) as indicated below.

    a) To allow for not meeting the screening standards as established in *Art. VIII, Sec. 5.6 Screening from Residential Uses* which requires a minimum 6-ft high masonry screening fence. The applicant is requesting to allow a 6-ft cedar fence along the perimeter of the property to provide screening from the Breezy Hill Phase IV subdivision. It should be noted that there is an approximately 12-ft downward slope towards the development and that the parking spaces are approximately 90-ft from the property line adjacent to the residential development.

ARCHITECTURAL REVIEW BOARD RECOMMENDATION:

On August 28, 2015, the Architectural Review Board (ARB) reviewed the proposed building elevations for the site. General discussion concerning the agenda item took place between the Board Members and city staff. The board expressed concern with the lack of horizontal and vertical articulation of the building and the colors presenting no contrast based on the stone/stucco combination in the color rendering.

To address these concerns the board recommended that the applicant increase the horizontal and vertical projections and more particularly, the north and south elevations in order to provide relief. Furthermore, the board recommended the applicant reduce the amount of stone and incorporate brick that would provide a contrasting element to the visual appearance of the building. Finally, the board recommended the applicant incorporate window treatments and canopies in the projecting elements of the primary entrance to the church.

The applicant has revised the elevations by incorporating window treatments and canopies with tie backs in the tower elements of the primary entrance (west elevation) and has increased the vertical projections of the north and south facing elevations. In order to break up the linear appearance of the north and south elevations, the applicant has incorporated pilaster elements that provide massing, and canopies with tie backs as an architectural feature (south elevation), while using a stacked stone rather than brick to provide contrast and the appearance of depth.

Based on the applicant's revised plans, the pilaster elements do not meet the technical definition for horizontal articulation of the north and south elevations, therefore, a variance will be required.

The ARB requested a subsequent review of the revised elevations via e-mail. At the time of this report, staff has received one (1) e-mail from an ARB member expressing a concern with the building having a flat façade with only a change in materials.

RECOMMENDATIONS:

The site plan submitted by the applicant meets all the technical criteria stipulated by the UDC and SH205 BY-OV, with the exception of the variances requested and the items listed below. Should the Planning and Zoning Commission choose to approve the applicant's request, then the following conditions of approval should be adopted with this case:

1) All comments provided by the Planning, Engineering and Fire Department must be addressed prior to the submittal of a building permit and to include the following Planning comments;

    a. All exterior signage requires submittal and approval of a separate permit through the Building Inspections Department.

b. Submittal, approval, and filing of a final plat prior to the issuance of a Certificate of Occupancy.

c. Approval of the variances requested from the City Council for not meeting the horizontal articulation standards and requirements for screening from residential uses of the *Unified Development Code* as noted in this report.

2) Any construction or building necessary to complete this *Site Plan* request must conform to the requirements set forth by the UDC, the 2009 International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION RECOMMENDATION:

On August 11, 2015, the Planning and Zoning Commission approved the Site Plan request with staff conditions and also recommended approval of the variances requested for not meeting the horizontal articulation and residential screening standards by a vote of 6 to 0 [Fishman – absent]. It should be noted that Mr. Rex Walker of Life Spring Church requested to use the existing trees along the east property line for screening purposes from the future residential development rather than a six foot masonry or the *requested* six foot *cedar fence* due to the 12 to 14 foot downward slope that exists on the property. The Commission's recommendation for a variance to the residential screening standards includes live screening with the existing trees and any additional trees necessary to provide proper screening of the eastern property line.

Subject: Street debris

Rick, this drives me nuts. These roof shingles have been in road all summer. Do we have someone in streets department responsible for debris clean up? Especially at crash sites? I'm guessing not because crash debris doesn't get cleaned up. Please place discussion item on agenda and plan to add one person and one truck to budget discussion to have a dedicated person full time to street clean up. Not talking about a street sweeper.

We are not a trashy city.

Thank you,

MEMORANDUM

TO: **City Council**

FROM: **Joey Boyd, Director of Internal Operations**

DATE: **September 2, 2015**

SUBJECT: **Transportation Study**

The City of Rockwall hired Aecom's Transit Division to review the information provided by STAR Transit related to their request for funding for the next fiscal year. Aecom has been collecting data from STAR itself and from the North Central Texas Council of Governments and conducting an analysis of STAR's operations and funding. A stakeholder's meeting was held on September 2nd with Rockwall staff, Councilmembers Townsend and Fowler, and Judge Sweet and Commissioner Magness from Rockwall County.

Representatives from Aecom will be at the work session on Tuesday to provide an update on their evaluation of STAR Transit.

More work to determine long-term alternatives beyond FY16 will be needed. We will have FY16 funding alternatives for discussion at the work session.

City of Rockwall
Transit Service Review

September 8, 2015

AECOM

12

Objectives of Study

- Review of existing transit service
- Stakeholder outreach
- Peer review
- Service data analysis
  - National Transit Database (NTD) and STAR
- Recommendations

AECOM

13

Schedule

8/17 STAR Transit presentation to council	8/18	8/19	8/20 NCTCOG Interview	8/21
	Analysis of NTD peer service metrics			
8/24 Received STAR's April service data	8/25	8/26 Briefing to city staff	8/27	8/28 Request for additional data
	Analysis of April service data			
8/31	9/1	9/2 City/county and board stakeholder meeting	9/3	9/4
NTD operating expense analysis and peer contract review				

AECOM

14

Overview of Funding Changes

- 2000 Census - Rockwall & Heath designated part of the DFW-Arlington urbanized area
- 2013 - MAP-21 shifts funding to formula-driven allocation
- Rural funding is tied directly to level of service provided in rural areas
- 2016 - STAR Transit's share of rural funding expected to decrease

AECOM

15

Peer Comparison
2011-2013 National Transit Database

Agency	Distinguishing Features
Handitran Special Transit Division - City of Arlington	Smaller but more dense service area. Available only to seniors and persons with a disability
Corpus Christi RTA (The B)*	Similarly sized, but more dense service area. Operates more fixed route service. Majority of demand-response trips are contracted out.
The Gulf Coast Center (Connect Transit)	Larger service area operating more fixed route service.
Cleveland Area Rapid Transit (CART)	Smaller but more dense service area. OK agency governed by different state regulations and funding allocations.
Texoma Area Paratransit System, Inc. (TAPS)	Much larger service area, primarily rural.
City of Cleburne (CCT/Cletran)	Similarly sized service area
STAR Transit	
Public Transit Services (PTS)*	Larger, more rural service area
Special Programs for Aging Needs (SPAN)	Similarly sized, but more dense service area. Only serves rural areas not served by DCTA.

Source: STAR Transit, On-time performance Reports Month of April 2015

- Average of 135.5 trips/weekday. Estimated 30-40% of these are to Boys and Girls Club.
- April average weekday trip length under 10 miles and under 10 minutes.

AECOM

Rockwall County Level of Service

Source: Based on Trapeze Manifest data for all six routes indicated on April 15, 2015

Note: Annual Summary Level data not yet available, April 15 was selected for detailed analysis as it represents the highest volume day in April

Note: Trapeze data does not include actual pick up or drop off times, above graphic is based on scheduled times

Note: Trapeze data does not include no-show information. This analysis estimates 4 no-shows based on scheduled pick up with no corresponding drop-off. No-shows are not included in total volume.

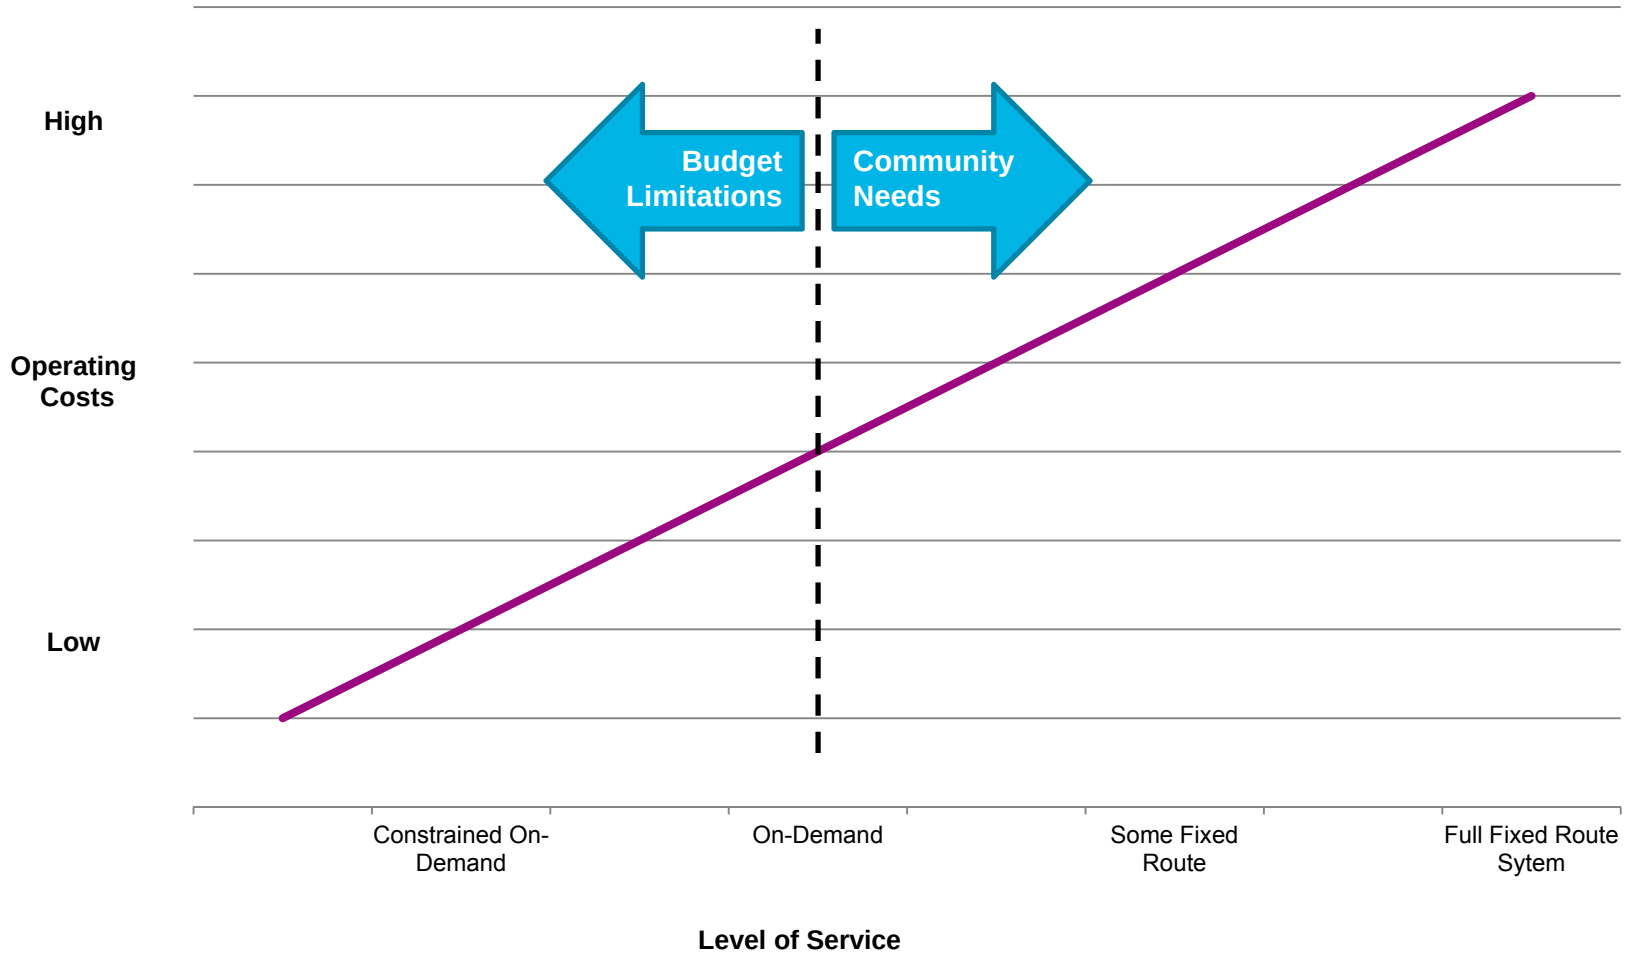
AECOM

Additional Data Requested from STAR Transit

- Annual Vehicle hours, vehicle miles, unlinked trips, and operating costs specific to Rockwall County for FY 12, FY 13 and FY 14
- Medicaid-eligible trips and Medicaid-eligible expenses in Rockwall county for the above years
- 2014 STAR system-wide NTD submittal
- Driver manifests including no-shows and actual pick-up and drop-off times.
- Trip volume by time of day in Rockwall County (annual or monthly average)

AECOM

21



Summary of Findings to Date

- STAR Transit's cost effectiveness metrics are in line with peers
  - Cost per hour
  - Cost per mile
- Spike in the afternoon due to Boys and Girls Club trips increases bus needs
- Service is made up of primarily short trips
- Average trips per hour less than 10

AECOM

22

What are Rockwall's Service Expectations?

AECOM

23

Considerations

- Who is the service for?
- What are the needs of the transit market?
- What are the most cost effective ways of meeting those needs?
  - Bundled trips (longer travel time)
  - First-come, first-served
  - Limited-day special purpose shuttles
  - Limit access to schools/chartered services
  - Taper number of buses running during slow periods
  - Service delivery options (flex, fixed route, demand-response, taxi)

AECOM

24

Contracting Recommendations

- Specify minimum service hours to be provided for agreed upon cost
- Establish performance measures and minimum service standards
- Include role for City/County to monitor service metrics and costs
- Identify the specific responsibilities, powers, and liabilities of each party

AECOM

Next Steps

AECOM

- Schedule a stakeholder meeting with STAR representatives
- Analyze STAR data specific to Rockwall County to help inform service needs
- Provide report and recommendations

City and County of Rockwall

- Assess level of service and efficiency of current system
- Develop short-term transit service plan
- Determine designated service provider

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Rick Crowley, City Manager**

FROM: **Mary Smith, Assistant City Manager**

DATE: **September 3, 2015**

SUBJECT: **Solid Waste Services Contract**

The City Council discussed the City's solid waste contract with Republic (Allied) Waste in work session on June 1 and on the action agenda on June 15. At that time, the City Manager was authorized to enter into negotiations with Republic for a contract extension with the provision that Council could still approve going out to bid if the results were not satisfactory. We've met with Republic management personnel on several occasions and they have offered the attached terms for a contract extension.

The City has been under our present contract addendum with Allied Waste (Republic Waste) for solid waste collection services since January 2010, which references the 2006 contract. Republic, under previous names has served the City since 1991. During this period, the City has at different times chosen to extend the contract and has last received sealed proposals in 2001. The contract states the City must give notice within 180 days of the expiration of the contract (by July 3, 2015) whether or not we intend to renew and extend the contract. City staff sent a letter to Republic letting them know we had until August 15 to negotiate and then Council would be asked to make the decision to renew or bid at the first September meeting.

The attached letter from Republic lays out the contract terms under which they would like to move forward with renewal. The letter also lays out safety practices, which they feel differentiates them from their competitors and provides for a better service level for our citizens.

To summarize:

- A five-year extension term with the future Council's option to extend another five years in 2020
- A fixed CPI increase of 2% for 2016 and 3% each year thereafter – first year increase would be .29 cents per month per residence.
- Addition of a "force majeure" clause which is absent in our current contract
- The addition of a second truck to add efficiency for brush pickup and modifications to garbage routes to better even out the loads
- Discontinuation of the $20 per ton recycling rebate due to changes in market conditions

Council is asked to decide whether to renew with Republic for a five-year term or immediately begin the process to solicit bids. The current contract runs through December 31, 2015. If the renewal is granted the rates would be considered by Resolution later this year.

Mr. Rick Crowley
City of Rockwall, TX
385 S. Goliad
Rockwall, TX 75087

Re: Extension of Solid Waste Contract

Dear Mr. Crowley,

Republic Services is pleased to be the provider of solid waste and recycling services in the City of Rockwall. We are proud of our capabilities, the service we provide and professionalism we uphold while servicing the residents and businesses of Rockwall. We understand the expectations of the Rockwall way and are very proud to be a part of your City.

I would like to point out a few facts about Republic Services that some may not be aware of. Republic Services has been the safest refuse company in America for the past five consecutive years, this is so vital when we are around the citizens of Rockwall every day Monday through Friday. We are very proud of our record and feel that it is important that you know safety is no accident. We do extensive background checks on all our employees and a detailed Motor Vehicle History report before anyone can join our team. We also have an extensive 10-week boarding process that includes behind the wheel instruction, skills course and assessment, route conditioning and classroom sessions. This is all conducted on site at our Hutchins division by our certified driver trainer.

In today's market, taking care or your employees is a vital aspect and we are proud that Republic Services is becoming the employer of choice in our industry. We provide great pay, benefits, and retirement packages for our employees. This is evident in the tenure of our entire team. Our average length of service at our Hutchins division is 8.6 years. We have employees that have been with us from 1 year to 30 years. We know this is a critical component in providing industry leading service and we work very hard to keep the same drivers on the same routes day in and day out. In an industry known for high turnover, we are proud of the tenure we have with our employees.

Another hidden aspect that we do is control hours of service and weight compliance with our loads. Although Texas allows a 70-hour workweek, we do not believe in this philosophy and have found safety issues arise from hours 55 or greater. We have strict guidelines to keep all hours under 60 and actually strive for a 52-hour workweek. We believe in a home life beyond Republic Services and this is just one way for us to protect both our employees and the citizens that we serve. This is just one more example of how we go the extra mile compared to our competition. One additional fact is we control the weight of our loads so we stay in compliance with law and the payload of our vehicles.

30

We actually set where we will break off routes to control the overall weight of the vehicles. The benefit is less wear and tear on your streets and parking lots.

Our overall goal is consistent services that exceed our customer expectations. We are measured on our service commitments daily and are ranked against other Republic Companies across the United States. Our company is ranked and graded on how we perform day in and day out. Our ultimate goal is for your citizens to be able to set their clocks to our services. We have seen this starting to take shape as we receive calls when we run behind in some cases and citizens call to make sure our drivers are ok. Our measurements are strict and unwavering. An example of this is if a citizen or business calls in and states your driver is usually here at 10 a.m. and it is now 10:30 we consider this call a missed pickup. We should have communicated the delay. We also have the ability to send a message to all business locations throughout Rockwall to let them know if we are running behind. We now have a phone app that allows our customers to order services, request a call from customer service center and even pay invoices. Simply download My Resource and the app is available for free.

These are just a few facts on what Republic Services is really about. Below are the details of our proposal. We have requested an increase of two percent from current pricing. Please note that we did not request a CPI increase in 2015, which means pricing, has been the same since January of 2014. The new rates would go into effect January 1, 2016.

PROPOSAL

Republic Services will be adding additional equipment with our proposal.

No services have changed you will still receive two time a week trash, one time a week recycle and every other week brush / bulk.

Currently you have 6 trash routes and 2 recycle routes on average. We also run 1 grapple / boom truck for brush volumes.

The new proposal has 7 trash routes and 2 recycle routes. This will allow us to be flexible with the continued growth of the city as well as the past growth our current route structure has absorbed. We will actually be working with staff and a slight reroute will take effect to help evenly balance the work across our routes each day.

As the City matures, so does the vegetation throughout. More than ever, this has really become apparent this year. On average we are seeing 100 additional tons a month in brush and bulk from 2014. We have proposed a second unit to run with our brush/bulk unit. This will allow the grapple unit to stay in the city and not have to run to the landfill, which takes approximately 1.5 hours per round trip. This addition increases our capacity for the increased volume and our ability to overcome spikes in volume or inclement weather challenges in a timely manner.

We will continue to support the downtown beautification project with a $10,000 donation annually. We are also proud that we will continue our $2,000 donation for Rockwall ISD scholarships. Being a great corporate sponsor is important to us and we are proud to be part of this community not only as a corporate partner but also citizens.

The Current recycling rebate would no longer be in effect. The current state of recycling rebates has changed dramatically over the past few years. What was a minimal cost to a hauling company has increased in tipping fees. An example of this is single stream residential recycling is actually charged to Republic Services and no rebate is granted back to Republic Services due to low commodity pricing and contamination factors.

We have requested to change the yearly increase process from your current CPI structure to a fixed increase of three percent years two through five. The Consumer / Municipal price index factors do not reflect the true costs of our industry over the past years. CPI does not take into account benefit costs, yearly wage increases, steel costs, plastics, tire expenses as some examples. Just over the past few years, we have seen new vehicles rise in price from $165,000 to $235,000. The cost of business is rising which is why we are looking for a set increase to offset cost factors. We have not included a fuel surcharge as we have seen numerous companies do.

We have also included a Force Majeure clause in the new agreement. The definition of Force Majeure is as follows, this is protection in the event that a segment of the contract cannot be performed due to causes that are outside the control of the parties, such as a natural disaster, that could not be avoided through the exercise of due care.

With our proposal, everything stays the same as it is today. We have not increased pricing since January of 2014 and believe a two percent increase is a solid and fair proposal for the amount of services provided throughout this contract. Republic Services has donated over $100,000 over the past years and we are proud of our partnership with The City of Rockwall. This proposal has an additional $100,000 in donations throughout the full term. We have proposed a 5-year extension with a 5-year option.

I thank you for your support throughout this process, I believe that after your due diligence with our competitor's performance records in the area that you will find this to be a great proposal for your citizens.

MEMORANDUM

TO: **Rick Crowley – City Manager**

FROM: **Brad Griggs – Assistant City Manager**

DATE: **September 4, 2015**

SUBJECT: **Non-Emergency Ambulance Transport Work Session**

In preparation for the ordinance change regarding the non-emergency ambulance transports, additional information regarding the process to be used, any fees to be charged and the required documentation for consideration need to be reviewed. Staff will be prepared to present a list of issues that may require council direction prior to the preparation of the ordinance. Consultation with the City Attorney regarding the language within the City Charter and any potential impact on the type of licensing and/or franchise agreement will be necessary.

Although City Attorney Frank Garza has submitted a draft ordinance for consideration, the implementation of the draft needs to be discussed. The effective date for the change of service is November 1, 2015 so all process and ordinance amendments need to be in effect by that time.

PROCLAMATION
Constitution Week 2015

Whereas, September 17, 2015 marks the two hundred and twenty-eighth anniversary of the drafting of the Constitution of the United States of America by the Constitutional Convention; and

Whereas, it is fitting and proper to officially recognize this magnificent document and the anniversary of its creation; and

Whereas, it is fitting and proper to officially recognize the patriotic celebrations which will commemorate the occasion; and

Whereas, public law 915 guarantees the issuing of a proclamation each year by the President of the United States of America designating September 17 through 23 as constitution week;

NOW, THEREFORE, I, Mayor of the City of Rockwall, Texas, do hereby proclaim September 17 through 23, 2015 to be

CONSTITUTION WEEK

In Rockwall, Texas, and ask our citizens to reaffirm the ideals the Framers of the Constitution had in 1787.

PLACE STATE OR CITY SEAL HERE

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the City of Rockwall on this seventeenth day of September in the year of our Lord two thousand fifteen and of the Independence of the United States of America the two hundred and thirty ninth.

Mayor of Rockwall, TX_____

Rockwall Police Department
Case# 2015-23927
Date: July 25, 2015
Offense: Information-Building Fire
Beat: 2012
Vehicle 12-4; DVR Yes
Reporting Officer: G. North #1001

The following is a summary of events that occurred on Saturday, July 25, 2015 at approximately 11:13 PM. I, Officer G. North #1001, while on patrol crossing through downtown Rockwall (100 Block N. Goliad) observed smoke bellowing from a rooftop. I was also flagged down by a passerby at the intersection of N. Goliad and Kaufman St. The passerby's driver's license number and phone number was forwarded to the Rockwall Fire Department for informational purposes.

I checked out with Rockwall PD Dispatch and informed them that I would be investigating a possible building fire. Upon further investigation, I could feel a significant temperature increase in the front of the business located at 109 N. Goliad. I could not see inside of the business due to dark windows.

From the factors surrounding the investigation I notified Dispatch to start Rockwall Fire to the location for a building fire. I did not observe anything else out of the ordinary.

Rockwall PD Case Number 2015-23927
Rockwall FD Incident Number 2015-637

Officer G. North #1001
Rockwall Police Department
Patrol Division

109 N. Goliad

We responded to a report of a possible structure fire on July 26, 2015. Upon arrival, Ladder 1 checked on scene with nothing showing from the front of the building. A police officer met Ladder 1 personnel to advise them the building was full of smoke and the glass storefront was hot to the touch. Ladder 1 Officer (Monty Gibson) along with 2 other firefighters (Michael Caffey & Nathan Dower) made a forced entry into the building and were met with heavy smoke conditions. Upon my arrival I quickly made the decision to have firefighters make entry into the building to the South of the fire building, which is 107 S. Goliad, and take a hose line to check to see if the fire had spread to that location and if it had not make sure that it did not get into that building. One of the ladder trucks was raised and ready to operate at this point also. My major goal at this incident was to ensure that the fire was contained to as small of an area as possible and minimize damage to the downtown area. The firefighters on the initial attack were able to locate and extinguish the fire quickly. Due to their being no back door in the fire building we had to cut a hole in the roof in order to assist in removing the smoke and heat from the building. It appeared that the fire inside the location had been burning for quite a while and had pretty much burned itself out by the time we arrived. The interior of the building sustained major damage from heat, smoke and water. The interior of the building at 107 had a significant amount of smoke inside but received no fire or water damage. There was a potential for a large fire on this incident but thanks to an alert citizen and police officer and a quick interior attack by our firefighters this did not happen.

There were no civilian injuries and no firefighter injuries on this incident.

Dispatch time: 23:17.11
Enroute time: 23:18.34
On scene time: 23:21.46
Clear time: 02:25.34

We had a total of 2 Engines, 2 Ladders, 7 Full time, 2 off duty, 13 volunteers, 2 Investigators and 2 Chiefs on this incident.

Rockwall Fire Department
Fire Marshal's Office

Fire Behavior Analysis

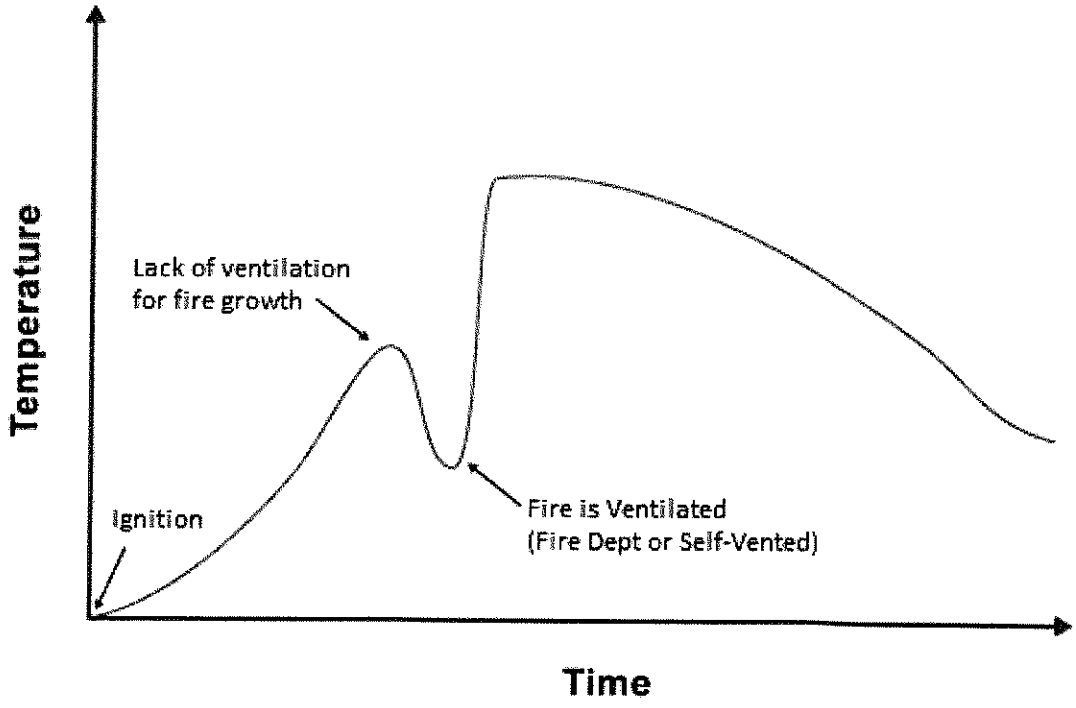
K's Advertising
109 N. Goliad Street
Rockwall, TX 75087

Incident #: 2015-0637

In my opinion, as a fire investigator, the fire in question was a ventilation-limited fire based on observable burn patterns that indicated intensity and movement of the fire. Below, I have listed the fire dynamics that I believe limited fire spread on the night of 07/25/2015:

- Early Discovery
  - Early discovery of the fire by Jeffrey Mcleod and Officer Gary North allowed the fire department to suppress the fire before it reached a fully involved state.
- Building Construction
  - Non-combustible gypsum board ceilings and walls contained the fire below the attic space until firefighters arrived on scene. Only a few wooden joists were charred in the attic space where the gypsum board began to deteriorate under fire conditions.
  - Many of our downtown buildings have multiple ceiling and roof structures, but K's Advertising did not. It is possible that the open attic space at K's Advertising aided in the discovery of the fire by allowing the smoke to vent out of the roof vents instead of becoming trapped under layers of void spaces. This also improved firefighting conditions, including visibility and ability to locate the fire, by making vertical ventilation (cutting a hole in the roof), pulling down the ceiling, and using a Positive Pressure Ventilation Fan an effective tactic.
- Ventilation
  - As the fire developed, it appears that the smoke volume increased enough to limit the oxygen available for fire growth. There were no exterior windows or doors at the rear of the structure, which eliminated any options for natural ventilation and kept the fire from venting in the early stages of development. If the fire had enough time to breach the gypsum board ceiling or store-front windows, the fire would have rapidly grown.
- Compartment Geometry
  - The cubic volume of the office space contained within the gypsum board walls and ceiling limited the heat and smoke plume generated by the fire. The heat and smoke had less space to dissipate into. Initially, there was a rapid increase in the rate of radiant and convective heat transfer in the compartment. Once the compartment filled completely with the by-products of combustion, effective entrainment (pulling in oxygen for the fire to use) was disrupted. As a result, firefighters encountered a very hot environment, filled with large amounts of smoke, and limited visible flames.

Report By:
Paul Ayres #842
Fire/Arson Investigator



8/12/2015

Summary:

In this case the fire started in a structure which had the doors and windows closed. Early in the fire growth stage there was adequate oxygen to mix with the heated gases, which resulted in flaming combustion. As the oxygen level within the structure was depleted, the fire decayed, and the heat release rate (HRR) from the fire decreased, limiting the fire growth.

Had the fire breached the storefront windows or found an alternative means of ventilation, oxygen would have been introduced. The oxygen would mix with the heated gases in the structure and the energy level would increase. This change in ventilation could have resulted in a rapid increase in fire growth potentially leading to a flashover (fully developed compartment fire).

The Fire Behavior in this Structure is represented by this curve diagram, demonstrating the time history of a ventilation-limited fire.

Report By:
Paul Ayres #842
Fire/Arson Investigator

Rockwall, Texas

Proclamation

Whereas, on Saturday, July 25, 2015, Mr. Jeffrey Michael McLeod suspected there was a fire at one of the buildings in historic downtown Rockwall, so he flagged down a police officer at the intersection of N. Goliad and Kaufman Street; and

Whereas, as a result of Mr. McLeod's actions, Rockwall Police Officer Gary North contacted dispatch to get the Fire Department in route to the location; and

Whereas, upon entry into the building, it was determined with certainty that there was indeed a fire at the location; and

Whereas, because of Mr. McLeod taking action instead of merely shrugging off his suspicions, the Rockwall Fire Department was able to extinguish the fire, minimize the damage, and avoid a more large scale fire incident; and

Whereas, some buildings in Rockwall's downtown area date back to as early as the late 1800s; and

Whereas, the City of Rockwall values its historic downtown area, always desiring to protect and preserve the safety and integrity of its buildings, business owner/operators, and patrons; and

Whereas, Mr. McLeod helped the city accomplish these things on July 25th.

Now, Therefore, I, Jim Pruitt, Mayor of the City of Rockwall, Texas, do hereby proclaim September 8, 2015 as the

JEFFREY MICHAEL MCLEOD RECOGNITION DAY

in the City of Rockwall and urge all citizens to recognize and applaud Mr. McLeod for exercising quick thinking and effective actions which led to protecting our downtown square and ensuring the safety and protection of our citizens and visitors.

In Witness Whereof, I hereunto set my hand and official seal this 8th day of September, 2015.

Jim Pruitt, Mayor

Rockwall, Texas

Proclamation

Whereas, on Saturday, July 25, 2015, a passerby suspected there was a fire at one of the buildings in historic downtown Rockwall, so he flagged down a police officer at the intersection of N. Goliad and Kaufman Street to report his suspicions; and

Whereas, Rockwall Police Officer Gary North then inspected the building, feeling a significant increase in temperature in the front of the business and noting that the glass storefront was hot to the touch; and

Whereas, Officer North then requested that the Rockwall Fire Department be dispatched to the location for response; and

Whereas, after making entry into the building, Rockwall volunteer firefighters along with "A Shift" on-duty personnel were able to locate and extinguish the fire quickly; and

Whereas, as a result of the teamwork involved on the part of the reporting citizen, the quick acting police officer, and the city's volunteer and personnel firefighters, a more serious, larger-scale fire was averted, and no injuries were sustained; and

Whereas, the City of Rockwall values its historic downtown area, always desiring to protect and preserve the safety and integrity of its buildings, businesses, and patrons.

Now, Therefore, I, Jim Pruitt, Mayor of the City of Rockwall, Texas, do hereby formally recognize and express gratitude towards Rockwall Police Officer Gary North, the Rockwall Fire Department Volunteers, and members of the RFD's "A shift" for their quick thinking and quick response which protected life and property during this incident.

In Witness Whereof, I hereunto set my hand and official seal this 8th day of September, 2015.

Jim Pruitt, Mayor

CITY OF ROCKWALL, TEXAS
FIRE DEPARTMENT

City of Rockwall
The New Horizon

Date: August 6, 2015

To: Rick Crowley, City Manager

From: M. Poindexter, Fire Chief

Re: Rockwall Nursing Care Center
206 Storrs Street

We responded to a report of a commercial fire on August 04, 2015. The first unit on scene was met by a staff member outside and was directed to the affected room and told that a T/V inside the room was on fire. Upon entry into the room, the firefighter found that the T/V had been extinguished by a staff member with the use of two fire extinguishers; however there was a significant amount of smoke throughout a majority of the building. All patients in the building, with the exception of the 34 patients in the Alzheimer's wing and approximately 30 patients in the front three wings off of the nurse's station area, were evacuated from the building due to the smoke which had spread throughout the majority of the building. Approximately 63 patients and about 90% of the staff members were evacuated from the building. The building has 91 resident patient rooms and had 127 residents in house at the time of the fire. Working with the facility management staff, we were able to move two beds into non-effected areas and lesson the 60 displaced patients to 15. Arrangements were made by facility management to transport 15 of the 16 displaced patients to Lake Pointe Nursing Care Facility in Rowlett. We worked with the Police Department and transported one patient from the facility to Green Oaks for mental evaluation for his safety and other patient's safety.

Below is a timeline of events that were recorded by dispatch and on the radio:

Dispatch time:		21:56.32		
Enroute time:		21:57.45		1 min. 13 sec.
On Scene time:	L-1 -	21:59.44	(2 - Firemen)	3 min. 11 sec.
	817 -	22:01.39	(1 - Chief)	5 min. 17 sec.
	E-3 -	22:02.00	(1 – Fireman)	5 min. 32 sec.
	810 -	22:02.52	(1 – Chief)	6 min. 20 sec.
	E-4 -	22:03.00	(2-Firemen)	6 min. 28 sec.
	L-2 -	22.03 59	(2 – Firemen)	8 min. 27 sec.

Three ambulances requested:	22:02:39
Fire Investigator requested:	22:06.15
All occupants out of wing closest to fire and wing north of fire:	22:08.58
Decision made to evacuate 300 wing:	22:10.54
All patients evacuated:	22:15.44
64 patients were left sheltered in place:	22:34.24
840 on scene:	22:35.03
841 on scene:	23:12.11
15 patients relocated to Lake Pointe:	00:47.44

One Chief was interior Command and one chief was exterior Command. The scene was very busy. Trucks were placed on all four sides of the building and firefighters were told to report to those trucks for accountability. Due to those two factors, the 4, 8, and 12 men on scene times were not reported. Total personnel on scene: 2 Chiefs, 7 on duty personnel, 1 full time off duty, 13 Volunteers, 2 Fire Investigators.

Rockwall Fire Department will present Medal of Heroism

On August 4th, 2015 at approximately 9:30 pm, the fire alarm activated within the Rockwall Nursing Home located 206 Storrs Street. Nurse's aides noticed heavy smoke quickly filling the hallways of the Station 2 wing of the Rockwall Nursing Home. It was discovered that the heavy smoke was coming from behind the closed door to Room 223. Knowing that the room's occupant was confined to a wheelchair and blind, staff members, Sikder Rahman and Jackson Ikechukwn, grabbed fire extinguishers and ran to Room 223 in an effort to locate the room's occupant and extinguish the fire. Without regard for their own safety, Mr. Rahman and Mr. Ikechukwn, made entry into Room 223, extinguished the fire and pulled the room's occupant to safety.

The actions of Sikder Rahman and Jackson Ikechukwn were instrumental in rescuing and saving another by their quick thinking and courage in an emergency situation. They demonstrated extraordinary courage and composure while responding to the fire and rescuing the room occupant.

The Rockwall Fire Department credits Sikder Rahman and Jackson Ikechukwn with saving the life of the room's occupant and potentially many more lives that August night. On behalf of the citizens of Rockwall and the Rockwall Fire Department, for their conspicuous act of valor under life threatening conditions, we will present to Sikder Rahman and Jackson Ikechukwn the Citizens Medal of Heroism.

The award ceremony will be September 8th, 2015 at 6:00 pm at the City of Rockwall City Hall during the City Council meeting

48

Rockwall, Texas

Proclamation

Whereas, on Tuesday, August 4, 2015 at 9:30 p.m., the fire alarm at the Rockwall Nursing Care Center on Storrs Street was activated; and

Whereas, nursing aides had noticed heavy smoke quickly filling the hallways of one wing of the nursing home, and heavy smoke was coming from behind the closed door of one of the resident's rooms; and

Whereas, knowing that the room's occupant was confined to a wheelchair and blind, two staff members grabbed fire extinguishers, ran to the room, made entry and extinguished the fire, pulling the room's occupant to safety; and

Whereas, without regard for their own safety, the actions of these two staff members resulted in saving this individual, and perhaps others, as well as putting an end to what might have otherwise been a much larger scale fire.

Now, Therefore, I, Jim Pruitt, Mayor of the City of Rockwall, Texas, do hereby proclaim September 8, 2015 as

SIKDER RAHMAN RECOGNITION DAY

in the City of Rockwall and urge all citizens to applaud this lifesaving act of valor and thank Mr. Rahman for his selfless, brave actions.

In Witness Whereof, I hereunto set my hand and official seal this 8th day of September, 2015.

Jim Pruitt, Mayor

MINUTES
ROCKWALL CITY COUNCIL
Monday, August 17, 2015
4:00 p.m. Regular City Council Meeting
City Hall, 385 S. Goliad, Rockwall, Texas 75087

I. CALL PUBLIC MEETING TO ORDER

Mayor Pruitt called the meeting to order at 4:00 p.m. Present were Mayor Jim Pruitt, Mayor Pro Tem Dennis Lewis and Council Members David White, Mike Townsend, Scott Milder, and Kevin Fowler. Also present were City Manager Rick Crowley, Assistant City Managers Mary Smith and Brad Griggs and City Manager Frank Garza. Councilmember John Hohenshelt was absent from the meeting.

II. WORK SESSION

1. Hold work session with representative(s) of STAR Transit to hear annual report of services provided to the Citizens of Rockwall, industry updates, and funding, and take any action necessary.

Councilmember Townsend, who is the city's representative on the STAR Transit board, briefed the council on this agenda item. He indicated that the county is the entity that actually holds the contract with STAR transit, and the City of Rockwall has traditionally provided some level of funding to the organization in the past for public transportation. He shared that there were some recent changes in Federal funding.

Omega Hawkins, Executive Director, Kim Britton, and Ashley Ando with Stat Transit made a presentation to the City Council. They stated that STAR has been providing transportation services in Rockwall since 2005. She stated that about 4,000 rides were provided in 2005. Approximately 18,000 rides were provided in 2010, and 29,000+ rides were provided in 2014. She anticipates that over 30,000 rides will be provided in the year 2015. The presentation gave an overview of STAR Transit's operations, number of rides in Rockwall County, and the current funding levels. STAR representatives further discussed the funding changes that the Federal government is implementing in April 2016 and how it will affect transportation service. Based on the 2010 census, Rockwall County's designation has changed from rural to urban. They then discussed the levels of funding under an urban designation and stated that there is still an abundance of funding for capital expenditures, but funding for operation of transit providers has changed under the new urban designation to a 50/50 match.

Additional information was provided for the next fiscal year. STAR proposes adding an 8th bus to the operation in Rockwall County. STAR Transit currently anticipates FY16 cost of service will average $50.76 per hour or $812,160.00 to provide transportation services in Rockwall County. STAR Transit will cover the 1st six months (Sept '15–April '16) of the local portion in FY16 only - $203,040 and stated that by April 2016; a 50% operating local match will be needed from a source or sources within Rockwall County. It was estimated that based on ridership, the City of Rockwall share would be 84.96% or in $172,502 in FY2016. STAR Transit needs partners from Rockwall County to provide 12 months of local match in FY17 and beyond. Following the presentation, a there was a series of questions and answers between their staff and council members.

The Council took no action following this work session item.

2. Hold work session to discuss the June 21, 2015 flooding event, including impacts on homes and roadways, and take any action necessary.

Mayor Pruitt called for a brief break at 5:07 p.m. The meeting was called back to order at 5:13 p.m.

City Engineer Tim Tumulty and Civil Engineer Jeremy White came forth and provided a presentation to Council recapping this flood event. They provided details related to twenty-three houses that flooded, nineteen roadway closures, and 5 other flood related issues. The council took no action concerning this work session item.

Mayor Pruitt then read the below listed discussion items into the public record before recessing the public meeting into Executive Session at 5:40 p.m.

III. EXECUTIVE SESSION.

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding purchase or lease of real property / land acquisition in the vicinity of the downtown area for municipal purposes pursuant to Section § 551.072 (Real Property).

2. Discussion regarding (re)appointments to city regulatory boards, commissions, and committees including the Building and Standards Commission, Planning & Zoning Commission, and Board of Adjustments pursuant to Section 551.074 (personnel matters)

3. From Public Meeting Agenda: Action Item 2. MIS2015-004 - Discuss and consider the approval of a special request by David Smith on behalf of the owner Jose Contreras for a waiver to the Manufactured Home Replacement Minimum Standards as set forth in Exhibit 'C' of Planned Development District 75 (PD-75) [Ordinance No. 09-37] to allow a new manufactured home to be located within the floodplain on a 0.17-acre property identified as Lot 1376, Rockwall Lake Estates #2, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 75 (PD-75) for Single Family-7 (SF-7) District land uses, located at 142 Rene Drive, and take any action necessary.

IV. ADJOURN EXECUTIVE SESSION

Executive Session was adjourned at 6:00 p.m.

V. RECONVENE PUBLIC MEETING

Mayor Pruitt reconvened the public meeting at 6:03 p.m.

VI. TAKE ANY ACTION AS A RESULT OF EXECUTIVE SESSION

No action was taken as a result of Executive Session.

VII. INVOCATION AND PLEDGE OF ALLEGIANCE – COUNCILMEMBER WHITE

Councilmember White delivered the invocation and led the Pledge of Allegiance.

VIII. OPEN FORUM

Mayor Pruitt explained how Open Forum is conducted and asked if anyone would like to come forth and speak. There being no one, he then closed the Open Forum.

IX. CONSENT AGENDA

1. Consider approval of the minutes from the August 3, 2015 regular city council meeting, and take any action necessary.
2. Consider approval of an interlocal cooperation agreement for governmental services relating to a school resource officer program between the City of Rockwall and The Rockwall Independent School District, and take any action necessary.
3. Consider authorizing the City Manager to enter into an agreement with the Texas Department of Transportation (TxDOT) under the City Pride Program for installation of signage at the intersection of SH-205 and Yellow Jacket Lane, and take any action necessary.
4. Consider approval of a resolution authorizing signatories for financial transactions, and take any action necessary.
5. Consider authorizing the City Manager to execute an interlocal Purchasing Agreement with the City of Allen for the purchase of materials, supplies and services and take any action necessary.
6. Consider approval of the additional expense ($33,005.56 to be funded out of Engineering Dept. General Fund Budget) associated with providing higher level of protection from roadway inundation during storm event greater than a 25-year storm associated with the design and construction of a 100-year storm sewer system for FM 549 from SH 205 to SH 276, and take the necessary action.
7. Consider awarding a contract for unit pricing for road marking material and striping services to Road Master Striping LLC through the City of Midlothian Cooperative Agreement to be funded through the General Fund Street Department Operating Budget, Street Repair and Maintenance, and take any action necessary.
8. Consider approval of a resolution allowing a temporary partial closure of FM 740 from Summer Lee Drive to the south City limits to facilitate the U.S. Open Triathlon on Sunday, October 18, 2015 from 6:00 AM to 1:00 PM, and take any action necessary.
9. **P2015-034** - Consider approval of a request by Joanne Vuckovic of the Pregnancy Resource Center for the approval of a replat for Lot 1, Block A, Pregnancy Resource Center being a 0.32-acre tract of land currently identified as Tract 21 of the B. J. T. Lewis Survey, Abstract No. 255, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 53 (PD-53) for Residential-Office (RO) District land uses, situated within the Scenic Overlay (SOV) District, addressed as 1010 Ridge Road, and take any action necessary.

Councilmember Milder made a motion to approve the entire Consent Agenda (#1, 2, 3, 4, 5, 6, 7, 8, and 9). Councilmember White seconded the motion, which passed by a vote of 6 ayes with 1 absent (Hohenshelt).

X. APPOINTMENTS

1. Appointment with the Planning and Zoning Chairman to discuss and answer any questions regarding cases on the agenda and related issues and take any action necessary.

Chairman of the Planning & Zoning Commission, Craig Renfro, came forth and briefed the Council on recommendations of the Commission relative to planning-related items on tonight's city council meeting agenda.

2. Appointment with Casey Kelly representing the Rockwall Girls Softball Association (RGSA) to hear proposal concerning partnering with the city, and take any action necessary.

Casey Kelly
7136 Harlan Drive
Rockwall, TX

Mr. Kelly came forth and clarified that he does not actually represent the RGSA. Instead, he is a concerned parent. He expressed that Andy and his staff who work for the city on the softball program do a wonderful job. However, he is concerned that kids are missing out on opportunities to play, generally indicating that these opportunities are fewer than perhaps they could otherwise be at this point if the city and RGSA were partnered in some way.

Councilmember Townsend offered a brief history of past discussions regarding RGSA partnering with the city regarding girls' softball. He indicated that RGSA previously refused to partner with the city even after having participated in lengthy discussions with the city council's youth sports subcommittee and with staff. However, Councilmember Townsend indicated that the city's offer still stands, and he and the council subcommittee are still willing to sit down with RGSA's representatives to again discuss this possibility.

Mr. Kelly expressed concern about non-Rockwall kids having to pay $95 / season compared to $55 / season for Rockwall residents' kids. He shared that umpires not showing up coupled with scheduling problems posed a lot of concerns last season. He personally would like to see girls from other cities come into Rockwall to play with Rockwall teams regardless of who pays the taxes to provide for them to play on fields.

Mayor Pruitt encouraged Mr. Kelly to have RGSA representatives schedule an appointment with city representatives to further discuss these issues if they so desire. The council took no action on this item.

XI. ACTION ITEMS

1. **Z2015-016** - Discuss and consider approval of an **ordinance** for a request by Stacey McVey of Double Eagle Properties on behalf of the owner 308 ON 276 LP for a zoning change from an Light Industrial (LI) District to a Planned Development District for Single Family 10 (SF-10) and General Retail (GR) District land uses, on a 316.315-acre tract of land identified as Tract 1 of the M. E. Hawkins Survey, Abstract No. 100, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, located at the northeast corner of the intersection of Rochelle Road and SH-276, and take any action necessary. **(2nd Reading)** ***(requires 3/4 majority vote)***

Councilmember White made a motion to approve Z2015-016. Mayor Pro Tem Lewis seconded the motion. The ordinance was read as follows:

CITY OF ROCKWALL
ORDINANCE NO. 15-24

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [ORDINANCE NO. 04-38] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO CHANGE THE ZONING FROM AN AGRICULTURAL (AG) DISTRICT TO A PLANNED DEVELOPMENT DISTRICT FOR SINGLE FAMILY 10 (SF-10) AND GENERAL RETAIL (GR) DISTRICT LAND USES ON THE SUBJECT PROPERTY, BEING A 316.315-ACRE TRACT OF LAND IDENTIFIED AS TRACT 1 OF THE M. E. HAWKINS SURVEY, ABSTRACT NO. 100, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED HEREIN BY EXHIBIT 'A' & EXHIBIT 'B'; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion passed by a vote of 6 in favor with 1 absent (Hohenshelt).

2. **MIS2015-004** - Discuss and consider the approval of a special request by David Smith on behalf of the owner Jose Contreras for a waiver to the Manufactured Home Replacement Minimum Standards as set forth in Exhibit 'C' of Planned Development District 75 (PD-75) [Ordinance No. 09-37] to allow a new manufactured home to be located within the floodplain on a 0.17-acre property identified as Lot 1376, Rockwall Lake Estates #2, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 75 (PD-75) for Single Family-7 (SF-7) District land uses, located at 142 Rene Drive, and take any action necessary.

Mayor Pruitt made a motion to table this item until the next council meeting. Councilmember Townsend seconded the motion, which passed unanimously of those present (Hohenshelt absent).

3. Discuss and consider authorizing the city manager to execute a 380 Agreement with First Texas Homes for Use Taxes, and take any action necessary.

Councilmember White made a motion to approve the agreement as presented. Councilmember Milder seconded the motion, which passed by a vote of 6 in favor with 1 absent (Hohenshelt).

4. **SP2015-016** - Discuss and consider a request by Wayne Mershawn of Mershawn Architects on behalf of Rex Walker of Life Springs Church for the approval of variances to the articulation and residential screening requirements as stipulated by the Unified Development Code in conjunction with an approved site plan for a church on a seven (7) acre portion of a larger 28.881-acre tract of land identified as Tract 15-01 of the J. Strickland Survey, Abstract No. 187, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the SH-205 By-Pass Corridor Overlay (SH 205 BY-OV) District, located on the north side of John King Boulevard east of the intersection of John King Boulevard and SH-205, and take any action necessary.

Planning Director Ryan Miller provided background information related to this agenda item, explaining that both of these variances will require a simple majority vote of Council. The Architectural Review Board did desire for the applicant to make some modifications to the horizontal articulation. The applicant made some adjustments, and a revised rendering was emailed out to ARB members. One ARB member did e-mail back to provide input on the updated articulations, indicating that he/she was not satisfied with the adjustments that were made. He explained that the church property has about 90' of separation from the adjacent residential area. In lieu of a 6' masonry wall requirement, the applicant is asking for a variance to plant about 17 live oak trees for screening instead at the rear of the property. Mr. Miller stated that the P&Z Commission did recommend approval of the proposed variances.

Mike Mershawn
Mershawn Associates
2313 Ridge Road

Mr. Mershawn came forth, indicating he is happy to answer any questions of Council.

Councilmember Milder asked for clarification regarding P&Z's recommendation. Mr. Miller indicated that P&Z did unanimously recommend approval of this item.

Councilmember Milder made a motion to approve the variance related to residential screening as presented. Councilmember White seconded the motion, which passed unanimously of those present (Hohenshelt absent).

Regarding the horizontal articulations, Councilmember White made a motion to approve those variances. Mayor Pruitt seconded the motion, which passed by a vote of 5 in favor, 1 against (Milder) and 1 absent (Hohenshelt). Councilmember Milder expressed some concern about the ARB seemingly not being on board with this particular variance request.

5. Discuss and consider adding a staff position and vehicle in the Street Department Budget to provide additional roadway cleanup services, and take any action necessary.

Indication was given that Councilmember Milder requested this agenda item. He generally expressed concerns about the overall cleanliness of streets and roadways within the city, including post-crash debris cleanup, which he recently learned is supposed to be the responsibility of the responding wrecker service. Brief comments were made related to streets/roadway clean up after weather/storm events.

At the request of Councilman Milder, Mr. Crowley indicated that the city has been operating with the same number of Street Department employees since 1998, clarifying, however, that the budget for that department has increased over time, and a lot of contractual work has taken place.

Councilman Milder suggested that the Council consider adding a new staff position and truck in the Streets Department during the upcoming budget work session discussions.

6. Discuss and consider (re)appointments to city advisory boards, including the Animal Adoption Center/Shelter Advisory Committee, the Architectural

Review Board, the ART Commission, the Historic Preservation Advisory Board and the Park Board, and take any action necessary.

After brief comments from Mr. Crowley, Councilmember White made a motion to appoint the following individuals to serve on the city's ART Commission: Jane Braddock, Betty Hoaglund, and Doug Agee (Kathleen Morrow and David Sweet were previously appointed in January of 2015). Councilmember Townsend seconded the motion, which passed by a vote of 6 in favor with 1 absent (Hohenshelt).

Councilmember Townsend made a motion to re-appoint to the Park Board (through August 2017) Mr. Ray Harton, Mr. Larry Denny and Mr. Bob Lewis. Councilmember Milder seconded the motion, which passed by a vote of 6 in favor with 1 absent (Hohenshelt).

Councilmember Milder made a motion to reappoint Alan Dennard to the Board of Adjustments (BOA) (through August of 2017). Councilmember White seconded the motion, which passed unanimously of Council (Hohenshelt absent).

7. Discuss and consider continuation and oversight associated with the annual 4th of July parade, and take any action necessary.

Mr. Crowley provided brief comments on this item. Councilmember Townsend made a motion to direct the Parks & Recreation Department to provide oversight to the annual Fourth of July Parade. Mayor Pro Tem Lewis seconded the motion, which passed by a vote of 6 in favor with 1 absent (Hohenshelt).

Mr. Crowley indicated that, although there is not a City Manager's report on tonight's agenda, at the approval of City Attorney Frank Garza, Assistant City Manager Mrs. Smith will provide a brief statement regarding concerns associated with the City of Rockwall providing water to the RCH Water Supply Corporation for residents of McLendon Chisholm. Mrs. Smith went onto explain, in general, that the City of Rockwall supplies wholesale water to the RCH Water Supply Corporation. Through that agreement, Rockwall can provide 2.1 million gallons per day; however, RCH's single 8" pipe is not adequate to bring that much water into their system. After lengthy investigating, it was determined that a 16" pipe will need to be designed and constructed before these supply issues can sufficiently be remedied. Unfortunately, there is no short-term fix to help address these problems sooner.

XII. EXECUTIVE SESSION

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding purchase or lease of real property / land acquisition in the vicinity of the downtown area for municipal purposes pursuant to Section § 551.072 (Real Property).

2. Discussion regarding (re)appointments to city regulatory boards, commissions, and committees including the Building and Standards Commission, Planning & Zoning Commission, and Board of Adjustments pursuant to Section 551.074 (personnel matters)

XIII. RECONVENE PUBLIC MEETING & TAKE ANY ACTION AS RESULT OF EXECUTIVE SESSION

Council did not go back into Executive Session following the close of the public meeting.

XIV. ADJOURNMENT

Mayor Pruitt adjourned the meeting at 6:47 p.m.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS 8th DAY OF SEPTEMBER, 2015.

AGENDA
ROCKWALL CITY COUNCIL
Monday, August 31, 2015
8:00 a.m. Budget Work Session
Municipal Court Building, 2860 SH-66 Rockwall, TX 75087

1. CALL TO ORDER

Mayor Pruitt called the meeting to order at 8:00 a.m. Present were Mayor Jim Pruitt, Mayor Pro Tem Dennis Lewis and City Council Members David White, Mike Townsend, John Hohenshelt, Scott Milder, and Kevin Fowler. Also present were City Manager Rick Crowley, Assistant City Managers Mary Smith and Brad Griggs, department directors, and the city secretary.

2. HOLD BUDGET WORK SESSION TO DISCUSS AND CONSIDER THE CITY OF ROCKWALL'S FISCAL YEAR 2016 BUDGET, AND TAKE ANY ACTION NECESSARY.

Councilmember Hohenshelt shared information he assembled related to budget and tax rate related strategic planning data and information. After the discussion, it was decided that further dialogue related to these ideas would be scheduled for a separate meeting so that potential implementation strategies could be developed.

Councilmember Milder requested to have an in depth discussion pertaining to the Fire Department including staffing and the condition of Fire Station 1. Chief Poindexter indicated that funding to hire a consultant to study needs pertaining to Station 1 and its potential expansion or replacement is being proposed in this budget. Extensive discussion took place related to staffing of the department as a whole, at each of the various fire stations and on scene during structure fires. Discussion ensued regarding fire department volunteer recruitment efforts as well as volunteer training and experience. The need for goal setting pertaining to the fire department on the part of the city council was discussed. Councilmember Milder indicated that he would like the council to consider adopting the current tax rate instead of the effective tax rate this budget year, and he would like the council to consider funding six new, full-time firefighters.

Following the discussion, council and staff discussed the Water/Sewer Fund, Debt Service, and the General Fund and General Government budget proposals. Staff indicated that Animal Services will begin reporting to Andy Hesser starting October 1st, and Lieutenant Valliant in the Police Department will serve as an advisor. The Finance Department budget was discussed, followed by additional discussion related to the Fire Department and the proposed Police Department budget.

Mayor Pruitt recessed the meeting at 11:46 for a brief break. At 12:05 a.m. discussion took place related to a park grant to expand the SH-66 boat ramp, including the required local funding match. General discussion took place related to improvements to some sidewalks, including ADA accessibility of those sidewalks, in the downtown area (a portion not included in bond related improvements). Beginning at 12:30 p.m., the

Community Development, Parks, Public Works/Engineering, Special Revenue Fund, and Internal Services Fund budget proposals were discussed.

At 1:40 p.m., wrap up comments were made. Brief comments were offered regarding adoption of the effective rate versus the current tax rate. Assistant City Manager, Mary Smith, provided an explanation of the remainder of the budget process, including required public notices, upcoming public hearings, and city council votes needed for ultimate adoption of the budget.

3. ADJOURNMENT

The meeting was adjourned at 1:55 p.m.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS 8th DAY OF SEPTEMBER, 2015.

MEMORANDUM

TO: **Rick Crowley, City Manager**

FROM: **Timothy M. Tumulty, Director of Public Works/City Engineer**

DATE: **September 3, 2015**

SUBJECT: **Construction Contract Award – Lake Forest Erosion Control Improvements**

Background:
Staff received a letter from the citizen at 2065 Lake Forrest Drive concerned about the stream erosion occurring directly behind their home. Staff had a consulting engineer visit the site to evaluate the erosion condition along the stream from Emerald Bay Park to Lake Ray Hubbard. The erosion situation behind 2065 Lake Forest Drive will negatively impact the back yard/fence of this lot and possibly the adjacent lots if not addressed in the near future.

City Council hired Walter P. Moore Consulting Engineers to provide the engineering design services for this erosion control project. Their services consisted of the design of erosion protection behind 2065 Lake Forest Drive. The proposed structure is a large, modular concrete block retaining wall stabilized with rock anchors. Engineering plans were completed and put out to bidders.

The City received and opened two bids on August 20, 2015. The bidders are as follows:

1. Environmental Safety Services, Inc. $348,650.00
2. Arc Contracting Services $450,300.00

The experience and references provided with the low bidder demonstrate Environmental Safety Services, Inc. has the ability to satisfactorily completing similar projects. This company constructed a similar retaining wall in the creekbed adjacent to the City's cemetery.

Financial Implications:
Funding for this project will be taken from the General Reserves Fund.

Action Desired/Recommendation:
Staff recommends City Council consideration to award the Lake Forest Erosion Control Improvements project construction contract to Environmental Safety Services, Inc. in the amount of $348,650.00 and take any necessary action.

City of Rockwall
The New Horizon

MEMORANDUM

TO: Rick Crowley, City Manager

FROM: Timothy M. Tumulty, Director of Public Works/City Engineer

DATE: September 3, 2015

SUBJECT: Stonebridge Drive Sanitary Sewer Lift Station Rehabilitation

The Stonebridge Drive Sanitary Sewer Lift Station is located in the 800 block of Stonebridge Drive just north of Agape Street in the Stonebridge Meadows, Phase One Subdivision. It was constructed in the late 1970s. The lift station structure is in need of rehabilitation to continue functioning as originally designed. Attached is Professional Engineering Service Contract from Teague, Nall and Perkins, Inc. to prepare the engineering plans and specifications for this rehabilitation project. The project consists of converting an existing wet well/dry well lift station to a wet well submergible lift station and abandoning the existing dry well in place. Other improvements include adding a new valve vault, new electrical and controls equipment, SCADA controls, back-up electrical generator and new perimeter fence.

The engineering design contract is in the amount of $67,800.00. Funding for this contract is available in current 2015 Water and Sewer Revenue Bonds.

Staff requests City Council consideration to approve a Professional Engineering Services Contract with Teague, Nall and Perkins, Inc. to perform the engineering design plans and specifications for the Stonebridge Drive Sanitary Sewer Lift Station Rehabilitation project in the amount of $67,800.00.

AGREEMENT FOR ENGINEERING SERVICES BETWEEN THE CITY OF ROCKWALL, TEXAS AND TEAGUE NALL AND PERKINS, INC.

I. INTRODUCTION

This Agreement is executed by and between The City of Rockwall, Texas, a municipal corporation located in Rockwall County, Texas, (hereinafter called "OWNER"), and Teague Nall and Perkins, Inc., a Texas corporation, (hereinafter called "ENGINEER").

WITNESSETH, that OWNER desires professional engineering and surveying services in connection with sanitary sewer capital improvement projects.

NOW, THEREFORE, OWNER and ENGINEER, in consideration of the mutual covenants and agreements herein contained, do mutually agree as follows:

II. PROJECT

In this Agreement, the "PROJECT" means the surveying, analysis and engineering design for the Stonebridge Lift Station Replacement in accordance with the applicable OWNER codes, regulations and standards. The PROJECT includes replacing an aging existing wet well/dry pit lift station with a new submersible-pump lift station. The existing wet well will be utilized for the new lift station. The existing dry pit will be abandoned in place/filled in with flowable fill/partially-demolished. A new valve vault will designed, along with new isolation valves, check valves, and air-release valves. New pumps will be provided, along with base elbows, rails, hatches, wet well lining system, vent, level transducer, backup alarm float, and associated appurtenances. The PROJECT will also include all new electrical and controls equipment, including SCADA equipment and a backup electrical generator. Site improvements will include new fencing, gate, site light, and parking pad.

III. BASIC AGREEMENT

OWNER agrees to employ ENGINEER and ENGINEER agrees to perform professional engineering services in connection with the PROJECT, as stated in the sections to follow. All engineering services shall be performed with diligence and in accordance with professional standards customarily obtained for such services in the State of Texas. For rendering such services OWNER agrees to pay ENGINEER as set forth in Section VII and Exhibit F: "Compensation".

IV. SCOPE OF ENGINEER'S SERVICES

ENGINEER shall render the professional services necessary for development of the PROJECT, in accordance with the schedule in Exhibit A: "Project Schedule" and as detailed in Exhibit B: "Basic Engineering Services", said exhibits being attached hereto and incorporated herein for all purposes. ENGINEER shall be responsible, to the level of competency presently maintained by other practicing professional engineers in the same type of work in the Dallas/Fort Worth Metroplex area, for professional and technical soundness, accuracy, and adequacy of all designs, drawings, specifications, and other work and materials furnished under this Agreement.

V. SPECIAL ENGINEERING SERVICES

The OWNER will pay the ENGINEER for Special Engineering Services as indicated in Exhibit C: "Special Engineering Services", attached hereto and made a part of this Agreement.

VI. SCOPE OF OWNER SERVICES

The OWNER will furnish items and perform those services as identified in Exhibit E: "Services to be provided by the OWNER", attached hereto and made a part of this Agreement.

VII. COMPENSATION

A. In consideration of the services described herein, OWNER shall pay and ENGINEER shall receive compensation in accordance with Exhibit F: "Compensation".

B. Total payments including without limitation salary and reimbursable expenses, to ENGINEER by OWNER for the Basic Engineering and Special Engineering Services stated in Section IV and Section V above shall not exceed Sixty-Seven Thousand, Eight Hundred and No/100 Dollars ($67,800.00).

C. OWNER may authorize additional services to be provided by ENGINEER as mutually agreed upon by the parties. Any authorization for additional services shall be given to ENGINEER by OWNER in writing.

D. OWNER and ENGINEER understand that the variables in ENGINEER's cost of performance may fluctuate. The parties agree that any fluctuation in ENGINEER's costs will in no way alter ENGINEER's obligations under this Agreement nor excuse performance or delay on ENGINEER's part.

VIII. OWNERSHIP OF DOCUMENTS

All completed or partially completed evaluations, reports, surveys, designs, drawings and specifications prepared or developed by ENGINEER under this Agreement, including any original drawings, computer disks, mylars or blue lines, shall become the property of OWNER when the Agreement is concluded or terminated, and may be used by OWNER in any manner it desires; provided, however, that ENGINEER shall not be liable for the use of such drawings for any project other than the PROJECT described in this Agreement.

IX. INDEMNITY

ENGINEER SHALL INDEMNIFY AND HOLD HARMLESS OWNER AND ITS OFFICERS, AGENTS, SERVANTS AND EMPLOYEES FROM ANY LIABILITY ON ACCOUNT OF ANY INJURIES OR DAMAGES RECEIVED OR SUSTAINED BY ANY PERSON OR PROPERTY, INCLUDING COURT COSTS AND REASONABLE ATTORNEYS' FEES INCURRED BY OWNER, CAUSED BY THE NEGLIGENT ACTS OR OMISSIONS OF ENGINEER OR ITS OFFICERS, AGENTS, SERVANTS, CONTRACTORS, OR EMPLOYEES IN THE EXECUTION, OPERATION, OR PERFORMANCE OF THIS AGREEMENT.

Approval by OWNER of contract documents shall not constitute or be deemed to be a release of the responsibility and liability of ENGINEER, its officers, agents, employees and subconsultants, for the accuracy and competency of the services performed under this Agreement, including but not limited to evaluations, reports, surveys, designs, working drawings and specifications, and other engineering documents.

Approval by OWNER shall not be deemed to be an assumption of such responsibility and liability by OWNER for any error, omission, defect, deficiency or negligence in the performance of ENGINEER's professional services or in the preparation of the evaluations, reports, surveys, designs, working drawings and specifications or other engineering documents by ENGINEER, its officers, agents, employees and subconsultants, it being the intent of the parties that approval by OWNER signifies OWNER=s approval of only the general design concept of the improvements to be constructed.

In this connection, ENGINEER and its subconsultants shall indemnify and hold OWNER and all of its officers, agents, servants, and employees harmless from any loss, damage, liability or expenses, on account of damage to property and injuries, including death, to any and all persons, including but not limited to officers, agents or employees of ENGINEER or its subconsultants, and all other persons performing any part of the work and improvements, which may arise out of any negligent act, error, or omission in the performance of ENGINEER's professional services or in the preparation of evaluations, reports, surveys, designs, working drawings, specifications and other engineering documents incorporated into any improvements constructed in accordance therewith. This

indemnification provision shall not be construed as requiring ENGINEER to indemnify or hold OWNER or any of its officers, agents, servants or employees harmless from any loss, damages, liability or expense, on account of damage to property or injuries to persons caused by defects or deficiencies in design criteria and information furnished to ENGINEER by OWNER, or any deviation in construction from ENGINEER's designs, working drawings, specifications or other engineering documents.

X. INSURANCE

For the duration of this Agreement, ENGINEER shall maintain the following minimum public liability and property damage insurance which shall protect the ENGINEER, its subcontractors, its subconsultants and OWNER from claims for injuries, including accidental death, as well as from claims for property damage which may arise from the performance of work under this Agreement. ENGINEER shall provide a Certificate of Insurance verifying that the following minimum limits of coverage are provided:

A.	Worker's Compensation Insurance: Statutory requirements	($ 300,000 minimum)
B.	Comprehensive General Liability and Bodily Injury: Bodily Injury	$ 500,000 per person, or $ 1,000,000 per occurrence; and
	Property Damage Combined Single Limit	$ 100,000 each occurrence; or $ 1,000,000 aggregate
C.	Comprehensive Automobile Liability: Bodily Injury	$ 500,000 per person, or $ 1,000,000 per occurrence; and
	Property Damage Combined Single Limit	$ 100,000 each occurrence; or $ 1,000,000 aggregate
D.	Professional Liability: Errors and Omissions	$ 1,000,000

The Certificate of Insurance shall contain a provision that such insurance cannot be canceled or modified without thirty (30) days prior written notice to OWNER.

XI. ARBITRATION

No arbitration arising out of or relating to this Agreement shall occur without both parties' written approval.

XII. TERMINATION AND SUSPENSION

A. OWNER may terminate this Agreement at any time for convenience or for any cause by a notice in writing to ENGINEER. Either OWNER or ENGINEER may terminate this Agreement in the event the other party fails to perform in accordance with the provisions of this Agreement. Upon receipt of such notice, ENGINEER shall immediately discontinue all services and work and the placing of all orders or the entering into contracts for supplies, assistance, facilities, and materials, in connection with the performance of this Agreement and shall proceed to cancel promptly all existing contracts insofar as they are chargeable to this Agreement.

B. If OWNER terminates this Agreement under the foregoing Paragraph A, OWNER shall pay ENGINEER a reasonable amount for services performed prior to such termination, which payment shall be based upon the payroll cost of employees engaged on the work by ENGINEER up to the date of termination of this Agreement and for subcontract and reproduction in accordance with the method of compensation stated in Section VII hereof. In the event of termination, the amount paid shall not exceed the amount appropriate for the percentage of work completed.

XIII. SUCCESSORS AND ASSIGNS

OWNER and ENGINEER each bind themselves and their successors, executors, administrators and assigns to the other party of this Agreement and to the successors, executors, administrators and assigns of such other party in respect to all covenants of this Agreement; except as above, neither OWNER nor ENGINEER shall assign, sublet or transfer its interest in this Agreement without the written consent of the other. Nothing herein shall be construed as creating any personal liability on the part of any officer or agent of OWNER.

XIV. AUTHORIZATION, PROGRESS, AND COMPLETION

OWNER and ENGINEER agree that the PROJECT is planned to be completed in accordance with the Exhibit A: "Project Schedule" which is attached hereto and made a part hereof. ENGINEER shall employ manpower and other resources and use professional skill and diligence to meet the schedule; however, ENGINEER shall not be responsible for schedule delays resulting from conditions beyond ENGINEER's control. With mutual agreement, OWNER and ENGINEER may modify the Project Schedule during the course of the PROJECT and if such modifications affect ENGINEER's compensation, it shall be modified accordingly, subject to OWNER approval.

For Additional Engineering Services, the authorization by OWNER shall be in writing and shall include the definition of the services to be provided, the schedule for commencing and completing the services and the basis for compensation as agreed upon by OWNER and ENGINEER.

It is understood that this Agreement contemplates the full and complete Engineering services for this PROJECT including any and all services necessary to complete the work as outlined in Exhibit B: "Basic Engineering Services". Nothing contained herein shall be construed as authorizing additional fees for services to provide complete services necessary for the successful completion of this PROJECT.

XV. SUBCONTRACTS

ENGINEER shall be entitled, only if approved by OWNER, to subcontract a portion of the services to be performed by ENGINEER under this Agreement.

XVI. RIGHT TO AUDIT

ENGINEER agrees that OWNER shall, until the expiration of three (3) years after final payment under this Agreement, have access to and the right to examine and photocopy any directly pertinent books, design calculations, quantity take-offs, documents, papers and records of ENGINEER involving transactions relating to this Agreement. ENGINEER agrees that OWNER shall have access during normal working hours to all necessary ENGINEER facilities and shall be provided adequate and appropriate work space in order to conduct audits in compliance with the provisions of this section. OWNER shall give ENGINEER reasonable advance notice of intended audits.

ENGINEER further agrees to include in all its subconsultant agreements hereunder a provision to the effect that the subconsultant agrees that OWNER shall, until the expiration of three (3) years after final payment under the subcontract, have access to and the right to examine and photocopy any directly pertinent books, design calculations, quantity take-offs, documents, papers and records of such subconsultant, involving transactions to the subcontract, and further, that OWNER shall have access during normal working hours to all subconsultant facilities, and shall be provided adequate and appropriate work space, in order to conduct audits in compliance with the provisions of this article. OWNER shall give subconsultant reasonable advance notice of intended audits.

XVII. EXHIBITS

Both parties agree to the following exhibits and as such, the following exhibits are made a part of this Agreement:

Exhibit "A"	Project Schedule
Exhibit "B"	Basic Engineering Services
Exhibit "C"	Special Engineering Services
Exhibit "D"	Additional Engineering Services
Exhibit "E"	Compensation

XVIII. MISCELLANEOUS

A. Authorization to Proceed. Signing this Agreement shall be construed as authorization by OWNER for ENGINEER to proceed with the PROJECT.

B. Legal Expenses. In the event legal action is brought by OWNER or ENGINEER against the other to enforce any of the obligations hereunder or arising out of any dispute concerning the terms and conditions of this Agreement, the losing party shall pay the prevailing party such reasonable amounts for fees, costs and expenses as may be set by the court.

C. Notices. Any notice or correspondence required under this Agreement shall be sent by certified mail, return receipt requested, or by personal delivery and shall be effective upon receipt, if addressed to the party receiving the notice or correspondence at the following address:

If to ENGINEER: Teague Nall and Perkins, Inc.
Attn: Michael G. DeMotte, P.E.
17304 Preston Road, Suite 1340
Dallas, Texas 75252

If to OWNER: City of Rockwall
Attn: Tim Tumulty, P.E.
385 South Goliad Street
Rockwall, Texas 75087

D. Independent Contractor. ENGINEER shall perform services hereunder as an independent contractor, and not as an officer, agent, servant or employee of the OWNER and ENGINEER shall have the exclusive right to control services performed hereunder by ENGINEER, and all persons performing same, and shall be responsible for the negligent acts and omissions of its officers, agents, employees, and subconsultants. Nothing herewith shall be construed as creating a partnership or joint venture between OWNER and ENGINEER, its officers, agents, employees and subconsultants; and the doctrine of respondent superior has no application as between OWNER and ENGINEER.

E. Venue. This Agreement shall be governed by the laws of the State of Texas, and venue in any proceeding relating to this Agreement shall be in Rockwall County, Texas.

F. Entire Agreement. This Agreement represents the entire and integrated agreement between OWNER and ENGINEER and supersedes all prior negotiations, representations or agreements, either written or oral. This Agreement may be amended only by written instrument signed by both OWNER and ENGINEER.

G. Severability. If any provision in this Agreement shall be held illegal by a valid final judgment of a court of competent jurisdiction, the remaining provisions shall remain valid and enforceable.

H. Assignment. OWNER and ENGINEER each bind themselves, their heirs, successors and assigns, to the other party to this Agreement and to the successors and assigns of each other party in respect to all covenants of this Agreement. This Agreement is not to be assigned, sublet or transferred, in whole or in part, by either OWNER or ENGINEER without the prior written consent of the other party.

This Agreement is executed in two (2) counterparts.

IN TESTIMONY WHEREOF, the parties hereto have executed this Agreement this the ____day of _____

CITY OF ROCKWALL, TEXAS (OWNER)	TEAGUE NALL AND PERKINS, INC. (ENGINEER)
By: _____	By: _____ Michael G. DeMotte, P.E., Team Leader
Date: _____	Date:_____

EXHIBIT A

PROJECT SCHEDULE
FOR

Stonebridge Lift Station Replacement

The following is a breakdown of the project into separate phases with the contract time for engineering services through final design for each phase. Signing this Agreement shall be construed as authorization by OWNER for ENGINEER to proceed with the PROJECT.

		Engineering
Phase 1	Design Phase Services	90 Calendar Days
Phase 2	Bidding Phase Services	20 Calendar Days
Phase 3	Construction Phase Services	240 Calendar Days*

* Anticipated construction schedule is beyond the control of the ENGINEER, and is provided for informational purposes only.

EXHIBIT B

BASIC ENGINEERING SERVICES FOR

Stonebridge Lift Station Replacement

The scope of work for BASIC Engineering Services involves Design, Bidding, and Construction Phase services.

I. GENERAL

A. Project Management

1. The ENGINEER will meet with the OWNER on an as needed basis during the development of the preliminary and final design phases of the PROJECT.

2. The ENGINEER will establish and maintain PROJECT schedules and budgets, develop monthly progress reports, prepare invoices, and meet with other entities on an as needed basis for the duration of the PROJECT's design.

B. Data Collection

1. The ENGINEER will collect, compile and evaluate existing data collected from the OWNER, or other entities that provide information for the design of the PROJECT.

2. A location map/schematic will be provided to the affected utility companies. These schematics will be used by the utility companies to show approximate locations of their facilities which are or may be affected by the PROJECT.

3. The ENGINEER will attempt to obtain Record Drawings and future plans for the following facilities in the PROJECT area including:
   - Roadways/Alleys
   - Water lines
   - Sanitary Sewer Lines
   - Storm Drain Lines

4. The ENGINEER will contact Dig-Tess and/or franchise utility companies (directly) to attempt to have franchise utilities in the PROJECT area horizontally-located including:

- Underground and/or Overhead Telephone Lines and Cables
- Electric Underground and/or Overhead Lines
- Gas Lines
- Other Utilities Known to Serve the PROJECT Area

Location information obtained above will be tied by the surveyor. The locations of utilities tied from field surveys will be shown on PROJECT plans.

II. DESIGN PHASE:

1. The ENGINEER will develop base maps to show existing topographic features in the PROJECT area. Base maps will include the approximate location of existing utilities as provided by utility companies.

2. The ENGINEER will size the lift station wet well and establish control elevations.

3. The ENGINEER will evaluate the potential for water hammer.

4. The ENGINEER will calculate pump Total Dynamic Head (TDH) based upon system hydraulics.

5. The ENGINEER will select new pumps based upon Client-designated design flow, calculated TDH, desired flow characteristics, pump efficiency, hydraulic factors, and ease of maintenance.

6. The ENGINEER will develop pump and system hydraulic curves and confirm pump selection.

7. The ENGINEER will select check valves, isolation valves, air release valves, hatches, pipe supports, wet well lining system, and appurtenances.

8. The ENGINEER will layout/design the wet well, valve vault, and size the wet well vent.

9. The ENGINEER will confirm typical alley section and review City paving specifications and details.

10. The ENGINEER will design pavement improvements, including driveway within lift station fence, and adjustments to grading in immediate vicinity of site as necessary to positively direct drainage away from site to existing drainage flume.

11. The ENGINEER will layout the lift station site, including wet well, valve vault, controls, emergency generator, etc.

12. The ENGINEER will select fencing, gate, and landscaping (as necessary).

13. The ENGINEER's SUBCONSULTANT will design the lift station electrical and controls, including SCADA equipment, emergency generator, automatic transfer switch, and associated appurtenances.

14. The ENGINEER will develop preliminary plans of the proposed improvements. Plan sheets will be at a 1" = 40' or larger scale and contain topographic information, existing right of way lines, locations of driveways, roadways/alleys, pavement edges, limits of drainage structures, and other existing features affecting construction, if any. The plan set is anticipated to include the following (exact sheets may vary somewhat based upon design):
    a. Cover
    b. General Notes
    c. Project Layout Control Plan
    d. Site Plan
    e. Paving, Grading, and Drainage Plan
    f. Paving Details
    g. Plan and Base Section
    h. Elevation and Base Section
    i. Pump Curves and Lift Station Details
    j. Gravity Sewer and Force Main Connections Details
    k. Demolition Plan
    l. Structural Plan and Notes/Details
    m. SWPPP/Erosion Control Plan
    n. SWPPP Narrative Sheet
    o. Electrical and Controls Plans and Details (by SUBCONSULTANT)

15. The ENGINEER will prepare technical specifications for the PROJECT, to include:
    a. Pumps
    b. Isolation Valves
    c. Check Valves
    d. Air Release Valves
    e. Pipe, Manholes
    f. Wet Well Lining System
    g. Painting
    h. General (Submittals, Mobilization, etc. not covered under City standards)

16. The ENGINEER will prepare/organize front-end documents (base files to be provided by OWNER). These documents will be included in the Project Manual, and will include:
    a. Cover
    b. Table of Contents
    c. Notice to Bidders
    d. Instruction to Bidders

e. Bid Form
f. Standard Form of Agreement
g. Bonds
h. General Conditions
i. Supplementary Conditions
j. Prevailing Wage Rates

17. The ENGINEER will meet with the OWNER at regular intervals during the preparation of preliminary plans to present work-to-date and receive input.

18. The ENGINEER will develop preliminary contract documents and specifications.

19. The ENGINEER will develop Preliminary Probable Opinion of Costs for the project.

20. The ENGINEER will submit two (2) sets of preliminary design plans and cost opinions for OWNER review.

21. The ENGINEER will meet with the OWNER to review comments.

22. The ENGINEER will prepare and submit easement documents for temporary construction easements as an Additional Service, if necessary, after the OWNER's preliminary plan review comments are received.

23. The ENGINEER will transmit preliminary plans to utility companies to identify potential conflicts, as necessary.

24. The ENGINEER will incorporate OWNER review comments and directives from the preliminary design plans, in the preparation of final construction plans.

25. The ENGINEER will revise contract documents and specifications per review comments received.

26. The ENGINEER will revise the preliminary quantities and opinion of probable costs per changes in the final design and review comments.

27. The ENGINEER will submit final construction plans to applicable agencies, utility companies and the OWNER for final review. A letter of notice will be prepared and submitted to the Texas Commission on Environmental Quality (TCEQ) notifying the agency of the PROJECT and requesting notification if plans and specifications are required to be submitted. If required by TCEQ, the ENGINEER will submit the required documents to TCEQ for review.

28. The ENGINEER will address final OWNER review comments and prepare

project for bidding.

IV. BIDDING PHASE:

1. The ENGINEER will assist the OWNER in the advertisement of the PROJECT for bid. The OWNER shall bear the cost of advertisement. The ENGINEER shall provide all necessary printing of construction plans, specifications and contract documents for use in obtaining bids, awarding contracts, and constructing the PROJECT. The ENGINEER shall be responsible for dispersing all plans and specifications from its office to prospective bidders.

2. The ENGINEER will assist the OWNER in conducting a Pre-Bid Conference.

3. The ENGINEER will prepare and distribute Addenda to Bid Documents as necessary.

4. The ENGINEER will assist the OWNER in the opening and tabulation of the construction bids for the PROJECT and recommend to the OWNER as to the proper action on all proposals received.

5. The ENGINEER will check references for the lowest and second lowest bidders and prepare a Letter of Recommendation of Award.

6. The ENGINEER will assist in the preparation of formal Contract Documents and in coordinating their execution by the respective parties.

V. CONSTRUCTION PHASE:

1. The ENGINEER will represent the OWNER in the non-resident administration of the PROJECT. In this capacity, the ENGINEER shall have the authority to exercise whatever rights the OWNER may have to disapprove work and materials that fail to conform to the Contract Documents when such failures are brought to the ENGINEER's attention. (This function of ENGINEER shall not be construed as supervision of the PROJECT and does not include on-site activities other than occasional site visits to observe overall PROJECT conditions or when specifically requested by OWNER to visit on site for a particular matter. It particularly does not involve exhaustive or continuous on-site inspection to check the quality or quantity of the work or material; nor does it place any responsibility on the ENGINEER for the techniques and sequences of construction or the safety precaution incident thereto, and ENGINEER will not be responsible or liable in any degree for the Contractor's failure to perform the construction work in accordance with the Contract Documents.)

2. The ENGINEER will consult and advise the OWNER; issue such instructions to the Contractor as in the judgment of the ENGINEER are necessary; and prepare routine change orders as required.

3. The ENGINEER will review samples, catalog data, schedules, shop drawings, laboratory, shop and mill tests of material and equipment and other data which the Contractor is required to submit, only for conformance with the design concept of the PROJECT and compliance with the information given by the Contract Documents; and assemble written guarantees which are required by the Contract Documents.

4. The ENGINEER will prepare or review monthly and final estimates for payments to Contractor, and furnish to the OWNER any necessary certifications provided by the Contractor, as to payments to subcontractors and suppliers.

5. The ENGINEER will conduct, in company with the Contractor, a final inspection of the PROJECT for conformance with the design concept of the PROJECT and compliance with the Contract Documents; and approve in writing final payment to the Contractors.

6. The ENGINEER will revise contract drawings, with the assistance of the OWNER's Resident PROJECT Representative to reflect available information as to how the work was constructed. The OWNER's Resident PROJECT Representative will provide the ENGINEER a red-lined set of drawings depicting changes during construction. The ENGINEER shall revise original design drawings, noting changes during construction, and submit a set of Record Drawings to the OWNER.

EXHIBIT C

SPECIAL ENGINEERING SERVICES FOR

Stonebridge Lift Station Replacement

The scope of work for the Special Engineering Services is more generally described as follows:

I. SURVEYING

A. Design Surveys

1. Establish survey control for the PROJECT. These control points will be established from and tied to the Texas State Plane Coordinate System (NAD '83/93 Texas North Central Zone). Control points will be established using 5/8" iron rods, 18" long. These control points will be established using GPS and conventional surveying methods.

2. Benchmark Loop. A benchmark circuit will be established, based on NAV 88 vertical control. These benchmarks will be located outside of the construction limits and put in such a place so that they may be easily found for future use. Benchmarks shall be looped in accordance with good surveying practice prior to field surveys.

3. Existing Underground and/or Overhead Utilities. Utility owner's will be contacted, on an as-needed basis, and requested to assist in locating existing utilities identified for the PROJECT. Above ground features of existing utilities within 20 feet of proposed center lines will be field located, including elevations of sanitary and storm sewer manhole flowlines and water/gas valve stems. The location of utilities between above ground features will be determined from visual inspection, utility records, and/or from locations determined by the respective utility companies. The utilities will be tied to the PROJECT control points and depths determined in sufficient detail to identify potential conflicts with proposed construction. The excavation and other costs required to expose or probe the underground utilities will be the responsibility of others.

B. Direct Costs

1. Printing, reproduction, plots, copies and other costs directly attributable to the project shall be reimbursed per Exhibit F: Compensation.

EXHIBIT D

ADDITIONAL ENGINEERING SERVICES

FOR

Stonebridge Lift Station Replacement

1. Additional Services, not included in the scope of work, include those that may result from significant changes in the general scope, extent or character of the PROJECT or its design including, but not limited to, changes in size, complexity, OWNER's schedule, character of construction or method of financing; and revising previously accepted studies, reports design documents or Contract Documents when such revisions are required by changes in laws, rules, regulations, ordinances, codes or orders enacted subsequent to the preparation of such studies, reports or documents, or are due to any other causes beyond ENGINEER's control.

2. Additional Services not included in the scope of work, also include assistance to the OWNER in connection with bid protests, rebidding or renegotiating contracts for construction, materials, equipment or service, or preparing to serve or serving as a consultant or witness for OWNER in any litigation, arbitration or other legal proceeding involving the PROJECT.

3. Additional Services not included in the scope of work also include route and or site changes occurring after commencement of the preliminary design phase.

4. Additional services not included in the scope of work also include right-of-way and property surveys, easement document preparation and construction staking.

5. Additional services in connection with the PROJECT, including services which are to be furnished by the OWNER and services not otherwise provided for in this Agreement will be at the following rates:

   Staff Member and Resident Project Representative - Salary Cost Times Multiplier of 2.50.

   Salary Cost is defined as the cost of payroll of ENGINEER's, draftsmen, stenographers, survey men, clerks, laborers, etc., for the time directly chargeable to the PROJECT, plus social security contributions, unemployment compensation insurance, retirement benefits, medical and insurance benefits, longevity payments, sick leave, vacation and holiday pay applicable thereto.

EXHIBIT E

SERVICES TO BE PROVIDED BY THE OWNER

The OWNER will provide the following to the ENGINEER in the performance of the PROJECT upon request:

1. Provide any existing data the OWNER has on file concerning the PROJECT, if available.

2. Provide any available record drawings and maps of existing infrastructure.

3. Assist the ENGINEER, as necessary, in obtaining any required data and information from utility companies.

4. Assist the ENGINEER by requiring appropriate utility companies to expose underground utilities within the Right-Of-Way, when required.

5. Give prompt written notice to ENGINEER whenever OWNER observes or otherwise becomes aware of any development that affects the scope or timing of the ENGINEER's services.

EXHIBIT F

COMPENSATION

I. COMPENSATION

The applicable fees for Basic and Special Engineering Services shall remain in effect through the year 2016. Thereafter, the fees for services not completed will be subject to a 5% increase for each year after 2016.

For and in consideration of the services to be rendered by the ENGINEER, the OWNER shall pay, and the ENGINEER shall receive the compensation hereinafter set forth for Basic Engineering Services and additionally for Special Engineering Services that are in addition to the Basic Engineering Services. All remittances by OWNER of such compensation shall either be mailed or delivered to the ENGINEER's home office as identified in the work authorization.

"Salary Cost" used herein is defined as the cost of salaries of ENGINEER's, draftsmen, stenographers, survey men, clerks, laborers, etc. for time directly chargeable to the PROJECT plus social security contributions, unemployment, excise and payroll taxes, employment compensation insurance, retirement benefits, medical and insurance benefits, sick leave, bonuses, vacation, and holiday pay applicable thereto.

A. Compensation for the Basic Engineering Services (Design, Bidding, and Construction phases) shall be a lump sum fee of $ 62,300.00, inclusive of Direct Expenses.

Payment for the Design phase portion of the Basic Services shall be due in monthly installments in the proportion to that part of the services in the Design phase which have been accomplished. Final payment for services authorized in the Design phase shall be due at the completion of these services.

Payment for the Bidding phase portion of the Basic Services shall be due in monthly installments in the proportion to that part of the services in the Design phase which have been accomplished. Final payment for services authorized in the Design phase shall be due at the completion of these services.

Payment for the Construction phase of the Basic Service shall be due in monthly installments in proportion to the construction work completed on the basis of the Contractor's monthly payment estimates. Upon completion of all

work authorized in the Construction phase, the ENGINEER will be paid the remainder of the charge for this phase.

The following is a breakdown of the project into separate phases with the applicable engineering design fee for each phase.

Basic Engineering Services

Phase 1	Design Phase Services	$ 45,900.00
Phase 2	Bidding Phase Services	$ 6,800.00
Phase 3	Construction Phase Services	$ 9,600.00
		Total: $ 62,300.00

B. Compensation for Special Engineering Services not covered by the Basic Services provided herein above shall be as follows:

Design Surveys — Lump Sum Fee of $ 5,500.00

C. Compensation for Additional Services not covered by Basic or Special Services provided herein shall be as follows:

For all of ENGINEER's personnel time applied to the Additional Services, Salary Cost times a multiplier of 2.50.

For all direct non-labor and/or subcontract expense, including mileage, travel and living expenses at invoice or internal office cost times a multiplier of 1.10.

Payments to the ENGINEER for authorized Additional Services will be due monthly, upon presentation of monthly statement by the ENGINEER for such services.

II. AUDIT AND SCOPE CHANGE

Cost budgets are set forth above and are subject to the audit provisions of this Agreement, Section XVI. It is also understood that the cost budgets are based upon ENGINEER's best estimate of work and level of effort required for the proposed scope of services. As the PROJECT progresses, it is possible that the level of effort and/or scope may differ up or down from that assumed. If there are no scope changes, the ENGINEER shall receive the full amount of lump sum and unit price fees, regardless of the cost. If at any time it appears that the cost budget may be exceeded, the ENGINEER shall notify the OWNER as soon a possible in writing.

If there is a scope change, the ENGINEER shall notify the OWNER as soon as possible in writing and shall include a revised scope of services, estimated cost, revised fee schedule, and a revised time of completion. Upon negotiation and agreement via a signed amendment by both parties, the cost budget, fee schedule, and total budget will be adjusted accordingly.

OWNER shall not be obligated to reimburse the ENGINEER for costs incurred in excess of the cost budget. The ENGINEER shall not be obligated to perform on any change in scope of work or otherwise incur costs unless and until the OWNER has notified the ENGINEER in writing that the total budget for Engineering services has been increased and shall have specified in such notice a revised total budget which shall thereupon constitute a total budget for engineering services for performance under this Agreement.

A detailed scope of work, total budget, and schedule will be prepared by the ENGINEER and executed by the OWNER if the ENGINEER is authorized to perform any Additional Service(s).

III. PAYMENT

Payments to the ENGINEER will be made as follows:

A. Invoice and Time of Payment

Monthly invoices will be issued by the ENGINEER for all work performed under this Agreement. Invoices are due and payable on receipt. Invoices will be prepared in a format approved by the OWNER prior to submission of the first monthly invoice. Once approved, the OWNER agrees not to require changes in the invoice format, but reserves the right to audit. Monthly payment of the fee will be in proportion to the percent completion of the total work (as indicated in Exhibit B: "Basic Engineering Services" and Exhibit C: "Special Engineering Services").

B. Upon completion of services enumerated in Exhibit B: "Scope of Engineering Services", the final payment of any balance will be due upon receipt of the final invoice.

MEMORANDUM

TO: **Rick Crowley – City Manager**

FROM: **Brad Griggs – Assistant City Manager**

DATE: **August 21, 2015**

SUBJECT: **La Terra Studio Contract Amendment**

For the past several months, the staff has been working with La Terra Studio representatives to settle a dispute regarding pre-construction services. La Terra Studio is the design firm selected to complete the design and construction documents for the downtown project. We originally contracted with La Terra prior to the project being approved by the voters so that conceptual drawings and cost estimates could be generated. At the heart of the matter is an outstanding invoice in the amount of $34,077.25.

Mary Smith, Frank Garza and Kris Brown from La Terra met a few weeks ago and discussed the item in detail. Although both parties believe that there was a clear understanding of what was to be paid, the contract language is ambiguous and leaves room in either side of the disagreement for interpretation.

I contacted Michael Black with La Terra and attempted to reach a compromise in the dispute. During those conversations, I was informed that La Terra's contract was expected to be complete in August of this year and the project is expected to not be finished until January of 2016 which is an additional five months of project supervision. The time for the construction overrun is primarily due to the heavy and constant rains that we experienced in the early Spring. La Terra's cost for the monthly project oversite is $3,300 a month which calculates to an additional $16,500 of work that they will be requesting compensation.

I offered and Michael accepted, that contingent of City Council approval, we would split the amount of the original discrepancy, $34,077.25 and pay him 50% of that amount and amend the agreement to pay for the additional five months of project supervision. This action will result in a change order to the contract with La Terra Studio's contract in the amount of $33,538.

City of Rockwall
The New Horizon

MEMORANDUM

TO: Rick Crowley, City Manager

FROM: Timothy M. Tumulty, Director of Public Works/City Engineer

DATE: September 3, 2015

SUBJECT: Memorandum of Understanding for North Texas Municipal Water District

The North Texas Municipal Water District (NTMWD) is requesting its Member Cities to execute a Memorandum of Understanding regarding a development of a Regional Capacity, Management, Operation and Maintenance (CMOM) Program. The CMOM term is used to describe the detailed system of operations and maintenance of a wastewater collection system. The Environmental Protection Agency (EPA) has an interest in all of the NTMWD Member Cities participating in such activities.

In January of 2014, NTMWD received a wastewater system compliance inspection that was performed by representatives of the EPA from the Washington D.C. office. The inspection evaluated the District's compliance with its wastewater operating permit related to the Clean Water Act. All areas of the wastewater operations were inspected to assure elimination of potential sewer overflows. Upon completion of their inspection, the EPA then inspected all Member Cities sending effluent to a NTMWD wastewater treatment facility. The City of Rockwall was inspected on March 5, 2015 and findings were received from EPA on August 5, 2015. Staff will brief City Council on their findings in a future City Council meeting.

In a meeting held between NTMWD and EPA on June 6, 2015, the EPA indicated that all Member City inspections were complete. They will start the process of working with NTMWD and Member Cities to work towards corrective actions. Per the meeting, EPA believes the findings are serious enough that some form of enforcement action is warranted. It is desirable for NTMWD and the Member Cities to receive the lowest level of enforcement action by the EPA. NTMWD and the Member Cities believe that to achieve this lowest level of enforcement action, it will require everyone working together showing a good faith effort towards the completion of the Regional CMOM program .

Staff requests City Council authorization for the City Manager to sign the attached Memorandum of Understanding with NTMWD regarding the development of a Regional Capacity, Management, Operations and Maintenance Program.

NORTH TEXAS MUNICIPAL WATER DISTRICT

MEMORANDUM OF UNDERSTANDING REGARDING DEVELOPMENT OF A REGIONAL CAPACITY, MANAGEMENT, OPERATIONS, AND MAINTENANCE (CMOM) PROGRAM

WHEREAS, the City of Allen, the City of Forney, the City of Frisco, the City of Heath, the City of McKinney, the City of Mesquite, the City of Plano, the City of Princeton, the Town of Prosper, the City of Richardson, the City of Rockwall and the City of Seagoville, (individually and collectively the "Communities"), have entered into various contracts (the "Contracts") for the collection, conveyance, and treatment of wastewater from their various systems (the "Systems"); and

WHEREAS, the Contracts do not include explicit provisions related to maintenance, management, and operation of the Systems; and

WHEREAS, each entity has its own unique collection system and appropriations approval by their respective governing body, the program will be implemented consistent with the needs and appropriated funding of each entity; and

WHEREAS, North Texas Municipal Water District ("NTMWD") and the Communities have a goal to improve wastewater collection capacity, management, operations, and maintenance programs of the Systems; and

NOW THEREFORE, NTMWD and the Communities agree to the following:

NTMWD and the Communities shall work together in good faith to establish a model written Regional Capacity, Management, Operations, and Maintenance (CMOM) program related to the following aspects of NTMWD's and Communities' practices, assets, and programs.

a. Emergency response and mitigation plan,
b. Collection system cleaning program,
c. Comprehensive Fats, Roots, Oil, and Grease (FROG) program,
d. Condition assessment: Force mains, lift stations, manholes, gravity sewers, and service laterals,
e. Hydraulic modeling capacity assessment,
f. Formalized operation and maintenance ("O&M") training program including standard operating procedures and classroom training,
g. Point of entry and flow metering program,
h. Maintenance management system, and
i. Framework for identification and implementation of NTMWD and Community capital project needs resulting from condition and capacity assessments.

This Memorandum of Understanding will be effective the date of the last signature with an awareness all Communities may not participate.

FAQ: Regional CMOM Program Development

Introduction/Overview

The U.S. Environmental Protection Agency has inspected North Texas Municipal Water District (NTMWD) and its member cities regarding a possible Clean Water Act enforcement action relating to the sewer collection system and sanitary sewer overflows. It is expected that NTMWD and its member cities will face EPA enforcement, but the extent and details of such enforcement action are unknown at present. Based upon discussions with EPA, NTMWD believes that the development of a formal CMOM program will help NTMWD and its member cities meet regulators' expectations, so that any enforcement action will implement the ongoing efforts of NTMWD and member cities (including a CMOM program), as opposed to mandating more stringent requirements.

1. What is a CMOM program?

CMOM stands for Capacity, Management, Operations, and Maintenance. It is a framework to identify and incorporate industry accepted practices to better manage, operate, and maintain collection systems, investigate collection system capacity, and respond to sanitary sewer overflows. The CMOM components are provided in greater detail in the MOU, but include such activities as cleaning, capacity evaluations, and regular maintenance, among others.

2. Why do we need to develop a Regional CMOM program?

In collaboration with the wastewater member cities, we agreed that the development of a Regional CMOM program will provide our best opportunity to determine our collective desired outcomes and work toward incorporating those desired outcomes into our ongoing dialogue with EPA.

As noted above, the Environmental Protection Agency (EPA) has conducted inspections of NTMWD and Regional Wastewater System member cities. NTMWD and its member cities continue to demonstrate compliance with applicable EPA and TCEQ requirements, and the development of a formalized CMOM program will support that effort, so as to show regulators a consistent record of compliance and proactive management. Although discussions with EPA are ongoing, the development of a formal CMOM program is important to meet regulators' expectations. They have indicated there will be an enforcement action and their expectation of NTMWD and cities is full CMOM compliance. They utilize the CMOM framework to shift collection system practices from reactive to preventive and predictive.

3. What if our City elects not to participate?

The District and remaining cities will continue in the development of the Regional CMOM program. However, in the context of enforcement, EPA is likely to seek more stringent CMOM-related requirements for cities without CMOM participation. Accordingly, if a City elects to not participate, their ability to influence the CMOM requirements in any enforcement action will be reduced significantly.

4. Why do we need to execute a memorandum of understanding (MOU)?

The MOU will demonstrate to peer Cities, NTMWD, and to EPA that we are working collaboratively to develop a regional plan to properly manage, operate, and maintain our collection systems.

5. When does NTMWD want to receive the executed MOU back?

We are targeting all MOUs to be executed and returned by September 16th. Please execute and return an original to: Jenna Covington, NTMWD; and a scanned copy via e-mail (jcovington@ntmwd.com). The final executed version will have duplicate pages with unique signatures. For example, there will be seven copies of page two included in the final document.

6. Which cities are invited to participate in the MOU and Regional CMOM program development?

The cities include: Allen, Forney, Frisco, Heath, McKinney, Mesquite, Plano, Princeton, Prosper, Richardson, Rockwall, and Seagoville. EPA has conducted inspections of each of these cities.

7. What does this MOU commit us to?

The MOU indicates the cities and NTMWD will work together in good faith to establish a model written Regional Capacity, Management, Operations, and Maintenance (CMOM) program.

8. When will Regional CMOM program become effective?

The effective date has not yet been established, although NTMWD expects to begin developing the regional CMOM with cities in agreement starting this fall.

9. Does EPA support the development of the Regional CMOM program?

At NTMWD's most recent discussions with EPA, the EPA supported the concept of a Regional CMOM program. By working together to develop the Regional CMOM program, we can have the best opportunity to influence outcomes consistent with the vision of NTMWD and cities, rather than a top-down approach from outside.

10. Will all the cities and District have to agree on how we manage our collection systems?

The intent is for the Regional CMOM program to provide the baseline standard. Some cities may elect to exceed the requirements of the program. The intent is also to develop the program in a manner that may be easily adopted by cities if they so choose without the need to develop their own program and incorporate the requirements of the Regional program.

11. What will the Regional CMOM program provide to us?

The Regional CMOM program will provide written and clearly defined baseline expectations for proactive management of your collection system and the baseline expectations will be common across participating Cities.

12. We already participate in the Texas Commission on Environmental Quality (TCEQ) Sanitary Sewer Overflow Initiative (SSOI), how will this impact our current agreement?

It is anticipated that the requirements of the SSOI will continue, barring any EPA enforcement. The District will coordinate with TCEQ to clarify the status of SSOI agreements.

13. How will implementation of the Regional CMOM program help the Cities and region?

Ultimately, we all desire the same outcomes. Protect public health and the environment, sustain economic development, be compliant with regulatory requirements, meet or exceed the needs of the public we serve, and proactively manage our infrastructure. Execution of the Regional CMOM program will assist us in meeting those goals.

14. Is EPA looking at other cities and utilities?

Yes, the EPA has a national enforcement initiative to assess all sanitary sewer systems who produce more than 10-million gallons per day of wastewater by end of FY 2016. EPA Region 6 has indicated we are one of the last systems to be evaluated as part of the national enforcement initiative. At the time their website was updated, there were 1103 systems identified and 888 had been addressed, 92 had enforcement actions initiated, and 128 were outstanding (http://www2.epa.gov/enforcement/national-enforcement-initiative-keeping-raw-sewage-and-contaminated-stormwater-out-our).

15. What resources are available for us to better understand CMOM programs?

There are a number of resources available to assist you all in learning more about EPA enforcement, CMOM programs, etc. We have posted those documents and links in the Member and Customer City portal on our website.

99

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: **Brad Griggs, Assistant City Manager**

FROM: **Andy Hesser, Parks and Recreation Manager**

DATE: **September 2, 2015**

SUBJECT: **TPWD GRANT RESOLUTION AND APPLICATION**

As discussed at the Council budget work session, we have an opportunity to submit an application for assistance to the Texas Parks and Wildlife Department (TPWD) Boating Access Grant program for improvements to the SH 66 Public Boat Ramp.

This is a matching grant where TPWD 75% percent of the funding and the City would provide 25%. The deadline for the application is October 1, 2015.

The scope of the project includes additional parking, an additional ramp, additional courtesy docking locations, security lighting and potential dredging if needed. The estimated cost of the project would not exceed $625,000. TPWD's portion would be $500,000 and the City's match would be $125,000. The funding source proposed is from general fund reserves, contingent on Council approval and award of the grant funds.

Staff requests that Council consider authorizing the City Manager to contract with MHS Planning and Design to prepare the concept plan and application for assistance to the TPWD grant program for matching funds for improvements to the SH 66 Boat Ramp. MHS has proposed a cost of $9,000 plus expenses to prepare the grant application and concept plan.

TPWD requires a resolution from the governing body from the applicant that certifies that funds are available for the matching portion of the project and the dedication of the site is for a permanent recreational boating access and uses. A copy of the resolution is attached for Council's consideration.
recreational

CITY OF ROCKWALL
RESOLUTION NO. 15-25

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AFFIRMING APPLICATION FOR GRANT FUNDING THROUGH THE TEXAS PARKS AND WILDLIFE DEPARTMENT FOR CONSTRUCTION OF A BOATING ACCESS FACILITY ON LAKE RAY HUBBARD NEAR SH-66 AND N. LAKESHORE DRIVE; PROVIDING FOR APPROPRIATIONS AND MATCHING FUNDS; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City of Rockwall, Texas (hereinafter the "Sponsor"), is desirous of providing for the construction of a boating access facility on Lake Ray Hubbard at a location near SH-66 and N. Lakeshore Drive; and

WHEREAS, the State of Texas, acting through the Texas Parks and Wildlife Department (hereinafter the "Department"), under the authority of Section 11.033 and 31.141 of the Parks & Wildlife Code, would provide funding for such construction, and;

WHEREAS, construction of such a facility would be of benefit to the citizens of the City of Rockwall, Rockwall County as well as transient recreational boaters from the State and other states:

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THAT:

Section 1. the Rockwall City Council, in meeting this 8th day of September, 2015, is hereby eligible for assistance and will enter into a project agreement with the Department to provide for said construction on a reimbursement basis, with the Sponsor providing 25% by appropriations or in-kind services, and the Department providing 75% matching funds for work accomplished; and

Section 2. the undersigned is herewith authorized to sign any or all documents pertaining to the construction; and

Section 3. the Sponsor has matching funds available; and

Section 4. the Sponsor will operate said facility; perform all necessary maintenance and repairs to ensure public use, health and safety; and provide security surveillance to eliminate creations of nuisance or hazard to the public or adjacent property owners for the life of the facility (minimum 25 years); and

Section 5. said facility will be open at all reasonable times to the public, and that revenue from any user fees will only be used to offset operation and maintenance costs of any supported facilities.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 8th DAY OF September, 2015.

ATTEST: **Jim Pruitt, Mayor**

Kristy Cole, City Secretary

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Rick Crowley, City Manager**

FROM: **Timothy M. Tumulty, Director of Public Works/City Engineer**

DATE: **August 27, 2015**

SUBJECT: **East Boydstun Avenue Reconstruction Project**

East Boydstun Avenue is currently an existing 37' wide curb and gutter roadway approximately 1,800 linear feet from South Goliad St. to Clark Street. East Boydstun Avenue is one of four Roadway Capital Improvement Projects passed in the 2012 Bond Election. East Boydstun Avenue will be reconstructed to a 41' concrete curb and gutter roadway with a 5-foot concrete sidewalk on each side. The reconstruction will also include re-configuring of the Goliad intersection to enhance the northbound to eastbound turning movement. Additional improvements for the project will include improved storm sewer capacity along with the replacement of the existing sanitary sewer and water lines.

Staff requested a proposal from EJES, Inc. to provide the engineering design and specifications for this project. The preliminary cost estimate to reconstruct East Boydstun Avenue is $2,248,210.51 with an engineering fee of $440,228.80. Funding will be provided by the sale of bonds approved by the voters in the 2012 Bond Election. Staff recommends City Council consideration to approve a professional services contract for EJES, Inc. to perform the engineering design services and specifications for the East Boydstun Avenue Reconstruction Project from South Goliad St. to Clark Street in an amount not to exceed $440,228.80.

If you have any questions, please advise.

STATE OF TEXAS ♦

♦

COUNTY OF ROCKWALL ♦

PROFESSIONAL ENGINEERING SERVICES CONTRACT

This Agreement is made and entered into in Rockwall County, Texas, between City of Rockwall, Texas ("CITY"), a municipal corporation and political subdivision of the State of Texas, acting by and through its City Manager and EJES, Incorporated, ("ENGINEER"), located at 12655 N. Central Expressway, Suite 500, Dallas, Texas, Engineers duly licensed and practicing under the laws of the State of Texas.

WHEREAS, CITY desires to engage Engineer as an independent contractor to render certain technical and professional services necessary for performing:

PROFESSIONAL ENGINEERING SERVICES for the Boydstun Street Reconstruction.

NOW, THEREFORE, for and in consideration of the mutual covenants and agreements contained herein, the Parties hereby agree as follows:

1. Scope of Work

Engineer agrees to perform professional engineering services as specifically defined in this Contract as Exhibit "A" and as authorized by CITY. Specifically, Engineer shall perform Professional services as requested by CITY and detailed in Exhibit "A".

The Parties by mutual agreement through contract amendments may provide for additional technical and professional services to be performed under the basic general terms and conditions of this Contract. CITY reserves the right to enter into another agreement with other engineering firms to provide the same or similar professional services during the term of this Contract for different projects.

2. Compensation & Term of Agreement

Cost for such services will be an annual amount not to exceed 440,228.80 dollars and billed as an hourly basis per rates provided in Attachment "B". Engineer is not authorized to perform any work beyond the limited not to exceed amount without authorized written approval by CITY.

The term of this Agreement shall commence upon execution of this agreement and follow the schedule described in Exhibit "C". In the event of termination, Engineer will assist the CITY in arranging a smooth transition process. However, Engineer's obligation to provide services to the CITY will cease upon the effective date of termination, unless otherwise agreed in writing.

3. Method of Payment

CITY shall pay Engineer its fees based on the presentation by Engineer to CITY of a correct monthly statement for all the amounts earned under the Contract together with reasonable supporting documentation verifying the accuracy of the fees and expenses. CITY shall then pay Engineer its fee within thirty (30) days after presentation of the accurate monthly statement by Engineer to CITY. CITY is a State sales and use tax exempt political subdivision of the State of Texas. All records supporting payment shall be kept in the offices of Engineer for a period of not less than three (3) years and shall be made available to CITY for inspection, audit or copying upon reasonable request.

4. Engineer's Standard of Care

Engineer shall provide its services under this Contract with the same degree of care, skill and diligence as is ordinarily provided by a professional Engineer under similar circumstances for a similar project. Engineer represents that it has the capability, experience, available personnel, and means required to perform the services contemplated by this Contract. Services will be performed using personnel and equipment qualified and/or suitable to perform the work requested by the CITY. CITY retains the right to report to Engineer any unsatisfactory performance of Engineer personnel for appropriate corrective action. Engineer shall comply with applicable federal, state, and local laws in connection with any work performed hereunder.

Engineer will seek written CITY approval to accept any contract or perform any services for any person, entity, or business that has an agreement or is in negotiations of an agreement with CITY. CITY may waive this conflict, but such waiver is at CITY's sole discretion and its decision shall be final.

5. Ownership of Documents

As part of the total compensation which CITY has agreed to pay Engineer for the professional services to be rendered under this Contract, Engineer agrees that hard copies of all finished and unfinished documents, data, studies, surveys, drawings, specifications, field notes, maps, models, photographs, preliminary reports, reports, bid packet/construction contract documents/advertisement for bids incorporating any CITY standard provisions provided by Engineer, will remain the property of the CITY. Engineer will furnish CITY with paper and electronic copies, to the extent they are available, of all of the foregoing to facilitate coordination, however, ownership of the underlying work product shall remain the intellectual property of the Engineer. Engineer shall have the right to use such work products for Engineer's purposes. However, such documents are not intended to be suitable for reuse by CITY or others on extension of the Project or on any other project. Any reuse without the express written consent of the Engineer will be at reuser's sole risk and without liability or legal exposure to the Engineer, and CITY to the extent allowed by law, shall hold harmless the Engineer from all claims, damages, losses, expenses, and costs, including attorneys' fees arising out of or resulting from the reuse of said documents without the Engineer's consent. The granting of such consent will entitle the Engineer to further compensation at rates to be agreed upon by CITY and the Engineer. The above notwithstanding,

Engineer shall retain all rights in its standard drawing details, designs, specifications, databases, computer software and any other proprietary and intellectual property information provided pursuant to this Contract, whether or not such proprietary information was modified during the course of providing the services.

6. Insurance

A. Engineer agrees to maintain Worker's Compensation and Employer's Liability Insurance to cover all of its own personnel engaged in performing services for CITY under this Contract in at least the following amounts:

Workmen's Compensation – Statutory
Employer's Liability – $100,000
Bodily Injury by Disease - $500,000 (policy limits)
Bodily Injury by Disease - $100,000 (each employee)

B. Engineer also agrees to maintain Commercial General Liability, Business Automobile Liability, and Umbrella Liability Insurance covering claims against Engineer for damages resulting from bodily injury, death or property damages from accidents arising in the course of work performed under this Contract in not less than the following amounts:

$2,000,000 General aggregate limit

$1,000,000 each occurrence sub-limit for all bodily injury or property damage incurred all in one occurrence

$1,000,000 each occurrence sub-limit for Personal Injury and Advertising

C. Engineer shall add CITY, its City Council members and employees, as an additional insureds on all required insurance policies, except worker's compensation, employer's liability and errors and omissions insurance. The Commercial General Liability Policy and Umbrella Liability Policy shall be of an "occurrence" type policy.

D. Engineer shall furnish CITY with an Insurance Certificate on the date this Contract is executed and accepted by CITY, which confirms that all above required insurance policies are in full force and effect.

E. Engineer agrees to maintain errors and omissions professional liability insurance in the amount of not less than one million dollars ($1,000,000) annual aggregate, on a claims made basis, as long as reasonably available under standard policies.

7. **INDEMNIFICATION**

ENGINEER SHALL INDEMNIFY AND SAVE HARMLESS THE CITY AND ITS

CITY COUNCIL MEMBERS AND EMPLOYEES FROM SUITS, ACTIONS, LOSSES, DAMAGES, CLAIMS, OR LIABILITY, INCLUDING WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, ALL EXPENSES OF LITIGATION, COURT COSTS, AND REASONABLE ATTORNEY'S FEES FOR INJURY OR DEATH TO ANY PERSON, OR INJURY TO ANY PROPERTY, RECEIVED OR SUSTAINED BY ANY PERSON OR PERSONS OR PROPERTY, TO THE EXTENT CAUSED BY THE NEGLIGENT ACTS OF ENGINEER OR ITS AGENTS OR EMPLOYEES, IN THE EXECUTION OF PERFORMANCE OF THIS CONTRACT.

ENGINEER'S TOTAL LIABILITY TO CITY FOR ANY LOSS OR DAMAGES FROM CLAIMS ARISING OUT OF, OR IN CONNECTION WITH, THIS CONTRACT FROM ANY CAUSE INCLUDING ENGINEER'S STRICT LIABILITY, BREACH OF CONTRACT, OR PROFESSIONAL NEGLIGENCE, ERRORS AND OMISSIONS SHALL NOT EXCEED ONE MILLION DOLLARS ($1,000,000). NEITHER PARTY TO THIS AGREEMENT SHALL BE LIABLE TO THE OTHER PARTY OR ANY THIRD PARTY CLAIMING THROUGH THE OTHER RESPECTIVE PARTY, FOR ANY SPECIAL, INCIDENTAL, INDIRECT, PUNITIVE, LIQUIDATED, DELAY OR CONSEQUENTIAL DAMAGES OF ANY KIND INCLUDING BUT NOT LIMITED TO LOST PROFITS OR USE OF PROPERTY, FACILITIES OR RESOURCES, THAT MAY RESULT FROM THIS AGREEMENT, OR OUT OF ANY GOODS OR SERVICES FURNISHED HEREUNDER.

8. Addresses for Notices and Communications

CITY
Tim Tumulty, City Engineer
City of Rockwall
385 S. Goliad Street
Rockwall, Texas 75087

ENGINEER
EJES, Incorporated
Paul E. Williams, PE, Vice President of Transportation
12655 N. Central Expressway, Suite 500
Dallas, Tx 785243

All notices and communications under this Contract shall be mailed or delivered to **CITY** and **Engineer** at the above addresses.

9. Successors and Assigns

CITY and Engineer each binds itself and its successors, executors, administrators and assigns to the other parties of this Contract and to the successors, executors, administrators and assigns of such other parties, in respect to all covenants of this Contract. Except as noted in the first part of this Paragraph, neither CITY nor Engineer shall assign, sublet or transfer its interest in this Contract

without the written consent of the other. Nothing herein shall be construed as creating any personal liability on the part of any officer, council member, employee or agent of any public body which is a party hereto.

10. Termination for Convenience of the Parties

Engineer and CITY may terminate this Contract for their convenience at any time by giving at least thirty (30) days notice in writing to each other. If the Contract is terminated by CITY and/or Engineer as provided herein, Engineer will be paid for the Work provided and expenses incurred up to the termination date, if such final compensation is approved by CITY, in its sole discretion. If this Contract is terminated due to the fault of Engineer, Paragraph 10 hereof, relative to Termination for Cause, shall apply.

11. Changes

CITY may, from time to time, request changes in the Scope of Work of **Engineer** to be performed hereunder. Such changes, including any increase or decrease in the amount of **Engineer's** compensation, or time for performance, which are mutually agreed upon by and between **CITY** and **Engineer**, shall be incorporated in written amendments to this Contract. Any subsequent contract amendments shall be executed by the City Manager or other authorized representative as designated by the City Manager or City Council.

Any alterations, additions or deletions to the terms of this Contract, including the scope of work, shall be by amendment **in writing** executed by both CITY and Contractor.

13. Reports and Information

Engineer, at such times and in such forms as **CITY** may reasonably require, and as specified in the Scope of Work or in additional Contract Amendments shall furnish **CITY** periodic reports pertaining to the Work or services undertaken pursuant to this Contract, the cost and obligations incurred, or to be incurred in connection therewith, and any other matter covered by this Contract.

14. Entire Agreement

This Contract and its Exhibits and any future Contract Amendments constitute the entire agreement, and supersede all prior agreements and understandings between the parties concerning the subject matter of this Contract.

15. Waiver

The failure on the part of either party herein at any time to require the performance by the other party, of any portion of this Contract, shall not be deemed a waiver of, or in any way affect that party's rights to enforce such provision, or any other provision. Any waiver by any party herein of any provision hereof, shall not be taken or held to be a waiver of any other provision hereof, or any

other breach hereof.

16. Severability

The invalidity or unenforceability of any provision of this Contract shall not affect the validity or enforceability of any other provision of this Contract.

17. Survival

Any and all representations, conditions and warranties made by Engineer under this Contract are of the essence of this Contract and shall survive the execution, delivery and termination of it.

18. Governing Powers and Law

Both Parties agree and understand that the City does not waive or surrender any of its governmental powers by execution of this Agreement. To that end, the parties further understand that this agreement shall not be considered a contract for goods or services under Texas Local Government Code, Section 271.151 and Contractor waives any right or entitlement granted said provisions. This Contract is governed by the laws of the State of Texas and all obligations of the parties under this Contract are performable in Rockwall County, Texas.

19. Attorney's Fees

If it is necessary for either Party herein to file a cause of action at law or in equity against the other Party due to: (a) a breach of this Contract by the other Party and/or (b) any intentional and/or negligent act or omission by the other Party arising out of this Contract, the non-breaching or non-negligent Party shall be entitled to reasonable attorney's fees and costs, and any necessary disbursements, in addition to any other relief to which it is legally entitled.

20. State or Federal Laws

This Contract is subject to all applicable federal and state laws, statutes, codes, and any applicable permits, ordinances, rules, orders and regulations of any local, state or federal government authority having or asserting jurisdiction, but nothing contained herein shall be construed as a waiver of any right to question or contest any such law, ordinance, order, rule or regulation in any forum having jurisdiction.

EXECUTED in triplicate originals on this 27th day of August 2015.

ATTACHMENT "A"

Scope of Services

1. **Project** Boydstun Street Reconstruction – S. Goliad Street (SH 205) to Clark Street
Existing Boydstun Street within the project limit is a 37' wide roadway section from back to back of curbs and consists of 24" curb and gutters and asphalt pavement. There are continuous 3' wide sidewalks on the north side with intermittent 3' sidewalk on the south side. There are brick pavers at two intersections between Boydstun Street and S Fannin Street and Clark Street. Boydstun Street lies within 60' right of way.

2. **General Scope of Services**
The scope of services for this project includes re-constructing Boydstun Street, from Goliad Street to Clark Street. It is anticipated that the minor collector will be upgraded to a 41' wide roadway section from back to back of curbs and consist of reinforced concrete pavement (pavement design based on geotechnical recommendation and traffic study) and will include specialty pavement (pavers), concrete sidewalk, inlets, storm sewers, signing, signals, and pavement marking upgrades, water and wastewater reconstruction. The reconstruction will also include re-configuring of the Goliad intersection to enhance the northbound to eastbound turning movement.

3. **Services to Be Provided by the City**
The City of Rockwall will provide EJES with the following:
3.1. All available as-builts pertinent to the project.
3.2. Copies of preferred City Details, Standards, and sample plans to be used.
3.3. Developing construction contract documents including front end contract documents such as City
Standard Construction Contract Forms, Notice to Bidders, Performance Bond, Payment Bond, etc.
3.4. Advertising project (See 4.3).
3.5. Prompt Review of Deliverables.

4. **Services to Be Provided by EJES, Inc.**
4.1. Coordination & Data Gathering Phase
This phase consists of coordination with City staff and stake holders and the gathering of necessary data including survey, as-built, geotechnical and constraints identification in order to establish the basis of design for this project.
4.1.1. **City Staff and Stake Holder Coordination:** Upon receipt of Notice to Proceed, EJES will arrange for a kick-off meeting between City staff and EJES staff along with its sub-consulting staff. The purpose of the meeting is to introduce consultants' staff to the City staff, to establish communication protocol and to review project scope and the City's expectation. In addition, EJES will coordinate with affected franchise utility companies throughout design phase to avoid or minimize utility conflicts and any conflicts will be resolved before the start of construction of this project.
4.1.2. **Existing Data Collection and Site Reconnaissance:** EJES staff will collect existing data including as-builts of various disciplines including roadway, storm sewer, water and wastewater, etc. For drainage, digital contour information and aerials will be provided either by the City of Rockwall and/ or from the North Central Texas Council of Governments (NCTCOG) in order to determine the drainage area of the watershed. Throughout various design phases, EJES will conduct field visits to verify as-built and survey data against actual field conditions to ensure data accuracy.
4.1.3. **Topographic Survey, SUE & Parcel Maps**: EJES and its sub-consultant will conduct topographic survey, SUE and prepare parcel maps for design and right of way acquisition, if needed, of this project in accordance with any available City's survey

requirements and in accordance with acceptable survey practices in the State of Texas. Refer to the attached Survey Scope for more details.

4.1.4. **Traffic Counts/Study**: Traffic counts and traffic study will be conducted and a report will be prepared for recommendation and design for the reconfiguration of turning movements at Boydstun Street and SH 205 intersection. Referred to attached Traffic Study Scope for more details.

4.1.5. **Geotechnical:** Geotechnical investigation will be conducted and a report for geotechnical findings and pavement design recommendation will be prepared for the City. Refer to the attached Geotechnical Study and Pavement Design Scope for more details.

4.1.6. **Basis of Design:** EJES will develop design criteria to be used as a basis of design specific for this project based on the City standards and design manuals. This document will be submitted to the City for review and approval before proceeding to design phase.

4.2. Design Phase

The design and development of plans, specifications and estimates (PS&E) for this project in this phase will consist of the following submittals and milestones: 30%, 60%, 90% and 100%.

4.2.1. 30% PS&E Submittal

EJES will design and prepare the following plans and documents as part of 30% PS&E submittal package:

4.2.1.1. **Title Sheet:** Will be prepared per City of Rockwall standards or other standards as suggested and approved by the City.

4.2.1.2. **Typical Sections:** EJES will develop proposed typical sections to incorporate design elements such as number of travel lanes and lane widths, curb or curb and gutter and sidewalks and sidewalk width within available right of way. Pavement structures will be based on geotechnical and pavement design report.

4.2.1.3. **Removal Plans:** Limits and features of roadway to be removed will be clearly identified to provide sufficient opportunity for City staff to review and provide inputs.

4.2.1.4. **Plan and Profile:** EJES will also layout proposed design elements as mentioned on typical sections above and driveways on plan view. EJES will also analyze existing roadway profile to ensure the profile will provide a balance among competing elements of serving longitudinal traffic and drainage and turning traffic movements to side streets and driveways. If necessary, the profile will be modified or redesigned to meet the objective while complying with the design criteria.

4.2.1.5. **Cross Sections:** Cross sections will be generated at every 25' increment and at every driveway. Proposed driveway profiles will be designed and shown on cross sections to ensure they provide safe ingress/egress while meeting the approved design criteria.

4.2.1.6. **Drainage Analysis:** The drainage analysis will include evaluation of the following:

- The existing enclosed storm sewer system within the limits of Boystun Street from S. Goliad Street (SH 205) to Clark Street
- Culvert system located on Boystun Street just east Clark Street. The triple parallel pipe system is located within the FEMA Zone A regulated stream South Prong Squabble Creek.

4.2.1.6.1 **Existing Enclosed Storm Sewer System along Boystun Street from S. Goliad Street (SH 205) to Clark Street**

Task will include the following:

- Perform data collection and field reconnaissance to evaluate the existing conditions of the project site, upstream, and downstream areas. This includes As-Built plans, environmental documents, drainage reports, and drainage easements.
- Coordinate with the Floodplain Manager and other applicable agencies to determine historical flooding issues (if any) that occur near or adjacent to the project site.
- A drainage area map and delineations will be developed
- Hydrologic analysis will be evaluated whether the existing storm sewer system meets the current City design criteria and regulations. The design frequency will be for the 100 year full watershed development storm event. EJES will verify that one lane of traffic is open during the 100 year storm event. (The 100 year event is based on the City of Rockwall Standard of Design and Construction dated August 2003 on page 15 Drainage, E. Permissible Spread)
- Hydraulic analysis will be computed to evaluate whether the existing storm sewer system meets the current City design criteria and regulations.
- Preliminary drainage plan/ profiles sheets
- A drainage report will be provided to the City to include the computation of the hydrologic and hydraulic analysis, recommendation for drainage improvement and preliminary layouts of the recommended measure will be prepared.

4.2.1.6.2 **Culvert system located under Boystun Street just east Clark Street**

The existing culvert system includes a triple parallel pipe system located within the FEMA Zone A regulated stream South Prong Squabble Creek.

Task will include the following:

- A Drainage Report will be composed containing a hydrologic analysis using the latest version of HEC-HMS and a steady flow hydraulic analysis will be performed using the latest version of HEC-RAS. The report shall explain the methodology and document the engineering judgments used to develop the hydrologic and hydraulic models. The report shall provide results, exhibits, tables, and backup data related to the analysis. The report shall include a section summarizing the Scour Analysis methodology and results (as applicable). The Engineer shall submit all hydrologic calculations and hydraulic models to the City for review prior to proceeding with the design or the preliminary drainage report. The final report shall be signed, sealed, and dated by a registered/licensed engineer in the State of Texas and shall include the final hydrologic and hydraulic models in a format similar to the example provided by the City. A copy of the final report shall be provided to the local Floodplain Administrator and shall include the hydraulic analysis information, results, and mapping necessary for them to include in a submittal to FEMA should they so choose. The report shall not include the completion of the forms required for a FEMA submittal. The Engineer shall:
    - Perform data collection and field reconnaissance to evaluate the existing conditions of the project site, upstream,

and downstream areas. This includes As-Built plans, environmental documents, drainage reports, and drainage easements.

- Hydrologic analysis will be evaluated whether the existing storm sewer system meets the current City design criteria and regulations. The design frequency will be for the 100 year full watershed development storm event. EJES will compute the 100 year storm event to verify that one lane of traffic is open during this storm event.
- Prepare a Pre-Project hydraulic model created from survey data. Include any additional cross sections, updated topographic information, survey data, aerial photographs, and any man-made physical changes to the floodplain as necessary. The Pre-Project hydraulic model shall serve as the basis of comparison for determining adverse impacts.
- Prepare Proposed Condition hydraulic models, as necessary.
- Perform a Proposed Condition hydraulic model analysis. The analysis shall be an iterative evaluation process comparing Proposed Condition hydraulic models against the Pre-Project hydraulic model. The comparisons shall consider the fully developed 100-year peak discharges and water surface elevation results. Evaluate upstream and downstream adverse impacts and make adjustments to the proposed configuration as necessary in order to meet the City and FEMA design criteria. For the purposes of a FEMA Zone A analysis, impacts to structures upstream or downstream of the crossing are considered adverse.
- Impact analysis will be performed on the culvert outfalls and channel both upstream and downstream.
- Preliminary recommendations will be provided to state any drainage improvements.

4.2.1.7. **Water and Wastewater Plans:** Preliminary plans consisting of layouts (plan view, no profile views) of proposed water and wastewater lines will be developed and submitted as part of 30% PS&E.

4.2.1.8. **Construction Cost Estimate:** A cost estimate will be submitted in Excel and .pdf format at the schematic, preliminary design and final design phase. Cost of ROW acquisition will not be included.

4.2.1.9. **QA/QC Markups:** A copy of internal QA/QC markup set will be submitted to the City.

4.2.2. **60% PS&E Submittal**

4.2.2.1. Address 30% PS&E Review Comments and advance plans to 60% PS&E submittal.

4.2.2.2. **General Notes Sheets:** General notes will be developed and plan sheets will be generated to include in the PS&E package.

4.2.2.3. **Horizontal and Vertical Alignment Data sheets:** Plan sheets for horizontal and vertical alignment data will be developed and included in the PS&E package.

4.2.2.4. **Traffic Control Plans:** EJES will develop a suggested construction sequence and prepare traffic control plans for the construction of the project. If any detour plan is required, EJES will prepare a detour plan to be approved by

the City of Rockwall. It is anticipated that a two phase, one-lane/two way traffic control plan will be utilized during construction. It is also anticipated that the Contractor, in coordination with TxDOT, will be providing all temporary signals associated with any traffic control at the Goliad intersection.

4.2.2.5. **Traffic Signals, Signing and Striping:** Signal design and plans will be provided at the Goliad intersection, per TxDOT and/or City of Rockwall standards. Signing and striping plans will be developed to show all the permanent signing and striping for the project limits. Temporary striping will be shown in the Traffic Control plans. The City of Rockwall will provide the details for any permanent traffic signs or street names.

4.2.2.6. **Drainage Design:** Once the City approves drainage analysis and recommendation as outlined in 4.2.1.6., above, EJES will design and prepare profiles and include any necessary details. The plan submittals will include the following:

- Drainage Area Map Sheet
- Drainage Calculations Sheet
- Plan and Profile Sheets
- Preliminary Drainage Report (This will include the final recommended design)

4.2.2.7. **Water/Waste Water:** EJES will prepare plans and profiles for replacing/upgrading water and waste water lines per the City's requirements. Alternative construction methods for the utilities (i.e. pipe bursting) will be analyzed. All water lines within the project limits will be replaced per the most updated City Master Plan. Waste water lines will be designed to allow the elimination of the lift station at the intersection of Boydstun Street and Throckmorton Street. Sub-surface Utility Investigation will be recommended to be carried out as needed to determine the current conditions of the existing utility lines.

4.2.2.8. **TDLR Submittal:** If pedestrian and sidewalk requires TDLR submittal, EJES will coordinate and submit plans to TDLR for review and approval.

4.2.2.9. Update Construction Cost Estimate.

4.2.2.10. **Plans-In-Hand:** EJES will schedule a plans-in-hand with the City's staff to conduct field walk. The purpose of the walk is allow an opportunity for the City and EJES staff to check and verify that all removals have been correctly identified and proposed design elements will work with field conditions.

4.2.2.11. **QA/QC Markups:** A copy of internal QA/QC markup set will be submitted to the City.

4.2.3. **90% PS&E Submittal**

4.2.3.1. Address 60% PS&E Review Comments and advance plans to 90% PS&E submittal.

4.2.3.2. **Technical Specifications:** EJES will compile all applicable specifications per the latest Standard Specifications for Public Works Construction, North Central Texas Council of Governments and provide it to the City for incorporation into proposal package.

4.2.3.3. **SW3P:** Erosion control plans will be developed and included in the plan. An SW3P report will also be submitted to the City.

4.2.3.4. Update Construction Cost Estimate.

4.2.3.5. **QA/QC Markups:** A copy of internal QA/QC markup set will be submitted to the City.

4.2.4. **100% PS&E Submittal**

4.2.4.1. Address 90% PS&E Review Comments and sign and seal final plans.

4.2.4.2. Update Construction Cost Estimate.

4.2.4.3. **QA/QC Markups:** A copy of internal QA/QC markup set will be submitted to the City.

4.3. Bidding Phase

4.3.1. The City will be responsible for advertising project. Plans and specs will be made available at EJES'S office. EJES is to post the project to CivCast or other bid document distribution website. EJES will assist the City in the following:

4.3.2. Respond to contractor questions and provide design clarification.

4.3.3. Attend pre-bid conference.

4.3.4. Assist the City with production of addenda items.

4.3.5. Tabulating bids.

4.3.6. Check references and the qualifications for low bidder and write letter of recommendation.

4.4. Construction Phase

EJES will assist the City in the following:

4.4.1. **Attend Pre-construction Meeting**.

4.4.2. **Request for Information (RFI):** EJES shall answer all requests for information (RFIs) from the Contractor, revise plan sheets as necessary and provide additional details, as necessary, to facilitate construction.

4.4.3. **Shop Drawing Review:** EJES shall review shop drawings submitted by the contractor.

4.4.4. **As-built drawing:** EJES shall prepare as-built plans.

4.4.5. **Project Close-out:** EJES shall conduct project close-out including punch list.

5. Schedule

5.1. Coordination & Data Gathering Phase*

5.1.1. Kick-off meeting: 1 Week

5.1.2. Survey: 6 Weeks

5.2. Design Phase*

***Note:** Time not included City's review time.

5.2.1. 30% Submittal: 10 Weeks

5.2.2. 60% Submittal: 10 Weeks

5.2.3. 90% Submittal: 8 Weeks

5.2.4. 100% Submittal: 4 Weeks

5.3. Construction Phase

5.3.1. Advertise/Bid Phase: Per City's process

5.3.2. Construction Phase: 6 Months

6. Plan Preparation & Submittal Requirements

6.1. All drawing base files and sheets will be submitted to the City in AutoCAD format.

6.2. All submittal: All submittal shall be in hard copies, two (2) 36" x 24" plan sets.

6.3. Drawing paper size and scales:

-Plans will be printed on:	36" x 24" paper
-Scale: Roadway Plan & Profile:	1" = 20' H, 1" = 5' V
Water & Waste Water Plans:	1" = 20' H, 1" = 5' V
Drainage Plan & Profile:	1" = 20' H, 1" = 5' V
Cross Sections Sheets:	1" = 10' H, 1" = 5' V
SW3P Plan Sheets:	1" = 40'
Striping & Signing Sheets:	1" = 40'

Traffic Control Plans: 1" = 100'

7. Special Services

7.1. Survey

7.2. SUE

7.3. Geotechnical

7.4. Traffic Study

7.5. Existing culvert crossing located on Clark Street just north of Boystun Street

The existing culvert system includes a triple parallel box culvert system located within the FEMA Zone A regulated stream South Prong Squabble Creek Tributary 7.

Task will include the following:

- A Drainage Report will be composed containing a hydrologic analysis using the latest version of HEC-HMS and a steady flow hydraulic analysis will be performed using the latest version of HEC-RAS. The report shall explain the methodology and document the engineering judgments used to develop the hydrologic and hydraulic models. The report shall provide results, exhibits, tables, and backup data related to the analysis. The report shall include a section summarizing the Scour Analysis methodology and results (as applicable). The Engineer shall submit all hydrologic calculations and hydraulic models to the City for review prior to proceeding with the design or the preliminary drainage report. The final report shall be signed, sealed, and dated by a registered/licensed engineer in the State of Texas and shall include the final hydrologic and hydraulic models in a format similar to the example provided by the State. A copy of the final report shall be provided to the local Floodplain Administrator and shall include the hydraulic analysis information, results, and mapping necessary for them to include in a submittal to FEMA should they so choose. The report shall not include the completion of the forms required for a FEMA submittal. The Engineer shall:

    - Perform data collection and field reconnaissance to evaluate the existing conditions of the project site, upstream, and downstream areas. This includes As-Built plans, environmental documents, drainage reports, and drainage easements.
      Hydrologic analysis will be evaluated whether the existing storm sewer system meets the current City design criteria and regulations. The design frequency will be for the 100 year full watershed development storm event. EJES will compute the 100 year storm event to verify that one lane of traffic is open during this storm event (The 100 year event is based on the City of Rockwall Standard of Design and Construction dated August 2003 on page 15 Drainage, E. Permissible Spread)
    - .
    - Prepare a Pre-Project hydraulic model created from survey data. Include any additional cross sections, updated topographic information, survey data, aerial photographs, and any man-made physical changes to the floodplain as necessary. The Pre-Project hydraulic model shall serve as the basis of comparison for determining adverse impacts.
    - Prepare Proposed Condition hydraulic models, as necessary.
    - Perform a Proposed Condition hydraulic model analysis. The analysis shall be an iterative evaluation process comparing Proposed Condition hydraulic models against the Pre-Project hydraulic model. The comparisons shall consider the City's design year and 100-year peak discharges and water surface elevation results. Evaluate upstream and downstream adverse impacts and make adjustments to the proposed configuration as necessary in order to meet the City and FEMA design criteria. For the purposes of a FEMA Zone A analysis, impacts to structures upstream or downstream of the crossing are considered adverse.

- Impact analysis will be performed on the culvert outfalls and channel both upstream and downstream.
- Preliminary recommendations will be provided to state any drainage improvements.

8. Additional Services

8.1. Right of Way Acquisition

8.2. CLOMR permitting is not included with the scope of work

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Rick Crowley, City Manager**

FROM: **Timothy M. Tumulty, Director of Public Works/City Engineer**

DATE: **August 25, 2015**

SUBJECT: **County Line Road Reconstruction Project**

County Line Road from Horizon Road (FM 3097) to Renee Drive is an existing 2-lane asphalt roadway with open roadside drainage ditches. The roadway segment is approximately 4,000 linear feet, and the existing right of way is variable in width with the majority being 55 to 60 feet. County Line Road is one of four Roadway Capital Improvement Projects passed in the 2012 Bond Election. County Line Road will be reconstructed to an undivided concrete curb and gutter roadway on stabilized subgrade with a 5-foot concrete sidewalk on each side. The number of travel lanes and roadway typical section will be determined by traffic counts and traffic capacity analysis pe4rformed with this project. Additional improvements for the project will include storm sewer, and potential upgrades/relocations to the water and wastewater lines.

In May of this year, a portion of County Line Road at Renee Drive adjacent to Wallace Lake was inundated with flood waters from Wallace Lake. These inundated areas are located within 100-yr ultimate developed floodplain per the City of Rockwall's Master Drainage Study. The County Line Reconstruction Project will be designed to the City of Rockwall's Current Standards of Design and Construction as well as the adopted Flood Damage Prevention Ordinance in order to raise it above the 100-yr ultimate developed floodplain.

Staff requested a proposal from Freese and Nichols, Inc. to provide the engineering design and specifications for this project. The preliminary cost estimate to reconstruct County Line Road is $5,147,810 with an engineering fee of $580,440.00. Funding will be provided through the sale of bonds approved by the voters in the 2012 Bond Election. Staff recommends City Council consideration to approve a professional services contract with Freese and Nichols, Inc. to perform the engineering design services and specifications for the County Line Roadway Reconstruction Project from Horizon Road (FM 3097) to Renee Drive in an amount not to exceed $580,440.

If you have any questions, please advise.

STATE OF TEXAS ♦
♦
COUNTY OF ROCKWALL ♦

PROFESSIONAL ENGINEERING SERVICES CONTRACT

This Agreement is made and entered into in Rockwall County, Texas, between City of Rockwall, Texas ("CITY"), a municipal corporation and political subdivision of the State of Texas, acting by and through its City Manager and Freese and Nichols, Inc.), ("ENGINEER"), located at 4055 International Plaza, Suite 200, Fort Worth, Texas, Engineers duly licensed and practicing under the laws of the State of Texas.

WHEREAS, CITY desires to engage Engineer as an independent contractor to render certain technical and professional services necessary for performing:

PROFESSIONAL ENGINEERING SERVICES for County Line Road Reconstruction Project (Horizon Road to Renee Drive).

NOW, THEREFORE, for and in consideration of the mutual covenants and agreements contained herein, the Parties hereby agree as follows:

1. Scope of Work

Engineer agrees to perform professional engineering services as specifically defined in this Contract as Exhibit "A" and as authorized by CITY. Specifically, Engineer shall perform Professional services as requested by CITY and detailed in Exhibit "A".

The Parties by mutual agreement through contract amendments may provide for additional technical and professional services to be performed under the basic general terms and conditions of this Contract. CITY reserves the right to enter into another agreement with other engineering firms to provide the same or similar professional services during the term of this Contract for different projects.

2. Compensation & Term of Agreement

Cost for Basic Services will be a lump sum amount of Four Hundred Three Thousand Nine Hundred Forty-Nine Dollars ($403,949) and the cost for Special Services is a not to exceed fee of One Hundred Seventy-Six Thousand Four Hundred Ninety-One Dollars ($176,491) billed as an hourly basis per rates provided in Exhibit "B". Engineer is not authorized to perform any work beyond the lump sum or the limited not to exceed amount without authorized written approval by CITY.

The term of this Agreement shall commence upon execution of this agreement and follow the schedule described in Exhibit "C". In the event of termination, Engineer will assist the CITY in arranging a smooth transition process. However, Engineer's obligation to provide services to the CITY will cease upon the effective date of termination, unless otherwise agreed in writing.

3. Method of Payment

CITY shall pay Engineer its fees based on the presentation by Engineer to CITY of a correct monthly statement for all the amounts earned under the Contract together with reasonable supporting documentation verifying the accuracy of the fees and expenses. CITY shall then pay Engineer its fee within thirty (30) days after presentation of the accurate monthly statement by Engineer to CITY. CITY is a State sales and use tax exempt political subdivision of the State of Texas. All records supporting payment shall be kept in the offices of Engineer for a period of not less than three (3) years and shall be made available to CITY for inspection, audit or copying upon reasonable request.

4. Engineer's Standard of Care

Engineer shall provide its services under this Contract with the same degree of care, skill and diligence as is ordinarily provided by a professional Engineer under similar circumstances for a similar project. Engineer represents that it has the capability, experience, available personnel, and means required to perform the services contemplated by this Contract. Services will be performed using personnel and equipment qualified and/or suitable to perform the work requested by the CITY. CITY retains the right to report to Engineer any unsatisfactory performance of Engineer personnel for appropriate corrective action. Engineer shall comply with applicable federal, state, and local laws in connection with any work performed hereunder.

Engineer will seek written CITY approval to accept any contract or perform any services for any person, entity, or business that has an agreement or is in negotiations of an agreement with CITY. CITY may waive this conflict, but such waiver is at CITY's sole discretion and its decision shall be final.

5. Ownership of Documents

As part of the total compensation which CITY has agreed to pay Engineer for the professional services to be rendered under this Contract, Engineer agrees that hard copies of all finished and unfinished documents, data, studies, surveys, drawings, specifications, field notes, maps, models, photographs, preliminary reports, reports, bid packet/construction contract documents/advertisement for bids incorporating any CITY standard provisions provided by Engineer, will remain the property of the CITY. Engineer will furnish CITY with paper and electronic copies, to the extent they are available, of all of the foregoing to facilitate coordination, however, ownership of the underlying work product shall remain the intellectual property of the

Engineer. Engineer shall have the right to use such work products for Engineer's purposes. However, such documents are not intended to be suitable for reuse by CITY or others on extension of the Project or on any other project. Any reuse without the express written consent of the Engineer will be at reuser's sole risk and without liability or legal exposure to the Engineer, and CITY to the extent allowed by law, shall hold harmless the Engineer from all claims, damages, losses, expenses, and costs, including attorneys' fees arising out of or resulting from the reuse of said documents without the Engineer's consent. The granting of such consent will entitle the Engineer to further compensation at rates to be agreed upon by CITY and the Engineer. The above notwithstanding, Engineer shall retain all rights in its standard drawing details, designs, specifications, databases, computer software and any other proprietary and intellectual property information provided pursuant to this Contract, whether or not such proprietary information was modified during the course of providing the services.

6. Insurance

A. Engineer agrees to maintain Worker's Compensation and Employer's Liability Insurance to cover all of its own personnel engaged in performing services for CITY under this Contract in at least the following amounts:

Workmen's Compensation – Statutory
Employer's Liability – $100,000
Bodily Injury by Disease - $500,000 (policy limits)
Bodily Injury by Disease - $100,000 (each employee)

B. Engineer also agrees to maintain Commercial General Liability, Business Automobile Liability, and Umbrella Liability Insurance covering claims against Engineer for damages resulting from bodily injury, death or property damages from accidents arising in the course of work performed under this Contract in not less than the following amounts:

$2,000,000 General aggregate limit

$1,000,000 each occurrence sub-limit for all bodily injury or property damage incurred all in one occurrence

$1,000,000 each occurrence sub-limit for Personal Injury and Advertising

C. Engineer shall add CITY, its City Council members and employees, as an additional insureds on all required insurance policies, except worker's compensation, employer's liability and errors and omissions insurance. The Commercial General Liability Policy and Umbrella Liability Policy shall be of an "occurrence" type policy.

D. Engineer shall furnish CITY with an Insurance Certificate on the date this Contract is

executed and accepted by CITY, which confirms that all above required insurance policies are in full force and effect.

E. Engineer agrees to maintain errors and omissions professional liability insurance in the amount of not less than one million dollars ($1,000,000) annual aggregate, on a claims made basis, as long as reasonably available under standard policies.

7. **INDEMNIFICATION**

ENGINEER SHALL INDEMNIFY AND SAVE HARMLESS THE CITY AND ITS CITY COUNCIL MEMBERS AND EMPLOYEES FROM SUITS, ACTIONS, LOSSES, DAMAGES, CLAIMS, OR LIABILITY, INCLUDING WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, ALL EXPENSES OF LITIGATION, COURT COSTS, AND REASONABLE ATTORNEY'S FEES FOR INJURY OR DEATH TO ANY PERSON, OR INJURY TO ANY PROPERTY, RECEIVED OR SUSTAINED BY ANY PERSON OR PERSONS OR PROPERTY, TO THE EXTENT CAUSED BY THE NEGLIGENT ACTS OF ENGINEER OR ITS AGENTS OR EMPLOYEES, IN THE EXECUTION OF PERFORMANCE OF THIS CONTRACT.

ENGINEER'S TOTAL LIABILITY TO CITY FOR ANY LOSS OR DAMAGES FROM CLAIMS ARISING OUT OF, OR IN CONNECTION WITH, THIS CONTRACT FROM ANY CAUSE INCLUDING ENGINEER'S STRICT LIABILITY, BREACH OF CONTRACT, OR PROFESSIONAL NEGLIGENCE, ERRORS AND OMISSIONS SHALL NOT EXCEED ONE MILLION DOLLARS ($1,000,000). NEITHER PARTY TO THIS AGREEMENT SHALL BE LIABLE TO THE OTHER PARTY OR ANY THIRD PARTY CLAIMING THROUGH THE OTHER RESPECTIVE PARTY, FOR ANY SPECIAL, INCIDENTAL, INDIRECT, PUNITIVE, LIQUIDATED, DELAY OR CONSEQUENTIAL DAMAGES OF ANY KIND INCLUDING BUT NOT LIMITED TO LOST PROFITS OR USE OF PROPERTY, FACILITIES OR RESOURCES, THAT MAY RESULT FROM THIS AGREEMENT, OR OUT OF ANY GOODS OR SERVICES FURNISHED HEREUNDER.

8. Addresses for Notices and Communications

CITY
Tim Tumulty, City Engineer
City of Rockwall
385 S. Goliad Street
Rockwall, Texas 75087

ENGINEER
Kevin Johnson, Principal
Freese and Nichols, Inc.

2711 N. Haskell, Suite 3300
Dallas, Texas 75204

All notices and communications under this Contract shall be mailed or delivered to **CITY** and **Engineer** at the above addresses.

9. Successors and Assigns

CITY and Engineer each binds itself and its successors, executors, administrators and assigns to the other parties of this Contract and to the successors, executors, administrators and assigns of such other parties, in respect to all covenants of this Contract. Except as noted in the first part of this Paragraph, neither CITY nor Engineer shall assign, sublet or transfer its interest in this Contract without the written consent of the other. Nothing herein shall be construed as creating any personal liability on the part of any officer, council member, employee or agent of any public body which is a party hereto.

10. Termination for Convenience of the Parties

Engineer and CITY may terminate this Contract for their convenience at any time by giving at least thirty (30) days notice in writing to each other. If the Contract is terminated by CITY and/or Engineer as provided herein, Engineer will be paid for the Work provided and expenses incurred up to the termination date, if such final compensation is approved by CITY, in its sole discretion. If this Contract is terminated due to the fault of Engineer, Paragraph 10 hereof, relative to Termination for Cause, shall apply.

11. Changes

CITY may, from time to time, request changes in the Scope of Work of **Engineer** to be performed hereunder. Such changes, including any increase or decrease in the amount of **Engineer's** compensation, or time for performance, which are mutually agreed upon by and between **CITY** and **Engineer**, shall be incorporated in written amendments to this Contract. Any subsequent contract amendments shall be executed by the City Manager or other authorized representative as designated by the City Manager or City Council.

Any alterations, additions or deletions to the terms of this Contract, including the scope of work, shall be by amendment **in writing** executed by both CITY and Contractor.

13. Reports and Information

Engineer, at such times and in such forms as **CITY** may reasonably require, and as specified in the Scope of Work or in additional Contract Amendments shall furnish **CITY** periodic reports pertaining to the Work or services undertaken pursuant to this Contract, the cost and obligations

incurred, or to be incurred in connection therewith, and any other matter covered by this Contract.

14. Entire Agreement

This Contract and its Exhibits and any future Contract Amendments constitute the entire agreement, and supersede all prior agreements and understandings between the parties concerning the subject matter of this Contract.

15. Waiver

The failure on the part of either party herein at any time to require the performance by the other party, of any portion of this Contract, shall not be deemed a waiver of, or in any way affect that party's rights to enforce such provision, or any other provision. Any waiver by any party herein of any provision hereof, shall not be taken or held to be a waiver of any other provision hereof, or any other breach hereof.

16. Severability

The invalidity or unenforceability of any provision of this Contract shall not affect the validity or enforceability of any other provision of this Contract.

17. Survival

Any and all representations, conditions and warranties made by Engineer under this Contract are of the essence of this Contract and shall survive the execution, delivery and termination of it.

18. Governing Powers and Law

Both Parties agree and understand that the City does not waive or surrender any of its governmental powers by execution of this Agreement. To that end, the parties further understand that this agreement shall not be considered a contract for goods or services under Texas Local Government Code, Section 271.151 and Contractor waives any right or entitlement granted said provisions. This Contract is governed by the laws of the State of Texas and all obligations of the parties under this Contract are performable in Rockwall County, Texas.

19. Attorney's Fees

If it is necessary for either Party herein to file a cause of action at law or in equity against the other Party due to: (a) a breach of this Contract by the other Party and/or (b) any intentional and/or negligent act or omission by the other Party arising out of this Contract, the non-breaching or non-negligent Party shall be entitled to reasonable attorney's fees and costs, and any necessary disbursements, in addition to any other relief to which it is legally entitled.

20. State or Federal Laws

This Contract is subject to all applicable federal and state laws, statutes, codes, and any applicable permits, ordinances, rules, orders and regulations of any local, state or federal government authority having or asserting jurisdiction, but nothing contained herein shall be construed as a waiver of any right to question or contest any such law, ordinance, order, rule or regulation in any forum having jurisdiction.

EXECUTED in triplicate originals on this 18 day of August 2015.

Name: Kevin Johnson, P.E.
Title: Vice-President/Principal

EXECUTED in triplicate originals on this ____ day of _____ 2015.

ATTEST:

City of Rockwall, Texas

_____
Richard Crowley
City Manager

Exhibit "A" – Professional Services
County Line Road Reconstruction Project (Horizon Road to Renee Drive)
For
City of Rockwall

Freese and Nichols, Inc. (FNI)
Scope of Services

Project Understanding

County Line Road from Horizon Road to Renee Drive is an existing 2-lane asphalt roadway with open roadside drainage ditches. The roadway segment is approximately 4,000 linear feet, and the existing right of way is variable in width with the majority being 55 to 60 feet. The City of Rockwall desires for County Line Road to be improved to a concrete roadway on stabilized subgrade (typical section to be determined by geotechnical investigation) with the number of lanes and typical sections to be determined following traffic counts and traffic capacity analysis. The improved roadway will connect to residential areas to the north and commercial outlets on the south side. County Line Road connects with Horizon Road (FM 3097) on the west end which is a Texas Department of Transportation (TxDOT) roadway, and the intersection is controlled by a traffic signal. Coordination with TxDOT will be required to modify the traffic signal and potentially realign the intersection.

Improvements to the storm drainage system will be required, as well as, potential upgrades to/or relocations of the water and wastewater lines. There is no existing underground storm drainage system for the roadway; however, there is an open drainage channel on the north side near Horizon Road, and the east end of County Line Road is flanked by Wallace Lake. County Line Road, Renee Drive, and Nicole Drive flooded in May 2015; therefore, drainage and floodplain issues will need to be addressed along with the roadway drainage system. Existing City utilities include 12 and 6-inch water lines that will remain in service on the north side of the roadway, and a 12-inch sanitary sewer along the south side of the roadway.

Other design components will include street lighting, utility coordination, subsurface utility exploration, geotechnical evaluation, topographic and boundary surveys (which may include preparation of right of way documents and/or easements), structural design, construction sequencing and phasing, access coordination with Texas Department of Licensing and Regulation, and archeological coordination with the State Historic Preservation Office.

Basic Services

1. **Conceptual Design (30%)**
   - 1.1 Project Management
     - 1.1.1. Develop project communication plan
       - Conduct progress meetings to monitor the development of the project. During this phase of the project, conduct up to three (3) meetings with:
       - The City staff, including Public Works representatives, regarding project status and coordination issues. The first meeting will be the project kick-off meeting, and the second meeting will be the conceptual design presentation and review.
   - 1.2 Traffic Capacity Analysis
     - 1.2.1 Traffic data collected in Section 1.5 of Special Services will be analyzed and used to project the total future volume of traffic on County Line Road. This analysis will assume County Line Road will not extend east of Renee Drive in the future.
     - 1.2.2 Projected traffic volumes will be analyzed to determine the number of lanes required in each direction on County Line Road and to determine the locations to begin and end the various lanes.

1.2.3 Existing and projected traffic data will be used to determine reconfiguration requirements for the existing traffic signal at Horizon.

1.3 Conceptual Plan and Graphics

1.3.1 Schematic rendering of proposed County Line Road Plan

- Provide up to two (2) alternatives for proposed cross-section of the roadway.
- Provide up to two (2) alternatives for proposed storm drain locations
- Preliminary analysis of up to eight (8) spot adjustments of existing water and sewer lines and six (6) manholes adjustments as needed. A spot adjustment is defined as a maximum of 300 linear feet of waterline and 500 linear feet of sewer line.
- Submittal shall include a scroll plot in PDF format and scroll plot

2. Construction Documents – Preliminary Design (60%)

2.1. Project Management

2.1.1. Develop project communication plan

- Develop project contact list
- Conduct progress meetings to monitor the development of the project. During this phase of the project, conduct up to five (5) meetings with: City staff, including Public Works representatives, regarding project status and coordination issues.
  - City's traffic staff to discuss traffic signal adjustments, crosswalks, and pedestrian improvements at County Line Road intersection with Horizon Road
  - Coordinate with sub-consultants
  - Coordinate with other utilities, (electric power, cable TV, phone, gas, optic fiber, etc.)
  - Prepare and e-mail monthly progress reports to the project team (City of Rockwall and FNI Staff)

2.1.2 Develop project production plan

- Document design criteria (coordinate with City staff at the project kick-off meeting)
  - Pavement design parameters
  - Horizontal and vertical alignment design criteria
  - Typical section requirements
  - Crosswalk design guidelines
  - Driveway crossing design guidelines
  - Drainage Design Criteria
  - Signal Design Criteria
  - Prepare Design Criteria Document and submit to City for reference
- Develop project schedule and interim milestones (coordinate with City staff at the project kick-off meeting)

2.1.3 Project Administration

- Prepare project correspondence and invoicing documents

2.2 Design Criteria Data Collection (City to provide hard copy and electronic format if available)

2.2.1 Drainage

- City drainage manual and/or ordinances
- Existing storm drainage facilities / record drawings
- Existing hydrologic or hydraulic models for Little Buffalo Creek and Buffalo Creek and for the two NRCS lakes.
- Existing and future land use data

2.2.2 Utilities

- Existing water line locations / record drawings
- Existing sanitary sewer line locations / record drawings
- City utility relocation requirements (if applicable)

2.2.3 Roadway

- City standards regarding horizontal and vertical curvature, medians, crosswalks, street lighting, etc.

2.2.4 Traffic

- City and TxDOT signal design criteria, standard details, and specifications
- Record drawings for existing signals from TxDOT

2.3 Roadway Design

2.3.1 Prepare preliminary roadway alignment upon approval of the conceptual plan

- Prepare typical sections
  - Existing and proposed
  - Preliminary subgrade and pavement design
- Preliminary Plan items to be prepared:
  - Control data
  - Existing / Proposed ROW
  - Existing topography
  - Existing pavement
  - Proposed centerline alignment and horizontal curve data
  - Proposed transition pavement tie-ins to existing pavement
  - Proposed drainage structures
  - Proposed retaining walls
  - Proposed lighting along County Line Road
  - Existing trees to remain
  - Existing trees to be removed
  - Existing driveway locations
  - Existing storm drain locations
  - Existing water line locations
  - Existing sanitary sewer line locations
  - Existing franchise utility locations
- Preliminary Profile items to be prepared:
  - Existing Ground Profile and Preliminary Vertical Alignment
- Preliminary Detail
  - Retaining Walls
  - Paving
  - Drainage

2.4 Drainage

2.4.1 Compile the hydrologic and hydraulic data

- Create Drainage Area Maps
- Create Drainage Calculation Sheets

2.4.2 Identify the need for additional drainage easements to accommodate the proposed offsite drainage improvements (if required).

2.4.3 Hydraulic Design of Culverts (to be completed at 30% of Preliminary Design):

- Convert existing hydraulic models to HEC-RAS format.
- Determine if provided HEC-1 hydrologic model adequately represents ultimate conditions. Update the hydrologic model to represent ultimate conditions. FNI will use the existing HEC-1 model to represent existing or FEMA conditions.
- Update existing conditions hydraulic models for Buffalo Creek and Little Buffalo Creek based on survey for this project.
- FNI will develop existing conditions hydrologic and hydraulic models for Little Buffalo Creek to County Line Road and for Buffalo Creek to approximately 500 feet downstream of Horizon Road.

- FNI will map the 100-year FEMA floodplains for both Buffalo Creek and Little Buffalo Creek at the locations described in this section.
- Establish the existing conditions flood elevations for NRCS Site 5c (Wallace Lake) and NRCS Site 5b (Rockwall Lake).
- FNI will perform a proposed conditions study to determine up to two alternatives at Horizon Road and two alternatives at Renee Drive/Wallace Lake to reduce flooding along County Line Road.
- FNI will submit a flood study report to summarize existing conditions and proposed alternatives.

2.4.4 Determine proposed conditions floodplains based on 60% roadway design.

2.4.5 Determine if FEMA notification would be required. FEMA coordination, such as a CLOMR or LOMR is considered an additional service.

2.5 Utilities

2.5.1 Public

- Establish the location of existing public utilities based upon information provided by the City, SUE and field survey information.
- Determine criteria for relocation limits of existing water and sanitary sewer lines.
  - If deemed necessary, design spot adjustments and relocations of the current water and sanitary sewer lines from Horizon Road to Renee Drive.

2.5.2 Franchise Utility Coordination

- Identify franchise utility contacts
- Send one set of plans to each franchise utility for their review. Request each franchise utility to mark up the plans to show the size, type, and location of their utilities.
- Attend up to two (2) meetings with Franchise Utility representatives, and City staff
- Notify the City if any relocations are required
- The City shall perform the coordination with the franchise utilities if any relocations are required.

2.6 Structural

2.6.1 Preliminary structural design for the associated improvements, as listed below.

- Structural design and layout for retaining walls along County Line Road
- Culvert and headwall structures

2.7 Traffic

2.7.1 Traffic Signals

- Until Horizon Road (FM 3097) is widened, the City desires for the traffic signal at County Line Road to be replaced with a span-wire system with ground boxes, conduit, and signal controller.
  - Identify pedestrian accommodations (crosswalks, ADA barrier free ramps, pedestrian signals and push buttons).
  - Prepare list of applicable City and TxDOT design details and standard sheets for inclusion in the plans.

2.7.2 Pavement Marking and Signing Plans

- Prepare preliminary crosswalk pavement marking and signing layouts in accordance with City design standards and the Texas Manual on Uniform Traffic Control Devices (TMUTCD). Signing layouts will only be provided along County Line Road.
- Determine potential conflicts with existing signs and propose sign relocations.

2.8 Compile and prepare a preliminary opinion of probable construction cost (OPCC) for the entire project, including alternative design options, using recent average unit bid prices which are representative of similar types of construction in the local area.

2.9 Preliminary design submittal (60% design level)

2.9.1 Provide two hard copies and an electronic submittal to the City for review and comment.

2.9.2 Submittal shall be provided with plan / profile sheets (as noted) (24"x36" plan sheets at a scale of 1"=20' horizontal, and 1"=4' vertical) and will include the following:

- Cover Sheet
- General Notes Sheet/Summary
- Horizontal and Vertical Layout Sheet
- Typical Sections
- Demolition Sheets
- Roadway Plan/Profiles
- Drainage Area Map
- Drainage Calculations
- Drainage Plan/Profile
- Traffic signal adjustments, crosswalks, and ground box relocations
- Traffic control plan narrative
- Structural Layout sheets (including retaining walls and other applicable structures)
- Lighting Plan
- Roadway Cross-Sections
- Details
- Preliminary opinion of probable construction cost

2.10 Project site visits (up to three (3) trips)

3. Construction Documents – Final Design

3.1. Project Management

3.1.1. Project Communication

- Conduct progress meetings to monitor the development of the project. During this phase of the project, conduct up to three (3) project meetings with the City staff.
- Prepare and email monthly progress reports to the project team (City and FNI staff).

3.1.2. Project Administration

- Prepare project correspondence and invoicing documents

3.2 Roadway

3.2.1 Incorporate the preliminary design submittal review comments

3.2.2 Prepare plan / profile sheets (24"x36" plan sheets at a scale of 1"= 20' horizontal, and 1"= 5' vertical).

3.2.3 Analyze all driveways within the project and develop driveway adjustment and crosswalk profiles as needed. Driveways will be defined vertically by profiles and cross sections.

3.2.4 Develop design cross-sections

- Develop on 50' station intervals and at driveway centerlines
- Show pavement and subgrade, right-of-way limits, side slopes, pavement cross slopes, curbs, and retaining walls (if applicable)
- Cross-sections will be provided in the bid documents

3.2.5 In locations where the elevation difference between the sidewalk and adjacent property warrants, provide design details necessary to construct retaining walls.

3.2.6 Prepare roadway details to clarify intent of design

3.2.7 Modify standard details as needed.

3.3 Drainage

3.3.1 Incorporate the preliminary design submittal review comments

3.3.2 Perform final storm sewer sizing and alignment design. Prepare final inlet design sheets and hydraulic design sheets for inclusion in the plans.

3.3.3 Prepare storm sewer plan / profile sheets depicting storm sewer lines, inlets, junction boxes, connections, manholes, utility crossing, and the hydraulic grade lines.

3.3.4 Prepare profiles for the proposed storm drain laterals (if needed)

3.3.5 Prepare drainage details to clarify intent of design. Modify standard details as needed.
3.3.6 Prepare erosion control plan and coordinate water quality elements with traffic control during construction stages. The Storm Water Pollution Prevention Plan (SWPPP) will not be prepared as part of this task but will be prepared by the Contractor.
3.3.7 Update the final hydraulic models with 90% roadway design.
3.3.8 Update the culvert layout and drainage area maps for 90% Roadway design.

3.4 Utilities

3.4.1 Utility Coordination

- Submit one set of final design plans and the project schedule to each affected utility for their review and comment.
- The City shall perform the coordination with the franchise utilities if any relocations are required.

3.5 Traffic

3.5.1 Traffic Signals

- Adjustments to the traffic signal at County Line Road and Horizon Road to provide pedestrian crosswalks and pedestrian signals.
  - Finalize adjustments of ground boxes to meet proposed grade.
  - Finalize pedestrian accommodations (crosswalks, ADA barrier free ramps, pedestrian signals, and push-buttons).
  - Incorporate the preliminary design submittal review comments.
  - Finalize the applicable City and TxDOT design details.
  - Finalize the traffic signal sheets for inclusion in the plans.

3.5.2 Traffic Control Plans

- Develop construction sequencing plan showing:
  - Construction area for each phase of construction and closure of existing travel lanes (if needed).
  - Temporary signing and striping, barricades, and other channelization devices.
  - Narrative of the sequence of work.
  - Storm sewer construction phasing.
  - Public utilities relocation phasing.
- Develop typical cross sections showing lane widths, edge conditions, channelization and proposed construction area.
- Prepare traffic control details to clarify intent of design.
- Modify standard details as needed.

3.5.3 Pavement Marking and Signing Plans

- Prepare crosswalk pavement marking and signing layouts in accordance with City design standards and the Texas Manual on Uniform Traffic Control Devices (TMUTCD).
- Prepare details to clarify intent of design
- Modify standard details as needed.
- Determine potential conflicts with existing signs and finalize relocations.

3.6 Structural Design

3.6.1 Structural design and detailing will be provided for the improvements, as listed below.

- Structural design for retaining walls along County Line Road.

3.7 Prepare general notes, specification data, and final Bid Book in accordance with City of Rockwall requirements. Identify and prepare special specifications and/or special provisions applicable to the project. Prepare Bid-Tab sheets of applicable items for Contractor to fill/present bid prices.

3.8 Compile and update the overall opinion of probable construction cost.

3.9 Prepare a construction duration estimate using anticipated production rates applicable to the local area.

3.10 Final design submittal (90%)

3.10.1 Submit two (2) copies to the City for review and comment
3.10.2 Submittal shall include the following:
- Final design plans
- Contract documents, including the following:
  - Rockwall standard construction contract forms
  - Notice to bidders
  - Special instructions to bidders
  - Bid form (Bid-Tab)
  - Standard construction contract
  - Performance bond
  - Payment bond
  - Maintenance bond
  - Certificate of insurance
  - General conditions
  - Special provisions
  - Technical specifications
- Opinion of probable construction cost
- Provide a completed application for the City to submit to the Texas Department of Licensing and Regulation (along with one of the plan sets) for review in accordance with the Elimination of Architectural Barriers Act. The application fees will be paid directly by the City.

3.11 Accessibility Review
3.11.1 Prepare a completed application for submittal to the Texas Department of Licensing and Regulation for review in accordance with Elimination of Architectural Barriers Act.
3.11.2 Submit to the City a completed application and set of final plans for the City to transmit to a Registered Accessibility Specialist (RAS) for review and TDLR project registration.
3.11.3 While accessibility revisions are not anticipated to be required, FNI will address minor revisions to the plans based on review comments from the RAS.
3.12 Incorporate the final design submittal review comments.
3.13 Prepare the final opinion of probable construction cost.
3.14 Final design submittal (100%).
3.14.1 Submit two (2) full-size and five (5) half-size sets of plans and Contract Documents and Proposal Documents to the City (reprint only the revised sheets from the 90% submittal).
3.14.2 Submit the final opinion of probable construction cost to City
3.14.3 Submit a letter of notification to the City stating completion of the design of the project.

4. Bidding Phase Services

4.1. Furnishing additional copies of bidding documents in excess of the number of the same identified above will be considered as Additional Services.
4.1.1. Services to be provided:
- Respond to contractor questions and provide design clarifications.
- Attendance at the pre-bid conference
- Assist the City of Rockwall with production of Addenda items and design changes
- Tabulating Bids
- Checking references and other qualification information for the low bidder and writing a letter of recommendation concerning award of the contract.

5. Construction Phase Services

5.1. Construction Phase Services
5.1.1. Coordinate with City on needs during the construction phase. The services available are listed below, and may be provided upon the request of the City of Rockwall.

5.2. *Pre-Construction Conference.* Prepare for and attend the Pre-Construction Conference prior to commencement of Work at the Site.

5.3. Visits in Site and Observation of Construction. If required by City, provide on-site construction observation services to clarify design concepts or assist with solutions needed to overcome obstacles in construction or to study and evaluate possible practical alternative solutions. Make visits to the Site at intervals as directed by City in order to observe the progress of the Work. Such visits and observations by FNI are not intended to be exhaustive or to extend to every aspect of Contractor's work in progress. Observations are to be limited to spot checking, selective measurement, and similar methods of general observation of the Work based on FNI's exercise of professional judgement. Based on information obtained during such visits and such observations, FNI will determine if Contractor's work is generally proceeding in accordance with the Contract Documents, and FNI shall keep City informed of the general progress of the Work.

5.3.1. The purpose of FNI's visits to the site will be to enable FNI to better carry out the duties and responsibilities assigned in the Agreement to FNI during the construction phase by City, and in addition, by the exercise of FNI's efforts, to provide City a greater degree of confidence that the completed Work will confirm in general to the Contract Documents and that the integrity of the design concept of the completed Project as a functioning whole as indicated in the Contract Documents has been implemented and preserved by Contractor. FNI shall not, during such visits or as a result of such observations of Contractor's work in progress, supervise, direct, or have control over Contractor's work, nor shall FNI have authority over or responsibility for the means, methods, techniques, equipment choice and usage, sequences, schedules, or procedures of construction selected by Contractor, for safety precautions and programs incident to Contractor's work, nor for any failure of Contractor to comply with laws and regulations applicable to Contractor's furnishing and performing the Work. Accordingly, FNI neither guarantees the performance of any Contractor nor assumes responsibility for any Contractor's failure to furnish and perform its work in accordance with the Contract Documents.

5.4. Clarifications and Interpretations. Issue clarifications and interpretations of the Contract and Documents to City as appropriate to the orderly completion of Contractor's work. Such clarifications and interpretations will be consistent with the intent of the Contract Documents. Field Orders authorizing variations from the requirements of the Contract Documents will be made by City.

5.5. Shop Drawings and Samples. Review and approve or take other appropriate action in respect to Shop Drawings and Samples and other data which Contractor is required to submit, but only for conformance with the information given in the Contract Documents and compatibility with the design concept of the completed Project as a functioning whole as indicated in the Contract Documents. Such review and approvals or other action will not extend to means, methods, techniques, equipment choice and usage, sequences, schedules, or procedures of construction or to related safety precautions and programs.

5.6. Substitutes and "or-equal." Evaluate and determine the acceptability of substitute or "or-equal" materials and equipment proposed by Contractor in accordance with the Contract Documents, but subject to the provisions of applicable standards of state or local government entities.

5.7. Limitation of Responsibilities. FNI shall not be responsible for the acts or omissions of any Contractor, or of any of their subcontractors, suppliers, or of any other individual or entity performing or furnishing the Work. FNI shall not have the authority or responsibility to stop the work of any Contractor.

5.8. Record Drawings. Prepare project "Record Drawings" based on information provided by the Contractor, and/or City as to the actual field placement of the work including any changes or

deletions. FNI is not responsible for all accuracy of the information provided by the Contractor and/or the City. FNI will provide the following deliverable:

5.8.1. Electronic copy of the record drawings shall be submitted on CD/DVD or flash drive in all of the following formats:
- AutoCAD format (.dwg)
- Adobe Portable Document (.pdf) 400 dpi (min) (24"x36")

5.8.2. Electronic copy of geotechnical reports, survey data, photographs, and exhibits used for the project, in .pdf or jpg format.

5.8.3. Electronic copy of the project specifications in Microsoft Word (.doc) format

5.8.4. Record drawings shall be sealed by the engineer of record in accordance with the Texas Board of Professional Engineers Policy Advisory Opinion Regarding Record Drawings.

5.8.5. All field changes and revisions shall be shown and noted in the revision block.

5.8.6. Revisions shall be drawn using accepted drafting standards and shall be clear and legible.

5.8.7. Line work and notes related to work deleted or changed shall be omitted from the Record Drawing.

Special Services

1. Utility and ROW Information Gathering

1.1. Data Collection and Property Research

1.1.1 Gather existing plat information

1.1.2 Collect property owner and record information

1.1.3 Gather existing ROW and easement information. Identify easements available through typical research methodologies (i.e. plats, court house filings, etc). Undocumented easements may not be identified.

1.1.4 Provide S.U.E. Services, through a sub-consultant, for the purposes of locating horizontal and vertical locations of underground city and franchise utilities, in conjunction with and/or prior to the field survey.

- S.U.E. Level 'B' Services will be provided to determine horizontal location of utilities along County Line Road up to 4000 linear feet.
- S.U.E. Level 'A' Services will be provided as follows.
  - Up to four (4) test holes of 4-8 ft. depth will be provided
  - Up to six (6) test holes of 8-12 ft. depth will be provided
  - Test holes in addition to those listed above will be provided at the rate per test hole agreed to by the City of Rockwall.

1.1.5 The City shall arrange and make all provisions for access to perform the services specified within this scope. The surveyor shall provide the City with the name and address of the property owners.

1.1.6 The City shall be responsible for acquisition of all ROW and easements. FNI will provide survey information and easement/ROW documents (sketch and legal description) to the City. Additional ROW and easement documentation services are detailed in Section 2 of Special Services.

1.2. Design Survey

1.2.1. The limits of the survey shall be from the intersection of Horizon Road and County Line Road, to the intersection of Renee Drive and County Line Road. The survey shall be from ROW line to ROW line (85 foot ROW) of County Line Rd. Survey will include intersecting roadways extending 100 feet along each leg of the intersection for minor intersections and 250 feet for major intersections. For Nicole Drive, Renee Drive, and FM 3097 (Horizon), the survey will extend 100 feet beyond the current 100 year floodplain elevation as determined by the City of Rockwall Master Drainage Study.

1.2.2. Establish horizontal control points at 500' maximum spacing.

1.2.3. Establish a vertical control benchmark circuit as needed throughout the project. City to provide established monument information for the area.

1.2.4. Set control points, which shall be based on NAD-83, on both sides of the roadway, as required to maintain horizontal control throughout the project limits. Surveyor shall set control points based on existing City monuments.

1.2.5. Perform a field survey to identify and locate existing topographic elements within the roadway corridor including, but not limited to the following:

- Property corner monumentation
- Existing pavement, curbs, sidewalks, barrier free ramps, etc.
- Roadways and lane striping
- Driveways
- Existing storm sewer inlets, manholes, junction boxes (including culvert sizes and all invert elevations)
- Outfalls, bridges, and erosion control improvements
- Existing driveway culverts and swales

- Guardrail
- Utility manholes, vaults, water valves, water meters, cleanouts, sprinkler heads, telephone poles, power poles, utility markers, other public and franchise utilities
- Traffic Signal poles, cabinets, and other signal equipment
- Signs (excluding temporary signs)
- Trees, including species and caliper (for 6" caliper and up)
- Buildings and permanent structures
- Retaining walls
- Fence limits and material types (excluding temporary fences)
- Other applicable physical features that could impact design

1.2.6. Prepare cross-sections throughout project limits at 50-foot intervals and at grade breaks.
- Prepare cross-section field notes

1.2.7. Prepare a final topographic drawing in digital format (including contours and break lines) showing the features located in the field, an ASCII file of the points located in the field, and a hard copy of the coordinates and feature descriptions.

1.2.8. FNI will perform one (1) site visit, for the purposes of reviewing the provided survey in the field and making notes for additional survey needs and design considerations.

1.3. Geotechnical

1.3.1. Task 1 – Field Exploration
- Select appropriate locations along the proposed roadway alignment for exploratory borings. The Engineer will coordinate with the City of Rockwall and Texas 811 regarding underground utilities within the vicinity of the planned boring locations and obtain relevant right-of-way permit(s) prior to commencement of the field exploration activities.
- Subcontract with a drilling contractor to drill a total of six (6) borings (approximate spacing of 650 feet) to a depth 15 feet at the selected locations. The borings will be drilled through the existing asphalt pavement within alternate travel lanes, when possible.
  - Subsurface samples will be collected using 3-inch diameter Shelby tubes for cohesive soils and a 2-inch diameter split-spoon sampler in conjunction with the Standard Penetration Test (SPT) for intermediate and non-cohesive soils. Rock and rock-like materials will be tested in-situ using the TxDOT Cone Penetration Test or the SPT, as appropriate for the material.
  - Groundwater observations within the borings will be recorded at the time of drilling and at the completion of drilling and sampling.
  - At completion of drilling and sampling, the borings will be backfilled with auger cuttings and/or sand, and the pavement section will be patched to match the existing pavement surface.
  - Traffic control consisting of flagmen, cones, and signs will be provided. Temporary and partial lane closures may be required during drilling.
- Provide an Engineer or Geologist experienced in logging borings to direct the drilling, log the borings, and handle and transport the samples. Visual classification of the subsurface stratigraphy shall be provided according to ASTM D2488 and the Unified Soil Classification System (USCS) during drilling and sampling.

1.3.2. Task 2 – Laboratory Testing
- Testing shall be performed on samples obtained from the borings to determine soil classification and pertinent engineering properties of the subsurface materials.
- The Engineer will select samples for laboratory testing, assign tests, and review the test results.
- Laboratory tests will be appropriately assigned for the specific subsurface materials encountered during exploration, but are expected to include:

- Classification tests (liquid and plastic limits and percent passing the no. 200 sieve or gradation)
- Moisture content
- Dry unit weight
- Unconfined compressive strength
- One-dimensional swell (restrained)
- Soluble sulfate content (Tex-145-E)
- Lime series pH (Eades and Grim Procedure) for soil/lime proportioning

1.3.3. Task 3 – Engineering Analysis

- Prepare a Geotechnical Investigation Report summarizing the field exploration, laboratory testing, and engineering analysis to include the following:
  - Appendix with the boring locations, boring logs, laboratory test results, and a key to the symbols used.
  - Discussion of subsurface conditions and soil properties indicated by the field and laboratory work and the implications for design.
  - Recommendations for pavement design including subgrade treatment (lime treated and cement treated), preparation, and thickness. Pavement design calculations will be performed using traffic data collected for County Line Road and projected traffic volumes (see Section 1.5 Traffic Counts in Special Services and Section 1.2 Traffic Capacity Analysis in Basic Services) and applicable design parameters according to the thoroughfare classification and City standards. All assumptions and pavement design parameters will be documented in the report (e.g., traffic volumes, vehicle distribution, design life, terminal serviceability, annual growth rate, etc.).
  - General discussion of expected construction related issues.
  - Earthwork related recommendations for use during development of plans and specifications.
- Submittals will include one (1) paper copy and one (1) electronic PDF copy of the Geotechnical Investigation Report.

1.4. Environmental Permitting

Based on an initial desktop review of project area, at least two waterbodies are located in the vicinity of the proposed improvements: Buffalo Creek and Wallace Lake. FNI assumes that Section 404 permit authorization from the U.S. Army Corps of Engineers (USACE) will be required to authorize impacts to these waterbodies associated with the proposed improvements. Additionally, Horizon Road is a TxDOT facility and FNI assumes that the proposed project will trigger additional environmental review by TxDOT. Given this information, FNI proposes the following environmental permitting and clearance tasks:

1.4.1. Conduct Literature Review

FNI will obtain and review information for the project vicinity such as soils maps, National Wetland Inventory maps, topographic maps, floodplain maps, TPWD Natural Diversity Data, and other readily available, pertinent data. This information will be evaluated to guide the waters of the U.S. delineation described in Task 1.4.2, identify any potential environmental issues present in the project area, develop the description of the area surrounding the project, and assist in the preparation of the Texas Department of Transportation (TxDOT) Categorical Exclusion (CE).

1.4.2. Perform Waters of the U.S. Delineation

FNI environmental scientists will delineate the boundaries of potential waters of the U.S. within the limits of investigation, including streams, open water, and wetlands. Feature boundaries will be documented using a mapping-grade GPS survey. The Ordinary High

Water Mark (OHWM) of the unnamed tributary will be marked with pin flags or stakes for surveyors to tie-in. This scope does not include surveyor costs, but a surveyor can be provided as an additional service.

1.4.3. Prepare a Preliminary Jurisdictional Determination (PJD) Report.
FNI will prepare a PJD Report in accordance with USACE's guidance to document the presence/absence of waters of the U.S., including wetlands. The PJD Report will include preparation of the required data forms and relevant site maps.

1.4.4. Prepare Documentation for Section 404 Permit Authorization under a Nationwide Permit (NWP).

Based upon the available project data, FNI assumes impacts to waters of the U.S. required for the proposed project can be authorized under a Nationwide General Permit (NWP), most likely NWP 14 *Linear Transportation Projects*, with a pre-construction notification (PCN). FNI will prepare a PCN in accordance with requirements of Nationwide Permit (NWP) General Condition 27 for coverage of the proposed activities. This scope assumes that any required mitigation will be covered by negotiating with the Corps for the purchase of mitigation bank credits. Therefore, development of a mitigation plan is not included in this scope of services.

A draft PCN will be prepared for the CITY's review and comment. The PCN will include the PJD Report and appropriate maps and engineering drawings of the proposed work. The final PCN will be prepared by incorporating the CITY's comments and will be submitted to the USACE.

1.4.5. Follow Up with USACE.
After submitting the PCN, FNI will address the USACE's requests, if any, for additional information or clarification. If the USACE requests a site visit, preparation of a compensatory mitigation plan, consultation with other resource agencies, or excessive requests for additional information resulting in expenditures beyond FNI's project budget, such effort will be considered as an additional service that can be provided, upon the CITY's written approval, and will be billed on an hourly basis at FNI's current rates.

1.4.6. Phase 1 Environmental Site Assessment (ESA).
If needed for the purchase of property, easements or additional ROW, FNI will conduct a Phase 1 ESA in accordance with ASTM International Standard E-1527-13, Standard Practice for Environmental Site Assessments: Phase I Environmental Site Assessment Process (2013) and Environmental Protection Agency Standards and Practices for All Appropriate Inquiries (AAI), Final Rule. FNI will provide the CITY with a Phase 1 ESA Report characterizing environmental conditions in the project area by evaluating factors such as land use, site history, obvious indicators of environmental contamination, and the presence of adjacent or nearby properties that could pose environmental concerns. Reconnaissance for the Phase 1 Site Assessment will be conducted concurrently with Task 2 above. This task includes a detailed records search and database report.

1.4.7. Consult with Texas Historical Commission (THC).
In accordance with the Antiquities Code of Texas and NWP General Condition 20 (Historic Properties), a letter outlining the details of the proposed project will be sent to the THC requesting their review. Any additional services required by the THC will be an additional cost.

1.4.8. Project Coordination and Meetings.
FNI will coordinate with the Project Team (CITY and FNI) to provide environmental input into the design of the project. FNI will attend up to five (5) coordination meetings with the CITY, the Design Engineer, and/or the public to discuss the draft PCN, CE document, comments, and the USACE or TxDOT permitting process.

1.4.9. Prepare the CE Document (if required by TxDOT)
Based on previous TxDOT project experience, FNI assumes a (c) list CE in TxDOT's current resource report format will be required for improvements at the intersection of County Line Road and Horizon Road. The preparation of any other level environmental document is not included in this scope of services. FNI will submit the CE for review by TxDOT Fort Worth District. Upon receipt of comments, FNI will make any required revisions. Documents that may be required for preparation of the CE include:

- Scoping Document, Risk Assessment, and Environmental Information Document
- Archeological Project Coordination Request and Historical Project Coordination Request (A historical and/or archeological survey will not be performed under this scope of services)
- Hazardous Materials Initial Site Assessment
- Biological Evaluation Form and Natural Resource Technical Report
- Water Resources Technical Report
- Community Impacts Analysis and Socioeconomics Technical Report
- Noise Modeling and Report
- Indirect and Cumulative Impact Technical Report

FNI will prepare the CE documents using information gathered as part of Tasks 1.4.1-1.4.8 above, as well as other data as required. FNI assumes that an Air Quality Technical Report will not be required. FNI will prepare the required Environmental Permits, Issues and Commitments Form. The CITY will provide electronic copies of any available information concerning the proposed project including agency correspondence.

1.5 Traffic Counts
FNI will collect peak hour turning movement counts at critical intersections and 24-hour bi-directional traffic volumes at strategic locations along County Line Road.

2. Right-of-Way / Easement Instruments of Conveyance

2.1 Prepare ROW instruments (narrative and graphic exhibits of ROW takes) and setting new property corners (for new ROW only) in the field.
2.1.1 Up to six (6) parcels

2.2 Prepare easement instruments (narrative and graphic exhibits of easements required for drainage. City utilities, temporary construction, etc.)
2.2.1 Up to two (6) parcels

2.3 Individual parcel exhibits shall be on 8.5" x 11" paper and pdf copy shall be sealed, dated, and signed by a Registered Professional Land Surveyor and shall contain the following:
2.3.1 Parcel number
2.3.2 Area required
2.3.3 Area remaining
2.3.4 Legal description
2.3.5 Current owner
2.3.6 Any existing platted easements or easements filed by separate instrument including easements provided by utility companies.
2.3.7 All physical features
2.3.8 Metes and bounds description of parcel to be acquired. The description shall be provided on a separate sheet from the exhibit. Each type of easement shall be described separately.

2.4 Upon written notification by the City of acceptance of the ROW exhibits and instruments, and as directed by the City, the surveyor shall set all corners and points of curvature for the proposed ROW and submit final sealed plans and exhibits, including location of the control points and their NAD-83 reference.

2.5 FNI will provide the information listed in Section 2 to the City and/or their selected ROW and easement acquisition agent. This task will include the following:
2.5.1 Transmittal of survey and existing property information.

3. Utility Spot Adjustments

3.4.1 60% Plan Adjustments: Water
- Incorporate the conceptual design submittal review comments and prepare plan sheets
- Prepare Preliminary Opinion of Probable Construction Cost

3.4.2 60% Plan Adjustments: Sewer
- Incorporate the conceptual design submittal review comments and prepare plan sheets
- Prepare Preliminary Opinion of Probable Construction Cost

3.5.1 90% Plan Adjustments: Water
- Incorporate the 60% design submittal review comments
- Prepare all water lateral profiles
- Prepare water details to clarify intent of design. Compile applicable City Standard details.
- Modify standard details as needed.
- Update the Opinion of Probable Construction Cost

3.5.2 90% Plan Adjustments: Sewer
- Incorporate the 60% design submittal review comments
- Prepare all sanitary sewer lateral profiles
- Prepare sanitary sewer details to clarify intent of design. Compile applicable City Standards details.
- Modify standard details as needed.
- Update the Opinion of Probable Construction Cost

3.6.1 Prepare Final Plan sheets for Water and Sewer adjustments
- Incorporate the 90% design submittal review comments
- Update the Opinion of Probable Construction Cost

Additional Services

Services not specifically identified in the Scope of Services above shall be considered additional and shall be performed on an individual basis upon authorization by the City of Rockwall. Such services shall include, but are not limited to, the following:

1. Construction staking
2. Design of any offsite drainage improvements beyond the improvements identified in the scope.
3. Design of specialized inlets, or gabion mattress erosion control systems.
4. Preparation for and attendance at additional public meetings.
5. Furnish additional copies of review documents and/or bid documents in excess of the number of the same identified above.
6. Assist the City as an expert witness in litigation in connection with the project or in hearings before approving and regulatory agencies.
7. Redesign to reflect project scope changes requested by the City.

8. Additional easement / ROW documents, encroachment agreement documents, re-platting of any tracts for easement addition.
9. Revisions to the Schematic Color Rendering to reflect design modifications at the Preliminary Design, Final Design, and Construction Phases.
10. Full traffic control plan design.
11. Traffic signal timing modifications.
12. Coordination with FEMA or any other regulatory agencies will be additional services.
13. CLOMR and LOMR submittals will be additional services.
14. Additional drainage reporting or modelling of the creeks will be additional services.

- End of Scope of Services

EXHIBIT B - Rate Schedule

Compensation to FNI for the Basic Services described in Exhibit A shall be the lump sum of Four Hundred Three Thousand Nine Hundred Forty Nine Dollars ($403,949). Compensation to FNI for Special Services in Exhibit A shall be computed on the basis of the Schedule of Charges, but shall not exceed One Hundred Seventy Six Thousand Four Hundred Ninety One Dollars ($176,491). The Special Services fee is comprised of Utility & ROW Information Gathering & Design Survey $74,347, Geotechnical Services $15,480, Environmental Services $58,219, and Utilities $28,445 If FNI sees the Scope of Services changing so that Additional Services are needed, including but not limited to those services described as Additional Services in Exhibit A, FNI will notify OWNER for OWNER's approval before proceeding. Additional Services shall be computed based on the Schedule of Charges.

Schedule of Charges:

Position	Min	Max
Professional - 1	68	116
Professional - 2	88	148
Professional - 3	94	181
Professional - 4	138	221
Professional - 5	175	243
Professional - 6	166	442
Construction Manager - 1	86	198
Construction Manager - 2	104	150
Construction Manager - 3	129	161
Construction Manager - 4	162	220
CAD Technician/Designer - 1	57	99
CAD Technician/Designer - 2	90	129
CAD Technician/Designer - 3	116	166
Corporate Project Support - 1	42	96
Corporate Project Support - 2	70	173
Corporate Project Support - 3	76	335
Intern/ Coop	35	64

Rates for In-House Services

Travel

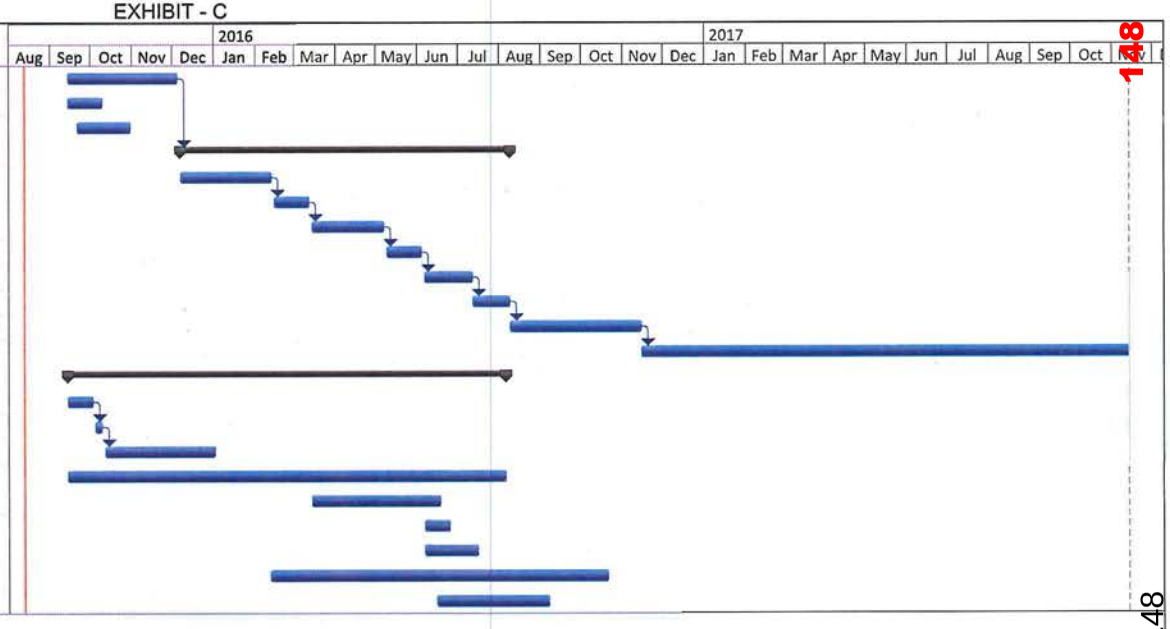
Standard IRS Rates

Bulk Printing and Reproduction

Black and White	$0.10 per copy
Color	$0.25 per copy
Plot - Bond	$2.50 per plot
Plot - Color	$5.75 per plot
Plot - Other	$5.00 per plot
Binding	$0.25 per binding

OTHER DIRECT EXPENSES:

Other direct expenses are reimbursed at actual cost times a multiplier of 1.10. They include outside printing and reproduction expense, communication expense, travel, transportation and subsistence away from the FNI office and other miscellaneous expenses directly related to the work, including costs of laboratory analysis, test, and other work required to be done by independent persons other than staff members. For Resident Representative services performed by non-FNI employees and CAD services performed In-house by non-FNI employees where FNI provides workspace and equipment to perform such services, these services will be billed at cost times a multiplier of 2.0. This markup approximates the cost to FNI if an FNI employee was performing the same or similar services.



These ranges and rates will be adjusted annually in February.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Rick Crowley, City Manager**

FROM: **Timothy M. Tumulty, Director of Public Works/City Engineer**

DATE: **August 25, 2015**

SUBJECT: **Throckmorton Street Reconstruction Project**

Throckmorton Street is currently an existing two lane asphalt roadway from East Boydstun Avenue to East Bourn Street. This section of roadway is approximately 900 linear feet in length and lies within the Sanger subdivision. Throckmorton Street is one of four Roadway Capital Improvement Projects passed in the 2012 Bond Election. Throckmorton Street will be reconstructed to a two lane (29' back of curb to back of curb) concrete curb and gutter roadway with a 5-foot concrete sidewalk on each side. These improvements will be placed within the existing 50' right of way. Additional improvements for the project will include improved storm sewer capacity along with the replacement of the existing sanitary sewer and water lines.

Staff requested a proposal from Cobb, Fendley & Associates, Inc. to provide the engineering design and specifications for this project. The preliminary cost estimate to reconstruct Throckmorton Street is $936,960 with an engineering fee of $187,695.00. Funding will be provided by the sale of bonds approved by the voters in the 2012 Bond Election. Staff recommends City Council consideration to approve a professional services contract for Cobb, Fendley & Associates, Inc. to perform the engineering design services and specifications for the Throckmorton Street Reconstruction Project from East Boydstun Avenue to East Bourn Street in an amount not to exceed $187,695.00.

If you have any questions, please advise.

STATE OF TEXAS ♦
♦
COUNTY OF ROCKWALL ♦

PROFESSIONAL ENGINEERING SERVICES CONTRACT

This Agreement is made and entered into in Rockwall County, Texas, between City of Rockwall, Texas ("CITY"), a municipal corporation and political subdivision of the State of Texas, acting by and through its City Manager and Cobb, Fendley & Associates, Inc. ("ENGINEER"), located at 6801 Gaylord Parkway Suite 302, Frisco, Texas, Engineers duly licensed and practicing under the laws of the State of Texas.

WHEREAS, CITY desires to engage Engineer as an independent contractor to render certain technical and professional services necessary for performing:

PROFESSIONAL ENGINEERING SERVICES for Throckmorton Street Reconstruction Project (Boydstun Avenue to Bourn Street)

NOW, THEREFORE, for and in consideration of the mutual covenants and agreements contained herein, the Parties hereby agree as follows:

1. Scope of Work

Engineer agrees to perform professional engineering services as specifically defined in this Contract as Attachment "A" and as authorized by CITY. Specifically, Engineer shall perform Professional services as requested by CITY and detailed in Attachment "A".

The Parties by mutual agreement through contract amendments may provide for additional technical and professional services to be performed under the basic general terms and conditions of this Contract. CITY reserves the right to enter into another agreement with other engineering firms to provide the same or similar professional services during the term of this Contract for different projects.

2. Compensation & Term of Agreement

Cost for such services will be an amount not to exceed One Hundred Eighty-Seven Thousand, Six Hundred Ninety-Five dollars ($187,695.00) and billed as a lump sum basis for Basic Services and on a reimbursable basis for Special Services as provided in Attachment "B". Engineer is not authorized to perform any work beyond the limited not to exceed amount without authorized written approval by CITY.

The term of this Agreement shall commence upon execution of this agreement and follow the schedule described in Attachment "D". In the event of termination, Engineer will assist the CITY in arranging a smooth transition process. However, Engineer's obligation to provide services to the CITY will cease upon the effective date of termination, unless otherwise agreed in writing.

3. Method of Payment

CITY shall pay Engineer its fees based on the presentation by Engineer to CITY of a correct monthly statement for all the amounts earned under the Contract together with reasonable supporting documentation verifying the accuracy of the fees and expenses. CITY shall then pay Engineer its fee within thirty (30) days after presentation of the accurate monthly statement by Engineer to CITY. CITY is a State sales and use tax exempt political subdivision of the State of Texas. All records supporting payment shall be kept in the offices of Engineer for a period of not less than three (3) years and shall be made available to CITY for inspection, audit or copying upon reasonable request.

4. Engineer's Standard of Care

Engineer shall provide its services under this Contract with the same degree of care, skill and diligence as is ordinarily provided by a professional Engineer under similar circumstances for a similar project. Engineer represents that it has the capability, experience, available personnel, and means required to perform the services contemplated by this Contract. Services will be performed using personnel and equipment qualified and/or suitable to perform the work requested by the CITY. CITY retains the right to report to Engineer any unsatisfactory performance of Engineer personnel for appropriate corrective action. Engineer shall comply with applicable federal, state, and local laws in connection with any work performed hereunder.

Engineer will seek written CITY approval to accept any contract or perform any services for any person, entity, or business that has an agreement or is in negotiations of an agreement with CITY. CITY may waive this conflict, but such waiver is at CITY's sole discretion and its decision shall be final.

5. Ownership of Documents

As part of the total compensation which CITY has agreed to pay Engineer for the professional services to be rendered under this Contract, Engineer agrees that hard copies of all finished and unfinished documents, data, studies, surveys, drawings, specifications, field notes, maps, models, photographs, preliminary reports, reports, bid packet/construction contract documents/advertisement for bids incorporating any CITY standard provisions provided by Engineer, will remain the property of the CITY. Engineer will furnish CITY with paper and electronic copies, to the extent they are available, of all of the foregoing to facilitate coordination, however, ownership of the underlying work product shall remain the intellectual property of the Engineer. Engineer shall have the right to use such work products for Engineer's purposes. However,

such documents are not intended to be suitable for reuse by CITY or others on extension of the Project or on any other project. Any reuse without the express written consent of the Engineer will be at reuser's sole risk and without liability or legal exposure to the Engineer, and CITY to the extent allowed by law, shall hold harmless the Engineer from all claims, damages, losses, expenses, and costs, including attorneys' fees arising out of or resulting from the reuse of said documents without the Engineer's consent. The granting of such consent will entitle the Engineer to further compensation at rates to be agreed upon by CITY and the Engineer. The above notwithstanding, Engineer shall retain all rights in its standard drawing details, designs, specifications, databases, computer software and any other proprietary and intellectual property information provided pursuant to this Contract, whether or not such proprietary information was modified during the course of providing the services.

6. Insurance

A. Engineer agrees to maintain Worker's Compensation and Employer's Liability Insurance to cover all of its own personnel engaged in performing services for CITY under this Contract in at least the following amounts:

Workmen's Compensation – Statutory
Employer's Liability – $100,000
Bodily Injury by Disease - $500,000 (policy limits)
Bodily Injury by Disease - $100,000 (each employee)

B. Engineer also agrees to maintain Commercial General Liability, Business Automobile Liability, and Umbrella Liability Insurance covering claims against Engineer for damages resulting from bodily injury, death or property damages from accidents arising in the course of work performed under this Contract in not less than the following amounts:

$2,000,000 General aggregate limit

$1,000,000 each occurrence sub-limit for all bodily injury or property damage incurred all in one occurrence

$1,000,000 each occurrence sub-limit for Personal Injury and Advertising

C. Engineer shall add CITY, its City Council members and employees, as an additional insureds on all required insurance policies, except worker's compensation, employer's liability and errors and omissions insurance. The Commercial General Liability Policy and Umbrella Liability Policy shall be of an "occurrence" type policy.

D. Engineer shall furnish CITY with an Insurance Certificate on the date this Contract is executed and accepted by CITY, which confirms that all above required insurance policies are in full

force and effect.

E. Engineer agrees to maintain errors and omissions professional liability insurance in the amount of not less than one million dollars ($1,000,000) annual aggregate, on a claims made basis, as long as reasonably available under standard policies.

7. **INDEMNIFICATION**

ENGINEER SHALL INDEMNIFY AND SAVE HARMLESS THE CITY AND ITS CITY COUNCIL MEMBERS AND EMPLOYEES FROM SUITS, ACTIONS, LOSSES, DAMAGES, CLAIMS, OR LIABILITY, INCLUDING WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, ALL EXPENSES OF LITIGATION, COURT COSTS, AND REASONABLE ATTORNEY'S FEES FOR INJURY OR DEATH TO ANY PERSON, OR INJURY TO ANY PROPERTY, RECEIVED OR SUSTAINED BY ANY PERSON OR PERSONS OR PROPERTY, TO THE EXTENT CAUSED BY THE NEGLIGENT ACTS OF ENGINEER OR ITS AGENTS OR EMPLOYEES, IN THE EXECUTION OF PERFORMANCE OF THIS CONTRACT.

ENGINEER'S TOTAL LIABILITY TO CITY FOR ANY LOSS OR DAMAGES FROM CLAIMS ARISING OUT OF, OR IN CONNECTION WITH, THIS CONTRACT FROM CAUSES INCLUDING ENGINEER'S STRICT LIABILITY, BREACH OF CONTRACT, OR PROFESSIONAL NEGLIGENCE, ERRORS AND OMISSIONS SHALL NOT EXCEED ONE MILLION DOLLARS ($1,000,000). NEITHER PARTY TO THIS AGREEMENT SHALL BE LIABLE TO THE OTHER PARTY OR ANY THIRD PARTY CLAIMING THROUGH THE OTHER RESPECTIVE PARTY, FOR ANY SPECIAL, INCIDENTAL, INDIRECT, PUNITIVE, LIQUIDATED, DELAY OR CONSEQUENTIAL DAMAGES OF ANY KIND INCLUDING BUT NOT LIMITED TO LOST PROFITS OR USE OF PROPERTY, FACILITIES OR RESOURCES, THAT MAY RESULT FROM THIS AGREEMENT, OR OUT OF ANY GOODS OR SERVICES FURNISHED HEREUNDER.

8. Addresses for Notices and Communications

CITY
Tim Tumulty, City Engineer
City of Rockwall
385 S. Goliad Street
Rockwall, Texas 75087

ENGINEER
Cobb, Fendley & Associates, Inc.
6801 Gaylord Parkway Suite 302
Frisco TX 75034

All notices and communications under this Contract shall be mailed or delivered to **CITY** and **Engineer** at the above addresses.

9. Successors and Assigns

CITY and Engineer each binds itself and its successors, executors, administrators and assigns to the other parties of this Contract and to the successors, executors, administrators and assigns of such other parties, in respect to all covenants of this Contract. Except as noted in the first part of this Paragraph, neither CITY nor Engineer shall assign, sublet or transfer its interest in this Contract without the written consent of the other. Nothing herein shall be construed as creating any personal liability on the part of any officer, council member, employee or agent of any public body which is a party hereto.

10. Termination for Convenience of the Parties

Engineer and CITY may terminate this Contract for their convenience at any time by giving at least thirty (30) days notice in writing to each other. If the Contract is terminated by CITY and/or Engineer as provided herein, Engineer will be paid for the Work provided and expenses incurred up to the termination date, if such final compensation is approved by CITY, in its sole discretion. If this Contract is terminated due to the fault of Engineer, Paragraph 10 hereof, relative to Termination for Cause, shall apply.

11. Changes

CITY may, from time to time, request changes in the Scope of Work of **Engineer** to be performed hereunder. Such changes, including any increase or decrease in the amount of **Engineer's** compensation, or time for performance, which are mutually agreed upon by and between **CITY** and **Engineer**, shall be incorporated in written amendments to this Contract. Any subsequent contract amendments shall be executed by the City Manager or other authorized representative as designated by the City Manager or City Council.

Any alterations, additions or deletions to the terms of this Contract, including the scope of work, shall be by amendment **in writing** executed by both CITY and Contractor.

13. Reports and Information

Engineer, at such times and in such forms as **CITY** may reasonably require, and as specified in the Scope of Work or in additional Contract Amendments shall furnish **CITY** periodic reports pertaining to the Work or services undertaken pursuant to this Contract, the cost and obligations incurred, or to be incurred in connection therewith, and any other matter covered by this Contract.

14. Entire Agreement

This Contract and its Exhibits, Attachments and any future Contract Amendments constitute the entire agreement, and supersede all prior agreements and understandings between the parties concerning the subject matter of this Contract.

15. Waiver

The failure on the part of either party herein at any time to require the performance by the other party, of any portion of this Contract, shall not be deemed a waiver of, or in any way affect that party's rights to enforce such provision, or any other provision. Any waiver by any party herein of any provision hereof, shall not be taken or held to be a waiver of any other provision hereof, or any other breach hereof.

16. Severability

The invalidity or unenforceability of any provision of this Contract shall not affect the validity or enforceability of any other provision of this Contract.

17. Survival

Any and all representations, conditions and warranties made by Engineer under this Contract are of the essence of this Contract and shall survive the execution, delivery and termination of it.

18. Governing Powers and Law

Both Parties agree and understand that the City does not waive or surrender any of its governmental powers by execution of this Agreement. To that end, the parties further understand that this agreement shall not be considered a contract for goods or services under Texas Local Government Code, Section 271.151 and Contractor waives any right or entitlement granted said provisions. This Contract is governed by the laws of the State of Texas and all obligations of the parties under this Contract are performable in Rockwall County, Texas.

19. Attorney's Fees

If it is necessary for either Party herein to file a cause of action at law or in equity against the other Party due to: (a) a breach of this Contract by the other Party and/or (b) any intentional and/or negligent act or omission by the other Party arising out of this Contract, the non-breaching or non-negligent Party shall be entitled to reasonable attorney's fees and costs, and any necessary disbursements, in addition to any other relief to which it is legally entitled.

20. State or Federal Laws

This Contract is subject to all applicable federal and state laws, statutes, codes, and any applicable permits, ordinances, rules, orders and regulations of any local, state or federal government authority having or asserting jurisdiction, but nothing contained herein shall be construed as a waiver of any right to question or contest any such law, ordinance, order, rule or regulation in any forum having jurisdiction.

City Manager

Attachment "A"
Throckmorton Street Reconstruction Project (Boydstun Avenue to Bourn Street)
For
City of Rockwall

Scope of Services

Project Understanding

The City of Rockwall (City) wishes to reconstruct Throckmorton Street, an existing two lane asphalt roadway, from Boydstun Avenue to Bourn Street, approximately 900 feet in length. The roadway lies within the Sanger subdivision of the City of Rockwall. Reconstruction will be two lane undivided: one vehicle lane (29' B-B) in each direction, concrete curb and gutter, with a 5-foot concrete sidewalk on each side. These improvements will be within the existing 50' Right of Way (ROW); however, the contract will include a provision for 2 parcel takes or easements in the event that they are required.

Additional design will include storm sewer, sanitary sewer and water improvements. The existing storm sewer will be analyzed using current City drainage criteria and improvements will be designed where the existing system is inadequate. Sanitary sewer will be evaluated for capacity and for physical condition, and will be replaced or augmented based upon the capacity and condition analysis. Water lines will be replaced under the parkway when possible.

Other design components utility coordination, TDLR compliance with ADA, traffic control plans, and retaining walls along Throckmorton Street.

CobbFendley will provide plans, specifications, and estimates for the project and will support the City of Rockwall's bidding and construction phase services.

BASIC SERVICES

1. Schematic Conceptual Design (30%)

1.1. Project Management

1.1.1. Develop project communication plan

- Develop project stakeholder contact list
- Conduct progress meetings to monitor the development of the project. During this phase of the project, conduct up to three (3) meetings with the City staff regarding project status and coordination issues. The first meeting will be the project kick-off meeting, and the second meeting will be the conceptual design presentation and review.
- Conduct Site Investigation
- Initiate Geotechnical Investigation

1.1.2. Develop project schedule and interim milestones (coordinate with City staff at the project kick-off meeting)

1.2. Conceptual Plan and Graphics

1.2.1. Schematic Color Rendering of proposed Throckmorton Cross Section and Plan

- Provide up to two (2) alternatives for proposed cross-section and plan of roadway
- Provide up to two (2) alternatives for proposed utility locations (water, wastewater and drainage)
- Provide two (2) full size copies of the concept plans.

1.3. Property Owners Meeting

1.3.1. Present City approved Roadway and Cross-section alternatives

1.3.2. Collect and incorporate property owners' comments into 60% submittal.

2. Construction Documents – Preliminary Design (60%)

2.1. Project Management

2.1.1. Update project communication plan

- Update project contact list
- Conduct progress meetings to monitor the development of the project regarding project status and coordination issues
    - City staff to discuss crosswalks, and pedestrian improvements at Boydstun Avenue, Ross Street, and Bourn Street intersection with Throckmorton Street
    - Coordinate with subconsultants
    - Coordinate with other utilities, (electric power, cable TV, phone, gas, fiber optic, etc.)
    - Prepare and e-mail monthly progress reports to the project team (City of Rockwall and CobbFendley staff)

2.1.2. Update project schedule

2.1.3. Develop project production plan

- Document design criteria

2.1.4. Project Administration

- Prepare project correspondence and invoicing documents

2.2. Roadway Design

2.2.1. Prepare preliminary roadway alignment upon approval of the conceptual plan

- Prepare typical sections
    - Existing and proposed
    - Preliminary subgrade and pavement design
- Prepare preliminary plan and profiles items to be included:
- Preliminary Plan:
    - Control data
    - Existing/Proposed ROW
    - Existing topography
    - Existing pavement
    - Proposed centerline alignment and horizontal curve data
    - Proposed transition pavement tie-ins to existing pavement
    - Proposed drainage structures
    - Proposed retaining walls
    - Existing trees to remain
    - Existing trees to be removed
    - Existing driveway locations
    - Existing storm drain locations
    - Existing water line locations
    - Existing waste water line locations
    - Existing franchise utility locations
- Preliminary Profile:
    - Existing Ground Profile and Preliminary Vertical Alignment
- Preliminary Details
    - Retaining Walls
    - Paving
    - Drainage

2.3. Drainage

2.3.1. Compile the hydrological and hydraulic data

- Create Drainage Area Maps
- Create Drainage Calculation Sheets

2.3.2. Identify the need for additional drainage easements to accommodate the proposed offsite drainage improvements (if required)

2.4. Utilities

2.4.1. Public

- Establish the location of existing public utilities based upon information provided by the City, SUE and field survey information

2.4.2. Franchise Utility Coordination

- Identify franchise utility contacts
- Send one set of plans to each franchise utility for their review. Request each franchise utility to mark up the plans to show the size, type and location of their utilities.
- Notify the City if any relocations are required
- CobbFendley shall perform the coordination with the franchise utilities if any relocations are required

2.5. Structural

2.5.1. Preliminary structural design for the associated improvements, as listed below.

- Structural design and layout of retaining wall
- Structural design and layout for Junction Boxes

2.6. Traffic

2.6.1. Pavement Marking and Signing Plans

- Prepare preliminary crosswalk pavement marking and signing layouts in accordance with City design standards and the Texas Manual on Uniform Traffic Control Devices (TMUTCD).
- Determine potential conflicts with existing signs and propose sign relocations

2.7. Prepare a preliminary opinion of probable construction cost for the entire project, including alternative design options, using recent average unit bid process which are representative of similar types of construction in the local area

2.8. Preliminary design submittal (60% design level)

2.8.1. Provide two (2) full size hard copies and an electronic submittal to the City for review and comment

2.8.2. Submittal shall be provided with plan/profile sheets (as noted) 24”x36” plan sheets at a scale of 1”=20’ horizontal, and 1”=5’ vertical) and will include the following:

- Cover Sheet
- General Notes Sheet
- Summary of Quantities
- Horizontal and Vertical Layout Sheet
- Typical Sections
- Demolition Sheets
- Roadway Plan/Profiles
- Drainage Area Map
- Drainage Calculations
- Drainage Plan/Profile
- Water & Sanitary Sewer Plan
- Traffic control plan narrative
- Structural (Retaining Wall) Layout sheets
- Structural (Retaining Wall) Details

- Roadway Cross Sections
- Details
- Preliminary opinion of probable construction cost

2.9. Project site visits (up to three (3) trips)

3. Construction Documents – Pre-Final Design (90%)

3.1. Project Management

3.1.1. Project Communication

- Conduct progress meetings to monitor the development of the project. During this phase of the project, conduct up to : Up to three (3) project meetings with the City staff
- Prepare and e-mail monthly progress reports to the project team

3.1.2. Update project schedule

3.2. Roadway

3.2.1. Incorporate the preliminary design submittal review comments

3.2.2. Prepare plan / profile sheets (24"x36" plan sheets at a scale of 1"=20' horizontal, and 1"=5' Vertical).

3.2.3. Analyze all driveways within the project and develop driveway adjustment and crosswalk profiles as needed. Typically driveways will be defined vertically by profiles.

3.2.4. Develop design cross-sections

- Develop on 25-ft station intervals and at driveway centerlines
- Show pavement and subgrade, right-of-way limits, sides slopes, pavement cross slopes, curbs, and retaining walls (if applicable)
- Cross-sections will be provided in the bid documents

3.2.5. Prepare roadway details to clarify intent of design

3.2.6. Modify standard details as needed and include

3.3. Drainage

3.3.1. Incorporate the preliminary design submittal review comments.

3.3.2. Perform final storm sewer sizing and alignment design. Prepare final inlet design sheets and hydraulic design sheets for inclusion in the plans.

3.3.3. Prepare storm sewer plan/profile sheets depicting storm sewer lines, inlets, junction boxes, connections, manholes, stubouts, utility crossings and the hydraulic grade lines.

3.3.4. Prepare profiles for the proposed storm drain laterals (if needed).

3.3.5. Prepare drainage details to clarify intent of design. Compile applicable City standard details. Modify standard details as needed.

3.3.6. Prepare erosion control plan.

3.4. Utilities

3.4.1. Water

- Incorporate the preliminary design submittal review comments.
- Prepare all water lateral profiles (if required).
- Check coverage of Fire Hydrants to meet City Standard.
- Prepare water details to clarify intent of design. Compile applicable City Standard details.
- Modify standard details as needed.

3.4.2. Wastewater

- Incorporate the preliminary design submittal review comments.
- Prepare all wastewater lateral profiles.
- Prepare wastewater details to clarify intent of design. Compile applicable City Standard details.
- Modify standard details as needed.

3.4.3. Utility Coordination

- Submit one set of final design plans and the project schedule to each affected utility for their review and comment to include the normal power, cable TV, gas, and phone utilities.
- The City shall perform the coordination with the franchise utilities if any relocations are required.

3.4.4. Traffic Control Plans

- Develop construction sequence plan showing:
  - Construction area for each phase of construction and closure of existing travel lanes (if needed).
  - Temporary signing and striping, barricades, and other channelization devices Narrative of the sequence of work.
  - Storm sewer construction phasing.
  - Public utilities relocation phasing.
  - Pedestrian routing during construction.
- Develop typical cross section showing lane widths, edge conditions, channelization and proposed construction area.
- Develop typical driveway staging plans for similar driveways. Develop custom driveway staging layouts for special conditions.
- Prepare traffic control details to clarify intent of design.

3.4.5. Pavement Marking and Signing Plans

- Prepare crosswalk pavement marking and signing layouts in accordance with City design standards and the Texas Manual on Uniform Traffic Control Devices (TMUTCD).
- Prepare details to clarify intent design
- Compile applicable City standard details. Modify standard details as needed.
- Determine potential conflicts with existing signs and finalize relocations.

3.5. Structural Design

3.5.1. Structural design and detailing will be provided for the improvements, as listed below.

- Structural design for retaining walls along Throckmorton Street.

3.6. Prepare general notes, specification data, and final Bid Book in accordance with City of Rockwall requirements. Identify and prepare special specifications and/or special provisions applicable to the project. Prepare Bid-Tab sheets of applicable items for Contractor to fill/present bid prices.

3.7. Update the overall opinion of probable construction cost.

3.8. Prepare a construction duration estimate using anticipated production rates applicable to the local area.

3.9. Final design submittal (90%).

3.9.1. Submit two (2) full size hard copies to the City for review and comment

3.9.2. Submittal shall include the following:

- Final design plans
- Contract documents, including the following:
  - City of Rockwall standard construction contract forms
  - Notice to bidders
  - Special instructions to bidders
  - Bid form (Bid-Tab)
  - Standard construction contract
  - Performance bond
  - Payment bond
  - Maintenance bond
  - Certificate of insurance

- General conditions
- Special provisions
- Technical specifications
- Opinion of probable construction cost

3.9.3. Conduct one (1) neighborhood meeting to present the project and answer community questions.

3.10. Accessibility Review

3.10.1. Prepare a completed application for submittal to the Texas Department of Licensing and Regulation for review in accordance with the Elimination of Architectural Barriers Act

3.10.2. While we do not anticipate accessibility revisions to be required, we will address minor revisions to the plans based on review comments from the RAS.

4. Final Engineering

4.1. Incorporate the final design submittal review comments

4.2. Prepare the final opinion of probable construction cost

4.3. Final design submittal (100%)

4.3.1. Submit two (2) full-size and five (5) half-size sets and one (1) electronic set of plans and Contract Documents and Proposal Documents to the City.

4.3.2. Submit the final opinion of probable construction cost to City.

4.3.3. Submit a letter of notification to the City stating completion of the design of the project.

5. Bidding Phase Services

5.1. Furnishing additional copies of bidding documents in excess of the number of the same identified above will be considered as Additional Services.

5.2. City will be responsible for advertising the project; plans and specifications will be made available at CobbFendley's office; post the project to CivCast.

5.3. Service to be provided:

5.3.1. Furnish the City one (1) full size hard copy and one (1) electronic set of plans and specifications.

5.3.2. Respond to contractor questions and provide design clarifications

5.3.3. Attend the pre-bid conference

5.3.4. Assist the City of Rockwall with production of Addenda items and design changes

5.3.5. Tabulate Bids

5.3.6. Check references and other qualification information for the low bidder and write a letter of recommendation concerning award of the contract.

6. Construction Phase Services

6.1. Construction Phase Services

6.1.1. Coordinate with City on needs during the construction phase. The services available are listed below, and may be provided upon the request of the City of Rockwall.

6.2. *Pre-Construction Meeting*, Prepare for and attend the Pre-Construction Meeting prior to commencement of Work at the Site.

6.3. *Visits to Site and Observation of Construction*. If required by City, provide on-site construction observation services to clarify design concepts or assist with solutions needed to overcome obstacles in construction or to study and evaluate possible practical alternative solutions. Makes visits to the Site at intervals as directed by City in order to observe the progress of the Work. Such visits and observations by CobbFendley are not intended to be exhaustive or to extend to every aspect of Contractor's work in progress. Observations are to be limited to spot checking, selective measurement, and similar methods of general observation of the Work based on CobbFendley's exercise of professional judgment. Based on information obtained during such visits and such observations, CobbFendley will determine if Contractor's work is generally

proceeding in accordance with the Contract Documents, and CobbFendley shall keep City informed of the general progress of the Work.

6.3.1. The purpose of CobbFendley's visit to the site will be to enable CobbFendley to better carry out the duties and responsibilities assigned in this Agreement to CobbFendley during the construction phase by City, and, in addition, by the exercise of CobbFendley efforts, to provide City a greater degree of confidence that the completed Work will conform in general to the Contract Documents and that the integrity of the design concept of the completed Project as a functioning whole as in CobbFendley indicated in the Contract documents has been implemented and preserved by Contractor. CobbFendley shall not, during such visits or as a result of such observation of Contractor's work in progress, supervise, direct, or have control over Contractor's work, nor shall CobbFendley have authority over or responsibility for the means, methods, techniques, equipment choice and usage, sequences, schedules, or procedures of construction selected by Contractor, for safety precautions and programs incident to Contractor's work, nor for any failure of Contractor to comply with laws and regulations applicable to Contractor's furnishing and performing the Work. Accordingly, CobbFendley neither guarantees the performance of any Contractor nor assumes responsibility for any Contractor's failure to furnish and perform its work in accordance with the Contract Documents.

6.4. Clarifications and Interpretations. Issue clarifications and interpretations of the Contract documents to City as appropriate to the orderly completion of contractor's work. Such clarifications and interpretations will be consistent with the intent of the Contract Documents. Field Orders authorizing variations from the requirements of the Contract Documents will be made by City.

6.5. Shop Drawings and Samples. Review and approve or take other appropriate action in respect to Shop Drawings and Samples and other data which Contract is required to Submit, but only for conformance with the information given in the Contract Document and compatibility with the design concept of the completed Project as a functioning whole as indicated in the Contract Documents. Such review and approvals or other action will not extend to means, methods, techniques, equipment choice and usage, sequences, schedules, or procedures of construction or to related safety precautions and programs.

6.6. Substitutes and "or-equal". Evaluate and determine the acceptability of substitute or "or-equal" materials and equipment proposed by Contractor in accordance with the Contract documents, but subject to the provisions of applicable standards of state or local government entities.

6.7. Limitation of Responsibilities. CobbFendley shall not be responsible for the acts or omissions of any Contractor, or of any of their subcontractors, suppliers, or of any other individual or entity performing or furnishing the Work, CobbFendley shall not have the authority or responsibility to stop the work of any Contractor.

6.8. *Final Construction Walk Through*. CobbFendley shall be present at the final construction walk through and develop a final "punch/checklist" for the contractor to use to achieve final project acceptance.

6.9. Record Drawings, Prepare project "Record Drawing" based on information provided by the Contractor, and/or City as to the actual field placement of the work including any changes or deletions. CobbFendley will provide the following deliverables:

6.9.1. Electronic copy of the record drawings shall be submitted on CD/DVD or flash drive in all of the following formats.

- AutoCAD (.dwg) format
- Adobe Portable Document (.pdf) 400 dpi (min) (24"x36")

6.9.2. Electronic copy of geotechnical reports, survey data, photographs, and exhibits used for the project, in .pdf or jpg format.

6.9.3. Electronic copy of project specifications in Microsoft Word (.doc) and PDF format.

6.9.4. Record drawings shall be sealed by the engineer of record in accordance with the Texas Board of Professional Engineers Policy Advisory Opinion Regarding Record Drawings.
6.9.5. All field changes and revisions shall be shown and noted in the revision block.
6.9.6. Revisions shall be drawn using accepted drafting standards and shall be clear and legible.
6.9.7. Line work and notes related to work deleted or changed shall be omitted from the Record Drawing.

SPECIAL SERVICES

1. Subsurface Utility Engineering (S.U.E.)

1.1.1. Provide S.U.E. Services for the purpose of locating horizontal and vertical locations of underground city and franchise utilities, in conjunction with and /or prior to the field survey.

- S.U.E. Level 'B' Services will be provided to determine horizontal location of utilities up to 5000 linear feet.
- S.U.E. Level 'A' Services will be provided as follows:
  - Up to five(5) test holes of 0-5 ft depth will be provided
  - Up to five(5) test holes of 5-10 ft depth will be provided
  - Test holes in addition to those listed above will be provided at the rate per test hole agreed to by the City of Rockwall.

1.1.2. The City shall assist with provisions for access to perform the services specified within this scope. CobbFendley shall provide the City with the name and address of the property owners.

2. Design Survey

2.1 The limits of the survey shall be from the intersection of Throckmorton Street and Boydstun Avenue to the intersection of Throckmorton Street and Bourn Street. The survey shall be from ROW line to ROW line (50 foot ROW) of Throckmorton Street. Survey will include intersecting roadways extending 250 feet along each leg of the major intersections and 100 feet along each leg of the minor intersections.

2.2 Data Collection and Property Research

2.2.1 Gather existing plat information
2.2.2 Collect property owner and record information
2.2.3 Gather existing ROW and easement information, Identify easements available through typical research methodologies (i.e. plats, court house filings, etc.).

2.3 Project Control

2.3.1.1 Horizontal and Vertical control will be tied to the WDS VRS Control Network.
2.3.1.2 Establish horizontal control points at 500' maximum spacing.
2.3.1.3 Establish a vertical control benchmark circuit as needed throughout the project. City to provide established monument information for the area.
2.3.1.4 Grid coordinates will be converted to Surface using the TxDOT Combined Surface Adjustment Factor shown for Rockwall County.
2.3.1.5 Three Secondary Control Points will be set for the project. Secondary Control will be mag nails set in asphalt or crosses cut in concrete.
2.3.1.6 A differential level loop will be run through all Secondary Control Points to verify elevations.
2.3.1.7 Establish temporary benchmark / control on site for construction use.

2.4 Right of Entry

2.4.1.1 Property ownership will be determined for the adjacent properties by obtaining data from the Rockwall County Appraisal District.

2.4.1.2 Right-of-Entry request letters will be prepared. Upon approval by the City of Rockwall the letters will be mailed to the individual property owners.

2.4.1.3 A spreadsheet will be prepared to monitor the status of each right-of-entry request.

2.5 Topographic Survey

2.5.1.1 Perform a field survey to identify and locate existing topographic elements within the roadway corridor including, but not limited to the following:

- Visible evidence of existing pavement, curbs, sidewalks, barrier free ramps, etc.
- Roadway and lane striping
- Driveways
- Visible evidence of existing storm sewer inlets, manholes, junction boxes, headwalls (including culvert sizes and invert elevations, if accessible)
- Outfalls, bridges and erosion control
- Existing driveway culverts and swales
- Guardrail
- Visible evidence of utility manholes, vaults, water valves, water meters, sprinkler heads, telephone poles, power poles, utility markers, other public utilities and franchise utilities
- Traffic Signal poles, cabinets, pull boxes and other signal equipment
- Signs (excluding temporary signs)
- Trees, including species and caliper (for 4" caliper and up)
- Buildings and permanent structures
- Retaining walls
- Fencing/screening walls
- Fence limits and material types (excluding temporary fences)
- Rockwall County Appraisal District Records will be researched to determine the individual property owners of each lot adjacent to the proposed Topo Area. Lot and block numbers, addition name(s), and owner information will be included in AutoCAD drawing.
- Property corner monumentation sufficient to define the R.O.W. lines
- Perform cross-sections throughout project limits at 25-foot intervals and at grade breaks
- Prepare cross-section field notes
- Other applicable physical features that could impact design

2.5.1.2 Prepare a final topographic drawing in digital format (including one-foot contours and breaklines) showing the features located in the field, an ASCII coordinate file of the points located in the field, and a hard copy of the coordinates and feature descriptions.

2.5.1.3 CobbFendley will perform a site visit for the purpose of reviewing the provided survey in the field and making notes for additional survey needs and design considerations.

2.6 Exclusions: The following items are excluded from the Design Survey scope of services:

2.6.1.1 The resolution of any boundary conflicts observed during the course of the survey.

2.6.1.2 The location of test holes performed during S.U.E. operations other than as described in Section 1 above.

2.6.1.3 Performing a title search or abstracting any properties or easements.

2.6.1.4 Full construction staking services.

3. Right-of-Way / Easement Instruments of Conveyance

3.1 Prepare ROW instruments (narrative and graphic exhibits of ROW takes) and setting new property corners (for new ROW only) in the field

3.1.1 Up to two (2) parcels

3.2 Prepare easement instruments (narrative and graphic exhibits of easements required for drainage, City utilities, temporary construction, etc.)

3.2.1 Up to two (2) parcels

3.3 Individual parcel exhibits shall be on 8"x11" paper and PDF copy shall be sealed, dated, and signed by a Registered Professional Land Surveyor and shall contain the following:

3.3.1 Parcel number
3.3.2 Area required
3.3.3 Area remaining
3.3.4 Legal description
3.3.5 Current owner
3.3.6 Any existing platted easements or easements filed by separate instrument including easements provided by utility companies
3.3.7 All physical features
3.3.8 Metes and bounds description of parcel to be acquired. The description shall be provided on a separate sheet from the exhibit. Each type of easement shall be described separately.

3.4 Upon written notification by the City of acceptance of the ROW exhibits and instruments, and as directed by the City, the surveyor shall set all corners and points of curvature for the proposed ROW and submit final sealed plans and exhibits, including location of the control points and their NAD-83 reference

3.5 The City shall be responsible for the coordination of all ROW and easement acquisitions. CobbFendley will provide the information listed above to the City and/or their selected ROW and easement acquisition agent. This task will include the following:

3.5.1 Transmittal of survey and existing property information.

4. Geotechnical

4.1. Subsurface Exploration

4.1.1. Eight (8) borings are planned for this project. The borings and report will be through a subconsultant.

The locations are as follows:

- Three (3) borings will be performed across the width of Throckmorton Street near the intersection with Boydstun Avenue.
- Three (3) borings will be performed across the width of Throckmorton Street near the intersection with Bourn Street.
- Two (2) borings will be located outside the edge of pavement to determine soil properties used for retaining wall design.

4.1.2. Boring Services – Proposed retaining walls will be sampled to 25 feet. Pavement borings will be sampled to 15 feet. A total of 140 feet for drilling is planned.

- Check samples for consistency with a hand penetrometer
- Stake the boring locations using normal taping procedures
- Backfill bore holes and plug at the surface

4.2. Laboratory Services

4.2.1. Considering the planned facilities, anticipated soil conditions, and geology, the following laboratory test will be required for classification purpose and to determine strength characteristics:

- Visual Classification
- Moisture content and soil identification
- Liquid and plastic limit determinations
- Minus 200 sieve analysis
- Dry Unit Weight
- Unconfined compression
- Calibrated hand penetrometer tests
- Swell test

- Lime/pH series tests
- Soluble sulfate tests (to determine lime-induced heaving potential)

4.3. Engineering Services

4.3.1. Prepare an engineering report presenting the following:

- Sample boring location map
- Boring logs and laboratory results
- General soil and ground-water conditions
- The moisture profile of the subgrade soils will be plotted with depth to better understand the existing conditions and moisture relationship in the soils
- Subgrade design recommendations for lime treated, cement treated, and alternate methods of subgrade stabilization
- Pavement design recommendation for reinforced concrete, asphalt or combination of concrete and asphalt system (including pavement strength, reinforcement size, and joint spacing based on applicable concrete codes and standards). Pavement thickness recommendation will be based on traffic counts provided by City, with appropriate growth factors applied.
- Comments on the presence and effect of expansive soils on pavement construction will be provided. Alternative methods of reducing any anticipated shrink/swell movements associated with expansive clays will be included for pavement construction, if required.
- Recommendations for short to moderate retaining walls
- Earthwork recommendations

4.3.2. The geotechnical engineer's design recommendations shall be relied upon by the civil and structural engineers for their design.

4.3.3. Submit one (1) paper copy and one PDF file copy of the report to the City

DELIVERABLES

1. Project deliverables shall be as stated in the previous sections. All plans, field notes, plats, maps, legal descriptions, or other specified documents prepared in conjunction with the requested services shall be provided in a digital format compatible with the electronic data collection and computer aided design and drafting software currently in use by the City. All text data such as plan and profile, legal descriptions, coordinate files, cut sheets, etc., shall be provided in the American Standard Code for Information Interchange (ASCII) format, and all drawing files shall be provided in AutoCAD (DWG or DXF) format, or as otherwise approved in writing by the City, and all data collected and generated during the course of the Project shall become the property of the City.

CITY RESPONSIBILITIES

1. The City will provide the following information in a timely manner so as not to delay the services of CobbFendley:

1.1. The City will provide any available design plans, drainage studies, surveys, property information, utility locations, CAD files or any other pertinent information.

1.2. The City shall attend review meetings and make final decisions on design issues such that questionable matters may be resolved and the Project progress as scheduled.

1.3. The City shall provide CobbFendley access to the site and allow interviews with personnel that have a working knowledge of the facilities within the Project area. The City shall make available personnel to assist in the locating of water and wastewater lines, which cannot be identified by other means.

1.4. The City will be responsible for providing construction inspection on the Project. CobbFendley will only provide general Project representation based on the number of site visits provided in this proposal.

ADDITIONAL SERVICES

1. Services not specifically identified in the Scope of Services above shall be considered additional and shall be performed on an individual basis upon authorization by the City of Rockwall. Such services shall include, but are not limited to the following:
   1.1. Construction staking.
   1.2. Environmental support services

SCHEDULE

CobbFendley is authorized to immediately begin work on this project upon Notice to Proceed. An example schedule is outline in Attachment C.

-End of Scope of Service-

ATTACHMENT B to Agreement between the City of Rockwall and ENGINEER for Professional Services.

COMPENSATION AND METHOD OF PAYMENT

For all professional engineering services included in ATTACHMENT "A", Scope of Services, the City of Rockwall agrees to pay the ENGINEER on a lump sum basis for design services for an amount not to exceed $122,590 and on a reimbursable basis for Special Services for an amount not to exceed $65,105 for a total contract amount not to exceed $187,695. We recommend that the City of Rockwall budget the following:

BASIC SERVICES	
Design & Bid Phase Services	$ 112,620
Construction Phase	$ 9,970
Basic Services Sub-Total	$ 122,590
SPECIAL SERVICES	
Topographic Design Survey	$ 10,800
ROW & Easement Metes and Bounds (4 at $3,220/Ea)	$ 12,880
Subsurface Utility Engineering Level B	$ 5,800
Subsurface Utility Engineering Level A	
Test Holes 0' to 5' (5 at $2210/Ea, includes survey & traffic control)	$ 11,050
Test Holes 5' to 10' (5 at $2665/Ea, includes survey & traffic control)	$ 13,325
Geotechnical	$ 11,250
Special Services Sub-Total	$ 65,105
PROJECT TOTAL	**$ 187,695**

Monthly statements for reimbursable services performed by sub-consultants will be based upon the actual cost to the ENGINEER.

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 09/08/2015

APPLICANT: Archie Underwood and Dan Walker

AGENDA ITEM: **P2015-035** (Lot 1 & 2, Block A, Lakeside Veterinary Clinic Add.)

SUMMARY:

Discuss and consider a request by Archie Underwood and Dan Walker for the approval of a replat for Lots 1 & 2, Block A, Lakeside Veterinary Clinic Addition being a replat of two (2) parcels being 2.43-acres of land identified as Lot 1, Block A, Bernice Addition and Lakeside Batting Park Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 801 & 801B E. IH-30, and take any action necessary.

COMMENTS:

- The objective of the request is to replat two existing subdivisions by creating one 2.43-acre subdivision and two lots for the purpose of establishing a 30-ft cross access easement that will allow traffic to flow from IH-30 and Tubbs Road and vice-versa. The replat will relocate the original lot line between the properties establishing a 1.15-acre lot (Lot 1) and a 1.28-acre (Lot 2).

- Conditional approval of this plat by the City Council shall constitute approval subject to the conditions listed in the Recommendations section below.

- With the exception of the items listed in the *Recommendation* section of this case memo, this plat is in substantial compliance with the requirements of the Subdivision Ordinance in the Municipal Code of Ordinances.

RECOMMENDATIONS:

If the Planning & Zoning Commission and City Council choose to approve the request for final plat, staff would recommend the following conditions of approval:

A) All the technical comments from the Planning, Engineering and Fire Departments shall be addressed prior to the filing of this plat, including the following comments;

1. Adherence to Engineering and Fire Department standards.
2. Address all staff comments as listed in the Project Plan Review (see attached).

B) Any construction resulting from the approval of this final plat shall conform to the requirements set forth by the Unified Development Code, the 2009 International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Planning and Zoning Commission:

On August 25, 2015, the Planning and Zoning Commission recommended approval of the request by with staff conditions by a vote of 6 to 0 [One Vacancy].

Discuss and consider a request by Archie Underwood and Dan Walker for the approval of a replat for Lots 1 & 2, Block A, Lakeside Veterinary Clinic Addition being a replat of two (2) parcels being 2.43-acres of land identified as Lot 1, Block A, Bernice Addition and Lakeside Batting Park Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 801 & 801B E. IH-30, and take any action necessary.

The following staff comments are to be addressed and resubmitted no later than Wednesday, September 2, 2015 (four large copies [18" X 24" FOLDED] and one PDF version) for a subsequent review by staff.

1. Adherence to all Engineering and Fire Department standards shall be required.
2. Provide a label indicating "Case No. P2015-035" on the lower right corner on all pages of the plat.
3. Change the Lot numbers to reflect the correct numbers for the new subdivision as Lot 1, Block A & Lot 2, Block A
4. Provide a label for the Point of Beginning (POB) on plat.
5. Exterior signage easement not to be within any easements - remove from plat.
6. Cabinet and Slide information adjacent to label "Original Lot Line" needs to be reprinted & legible.
7. Change title block to read as follows: Final Plat,....,Lot 1 and Lot 2, Block A,..., Being a replat of,...,2.43 Acres or 105,747 S.F. (2 Lots) - Verify the acerage total, application states 2.44.
8. Correct Owners Certificate on page 2 to indicate Lakeside Veterinary Clinic, Lot 1 and Lot 2, Block A,....
9. Correct Approved Signature Block on page 2 to indicate Lakeside Veterinary Clinic, Lot 1 and Lot 2, Block A,....
10. Correct Notary Certificate at top right corner of page 2 to indicate "Charles Walker." (both certs indicate Archie Underwood)

** As a note, this case will be placed on the Consent Agenda for approval by the Planning Commission and City Council; however, staff comments are to be addressed and all revisions resubmitted and approved by staff prior to plat submittalon mylar for filing purposes. **
